

## Smigen, Van Duzer, Schofield, Yadoff Elected to Frosh Offices

Elections Held Sept. 30;  
Dr. Unzicker Adviser  
Of Freshman Class

Amidst cries of "I nominate" the first Freshman class meeting was held for the purpose of electing officers on September 30 with Dr. Unzicker, Freshman adviser, in charge of the meeting, the following officers were elected: George Smigen, president; Dorothea Van Duzer, vice-president; Jerry Yadoff, treasurer, and Alice Schofield, secretary.

### President

George Smigen, class president, hails from Coxsachie High School in New York. President of the Student Council and sophomore class, vice-president of the freshman and junior classes, George also played two years of varsity football and three years of varsity basketball and baseball.

### Vice-President

Vice-president Dorothea Van Duzer played the feminine lead in "What A Life," Teaneck High's Junior play. Dorothea was elected to the National Honor Society, played in her school band, and worked on the Senior Year Book.

### Treasurer

The Photography and Math clubs at Eastside High School held Jerry Yadoff's attention before he came to State. Now he has the task of keeping accounts of finances for the Freshman class.

### Secretary

Alice Schofield, secretary, attended Pompton Lakes High School where she was a cheerleader, an officer of the Bowling club, and a member of the Archery, Tennis, Swimming, and Roller Skating Clubs.

## F.T.A. Nominates Soph Officers

Helen McLaughlin Presides At First Meeting of Future Teachers of America

Nominations for Sophomore officers of the Robert Morrison Chapter of the Future Teachers of America were made on September 29 at a special meeting held during Activity Period.

Nominees for president are: Louise Woodruff, Norma Giordano, Helen McLaughlin; secretary, Ruthann Shagin, Josephine Baranski, Maudea Beckingham; historian, Ellen Robinson, Florence Mislovsky, Lanell Turner; Parliamentarian, Genevieve Ross, Genevieve Tierney, Athalia Darwell. One freshman officer, Priscilla Vander Clock was nominated for the post of librarian, and the nominations for that office were left open.

Helen McLaughlin, who presided at the meeting, appointed a nominating committee of three to check up on the eligibility of the nominees for offices.

ENSIGN MIODUCKI

## MIODUCKI RECEIVES NAVAL COMMISSION

Ensign Edward L. C. Mioducki, former Paterson State student, received his commission as an ensign in the United States Naval Reserve, and his rating as a naval pilot at the U. S. Naval Air Station at Pensacola, Florida.

Ed reported to the naval station on April 4, after having attended Paterson State for two years. He completed his training on September 19, and has been ordered to active duty with an air unit at the naval station at Corpus Christi, Texas.

At State Ed was a member of the swimming team and of the track team which were then engaged in active contests.

## Staters Given New TB Tests

Patch Test Replaces Injection; Results the Same

On Monday, September 29, in accordance with the state law, all students who had been negative in previous tuberculosis tests were retested. For the first time the patch test was used instead of the injection.

### New Method

The new method consists of a "band-aide" like patch applied to the forearm. With this method, there is less systemic reaction, pain, and anguish. The results are the same. It takes 48 hours for any reaction to set in.

The patches were removed Wednesday, October 1. The final reading was taken October 2.

### Fluoroscopes

This week all those who were positive in previous tests and all those who were declared positive this year were fluoroscoped. The Passaic County Tuberculin Association, the State Tuberculin Association, and the Tuberculin Association are all co-operating in this fight to cure and prevent tuberculosis, a disease especially prevalent between the ages of fifteen and twenty-five. Therefore, it is to the advantage of the individual as well as to society to correct this disease.

## Sibley Teaches Seniors Reading

N.Y.U. Professor Travels To State Twice a Week

Dr. Martha Sibley, newest instructor at Paterson State Teachers' College, comes from New York University twice a week on Tuesday and Friday to conduct lectures and discussions with the Seniors on Teaching Reading in the Elementary Schools.

