

## State Students To Be Present At Teachers' Conference, April 4th

Paul Schneider in Panel Discussion; At Hotel Pennsylvania

The fifteenth annual spring conference of the Eastern States Association of Professional School for Teachers will be held at the Hotel Pennsylvania, in New York City from Thursday evening, April 4 through Saturday, April 6.

Paterson State is well represented in this conference. Mr. Tunis Baker, science teacher, is a member of the Board of Control; Dr. Wightman is chairman of the committee for the Auditing of Accounts; and Miss Dorothy Abrams is presiding over the Librarians' meeting on Saturday morning. Paul Schneider will represent the student body of our school serving as a member of the panel for the discussion of the following topic: "Student Participation in the Evaluation and Enrichment of the College Curriculum," which was suggested by James Houston of Paterson State.

The general outline of the convention is, as follows: Thursday evening at 7:45, B. J. Wood, Director of Cooperative Test Service, will speak on "The Program of the National Committee on Teacher Examinations of the American Council on Education," the Friday morning theme will be "What Should Be the Philosophy and Nature of Graduate Work in Preparation of Teachers?" and the speakers will be Hermann Cooper, Assistant Commissioner of Education, Teacher Education and Certification Division of the State of N. Y.; and E. S. Eyvenden, Professor of Education, Teachers College, Columbia University and member of the Commission on Teacher Education, American Council on Education. On Friday afternoon the theme will be "Youth Faces Its World" and the speakers of the afternoon will be Floyd W. Reeves, Director, American Youth Commission of the American Council on Education; and Sanford Bates, Executive Director of Boy Clubs of America. On Friday evening is the student-faculty banquet; music will be furnished by the A. Cappella Choir of State Teachers College, Danbury, Connecticut. Congressman Jerry Voorhis of California will speak on "An American's Duty in the World Today." Following the banquet program there will be a social program and dance in the Banquet Hall under the direction of the students and faculty of the Teachers College of New Britain, Connecticut.

Under the Friday student conferences there are six panels considering the following topics: "The Character and

(Continued on Page 4)

### "Frederick"

BERNARD SIEGEL

Bernard Siegel is Frederick the apprentice pirate. Bound by contract to serve in the band until his twenty-first birthday, Frederick discovers that he was born on February 29 and will not reach twenty-one for another sixty-four years.

### Slicker Outlines Science Project

#### NATURE TRAIL BEGUN

In an inspiring talk to the members of the Science Club at their regular meeting on March 13, Mr. Fred Slicker, Park Naturalist at Garret Mountain Reservation, presented plans for a definite way in which Paterson State Teachers College may participate in a project designed to place at the disposal of educational groups and the public at large, a Nature Trail on Garret Mountain.

This trail, which is now being staked out, is to make use of the beautiful natural setting of the Park and various transplanted wild plants and natural curiosities, in furnishing a kind of out-of-doors natural library. Trees, shrubs, flowering plants, mosses, ferns, fungi, lichens, and even minerals are to be labelled through this section of the Park, which is to be known as the "Nature Trail." Other trails of a similar nature are to follow.

Mr. Slicker has been working on the idea of a series of radiating nature trails for several years, but up to now has failed to obtain the support of outside organizations.

The members of the Science Club at State became enthusiastic over the idea last semester when Mr. Baker, the Club adviser, first presented it. The Club made several survey trips to the mountain, but decided

(Continued on Page 4)

## Sophs Say 'No' On Dance Plan

### Outside Dance Favored By Students

At a class meeting last Friday, the Sophomores turned down the faculty's suggestion of a class hop in the auditorium. When Bernie Seigel, Soph president, asked for a show of hands by all those in favor of an outside hop, over 80 per cent of the group responded.

Previously to the final counting, Miss Jackson, dean of women, appeared before the meeting to present the faculty's viewpoint. Miss Jackson stressed two important points in connection with the use of the auditorium: (1) the class could save those expenses needed in the rental of a hall, and (2) the action would make the hop more informal and set a precedent for future classes.

