William Paterson College
Wayne, New Jersey

DEDICATION

We, the Graduating Class of 1965, dedicate THE PIONEER to our president — Dr. Marion E. Shea.

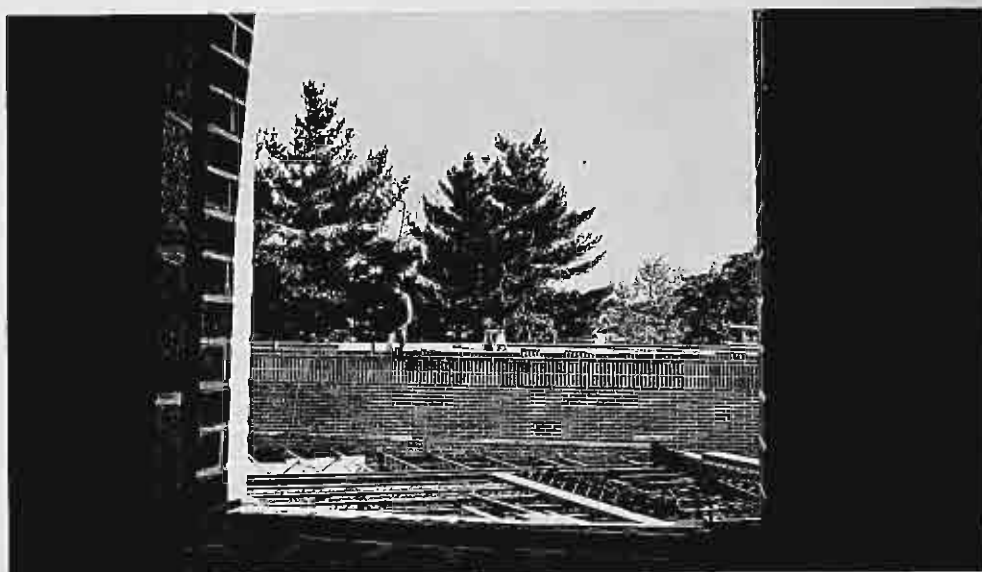

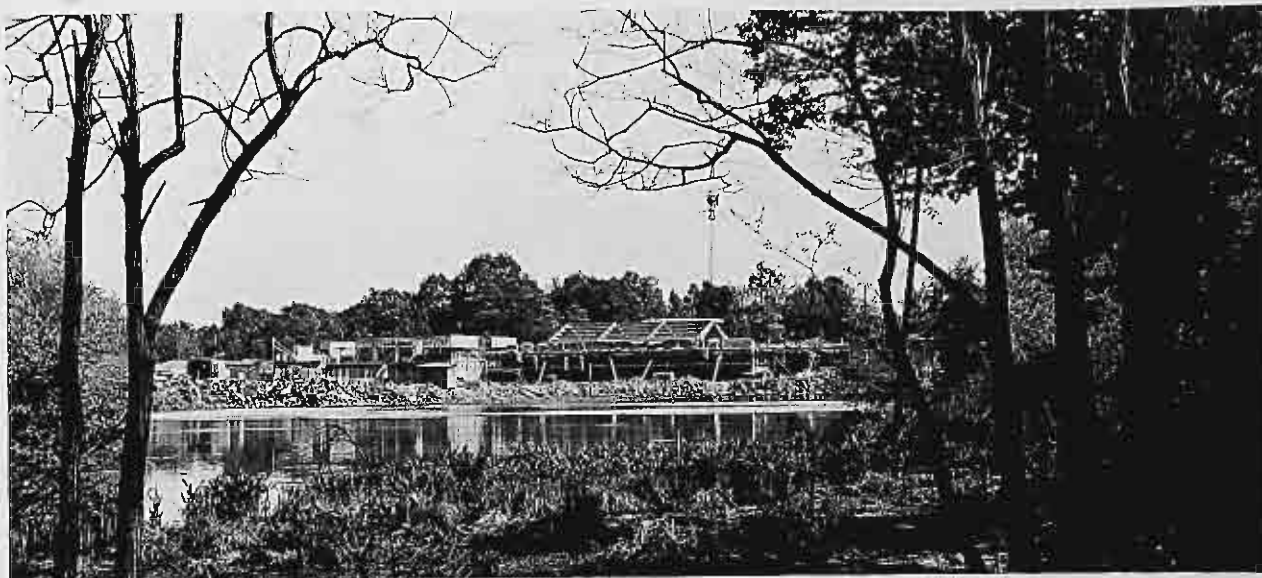

Paterson State College has grown! It has grown physically — ten new buildings in ten years. It has grown academically — the introduction of the Junior High and Secondary curriculums. This growth would not have been possible without the foresight and ceaseless efforts of a dedicated president, who realizes that physical and academic growth is empty

