

Health Committee Campaigns For Cleanliness in Cafeteria

Due to the deplorable conditions in the cafeteria and various social rooms of the college, the Student Government Association unanimously voted on Wednesday, January 28, to summon all future offenders before the Council.

John Buller, Junior Class President, will be responsible for summoning offenders and bringing charges.

The Health Committee, backed by the S.G.A., has for many years tried to impress on the students the need for orderliness, cleanliness and neatness in caring for the rooms they use. They have tried to get each student to "clean up" the cafeteria after lunch. The committee has reported many times that it is only a few who offend and make things unpleasant for others. It is through the action of these few that the entire student body loses privileges.

Mr. Robert Williams, faculty advisor of the Council, pointed out that it is the duty of the S. G. A. to discipline those students who misuse the privileges afforded them. Through their inconsiderate action privileges are taken from all the students. Since it is the students who suffer from the action of the few offenders, it should be the students and not the faculty who discipline them.

Donald Hall, Vice-President of the S. G. A., who presided at the meeting, stated that it was his hope that "putting teeth" in the matter in this way would soon put a stop to the misuse of student privileges. He hopes that this action will bring every student to the realization of the seriousness of the situation and that there will be no need for summoning any student before the Council. Mr. Hall also stated that this matter would be put to the test immediately as the ping-pong room is to be reopened on Wednesday.

Sororities Enjoy Social Activities

During the Christmas holidays, the three P.S.T.C. sororities enjoyed various types of social activity. On December 29 the Phi Omega Psi sorority held an alumni tea at Nystroms. The formal initiation were held on Tuesday, January 13, at the home of the president, Dorothy Dockray, in Ridgewood. The club is planning to have a formal dinner dance on February 7—either at the Meadowbrook or the Windbeam.

Zeta Kappa Chi enjoyed a trip to New York during the holidays. On Tuesday, January 6, they had their annual Christmas party at Dr. Alteneder's home. Gifts were exchanged.

On Tuesday, December 23, the members of the To Kalon sorority sang Christmas carols at Valley View. Afterwards they held a Christmas hobby party. Rose Ura-to and Ruth Stoffer were formally initiated at the meeting on Monday, January 19. The club is planning to see "Best Foot Forward" sometime during the Easter vacation. Arrangements are being made for a card party to be given here at school.

\$5,500 in Stamps And Bonds Sold

Drive Opened at Poverty Dance; Miss Tyrrel and Mr. Thomas in Charge

\$5,500 is the amount received to date from the sale of Defense Bonds and Stamps. The drive, sponsored by the faculty and students of the college, was opened on January 23 at the Poverty Dance.

In a special assembly on Wednesday, January 28, Dr. Clair Wightman urged each student to buy as much as he possibly can, since every bit counts. Mr. Thomas suggested that students try to contact as many people as possible and encourage them to buy as many Defense Bonds and Stamps as they can.

Miss Bertha Tyrrel is handling the sale of bonds and stamps. 10 cent, 25 cent, 50 cent and \$1 stamps can be obtained as well as the regular bonds. Bonds purchased for \$18.75 have a face value at maturity of \$25. Likewise bonds purchased for \$37.50 have a face value at maturity of \$50.

To quote Mr. Thomas, "We can't join the armed forces, nor can we all do defense work, but we can all dig down whether we buy a thousand dollar bond or a ten cent stamp."

State Abandons Operetta Plans

This year there will be no operetta at Paterson State. While it is with regret that this traditional event is abandoned, in view of world conditions and the uncertainty of the future it seems to be the wisest course. The new accelerated program which has been inaugurated will require a good deal of work, and many of the vocalists will be out practice teaching during the next few months. This will not enable them to devote time to rehearsals, and an operetta without rehearsals might better not be one. Also, many of the boys are working after school hours, thus leaving a dearth of male vocalists.

However, for those who are anxious to vocalize there will be ample opportunity to do so. Mr. Wiedner is organizing a mixed chorus very shortly. This group will prepare selections for entertainment among themselves and at assembly programs. Watch the bulletin board for further notice about the new mixed chorus.

To Kalon Donates Library Books

Nine Volumes Added To Children's Library

This term, as they have been doing each term for quite some time, the To Kalon Sorority donated \$5 for the purchase of equipment or books for the Children's Library.

Miss Abrams and Miss Trainor have selected nine books that will soon be placed on the shelf in the children's library. A set of pictured geography books, including the story of Chila, Argentina, Brazil, Canada, Alaska, the West Indies, and Mexico, are intended for beginners in geography. Marguerite Henry has written these texts in a very interesting and colorful style, and black and white pictures that complement it make the books interesting for the young reader.

