Non-Fiction and Fiction Books Added to Our Library Collection

New Books Not Yet Com-pletely Indexed; Texts Will Be Available Soon

This semester there have been least three hundred and fifty oks added to the school library Many of the new volumes are fichim and many are non-fiction of hype that will surely be useful o the student body.

Fiction

The fiction list includes such imnotant newcomers as Pearl S. Buck's Today and Forever which a collection of stories about China and her people. These are manged in a definite pattern which hows the development from the this of yesteryear to that of to-by, and brings us to that of to-monow. Miss Buck's books about China have always been best selers, and the human understanding of h which she writes is largely sponsible for their success.

For those who like a story of dventure, a book by John Jen-ings entitled, Call the New World, thers the story of the highly adenturesome experiences of a solher of fortune, Peter Brooke, in the early days of our country. His dventures in the army of Washngton, his colorful life in Venezua, his excitement and confidence the cause of liberty, and finally is love affairs, all moving gainst the stirring events of hisry, are pictured with all the vivness one would expect from the thor of Next to Valour.

Sapphira and the Slave Girl, by Willa Cather, is an exceptional (Continued on Page 4)

Institute Organized on Unit Basis; Students Learn to Become Camp Counsellors

Representatives of the six New Jersey State Teachers Colleges met with Dr. Robert Morrison in Trenton on Tuesday, Oct. 21. to plan a program for a Camping Institute where undergraduate students will be trained to become

camp counsellors.

It was disclosed that, through the efforts of Dr. Morrison and Dr. Partridge of Montclair, the National Camp at Lake Mashipacong, Sussex, N. J., had offered the use of its camp site to the New Jersey State Teachers Colleges for a Camping Institute for undergraduate students.

Sponsored By Magazines National Camp is one of the three Life Camps sponsored by the Life and Time Magazines. It is located near High Point Park and consists of several thousand acres of "wilderness." The camp is on the south side of Lake Mashipacong, a 45 acre spring-fed lake en-tirely within the property.

Dr. L. B. Sharpe, director of Na-tional Camp and Executive Director of Life Camps, Inc., expects to be present during the entire Institute. Dr. Sharp is also a Special

Lecturer at New York University. Dr. William Gould Vinal, Professor of Nature Education at the (Continued on Page 4)

A Glimpse Of Fort Dix

By Pvt. Nicholas Beversluis 1229th R. C. Hq. & Hq. Co.

About a week ago today, it was hy pleasure to receive a copy of he Beacon which was mailed to he here at Fort Dix. Among the any interesting articles appearing the issue was one dealing with irst impressions of Paterson fate" written by several fresh-ten. With a little reflection into be past, it is not hard to imagine the many thoughts that must have in through their minds as they at down to write those articles aving lots to say but not knowing ist where to begin. I now feel like

To begin with, it must be re-tembered that Fort Dix is for the lost part a Reception Center for hich includes the states of New ork, New Jersey, and Delaware Reception Center meaning that In new selectees entering this tamp are housed, fed, clothed, and then a few basic drill movements of only a short period of time, shally from 5 to 10 days. After his the treater was cart of them. sally from 5 to 10 days, Ance-nis, the greater per cent of them be transferred to the many other my camps throughout the east and south, there to undergo the exceller training period as prescrib-

ed for the many branches of the army. In addition to this, there is also the permanent party of Dix known as its Headquarters Company, of which I am a member. company totals about 500 men and is composed of the office clerks, typists, stenographers, truck drivers, medical units, plus enlisted men of the regular army, although the latter are outnumbered by selectees. Though this comed by selectees. Inough this com-pany is correctly known as a De-tached Enlisted Men's List (or DEML) its members must still undergo the regular 13 weeks in-faulty training, which is the stand-and amount of time for drill at any ard amount of time for drill at any of the camps. One point of difference exists, however, between this drill and that of other army camps. That is, that in a regular line out-That is, that in a regular line out-fit, training is given gradually, a few hours each day for weeks at a time. In this way, not only does the recruit have the advantage of learning routine drill more slowly and acturately, but he himself is and acturately, but ne nunselt is able to adjust himself better phys-ically to the taxing maneuvers which are required of him. In Headquarters Company it is neces-(Continued on Page 2)

Christie Jeffries **Guest Poet Over** WPAT Oct. 12

Miss Jeffries Reads Five of Her Poems On Rhyme And Reason Program

Miss Christie Jeifries, instructor of English and Language Arts, was the guest poet on the Rhyme and Reason program over Station WPAT Sunday, October 12 at 10:45. This program under the direction of Adele Hunt features the poetry and poets of New Jersey.