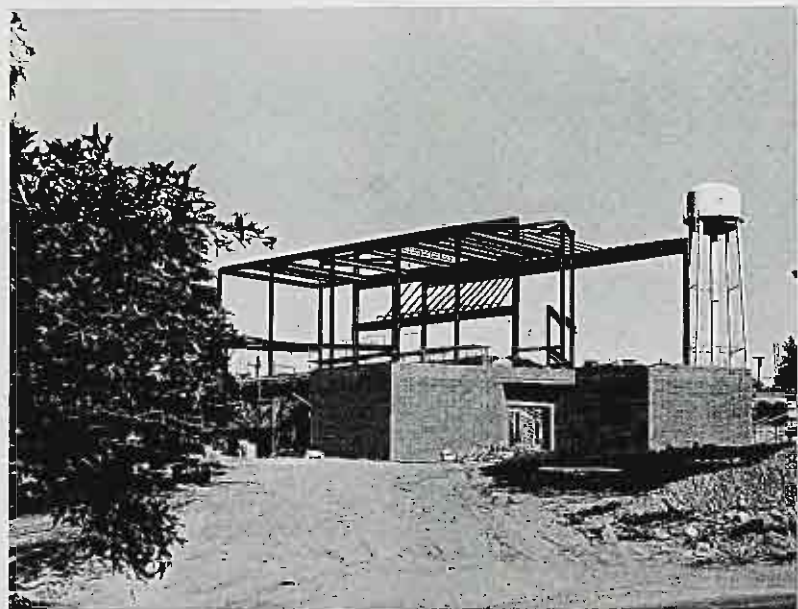

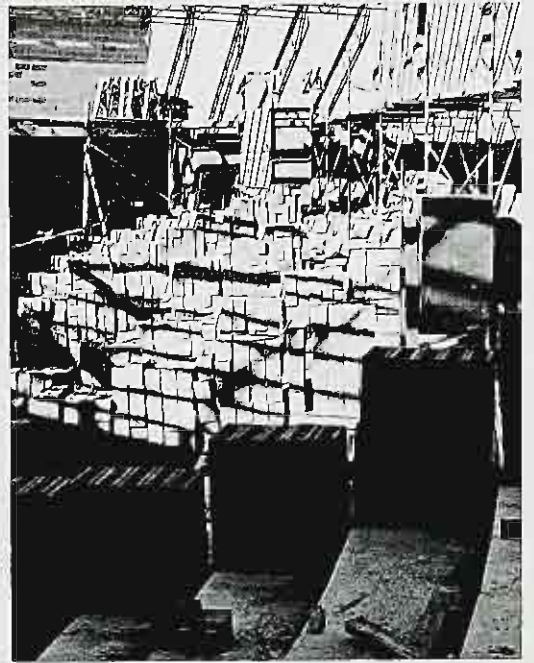

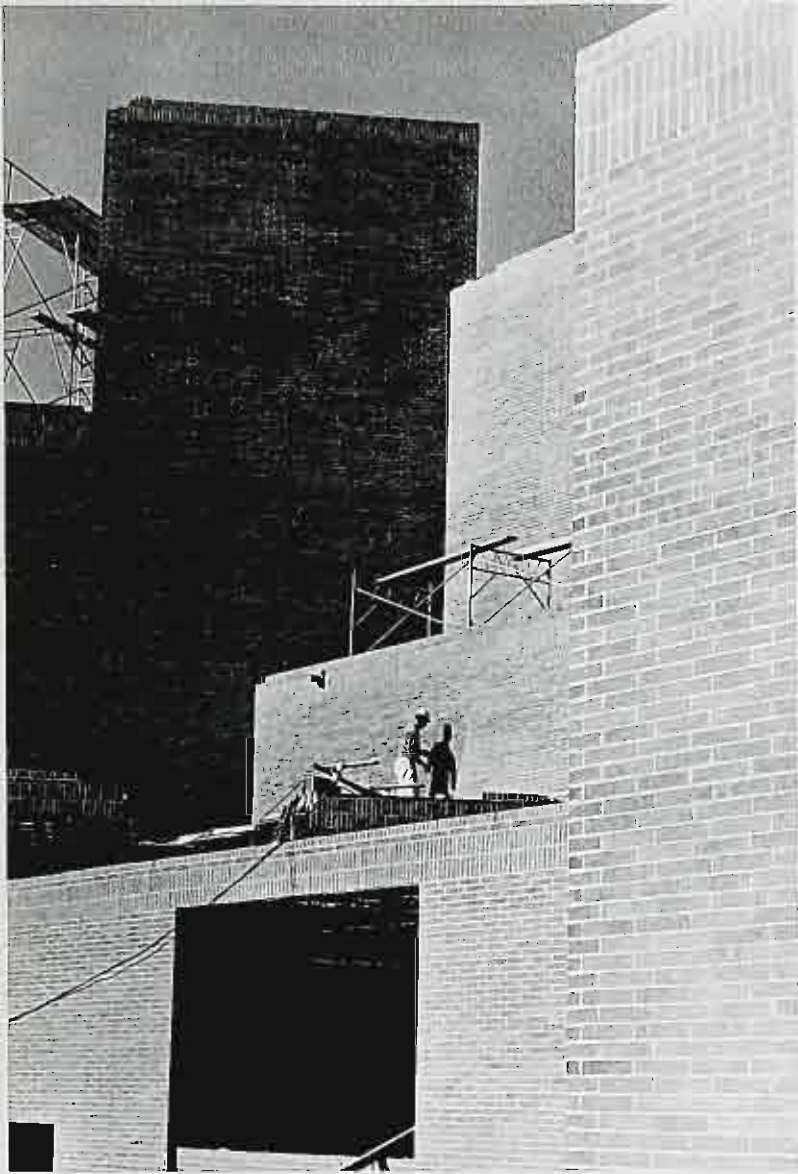

if not accompanied by the individual growth of the students.

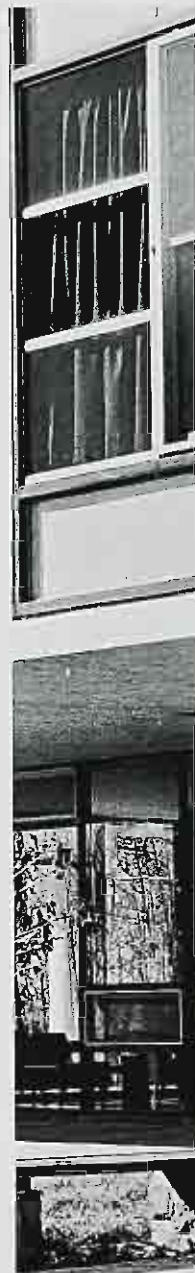

We, your Senior Class, recognize that much lies