## Annual Play Day Ends School Year

Wednesday, June 14, the day after those tiresome examinations, will be the banner day at State. The annual Shaffer Play Day, culminating all college activities for the school year, will be held in Playland, Rye Beach, New York.

Inclosed in this issue of the Beacon, is a special pamphlet explaining the many activities and amusements to be enjoyed at Rye Beach. All students who wish to go will have to sign the necessary blanks and give them to their section leaders. These leaders will then turn them over to Miss E. Rose Sandell, chairman of the social committee which is sponsoring this annual festivity.

Buses, built especially for this trip, will leave the campus at nine a.m. sharp. Anyone coming but a few minutes late will be left behind. This is the same procedure as was followed on the field trips. It seems to bring the desired results in getting the students here on time.

Now, about coming home. There will be three distinct times at which the buses will leave Rye Beach for home—6:00; 8:30 and 11:30 p.m. For the students who must get home early, the first buses are provided. Then for others who may be getting sleepy, the 8:30 trip is planned. But for you night owls and stay-outs, the late bus at 11:30 is ready. No crowdin' on that last shift, guys and gals!

If you have web feet and the water rolls off your back, you can go swimming. Softball can be played on various diamonds or handball engaged in on courts specifically provided.

We are hoping for boating and we know you will be able to pitch some horseshoes.

Private picnic grounds just for us will be set aside that day. Bring a basket of sandwichy snacks, delicious dills, and tempting tid-bits. The more you bring, the more we'll eat, the more we eat the more we'll want.

If you are partial to that fresh water or to the salty brine, your wish will be granted. Swim in the ocean or the fresh water pools. No suits provided

## Baccalaureate Services, June 11

The Baccalaureate Service for the class of 1939 will be held in St. Paul's Protestant Episcopal Church on Sunday evening June 11, 1939.

The service will begin at eight o'clock with an academic procession of faculty members and the graduating class, led by the main vested choir of the church. Special music is being planned for the occasion. The class will be addressed by the Reverend William L. Griffin, rector of the church.

The church is located on the corner of Broadway and East Eighteenth Street. The faculty and members of the class have been requested to meet in the parish house adjacent to the church at 7:45 o'clock.

### Class Day

An innovation in the college will be made on Class Day June 15 at 1:30 in School No. 15. The Class Day committee has planned to have all the Seniors carry a daisy chain. They have expressed a hope that this will be carried on for future class days and that it will become a tradition.

When the Seniors have been seated they will have episodes in their life at the college presented as the Class History. This is a slight change, as in the past the history has been read. The perfect senior has been molded out of the best qualities of the best Seniors. The committee feels that she will be a real Venus.

Knowing these Seniors for the past four years has given the committee enough insight to make them feel that they can foretell the future of these graduates. They have been aided by an oracle, who will give the prophecy. The Class will also read its will at this time.

In light of the fact that the college and the instructors have aided the Seniors they will make presentations of gifts. The president of the Class of '39 will give her cap and gown to the incoming president of the class of '40.

The committee urges that all students attend these exercises and bring their parents and friends.

CLASS OF '39

Soon the Class of '39 will be departing from the college. It is with regret that they leave. True they have had to work hard while they were here but then they have played just as hard. They will miss the friendliness and the merriment found here for the past four years. In September, classes in the College will go on but the Class of '39 will not be here to compare summer experiences. It will seem strange after four years. Just at present looking back is a favorite pastime, and the Seniors will let all in on these reveries on Class Day. Along with this pastime they are ever hoping that about fifty superintendents will have vacancies that they wish Paterson grads to fill. In light of all the things they have done during their college life one does not fear for their future. It is the wish of everyone that they will find a place in the world quickly and that they will succeed as well as they have here in the past.

COMMUTERS LAMENT

I think that I shall never see  
A thing that will look worse to me,  
A thing that made me wait all day  
And for a chauffeur made me pray.

A thing that caused me aches and sprains  
And made me wait in snows and rains.  
Oh, I pray that no more I'll see,  
The bus that for years transported me.

T. BARBARITO—Junior: "No. It doesn't fit in my notebook. I'm too used to the old ones to get used to the new ones."

WM. DALEY — Freshman:  
"Yes. If it's going to be a newspaper, it should look like a newspaper."

C. BRUINING — Junior: "I don't know. I haven't even seen it."

MR. KARP — Instructor: "I like the new format as it looks more like a newspaper."

STUDENT COUNCIL

The Council has worked diligently to conclude all matters of business on hand before the end of this school year.

