PATERSON, NEW JERSEY

Camp Enrollment Shows Increase

Forty students have applied for admission to the Camping Institute to be held at Camp Christmas Seal from June 17 to June 26. The maximum number of students to be admitted is one hundred. Mr. William Hartley, Director of the Camp and member of the Social Science Department, urges any other students who are interested to register immediately.

Each camper is required to furnish his own personal equipment. The following list is suggestive of the type of belongings which should be packed. For both men and women: three or four sheets and two pillowcases, three or four blankets, several pairs of shorts preferably khaki, several changes of underwear, sneakers or moccasins, raincoat and hat, two bathing suits, six large towels, soap, face cloth, toothbrush, and paste, comb and brush, sweater, Kleenex in preference to handkerchiefs, sewing kit, athletic equipment, camera and binoculars, musical instruments, writing supplies, notebook. The last four articles are desirable but not necessary. The men should also include light slacks, several sleeveless jerseys and heavy walking shoes. The women should also include several blouses, skirt and low heeled walking shoes.

Instruction will be given in Principles and Philosophy of Organized Camping, Swimming, First Aid, Arts and Crafts, Archery, Athletics, Music, Dancing, Dramatics, Nature. The fee is \$15.00, \$2.00 of which must be paid at the time of registration.

COMMENCEMENT PLANS TENTATIVE

June 11-7:30 p.m.—Baccalaureate services at St. Paul's Episcopal Church, Paterson

June 14—Shaffer Play Day

June 15-9 a.m.—Achievement Day program, in college auditorium

1:30—Senior Class Day in School No. 15.

June 16-8:30 p.m.—Commencement exercises in college auditorium.

Annual Ball For Seniors At North Jersey Country Club

CLASS DAY, JUNE 15

These are busy days for the Seniors. Have you noticed how happy and excited they are? You must forgive them, it is just the mere fact that they are making ultra plans for your entertainment on "Class Day," June 15.

You can't afford to miss this event. From all indications the "Class Will" is something to be long remembered, humorous and full of senior wit.

Prophecies are important in times like these and we assure you, all State will be excited and interested in Senior prophecies.

Star this date on your calendar, and each student make himself a committee of one to come.

Risser New Editor

William Risser, present Business Manager of the Beacon, was elected next year's Editor-In-Chief, succeeding Colette Sless. The election was held Tuesday, May 14, in room 304.

As to real ability, Bill Risser has what it takes. During his two years as a student of this college, he has been active in many school affairs. This was his second year as a member of the Glee Club and he was also in our operetta, "The Mikado." Bill is a member of the Skull and Poniard Fraternity.

NIGHT SCHOOL SEES BILL BECOME LAW

The passing of a bill from the Assembly to the Senate was the feature of the evening which a group of Night School students spent at the state capital of New Jersey on May 15.

Rules concerning the second and third reading of a bill were dispensed with for the evening. The students then saw the bill, to authorize a \$5,000 fund for investigation of North Jersey railroads, passed in the House and voted down in the Senate.

(Continued on Page 3)

Bids On Sale For \$2.50

Here is real news. The North Jersey Country Club will be the scene of our Senior Ball on May 26.

Don Weeden, sliding the trombone in Dorsey style will bring his brigade up for the night and give out, "right in the groove." Waltz, whirl, or wiggle to the notes of a sweet band from East Orange.

If you look at the clock about midnight and decide to raid the ice-box for snacks—stop . . . and remember the complete buffet supper to be served. All you have to do is to get to the nearest table, grab a plate of food, and wander off with your partner to the strains of "Want some sea food, Mama."

Strains of sweet swing, moonbeams (of course) and the exotic scent of gardenias and roses will prevail over the terraces. Pretty young things in those filmy gowns and handsome beaus dressed in manly tuxes will promenade through the grounds, oblivious of the world outside.

Anything from a figity Ford to a luxurious La Salle might roll up, and out would step a stunning ermine cape escorted by a shiny top hat. Sophisticated Seniors, jaunty Juniors, slick Sophs, and those funny Freshmen will all be there and the new word in fashion will out. New college fads will be on their respective ways after the evening of the 26th.