(Continued on Page 4)

## Games Feature Faculty Party

The women of the staff of the College entertained the men of the faculty and their wives at an informal party held in the gym on Thursday, March 7. Prizes were won by Mrs. Kenneth White and Mr. Baker. Games were played (everything almost except bridge!) refreshments (in the form of strawberry shortcake) were served, and the evening ended with a song fest concluding with "Good-night Ladies" suggested by Dr. Wightman as especially fitting.

Committees in charge of arrangements were: Invitations; Miss Jeffries, chairman; Mrs. Rogge, Miss Tiffany and Miss Mihelis; Reception: Dr. Shannon, chairman; Dr. Aitender, Mrs. Boer; Entertainment: Miss Trainor, chairman; Mrs. Tuchman, Miss Hopper; Refreshments: Miss Jackson, chairman; Miss Abrams, Miss Loftus, Miss Tyrel.

### BEACON AWARDED SECOND RATING

"The Paterson State Beacon" was awarded second rating in the teachers college division of the Columbia Scholastic Press Association this year. During the past year the Beacon has made decided progress, raising itself from fourth to second place.

The Columbia Conference was held March 14, 15 and 16 at Columbia University as it is each year. The program included many conferences interesting to students working on their newspapers and also a trip to one of New York's leading newspapers. This Association is divided into high school, college and teacher college divisions. Each newspaper entered in this association is rated on the basis of other newspapers in its particular group over a year's period.

## Faculty Five Looms As Varsity Threat In Post-Season Tilt

### "Mabel"

RUTH CUMMINGS

Ruth Cummings is Mabel, youngest of the Major-General's many daughters. She loves Frederick, but cannot marry a pirate; so she pledges to wait until he has served out his apprenticeship.

## Hartley Heads Camp Course

### PROGRAM OUTLINED

The Camping Institute will be sponsored again at Camp Christmas Seal by Paterson State under the supervision of William H. Hartley.

The course is open to all men and women who have completed a four year high school course or its equivalent, and who are interested in the supervision of playgrounds, camps, etc. The facilities are magnificent, having twenty-two acres of woodland, athletic fields and a swimming pool. Credits of two points will be given to students who successfully complete a course at the Institute. The first year students will attend courses in the Theory and Philosophy of Organized Camping, and a course in swimming and one elective. Advanced students will complete courses in Supervision and Administration of Organized Camping, a course in methods chosen from advanced offering, and one elective.

Some of the other courses are:

1. Arts and Crafts, Miss Warren, Instructor. This includes beadwork, leathercraft, metalwork, and woodwork.
2. Athletics: Mr. Schmidt, Instructor. This includes a variety of camp games and athletic activities.
3. Music: Miss Scancarella, Instructor. The students will be able to take part in glee clubs, rhythm bands, harmonica bands.

(Continued on Page 4)

### Faculty Quintet In Fine Shape; Soph-Freshman Girls In Preliminary Game

"The varsity basketballers meet their toughest opponents when they meet the "Faculty Five" in the annual post-season Faculty-Varsity game at the College auditorium on next Thursday evening, March 21.

The Varsity team faces a hard hitting faculty line, made up of well known basketballers including Mr. Thomas, dean of adding to the score; Mr. Schmidt, coach of the "Faculty Five" and originator of the new play called the "T.N.T. Special;" Dr. Bedford, who is out to prove that careful geometric calculations will net the "Faculty Five" most of their points; Dr. Hartley, well known for his history lecture on "Marching Through Georgia," will also attempt to make history repeat itself by marching through the varsity; Dr. Wightman, president of our Alma Mater, is slated to be the fifth man on that powerful "Faculty Five."

"The "Faculty Five" has been holding secret practice sessions and now being in top top shape plans to give our boys the proverbial "run for their money." Sports experts of the Beacon, Grouch Club, and of the locker rooms now rate the faculty with an even chance of winning.

