Dr. Elizabeth M. Rinaldi

- she gave photos

Dear Dr. Rinaldi:

It was good to see you the other day in connection with our plans for the All College Dinner Dance. I enjoyed catching up on Mark Karp and some of the others we spoke about.

Thank you very much for the materials on Hobart Manor. I have passed them along to Mary Ellen Kramer and Mike Driscoll, who are at the center of the restoration project. They were very pleased to receive them and noted that several of the photographs gave us perspectives we did not previously have. They asked me to convey their appreciation for your interest and thoughtfulness.

Sincerely,

A handwritten signature in cursive script, which appears to read "Dennis Santillo".

DENNIS SANTILLO
