STATE TEACHERS COLLEGE, PATERSON, N. J.

Friday, April 6, 1951

Alumni Association Joins Jr. Class; Begin Campaign To Obtain Carillon

Purchase of a \$3500 carillon bell system for the new home of State Teachers College, Paterson, New Jersey has been adopted by the Junior Class and the Alumni Association members as the goal of their present fund raising campaign.

MISS NANCY ANN LAWLOR was appointed by Miss Rose Maria Schmelzer, president of the Junior Class, chairman of the drive at the junior class meeting. Other members of the Executive Committee are the Alumni Association.

At a meeting held January 19, a motion selecting the carillon as object of the drive was passed by a majority vote of the Executive Committee after several other possible gifts to the college were suggested and discussed by the Advisory Council.

At present, both the Junior Class and the Alumni Association are working together to raise the funds. The Junior Class will sponsor an ALL-COLLEGE REVIEW May 4 and 5, in which all college organizations will compete for the winning prizes.

The Alumni Association has divided into committees which will discuss possible soliciting methods and other means to raise funds to purchase the carillon. The Council will meet again after the Easter vacation.

The Carillon Bells
The Carillon bells will contain an amplifying system connected to a keyboard which will be operated manually although designed for the subsequent attachment of an automatic player, and Westminster chimes.

The bells, which will probably be installed in the main house, can be heard in a minimum radius of two miles and have an even wider scope during very clear weather conditions. A recording of the bells is available.

R. CURRY, EMINENT SATIRIST, PERFORMS AT STATE ASSEMBLY

Russel Curry, distinguished satirist and entertainer, was the guest performer at the Paterson State assembly program held March 21. Mr. Curry, director of the Curry School of Dancing of Boston, Mass., has earned a wide reputation as metaphysician of the dance.

In the program, Mr. Curry stressed correct etiquette with

his quick ad lib, and caricatured the incorrect with hilarious results. Typical questions asked, which often resulted in a riot of laughter, were: "What are responsibilities assumed in extending or accepting an invitation?" "What about a receiving line?" "What about courtesies?" "How do you ask a girl to dance?" "How do you escort a partner?" "What about girls making up in public?" "What about smoking or chewing gum?"

One author has written that "Russel Curry has personality. He is loaded with the male kind of 'IT'." People adore him. He has a smile that would charm the gold fillings out of the teeth of a scoundrel, and he is a showman to his finger tips. He dances and talks and has you laughing in a riot of fun."

Mr. Curry spent two years teaching dancing at Scarisdale, New York, and Long Island, and was leading man for a professional

Juniors Attend Workshop Meet

Miss Rosalie Garrebraant, Miss Toni Gagliano, John Corey, John Flaudreau, Otto Harris, and Guy Lott, Jr. will participate in the Northwestern Regional Workshops program sponsored by the Elementary Principals' Association of New Jersey and other workers with children and youth to be held today at the Manor House on the new campus of the Paterson State Teachers College.

Joseph A. Gorab, supervising principal of Memorial School, Teaneck Borough, will be the general chairman. Clifford E. Lawrence, supervising principal in Sussex is the co-chairman. A dinner and final general session will be held today at 6:30 p.m. at the Cedar Cliff Hotel, Haledon.

Following the registration of participants, Presiding Officer Gorab will open the general session. Greetings will be extended by Dr. Clair S. Wightman, president of Paterson State Teachers College; Dr. J. Harold Stauch, superintendent of schools in Passaic County; and Mrs. A. Hobart Anderson, president of the New Jersey Congress of Parents and Teachers.

Rabbi Ahron Opher will address the group on "Aims and Objectives in the Educative Process."

Arnold Pins, of Paterson, will give the keynote speech. Clifford E. Lawrence, member of the New Jersey White House Conference Delegation, will introduce the speakers.

Four Students Attend Confab

Several members of the Ivy Christian Fellowship will leave today to attend the Spring Conference of the Inter-Varsity Christian Fellowship to be held at Kenwick Grove, New Jersey. Students planning to attend are June Daalder, Ruth Ann Clark, Angela Leonardi, and Walter Floch. The Inter-Varsity also expects students to attend from all the New Jersey Teachers' Colleges, Rutgers University, New Jersey College for Women, Upsala College, Newark College of Engineering, Bloomfield College, Columbia University, New York University, Brooklyn College, Hunter College, and several Pennsylvania schools.

