Letter from the President

Dear Graduates:

Congratulations! You are now officially part of William Paterson University's long history of Pioneer pride and excellence. As President of William Paterson University I salute your accomplishments. I am honored to address you in this special memento of your college career.

A Yearbook is so much more than a collection of portraits and snapshots of University life. A Yearbook is about preserving memories - the friendships and relationships you formed here, the special events that you organized or attended, the teammates with whom you shared competition and camaraderie and the faculty and staff who mentored you. These memories, though fresh in your minds now, will inevitably fade over time as your academic, professional and family lives develop and mature.

I hope this Yearbook helps to provide the connection to cherished memories associated with the time you spent at William Paterson University for years to come. I am confident that what you learned in our classrooms, our student clubs, or on our athletic fields, and in all the other places where you shared the college experience with your peers and our outstanding faculty and staff, will serve you well. You have received a foundation of excellence on which to build whatever future you choose.

As you move forward through the years and share your personal recollections of your time here, your stories combine to provide a sense of William Paterson University for the world beyond the campus. Your graduation links you with the many generations of students who have achieved success at this great institution.

I wish you the best in everything ahead and I encourage you to stay connected to William Paterson University. Now that you have become a part of WPU history, I hope you continue to be a part of the WPU future.

Best wishes for health, happiness and success.

Sincerely,

Kathleen Waldron

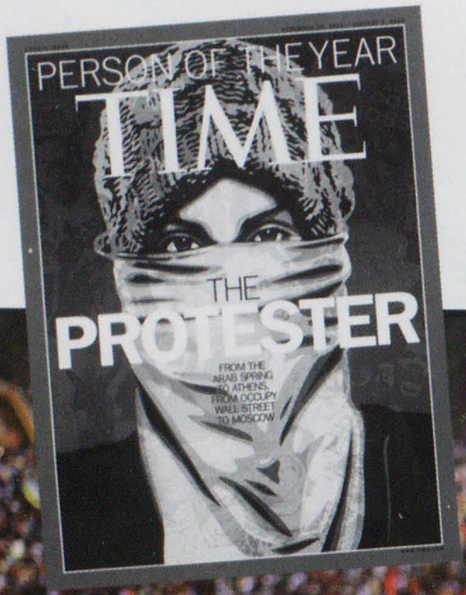
WAVES OF CHANGE Former Egyptian President Hosni Mubarak, who had been in power since 1981, was ousted in 2011. He was later put on trial for allegedly ordering the killing of protesters. **EGYPTIAN PROTESTERS** Waving their national flag and shouting slogans, thousands crowded Cairo's Tahrir Square to demand political change as anger grows with the military rulers over the slow pace of reform. **TOGETHER IN PROTEST** The flags of Syria, Tunisia, Yemen, Egypt and Libya were painted on participants' palms during a demonstration in Yemen.



ARAB SPRING

PROTESTS ACROSS THE MIDDLE EAST brought changes to Arab nations large and small. Uprisings began in Tunisia, where, as 2010 ended, a young vendor protesting the confiscation of his wares set himself on fire. Discontent spread to Egypt and Yemen as 2011 began, and in the months that followed those governments and leaders from Bahrain, Libya and Syria were under siege. By year's end, the presidents of Tunisia, Egypt and Yemen had stepped down and Libya's Moammar Gadhafi and his son Mutassim had been assassinated. Tunisians went to the polls in October 2011 and the Egyptian election took place just a month later. The protests continued despite high costs: thousands of lives (5,000 in Syria alone) and billions of dollars were lost.