"Babar, the King, by Jean de Brunhoff has also been acquired. This tale of the elephant country ruled by King Babar and Queen Celeste should interest the grade students. The other book, "The Princess and the Apple Tree," is written by A. A. Milne, author of "When We Were Young" and "Winnie the Pooh."

STATE SPONSORS VICTORY BOOK CAMPAIGN

The United States Library Association, the Red Cross, and the U. S. O. have combined efforts to make the Victory Book Campaign a success. Books are being collected for men in all branches of service in the army, navy, and air forces. Both fiction and non-fiction are being asked for. Textbooks in science and mathematics, especially, are in demand. If you have any books in fairly good condition, of almost any type, you may leave them in the library. They will be collected and sent along with other books to the soldiers and sailors.

State Offers Afternoon And Evening Courses

Variety of Subjects Presented in Teacher-Education Courses and Civilian Work

Registration for late afternoon and evening courses at Paterson State Teachers College has already begun. Over forty courses are being offered. These courses are not only teacher-education courses. Those who wish to take general cultural courses, or advance in civilian or defense work can register for special courses.

Monday

At 4:15 P. M. on Monday two courses are offered, The Place of Field Trips in the Teaching of Elementary Science, and Current History of Latin America in a World at War. At 7 Contemporary Drama as a Social Force and Health and Physical Education for the Classroom Teacher will be offered.

Tuesday

Courses in Educational Psychology Tests and Measurements in the Elementary School, Safety Education and First Aid in the Ele-

(Continued on Page 4)

Social Committee Sponsors Zodiac Party February 5

A Zodiac Party, sponsored by the Social Committee, will be held on February 5 in the cafeteria. A spaghetti dinner will be served free of charge to all Staters at five-thirty.

This party is unusual in many ways. As the name suggests this is a birthday party for all who attend. Each student

will sit at the table with all other students born during the same month as he.

The matter of entertainment is being kept a secret, according to Joyce Whetham, chairman of the Social Committee. "The group will adjourn to the auditorium following the dinner where there will be loads of surprises, fun and prizes. We are not going to tell you any more about it because like all good birthday parties we want this to be a big surprise for everyone."

In order that the Social Committee may know how many to plan for each student planning to attend must make reservations with his section leader and receive an orange slip which will be collected at the dinner. When making reservations each student must give the date of his or her birth. The only other requisite for attending is the possession of at least one defense stamp. This will not be collected but must be shown.

Also carrying out the patriotic theme, prizes will be in the form of defense stamps.

Committee chairmen for the affair are: Louise Woodruff, publicity; Ruth Daulton, purchasing; Bessmary Radcliffe, tickets; Anne Cooper, table; and Art Club, decorations. Carrie and her staff will do the cooking.

Miss Edith Jackson, committee advisor, announced that plans are being made rapidly for coming social events. An Ice Carnival will be held on February 18 at Barbour's Pond providing weather permits. The Carnival will be similar to that held last year with hot dogs, coffee, etc., for refreshments.

A sports Party is being planned for March 6, also.

MISS TIFFANY WORKS ON ARTS COMMITTEE

Miss Marguerite Tiffany is on the Visual Aid and Dramatization Committee of the Eastern Arts Convention which is going to be held at the Hotel Pennsylvania March 25 through March 28. The theme of the convention is "Frontiers—Today's Needs." This year emphasis is to be placed upon needs as they exist in the life of the child, in his school, in his every day life, in the specific field of art.

Each day's program will be presented with an unusual dramatization of the theme. Special settings, lighting and other exciting visual means will be used during each of the convention's many and varied programs. Public exhibits of work by average intelligent children will feature work contributed by the different teacher training departments.

Miss Marguerite Tiffany has two oil paintings on exhibition at the Decorators Club Gallery which will be exhibited for three weeks beginning February 3.

Ph.D. Awarded To Mark Karp

One of State's most successful teachers, Mark Karp, attained his degree of Doctor of Philosophy at New York University's January graduation.

Continuing his interests in the field of English, Dr. Karp wrote his thesis on "An Evaluation of an Individual Method and a Group Method of Teaching College Freshmen the Mechanics of English Composition." Dr. Karp conducted his experiment at Paterson State where he taught one Freshman class individually and the other class by the group method.

When at college of City of New York Dr. Karp's chief interests were English, Latin, and Greek. When he took his master's degree at Columbia his interests narrowed down to English.