(Continued on Page 4)

## Freshmen Splash On March 30th

### Y. M. C. A. Will Be Scene Of Festivities

Splash, Splash, Splash! The Freshman Class is preparing to hold—can't you guess?—a Splash Party at the Paterson Y.M.C.A. on Saturday, March 30 at 8:00 P. M. Freshmen, and that includes the newcomers of February, are invited, free of charge. However, upper classmen are cordially welcomed if accompanied by an admission card costing only 35 cents.

Swim suits, a choice of blue, green, or grey, are furnished as well as towels. Bathing caps, unless you bring your own, can be purchased for the small sum of 10 cents.

Everyone is urged to attend. Don't stay away because you can't swim. You'll find that you have passed a well spent evening and perhaps discovered a latent talent in the bargain.

Tickets may be obtained from members of the committee including Frances Iola, Joe Donegan, John Hanse, Frank Ruberto, and Jerry D'Agostino. Get yours while they last!

**JULIETTE TRAINOR, Faculty Adviser**

N. BEVERSLUIS.

## The Bookmark

By RUTH LAIRD

A versatile American auto-antology, entitled "Fifty Poets," by William Rose Benet, contains a brief poem, or excerpt, from the works of fifty selected contemporary American poets; in almost every case, the poem being the favorite one of the poet himself. Each poem is introduced by a short editorial and statement concerning the circumstance under which each was written. This collection supposedly has the "cream of the crop" as far as American poetry is concerned, and it also throws much light on the lives and moods of the authors. Among the authors are: Lizette Woodworth Reese, Robert Frost, Edwin Markham, and George Dillon.

Another popular anthology in our library is "The Book of American Negro Poetry," the first anthology to cover the whole poetic accomplishment of our American Negro. It is an entirely new revised edition with an added preface, which, together with critical and biographical notes, contains information which cannot be acquired elsewhere. Some of the famous negro authors represented in this group are Countee Cullen, Helene Johnson, Sterling Brown, Frank Horne, and Lucy Ariel Williams.

William Rose Benet has a winning collection of poetry called "A Collection of Ballads and Poems, Old and New." He includes his most anthologized poems, lyrics, ballads; verse on Jesse James, P. T. Barnum; poems on the Italian Renaissance, etc.

The collected poems of Archibald MacLeish, author of the Pulitzer Prize poem, "Conquistador," and recently appointed Librarian of Congress, is another assemblage of works which is often called for by student in literature.

Some other important collections of poetry in our library, are:

Robinson Jeffers collection, in which is to be found "Room Stallion," "Tamar," and one hundred and twenty-three others.

The collection by William Carlos Williams, (of Rutherford), who was one of the group who helped the renaissance in American poetry after the World War.

"Collected Poems," by Mark Van Doren; the writings which tell of the life of his native country, mainly, California.

"Spoon River Anthology," by Edgar Lee Masters.

"Selected Poetry and Prose," by Samuel T. Coleridge.

"The Collected Poems of Rupert Brooke."

Emily Dickinson's collection, the finest written by a woman in the English language.

## PING PONG TEAM LOSES TO NEWARK

Paterson State's Ping Pong team traveled to Newark Friday to meet a strong Newark Tech table tennis squad. The result was a 9-0 defeat for Paterson. Previously the team defeated the John Marshall team by a score of 5-4. The players for Paterson in Friday's game included Lobosco, Allen, Murko, Pressman and Pollock.

So far the score stands one defeat and one victory.

## Club Notes

P. and Q.

The members of the P. and Q. Club have become amateur Emily Posters. In the new project which the club is undertaking an attempt will be made to put into a book form a complete list of rules telling us how to act in college. It will tell you how to act in the Social Room and who knows, this may prove to be the solution to the Social Room problem. It will definitely not tell how to "polish the apple," but it will tell you the correct procedure involved in entering a faculty member's office. It will have helpful information about manners at school dances, basketball games, and other functions. It may even tell you how to talk to your neighbor in the Library without disturbing everyone else. This project deserves the support of every member of the student body.

