# Paterson State Becomes N.S.A. Members; S.G.A. Considers Corporation By-Laws

#### Will Provide For Scholarship Fund. Student Services

The ratification of the by-laws for the new student corporation, The Paterson Society for Aiding College Students, is still under going careful consideration by student council representatives. The idea for the formation of the corporation was presented to the student council last year. The idea was accepted and a commit-tee was given the approval to draw up the by-laws.

With the passage of the bylaws the corporation is expected to be in operation by the com-pletion of the term; trustees will be elected and the organization will take form and function.

Stated Purposes

The purpose of the organization is clearly stated in the

by-laws:
"1. The purpose for which this

corporation is formed are to ac cept gifts for use in awarding student scholarships or loans; to provide scholarships and loans for college students; to purchase books and other equipment and supplies and resell them to the students at a minimum cost; to help college students to find part time employment; to operate at a minimum cost to students a college book and supply store and a cafeteria or lunchroom; and to raise funds by giving entertain-ments, etc."

#### Lahey's Technique Thrills Audience

Arthur Lahey, renowned artist, fascinated an audience of more than three hundred Staters with his brush and canvas skill during an assembly held February 27. Mr. Lahey, whose works of art

appear in many well known skillfu American museums, Jemonstrat colors.

Dr. Roland Will of the State Teachers College at New Paltz, New York and his committee of faculty members and students faculty members and students representing different states are in charge of the March 19 meeting. Student conferences have been planned for the morning and afternoon to cover ideas of national and international significance. The problems considered will be significant to undergraduates in terms of campus, academic, and extracurricular activities.

Friday's forenoon session will include a panel presentation and discussion of the following topics:

- Promoting freedom in communication. Promoting freedom in the
- teaching profession. Promoting social, scientific, economic, and political freedoms. Mr. Cioffi will deal with the broadening of economic freedoms through edu-

## SGA Outlines, Student Exchange Among Benefits

PATERSON, NEW JERSEY

The Student Government Association of Paterson State Teachers College has ratified the NSA Constitution and has thereby become a member of the United States National Student Association

Plans for the formation of the NSA were discussed last summer, at which time over 600 colleges were represented at a conference held at Madison, Wisconsin.

Some of the prominent reasons for the formation of this national group are as follows: (1) Improvement of Student Government Associations in schools and colleges; (2) Exploration of edu-cational opportunities for stu-dents; (3) Exchange of students and of information between U.S. and foreign countries; (4) im-proving relations with the Soviet Hnion.

Most of the work of the NSA is carried on through the Executive Committee. The United States is divided into regions, each regional chairman being represented on the Executive Committee.

It may be interesting to note that the officers of the Executive Committee are compelled to leave school during their terms of office in order to devote full time to the work of the NSA.

Frank Zanfino will present his views concerning the question "How can student-faculty rela-tionships promote freedom?" Other questions to be discussed are "What contributions can stu dent governments make to the development of free citizens? and "How can extra-curricular activities make their greates contributions?

Between these two program a luncheon for delegates, speakers, and faculty members will b held at the hotel. A resume of certain phases of the surver study on student teaching teacher's colleges will then given.

Faculty members who expet to attend the conference are D Clair Wightman, Miss Edit Jackson, Dr. Louise Altenede Dr. Samuel Unzicker, Pr. Edit Shannon, Dr. Tunis Baker, I Kenneth White, Miss Julie Trainor, and Mr. Robert Bak Miss Trainor is faculty deleg for Eastern States from Pater

When I was about fifteen the psychiatrist told my mother that it was about time I had a date. He said they were lots of fun especially with girls.

So I had my first date and it was very exciting. She was a pretty little girl with the com-

Ophelia Muscles. For two
terms she sat next to me in English class and we had never said a word to each other. Then one day I did something to make her laugh and we became great friends. . . I tickled her. After that she would lean over and smile at me every day and I would get a funny feeling inside. don't think she brushed her teeth. So it was only natural that I should call up Ophelia and ask her to go to the movies with me on Saturday night. She said "yes," after I promised to pay for everything and I agreed to call for her at eight.

That Saturday I really got dressed up for a change and my mother still says she couldn't recognize me in my brother's suit. At 7 o'clock I started for Ophelia's which was on the other side of town, but I knew how to get there and Ophelia said it was just two doors away from Joe's Bar and Grill. I arrived on the block about eight o'clock and to make sure I stopped a man on the street and asked him Pardon me, but did you ever hear of the Muscles?" He annear of the Muscles?" He answered, "Don't get so smart wise

Two Columbia records are on the top of our list. First, "Four Leaf Clover," by Tiny Hill. Tiny works over this hardy standard that is back in favor, and gives it his own inimitable treatment for smooth listening. Second, "Ballerina." This captivating ballad keeps on warming hearts with its deeply romantic feeling, and Buddy Clark is keeping the fire going with his stirring vocal. "Beg Your Pardon," the follow-up to "Near You," gets a slick treatment from Frankie Carle, a man®—who knows his way around a High School—enrolled in School

## WHA' HOPPEN'?

By NORMAN FINK

When we ended last month's column we stated that the Pioneers still had a good chance of owning a 500 record at the close of the basketball season, but we must admit that we were doing a little wishful thinking. In fact, the way things turned out we were all wet! The final tally shows 8 wins and 17 losses.