beneath the surface, "routine" aspects of your position. We know that therein lies that intangible quality which has given impetus to our growth.

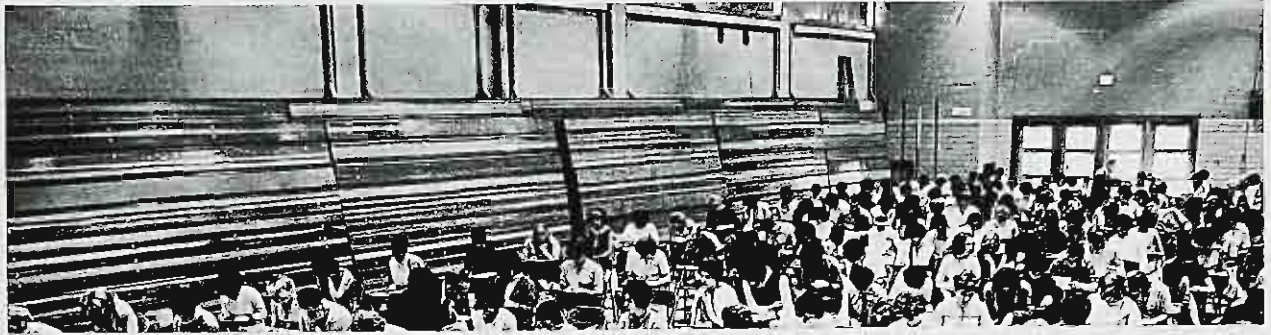

We understand and we recognize
thank you.

The Class of 1965

PROLOGUE

To Man All Men.

