Red Cross To Sponsor Contest

The Paterson State Teachers College Red Cross Unit is sponsoring a poster contest. These posters are to be used in the annual Red Cross drive in March. In addition to the distinction of having their posters displayed publicly, the two winners whose posters are judged best will receive these prizes: first place, two theater tickets for a New York show and second prize will be either a pair of nylons, or a theater ticket.

1-The size of the poster must be no smaller than 9" by 12". -The poster must contain the words, "American Red Cross

Annual Drive." It must contain in the lower right-hand corner, in small "Paterson State Teach-

ers College, Red Cross College Unit." The deadline is Thursday,

February 28.

-The posters should be turned into Miss Jackson's office.

This is a chance for all the artistically inclined students to bring distinction to Paterson State, themselves, and to do a good job for the Red Cross.

LET'S TAKE INVENTORY

Our college building may not be, and probably is not what any student dreams of, but there are other things to consider besides the physical appearance of our school. Don't forget that this is your college and it is only what you make it. The beginning of a new term is a good time to take inventory; a time to see what you have done to make the college a better place. Too often students feel that the college must offer them everything and that they in return give nothing.

The school wants something from you too. It wants taith and trust in its teaching; it wants loyalty; it wants cooperation and it wants you as a friend. All these qualities cooperation and it wants you as a friend. At these quanties form that undefinable something called school spirit. It's something that isn't given, beught or taught, but rather a stimulant flowing within one's heart. It's that something that makes you proud when the name of your school is remained and that which gives you the sense of belonging.

Can you honestly say that you have that school spirit?

The content of the co may be improved. Make an earnest effort to do these things and you'll be surprised to find out what a good friend you have gained—your college.

CAN YOU SPARE FIFTEEN MINUTES?

February marks the birthdays of Washington and Lincoln—great men in America's history who can speak to us today only in spirit. If they were alive they would have important things to tell us. For example, I'm sure they would join the many who are urging us to stick together, to be united as Americans and as members of the world Family of Nations. To this end, we as citizens they interested in currents. owe it to ourselves to be interested in current events.

Certainly all of us are interested in what happens to us today; why, then, should we but be just as interested in what will happen to us tomorrow? What happens to us in what will appen to us tomorrow? What happens to us tomorrow is a measure of what happens to the world—and it is we the American public—who have the power of shape the tomorrows. For the most part, we have allowed this power to remain dormant. Let us awaken it—use it! As citizens let's be interested in the legislation asset in our country. What is more important, let's be interested enough to use the vast power of public opinion to let our lawmakers know where we stand on vital issues.

It may take fifteen minutes to write a letter to your Congressman, but ask yourself this question: "Can I spare lifteen minutes to make a better America?" You may answer: "What good is my opinion? What can one person the person adding his bit to the voice of many makes." that voice stronger; a chain is built by links—each link adding to the strength and worth of the finished product. And that product remains worthwhite only so long as it is used; but the chain away and it soon becomes rusty.

Theta Delta Rho Initiates Pledaees

Now it can be told! The pledgees of Theta Delta Rho Sorority have successfully survived the tortures and anguish which they have had to endure during the sorority initiation period. The pledgees were assigned to wear green bows in their braided hair and carry a raw ogg to school, which had to be signed by their teachers.

The next requirement of the initiation was to appear in front of the City Hall in Paterson. Here, they had to sing, brush the clothes of pedestrians, and sweep the sidewalks with pans and brushes. After surviving this ordeal, the sorority went to the home of Dorothy Krech where the last phases of the initiation period took place. The pledgees had to eat onion seeds in the dark and entertain the sorority. Later, refreshments were served to all members.

The group of girls who sur-vived the initiation and are now members of the Theta Delta Rho includes June Carrano, Joan Reed, Jean Pasinska, Winifred Kennedy, Marie Jarnegian, Evelyn Mott, Virginia Gilbert, An-toinette Ciaramella, Lottie Ruty-na, Jeanie Neil, Grace Jelalian and Gloria Rachelle.

Anne Bigg Engaged to Wed Lt. (j.g.) Benjamin

Former "Staters" Anne Bigg of Franklin and Lleutenant (J.g.)
Stuart Benjamin of Paterson
have recently announced their engagement.

Anne, a recent graduate of P.S.T.C., had been very active in college activities and received her B.S. degree in elementary educa tion in May, 1945. She was elected to Kappa Delta Pi, national honor fraternity, in her senior year. Anne is now a member of the faculty of the Franklin Public Schools.

Lieutenant (j.g.) Benjamin, also active in college activities while he atended "State," was a member of the basketball and baseball teams. He received his two year achievement certificate from P.S.T.C. a member of the American Asso ciation of Teachers Colleges. But with all these fine accomplishments, college officials were ever mindful of the need of continual growth with the changing of the times. As a result of modern trends in education, teacher methods for kindergarten and primary grades were treated as a field of specialization. Paterson States officials, following their tradition of growth and expansion, finally received State au-thorization for a kindergartenprimary teaching curricula.

Almost immediately another advantage was achieved with the addition of a new business curricula.

In September, 1943, the State consulted.

Board of Education approved the plan for Paterson State to offer a course for student nurses. It is remarkable to note that improvement of school premises

tremendous expansion in the curricula of the college. ricula deserves a more fitting environment. The setting, I believe. should keep step with the rapid development of curricula. When we consider the vast amounts of money invested in corrective institutions and how utterly neglected our alma mater has been ve cannot help but see the unfairness—the pitiable, unbalanced situation. It is time, now, to make up for lost years; it is time to balance the scales to bring the development of our school environment up to the place of honor which our college curricula has attained through the years. Every Stater dreams of the day when his alma mater will stand forth in a structure worthy of the traditions of Paterson State Teachers College