The bus situation was revived at the last meeting, and it was moved and seconded that unless a favorable reply concerning bus tickets was received by Friday, May 19, the Public Service, in the future, would receive no contracts through the Student Government Association.

Compulsory assembly was again brought up for discussion. A motion that the college building be closed to student use during the assembly periods was passed. This decree of the Council is to be final, and will not be brought before the student body.

There was a discussion concerning an Inter-Sorority Council in the college. A committee is to be appointed to draw up plans for this organization, and this committee is to report to the Council in the near future.

Clubs & Classes

Another school term is rapidly drawing to a close. Our clubs have been growing to great dimensions, until today each and every one of our college clubs is an integral part of the curriculum. State is proud of this achievement and we sincerely hope that such will be the case many years from now.

For many of us, attendance at the college is drawing to a close. But it will be a long time before we forget what our clubs have given us. Those of you who will be here next year should make the most of your opportunities. Support the clubs. Do your utmost to make the clubs to which you belong the most prominent in our school.

Remember, it is up to you. You are the determining factor. Will our clubs grow or deteriorate? In each and every one of you lies the answer.

Zeta Kappa Chi Sorority held installation of officers in the social room on May 19. Officers installed were: President, Marion Winters; Vice-President, Josephine Gambino; Secretary, Connie Suman; Treasurer, Mary Annechiarico.

Tentative plans have been made to hold a Strawberry Festival at the home of Rose Sandell.

Monday evening, May 29, a meeting of the Skull and Poniard Fraternity was held at the home of Master Powell at Wortendyke.

The annual "Stag Banquet" will be held at the "Cottage" on Route 23, Wayne. All members, active or otherwise, are invited to attend. Brother Cavalini is in charge of the social committee.

Election of officers was completed for the coming year. The results are as follows: Master, Gerald Fitzpatrick; Deputy-Master, Bob Albinson; Scribe, Edwin Danheuser, Treasurer, Charles Spinosa.

CRITICISM

Criticism is always welcome if it is constructive. The staff has always been open to fair constructive criticism. They have tried to do that which will lead to improvement, realizing at the same time that there are many things yet to be improved. It was in light of this need of improvement that there was an increase in the number of publications. This seemed to suit the students very much. The staff, though inconvenienced a great deal, doubled their efforts, realizing the possibilities of the increased number of issues. Receiving counsel from authorities to enlarge the paper, they decided to do so after much consideration. Again this would mean more work for them, as a larger paper would make it necessary to gather more material. However, they felt that with a larger paper there was more possibility of developing a better newspaper style and set up. Now the students are criticising them because they have to fold the paper in half to carry it and because it is inconvenient to hold. Would it be too much to ask if they read the local papers, or are they waiting for a paper to come out that will not be necessary to fold or difficult to hold? Such criticism as expressed by opinions of students in THE FORUM is either facetious or shows very little thought on their part.

## Able Staff To Guide Camp Institute

A group of very talented men and women will make up the personnel of the Paterson State Camping Institute this summer, to be held from June 17 to June 26 at Camp Christmas Seal, a few miles from Paterson. Over fifty students have already registered and the registration date has been extended to allow any other interested students to apply for admission.

Mr. William Hartley, a member of the Social Science Department, will serve as Director of the Institute. Mr. Hartley has had over fifteen years of experience in organized camping and for the past five summers has served as director of a large private camp for girls located near Philadelphia.

Mr. Henry Schmidt, Athletic Director of the school, will have charge of organized games and athletics. He has taken many courses at Savage and is well qualified to take this position.

Swimming will be under the supervision of Miss Constance Hanf, a member of the Olympic swimming squad of 1932. This young woman is the former metropolitan and national three-hundred yard medley champion and previously was the Assist-

ant Swimming Instructor at New York University.

Mr. and Mrs. Snedeker will also be members of the personnel of the camp. Mr. Snedeker will take care of the buying so that ample food will be supplied while Mrs. Snedeker will serve as camp secretary.

Two chefs have been hired so that well prepared meals will be assured. At present they are working on the menus which were posted on the bulletin board outside of Mr. Hartley's office last week. The arts and crafts, music and dramatic counselors have not yet been chosen. However, there are several likely prospects and the selections will probably be made during the next week. The camp property is now being made ready so that everything will be in order by June 17.

Any students desiring admission to the camp should see Mr. Hartley immediately as the deadline for registration will be postponed for a few days only. The total fee is \$15, \$2 of which must be paid at the time of registration. Two points of academic credit will be given to each student passing the examinations at the end of the courses.