The team proceeded to lose all of the 6 remaining games, but, the boys went down fighting and with a few breaks might have pulled off a few top-notch upsets. Let's review the games:

First there was the two point loss to John Marshall in the tremendous Jersey City Armory, where Marshall came from behind to nose out State in the final minute of a well-played game. Then there was the second clash of the season with the powerful Rider College team down on the country of the season with the powerful Rider College team down on the country of the season with the powerful Rider College team down on the country of the season with the powerful Rider College team down on the country of the season with the powerful Rider College team down on their home court, where when Norm Chase bucketed a beautiful left-handed hook shot with only three seconds to go, the crowd went limp after looking at the scoreboard and seeing Rider had won the game by only a single point, 64-63. Then the team dropped two more games; to Becker College of Massachusetts at home and the other to Trenton State on the down-state teachers' court. Enough said.

The Pioneers ended the season by losing to the well-coached Newark University quintet for the second time and to a top flight Panzer team, both games on their home courts. In the Panzer game at the end of three quarters, State was down by only two points but after Panzer increased their lead to seven points, Coach Schmidt let the reserves finish the ball game and it ended with the score of 68.50.

#### JAYVEES OUR MORALE BOOSTERS

At first glance, the Pioneer Jayvee's season record may seem like a mediocre one with a final tally of 10 wins and 10 losses (the same record as last year), but if we look at it more closely we can see that it was a very successful

In games against actual Junior Varsity teams we won six and lost only one, that to a rough and tumble bunch from Trenton State. Of the nine other losses, seven were at the hands of freshman teams from schools like LIU, Manhattan, Rider, St. Peters and Panzer. The other two losses were Camp Kilmer Varsity and Central Alumni.

So congratulations to Coach Dan Jankelunas and his boys, including such mainstays as "Hot Lips" Shiffman, Art Schilling, "Butchy" Gusciora, Big Joe Isch, Johnny Pier and Don Hughes for giving us a winning team in the JV circuit this year.

#### SPRING SPORTS . .

By BILL SHIFFMAN

Before giving you the latest scoop on the world of sports at P.S.T.C., I would like to congratulate the faculty on their marvelous performance at the annual Faculty-Varsity game. The faculty were great sports and put on a wonderful show enjoyed by all.

With Spring just around the corner, Coach Henry Schmidt and Don Jankelunas will have their workouts for the coming season. Returning stalwarts from last year's squad are Leo Malik and Joe Serra, a great keystone combination; John Pier, a good outfielder who can also fill in at the "tot corner"; Russ Blum, Frank Zanning, Cliff Anderson and Don Rediregor and Don Francisco. son and Don Eddinger, and Bob Feeney outfielder. With a flood of new talent at school, Coach Schmidt is confident that he'll have a successful season.

The golf team, with their ten matches on tap, will soon be out on the local links sharpening up their game for the coming season. Fortunately, the team has its full squad returning from last year plus several newcomers. The returning lettermen include Blair Wiegers, John Duncan, James Troyano, Frank Tranes, Jim Thomson with Bob Kinder and Sid Murging to the property of control of the property of the pro Sid Merrians to see plenty of action,

With six returning veterans from last year, State's tennis with six recurring veierans from also year, states terms team under the new coach, irv Sunshine, is looking forward to a tough twelve game schedule. The team led by Loc Page also includes Dick Laskowich, Cole Schuster, Pete Simor, Joe Salmon, George Fitzgerald and Bill Shiffman. When Jock was older, he at-

tended his first dance. All he said that night were two words—a timorous "Hello!" and a sheep-ish "Good-bye!" to the hat-check girl. All during the rest of the evening he slouched against the wall and watched the passing dancers swirl and swish in the joys of each other's arms. No one paid any attention to Jock. He just didn't exist in this world of youthful merriment, and he accepted his fate passively. Jock shrugged his shoulders, pered to himself that he didn't belong, and made himself as inconspicuous as possible.

And so the years passed by! Every day of every week, and every week of every month the sense of not belonging was brought more forcefully to Jock's door. Jock, stupid as an ox. Jock, Jock, with the face of a fox. Taunts and insults were heaped unremittingly upon his patient person. At first he minded the relentless drivel, and he would cry softly to himself in the privacy of his own room. But as a hardy seaman gets used to the billowing seas, so Jock Trickson accustomed himself to the numerous taunts. He shrugged his shoulders and accepted life as

Now it came to pass that Jock Erickson, like all men, died. It was only natural, therefore, that the went to the place where all the trash is sent. Certainly, where else would such an ill-begotten soul go? He knocked timidly at the massive door and brought Old Man Satan himself, orought Uid Man Satan himself, to find out what visitor was seeking entrance. #### Hawaiian Sketches

1944 Version. To his Brother

Don't let the pictures fool you, brother dear; No grass-shack gais beneath palm trees here. What girls there are, a fellow can't get near, And there's a crying scarcity of beer.

The pol is soft cement and grayish pink.
If one more sailor comes ashore, we'll sink.
Miss curfew and you're thrown into the clink,
And, damn! A man can't buy a decent drink. The red dust of Kahala fills your shoes,

At Waikiki you get a coral bruise.
The spider, roach, and rat belong in zoo.
And, man they're selling witch's brew for booze! 1955 Version: To His Son

Did Daddy ever tell you of the days,
He spent in fair Hawaii? Of the leis,
With which he was so laden
By a lovely, dark-skinned maiden,
That he watched her hula through a fragrant maze? His pili hut was down at Waikiki, Where a kingly mountain guards the royal blue sea

He outswam each spry beach boy And grew fat on fish and poi When his ship was in, and he on liberty.

We won the war; the Sea-bees could adjourn. He waved a sad aloha from the stern. As they slowly pulled away

He flung his ginger lei,

And it floated back to promise his return.