Reveals Interest In Sonnets Before reading her poetry to the radio audience, Miss Jeffries answered questions asked by Miss Hunt. When asked which type of poetry she liked best, Miss Jef-fries answered that she was most interested in the lyric forms. This includes song, ode, sonnet, and elegy. Of these, she prefers the sonnet. To the question "Why?" she answered, "The sonnet is said to be the most difficult form to write. It is definitely challenging."

Two Sonnets In Selections Miss Jeffries read five of her poems. Two of these were sonnets, Conflict written in the Petrarchan form, and Indian Summer in the Shakespearcan form. Her third se-lection was Measure of a Life, an elegy. This poem was written in membory of the late James Ga-belle. The other two poems she read, The Lone Huntsman and Golden Wedding, deal with a phil-(Continued on Page 3)

STATERS ENTERTAIN ROTARY CLUB

The Rotary Club, believing that music bath charm" invited several of Paterson State's talented stu-dents to furnish the musical entertainment for their luncheon held at the Alexander Hamilton Hotel on Thursday, October 16. Those students who went were Catherine Barna. Herbert Anderson, Kath-

Dearna. Despect Adultson, Adulteen McMullen, Gwendolyn Lley-elyn, and Mary Kennedy.
Catherine Barna and Herbert
Anderson rendered two accordian
duets, "Fantasia" and "Tango of
the Roses." Two solos, "Daddy"
and "Lady Soais" ware played. and "Lady of Spain" were played by Herbert and Catherine, respec-

Kathleen McMullen played two flute solos, "Dance of the Flute" from Tschaikosvky's "Nutcracker Suite" and "Tanbourine" by Gros-Suite and "Tanbourine" by Grossec, and Mary Kennedy sang "Kerry Dance." The entertainment was topped off by a chorus of the "Star Spangled Banner" led by Mary Kennedy.

Koralites Featured in State Assembly Program of Oct. 21

Dramatic Club Elects Officers

Woodruff, La Porte, Ham-burg, and Siggia Elected to Club Offices

At a special meeting called ing activity period on Friday, At a special meeting caused during activity period on Friday, Oct. 15, the Masque and Masquers elected Louise Woodruff, presi-dent; Winifred La Porte, vice-president; Mildred Hamburg, secretary; and Josephine treasurer

All the newly elected officers are members of the Class of '44. Miss Woodruff was a member of the F. T. A., International Relations Woodun F. T. A., International Relations Club, Debating Club and appeared in Masque and Masquers productions during her freshman year.

man talent assembly, the Operetta, the Glee Club and in Masque and Masquers productions.

Mildred Hamburg was a mem-ber of the F. T. A. and the Psychology Club during her freshman year at State.

Josephine was a member of the Glee Club, appeared in Masque and Masquers productions and in the Operetta.

The dramatists decided on their activities for the coming year and five plays were selected. These plays will be performed at the various schools in the surrounding

Debating Club Elects Officers

> Many Inter-Collegiate Debates Scheduled This Year

On Tuesday, October 21, the Debating Club held its first official meeting of the season. Officers were elected and plans for the forthcoming year were discussed. This year the officers are: Sam Berliner, president; Dave Urato, vice-president; and Ruthann Shagin, secretar-vireasurer. in, secretary-treasurer,

Debates Scheduled

The Debating Club has scheduled several inter-collegiate debates for this year. Through this organization the members have the opportunity to meet students from other colleges, both socially and intellectually.

Pertinent topics are discussed by pupils who have thoroughly studied the subject, and an insight is given to both sides of controversial topics. Here, is the chance for you politically and publicly minded folks to meet and air your opin-ions with other people from dif-ferent schools and walks of life.

Membership Open

Any person who feels that he is potential Cicero or a modern Henry Clay will be greatly wel-comed as members of the Debating Club. Meetings are scheduled for the first Tuesday of every month during activity period. Watch the bulletin board for the next meet-ing and don't hesitate to bring along your friends who are inter-ested in debating. Special Assembly Held to Hear Famous Group Give Poetry and Skits

After being urged by a less tim-orous freshman that it would be just the thing to interview the Koralites, and realizing that today was deadline for copy and not a line had I written, your reporter decided to retrace her footsteps and ask a few questions of this group. Fortune was with me for the female half of the Koralites entered the girls' locker room as I prepared to leave, to change from stage costume to their apparel for

The blonde young lady, Miss Dorothy Snyder, who hails from Caldwell, N. J., acted as spokes-

Organization

The Koralites came to be entirely by accident. They met in cast-ing offices and somehow each one let the other know that in back of his or her mind each had an ambition to do such work. They had all studied choral work in college. Afternoons following their applications at the casting offices would be spent in practice. Their efforts were rewarded by their debut on the Columbia workshop presenta-(Continued on Page 4)

Is The Patch Test Effective?