Born in Brockden, Mass., he soon moved to the nearby town of Stoughton which boasts the founding of the first musical society in America. He attended the Boston Latin School, the first grammar school in the United States.

He did his practice teaching in elementary schools of New York City. Since then he has taught extensively in Passaic and Bergen counties. He taught at the College of Paterson, at the Passaic County Junior College, and at adult education centers in Wayne Township, Rutherford, and at the North Jersey Adult Education Center in Paterson.

At Paterson State he teaches Public Speaking and Speech and a course new to him, Children's Literature, for the Seniors. Among his extension work is the well known course, The Rise of American Culture, which he teaches together with Mr. Lester De Beer.

A man of varied outside interests he likes to bowl, attend the theater, read, and enjoy his family.

His success as a teacher can be based in great part upon his philosophy of teaching. He believes that as a teacher you should "consider each member of your class as a person who is living more or less successfully through experiences which you once lived through. Remember that you too once misunderstood and misinterpreted. Above all remember you're dealing with people."

"In the commerce of speech use only coin of gold and silver."—Joubert

Vol. 6 Wednesday, February 4, 1942 No. 8

S. G. A. ACTS TO CURB NEGLIGENT STUDENTS

The Student Government Association at long last has taken definite action on the matter of student abuse of privileges. Several weeks ago the ping-pong room was closed because of the filthy condition which existed as a result of student carelessness. When college students leave apple cores about a room we question whether or not they belong in college. We also question this when students leave remains of their lunches on the cafeteria tables. There is no excuse whatsoever for this type of behavior. Every student in college knows that this is not proper conduct for everyone.

The Council has gently reminded students of this by putting signs about the school. Of course we could scarcely expect that those who possess such sloppy habits would heed signs.

Fortunately it is only a few students who offend. However, it is not fair that the majority should suffer for the action of the few.

We feel the S. G. A. should be commended for taking definite action on this matter. It is the hope of each Council member that this action will bring to the attention of the offenders the seriousness of the situation and that there will be no need for summoning any student before the Council.

The reopening of the ping-pong room is a test. We now have a police force in a certain sense. Do we students of Paterson State need a police force to enforce neatness and consideration for others? This is our chance to show we do not.

BUY DEFENSE STAMPS AND BONDS

Have you bought any defense bonds or stamps yet? You may say that the little you have to buy them with won't make any difference. Yet if each person in the United States bought a ten cent Defense Stamp each day it would amount to \$1,300,000.

There are many reasons why each one of us should invest our money in Defense Savings Bonds.

1. This is the quickest way in which every citizen can serve his country and at the same time save his money.

2. Purchase of Defense Savings Bonds helps to finance the national defense program, so vital to each one of us.

3. The purchase of these securities enables each one of us to save for the future.

4. United States Savings Bonds and Stamps are investments which fit every need and pocketbook.

There are stamps of 10 cents, 25 cents, 50 cents, and \$1. \$18.75 in stamps can be exchanged for a bond with a face value at maturity of \$25. Other bonds have a face value of \$50 and \$100.

Remember that every \$75 you put into Defense Bonds will pay you \$100 ten years from now.

Buy your stamps and bonds today. Urge your friends and relatives to do so also.

Do You Know?

by MR. KENNETH BROWN

1. Do you know that Paterson State is cooperating in the war emergency program by providing an accelerated program for its students?

2. Do you know that it is possible for a student to graduate from Paterson State in three years?

3. Do you know that the high standard of work of Paterson State is maintained in the accelerated program?

4. Do you know that it is possible for a high school graduate to enter Paterson State this summer and be certified to teach in September 1944 — only twenty-seven calendar months in Paterson State.

5. Do you know that the class schedule has been so arranged that a student may change from an accelerated to a normal program without a conflict in class schedule?

6. Do you know that Paterson State has more requests for teachers than it can supply?

7. Do you know that there will be a summer session at Paterson State?

8. Do you know that the above questions will be discussed in the next edition of the Beacon?

Houston Advises Future Teachers

(Editor's Note: James Houston now teaches in Carlstadt. At State he was unusually active, as President of the Student Council, editor of the Beacon, and Master Councilor of Skull and Poniard fraternity.)

"I do not know anyone who when asked for advice will refuse to give it—usually at great length. Giving advice is usually a harmless activity because it's very seldom heeded particularly if the advice be good. Therefore in this 'interview,' if you will permit me to do so, I shall confine myself to giving advice to future teachers now at Paterson State.

future teachers now at Paterson State.