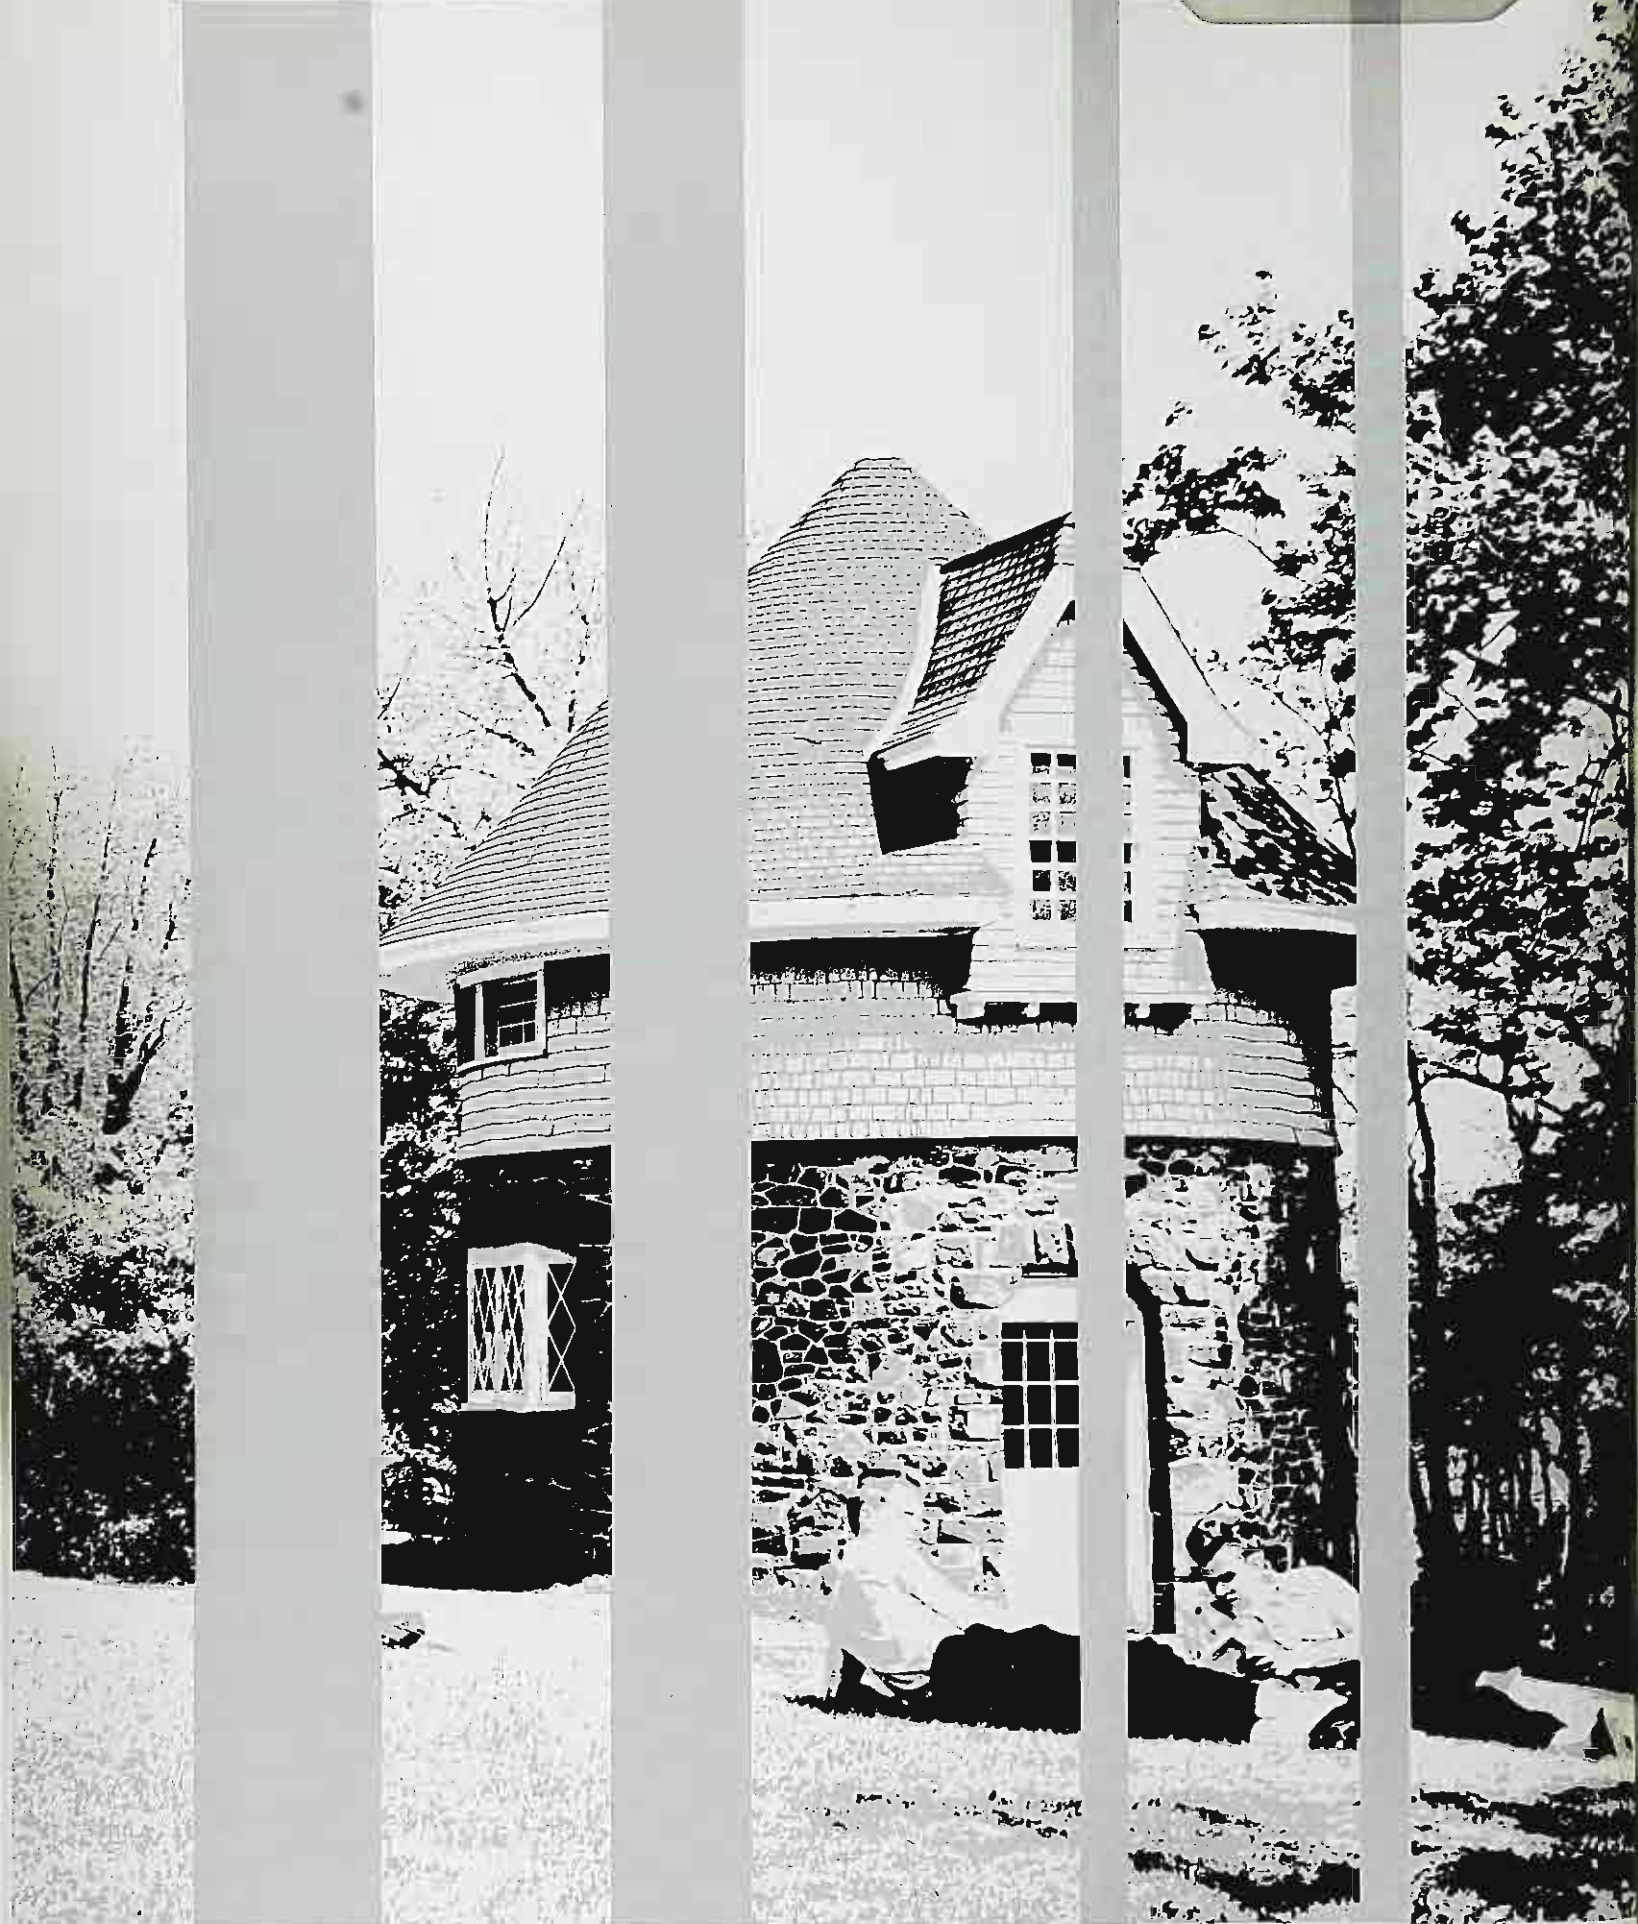

To Peace Man's inner restfulness Men's social harmony.

We desire universal peace, aware that all hope of attainment
begins in the soul of each Man.

Only then, can there be peace among Men.

Our goal too high? To seek a lesser one would make our step
ahead that much shorter.

ADMINISTRATION
ADMINISTRATION
ADMINISTRATION

*"What all men are really after is some form, or perhaps,
some formula of peace."*

Joseph Conrad

DR. MARION E. SHEA, PRESIDENT

TO THE CLASS OF 1965 — CONGRATULATIONS

Congratulations from each of us to each of you! As you now prepare to leave this college, it would be interesting if you would compare your memories of college with your expectations of college when you entered. For what is college and what has it meant to you? You have brought to this place a bit of your ancestry, your abilities, your weaknesses, your ambitions, your values, your vision, and a little bit of your home and family. You have brought all of yourself, your attributes and your qualities, and you have exposed them to a college.