## Literary Magazine Appears Tuesday

John Farley, editor of the literary magazine, announces that the magazine will be ready for the students on Tuesday, June 6 or Wednesday, June 7. He cautioned that there will be a limited number of magazines given out. Mr. Farley felt that it would be best to have them handed out in the reading room of the library.

Neither Mr. Mark Karp, faculty adviser, nor Mr. Farley would divulge the name of the magazine. They wish it to be a surprise. Mr. Karp offers a double-decker ice cream cone to anyone that guesses the title before the magazine is issued.

The staff is composed of all the people who have written articles for the magazine. These people have contributed poems, stories, essays, and plays. Contributors to this issue who have worked as members of the staff are: John Farley, editor; Marjorie Fairbanks, Carolyn Ferrazano, Shirley Goldstein, and Lois Daniels. Mr. Karp has been faculty adviser, and has been assisted by Miss Marguerite Tiffany, art director.

This issue marks the first publication of a literary magazine at the college in several years.

### GYM

Work will begin within the next few days on the new gymnasium which will replace the present auditorium.

It will still be possible to use the new gymnasium for an auditorium by moving folding chairs on to the floor.

The stage will be kept but it will be 16 feet deep which is considerably larger than it is at the present time. The gymnasium floor will be 76 x 56 feet, making it possible to have a basketball court of about 40 feet.

A completely new lighting system will be installed including a floodlight trough and lights suitable for sports.

# THE SPORTLIGHT

by EDWARD PHILLIPS

On our recent trip to Staten Island we saw something which made us very proud. Manhattan had picked an all-opponent basketball team and three Paterson men chosen on the team.

Morris Pressman was chosen as center, Harold Brown as a guard, and Wendell Williams was picked as forward. By the way, they are still talking about Wendell's great playing in the last Manhattan game.

Our comments about these selections brought up the subject of basketball and prospects of a game with Manhattan next season. "Not on your life, if you have the same team back next year," was the reply. We have to admit, that made us feel pretty good.

The basketball team has built up quite a reputation for itself and instead of Paterson Teachers being a pushover, we have become a team to be watched by our opponents. Mr. Schmidt and the boys have done a great job of putting Paterson State on the map.

Let's take a quick look at the season records of the team of the season 1938-1939.

The basketball team was very successful, winning fifteen games and losing only six. However the swimming team and the baseball team were not quite as fortunate. They both won one game, the swimmers dropping four and the ball players losing nine.

The tennis team was defeated in all of the five matches played. This was the poorest season in many a year.

### Shaffer Play Day

so bring your own. But beware of the sun or you might burn, blister, or bake. A gay beach umbrella would be just the thing.

And if, after all of this, you will have the energy and the courage, you can dance to the rhythmic strains of our school orchestra. We are even having our own elaborate dancing pavilion so all of you self-conscious kids can caper.

If Juv Pluvius takes a hand in matters, the trip will be on the following day, June 15. (In other words, if it rains Wednesday.)

We want an overflowing turnout to prove to the social committee that we have appreciated their busy-bee efforts during the entire year. Remember to be on a bus at 9 a.m. sharp, Wednesday morning, June 14.

### Senior-Faculty Leads In Softball Play

The Senior-Faculty team took the lead in the intra-mural softball league by defeating the Juniors in a wild, hard-hitting contest. The score was 23-21 with the outcome in doubt until the very end of the game.

The standings of the team:

	Won	Lost	Pct.
Senior-Faculty	2	0	1.000
Junior	2	1	.666
Freshman "C"	2	1	.666
Freshman "A"	2	2	.500
Sophomore	2	2	.500
Freshman "B"	0	3	.000

### BASEBALL

The baseball team ended its season against Manhattan of Staten Island last week and came away with a 4-1 defeat charged against them.

Bill Langstaff went the route for the Pioneers and allowed eight hits. Bill kept the hits well scattered until the seventh when Manhattan combined a single and two triples for three runs.

Archie Hay drove in Paterson's only run with a smashing triple to left field. Archie's hit was the only one of the day for the Pioneers.

### DEBATING TEAM

Our Debating Team has been exceedingly active in the past few months. Many members have earned their letter because of their participation in three or more outside debates. Those receiving letters are: Robert Cantor, Aaron Rubin, Beatrice Lapitsky, Paul Schneider, Howard Josephson, and Eugene Manheimer. Marjorie Fairbanks and Marshall Murray will receive the club medal at the graduation exercises for their long service to the club.