"First—I believe that everything you do contributes to your 'background useful in teaching' whether the activity be confined to curricular or extra-curricular or extramural experience. In teaching you can use your entire background of experience. Therefore I would advise you to do everything that twenty-four hours a day allows you to do.

"Second—I believe that anyone with a modicum of intelligence and application can get all the subject matter he needs to teach subject matters in the elementary school field at Paterson State Teachers College. However inasmuch as you are being trained to teach children rather than subject matter I would suggest that you diligently examine your instructors and seek to capture from them something of the qualities which may make you a better teacher of

Food Specials!

During the next few weeks prices on certain food dishes will be reduced considerably. Students are requested to watch the menu daily for these special prices.

STILL FAITH LIVES ON!

by FLORENCE MISKOVSKY

When beautiful dreams have vanished
And heavenly thoughts are gone,
When hopes have all been banished,
Still faith lives on!
When those you love have proven untrue
And, like a summer cloud, have gone
When you learn that so-called friends
Are only a few
Still faith lives on!
When empires and states are crumbling
And one after the other are gone,
When canons roar like thunder, rumbling
Still faith lives on!
When the demons of war begin to snore
And sons and brothers are gone,
In our hearts we wonder if they'll come back anymore
Still faith lives on!

children. For a beginning I would suggest that you try to discover and then take unto yourself some of Dr. Wightman's sagacity, Miss Abram's friendliness, Mr. Matthew's good humor, Dr. Shannon's unswerving loyalty, Mr. William's seriousness, Mr. Baker's calmness, Mr. Roehler's intellectual enthusiasm, Mr. Karp's thoroughness, Miss Hopper's patience, Miss Jeffries' conscientiousness, Mr. Weidner's exuberance, Dr. Unziker's scientific attitude, Miss Jackson's correctness, Dr. Loveridge's exactness, Miss Tiffany's evaluation of realities, Dr. Alteneder's regard for others, and Dr. White's open-mindedness. Profit also from their vices (need I point them out) by shunning them. If you absorbed one from each of them you'd be a thorough-going mess.

"Third—When you start teaching whether you 'must' or not, have a planned program, written or mental, for the entire day's activity. A good teacher can improvise his way through a day, but at the end of it he finds himself more worn out than he would have been had his day been planned.

"Fourth—Be certain within yourself that tomorrow will be a better day. If you lack that conviction don't even try to get a teaching job but devise some quick and painless method for bestowing the proceeds of your insurance policies upon your heirs or assignees."

James Houston Jr., '41.

THE COUNTRY STORE

by ADELE ORTMAN

The snow had fallen the night before
And covered the roof of the old country store.
Now it was warmer and melted snow
Leaked through the roof on the floor below.
The kids who came in for their lollypops
All kicked the pan that once caught the drops.
"Old Moe," the owner, tried all he knew
To stop up the roof so it couldn't come through.
He yelled and he hooted, he hollered and swore,
But it still wet his feet and dampened his floor.
The kids didn't mind, they were used to "Old Moe,"
And the tantrums around by the dripping snow,
So they all hung around in the rain, snow, or sleet,
To hear Moe complain of his dripping wet feet.
And they laughed when he hollered; looked shocked when he swore,
For they knew Moe loved his "dad-blamed store."

NOTICES

On Monday, February 9, Mr. Reese Matteson, principal of School No. 5 in Paterson, will speak to the Future Teachers of America during Activity Period. His discussion will concern the teacher and her position in the community.

There will be a meeting of the International Relations Club Activity Period, Friday, February 6, in Room 302. All are welcome.

An orange-colored fountain pen has been lost by Miss Trainor. Will the finder please return it to her box in the office. Since Miss Trainor has had the pen for fifteen years, she is particularly attached to it.

George R. Compton has applied for a commission. It is now in the process of consideration and investigation by the military authorities through routine channels.

\$3.20 was turned over to the March of Dimes Campaign from the box which was placed in the library by the Beacon staff. Numerous other students contributed in local theatres and stores.

Speaking Of Sports

by JIM HACKETT

Well, exams are over and we can all rest easily or uneasily as the case may be. I read several articles in the New York papers about the expansion and curtailment of sports by the colleges. Seems that the big colleges will plan more sports and the small colleges will curtail or abandon sports or else concentrate on intramural. State will probably do both. Coach Schmidt plans to go ahead as usual unless otherwise directed. A few games will be cut off the schedule but this was contemplated anyway. Intramural sports will be extended however.

