

12/93

Dear Mr. and Mrs. Hobart,

Belated thanks for joining us earlier this month at William Paterson College for our Victorian Holiday Party. Your presence certainly enhanced our festivities and reminded me, once again, how special the Hobart home and family was and continues to be.

As I promised, we are in the process of having slides produced into prints of the building decorated for Christmas. We will forward them to you when they are available in early January.

Again, thank you for including WPC in your trip to New Jersey - it was wonderful seeing you again and having you see our progress.

Warm wishes to you and your family for a good holiday and a healthy 1994!

Sincerely,
Judy Linder