I. R. C.

Things are really popping in the I. R. C. At the last meeting of the club Sid Goldberg led a discussion on Peace and War basing his discussion on facts from the last World War. The discussion became very lively and the members lost all sense of time as they debated. Since they were rudely interrupted by the period bell, the discussion will continue at the next meeting. After Mr. Goldberg has completed his discussion Evelyn Foote will take over and discuss the same topic along different lines.

At the last meeting book reviews were given by Evelyn Foote and Ben Shatman. At the next meeting Dot Yadoff and Eleanor Wilde will give reviews.

## Student Talent Deadline Soon

April 1st has been set as the deadline for all applications for the student talent assembly. There are now approximately 17 people signed up, but auditions have not as yet been completed for these people. The program promises a wide variety as representatives of every field have signed up. The latest feature attraction is a male quartet. The committee feels that it is not to the best interests of those concerned to disclose any names so the names of the contestants must remain undisclosed. Mr. Weidner has urged many students whom he knows have talent to participate and in this way he has been very helpful to the committee. Complete information about the talent hour will be disclosed as soon as the tryouts are over.

## SLICKER OUTLINES

(Continued from Page 1)

to postpone further action until cooperation with the Park Naturalist could be arranged.

The work of the Science Club on this project, will consist of transplanting, or helping to transplant, specimens to appear along the Trail; making signs which will identify the specimens; placing signs already made by Mr. Slicker on existing trees and shrubs; taking photographs of the Trail in different stages of development; and helping in the identification of

## Mexican Craft Forms Unique Art Exhibit

Native Chair Tops Interesting Display; Ancient Aztec Articles Of Great Interest

The Art Club has been sponsoring an exhibit on Mexico from March 11 until Easter recess.

One of the most interesting features of the exhibit is a native chair made of reed and leather. Other household articles include a wooden tray and box made of inlaid wood, each piece of which is carefully selected for color and quality and inlaid to form a wooden mosaic. The pieces of onyx, a material familiar to native Mexican crafts, include a blotter upon which is etched the Aztec calendar, and an onyx peon figure.

Two little dolls representing a native Mexican man and woman are shown. They are from Tia Juana in the western part of Mexico.

Not only are things of today but things of yesterday on exhibit. The two clay masks found on a plateau near Mexico City are between 2000 to 3000 years old.

The Art Club wishes to thank Miss E. J. Sautter of Paterson, Miss Ruth Morshouse of Little Falls, N. J., Dr. Edith Shannon and Miss M. B. Tiffany for lending us these articles.

The Art Club is sponsoring a student hobby show beginning April 1. Everyone is asked to get hobbies polished up during the spring vacation and bring them to Miss Tiffany's office on or before April 1, if possible.

## Biology Class Promotes Survey

A small group in one of Mr. Baker's biology classes, in connection with a project it is conducting, is endeavoring to discover the relationship between the individual's environmental conditions and his studying habits. In the pursuit of this end, a questionnaire will be distributed shortly, the questions of which, it is hoped, will be given careful and sincere consideration by the students. Some of these blanks will be distributed after one of the assemblies, some may be found on the desk in the library, and some in the bin opposite the main bulletin-board.

The project committee wishes to make clear that this is purely a student matter, and that all information given will be confidential and will be studied only by the committee members.

The questionnaires, when filled out, may be deposited in a box which will be found at the main bulletin board.

specimens, or perhaps learning to identify some of our common plants, and others not so common.

If you would like to participate in this project, find out from any officer of the Science Club, or Mr. Baker, the club's adviser, what you can do to help. Better still, attend the next meeting of the Club on Wednesday, March 20, at 3:30 P. M., when future plans will be discussed.