* * *

We had a swell ride to New Haven the other Saturday to play Arnold. Fitz Engleken was in rare spirits and kept the rear half of the bus howling with laughter. Fitz's wit is spontaneous and rather explosive at times. On the way home the Dissipated Eight serenaded the couples in the front of the bus with home-made ditties such as "Lister, Lister, Why Don't You Kisser"; "Buckle Down Cocksackie, Buckle Down"; and other pitiful tunes. One duo the octette left alone. Our two faculty guests are swell sports and the team hopes they'll come again.

* * *

What two big strong basketball squad members made their girls take the bus home alone? Cocksackie and Totowa papers please note.

* * *

Well, this isn't a dirt column so more about sports and less about social frivolities.

I passed a press clipping about Pete Pasko of East Stroudsburg around on the bus to Arnold. In the article it said that Pasko, rated one of the best courtmen in the east, chewed a toothpick during every game. The next time we stopped for food half of the squad started to develop a toothpick chewing technique.

* * *

It was good to see State win over Newark even though a victory over Newark can hardly be a consolation. It was said that last year's team played over their heads and it will probably be said that this year's squad isn't playing the type of ball it should be. I personally think the boys are capable of better ball playing than they have shown in some of the games, yet it is no disgrace to lose to teams like Stroudsburg, Siena, Hofstra, and Arnold. It's an interesting fact that the average male enrollment in the colleges we play is about 900 per cent higher than our enrollment. (An average of 400 to 40.) Despite this only East Stroudsburg has beat us by more than twenty points and the average of points by which we have been beaten would be nearer 10. At the last publication of press compilings we were sixth highest scoring team in the state; Captain Jankelunas was tied for fifth highest scorer.

Yes less than an average of twenty students have come to see the home games. With that kind of student support and school spirit, defeats can easily be explained.

Pioneers Nosed Out By Arnold

Unbeaten Physical Education Five Downs State 54-48

The State basketball team traveled to New Haven, Conn., last Saturday to drop a six-point decision to Arnold College at the New Haven Y. M. C. A. court.

The New Haven boys have won six straight and have yet to taste defeat this season. Last year State downed Arnold in a close seesawing game and last Saturday's affair was the same kind of a game. State overcame Arnold's five point lead in the first quarter and at the half State trailed only one point, 25-24. Tom Oliver and Tom Templeton lead the State attack with 14 and 7 points respectively, while Kear and Crisafi scored 37 points between them to lead for the victors with 79 and 18 points. State was unable to cut down the third

quarter four-point margin.

Pioneers Defeat N. S. T. C.

The State basketball squad posted its third win in six State Teachers Conference games last Tuesday when they defeated Newark State Teachers College by the score of 47 to 23.

Newark held the varsity starting five to a seven 6-6 score in the first quarter, but the Pioneer reserves ran the score to 18-11 at the half and increased it to 31-14 at third quarter.

More Extensive Physical Education Program Planned

Intramural Program to Fit All Students' Tastes

Athletic Director Henry Schmidt has announced that he has planned an improved and expanded program of sports for students taking physical education. In keeping with the national program outlined by John B. Kelly, physical director for the Office of Civilian Defense, Coach Schmidt has planned an intramural program designed to enable the individual student to avail himself of the opportunities to improve his physical condition. Basketball, softball, volleyball, handball, boxing, and calisthenics are sports already on the schedule and, if enough students are interested, arrangements can be made for swimming, track and tennis. This semester Coach Schmidt hopes to have only one gym period, so that there will be enough in the one class to keep such a program running.

Boys who are interested in teaching and would like to learn the rules of games and how to officiate them will be given an opportunity to do so.

East Stroudsburg Defeats Pioneers

Team That Beat Seton Hall Scores 47 Points in Second Half to Overwhelm State, 80-51

In a free-scoring tussle, the surprising fighting Pioneers held the highly-touted East Stroudsburg team to a 33-28 half-time score, before succumbing to the superior height and excellent reserve strength of the Pennsylvanians. Two of the visitors scored over 20 points apiece while Tom Oliver of State tallied 16. Pete Pasko of East Stroudsburg who, incidentally averaged 27 points per game last year, made 26 with his hook shots and pivots. State showed excellent set-shooting strength, with Jankelunas and Brown tallying many through that medium. It was a rough, fast game, full of thrills, especially when Paterson tied the count in the first quarter, 13-13.

Box score:

Paterson				Stroudsburg

Montclair Downs Pioneer Five

Schmidtmen Bow to Tune of 48-40

Montclair practically eliminated all hope of Paterson's recapturing the State Teachers College crown, as they beat State at their home court on Wednesday night, January 14.