Guest speaker at the conference will be Dr. P. Keipper of the Pennsylvania Bible School.

Oslo University Cedes Scholarship To Undergraduate

An all-expense scholarship to the summer school session of the University of Oslo will be granted to an American student whose main interest is in the field of economics and who has at least two years of undergraduate college work.

Announcement of the scholarship, to be known as the Norwegian American Line Scholarship, was made by the executive of the Oslo Summer School. The award will cover the expenses of transportation to and from Oslo, board, room, tuition and student and excursion fees.

The 1951 summer session will be held June 23 to Aug. 4. Scholarship candidates should make application with Dean Norman Nordstrand, Oslo Summer School for American Students, St. Olaf College, Northfield, Minn.

Students can earn six semester credits for the six weeks course. The main emphasis of the curriculum is on Norwegian culture—history, language, literature, music and art. Courses will be offered on the social, economic and political situation in the Scandinavian countries.

Knopf Appointed Flashlight Editor For Second Term

Miss Lois Knopf, a sophomore in the General Elementary curriculum, was re-appointed editor-in-chief of the Flashlight, a handbook equipped with descriptions of the organizations and activities of the Paterson State Teachers College, and designed as an aid to freshmen. This announcement was made today by Miss Elizabeth M. Kimball, faculty advisor of the publication.

As her staff, Miss Knopf has appointed Miss Marie Grado, and Miss Audrey Soskic, assistant editors; Guy Lott, Jr., sports editor; and Miss Lucy Stamille, typist.

Miss Knopf, a veteran editor with the publication, has announced that the Press will publish the 1951-1952 FLASHLIGHT. The freshman handbook is financed by the Student Government Association, and will be distributed free to the September, 1951 Freshman Class.

Debits & Credits Give Jewelry Box To June Perrius

Miss June Perrius, a junior in the General Elementary curriculum at the Paterson State Teachers College, was presented a cream white jewelry box lined with bright crimson velvet lining, by Daniel Gillan, president of the Debits and Credits club, Wednesday, March 21st.

The gift was presented to Miss Perrius as a token of the club's appreciation for cooking a spaghetti dinner for a Debits and Credits dinner held in the College cafeteria.

Miss Perrius' reputation as a cook has spread throughout the college. She participated in preparing the Faculty Dinner held

(Continued on Page Three)

Beacon Awarded First Place Rating; Broman Elected N. J. Representative

Last week, the Paterson State Beacon received official notification, in the form of a certificate of merit, of its first class rating by the Columbia Scholastic Press Association. This year marks the third consecutive year which the college newspaper has received such a rating.

The rating of the Beacon tabulated 932 points out of a possible 1,000. This high ranking was based upon layout style, original composition, headlines, pictures, news features, and sports.

Skull To Give Annual Spring Hop, Next Fri.

The annual Green and Gold Spring Hop given by members of the Skull and Pompadour Fraternity, will be held Friday, April 13, from 8 to 12 P. M. at the college gymnasium. It was announced today by Joseph Lach, general chairman of the affair.

Tickets for the evening will be seventy-five cents each, and a camera, portable radio, and gift certificate will be raffled at the affair. Music for the evening will be provided by the Moonlight Serenaders. Refreshments will be sold.

The purpose of the annual affair is to build a fraternity scholarship fund. The scholarship which will provide payment for fifty dollars for books, will be awarded to some outstanding sophomore man, chosen by members of the Skull and Pompadour fraternity.

Committees for the affair are: Joseph Lach, general chairman; Thomas O'Meara and Joseph Trione, publicity; Roger Clark, Mike Heraka, and Noel Stone, refreshments; Peter Tucci, and Joseph Di Gangi, band; and the Social Committee of the fraternity will be in charge of the decorations.

Paterson State Teachers College was represented at the annual Columbia Scholastic Press Association convention held at Columbia University, March 8, 9, and 10, by Miss Mary Diamondis, Guy Lott, Miss Marjorie Broman, Joseph Trione, Thomas O'Meara, Miss June Daalder, and Miss Jean Borneman, all members of the Beacon editorial staff. Miss Borneman and Mrs. Trione participated in panel discussions concerning exchange problems and the sports page. Miss Emily Greenaway, faculty advisor of the college newspaper, also attended the convention meetings.