Do you want to be in pictures? Well, you will be if you attend the Ball. All couples, upon entering the clubhouse, will have their photograph snapped. Keep them in your scrapbook as souvenirs of the Senior Ball.

But tarry awhile, students! The bids are limited and are going as fast as a hound pup chases the ol' possum up in the tree. Shoh nuf! If you is gonna go, see Frank Iannucci, Nick Beversluis, or Edward Phillips right soon. Caress their palms with \$2.50 and receive your bid as an assurance of a rollicking time with the Seniors.

Rye Beach Site Of Shaffer Play Day

Wednesday, June 14, is the date of the annual school picnic to be held at Rye Beach, New York. An expansive beach will provide a fine opportunity for all who desire a salt water swim. Picnic grounds will be available so that students may bring box lunches. Many amusement rides, private tennis courts, and a baseball field will be provided for all to enjoy. The use of a private ball room will be the main attraction of the evening; the music for dancing will be furnished by the school orchestra.

Faculty Picnic At Orange Grounds

Members of the college faculty will journey to the Orange Reservation on Wednesday, May 24 about 3:30 or after, for an evening of fun and a return to childhood memories.

Miss Helen Loftus, as general chairman, has entrusted the cooking and transportation to Mr. Charles Stenz and Dr. Laurence Loveridge. (Notice she didn't give them the food and coffee pot.—Ed.) Miss Juliette Trainor and Miss Loftus have charge of the frankfurters, hamburgers, coffee and rolls.

Mrs. Louise Myers, who has charge of games, is anxious to see Dr. Wightman lead the men in baseball and other sports.

The faculty picnic is given annually by the "freshmen" of the faculty for the other instructors.

JUNIORS TO PICNIC AT ORANGE RESERVATION

The third annual picnic of the class of 1940 will be held at the Orange Reservation on Tuesday, May 23.

Arrangements have been made whereby one group will be able to leave the college in automobiles at one o'clock. The remaining group will leave in a bus at three o'clock. A small fee payable to Edward Phillips has been levied to help defray expenses.

Vol. III. Monday, May 22, 1930 No. 10

Now that all the obstacles have been removed, it would be well for all the sororities to form the Inter-Sorority Council that has been talked about so long. They might find it helpful to form this Council before the end of this term and have their plans in order for next September. As it has been suggested each sorority could elect their two delegates, and these delegates choose their own chairman. They might then set tentative dates for "rushing," initiation, and social affairs.

The purposes behind this organization seem very fine. If all sororities have their "rushing" at the same time it will make conditions for choosing the candidates more ideal. It will also give possible pledges a chance to choose the sorority to which they would like to belong if two or more should give them bids. The initiations for all the sororities would be set for the same time and thus eliminate the confusion of many initiations at different times.

There is a possibility that the sororities could hold an annual dance under the auspices of the Inter-Sorority Council. The expenses could be shared by the sororities and working together they should be able to make it a paying proposition. With all of the girls of the sororities attending this dance it would strengthen the bonds of friendship between the sororities. It would also mean that there would be another formal dance on the social calendar of the College.

In light of Dr. C. S. Wightman's plea to help establish a scholarship fund the other aim of the proposed Council is very apropos. This aim is to create a scholarship each year by having each sorority contribute a certain amount of money plus the profits of the Inter-Sorority Dance. This would make a larger lump sum available for a scholarship than would be if each gave the few dollars they could afford. If for no other reason than the fund, the Inter-Sorority Council should be formed. There have been some very worth while ideas advanced as aims for the organization, and it is to be hoped for the good of the sororities and of the College that it will be formed soon. What about it, girls?

The Forum

Question: Do You Favor Compulsory Assembly Programs?

MIKE LOBOSCO, chairman of Assembly Committee: "No. Taking attendance at assembly programs isn't what I consider a correct college procedure."

PEGGY GRAF, Senior: "No. I do not favor compulsory assemblies, because they are not always interesting to me. I believe one should be allowed to choose those that interest him."