### Purpose

She says the purpose of the course here is "to give a practical application to reading following a study of the theory of reading already covered by the students last year."

### Demonstration

Last Friday morning, October 3, Dr. Sibley and her class went to Grade 1B in School 15 where she worked with a group of thirty-three children on a unit of work in language reading based on picture stimulation.

### N. Y. U. Courses

Besides her work here Dr. Sibley teaches three courses at N.Y.U.—Reading, Language for the Elementary Grades, and Children's Literature.

She also taught in Maryland State Teachers College, Towson, Maryland, and was nine years supervisor of reading at Hempstead, Long Island, New York. She also has had experience in all grammar school grades and in high school, learning more, however, she says, in the rural schools that she taught.

### Author

She has written two books—one on the intrinsic methods of teaching phonics and one which she used for her doctor's degree, *A Study on the Habits and Skills of Teaching Reading*.

Dr. Sibley originally came from Milledgeville, Georgia, but she received all her degrees at N.Y.U.

She says she enjoys "working at Paterson State Teachers College due to the interest and appreciation of students, availability of children for demonstration and co-operation of teachers."

## CAFETERIA TICKETS

Students are urged to take advantage of the \$1.10 value meal tickets now being sold in the cafeteria for \$1.00.

## Incorporation of Student Council Completed October 1

BETTY DRISCOLL

Lawyer Engaged To Explain New Organization; Trustees Sign Charter

Incorporation of the student council was completed at a special meeting held on Wednesday, October 1.

### Lawyer Engaged

Dr. Wightman engaged a lawyer, Mr. Marchak, who answered questions regarding the corporation. He stated that the members of the corporation would be responsible in case of law suit only to the degree of their interest in the corporation, whereas under the previous student government association, individual members would have been responsible to the fullest extent of their means.

### Trustees

The charter was drawn up and the trustees signed it. The trustees are president of the Alumni Association, Therese Bauer; secretary of the Alumni Association, Katharine Melville; president of the Student Council, Betty Driscoll; secretary of the Student Council, Laura Crouch; vice-president of the Student Council, Donald Hall; faculty adviser, Mr. Williams; business manager of the college, Mr. Snedeker; and president of the college, Dr. Wightman.

The new legal set-up of the council has in no way changed its powers or its method of government.

### Unanimous Vote

On October 8, the student body in assembly passed the amendment revising the athletic committee by a unanimous vote.

The newly formed committee will consist of a chairman appointed by the president of the SGA, the managers of the tennis, baseball, and basketball teams, two girls appointed by the women's physical education director, the director of athletics, and a faculty member appointed by Dr. Wightman.

George Reilly is at present temporary chairman of the newly revised committee.

## SUPPORT THE SENIORS

The senior year in the life of every college student is an expensive one. There are the added expenses of rings, class books, senior trips and the many incidentals connected with graduation. In order to help defray expenses each senior class has tried to raise money by sponsoring basketball games, dances, etc.

This year's class has devised means of raising money with cost to no one. All of us have newspapers in our homes which we either give away or destroy. These papers mean money to the seniors. The average newspaper weighs one-half pound. If a person would bring in one newspaper each day for one week, he or she would have contributed two and one-half pounds of paper by the end of the week. There are two hundred and seventy-four students enrolled in the day school. If each would bring in two and one half pounds of paper a week, or a newspaper a day, the total contribution would be six hundred eighty-five pounds. This would mean an average weekly income of \$3.50 for the seniors. Of course this sum isn't much in itself, but if continued for a period of six months, it would total \$39.00. This sum would have been accumulated without anyone spending a cent.

Most of us will be seniors some day—either in this school or another. We will struggle for money as seniors to today and have in time past. We will all expect the underclassmen to support our endeavors to earn money. If we would be justified in doing this so are the seniors of today. If we would make the Golden Rule the rule of our lives, we would start today to support the seniors.

## SPIRIT OF INITIATION

Initiation is over. Members of the class of '45 are now full-fledged members of the student body of Paterson State.

