Ferraro Speaks To Business Frat; M. De Rosa To Attend Convention

Eugene Ferraro spoke to the Beta Omega Chapter of Pi Omega Pi, national business education fraternity, at a November meeting which was held in the Children's Library in the Paterson State College. The title of his speech was "What Price, Peace?"

A resident of East Paterson, Mr. Curtis-Wright Corporation

Mr. Ferraro reviewed the recent developments of American partition, touching upon the Truman Doctrine, the Marshall Plan, the Atlantic Pact, and Truman's Point

Four Program.
"The price of peace", Mr. Ferraro proclaimed, "is chernal vigilance." In order to strengthen the forces against the over-expanding Communistic influence in the world two immediate actions are advis-able. They are the arming of Ger-many and the arming of Japan. "We must support those democra-tic forces and those countries which are looking for material as-

sistance and economic help." Mr. Ferraro feels that meet defeat if we attempt to mesi force with force. The duty of America is to educate the peoples of the world to the democratic ideals, through encouragement and assistance.

At this meeting, three members idicated their desire to attend the sorrows of love.

THE THING

Had Phil Harris introduced his hit song at the close of last semester, many students would probably have thought that Phil was referring to our Alma Mater, Many revolution-ists from this college thought they would like to change the song merely because it did not appeal to them. The song, they said, was not peppy enough to sing at the ball games. Here was a great mistaka.

Alma Maters are not, never were, and never shall be writake of adding a beat at coneke games. Staters, we believe, wanted victory and pep songs, NOT A NEW ALMA MATER.

At a recent party held at the home of a loyal Stater, our Alma Mater was sung over again, and all those present liked it, and wondered why they had not recognized that fact long ago. We wonder too. and lay the blame not on the students, but on all of those who plan the assembly programs, and other programs where the entire college is concerned.

Why Have We Not Sung Our Alma Mater?

Why have we not sung our Alma Mater? This is our college, and we are proud of it, and should gladly sing its praises. Every assembly program should begin with our Alma Mater! Every time a group of college students from State are assembled together for recreation, the song should be

Last year, when a group of Staters were preparing a field trip, it was announced that they would sing our Alma Mater. So few knew it, that it was necessary to mimeograph copies, and students in music classer reviewed it, just so "people may think we know it", a professor said.

Letters to the Editors

An Open Letter to the Students and Faculty of Paterson State Teachers College: On November 10, I requested the Beacon to print an article concern-ing the affairs of the Student Government. From this meeting em ernment, from this meeting emerged certain untrue impressions which are contained in the November 17th issue entitled "Isch to reform S. G. A." "Abate dismissed from Office". This is an attempt to rectify a wrong doing to three members of the council, namely, Charles Abate, Carol Paiget, and Ted Stephens.
It was stated that Charles Abate

was dismissed from office for fail-ing to perform his duties as As-sembly Committee chairman. This sembly Committee chairman. This is not so. Rather the fact is that Mr. Abate resigned from office. because outside employment made it impossible to attend Council meethigs. His resignation was accepted by the Council, and Greg Heimer was appointed to fill the vecent most

The Executive committee Council never discussed the dismis-sal of Mr. Stenhens or Miss Paiget sal of Mr. Stephens or Miss Paiget, nor would any such action be jus-tified, for neither has missed two Council Meetings, which is the has-is for dismissal.

I sincerely bope this letter will remove some of the undue em-barassment and chagrin article

brought upon these people.

Dear Editor, During the years we have been members of the student body at Paterson State, we have found much to our liking. There is one thing, however that bothers us thing, l

The most unappetizing thing know of is to sit down at a table in the cafeteria and find before us in the careteria and tind better us a whole mass of empty milk containers, dirty napking and dishes, and bags full of garbage. We don't know how the other State students feel about this but we would certainly be ashamed to have a visitor to our college enter the cafeteria after, or even during, a lunch hour, It takes only a few steps to find a conventiently-placed garbage can and put it to use. Surely the homes of the students are kept in neat order. State is also their home for

a goodly portion of the day. Let's reform and help the cafeteria staff as well as ourselves to have a clean eating place.

One of the newest members of our faculty, Mr. Schnitzer definite-ly is a "sulphite" rather than a "bromide". According to Gelett Burgess in his humorous essay, "Are you a Bromide, or The Sul-phitic Theory", he explains a bro-mide as one who "does his thinking by syndicate. He follows the main-traveled roads, he goes with the crowd." The sulphite, on the other hand, is original and everything that the bromide is not.