## ... THE SPORTLIGHT ...

by CHRIS BOLLERMANN

The sports editor of Trenton State finally compiled an all state teachers college squad. Final selections on the basis of five points for first team and three for second were made by the sports editors of the various college papers. Here are the two teams:

First  
Mirsky ----- F. Van Handle  
Pressman ----- F. De Sapio  
Slapp ----- C. Bills  
Palumbo ----- C. Williams  
Riddell ----- C. Ramondi

Unanimous votes were garnered by Palumbo, Slapp and Mirsky. The presence of three Montclair men on the first team hints at the Indians' strength, although Riddell's merit could be disputed.

Pressman and Williams were Paterson's sole representatives on the squad. In a separate vote of our varsity, Jankelunas was the only one (I almost said man) who picked the first team correctly.

A glance at the team's record would give State something to be proud of. Out of a total of 21 games we won 14 and lost 7, scoring 923 points to our opponents' 749. Pressman led the regulars in everything except personal fouls.

P.C.F.  
Player T.P. F.P. Made  
Pressman ----- 170 44 550  
Sirota ----- 159 13 383

Williams ----- 122 20 385  
Lyons ----- 100 23 522  
Fisherman ----- 109 19 442  
Hay ----- 98 10 455  
Jankelunas ----- 75 17 515  
Miller ----- 63 13 466  
Thompson ----- 10 0 600  
Pollack ----- 9 3 1,000  
Ramsey ----- 4 0 000  
Oliver ----- 0 0 000

928 162 464

State's opponents converted 134 out of 260 foul tries for an average of .515, as against our .461. Paterson won three games by two points and lost two by the same margin—both in overtime.

Piela's 111 points paced the J.V.'s; Ford was second with 91.

Manager Spinosa has arranged State's toughest baseball schedule ever. The nine's opening game is against Wagner on April 13. Wagner beat us by a mere 25 runs last year. Newcomers on the schedule are the East Stroudsburg Teachers of Pa. and the New Paltz Teachers of New York. Trenton figures to be our toughest foe.

This Thursday the varsity basketball squad faces the faculty of P.S.T.C. (no wisecracks, please!) in an out-of-season clash. Everybody who is interested in seeing another ball game or having a good time ought to come out.

## Longate Relates Theater Problems

Trained Dog Act Features April 1 Program

The Assembly committee has again succeeded in bringing before the student body a speaker who will discuss a timely topic. On March 18 Mr. James L. Longate discusses the theater—the inside story of back stage during a show. This should be of special interest at this time because of the forthcoming operetta and three-act play. His talk covered the different parts of the stage and their uses, scenery construction and problems involved, and scenes behind the scenes. Mr. Longate also discussed problems in acting, including script difficulties, mechanical troubles, and personality adjustments, getting across to the audience, and the part emotions play. He also presented many illustrations in connection with his talk.

On April 1, the Seeing Eye will be represented by the capable speaker, Mr. Morris S. Frank who will tell about the work of the Seeing Eye, the organization which trains dogs to act in the place of the eyes of the blind. He will show moving pictures to illustrate the work of the Seeing Eye and will also have a trained dog with him.

School Number 2 of Paterson will present a program on April 8. Mr. Rich, principal, announces that they will feature a play of their own creation and as was evidenced by the presentations of previous years, this program promises to be one of worth.

## Frat & Sorority

### ZETA KAPPA CHI

Zeta Kappa Chi held its regular monthly meeting in the social room, Monday night, March 11th. Plans are in progress for the sorority's acting as hostess at the Annual Alumni Association Conference which is being held at the school, April 20th. Dr. Kilpatrick of Columbia University will be one of the speakers.

### TO KALON SORORITY

To Kalon Sorority held its regular meeting on Monday, March 4. April 26 was set as the date for the annual sorority dance. It was decided to postpone the invitation of new members until November, 1940. Hostesses for the evening were: Ruth Farrell, Evelyn Kelly, Peggy Graf and Mary Martin.