This editorial may seem a bit untimely since initiation ended two weeks ago. However, we feel that the spirit in which the freshmen took initiation is worthy of commendation.

Initiation in this school is all in the spirit of fun. The sophomores have fun planning and carrying out initiation; the upperclassmen have fun watching; and the freshmen will have fun looking back and recalling the "harrowing experiences" through which they have passed.

Frequently initiations are not taken in the light in which they are given. We were all very glad to find that the class of '45 took initiation in the right light and showed themselves to be "good sports." The upperclassmen look with pride on this new group and feel happy to attend the same college as they.

We wish to apologize to the Art Club, Science Club, Women's Sport Club and Musical Organizations for the omission of their names in the list of school activities.

The difficulties and rush of publishing the first issue of the Beacon resulted in rather careless proof-reading. This must also be blamed for the reversal of the heads on the editorials.

Frosh Parade  
Ends Initiation

A burlap skirt, two shoes a la "the morning after" style (i.e., one brown, one white), a blouse in reverse, a big pasteboard box housing everything from chicken corn to "Fundamentals of Physical Science", a face half sawed, half plastered with feminine war-paint, and a head sprouting three pigtails held together with brilliant hair-ribbons—put them all together, and they spell out "Freshman, 1941 Revised Edition."

Having glanced into a mirror, having shrieked accordingly, and having skillfully evaded the men in white, I finally reached Paterson State, prepared to bow down to the Sophomores, hold open the doors for the Juniors, and to weep:

"You made me what I am today  
I hope you're satisfied."

Alas, how true. No sooner did I arrive than two of the elite members of the Sophomore society greeted me with a "Hi Frosh!" Got any candy you can give us, and a song too? Then sweet revenge! Instead of obliging with "Home Sweet Home," I greeted them with one of the creations for Freshman Defense.

"Once I was happy, but now I'm forlorn

I'm just a poor Freshman all  
tattered and torn  
My hair is in pigtails, my face is  
all worn,

Betrayed by the Sophomores, the  
bums."

And what's more, Thursday evening the Sophomores marched us—a long line of yelling Freshmen—down Market street to the Post Office where they put us through the final paces and into our final places. And so to bed, until the next morning when at least we had the privilege of saying, "Hi Soph!"

## WHAT IS A HEART?

By Florence Miskovsky

What is a heart but a lovely token  
Easily melted, more easily broken?

What good is a heart if it's bound  
to break

When someone's unfair in the  
game of give and take?

What's the use of having a heart  
of gold

When a best friend will snatch it  
and have it sold?

What's the sense of having a heart  
that sings

When someone is able to tug the  
singing string?

What can a heart do when Fate  
makes it cry

And dreams have vanished? Then it  
must die.

But if we didn't have a heart to  
cherish

Kindness in humanity at once  
would perish.

So with kindness and love we must  
tend our hearts' passion

Until that day when unbreakable  
hearts are fashioned.

## HELP THE SENIORS!

The Senior Class is sponsoring a scrap paper campaign.

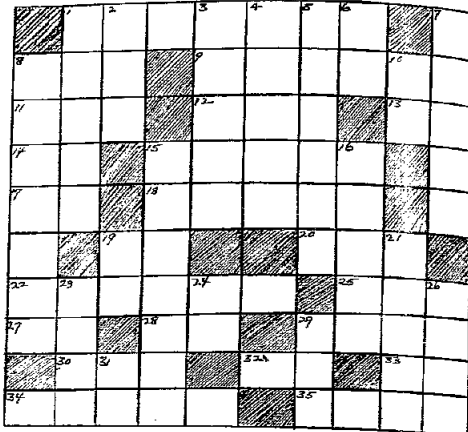

The proceeds of the sale of paper will be used for Senior class activities.

Every little helps! Bring an old newspaper or magazine every day. Deposit them in the box by the bookstore. Thanks!