Students Volunteer To Be Re-tested To Check On New Method

Students who had a positive reaction as a result of the injection test for tuberculosis, which was given last year, volunteered to be re-tested this year by means of the Patch Test. This it is assumed, will reveal just how effective the Patch Test really is. Some doubt has been established as to its ef-fectiveness because so few stu-dents proved positive this year.

ART CLUB DISPLAYS PUPPETS ON 2ND FLOOR

How many students have seen the Art Club display on the sec-ond floor? Mary Williams has ond floor? Mary Williams has charge of the show case exhibit and changes the display every three weeks. The current exhibit concerns itself with puppets. There are instructions for making puppets and also running a puppet

There are puppets on display which belong to Miss Tiffany, She made these herself, They include a clown, a wooden dragon, and a group of Chinese marionettes.

Anna May Woodward has a group of novel puppets on dis-play. They are made from wooden forks and spoons. These utensils are dressed and painted to repre-sent fictional characters.

Eleanor Spitz has a hand puppet on display, the head of which is made out of paper machet and she also has a novel puppet which is made from a rubber ball. Steel wool is used for the hair.

The next display will be up in a week and will feature paper ma-chet animals made by the senior class. This exhibit will include pigs, rabbits, cats and lambs.

USE RIGHT TO VOTE

November 4 is Election Day. We all look forward to it as a holiday. Those of us who have the right to vote carelessly overlook this privilege in an effort to thoroughly enjoy ourselves during the entire day.

This Election Day as never before we who can vote should take advantage of it. Americans as a group take too lightly their right of franchise. We think of voting as a duty rather than a privilege. Right now, in the greater part of the world, this right does not exist. Men are dying to defend and preserve this and similar rights. Today as never before this privilege should be dearly cherished.

It takes but a few moments to vote so there is no reason why every one should not avail himself of the opportunity to express his opinion.

Those in this college who do not vote have members of their own families who do. Urge them to go to the polls this Election Day. Regardless of whom we vote for, we should all make use of our right of franchise.

CAFETERIA CRAVES CO-OPERATION

The college cafeteria is a non-profit restaurant maintained for the benefit of the student body. It can be maintained only through the full support of the student body. At the present time it is not receiving anywhere near full support.

If we compare the prices of the cafeteria with any luncheonette or restaurant we can readily see the full value of this organization.

Prices, particularly of food, have increased tremendously. and many eating places have taken advantage of this by putting substantial raises on the prices of their foods. We must expect a small rise in price in the items on the cafeteria menu. Even in our own homes we have found this true. However we can all rest assured that this price change in the menu is in direct proportion to the price change in food stuffs. There is no profiteering in the cafeteria. We will always be assured of good value here.

As a further aid to students the cafeteria has offered a meal ticket of \$1.10 value for \$1.00. As yet very few students have taken advantage of this offer. As this ticket is of value during the whole year no student should be without one.

Everyone of us can help to make the cafeteria a pleasanter place to eat by returning the dishes and trays we have used to the cafeteria windows. We can help to eliminate confusion in serving and collecting money if we will remember to enter the cafeteria through one door, and leave through the other.

Let us all get behind the college cafeteria and give it our full coopration, for only in this way can it continue to serve us.

STAFF CORRECTS SOCIAL CALENDAR

The Beacon staff regrets that an extremely important date was omitted from the Social Calendar which appeared in the last issue of the paper. On November 14 the Winter Class Basketball Competition will be held at PSTC.

At this time the Freshman and the Sophomore classes with matched against the Juniors and Seniors.

Two distinct contests are planned. The first game will feature freshman and sophomore girls vs. junior and senior girls. The latter half will be the freshman and sophomore boys against juniors and seniors.

After the games music will be furnished for dancing.

A GLIMPSE OF FORT DIX (Continued from Page 1)

sary that training periods be given for a week at a time whenever it can conveniently be fit into the regular program of the camp and this daily for 6 to 8 hours in rather a rushed manner. We have now finished about four weeks of this part of the schedule and the men are quickly being rounded into shape as a reserve outfit.

In addition to the Reception Center, Dix is also the home of the 44th Division of the National Guard, several branches of the Infantry, Signal Corps, Medical Corps, Artillery and Anti-tank units, and others too numerous to mention. All of these outfits are located in a different section of the camp, somewhat isolated from the receiving companies of this area. It is often the case that selectees are transferred to the South or East, whatever the case may be, for their thirteen weeks' basic training, and then returned to Fort Dix to be permanently stationed at one of the above mentioned units. In this manner, many of them enjoy the privilege of being located advantageously near the metropolitan area or perhaps near their own homes.

