Dear William Paterson University Community,

It is time again to celebrate our university authors and producers of creative expressions for the year 2024. This tradition of honoring those within our community who add their scholarly and creative productivity to the body of knowledge that informs the growth of their disciplines and enriches the research and teaching in the academy has always been a fine moment for us at William Paterson University. This year is no exception. The 9 books, 11 book chapters, 83 refereed journal articles, 5 entries from conference proceedings, 1 short story, and 1 exhibition catalog found in this volume showcase the scholarly and creative activities of William Paterson University faculty and staff. It is a fine output that we should all be proud of.

On behalf of the David and Lorraine Cheng Library, I congratulate and applaud our authors and creators for what they have done and for the intellectual vibrancy their works bring to the task of educating our students and enhancing our reputation as an academic institution.

This is also a fitting occasion to thank our President, Dr. Richard Helldobler, and Senior Vice President for Academic Affairs and Provost, Dr. Joshua Powers, for their support of our authors and this event. I also commend them for their unflinching support for research, scholarship, and creative expression at William Paterson University.

Sincerely,

Edward Owusu-Ansah, Ph.D.
Dean of Library Services
David and Lorraine Cheng Library