THE SENIORS.

## MY TOWN

By Ruthann Shagin

There's nothing beautiful about it  
From an artist's point of view,  
It has no babbling brooks; it has  
no winding lanes.  
But it has the blood of industry  
flowing through its veins.

It has paved streets and lofty  
hills.

It has humming factories and  
roaring mills.

And there's a dirty river down on  
the eastside

Where the kids go swimming when  
it's even tide.

It has imposing stone banks and  
busy little stores.

It has movies, beer gardens, and  
buses galore

And the Erie railroad cuts right  
through its heart

Carrying its products to every  
part.

It has temples, churches, and several  
"Y's"

It has neon signs that crimson its  
skies.

And there's the proletariat and  
bourgeoisie

Whose boundaries are defined by  
the canal Dundee.

It has doctors, lawyers, bankers  
and teachers.

It has housewives, swindlers, policemen  
and preachers.

And there's a common lane in  
every man's heart,  
And a pride in being a living part  
of MY TOWN.

## I WONDER

By "Del" Ortmann

Peace, peace—Will absolute peace  
ever reign?  
Will people be happy again?  
wonder.

Laughter, laughter—Will it amuse  
everyone's life?

Will it banish resentment and  
strife?—I wonder.

Silence, silence—Will silence  
place all the dead?

Will assurance be left instead?  
I wonder.

Pity, pity—Can it stay from the  
hearts of all men?

Can it write itself out with the  
pen?—I wonder.

But if these things can be done  
once more,

Then I wonder—what are we waiting  
for?

## SORORITY NOTES

Phi Omega Psi

Installation of officers was discussed at the meeting of the Phi Omega Psi Sorority on Sept. 23.

Tentative plans were made to hold the installment dinner at the Latchstring in Oradell. Officers to be installed are Dorothy DeRuy, president; Anna Mae Villeneuve, vice-president; Marianna Peck, corresponding secretary; Claire O'Meara, recording secretary; and Mildred Foyert, treasurer.

Guests of honor at the dinner will be Miss Abrams and Miss Tyrell.

Zeta Kappa Chi

President-elect Ruth Barton presided at the first Beta Kappa Chi meeting held at the home of Joyce Whetham. Plans were made for a picnic to be held at Lake Kanaquau on Oct. 18. Arrangements for a Christmas theatre party were started.

New officers elected last June are Ruth Barton, president; Barbara Stouter, vice-president; Hazel Bauerl, corresponding secretary; Alice McQuirk, recording secretary; Regina Denahy, treasurer.

# Colorado Now Leading In Intramurals

## ATHLETE'S FEAT

by DON HALL

For quite some time it has been evident that the Athletic Committee, under the present set-up, is a cumbersome body, too large to meet or do work efficiently. A real interest in the committee is not always present, because two members are elected from each class, their election depending more on their popularity than on their interest in fostering the work of the committee. As a result meetings are poorly attended.

It is needless to stress the importance of the Athletic Committee. The Athletic Committee is the largest and spends the most money of any of the major spending agencies of the Student Government Association. So it is not hard for one to realize the importance of having every member of the committee most interested in its work.

For some time, Mr. Schmidt, Director of Athletics, has been working on a plan to reorganize the committee into a unit that is capable of getting some work done. He has devised a plan which he has submitted to the S. G. A. which calls for some radical changes in the set-up of the committee. It will even call for a change in the Constitution.

Briefly the plans call for the personnel of the body to consist of the Director of Athletics, one other member of the faculty, the managers of the major sports teams, and two girls chosen by the women's Director of Physical Education. The merits of this plan are many. The number of committee members has been cut from nine plus a faculty advisor to seven, making the group more compact, easier to gather and easier to contact.

The members of the committee will necessarily be interested in their work; the managers of the teams must have been interested in their work or they would not have their jobs; and the two girls and other faculty members would be chosen because of their interest.

Because of their more intimate knowledge of the workings of athletics these people can also give the students more for each dollar spent by the committee.

