# An Interview With

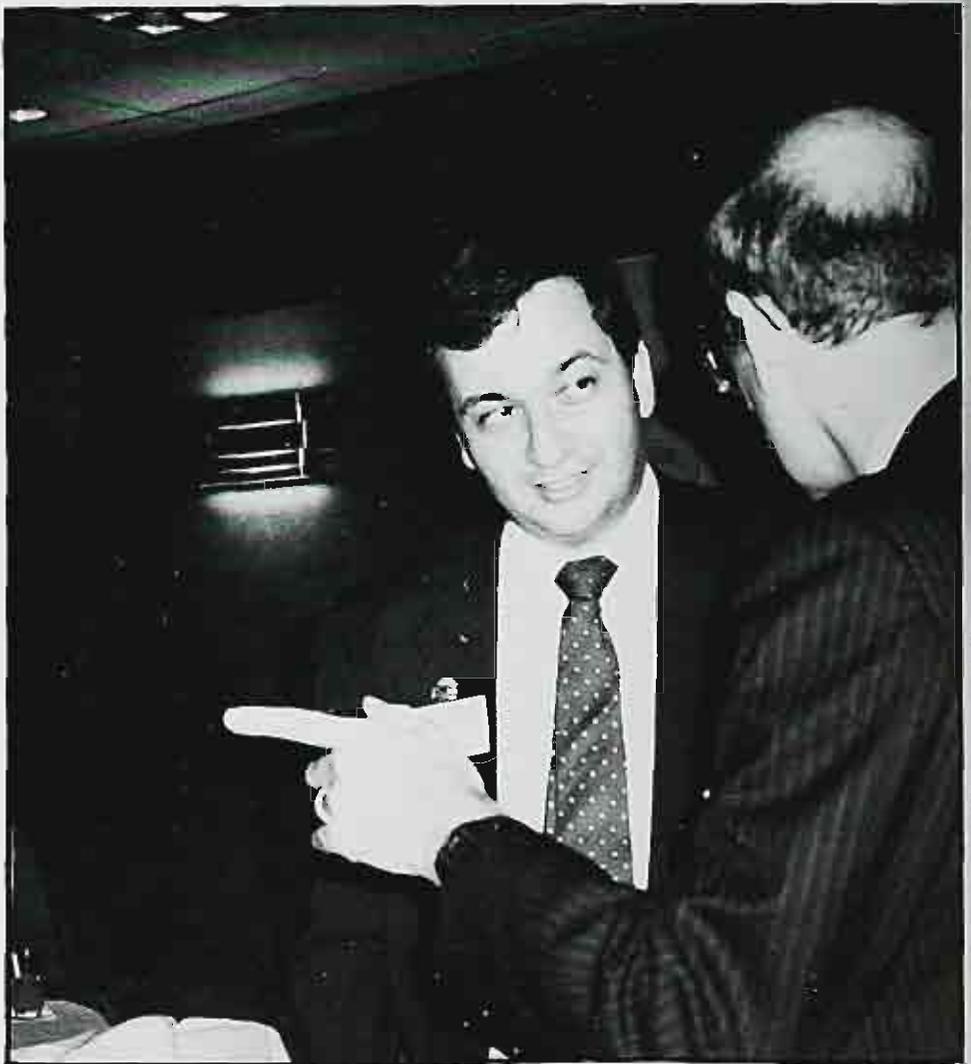

**Q: IN WHAT WAYS ARE THE STUDENTS DIFFERENT FROM WHEN YOU WERE IN COLLEGE?**

**A:** I think that the students today are much more job conscious than when I was in college. I don't mean to say that the students weren't interested in work at the college, but there was a sense of confidence that there would be a job sometime after college and today the students come to college looking at a job. I think it's the college's responsibility to broaden their perspectives and horizons, to look beyond the world of work. We know today what we've estimated that graduates today change jobs five times and maybe careers three times. It is important for us to prepare the individuals to be able to make those kind of decisions.