Before closing, it seems only fair to those who were responsible for the work completed, that I mention something about the improved environmental conditions at Fort Dix. A while ago, the term "mud-hole" was more or less suponewas more or less synonymous with the name Dix in many a person's mind. Today it is a different story. Much architectural landscaping has taken place - green lawns have replaced rocky fields; good gravel roads have done away with the mud and dust which used to be a hindrance to travel and comfort; all buildings have been given a re-painting, and shrubs and have been planted around them to add a little color to the area. Most of the work was done by the selectees themselves, with non-commissioned officers

I hope I have succeeded in giving at least in part, a word pic-ture of Fort Dix. It's rather difficult to cover every detail of the program here but then again, the title does say 'A Glimpse . . and that was what was intended. To those fellows whom I know and who are about to be called, look me up in Headquarters Company, 1229th Reception Center when you get here; to all the rest at Paterson State, best wishes ofr a successful school term.

Editor's Note: Nick was graduated from State in June. here he was President of the Student Council in 1940-1941, and was very active in other school clubs and activities.

TID BITS

By Ruthann Shagin

Do You Know?

. That Skippy Klein is Paterson State's threat to Bing Crosby.

. . . That Miss Hopper has started a class in modern dance, and those limping legs, aching backs, and muscle-bound arms of our Paterson lassies are the first results-But wait until you see them in their first recital!

. That Jeanne Smyth had been confined at home because of an appendectomy.

. . . That Harry Lister is such an ardent Art Club member that he is going to see "Lady in the Dark" the third time in order to be with the group.

.. That Gordon Smith and Sof Esterman are on a sleep strike. Both attend school during the day and work during the night.

. That knitting has become a vital part of the college girl's routine. Paterson has more than her share of knitters. If you were to peep into the ladies' lounge some lunch hour, you would hear a chorus of feminine voices echoing -knit one, purl two—gosh, I dropped three!

.. That some beautiful harmonizing can be heard echoing forth from the locker rooms every time that freshman quartet is in there.

. Mr. Weidner's male choir really sounds great. It is a perfect lunch hour screnade. When are we going to hear a real performance from the group?

. That Charlotte Brown is taking up score keeping in order to watch a certain Paterson lad make the basket.

. . That Lanell Turner is contributing her artistic talents to the paint department of Sears and Roebuck.

... That-that's all!

A WORD TO THE WISE

By Adele Ortman

If you don't succeed, try, try again, You've often heard that before, And you know that opportunity knocks

Only once on your door.

These things have been said by master-minds,

But they knew much less than you, If they could do that, and you know more Just think what you can do.

BUT THEN I LOOKED AGAIN

By Ruthann Shagin

I looked out on the naked tree Stripped of leaves by winter's frost I looked out on the naked tree Whose breath and life seemed so lost.

But then I looked again! The tree had the courage to remain,

To test life's offer once again, To patiently await the coming o spring,

When buds begin to sing, When grass grows green and days grow fair

With the fragrance of life that fills the air. When lazy zephers from the wes

Are aniple reward for winter's test

I looked down on the smoldering embers

Whose radiant flames were something of the past.

I looked down the smoldering embers

Draining life's nectar to the last. But then I looked again!

It seemed some spunky little spark Whose fear of death held no shame Burst forth from out the dark, Giving rise to a more glorious flame.

A flame whose warmth and billiant light

Reaching out to distant parts Gave men the courage to fight For the love and ideals deep in their hearts.

A flame whose embers never would die,

But nurtured by courage would envelop the sky,

And cast down from up above A light on life . . . A life of love.

I looked down into my troubled soul Blemished and scared by sin and

sorrow I looked down into my troubled

Soul Fearful of the next tomorrow.

But then I looked again! I saw now what I had never seen

A breath of courage, sharp and

Making me akin to that tree and spark,

Guiding me carefully through the dark. Instilling in me the zest of living

Living-in a world whose only compensation for sin and sorrow

Is the courage to await the joys of

tomorrow.

BEACON SPORTS

ATHLETE'S FEAT

by DON HALL.

Congratulations to Tom Oliver on his election as president of the Varsity Club. Suggestion to Tom-Hold a public club meeting instead of a varsity show. No show could be funnier. Congratulations to the other officers, Dave Ebner, James Hackett, and Bob Chayce.

It will be well to note that besides having time for school and athletics, every member of the club is either an officer in the club, his class, or the S. G. A. Nice going fellows!

Preview of Baskethall

As custom more or less decrees, the time has rolled around when we take a preview of our basketball team. This year Coach Schmidt is faced with the task of rebuilding his entire varsity.

Last year's team was the best in State's history. It won grenteen games in twenty-four starts. But three of the maindays of last year's varsity, Lou Sirota, Wendell Williams, and Morris Pressman have been graduated, leaving Coach Schmidt with Tommy Oliver and Dan Jankelunas to build around, Sy Pollack, Dave Ebner, and Bill Platt who saw limited service last year are back.