Although the Pioneers piled up an 8-0 lead early in the first quarter, the Redmen of Montclair kept whittling down the lead to tie the count at 20-20. Thirty seconds before half time, Steinitz of Montclair tallied four points with an under and a long hawker.

Two baskets by freshman Sid Brown and an under by Bill Platt gave Paterson the lead in the third quarter, but Montclair again forged ahead. Paterson managed to even up the score repeatedly, but never again regained the lead.

Sid Brown of State and Steinitz of Montclair were high for the night with 13 each.

Off the backboard . . . Bill Platt developing into an offensive threat for the Pioneers . . . Ben Woptas and Bill Tryanowski, ex-Lodi High basketballers playing decisive part in victory . . . Staters kidding each other about the little outdoor jaunt from the dressing room to the College High gym . . . Jaggiello twins, also Lodi products, collecting tickets at the door . . . State Jayvees playing ragged ball in defeat.

Box score:

Paterson				Montclair

State Loses To Becker Five

Jankelunas High for Loser With Eleven

Paterson State dropped another hard-fought contest last Friday night when the Becker College basketball team downed the Pioneers 41-37.

Stan Sorota lead his teammates to an early first quarter lead. State then outscored Becker in the last three quarters but not enough to overcome the 10 point first half margin. Dan Jankelunas, fifth highest scorer in the state, led the State squad with 11 points. Sorota got 23 points for the winners.

In the prelim game the State Jayvees lost to a more powerful Hawthorne A. C. team.

The box score:

Paterson				Becker			
G. F. T.		G. F. T.		G. F. T.		G. F. T.	
Pollack, f	1	0	2	Sorota, f	10	3	23
Engleken	1	1	3	Sullivan, f	3	2	8

Paterson Conquers Rutgers University College 55-43

Oliver, Brown Outstanding; Coach Substitutes Freely

With Tom Oliver and Sid Brown in outstanding roles, the Pioneers of Paterson State Teachers staged a fierce last quarter attack to defeat Rutgers University College at the loser's home court, 55-43. Although Rutgers was not exactly considered the favorite before the game, State found them to be a rather hard nut to crack.

It looked like a walk-away for State in the first quarter as they chalked up 15 points against the opponents 6. However Rutgers rallied again and again to enter the 2nd half with the score 30-22 against them. In the third quarter, Rutgers out scored State to bring them up to a mere one point deficit 43-42. They repeatedly broke through the Pioneer man-to-man defense with Haines of the opposition doing most of the scoring. Incidentally, he was high for the night with 14, while Tom Oliver of Paterson garnered 12. State then switched to a zone defense which immediately proved profitable. Sid Brown tossed in a basket, as did Dave Ebner and Tom Templeton. Rutgers fell to pieces against this fast-breaking zone, enabling Coach Schmidt to substitute freely. Bill Platt also tallied to further lengthen the gap, while the best that Rutgers could do was convert a foul shot.

The Jayvees have planned to buy sweaters like those given to Varsity members by the Varsity Club.

Adult Education Center Maps Courses For Spring Semester

The Spring term of the North Jersey Adult Education Center will begin February 18 and continue for ten consecutive Wednesday evenings. This brings the term ending to April 22.

The center is an enterprise to promote cultural, educational, and recreational activity for citizens of Northern New Jersey. It was begun in the fall of 1938 through the efforts of our college, and any adult is eligible to join the classes upon payment of a specified registration fee. Dr. Kenneth B. White is chairman of the Center.

CHAIRMAN

Courses that are offered Wednesday evenings this semester are listed below:

Harmonica Instruction

The course given by Mr. Fred Sonnen, a nationally known harmonica artist and instructor, is mainly for beginners. Included in the course is expert instruction in playing the harmonica, the arrangement of harmonica music and the organization of a harmonica band. In this course students are required to provide their own instruments. An advanced class will be organized also.

Art and Etiquette of Entertaining

Miss Jean Hennessy, instructor of home economics at Central High School, will teach the art of entertaining in the home. Suggestions and paper methods for playing host will be given through lectures and discussions. Some of the things included in this course will be the preparation of food, table appointments, and serving of food for special functions.

Poise and Personality

This course in Poise and Personality has been developed for those not acquainted with such a course. Emphasis is placed on posture and conducting oneself in a correct and graceful manner. This is done through discussion, illustrations, and suggestions from the teacher, Miss Hazel M. Ryan. Miss Ryan is a teacher of Dancing and Social Etiquette. Advanced instructions in poise will also be given.

The Art of Make-up

Miss Ruth Rutherford, an instructor from Battin High School, will lecture and demonstrate the right make-up and its correct application. This course will be supplemented by individual analysis.