MISS MARJORIE BROMAN

At the business meeting of the teacher college groups represented at the convention, Miss Marjorie Broman was elected New Jersey representative secretary for the 1952 convention to be held at Columbia University.

The election of Miss Broman high-lighted the second consecutive year in which Paterson State representatives have walked home with marks of distinction. Last year, Miss Mary Diamondis, editor-in-chief, was elected secretary of the entire convention.

Students Begin Agency Leadership Course Given By Community Chest

A course providing college students with training for future community leadership is under way at Paterson State Teachers College. Sponsored by the Council of the United Community Chest and Council, the course has been successfully presented in the past two years at the teachers' college.

Designed to serve a three-fold purpose, the course serves the community by training youth for leadership; the social agencies, by providing volunteers and by interesting youth in work for the agencies; and the students themselves, by supplementing the theory learned by the students at the college with practical field work in group leadership.

The ten week sessions have been planned by Miss Elizabeth Carter, associate director of the Chest and Council, and Joseph D. Ruddle, chairman of the Group Work Committee, of the Council. This year's chairman is Antle Friedensohn, program director of the YM-YWHA.

Instructors for the sessions will include Mr. Friedensohn; Miss Dorothy Boardman, program director for the YWCA; and Martin Nelson, case worker for the Jewish Social Service Bureau.

The hour class sessions are concerned with informing the students of the story of human welfare in Paterson, the approach to human needs through group work, the role of the leader, the group or club, building club programs, camping and several workshops.

Twelve Groups To Participate In Bell Review

Twelve organizations of the college have agreed to participate in the All-College review to be held in the college auditorium May 4 and 5, Miss Nancy Ann Lawlor, chairman of the Carolinell Bell Committee disclosed today.

The organization that will participate are: Debits and Credits; Skull and Pompadour fraternity; the BEACON; the Palabears; Delta Omega Epsilon fraternity; Masque and Masque; Gamma Phi Lambda; Woman's Athletic Association; Phi Sigma Tau fraternity; Phi Omega Psi; Theta Delta Rho; and the Kappa Delta Pi sorority.

All proceeds from the affair will be added to the present fund raising campaign for the purchase of a \$3,500 carillon bell system for the new campus.

educator in the NEW YORK TIMES MAGAZINE SECTION for February 18, 1951, the English film "Red Shoes," the re-issued records of the vocal giants of yesterday—Alda, Tetrazzini, Caruso, Chaliapin and Bori.

The only possible candidate from New York are graduating this year, and Miss Broman is the most likely one from New Jersey to understand the duties of the presidency.

He was on the stand three days and he figured in the testimony by most other witnesses. The net effect was fragmentary; to a large extent his doings remained unexplained or in doubt. He seemed evasive and nervous. For a time he refused to allow his face to be televised. More and more often he met questions with refusal to answer. In the end he stomped angrily from the hearing room.

NSA PLANS NAT'L. COMMITTEE; WILL REVIEW BASKETBALL FIX

The U. S. National Student Association (NSA) today announced establishment of a national committee to investigate the entire field of intercollegiate athletics.

NSA President Allard K. Lowenstein said the association, which represents students at 335 colleges and universities, was deeply concerned with recent developments in college sports.

"It is certainly a blight on the educational community to find such flagrant violation of the whole spirit of intercollegiate sports as evinced in the recent bribing of some college basketball players," he said in a statement. Among the things the committee will consider will be athletic hiring and firing policies, the amount of student participation in formulating athletic policy, and the extent of commercialization and subsidization in athletics.

The committee will be composed of students and teachers from all sections of the country. The members will be named soon. Lowenstein said he hoped the committee would provide the type of information that will enable colleges and universities "to restore athletics to its proper place" with a "maximum of honesty and a minimum of shame."

The following is the text of Lowenstein's statement:

"The United States National Student Association, composed of 335 colleges and universities, and representing more than 800,000 students is deeply concerned with the developments in the field of intercollegiate athletics.

"It is certainly a blight on the educational community to find such flagrant violation of the whole spirit of intercollegiate sports as evinced in the recent bribing of some college basketball players.