Newcomers

As for the newcomers, not much talent has been unveiled. Sid Brown, formerly of Paterson Eastside, is the best looking prospects. Brown handles himself well and looks pretty smooth. He makes his unders count, which helps a great deal. However, if he wants to play much under Coach Schmidt, he'll have to dribble a great deal less.

Ray White, a transfer from Montelair where he played layvee ball, has looked good in the opening practices. This mhander has a fine eye on set shots. What puzzles me is why a didn't see some varsity service for the Indians. Perhaps he vas handicapped by lack of height (which by the way Brown besn't have too much of either for a basketball player), but hat shouldn't be as noticeable this year, for it's no secret that he Pioneers will use a zone defense this year. In this style f play it is not so vital to have tall men in the front. Ray has layed a lot of ball and should see service this year if Uncle am doesn't get him first.

George Smigen, a freshman from some stop up the line n New York state, still looks as tall as he did when practice sarted. Smigen was a three letterman in his high school. Seveal of the fellows in the locker room are willing to place medst wagers on what the sports were. Coach Schmidt thinks hat he can teach him enough to make him useful under the basket. If he can, it will certainly solve some problems. He oust be slated for action for I see last year's cheerleader captain gathering information for some cheers. By the way, as further evidence of our athletes' popularity, George was elected class president. Congratulations.

Tom Templeton, a freshman from Hawthorne, has shown aimself to be aggressive and might fit into one of the combinations in the front of the zone.

No newcomer is Fritz Engleken who showed much promise last year in pre-season practice. Fritz still has height and ability, and if he can turn them in the right direction can be expected to move up from the Jayvees.

As we said before, Coach Schmidt plans to utilize a zone defense. This calls for each man to cover a section. The two men up front must run full speed all the time, necessitating rapid substitutions. Mr. Schmidt plans to utilize six men working as three units.

Rounding out the line of prospects are two men familiar to all who lounge in the cafeteria, Sy Pollack and Dave Ebner, two of last year's reserves. Both of them are very fast and are a sure bet to work as one of the units up front.

To look at a team on paper and to see it play are two different things, but even though the team and system will be hew it will not be surprising to see Coach Schmidt floor another strong team, although it will have a tough job to end up with as good a record as last year's combination.

Basketball Team Prepares For Busy Season

On Tuesday, Oct. 15, nineteen candidates for the basketball team answered Coach Schmidt's call for first basketball practice. Only two of these are lettermen who have seen action in varsity games, Sorely missed will be Pressman, Sirota and Williams, the mainstays of last year's fine team.

Lettermen

Lettermen Jankelmas, Pollock and Oliver are back this year, as are reserves Platt and Ebner, These reserves will be competing with freshmen Brown, Smigen and Templeton together with J. V. players Engelken, Montesano and Rielly for positions on the first squad. Montesano has broken his finger and, although he thinks he may be reade to play in a few weeks, he will probably be our for a good part of the season, Templeton, a freshman, is also laid up for a short time with an injured

Ray White, a transfer from Montelair Teachers, has been impressive in early practice and will give last year's reserves stiff competition for a place on the first

Unfortunately, most of the Jayvees of last year cannot be heavily counted on for varsity material. Some are juniors who will have less time this year to devote to baskethall and all of the I. V. squad are sadly lacking in playing experience.

Zone System

This year Coach Schmidt hopes to perfect the zone system and to use it extensively. Schmidt intends to have six pairs of first-line players which he can use interchangeably in the game.

With high-scorers Sirota and Pressman of last year's team gone, the State squad will have to be more careful about letting the opposition ring up points. Coach Schmidt has the boys practicing already and hopes to have the team ready and rearing to go for the first game, Nov. 28, against the

Sanad

Asked what he thought of this year's squad, Coach Schmidt re-nlied, "We'll have an inexperienced team with only two boys who have had a whole season of var-sity competition; but I feel sure that we will win more games than

Members of the squad this year are, Jankelmas, Pollock, Ebner, Oliver, Platt, Rielly, Engleken, Montesano, White, Brown, Smigen, Templeton, Hazonics, Christie, Teagle, Morris, Fulbeck, Choyce, and Viscardi.

JANKELUNAS HEADS BASKETBALL TEAM

Coach Schmidt announced today that he had chosen Dan Jankelunas as captain of the Pioneers for the coming season.

The captain is usually elected by the lettermen, but because only three lettermen are returning Mr. Schmidt decided to choose a captain. On the basis of seniority Jankelunas was chosen.