10 YEARS LATER Dedication ceremonies for the families of victims marked the anniversary of the attacks on the World Trade Center, while the 9/11 Memorial on the 16-acre site of the former WTC complex opened to the public the following day. The memorial's reflecting pools, set within the footprints of the original twin towers, are surrounded by names of the nearly 3,000 victims. **MEDAL OF HONOR** Marine Corporal Dakota Meyer was awarded the Medal of Honor after saving 36 lives in Afghanistan. **MORTGAGE RATES AND FORECLOSURES** Housing prices continued to fall as more than a quarter of all American homeowners owed more on their mortgages than their homes were worth. Despite interest rates as low as 4%, home ownership continued to decline. **OCCUPY WALL STREET** After gaining the world's attention with an online presence in addition to gathering in NYC's financial district, protesters disturbed by growing income inequality and wealth distribution in the United States between the wealthiest 1% and the rest of the population replicated occupations from coast to coast. **POTENTIAL GOVERNMENT SHUTDOWN** The Budget Control Act of 2011 was passed on August 2, bringing a conclusion to the debt-ceiling crisis, which had threatened to lead the United States into sovereign default. **STONE OF HOPE** The August, 2011 dedication of the Martin Luther King Jr. Memorial in Washington, DC honors Dr. King's contributions and vision for all to enjoy a life of freedom, opportunity and justice. **UNEMPLOYMENT** While January 2012 data showed a national unemployment rate of just 8.3% – the lowest in more than three years, economists warned that the encouraging report might be the result of factors like discouraged job seekers giving up the hunt for work as much as economic growth.

OSLO ATTACKS People laid flowers in memory of the victims of a pair of attacks in Norway that claimed 76 lives on July 22. A shooting spree at a youth summer camp occurred just two hours after a car bomb explosion near the Prime Minister's office. **EUROPEAN DEBT CRISIS** Financial woes abroad continued as investors feared government debt levels precluded some countries' abilities to prevent economic collapse. Greece, Ireland and Portugal received a wave of aid from the European Financial Stability Facility in October, 2011. **RACE TO THE WHITE HOUSE** As many as 10 legitimate candidates vied for the Republican party's presidential nomination in 2012.

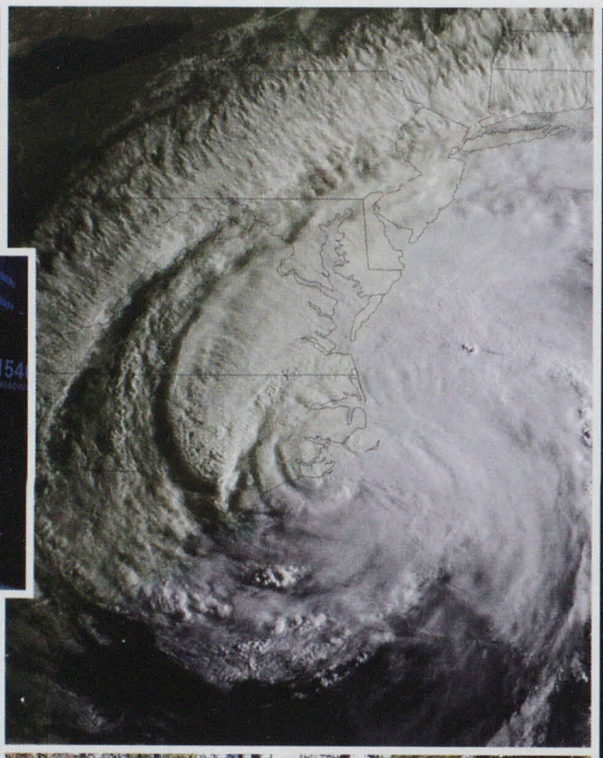
TORNADO DAMAGE

VIOLENT APRIL TORNADO OUTBREAK While Tuscaloosa, AL received the lion's share of damage on April 27, 2011 when tornados there caused devastation and killed nearly 300 people, the storm series included 359 confirmed tornados in 21 states over the course of three days. Four of the twisters were rated F-5, the rating for most destructive storms.



RED CROSS Extreme weather and other catastrophes caused the agency to launch 137 relief operations in 46 states in 2011. **JOPLIN DISASTER** May's F-5 tornado destroyed one-third of the Missouri *town, killing more than 150.* **HURRICANE IRENE** In late August, severe winds and intense rainfall brought flooding and damage to the northeast. More than 5 million homes and businesses were without power for as long as a week. **EAST COAST QUAKE** While little damage and only minor injuries were reported following a 5.9 earthquake in August, a crack was found in the famed Washington Monument and the Virginia quake was felt from Toronto to Charlotte. **WILDFIRES** A long-standing drought and strong winds contributed to the worst wildfire season in the history of Texas.