"However, this is only part of the modern parade of intercollegiate sports. Last August NSA stated: 'The decisions of athletic administrations too frequently reflect and overemphasize financial expediency. Further, we called upon our member schools to attempt to improve the tenure of those in athletic positions as one way to de-emphasize the importance of always winning.

"NSA, recognizing the great value of intercollegiate sports and mindful of its present condition, hereby establishes a national committee, with broad powers, to investigate the entire field of intercollegiate athletics. The members of the committee, which will be composed of students and faculty, will be named at a later date.

"Some of the things which this committee will consider will be hiring and firing policies, the amount of student participation in formulating athletic policy, and the extent of commercialization and subsidization in athletics.

"It is the hope of the NSA that this committee will provide the type of information that will enable our colleges and universities to restore athletics to its proper place—athletics that will provide a maximum of honesty and a minimum of shame."

Debits & Credits

(Continued from Page One)

October 7 at the Manor House on the college's new campus, the Turkey and Christmas dinners, the Junior-Freshman Picnic, and many others.

At Paterson State, Miss Perrius is chairman of the Social Committee, and pianist for the Madrigals and the A Cappella Choir. She has also served as secretary of the Student Government Association, and secretary of her class.

S. G. A. Clinic At Campus

The New Jersey Region of the National Students Association is sponsoring a Student Government Clinic to be held at the New Campus, Saturday, April 21st. It was recently announced by Miss Marlene Dietrich, secretary of the New Jersey Region of the N. S. A.

The purpose of the clinic is to discuss different student government problems; to make better leaders in the field of student government; acquainting incoming presidents with some of the problems that arise in the course of a year; and to try to meet some of the pressing needs of the students in this region.

Letters have been sent to all colleges in this area by Miss Dorothy James, secretary of the Student Government Association, announcing the clinic, and requesting each college to send to Miss Dietrich a list of all the current problems which they would like to discuss at the meeting.

George Brown and Joseph Isch from the Paterson State Teachers College will act as chairmen on two of the panel discussions.

Truman Approves Deferments; Arrange Tests For May, June

President Truman last week approved deferment for college students of superior scholastic standing or those achieving a high score in a national aptitude test to be given in May and June.

In an executive order amending the Selective Service regulations, the President authorized Major General Lewis B. Hershey, Selective Service Director, to prescribe the levels of college grades or the scores of the aptitude test that would class a "college student's activity as 'necessary to the maintenance of the national health, safety or interest.'"

Immediately eligible for consideration under the new deferment criteria are students now in college expecting to continue their college work and college seniors and others planning to enter graduate or professional schools.

The first qualification tests will be given at about 1,000 examination centers in the United States and its Territories on May 26th, June 16th, and June 20th. Students will not be eligible to take the test if they are 26 years of age or older. There will be no second chance for students who fail in the examinations.

General Hershey said that high-grade students would be deferred because of the needs of the economy for trained and qualified scientists, technicians and other specialists of superior education.

Speculation on Rating. Some informed sources are predicting that the new system will defer almost all freshmen entering college this fall; all sophomores who were in the upper scholastic half of their freshmen years; juniors who were in the upper two-thirds of their second year; and seniors who were in the upper three-quarters of their third year.

The new Selective Service student aptitude tests will be administered by the Educational Testing

Camping Class To Convene At Haledon Campus

The Camping Education Class, 13.36, under the direction of Professor E. Eugene Vivian is among the first classes to be held in the Manor House on the college's new 220-acre campus in North Haledon.

The vast space and abundance of nature lore that surrounds the Manor House has made the new campus an ideal location for the camping course, Mr. Vivian disclosed.

The class, which began February 20, will study such activities as: The Function of a Camp Counselor; The History and Objectives of Camping; Camp Songs and Stories; Camp Safety; Camp Handicraft; Camp Games, Indoor and Outdoor; Fires and AxemanSHIP; Camp Shelter and Protection from the Weather; Orienteering and Star Study; Nature Lore; Overnight Sleeping; and Nature Crafts.

From April 4 to the 7, the class will attend the Regional Conference of American Camping Association, at the Hotel Biltmore, New York City.

Guest speakers who will lecture to the camping students include: Mr. Frederick H. Lewis, Executive Director, Herald Tribune Fresh Air Fund; Miss Alice Meeker, Associate Professor of Education, Paterson State Teachers College; Mr. Henry Schmidt, Dean of Men, Montclair State Teachers College; and Mr. William Morris, Director, Camp Hope, Passaic County Welfare.