And what is a college? A group of buildings? Yes, in part. A faculty? Yes, in part. A curriculum? Yes, in part. Years of close friendships and fond memories? Oh, yes! A student body? Yes, in part. A label, which if properly acquired and discreetly worn will bring you affluence and success? Well, in some cases and for some people, yes! But, most of all, college is a tremendous opportunity; and for you, Potomac State College in Wayne, New Jersey, has been an opportunity to learn, to grow in wisdom and understanding, to acquire knowledge of the universe and an awareness of our heritage, to develop competency in your chosen profession, and to move toward maturity. **Toward** maturity: for what the college can do, even at its best, is only the beginning of what should be a process that lasts through life itself. Our colleges and universities cannot, in four years, produce the "truly educated man." This is a life-time accomplishment.

I am almost willing to say that the most critical test of the influence of a college is whether its graduates continue to grow as persons in the years of adult responsibility: whether they have developed a passion for learning which will persist; whether in a college with our objectives, their commitment to their profession is deep and abiding and selfless.

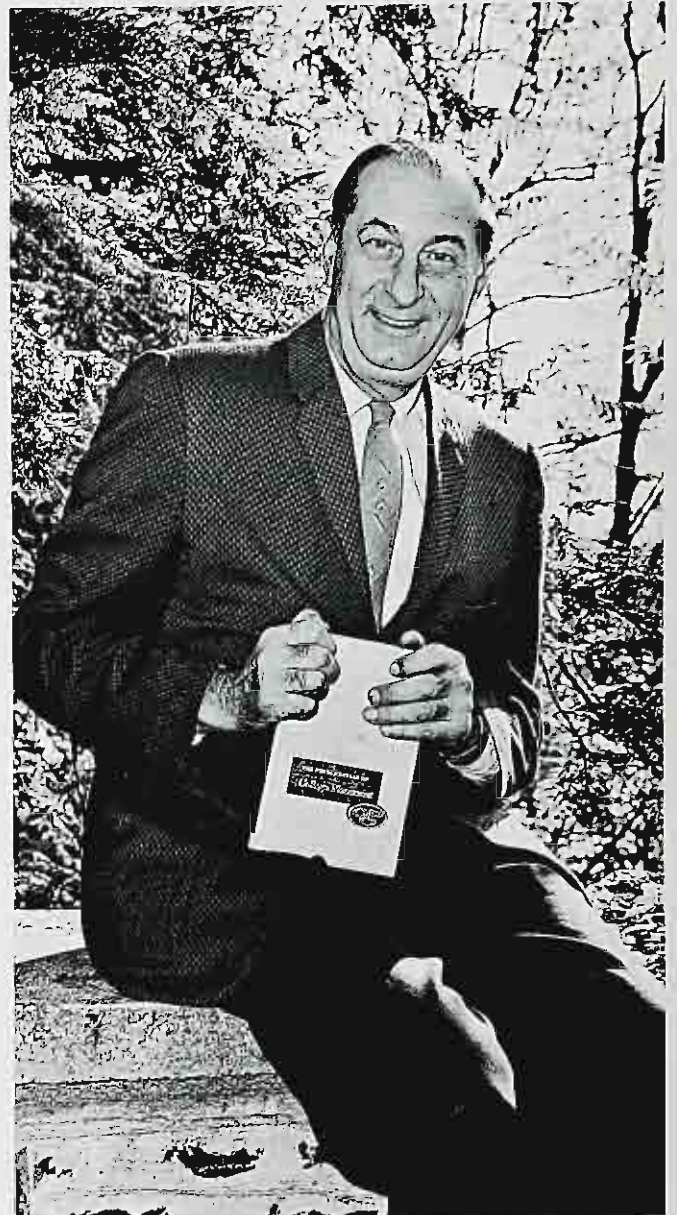

I congratulate each of you on becoming a teacher. May you use your professional competencies and your intellectual development to enrich the lives of those you teach — to help each child discover his personal dignity, develop and use the tools of learning, acquire an honest and factual understanding of our nation and our world today.

And may you come to use whatever inner strength and wisdom you may have acquired to increase your concern for those you serve and all those others who need you.

P R E S I D E N T

"Coming together is a beginning,
Keeping together is progress,
Working together is success."

Henry Ford

The Paterson State Beacon is the weekly newspaper published by the college students. It has several times been awarded a first place in the teachers' college division of the Columbia Scholastic Press Contest. Its aim is to present and interpret news of college activities and to serve as a medium for the expression of student opinion.