## Faculty Bowlers Elect Williams, Schmidt, Boer as League Officers

### League Resumes Play At Recreation Center

The faculty voted to reorganize its bowling league after enjoying such a successful season last year in their initial attempt.

The officers unanimously elected to direct the league for the coming year were, president, Mr. Robert Williams, of the history department; vice-president, Mr. Henry Schmidt, director of athletics; secretary-treasurer, Mrs. Isabel Boer, of the office staff.

### Plans Not Complete

Although plans have not yet been completed, it is expected that the teams will swing into action as soon as the faculty golf league is completed, about November 2.

Alleys have been reserved at the Paterson Recreation Center, one of the finest places of its type in the state, on every Tuesday and Wednesday afternoons throughout the coming season. The alleys will be open to the faculty between the hours of 3:30 and 5 p.m.

### Close Race Predicted

To assure an even distribution of the teams, Mr. Williams has decided to have each entrant bowl a few practice games to show his ability. The teams will then be divided as evenly as possible, thus making a close race. Last year's winner was not determined until the final day of the season.

Each member of the league will contribute ten cents weekly to help

defray the expense of the banquet at the end of the year.

Last year's individual champion was Mr. Williams, closely followed by Mr. Schmidt, in the runner-up position.

## Juniors Plan Formal Prom

### Buller Names Committee Heads

Plans for the first formal dance of the year were formulated at a recent meeting of the Junior Class.

The tentative date for the dance is Friday, Dec. 12. In the event that that particular evening is not available the class decided upon December 3 as a second choice.

President John Buller appointed the following committee heads: place, Jennie Casey; bid, John Buller; publicity, Malcolm Breitaupt; orchestra, Victor Christie.

## WEIDNER ORGANIZES MEN'S ENSEMBLE

The newly-formed Men's Ensemble is diligently practicing under Mr. Earl Weidner's supervision. The Ensemble is composed of approximately fourteen voices, recruited from all classes.

At present the group is preparing a musical assembly program to be presented during the week of Oct. 19.

## Varsity Men Head Basketball Teams

### Take Names of Leading Collegiate Quintets

The 1941 basketball season was opened Friday, September 26 when the first game of the intramural tournament was played in the college gym. This year the teams of strong hopefuls have taken the names of the leading teams in collegiate basketball and each team has as its captain one of Coach Schmidt's varsity men.

The teams and their captains are:

Army ..... Seymour Pollock  
L. S. U. .... Dan Jankelunas  
N. Y. U. .... George Reilly  
Colorado ..... Bill Platt  
Oklahoma ..... Tom Oliver

In the first game Oklahoma gave L.L.U. a 40-18 defeat chiefly through the efforts of freshman Sid Brown, an Eastside product, who led in the scoring with 19 points. Captain Jankelunas tried hard to break up the Oliver-Brown scoring combination but just didn't have the support.

The second game of the first doubleheader was a closely played contest, with Colorado nosing out Army 26-24. Captain Platt was high scorer with 10 points.

L.L.U. came back in the second round, played Tuesday, September 30, and trounced N.Y.U. by a 29-13 count. Jankelunas lead his team to victory by scoring 14 points.

On October 3 Colorado gained their second victory, beating N. Y. U. 18-16 in close and exciting game. L.L.U. lost the same afternoon to Army 34-22. Al Ayoub surprised everyone, particularly Dan Jankelunas by scoring 12 points.

The remaining schedule:

Tues., Oct. 7—Oklahoma vs. N. Y. U.; Colorado vs. L.L.U.  
Fri., Oct. 10—Colorado vs. Oklahoma; Army vs. N.Y.U.

### Standing of Teams

Team	W.	L.	Pct.
Colorado	2	0	1.000
Oklahoma	1	0	1.000
Army	1	1	.500
L.L.U.	1	2	.333
N.Y.U.	0	2	.000

## I. R. C. ELECTS FOOTE SECRETARY

Evelyn Foote was elected secretary-treasurer of the International Relations Club Friday, Oct. 8. She held the same office last year but resigned because of other duties.