### SKULL and PONIARD

Skull and Poniard Fraternity wishes to thank all those who helped to make its dance on March 8 a real success. It is certain that all those who attended had a most enjoyable evening. Skull now will point its view toward the annual stag banquet which is held later in the spring.

The next regular meeting of the fraternity will be at the home of Brother Smith, 377 Clifton Avenue, Clifton on Tuesday, March 19. The Education Committee of the fraternity has secured the services of Dr. William H. Hartley to speak on the use of Visual Aids in teaching. All members of Skull are urged to attend this meeting to hear this worthwhile lecture. See you at the meeting.

## Executive Committee Begins New Directory Publication

### Houston Will Head The Student Project

The Executive Committee meeting in executive session on last Wednesday began the task of compiling its first student directory of the students of Paterson State. After preliminary discussion, the council voted full power to Council President Houston to conduct and publish a student directory.

Mr. Houston, realizing that time is swiftly passing, has already begun editing the directory. However, he has made a plea for a staff through the Beacon. Mr. Houston hopes that any one interested in the following positions will see him immediately. The following positions are open: Business manager, advertising manager, circulation manager, illustrators, typists, and proof readers.

The student directory will bear the name of "Pioneers Who's Where." The directory includes a list of the students, their addresses, and offices or special scholastic activities that they have engaged in during their stay at college. The aim of the publication is to make the student body more unified through the use of the directory to contact the students at any time. A publication such as this will prove exceedingly helpful to a "commuter's" college.

The staff will be chosen on March 21, and immediately following the spring vacation, the staff will begin the task, working cooperatively at regular meetings to solve all problems which may arise from this new publication.

## Students Squander At Monte Carlo

### Lower Classmen Win Prizes; Evening Spent In Entertainment And Dancing

The student body of State marched on Monte Carlo with money in all of their pockets on Friday last, and came away with nothing more than memories of a unique and pleasant evening of entertainment and dancing.

Chance games spotted the floor and everyone was out to win or break the bank. Little success was achieved in breaking the bank. However, the roulette table paid 10 to 1 three times during the evening. The lucky wheel also proved to be a fascinating sight. Around she goes and where she stops no body knows. The seniors were the eagle eyed pitchers that almost put the quiet game out of business, and everyone could barely hit the side of the barn when it came to shooting animals with the toy gun. Chief of Police, Courtlandt Guyre, placed the blame for the poor shooting on the sody pop, that the Seniors were selling at the Senior Bar and Grill. Mr. Matelson, faculty sharp-shooter at shuffleboard, won the most at the sport and these wins along with a few others at roulette won for him one of the prizes.

### Freshmen and Sophomores Cop Honors

The lower classmen have proved

## Council President

JAMES HOUSTON

## Girls Compete In Sport Meet

### Trenton Is Host At Athletic Playday

Sixteen Paterson State co-ed spent an enjoyable day at a sport meeting held at Trenton State Teachers College on Saturday, March 16, where they competed with representatives of the various state colleges of New Jersey in basketball and swimming. The girls who participated in basketball were: Team I—Betty Driscoll, captain; Lillian Bogart, eJan McAlevy, Audrey Hacker, Mabel Scales, and Frances Van Kirk. Team II—Dorothy Bundy, captain; Ruth Madama, Ruth Morton, Evelyn Foote, Jean Mattison and Frances Iola. The swimmers representing Paterson were Edith Morris, Kathryn McAllister, Isabel Salvador, and Jane Christopher. After the main events a general swim cooled the players off and then refreshments were served. Miss Helen Loftus accompanies the group to Trenton.

## SOPHS SAY 'NO'

(Continued from Page 1)

But the Sophomores decided that they had enough money in the treasury to warrant additional expenses and so . . .