GRACE DEL VECCHIO, Freshman: "I am in favor of compulsory assemblies. They are a big help to our regular studies."

MARJORIE BEAM, Sophomore: "If you are forced to do a thing it takes half the pleasure out of it."

JOSEPHINE MARIANI, Junior: "I think it is a shame that we even have to think of compulsory assemblies. The students should think of all the work that this committee does. The students must also realize that it is their money that supports the programs. If they desire better programs they should seek some remedy."

CLAIRE O'MEARA, Sophomore: "No. We have had swell programs lately. It is their fault if they don't know what they are missing."

Clubs & Classes

At the next meeting of the I.R.C. the topic for discussion will be "Democracy vs. Dictatorship." Club members are urged to be present.

P. and Q. members were hostesses to the "Mock Wedding" Bridal Party last Tuesday evening at a supper served in our cafeteria. A delectable supper was served consisting of creamed chicken, mashed potatoes, peas, dessert, and coffee. Those present acknowledged having a great deal of fun.

Zeta Kappa Chi Sorority sponsored a party for its pledges on Friday evening in the social room.

Newly elected officers are: President, Marian Winters; Vice-President, Josephine Gambino; Secretary, Connie Suman, and Treasurer, Mary Annichiarico.

Phi Omega Psi Sorority has completed plans for the hot-dog roast to be held in the latter part of May.

S. G. A. Makes Plans For The Coming Year

JAMES HOUSTON

President-elect James Houston of the Student Government Association plans to do many things. First of all, he is going to see that each student will be assigned to a section so that every one will be represented at the Council. "All section leaders must be very efficient," says Mr. Houston. "They must take notes on the business concerning their sections so that they may report on it the following day. Also, if any leader is absent twice without proxy, that leader will be discharged and another one will be chosen to take his place."

The President will cooperate with the administration in worthwhile activities and try to represent the pupils to the best of his ability. "There is always room for improvement," he says, "so make your suggestions, constructive or destructive."

NICHOLAS BEYERSLUIJ

As Vice-President, Nicholas Beyersluij will strive to continue, to his utmost ability, the good work started by the past administration. Needless to say, he will also exercise the powers of his office to the fullest extent in the support of the policies of the present administration.

ROBERT BECKWITH

Robert Beckwith is the Freshman who will serve as the secretary of the Student Government Association. He will endeavor earnestly to carry on the traditions of former secretaries.

RALPH SMITH

Next term will be the second term that Ralph Smith serves as Treasurer of the Student Government Association, and since he has learned the tricks of the trade, there will be stricter regulations regarding the disbursement of the Student Government Funds.

NEW LIBRARY BOOKS

Among the new books recently added to the library are the following fiction: Spring, My Son; My Son; Coatsworth, Here I Stay; Nathan, Journey of Tapiola; Broomfield, The Rains Came; Verdel, The Tides of Mont St. Michel. The non-fiction include: Lindberg, Listen! The Wind; Kruif, Why Keep Them Alive?; Dan Doreau, Benjamin Franklin; Austin, What Do You Want For \$1.98?; Heiman, Communism, Fascism, Democracy?; Byrd, Alone; Major, Disease and Destiny; Yowys, Enjoyment of Literature; on shore, A Preview of College and Life. Recommended for the faculty: Atkinson, True Confessions of a Ph. D.; N. Y. State Regents' Inquiry into the Character and Cost of Public Education in the State of New York.

Tennismen Drop Four Matches

The tennis team opened its 1939 season against Montclair, winning all matches to the strong dismay of the opponents.

In their second match the team traveled to South Orange to play Seton Hall. The home team was too powerful and defeated Paterson by the score of 4-0. Gene Manheimer was instrumental in State's two victories. Gene won his singles match and paired with Alan Schla to win the doubles match.

Against Newark Teachers the team fared better but dropped the third match by the score of 3-1. Jerome Zwerdling, playing number one position, Gene Manheimer, playing number three, August Fremer, number four man, won their singles matches to give the Paterson team its three points.