**Q: IN WHAT WAYS ARE THEY SIMILAR?**

**A:** It's an interesting time of life to be largely in the 17-21 period, and that is what students are looking for great independence and at the same time they're worried about breaking lines of dependency they are used to and comforted by, in fact they begin to set up other dependencies. It's growing up it's maturing and it's learning to be on one's own. I should also say something about the untraditional student, the student who has been out of school for a while and comes back, the older student. Which is not very different. Those students existed years back and exist today. I think the students are becoming much more aware of that consistency in their attempts as we are to provide a meaningful experience for students who enroll here.

**Q: WERE THERE ANY GOALS YOU SET THAT YOU WERE UNABLE TO FULFILL AT THIS TIME?**

**A:** No, I think I remained on track in the things that I initially set out to accomplish. The only thing that I find that I had to come to terms with is the fact that things don't happen as quickly as I'd like to see them and that I haven't accomplished as much in the amount of time that's past. But by and large things that are important like a sense of community, sense of involvement there has been a big improvement.

# President Of

# ARNOLD SPEERT

**Q: WHAT DO YOU SEE AS YOUR BIGGEST ACCOMPLISHMENT AS PRESIDENT OF THE COLLEGE?**

**A:** I can't think of any single accomplishment that stands out. I'm happiest at seeing the extent to which student services has strengthened on campus. I think that there is a greater attention being given to support services and to the general area of student life, residents life and also activities on campus. I think that that's very important and I think that it has been neglected in the past.

**Q: WHAT ARE YOUR MAJOR GOALS FOR THE FUTURE?**

**A:** I'd like to position William Paterson College to be a much more intricate component and in fact as a center of economic development in the region as well as cultural and intellectual center. I think we've come a great distance over the 18 years that I've been here, as a cultural and intellectual area. I'd like to see us grow further as an integral group.

**Q: WHAT WAS THE GREATEST CHALLENGE YOU HAD TO FACE IN YOUR JOB?**

**A:** Learning to deal with as many constituencies as I needed to deal with.

**Q: IF YOU COULD WAVE A MAGIC WAND TO CHANGE SOMETHING WHAT WOULD IT BE?**

**A:** More time. Ten day weeks and thirty six hours days.

**Q: IF YOU HAD CHOSEN AN OCCUPATION OTHER THAN THE ONE YOU HAVE, WHAT WOULD IT BE?**

**A:** I have no idea.

**Q: WHAT ADVICE WOULD YOU GIVE TO A STUDENT WHO IS GRADUATING?**

**A:** Become involved in their communities, to bring what they have learned from college to whatever occupation and avocation they choose to involve themselves in, because they'll continue their learning growth at the same time they help others. The other things is that they become continually involved with William Paterson College because we need the input from Alumni and I also think that we could be of service to Alumni. WPC community doesn't stop at the gates. It goes beyond to eternity of time and distance.

## The College

---

A Few Minutes With  
**DOMINIC BACCOLO**  
Dean Of Student Services

---

**A: HOW DO YOU FEEL ABOUT YOUR CHANGE IN POSITION?**

A: Right now I'm very happy doing what I'm doing. In fact I'm probably happier right now than I've been in a very long time at the college. And the reason that I'm happy is because the position allows me the opportunity to work more closely with the students and that's why I'm here. I'd give my whole life's worth toward students. I really enjoy working with them. I'm resolving difficulties that they might have. I'm solving their problems and seeing them mature. So I really like that aspect of the job.