Social Dancing

There are two classes organized for Social Dancing, one for beginners and one advanced class. The beginner's course teaches the fundamental dance steps while the advanced course constitutes instructions in newer and more modern dances. Both courses are under the direction of Miss Helen Frazza, the instructor of Physical Education at Clifton High School.

Golf

The Golf class has also been divided into the beginner's and advanced sections. Both groups will be supervised by Myron Kniffen, a

professional from the Passaic County Golf Course. The beginning golfer will learn the essentials of good form, proper grip, proper stance, back swing, pivot, position at impact, weight shifting stance, head position and follow thru. Mr. Kniffen also presents the rules and etiquette of the game in this course.

The other class is set up for golfers who wish to improve their game. This class will be taught individually while the beginner's will be taught through group instruction.

Speech

Dr. Karp, instructor at State, will offer two courses in speech. One course, Speech Improvement, will aim to solve speech problems of members of the class. In Public Speaking, Dr. Karp will try to develop a mastery of speech technique that will get action from the audience addressed.

Opera Appreciation

Members of Miss Marion McCutcheon's class will study the outstanding operas so that their enjoyment for them will be increased. Miss McCutcheon is an instructor in the music department of Eastside High School.

Astronomy

The course in astronomy offered by Mr. Neal J. Heines is intended for both the beginner and advanced student. The course will be conducted through lectures and discussions supplemented with slides, pictures, and graphs. The class will be given frequent opportunities for observation, and instruments used in astronomy will be exhibited in the classroom.

Symphony

No previous knowledge of music is required to take Mr. George Keller's course in World of Symphony. Although this is a continuation of the class conducted last semester, it is not essential to have completed the fall term. The purpose of the course is to develop an appreciation and understanding of the world's best symphonic music. The fundamental principles of music will be presented through records and piano.

Spanish

Mr. A. B. Carrero, instructor at Central High School, will conduct a class in Spanish so that those who desire may become acquainted with the language and obtain a better understanding of the Spanish people.

Interior Decorating

This course will give consideration to the individual rooms in relation to the house as a whole. Points such as the location, architectural planning, function, color scheme, illumination, furniture arrangement, storage space, and decoration of each room in the house will be discussed. Advice on problems presented by the students will be given by the instructor, Mr. David W. Holloway. Mr. Holloway, now stylist and decorative consultant of the Bristol Furniture Company, was formerly decorator at Bloomingdale Brothers and at James McCreery and Company.

Gardening

Mr. Michael T. Scepansky will conduct this course in the form of lectures, question and answer forums, illustrated material, and lab-

FINAL GRADES

Final grades for the fall semester will be given out in the main office some time next week, the date to be announced on the bulletin board.

Please do not ask for grades in advance, by telephone, or verbally.

Remember, no grades will be available for students owing library fines or books, those without pictures for their permanent records, or in financial arrears.

MISS TRAINOR ON RUTHERFORD DEFENSE COUNCIL

Miss Juliette Trainor, advisor of the Paterson State Beacon, has been elected secretary of the Public Relations Committee of the Rutherford Defense Council. This council is composed of ten men and three women, all experienced in journalism and publicity.

Through writing newspaper articles and by publicity through the movies, this group plans to bring forward the part that the average citizen plays in defense and the part the council takes.

Miss Trainor's particular duty is that of writing features on the work done by citizens acting as air raid wardens, and societies such as the Red Cross or Defense Councils.

State Offers Afternoon And Evening Courses

(Continued from Page 1)

mentary School, and Children's Literature will be taught at 4:15. At 7 a course in Architecture and Decorating will be given.

Wednesday

On Wednesday four courses will be taught. They are The Rise of American Culture Since the Civil War, History and Principles of Education, The Content and Teaching of Music Appreciation in Grades Seven Through Nine, and The Modern Novel.

Thursday

The afternoon courses on Thursday include The Language Arts in the Elementary School, History and Principles of Education, and Contemporary World History. In the evening classes will be conducted in Social Case Studies, and Cataloging and Classifications for libraries.

Friday

On Friday, Sculptoring will be taught at 4:15 P. M. On alternate Fridays the discussion periods of the field study course in The Contemporary Metropolitan Community will take place. The trips will be taken on alternate Saturdays.

Saturday

A laboratory course, the workshop in visual aids, will be held on Saturday morning from 9:30 to 12:30.

oratory work. Mr. Scepansky is an instructor at Central High School.