Paterson State defeated Paterson last Wednesday at Trenton by the score of 7-2. The match was much closer than the score indicates. Jerome Zwerdling and Mikola won their single matches while the rest of the team dropped their contests by their decisions.

Baseball Team Suffers Defeats

The State baseball team played four more games to add to its seven straight setbacks and eight defeats for the season. This most disastrous season in the history of the school.

Marshall defeated Paterson by the score of 18-2. Lyons shared the pitching assignment; the defeat was credited to Lyons.

The next day Pace shut out Paterson by the tune of 8-0. Janas pitched seven innings allowing five runs and eight hits.

Montclair came back at Paterson with a vengeance and defeated State with the score of 4-0. Chick Lyons and Dan Lunas each droye in two innings to complete State's scoreless game. The losing pitcher for Paterson was Bill Langstaff who pitched five innings allowing three runs and twelve hits.

Gen College came to Paterson Tuesday and repeated their earlier victory over State by defeating them 20-5. Hay, losing and losing pitcher, allowed six runs and five hits.

Over, Archie starred in the game by getting two hits and a tripe out of three at bat driving in three runs with his clouts.

THE SPORTLIGHT

by EDWARD PHILLIPS

Paterson State was officially represented at the sixth annual metropolitan Class B track meet held at Montclair last week. Bob Beckwith, Ed Mloducki, and Walt Klieger entered the meet and scored five points among them. Bob took a fourth place in the pole vault and Ed placed third in the broad jump.

Congratulations to you boys, we think you have started something. There are many boys in the school who are interested enough in track to go in training and enter in this event every year.

By the way, don't you think we should give a varsity letter to the boys who placed?

The intramural softball tournament is a thing this school has needed for quite a while. But, there is one thing wrong with the whole set-up. Some fellows have played in every game scheduled so far. Now, if there were enough men signed up to form six teams, there is no reason why any one person should play for more than one team.

Another drawback is the scheduling of the games. The games are not announced in advance. Why can't a schedule be placed on the bulletin board with all the games to be played for the rest of the tournament?

A word about the baseball team. After suffering so many setbacks, any other team would quit trying but our boys haven't. They will be in there playing just as hard the next game. There is no evidence of discontinuing baseball as we have seen happen in other colleges. So keep on trying, boys. Everyone is pulling for you.

The tennis team hasn't been doing so well the last few matches but watch it go to town the rest of its schedule. They were hampered by the lack of practice in the early part of the season.

For the last two years it has been rumored that we were to have a modern gym in the school. This dream will soon become a reality. Last week Dr. Morrison was in school discussing the situation with Dr. Wightman. To us, that is an indication that we will be playing basketball in this school next year.

This means we will be able to hold our social and athletic events in the building. The basketball team will have a place to practice without traveling all over the countryside. It will mean an improvement in the teams of Paterson State.

NIGHT SCHOOL

(Continued from Page 1)

The group, accompanied by Mr. Benjamin Matelson, Mr. William Hartley and Mr. Kenneth White, left the college at 5:10 o'clock to be in time for the session at 8:30.

The assemblywoman, Mattie Doremus, introduced the students to the Speaker of the House Herbert J. Pascoe. Speaker Pascoe complimented the students before the Assembly for giving up their time for educational purposes.

After everyone was congratulated for appearing at the session the serious business of reading the bills began. The bills were taken from the "hopper", a wooden box, and read by the clerk. Usually the second and third readings take place at separate sessions. But that night, in the case of two bills, this rule was set aside and the three readings took place immediately. A vote was taken and the railroad bill was passed on to the Senate.

Led by Miss Doremus the students left the Assembly to go to the Senate. On the way they stopped in the Governor's office.

Night Cap

Judge Rosenstein recounted some interesting anecdotes in his talk to the class in Applied Psychology the other night. One word description of Gay Tarantino . . . jitterbug.

Our personal nomination for the unique position of adorably sweet . . . Lucy Friedman . . . Agnes Myer had better hire a protector . . . that sheep in wolf's clothing, Alvin Cohen, is out again . . . And all he talks about is Agnes Myer.