**Q: HOW WOULD YOU DESCRIBE THE CLASS OF '88?**

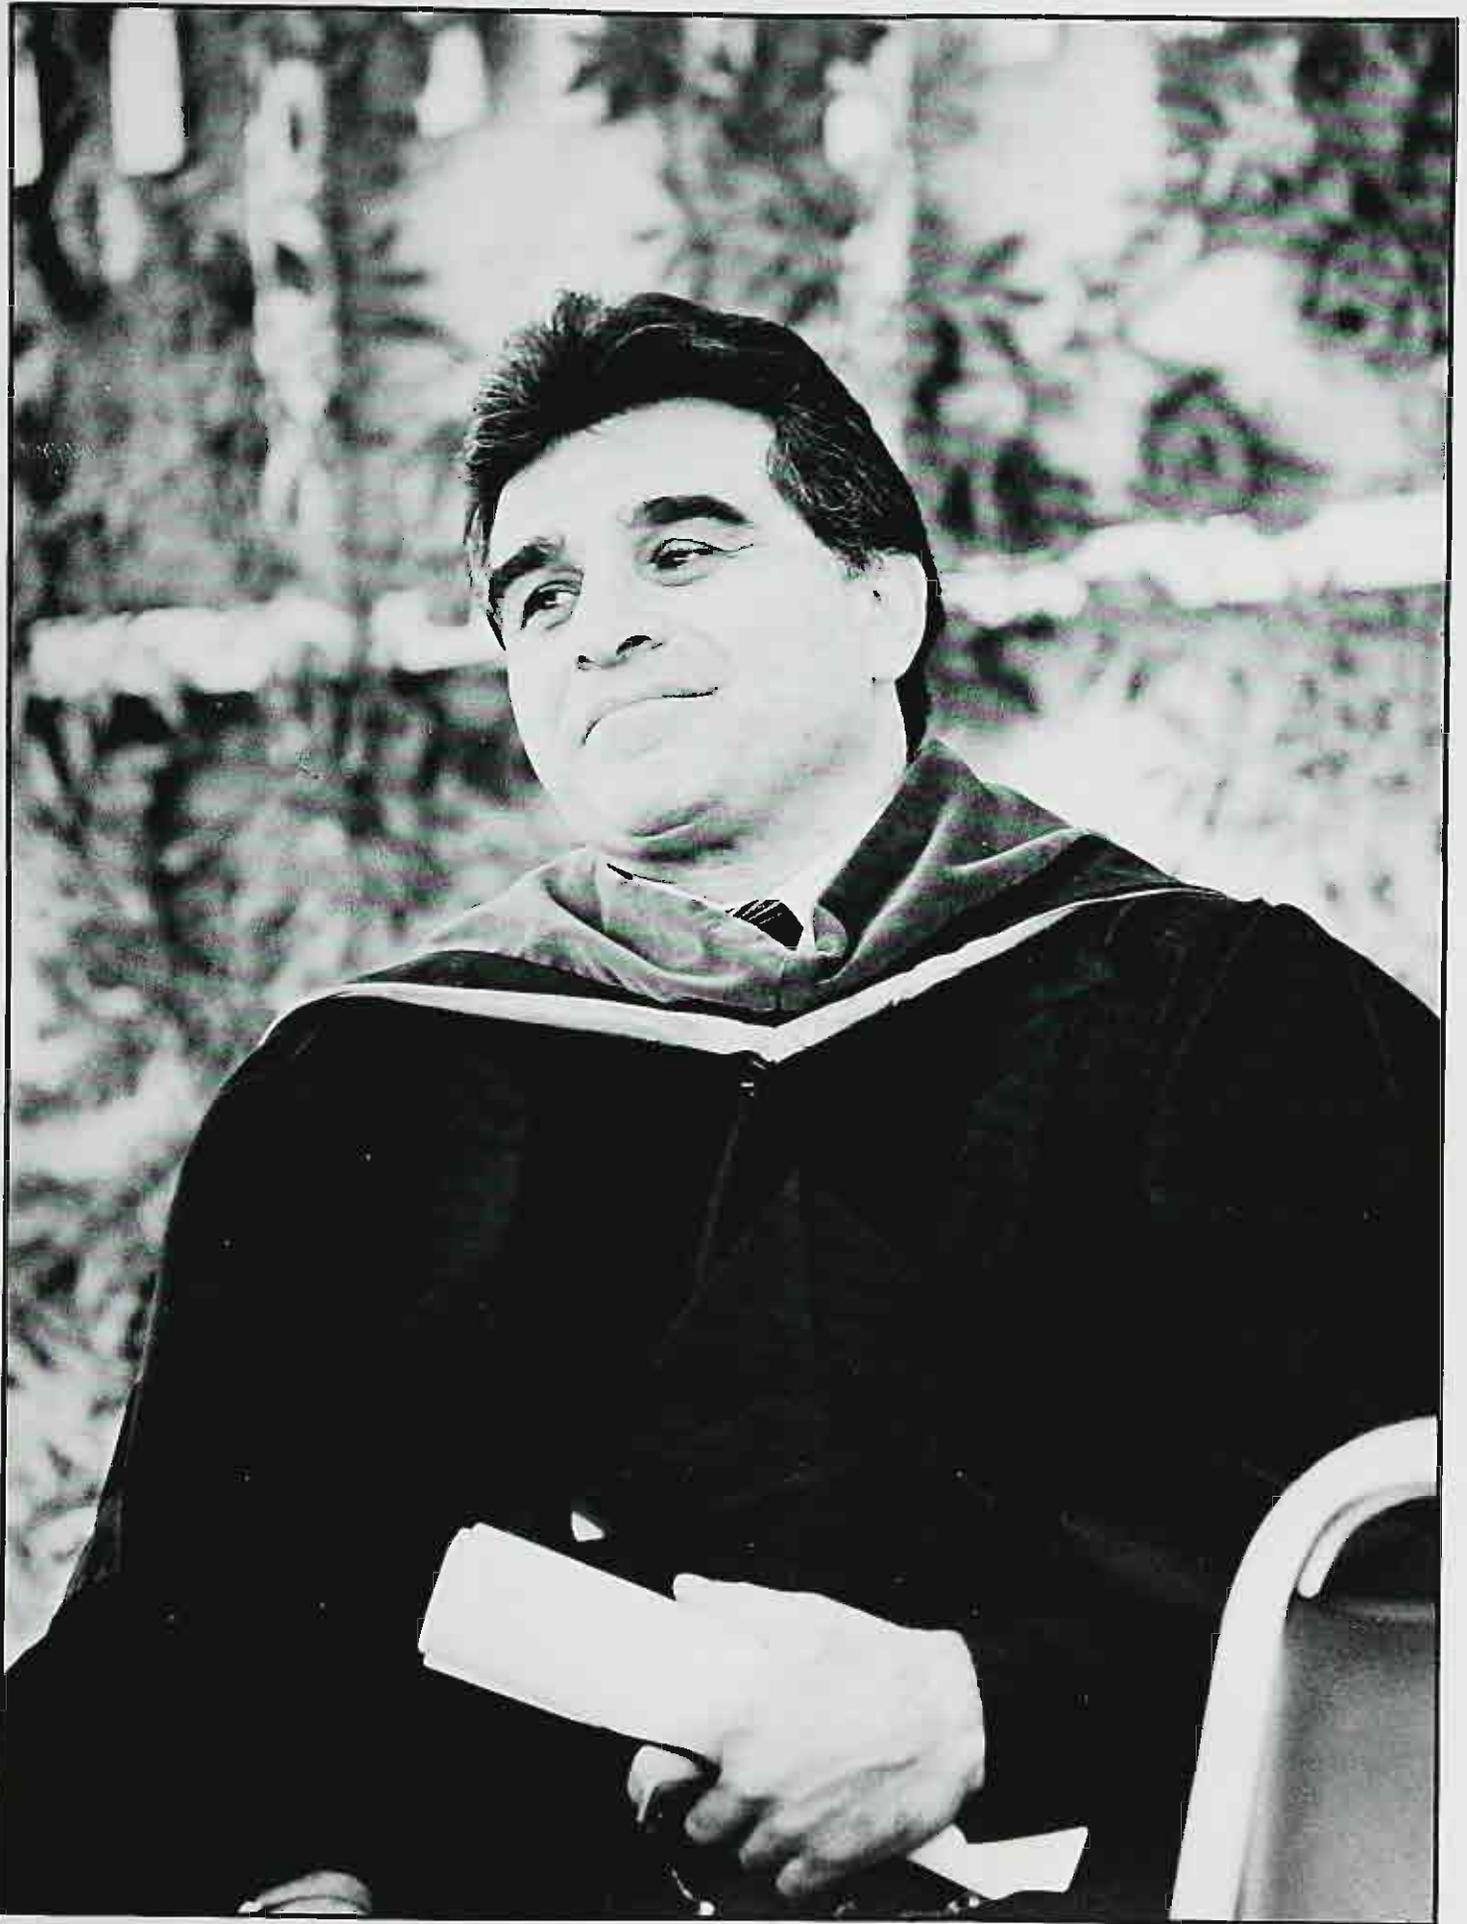

A: It's a good class. I know the leadership within the class Kim, Paulo, Joanne, Don, and Anita. I'm working very closely with them I'm serving as an advisor this year. It's a good class because I've seen

them grow over the years. I think it's one of the more enthusiastic classes. I think they're pretty active.

**Q: HOW DO YOU FEEL ABOUT THE LACK OF PARTICIPATION IN THE ACTIVITIES?**

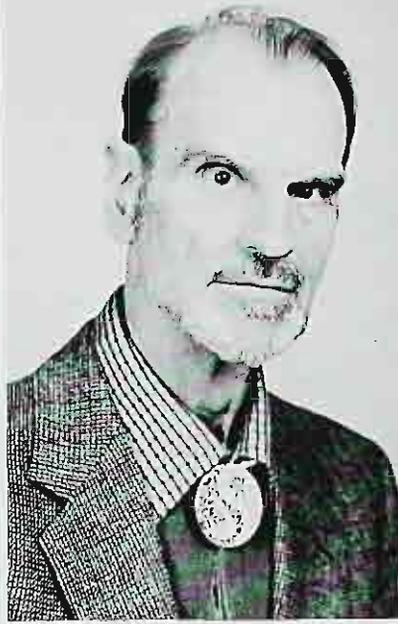

A: Certain campuses have their own individual characteristics or profiles. This campus is primarily a commuter campus when you have a commuter campus you'll find that many of the students come on campus, take their courses and leave. I would venture a guess that 85%-90% of our students work so they have work commitment. I think that I have seen more activity this year than I've seen in a long time. I think the key to more student involvement and more student activity, and this might be my personal opinion, is IFSC. I really see them possibly as the group that can generate a lot