Alumni Assn.

(Continued from Page One)

Schumerich Electronics, Incorporated, Sellersville, Pennsylvania, guarantees installation thirty days after the order is placed. Materials are now readily available, despite severe shortages in many fields of manufacture.

Among other colleges already enjoying the musical beauty of the carillon described are: New Jersey College for Women; State Teachers College, Trenton, New Jersey; and University of Minnesota.

Over \$600 Already Contributed

Interest in giving a carillon to the college has been registered from time to time by various groups prior to the campaign now unified under the Junior Class and the Alumni Association. Graduating Classes of 1946 and 1947 gave a total of \$151.69 to the fund; while the Class of 1950 strengthened it with an additional \$420.71.

Most recent of the contributions was \$100.00 given on January 12, 1951, by the present Junior Class, whose Carillon Fund Committee willingly agreed to become official college representatives of the drive now directed by the Alumni Association.

The sum of monies already contributed is \$972.40 plus \$4.97 in interest which gives a total of \$977.37 now in the fund.

Service, of Princeton, N. J., a non-profit organization widely used by the Navy, State Department, Atomic Energy Commission, and Military and Naval Academies.

Classroom Building Near Completion Full-Time Fall Sem. Classes Assured

Steady progress in building construction of the new classroom building, at the new 200-acre campus of Paterson State Teachers

Nine To Attend Eastern States' 26th Convention

The Twenty-sixth Annual Spring Conference of the Eastern States Association of Professional Schools for Teachers will begin today at the Hotel New Yorker and be represented officially by the Executive Committee from the Paterson State Teachers College. Members of the Executive Committee include, Joseph Isch, president of the Student Government Association, George Brown, Rose Marie Schmelzer, Dorothy James, James Pate, Joseph DiGangi, Kenneth Warner, John Sepede, and Marlene Dietrich.

"Education for Better Human Relations" has been chosen as the theme for the three day sessions. Thousands of college students and faculty advisers from Eastern State colleges will attend the conference.

Joseph DiGangi, senior in the general elementary curriculum, will participate in a panel discussion entitled "Education for Better Human Relations." Mr. Earl L. Weidner, Director of Music of the Paterson State Teachers College, will direct the entire congregation in singing the song, America.

The purpose of the association is to promote in each of the states represented comprehensive policies and programs of teacher education; To interpret to the public the services of teacher education institutions for an adequate supply of competent teachers, and the importance of adequate support for these institutions in the interests of the children of the public schools; To offer cooperation to the teachers education institutions, public or private, and to teachers, supervisors, administrators in the field of education; To maintain the standards of practice and procedure in the member institution may ever more effectively serve the schools and the school children of the states and the nation.

Student discussion groups will be held today. Among the topics considered will be: In what ways may we promote better relations among the students in our respective colleges? In what ways may we assist in developing better relationships between students and faculty? How may we assist in developing closer relationships between college and community life? Last year Paterson State representatives were told of our college's far advanced system in the quality of its relationship between the administration and the student body. Many of the representatives were also overwhelmed at the amount of freedom State's S.G.A. had in comparison to many other teaching institutions.

MAIN BUILDING — Pictured above is the main building of the proposed Paterson State Teachers College now being built on the 200-acre Robert estate which was bought in North Haledon and Freeknass section of Wayne Township. The 500 students now attending classes in the present building, are expected to be transferred to the new college quarters in September. About \$1,000,000 is being spent by the State Board of Education for new buildings and renovating present buildings on the site.

College. Almost all of the exterior work is completed. Within a week the roof will be completely sealed, furnaces will be turned on, and work on the interior will begin in earnest. Most of the hallways and rooms are already partitioned off, and some of the walls are ready for plaster work.

The new sixteen room classroom building is representative of the Special features and equipment will make it possible to offer a broad and enriched curriculum in a completely modern setting. Typing and office machine rooms will be sound-proofed, and sections of the outer walls of science and biology rooms will be glass-bricked to provide a maximum of natural light.

Of special interest to those now actively engaged in teaching in the elementary school is the reading clinic which will be equipped with a one-way screen through which college students can observe, at first hand, the reading habits of children.