THE EXPERIMENT IN INTERNATIONAL LIVING

The Experiment In International Living selects College Ambassadors who have a sincere desire to contribute personally to international understanding by sharing family life abroad for eight weeks. These students exemplify what an American community and campus produces. They have shown leadership, initiative, intellectual curiosity, and adaptability. Abroad, the students learn that the basis of a nation is its family and its culture. Following their family

stay, the students travel with their groups, bringing with them for approximately one week, a member of the family they had lived with. Returning to the campus, these students share their summer experiences with the student body, administration and faculty as well as the community. During the summertime and the school year, Experimenters from other countries are welcomed to the Potomac State campus.

"... And how shall you rise beyond your days and nights unless you break the chains which you at the dawn of your understanding have fastened around your noon hour." Kahil Gibran

These young people can loosen those chains. They can turn the hands of the world's clock — and it will strike NOON. They can succeed where powerful organizations and governments often fail . . . Peace may be transmitted through the clasped hands of youth!

This graduating class is very grateful to Dr. John Rosengren for all his assistance in our behalf. He has given of his time, energy, and talents freely and unselfishly.

We have witnessed a dedication beyond professionalism; a sincere concern for the social, as well as, the academic interests of this class. His unfailing confidence in the necessity and worth of student activities has endowed us with a spirit of determination.

Essentially a guide . . .
 Aware of our aspirations . . .
 Our goals; his efforts . . .
 inevitable success

DR. J. ROSENGREN
 Senior Class Advisor

OUTSTANDING SENIOR AWARD

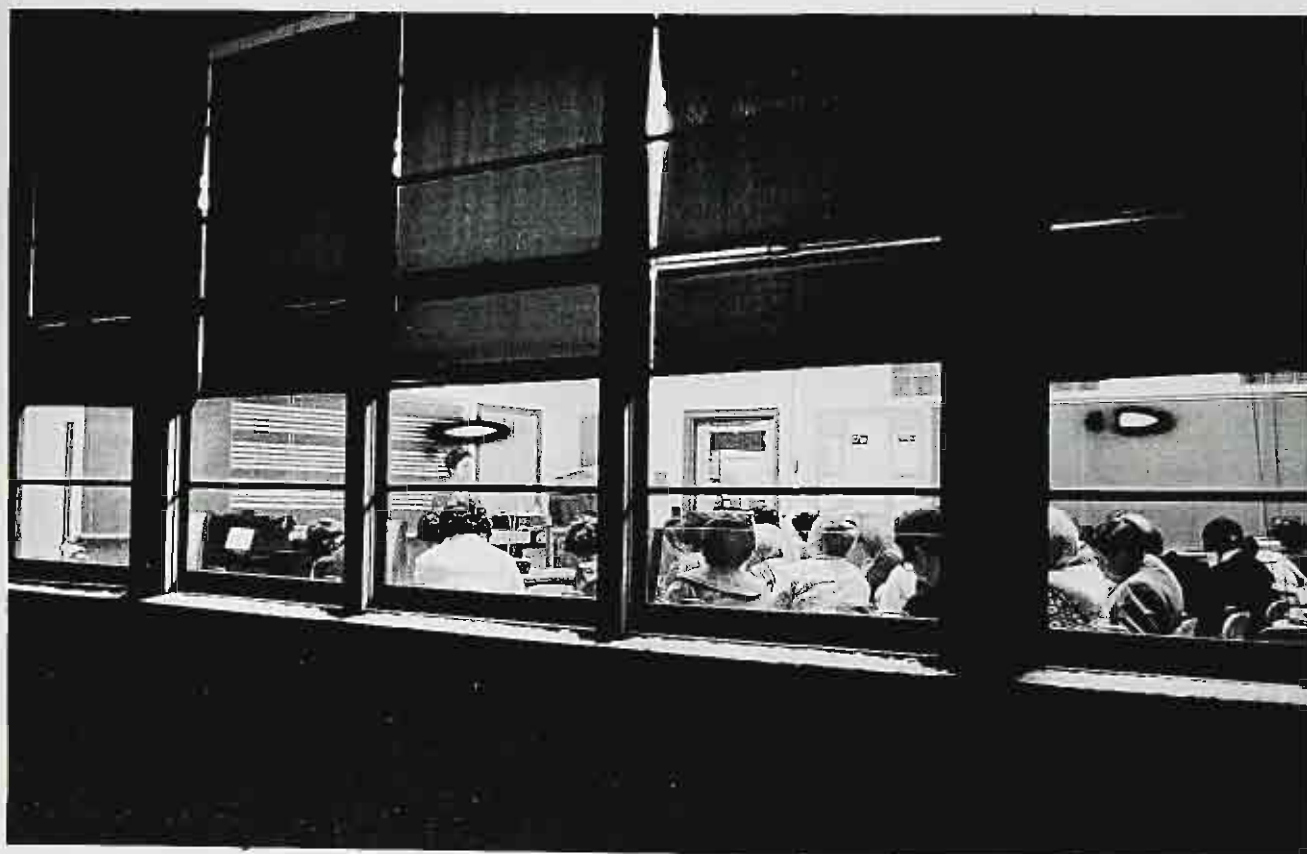

PETER BELMONT, JR.