of enthusiasm, excitement and participation on campus because the organization covers so many fraternities sororities, and little sister organizations. So I think that if you have a stronger IFSC as well as a strong SAPB and you get the word out. The key is to communicate and try to have activities that appeal to a wide cross section of people. I think that people will come to participate in clubs, organizations and activities. Look at Homecoming. Homecoming was a huge success, with the floats. I've never seen so many people at the football game. The campus was really alive that night and I like to see that. That was a combination of SAPB, SGA, and IFSC working together with the administration to foster that kind of participation. So I'm encouraged. I think I'm seeing more of participation this year than I've seen in a long time.

Under the guidance of first-year Head Coach Kyle Copeland, the 1987-88 WPC Women's Tennis team is ready to take the journey back to being one of the best tennis squads in the NJAC. The Lady Pioneers opened the spring season in fine form by defeating N.Y.U. At the MALTA Tournament in Virginia, first single player Stacy Tankel was the recipient of the Mary Jane Donnally Award given for tennis dedication and outstanding sportsmanship both on and off the court. A young squad, the inspired play of Stacy Tankel, Dena DeMedici, Janice Kluxen, Gidonny Velox, Leidy Santana, and Kristen Veleber have made the Lady Pioneer Tennis Team extremely competitive throughout the spring.

## Cheerleaders

The Pioneer Cheerleading squad plays an integral part in the success and standing of the William Paterson College sports program. Instructed by Coach George Cherry, the Pioneer Cheerleaders have developed into an inspiring and dynamic group providing team spirit and motivation to WPC playmakers and enthusiasts alike.

Throughout the 1987-88 athletic season, the Pioneer cheerleaders have supported the school's football and basketball teams both on the road and at home.