State facilities for small dramatic productions, suitably-designed lighting, and high ceilings are featured in the plan for the visual aids room. New items are also being incorporated in the construction of the music and art rooms.

Although progress in the construction of the classroom building is especially encouraging, other problems present themselves.

At the present time there are no provisions for a gymnasium, auditorium, and athletic field. However, an athletic program will be carried on.

Within a month news will be available on State appropriations which vitally concern the housing and equipping of the cafeteria and library. Plans have been made to temporarily house the cafeteria in the garage building. The library will be located on the second floor of the Manor House if funds are generous enough to provide for the remodeling of several large rooms and increased supplies.

Russel Curry

(Continued from Page One)

stock company in New Hampshire, for three summers.

Mr. Curry studied dramatics at the Leland Powers School of the theatre, and in his second year he was appointed instructor for the dance department. Mr. Curry was also a faculty member of the national convention of Dancing Masters of America, the Dance Educators of America, and has been guest teacher at the Dancing Teachers Club of Maryland, the Dancing Teachers Club of Conn., and the New York Society of Dancing Teachers, Incorporated.

SPORT RAYS

By TOM O'MEARA
An Epidemic Hits State

Coach Schnitzer had high hopes of being able to contribute on behalf of the team, a sizable donation to the Chimes fund from the anticipated receipts of the big, double attraction night of basketball, in which the Varsity was pitted against the Alumni in the featured game. The Coach figured the turnout would be so large, that the fans might well resort to standing on each other's shoulders in order to catch a glimpse of what was going on. After all, it would be the last chance for State reporters to see the Pioneers in action. Besides, there was a top-notch preliminary scheduled. The intramural All-Stars vowed weeks in advance that they would show up the Jayees in the first half of the double-header. Posters were displayed throughout the college heralding the affair. Yes, it was going to be a big night... and a pocket full of cash to a cause that would add beauty and depth to the new campus, too!

The affair was a flop. A donation of what receipts were collected wouldn't be enough to add one little tinkle to the proper bells.

The All-Stars labored valiantly before 35 onlookers. The alumni were edged out as no more than 65 fans and three faculty members watched with very little apparent interest. A large number of these fans were probably under the impression that they were in attendance at an informal social get-together, because they were more interested in forming little conversational groups, and chatting throughout the evening, rather than uttering a few words of encouragement and praise to the team from time to time.

Those guys throwing the ball around must have wondered just why they were running up and down the court. Maybe they thought they came a day late. No, fellas, you had the right time. It's just that Paterson State is in the midst of an epidemic — an epidemic which plays havoc on a good number of college affairs — lack of school spirit. This plague treas those unsuspecting students whose interests are limited only to the bare necessities of college survival.

The force of this epidemic is tremendous. The marks it leaves can be traced from the mediocre memberships of clubs, which are set up to secure the interests of the students, to the cobwebs in the suggestion box, which is there to discover new interests... from the cafeteria which continues to take on a messy appearance, despite threatening posters, to the cigarette butts and lunch remnants strewn on the floor of the smoking room... from the untidy bulletin board, to the never ending gripes about anything and everything... from the lack of cooperation in the establishment of a senior table in the cafeteria, to the lack of interest in the W.A.A. and mens intramurals... and its marks were especially plain in the poor showing at the Alumni game.

The picture is painted black, but it can be lightened by a showing of effort on the part of the students. If you happen to be one of those students whose school spirit is mediocre, try to do something to get into the swing of things. No matter what your interests are, you can find a club or organization here at Paterson State which would be interesting to you. If you're inclined to be untidy, and expect others to clean up after you, brother, you had better change! If you're one of those students who is just bubbling over with enthusiasm and school spirit, get after those people whom you know to be indifferent. A helping hand, an encouraging word, could lead many a disinterested student to something which would make him "one of the bunch."

School spirit is in your hands. It's too late to do anything about basketball attendance, but there is time to think about the future. Get your school spirit in shape this spring... our new campus could seem as empty as Jerry Lewis head, if in September there continues to be a lack of school spirit.

Varsity Tops Alumni 68-63; All Stars Lose to Jayvees

Donnelly and Reichert Elected Co-Captains.
Jankalunas Stars For Alumni

Making their final appearance of the 1950-51 cage campaign, the Pioneer five fought off a late rally by a determined Alumni quintet to win a close 68-63 decision recently at the college gym.