April 19 is the date set for the hop, and the general committee must shop around for a ballroom between now and that date. The members of the committee are: Bernard Schutz, Katherine McAllister, Emanuel Raff, and Sylvia Blum.

en that they are beyond all doubt a better group of gamblers, by taking all but one prize. Mr. Matelson of the Faculty took the fourth prize, movie tickets.

First prizes went to Grace Cooke and Robert Sattenstein. Second prizes went to Helen Acquadro and Stanley Brezin. Jerome Swerdling and Dot Bundy won the third prizes, movie tickets.

Monte Carlo certainly was a "mewie" for the students and teachers of P.S.T.C. to visit the famous spot and indulge in all the attractions and even lose their play money with a laugh. Now that P.S.T.C. has given a Monte Carlo what has France got to offer?

## DRAMATIS PERSONAE

By EVELYN FOOTE

Hear ye! Hear ye! Here is the cast and the cat is out of the bag. These people will bask in the limelight on the evening of May 10, the date set for the performance of "The Distaff Side."

Mrs. Venables.....Edith Kohout  
Ernie.....Ruth Breen  
Liz.....Nonette Renier  
Nellie.....Abba Hutchinson  
Alex.....Betty Barton  
Christopher.....Sidney Collins  
Miss Spicer.....Sylvia Bluff  
Gilbert.....Emanuel Raff  
Theresa.....Helene Kahn  
Rose.....Hezel Baierl  
Toby.....Kenneth Jehn  
Charles.....Frank Almhroth  
Roland.....Steve Murko

How would you like to be the coach confronted with thirty-five people, every one of whom wants to be in the play?

"Don't you think I am cut out for Mrs. Venables?" chirps a tall, slender Miss America. The coach smiles encouragingly, although he knows full well that Mrs. Venables is a grumpy,

bunchy old woman of seventy-five. Secretly he pulls his hair. All three girls trying out for the part are tall, slender Misses. Then Edith Kohout gives an imitation of the grandmother. Hunched over, she shuffles across the stage. Her voice becomes creaky and rusty with old age. As a result she gets the part!

Eight others want the part of Alex, the only youthful feminine character. All of them feel an affinity for her; all of them are good. Only one can get the role.

Eight characters are middle-aged. Middle age is uninteresting. Nobody wants to be uninteresting.

The coach again attacks his hair. Decisions must be made. The task seems hopeless. He announces the cast and may now be found hiding in the dark corners of the corridors, evading the inevitable questions of "would be Alexes."

## FACULTY FIVE (Continued from Page 1)

Reserve ranks for the Faculty Five will be made up of several alumni players, which will prove to be a more powerful threat to the varsity five.

A thrilling girls' Sophomore-Freshman game will highlight the preliminary to the Faculty Varsity Game. Although the lineups for the teams were not divulged at press time, Captains Dot Bundy and Betty Driscoll will make known the lineups in the near future.

The first game of the evening begins at 7:30 P. M. Dancing will follow the games. Music will be furnished by our own talented instrumentalists. The evening of entertainment can be had for the small sum of twenty-five cents for students, and thirty-five cents for adults. Tickets may be secured from Lou Sirota, Andy Fox, Morris Pressman, Elmer Ramsey, Bill Lansstaff, Ed Phillips, and Charles Spinoso.

The Varsity Club is sponsoring the annual Faculty-Varsity game for the benefit of the lettermen who have been members of the club for more than two years. Sweaters will be presented to the two year lettermen: 2 Gold, Silver, and Bronze basketball and baseball tokens will be presented to the four year, three year, and second year lettermen.

## CAMP COURSE

(Continued from Page 1)

4. Dramatics: Miss Scancarella, Instructor. Students will participate in direct dramatic activities.

5. Nature: Instructor to be announced. The aim is for students to be inspired by a love of nature and give him a knowledge of the woodlands.

6. Dancing: Instructor to be announced. Classes in Tap, rhythmic, folk, athletic and modern dancing will be organized.

7. First Aid: Instructor to be announced. A practical course with emphasis upon treatment of injuries and ills common to camp.