Salvatore Ganexi of our evening school was recently elected to the Newark University chapter of Pi Mu Epsilon . . . Congratulations.

George Hajjar tells us he spent a week in the World of Tomorrow . . . that explains everything.

STUDENT COUNCIL NOTES

The Student Council has decided that the basement must be cleared during the assembly programs. The students must either go to assembly or leave the building.

Van Kirk Wins Newark Prize

Frances Van Kirk won a prize in the Inter-collegiate Archery Tournament held at Newark on May 14. The prize was a pin inscribed with the face of a target and the letters N. J. S. T. C., Newark.

After the tournament the girls were given a dinner with 48 other contestants. Speeches and music were features of the evening.

The girls who attended the archery tournament are: Frances Van Kirk, Jennie Luczkow, Jean Leonard, Jean McAlevey, Florence Harding, Edith Morris, Evelyn Jackson and Anne Vroom.

Archery, Baseball, and Tennis are the Sports to be played at the Montclair play day on May 23, in which ten senior girls will take part.

Kim Stechert and Carolyn Ferrazano will play tennis; Jean Leonard and Evelyn Jackson, archery; Ella Kiss, Pauline Brandt, May McBride, Eleanor Portadino and Mildred Probert, baseball.

With a score just two points lower than the highest score to be attained in archery, Jean McAlevey established a record at school here. Her score was 52 points—five golds and one red.

JUNIORS LEAD SOFTBALL LEAGUE

The intramural softball tournament was started last week with six teams entered. It is scheduled to be a round robin tournament with every team playing each other.

There are six teams entered; three Freshman teams, "A", "B" and "C", a Sophomore team, Junior team, and a Senior-Faculty team.

Four games have been played with the Freshman "A" defeating the Sophomores by the score of 10-0. The Freshman "C" team was defeated by the Senior-Faculty by the tune of 12-6. Mr. Schmidt and Mr. Snedeker pitched their team to its initial victory.

The Juniors have taken the two games played by them. They trounced the Freshman "C" by the score of 8-5. Archie Hay hit a homer in the last inning with bases loaded to win the game.

Keeping their record intact the Juniors defeated the "A" team of the Freshman by the close margin of 8-7. The game was featured by a homer by Bernie Siegel of the Freshman.

Friday, June 9—7:00-9:00 P.M.

Classes which meet on Tuesdays and Fridays, 7:00-8:00 (first period).

Guest Nite Is Held At State

Over 500 guests turned out for the guest night program held in the college auditorium last Wednesday evening, May 17, to enjoy the entertainment which had been arranged by Miss Dorothy Abrams, chairman of the committee. All visitors had the opportunity to inspect the classrooms and talk with the different instructors.

The program began with a welcoming address by Edwin Danheuser, President of the Student Government Association. Immediately following was a flower procession during which roses were passed out to the guests. The Masque and Masquers, under the guidance of Mr. Herbert Roehler, presented a one-act play entitled "The Trysting Place." Musical selections from "The Mikado" were given by the principals and chorus of the recent production, under the direction of Mrs. Louise K. Myers.

In the course of the evening, Mr. William Hartley, directed a surprise spelling bee in which both faculty and students participated.

Just Notes

About Court Guyre trying make a four-point landing "Tulip Spring" . . . That a girl was interested in the architecture at Princeton while her friends admired the male prichitude . . . There once was little boy, and he started grow a mustache. He was very proud of his mustache, and even went to the barber to have it trimmed. But one day, mean boys shaved half of off. Now he has to start over again. If you want to it, get a magnifying glass, ask Jimmy Todd's permission . . . The McGuirks are keeping the presidency of the Geograph Club in the family . . . Ralph Smith is not a boy scout. When he lights a fire you'd think was end man in a minstrel show . . . Colette Siess is Floradora Girl. Her act proved very entertaining as she practice . . . Do you know who the Senior was who made the remark in Health Class, "the artificial heart really belongs to the heart?" . . .