CATASTROPHIC DESTRUCTION

THE MOST POWERFUL EARTHQUAKE ever to hit Japan was an undersea megathrust in March 2011. The 9.0 temblor, which lasted nearly five minutes, caused tsunamis that flooded cities more than five miles inland and sent tidal waves crashing to the United States. In addition to local damage done by the earthquake and accompanying tsunami, the event crippled three Fukushima nuclear reactors, releasing dangerous levels of radiation.

A RECORD-BREAKING YEAR IN ENTERTAINMENT

NEW JUDGES Jennifer Lopez and Steven Tyler joined *American Idol* as season 10 judges, following the departure of Simon Cowell. Tyler became a fan favorite, saving the ratings in 2011. **THE MUPPETS** After 12 years, *The Muppets* returned to the silver screen. With over $100 million at the box office, the film became the highest-grossing of the Muppets' series. **THE HUNGER GAMES** With the excitement of the 2012 release of the first installment of *The Hunger Games* to theaters, the print trilogy became a top seller on Amazon and at Barnes and Noble during the holiday season. **REBECCA BLACK** After her YouTube video "Friday" went viral and racked up over 10 million views, the California teen earned a cameo in a Katy Perry video. "Friday" also appeared on *Glee* and *Dancing with the Stars*.

THE HELP Stronger-than-expected box office returns for the movie caused a huge bump in sales for the book across the country. **THE MAIDS COME OUT ON TOP** The film received a lot of attention from the Academy Awards and Golden Globes, earning Octavia Spencer Best Supporting Actress at both award show's — her secret to success, well that lies in the pie.

NEW MAN Ashton Kutcher "moved in" to replace Charlie Sheen in the ninth season of CBS's *Two and a Half Men*. **STATE FAIR STAGE COLLAPSE** Just before Sugarland took the stage at the Indiana State Fair on August 13, a high-velocity gust from a severe thunderstorm hit the above-stage fly system. The stage collapsed, causing seven deaths and injuring 40. **BEAVIS & BUTTHEAD** After a 14-year hiatus, MTV revived Mike Judge's teen toon in October. The major difference was that the duo's commentary shifted to reality shows like *Jersey Shore* rather than obscure metal videos. **GOLDEN GLOBES** Ricky Gervais offended Hollywood one joke at a time when he hosted the 2011 Golden Globes. Even so, NBC invited Gervais to host again in 2012 due to high ratings.

KEEPING UP WITH THE KARDASHIANS They are everywhere. Kim wed, then divorced NBA star Kris Humphries. Khloe followed husband Lamar to Dallas (and so did brother Rob). Bruce Jenner underwent surgery to remove skin cancer. Kourtney was pregnant with baby number two. Kendall and Kylie Jenner made the cover of *TeenVogue* in March.

GOOD-BYE HARRY POTTER

THE END OF AN ERA Harry Potter's movie franchise came to an end with the release of its final installment in July 2011. The series became the highest grossing franchise in domestic box office history, accumulating $2.4 billion in America and $7.7 billion worldwide. Though we have to say good-bye to Harry and friends as the Potter films come to a close, Muggles can continue to enjoy the world of Harry Potter through the additions of the Wizarding World Theme Park at Universal Studios in Orlando, Florida and JK Rowling's new online experience, Pottermore.

Once an agreement was reached, the players won additional benefits; the continuation of a 16-game regular season schedule, improvements in player safety and increased injury protection. IT STARTED SO INNOCENTLY. IT consultant Sohaib Athar (@ReallyVirtual) had moved to remote Abbotabad, Pakistan to escape the rat race. On May 1, 2011, he tweeted about a late-night military operation involving helicopters hovering over the city. While Navy Seals were involved in a firefight on Osama bin Laden's compound, Athar was lightheartedly complaining that the copters were keeping him awake. Unknowingly, he was the first to report the mission using Twitter. The attack on the 38,000-square-foot compound was followed by bin Laden's burial at sea.