Photography

In his course, Mr. William C. Bowman will consider advanced composition, filtering, studio lighting, enlarging, and enlarging control. Several sessions of the class will be held at the Paterson Camera club and members will be able to photograph a model. Individual photographs will be criticized by the instructor, Mr. Bowman, president of the Paterson Camera Club, has been the successful exhibitor in many salons.

Other courses offered are First Aid, Sketching, and Blue Prints.

Beacon Publishes Addresses of Men In Armed Service

The Beacon is publishing a list of the addresses of State students who have entered the United States Services. The addresses given below are correct as of January, 1942. However, transfers may have been made since the list was acquired.

Robert Albinson, Rockaway Lifeboat Station, Fort Tilden, N. Y. (U. S. Coast Guard); Morris Benson, Pine Bluff School of Aviation, Grider Field, Pine Bluff, Arkansas; Nicholas Beversluis, Hq. and Hq. Company, 1229 R. C., Fort Dix, N. J.; Lieutenant William C. Daley, 4th Pursuit Squadron, Selfridge Field, Michigan; Jerome D'Agostino, Battery A, Seventh Battalion, Fort Eustis, Va., Barrack 1108.

Emil De Snoo, 120 Third Headquarters Compelment, Fort Dix, N. J.; Courtlandt Guyre, Co. D, 3rd Medical Training Battalion, 1308th Medical Replacement Center; Howard Kamerling, Rockaway Lifeboat Station, Fort Tilden, N. Y. (U. S. Coast Guard); Isadore Lander, Battery F, 36th Field Artillery, Fort Bragg, N. C.; Michael Lobosco, 32058330, Co. G, 102nd Medical Regiment, A. P. O. 27, U. S. Army; Harold Mandeville, Co. B, 3rd Battalion, Fort Monmouth, N. J.; Paul Schneider, Co. G, 102nd Medical Regiment, A. P. O. 27, U. S. Army; Corporal Ralph Smith, Battery D, 5th Battalion, 2nd Platoon, Fort Eustis, Virginia.

ART CLUB PRACTICES USING INK DYES

At the last meeting of the art Club, which was held on January 29, the members discovered for themselves the versatility of ink dyes. Lanell Turner, president of the club, demonstrated the use of these dyes in making designs on handkerchiefs. The members then proceeded to make stencils and used them with the dyes to decorate their own handkerchiefs. The finished designs were hung in the art room where others might admire them.

During the meeting plans were discussed for attending an art conference which is to be held at the Hotel Pennsylvania on March 25, 26, 27, and 28. Paterson State will definitely be represented at this conference, but the final plans will not be made until next meeting.

The group also discussed plans for attending an opera. Norma Giordano, chairman of the social committee, is in charge of finding suitable operas which are being presented during the first week in March.

State Ready For Air Raids

Organization Is Completed; Several Drills Held

Paterson State is well organized in the event of an aid raid. Several drills have already been held. Student wardens have been assigned to their respective posts and definite printed instructions have been given to each student.

The defense committee composed of Mr. Carl E. Snedeker, Mr. Gordon Matthews and Mr. Benjamin Matelson have announced the following list of air raid workers.

Wardens

Alfred Resnick, Dan Jankelunas and Harry Coyle are basement wardens. Wardens of the first floor are Charles Fulbeck, Sol Esterman, James Hackett, Malcolm Morris, David Ebner, and Felix Shagin.

Wardens stationed on the second floor include Thomas Teagle, Victor Christie, Donald Hall, George Froelich, Stanley Pollock and John Paletta.

Runners for inside duty are Peter De Leo and Sheldon Goddard. Those for outside duty include Amasa Marks and Angelo Bertone.

Emergency station wardens include Rocco Montesano, Ernest Mueller, Thomas Oliver, Dominick Viscardi, Arthur Kline, Ray Dumont, Jerry Yadoff and Sidney Brown.

Emergency Squad

An emergency squad composed of Stanley Brezin, Stuart Benjamin, Thomas Templeton, Harry Lister, William Loveless, George Smigen, are stationed on the first floor with Miss Doremus.

Procedure of Students

Students are reminded that those in classrooms on the third floor must march to the second floor where they will be directed where to go by the student wardens.

Students on the second floor will form lines along the corridor walls, leaving vacant those portions of the walls which are exposed or directly opposite doorways.

Students in the gymnasium will go to the first floor corridor and take positions directly behind the grade children. The same procedure must be followed by students in the basement.

Skull and Poniard Meets

The ninth regular meeting of the Skull and Poniard was held Monday, January 26, at the home of Brother Rocky Ford. Bill Platt was granted his final degree. The next meeting will be held Feb. 9 at the school.