Registration for the course ends June 10. Anyone desiring further information, please see Mr. Hartley.

## JUNIORS, SENIORS RATE HIGH HONORS

The juniors and senior honor roll as compiled by the office includes those students achieving 36 grade points and the high honor students include those students achieving 42 points. Those receiving high honors include:

Juniors: Katherine Bannehr, Jean McAlevy, Frances Van Kirk.

Seniors: Agnes Decker, Courtlandt Guyre, James Houston.

A complete list of all students who have achieved honor ratings will appear soon.

## STATE CONFERENCE

(Continued from Page 1)

Significance of General Programs for the Entire College; "Problems of Student Cooperative Government Associations of Colleges and Universities." "The Guidance We Need." "Student Participation in the Evaluation and Enrichment of the College Curriculum." "The Teachers College Program of Social Education" and "The Making, Adoption, and Audit of Student Activities Budgets." In the Friday after noon student conferences there are three panels considering the following topics: "What Contribution Can We Make to the Further Development of our Teacher Education Journal?" "Student Publications Clinic" and "Developing Student Leadership."

On Saturday morning there will be section meetings for faculty members regarding Directors of Personnel, Deans of Men, Deans of Women Education and Psychology Teachers; English Teachers; Laboratory School Teachers Librarians; Physical Education and Health Teachers Rural Education; Science Teachers and Social Science Teachers.

Official representatives of Paterson State include the officers of the Student Council, the Presidents of the Junior and Senior Classes and Paul Schneider who, as mentioned before will take part in one of the panel discussions. Other students interested in going, or clubs wishing to send representatives, must see Dr. Wrightman for permission.

## Incidentals

"All work and no play make Jack a dull boy." Frances Iola caused a slight rewording of this time-worn axiom when she played a very artistic one-man game in class. The game might be called "Fold and Hope," for one is supposed to create a piece of paper, drop a blob of ink on it, and then fold the paper. When it is opened again the result is a picture (?) or, at least a design. Upon seeing a dozen examples of Miss Iola's handiwork, Mr. Matelson, at the end of his lecture, encouraged her with, "Go right ahead and enjoy yourself."

\* \* \*

Harold Mandeville has shown himself to be a strong-minded individual. He just calmly ignores all entreaties, insults, and such, and goes right on sporting that dashing moustache. Incidentally, Bernie Siegel is another advocate of this fad, but his is still in the initial stages.

\* \* \*

From now on, Peg Stark is going to give her classmates all the details of her comings and goings. Peg felt ill in class, and quickly left. Four other students, probably thinking there was a parade, or some other pleasant event, also left!

\* \* \*

It seems that Confucius has inspired many of our students to first think, and then speak wisdom. Edith Confucius Morris says—"Three-fourths of the men in this world are crazy, and I have yet to meet the other fourth."

\* \* \*

If you want to have peace, stay away from Alice Sheldon. She'll taunt you, poke you in the ribs, and her favorite expression is, "What I don't know about you." By the way, for whom is Alice doing that lovely knitting? Incidentally, another poker in the ribs is Charlie Koppen.

\* \* \*

Riddle! Which two girls wanted to view the babies at the General Hospital the other afternoon, and are rather chagrined because a nurse in charge asked an unanswerable question, received an unsatisfactory reply, and flatly refused them admittance? If you want to solve this riddle, ask Alice Grillo and Evelyn Foote.

## Night Caps

Isolation of the United States from all warring nations was the topic of a debate between Jersey City State Teachers College and Paterson, on the evening of March 8, during the regular class period of Mr. Hartley's American History course. The decision was awarded to Jersey City by Benjamin A. Rothstein, local attorney, who acted as judge.

\* \* \*

Several interesting social problems have been discussed in Mr. Sheppard's advertising class through the use of "March of Time" motion pictures.

Protective to All—Injurious to None

The Colt Press

549 MAIN STREET—PATERSON