Concerning his philosophy of life, Mr. Schnitzer offered the following "sulphite" reaction: "I wonder if we might not make this wonder if we might not make this a better world by a step in the power of everyone of us. Each one of us should forget the chase for the almighty dollar and settle for the things that are basic and fun-damental. Dr. Unzicker, head of the education department of the college since 1944, suddenly became ili and was forced to leave his education classes. The announcement that he would probably return today was welcomed by all those who know Dr. Unzicker.

Having worked unusually hard in the recent past, with his regu-lar classes and class work, Dr. Un-sicker also worked on the completion of a new syllabus of psy-chology which he will soon pub-lish. His Syllabus of Education is now being used in all education clauses at Paterson State.

Adds New Feature

The Paterson State Sweet Shop, ran exclusively by "TOM-MY" has added a new attraction to State students. A bulletin board has been placed on the main wall and students flock to see the pictures of the senior men, messages, fake want ads, and the popular "personality of the week."

Joan Fischer, president of the sorority, initiated the following girls, and presented them with green and white corsages (sorority Tommy, who has long served State with his friendly smile, how ranks up another smash hit! SPORT BAYS

By TOM O'MEARA

There Onente Re A Law ...

We'll see who the sun shines on this Friday night when the Pioneers attempt to grab their first win of the season from Jersey City State on our court. That "lucky ol' sun" certainly worked overtime shining down on Newark quintet in the Newark-Paterson game. I wonder how the Newark Five look when they play on a regulation court. Their gym is so infinitesimal it isn't fit for even Jr.C.Y.O. Things must really be bad when a collegiate basketball game has to be played on a court which is less than 60 ft. long, and where a set shot is virtually useless, due to a low ceiling. On Newark's floor, a driving lay-up results in two points and a fractured skull

Adequate Coverage . . .

A mention of thanks from this corner to Mr. Gooter and Mr. Schwartz of the News, and Mr. Whitting of the Call. The write-ups we received in both sport sections on our four games to date were better than those of some of our major victories of our 49-50 campaign. Believe it or not, but, in reversal of the situation last season, the State cage stories featured by the News were more lenghtly than those carried by the Call. The News' coverage has averaged over two hundred words per write-up. Last season, says Mr. Gooter, there was no workable connection between our game results and his sport page. This season, the News is being furnished with first hand information on all State's games, home and away, by Store's Basketball Publicity Dept. It figures, that if State accord season, all loyal Pioneer rooters will find adequate coverage in our home town papers.

with a flying start, at the lirst game of the season on Thursday, November 30 between the upper class maidens and the lower class ladies. The turnout this year so far is exceptionally good, and we ex-pect double the amount at our next practice. Lack of freshman attendance was caused by a visit to their mummes. Our bassectail chair-man for this year is Molly Davia. Molly, a graduate of Hamburg, Figh School, has had two success-ful scoring years while here at State. Her able assistant is Lillian Serence who shows great promise as one of our regular players of the season. The basketball season as just begun and there is still time for other interested players to get into the fun. The end of the season is climaxed with a weekend down at Glassboro State Teachers College, and before this, we have several games planned between Newark, Montelair and Jersey City. Some of the returning vets are Virginia Cavalluzzo, Marge Bra-man, Dolores Martucci, Etta Briguman, Dolores Martucci, Etta Brigu-ori, Molly Davis, and your report-

Men Fencers Shine In Pre-SeasonMeet

Last Saturday, three fencers from Paterson State traveled to the Fencers Club in New York to compe te in the Junior Foil Meet compe te in the Junior Foll Meets sponsored by the Amateur Fencera League of America. They were Bill Reda, Bob Hitton and Tom Ken-nedy. These three are expected to form State's foll team this year. The competition at this meet was extremely keen. State's representa-tives had to meet other fencers with eight or more years of ex-perience. Our fencers, with only three and four years of experience gave a good accounting of them

Reda had two wins and two Reda had two wins and two loses, while Kennedy and Hilton won one and lost three each. This was the first competition of the year for the State's fencers. It was expected to get them in trim for the Intercollegiate mosts and to show them their weak points. All three fencers are eager to get back to practice in order to iron out their weaknesses and to become well-prepared for future meets.