Season Record: 10-15  
 Conference Record: 6-8

In a year considered by many as a rebuilding one for Lady Pioneer Basketball, Head Coach Patty Delehanty, turned a squad of five freshmen, four sophomores and one senior into a competitive team characterized by excellent fundamentals and team play. This young squad just missed a berth in the conference playoffs, but certainly made a mark on NJAC basketball this year.

The inspired play of freshman center Jill Struble and freshman guard Michelle Jones provided the team with two key cornerstones needed for victory in the years to come. Struble averaged 13.6 points per game, while pulling down a team high 8.4 rebounds per contest. Jones scored an outstanding 459 points in her first year of collegiate competition, including a career high 42 points against the Roadrunners of Ramapo. In recognition of her season performance, Jones was named ECAC "Rookie of the Year", and Second Team All-Conference.

Coach Delehanty and her squad of Lady Pioneers are riding high on playoff hopes for the future.

The 1988 Pioneer baseball squad is a speedier and quicker version of the WPC team that won the NJAC Championship last spring. Team confidence, always a Pioneer plus, soared as the squad collected an impressive 7-win, 2-loss record on their annual preseason trip to Florida. With the likes of 1987's All-American Shortstop Glen Merendino, Co-Captains Claude Petruccelli and Mike Gagg, third baseman Frank Barker and righthander Carl Stopper returning to the Pioneer fold, expectations for great happenings have never been higher.

The Lady Pioneer Softball Team's hopes for an excellent 1988 season have skied since the return of Cyndi Gramlich-Covello to the head coaching position. The team had an excellent first-ever Florida trip, returning north with a 6-win and 2-loss record. Since coming back to WPC, the Lady Pioneers led by freshman pitcher Patti Zito have been accumulating the victories. The amazing Zito has been the pitcher of record in all of WPC's contests so far this season. The Pioneer Cross Country Team members are amongst the most dedicated athletes at W.P.C. Their strict training regimens, which are often done in solitude, require superior athletic skills as well as strong determination to succeed. This year's men's squad was led by John Coelho, Kennedy Simmons and Brian Bill. For the women's team, Renee Brahin paved the way for the Pioneers while competing in every meet of the Fall season.

### **Season Record: 1-1 (to date)**

The Pioneer Golf Team has turned from a young but talented team in 1987, into just a very talented team in 1988. Behind the fine strokes of Frank Idone and Kevin Maciorowski the leadership of Head Coach John F. Crea and the improved play of the rest of the squad, the Pioneer Golf Team has become recognized as an extremely competitive threat this spring.

### **athletic trainers**

WPC Trainers total dedication to Pioneer Athletics is unparalleled amongst collegiate trainers. Under the guidance of Toby Barboza and Team Physician Dr. Alan Schultz, the WPC Athletic Trainers attend to first-aid situations, assist in therapy and help administer preventive-injury programs at the school.

Their devotion and effort place them amongst the best trained student-trainers in the entire state college system.

**C**ora-Ann Mihalik, President Speert, Members of the Board, Deans, Honored Guests, Faculty and Staff, Family, Friends and last but not least, "The Class of 1988" . . . .

This is the day we have been anxiously anticipating. Today we have come to celebrate, not only the joy of graduation, but to celebrate the joy of "family". Throughout our lives we belong to many families. First there is our family of whom our parents, grandparents, brothers, sisters and aunts and uncles are all members. They are the ones who have carried us through the initial and perhaps the most difficult phase of our lives. They have given us the opportunity to grow and have watched us make the transition from nervous freshman to confident seniors. We extend to them, our loving appreciation, for their generous support and unending love throughout our college years. (THANKS MOM and DAD)

Four years ago, more or less, we were introduced and welcomed into another, very special family; the William Paterson College family. Our administration, faculty and staff have all played integral roles in our intellectual and social development. They have shared with us their talents, knowledge and expertise and have made obvious their dedication and commitment to students. They have given us the knowledge to strive toward our goals and have prepared us for success after graduation. We will leave WPC with an educational experience of which we can be proud to call our own. For this we thank them.