Mr. Benjamin Matelson, advisor, submitted a report of club activities during 1940-41. He suggested a drive for new members but added that it was far better for the club to have five active members than twenty-five "dead timber."

Members voted unanimously for dues at 25 cents per semester, payable to the secretary before the fourth meeting of each term.

President Ernest Mueller appointed Patricia Reid chairman of the committee to revise the constitution.

Do your part for National Defense. Help the Community Chest in your home town! "Give and give freely."

## P & Q Hold First Social Events

### New Officers Elected To Lead Club

On Wednesday afternoon, October 8, the P and Q held a social at Nystrom's, popular sandwich bar. The purpose of this was to acquaint the Freshmen members with the upper-classesmen. Refreshments were provided and fun in general was in abundance.

#### Committee in Charge

The arrangements for the affair were made by a committee consisting of Dorothea Van Duzer, Barbara MacIntyre, Lanell Turner, Norma Giordano, Ann Corini, Ruth Feitzmeyer, Anna May Villeneuve, Connie Clifford, and Anna May Woodward. They were assisted by Miss Jackson, adviser of the club.

#### New Officers

The inaugural affair held at Nystrom's will begin an eventful and busy year for the club under their newly elected administration. The new officers are Mary Christian, president; Ruth Daulton, vice-president; Rhina Troclear, secretary; and Ellen Rehn, treasurer.

The officers have asked that any girl day-student desirous of becoming a member of the P and Q club consult the bulletin board for the time of the next meeting or contact any of the active members of the club.

## MISS K. MELVILLE AVERAGE TEACHER BOOSTS PROFESSION

Who could be more interesting among the alumni than an average teacher whose life is about like those that many of us will have in a few years?

Strains of children's voices raised in song issuing from the third grade room of the Jefferson school in Bergenfield would lead you to find Katherine Melville teaching her favorite subject, music. Kay's pupils still in the baby stage when they enter third grade grow up a little under Kay's guidance and leave third grade as individuals with different personalities.

#### School Activities

Kay's school activities include such things as presiding at panel discussions on the child and his curriculum at Bergen County conferences, and finding ways to convince the Board of Education that the school's new movie camera was a good buy.

#### State Activities

At present secretary of the Alumni Association, Kay was far above average in her extra-curricular work at State. When asked about it, Kay replied, "Well, I had my nose in a little bit of everything." Her little bit of everything included the Student Council, the Geography Club, and P. and Q. Club, planning assemblies, and belonging to the To Kalon sorority. She was a member of the first senior class to get a bachelor's degree at Paterson State.

#### Recommends Teaching

Kay recommends teaching as a fascinating profession. "There is no monotony about it," she said, "when you realize that each class has a different atmosphere, each child a different personality which must be dealt with in a different way."

When a free evening is in the offing Kay calls up her friends and stages an old-fashioned get-together, her favorite pastime. She's busy through the school year watching football and basketball games. (She's an avid State rooter.) She spent her summer at Camp Te Ata, in Central Valley, New York, where she was a counselor. She enjoyed watching the children in an entirely different environment from that they're used to at home and in school.

She admires the physical changes in Paterson State but said, "It couldn't have changed for the better socially." We admit that it could have been as good then as now, but it couldn't have been better.

## Beacon Staff Plan Social Get Together

### First Meeting Of This Type To Be Held By Organization

The State Beacon staff will hold a staff get together at 8:30 p.m., in the library. The purposes of the social gathering are to award achievement pins to those who have been members of the staff for two years and to acquaint the members with one another.

#### First Social Meeting

This meeting will be the first of this type to be held by members of the press in the history of the State Beacon. The party was originally scheduled to take place during the summer at the home of Margaret Patterson, editor-in-chief. However, the event was postponed until now so that new members could be accommodated.