Jankelunas is a junior from New Milford. He has earned two varsity basketball letters, Jankeinnas also plays baseball, having been the three years. He is treasurer of the Junior Class. backbone of the pitching staff for

Ping-Pong Season Opens Here Soon

Improvements Have Been Made in Method of Playing Off Tournaments

In a few weeks, teachers will probably notice a decrease in class attendance, Yes, ping-pong season is here again. This year, as in the past, the athletic department will sponsor a ping-pong tournament. Improvements

Two great improvements in the manner of conducting this tournament to find the table tennis champion will be noticed. First the contest will be open to both boys and girls, and the possibility of holding the games in the gym being considered. Secondly. intra-mural awards will be granted this year.

Numerous Champions

Instead of merely one champ this year the playoffs will produce winners for five divisions — boys' singles, girls' singles, boys' doubles, girls' doubles, and mixed doubles. Coach Schmidt hopes to have the tournament underway in a few weeks.

Varsity Club Elects Officers: Plans Events

The Varsity Club held its first meeting of the 1941-42 season Friday, Oct. 18. The Varsity Club is a group whose membership is limited to those who have received their Varsity letters. Under the direction of Advisor Henry Schmidt the following officers were chosen unanimously: president, Thomas Oliver: vice-president, Dave Ebner; secretary, Jim Hackett; treasurer. Joe Hazonics; sergeant-atarms. Robert Choyce. Plan Events

The club, having installed its officers with due ceremony, discuss-ed coming events for the year. March 6 has been tentatively selected as the date for the Faculty-Varsity basketball game. This affair, held at the close of the regular season is one of State's most thrilling sport events. Last year the Varsity barely managed to eke out a victory over the powerful Faculty five.

Show Dance

Also on the social calendar of the club is a show-dance tenta-tively set for Feb. II. The Varsity show which was not given last year, has been a great success in the past, and with the great array of talent the club has this year it

should prove to be a good show. The members of the club this year are Robert Choyce, Dave Ebner, Charles Fulbeck, Jim Hackett, Don Hall, Joe Hazonics, Don Jankelunas, Thomas Oliver, George Rielly, Jerome Zwerdling, Coach Schmidt is the advisor.

RIELLY HEADS ATHLETIC COMMITTEE

At a regular meeting of the S. A. on Friday, October 10, George Reilly was appointed per-manent chairman of the Athletic Committee. Reilly had been serving as tem-

porary chairman until changes in the set-up of the committee had been effected.

After a motion by Frank Nu, gent, Reilly was unanimously chosen as the permanent head.

Two Teachers Drop Out Of Bowling Line-up

A hitch was thrown in the carefully laid plans of the Faculty Bowling League last week when two faculty members dropped out of the line-up.

Blind Score

Mr. Williams has decided, nevertheless, to let the teams stand as picked and to try to replace the two who decided that the pinscattering exercise was too much for them. Until the replacements are found the teams missing players will be given a "blind" score. A "blind" score is usually 125 and is given to a team when a member is absent or declines to bowl.

Personne! Changed

The teams will use the same names as were selected last year but the personnel has been changed. The teams are:

Daniel Boones: Williams, White, Unzicker, Fromm, Abrams, Jesse James: Schmidt, Boer, Baker, Jeffries. Brigham Youngs: Weidner, Altender, Loveridge, Matelson, Trainor, Kit Karsons: Snedeker, Wightman, Matthews, Tyrrel.

The teams will bowl Tuesday and Wednesday afternoons at the Paterson Recreation Center beginning the last week in October.

TEAM PROMISED MORE PUBLICITY

Paterson State will be given an opportunity to secure more newspaper space for its basketball team this year if the plan of James G Johnson is accepted.

Mr. Johnson, Director of Publicity of Rider College has invited all large colleges in New Jersey interested in securing more space for their minor sports and small colleges needing more publicity for all sports to join him in his plan.

The plan is based on one in which Mr. Johnson participated in the Border Conference of Arizona and New Mexico. Each school sends in all sports results and statistics to a central office where they would be compiled and released weekly to press associations. If the response is sufficient, re-leases would be sent to all New Jersey newspapers as well as New York and Philadelphia.

If this plan is successful it will give small colleges and deserving athletes of them 2 break because they will be compared statistically with the large colleges, rather than

he submerged by them.

Mr. Johnson suggests that the plan be kept simple at first, but if successful suggests the formation of a New Jersey Sports Publishing Association.

CHRISTIE JEFFRIES

(Continued from Page 1) osophy of living. The Lone Huntsman has appeared in the Saturday Evening Post. Other poems of hers have been published in The Chris-tian Home, The New York Times. and Breadloaf Anthology.

Plans to Publish Book of Poems She is planning to put her poems

in a book form, and hopes to have it published sometime between now and May.