On behalf of the Senior Class I would like to extend our thanks to a special member of our WPC family; our advisor and Dean of Students, Dominic Baccollo. He was always there to listen to our complaints and concerns and shared with us the joy of our success. His support, advice and friendship will always be remembered. (THANKS DOMINIC)

To many of us William Paterson College has been our second home. It feels like only yesterday we began our careers here (and for some of us being a student here has certainly been a career). As we look back on our experiences at WPC we remember each moment of joy and sorrow and realize that they have helped us mature into who we are today. Move in day freshman year, early morning fire alarms, all night study sessions, standing in line for registration, searching for our advisors, searching for a parking space, Springfest, the Senior Dinner Dance, club meetings, athletic events and Thursday nights in the pub, all hold special memories for each of us.

---

---

---

Don't ever forget them or the wonderful friendships that grew as a result of them.

I personally, will never forget the WPC family or the very special friends I have made here. It will be a year next month that I became ill with Guilliam Barre Syndrome. Having gone through this ordeal I have learned first hand, just how important family is; both my own and the ones I have here at William Paterson College. The support I received from my roommates, friends, administration and faculty was overwhelming. I have never experienced such an outpouring of love and concern. Together everyone worked around the obstacles and made possible, my returning to school this past fall. Without the love and strength of these incredible people the battle would have been a much tougher one to fight. I thank them all for helping me conquer the illness and win the battle. They have made obvious the meaning of the word "family".

It has been a great honor for me and the Senior Class Officers to serve the Class of 1988 and at this time I would like to ask the other Class Officers to stand and take a bow. Joann Ference, our Senior Class Vice-President, Daniel Fletcher, Sen-

ior Class Treasurer and Anita Polanco, Senior Class Secretary. I wish you success and happiness in your new careers and Joann with your upcoming marriage. Without your help and encouragement the year would not have been the success it was. We were a great team!

Finally we must recognize our belonging to future families. When we walk down that aisle we, like our guest Cora-Ann Mihalik, will be proud Alumni of William Paterson College. It is through our being active alumni that we continue our belonging to the WPC family. For some, graduation will mean going straight to graduate school. Others will begin new careers and start families of their own and some will be doing a combination of both. Whatever path we choose, we can only hope that our next family will bring us as much love and happiness as our current families. Thank you all for sharing in the celebration of our new beginnings.

CONGRATULATIONS AND BEST OF LUCK TO THE  
BEST CLASS EVER.  
THANK YOU

Congratulations! To the 1988 grads!  
To wish you much luck and success.  
I place before you a small but  
meaningful chapter in the book of your  
"life".

On each and every page whether  
black and white or color you can relive  
our shared accomplishments, friends,  
loves, dreams, goals, laughter, tears,  
and the not so long ago familiar  
place, William Paterson College.

By now you as I have gone separate  
ways, creating yet another new  
chapter to add to our book of "life".

May your new chapter be as special  
as the one that lies open before you!  
Congratulations again, and get the best  
out of life before it gets the best  
out of you!!

Love Ya  
Michele Resatto

# CONGRATULATIONS!

Dear Terry:

It is with much love and enormous pride that we congratulate you on your Graduation Day. We are all pleased that you have finally fulfilled your lifetime goal of graduating from college . . . and you did it your way!

We are in awe of all that you have accomplished throughout college as well as in your personal life. You have been an outstanding student, a loving and caring mother, and a devoted wife.

You are a tremendous human being with many wonderful and enviable qualities. Your fine character and integrity, your many talents, your pursuit of excellence in all that you undertake, your thoughtfulness and generosity, your unselfish willingness to help anyone at any time, your care and concern for your family and relations, and your loyalty and fine friendship to others . . . all make you a perfect role model for those around you.

I am happy to have shared our lives together for the past 25 years and proud to have you as my wife. Our children are equally proud that you are their mother and will endeavor to walk in your very large footprints.

Terry, we love you and wish you continued success in fulfilling your remaining ambitions.

With All Our Love,

The Potenza Family -  
Tom, Thomas, Lori, Louise and Michael