For good scholarship, and for outstanding service to the college and to his class. As an enthusiastic and dedicated participant in the Experiment in International Living, as editor of the college year book, and as president of the art club in his junior year, Peter has spent his energies effectively and generously for the good of the college.

ARLEEN MELNICK

For outstanding service to the college as Co-captain of the women's fencing team, and as national intercollegiate champion fencer. As representative of a sport which has for many years brought distinction to Paterson State, symbolizes all that this fine activity has meant to the college both on and off campus.

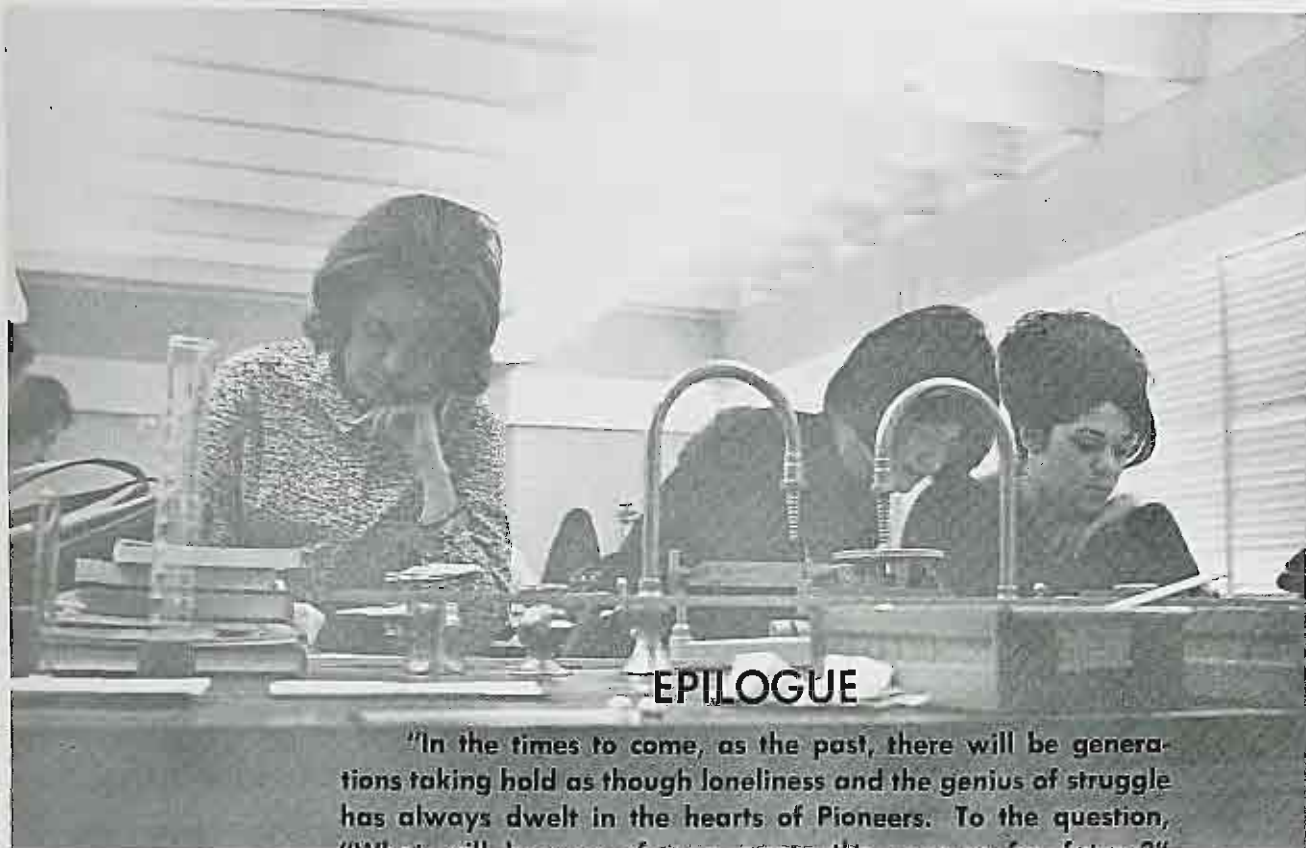

EPILOGUE

"In the times to come, as the past, there will be generations taking hold as though loneliness and the genius of struggle has always dwelt in the hearts of Pioneers. To the question, "What will become of man across the near or far future?" Some would reply, "For the answers read if you can the strange and baffling eyes of youth."

There is only one man in the world
and his name is All Men.

There is only one woman in the world
and her name is All Women.

There is only one child in the world
and the child's name is All Children."