Before the program terminated, Miss Hunt read Night Flight, a poem which she especially enjoyed. Miss Jeffries wrote this poem because site wanted to put down on paper the impressions a flight made on her.

Mary Kennedy

Sings On Major

FRESHMEN PROMISE NOVEL PARTY

"There'll be a hot time in the old school Hallowe'en night," promise the freshmen. Come one, come all, to the annual Freshman Frolic to be held on October 31 at 8 o'clock.

The auditorium will be decorated like Uncle Ezra's barn with corn stalks, apples and balloons suspended from the ceiling. Hallowe'en silhouettes of cats, pumpkins, and "old mother witch" will prance along the side walls, and the stage, decorated to represent a corn field, will be enclosed by a picket fence.

Jugs of cider, plates of dough-nuts, and dishes of Hallowe'en candy will satisfy the cravings of the inner man after a gala evening of dancing.

LIBRARY GETS BOOKS (Continued from Page 1)

piece of writing. It has character, grace, and real people in it. main character, Sapphira, is a jealwoman whose imagination leads her to persecute her slave girl who is really an innocent sufferer. The beautiful setting and forceful style make this book well worth reading.

For those who pride themselves in reading the best fictional works, there has been added the most recent group of O. Henry Memorial Prize Stories. These stories, written by such well-known literary figures as Marjorie Kennan Rawlings. William Faulkner, Katherine Ann Porter and William Saroyan, have been judged as the best works written in 1940. These and many others have been added for the convenience and use of the student body, who will benefit greatly if they will avail themselves of the advantage.

CAMPING INSTITUTE

(Continued from Page 1) Massachusetts State College in Amherst and nationally known nature authority, will be available for the study of nature.

The Camping Institute will be organized on the unit basis. Groups of eight or ten students will construct their own shelters, build their own fires, do their own cooking and prepare their own projects. It is expected that a demonstration camp of about thirty children will be available for observation.

It is expected that the cost of

the entire program will be approximately \$30 per student which will include all expenses except transportation to and from the Institute and in addition will include the granting of at least two colcredits.

Students who attend the Institute for two successive years will be well trained to accept positions as counsellors at Life Camps, Inc. and any other camp, public or private. Thus students will be prepared to supplement their regular teaching salary with a summer counselling position which will be helpful financially and at the same time will be enjoyable work. The program will also add to the background of the student preparing for a teaching position.

It is expected that the Camp-

ing Institute for the first year will be limited to thirty students from all the State Teachers Colleges. Thus, all other things being equal, those students who first make application for admittance will re-ceive preference.

All students who are interested in attending this Institute should sign their names immediately on the blank provided on the bulletin board. Students should also indi-cate their preference of dates of

Sylvia Blut Elected To Presidency Of Geography Club

Group Plans For Christmas Play and N. E. A. Activi-

At a meeting held earlier this term, the Geography club elected Sylvia Blut to fill the vacancy of the presidency left when Jack Madrigan resigned from that office. The officers for 1941-42 are: President, Sylvia Blut; vice-president, Abba Hutchinson; secretary, Grace Del Vecchio, and treasurer, Mabel

Star-gazing

On Thursday night, October 16, the club members went on a stargazing tour. The group met at 7 o'clock at 19-21 Clark street. From the office of Mr. Patterson, they made their observation of Mars

Christmas Play

The club has already been making plans for its annual Christmas This play is written and diplay. rected by the club members under the supervision of Dr. Shannon, club advisor. They have also made tentative plans to hold a snow party combined with an historical itinecary.

Celebrate N. E. A.

This club will also help to celebrate National Education Association week, which is from November 9 to 15, by sponsoring some of the N. E. A. activities, They would not disclose any plans made for the event, because it will be a surprise for the student body.

The Geography club feels that in sponsoring this organization. they are aiding a worthwhile project. Some of the important purposes of the N. E. A. is to teach parents and citizens more about modern school practices, and have them consult with teachers concerning the progress of their children. As a result of these ac-tivities "better schools are better understood."

SOPHOMORES MEET ADVISERS OCT. 30

All Sophomore students are directed to meet with their term paper advisers on Thursday, October 30, during the activity period as follows: Dr. Alteneder Room 215

Mr. Baker	**	31

Miss T. (assigning sentences): Senor, diez. (ten)

Student starts reading.

Miss T.: Senor, I said diez.

Student looks at book a long time, then starts reading same sen tence again. Miss T.: There must be some

error, senor, you reading? What sentence are

Student: The sentence you gave me, senorita, de eighth!

Editors Reveal Their Problems

Thursday morning—no copy handed in (well, very little); five cub reporters who had either never had journalism or had forgotten all about it; nine veteran reporters who never could met a deadline; Margaret Patterson, Editor-in-chief, out practice teaching, and the Beacon scheduled to come out on Monday.

Friday-the editors spent the day handing out more assignments, tracking down more news stories, and rewriting the few that finally came in. Laura Crouch spent the day trying to find the clusive Mr. Brown so that she could write up an interview for the front page. Norma Giordano paid a visit to the Morning Call for a cut to use in the Beacon, but for some good reason didn't get it, so-

Saturday morning Laura Crouch goes to the Call and gets the cut without half trying. All this while Evelyn Foote has been trying to fill four pages of the newspaper with enough material to cover two of them, Somehow she managed to complete three, but there was still a page completely blank. The task of writing enough stories to this whole page rests with Laura and Norma. They finally succeed-ed in writing up the material, but the linotypist informs them that he stops work at twelve. Only one thing to do-turn back the clock, and Laura does it. The linotypist complains that he is getting hungry. Laura keeps turning the clock back, Norma continues to tell him that it isn't lunch time yet, and Margaret Patterson works feriously to get everything finished.

Monday morning-Beacons fill the stand in the corridor. The editors look, and can't believe it.

MILLIE-THE SHOP GIRL By Ruthann Shagin

Millie worked in a ladies' store Selling stockings and underthings But Millie's heart was not in her work.

Her dreams were tied up with wedding rings.

Millie worked from nine to ten Six days out of seven Sometimes on Saturday nights She would even work to eleven.

Millie lived in a boarding house On the other end of town, wardrobe included a few worn dresses

And a faded old evening gown.

Millie dreamed of a fireside With a husband and children fair A little house with a slanting roof, And the fragrance of country air.

Ali-but Millie's hopes were all in

For a life of sweet simplicity, For Millie married a wealthy man, And is now queen of our Society!

Staters Take All Day Field Trip Oct. 18

An all-day field trip on October 18 was the second of the series of Saturday trips to be taken this year. The purpose of this trip was to study the levels of living in the

Metropolitan area. The first stop that the group made was at the City-wide Tenants Council where a guide took them to see an apartment in one of the slum areas. After taking notice of the conditions here, the group went to the Municipal Lodging House for Men to observe the way in which the city provides for the

subsistence of homeless men. The Bowery YMCA was next stop. Here the group learned the work of this "Y", and also had lunch. The last stop of the trip was a visit to the Vladeck Houses, where the large public housing project was studied as an example of how conditions of slum areas can

KORALITES FEATURED

(Continued from Page 1) tion, "Poetic License" over C.B.S. in November, 1938.

Programs

Since then they have appeared on the following programs: Norman Corwin's Words Without Mu-Ben Bernie's show, Good Neighbors, and other Columbia Workshop presentations. At present they are on the March of Time. Ambitions

Their ambition is to have their own radio program again. At one time they had their own program, The Story of All of Us. They also want to appear in a good Broadway musical.

Appeared in Hellzapoppin One night they appeared in Hellzapoppin. Miss Snyder feels that this work is a "lot of fun" but that it is even harder than acting because you are continually speaking in such a way as to consume a great deal of energy.

Present Group

The present Koralite group is not composed wholly of the original members, for the draft has taken its toll even of them. Miss Louise McBride of Colorado and Mr. Kenneth Hayden of Iowa are man and wife and have a small son. Miss Mary Heckart hails from Colorado, too. Mr. McKinney is from Arkansas and Mr. Dickens from Buffalo, N. Y.

Presentations for schools and clubs as well as radio work occupy

Bowes Program Popular Singer Has B Featured on Radio Num ous Times

Were you one of the lucky who heard Mary Kennedy, on Paterson State's own students only a freshman at that, sing aria, "Caro Nome," from R letto by Verdi, on Major Bo Amateur Hour, Thursday, Octo 167 Mary only received word

she was to sing that night at n of the very same day. She was her way to the Rotary Club. I can see that she had very sh notice. Only the previous night had practiced for a Masonic m strel, and she was scheduled to pear at the dinner for the Comunity Chest drive, Thursd which she had to cancel beca

of her appearance on the air. Since Mary has overcome nervousness, the large studio dience at Station WABC did a frighten her. Each contestant m sign a contract which states won't say anything that is not the script. Mary believes they not know that she was going attend Paterson State or else s

Upon being asked her aspirati towards a singing career. Ma responded: "I'm afraid it wo come true if I tell." It was not a til high school that operatic we entered the young singer's life, F two years, Miss Mabel C. Woo

would have mentioned it.

a non-professional and Engli teacher at Eastside High in Pr erson, has been her voice instru For one year and a half, Ma ang light classics on stati WHBI. She won a prize in an ar ateur contest on WMCA, sang