After having been nursed along throughout most of the contest, the graduates produced a late spurt of points, coming to within two points of the lead, 63-61, with less than two minutes remaining in the game. Coach Schnitzer, however, seeing that his second squad was weakening, put the regulars back in play to widen the gap in the scoring column and take the final win.

Dan Jankalunas of the Alumni took the top scoring honors with 17 points. Close behind were Norm Reichert and Bob Matthews, both netting 16, and Tom Donnelly with 15. Vince Moretta and Dink Van Orden also hit double figures.

CO-CAPTAINS ELECTED
Contrary to popular conformation, Tom Donnelly and Norm Reichert were elected co-captains for the past season by their fellow teammates during the half-time intermission.

Donnelly leaves State with a better than ten points per game average for his entire basketball career as a Pioneer. Reichert, chiefly a defensive player, will always be remembered as the hero of the Rutgers Pharmacy-State game, which was won by his school in the final seconds.

ALL-STARS LOSE
In a preliminary encounter, the Jayvees took a 70-54 win from an All-Star intramural squad, composed of the best players of the intramural league. Ray Shenekt of the All-Stars was high man with 20 points.

FENCERS PLACE SECOND AT N.C.E.

In The Spotlight

The first in the series of Pioneer cagers to be featured in "The Spotlight," was one of the "goal-dust" twins, Vince Moretta, who emerged as the top scorer of the Paterson State five. As basketball is tucked away to hibernate until

Dink Van Orden
Courtesy of Paterson Evening News

next fall, we close our series on "the men who wear the Orange and Black" with the second of the "goal-dust" pair, a great Pioneer star whose cage skill helped to win

N. C. E. FIRST FOR THIRD STRAIGHT WIN IN INVITATIONAL TOURNAMENT

Kennedy Nosed Out In Individual Title,
Reda Takes Second In Foil Match

By ANTHONY HONCY

Newark College of Engineering played host to Paterson State Teachers College and three other New Jersey colleges in the Third Annual Invitational Fencing Tournament and for the third consecutive year took top honors with Paterson State Teachers capturing the second-place spot.

many a bell game for Paterson State, Don Van Orden.

Don, known to most everyone as "Dink," finished the recent basketball campaign with 226 points to place him in the No. two spot in the scoring column. Out of 41 attempted donation throws, Dink connected with 34 of them to make his foul shooting percentage the highest on the squad, .830. His points to place him in the no. two — Set shooting is Van Orden's favorite way of making points. However, he has, on occasions, shown a special talent for driving in and connecting with an assortment of special two pointers under the basket. Steady and cool on the court, Don says that although he sometimes gets a bit excited before and after a game, he feels at ease on the court.

Next fall shall mark the beginning of Dink's third year on the varsity squad. At present, he is Junior in the General Elementary Curriculum. Dink is a member of the Varsity Club, and a Brother of the Skull and Poniard fraternity.

NCE outscored Paterson 8 to 6 in the Epee event. The host school then came up with 20 points in the Foil and Sabre events, with 15, and finished with a final score of 25 points to top Paterson by 7. Drew University was third with 19 points followed by Newark Rutgers, 12, and Cooper Union 10.

PSTC won an individual crown when Tom Kennedy captured the strip B foil title by defeating his seasonal rival Boh Tietzsch. In the fenceoff for the individual championship, Tom defeated Villane of Newark Rutgers but lost to Bill Tietzsch who went on to defeat Villane for the title.

On strip A in the foil match, Bill Reda, fencing his last match for Coach Ray Miller and PSTC, was defeated by Bill Tietzsch by the slim margin of 1 touch and had to be satisfied with second place.

Hamilton Bowser of NCE took the strip A and individual championship honors in the epee event. Bowser accomplished this by defeating Allen Maximoski of Paterson State. Maximoski overcame Bowser in their first meeting but lost one bout to Gillem of Drew University. Bowser won his remaining bouts and the result was a 3 wins and 1 loss tie for the two boys. In the fenceoff, though fighting valiantly, Maximoski was defeated by Bowser.

Vince Antonik gained another second place in the strip B sabre match. He was defeated by Osborne of Drew who went ahead to take individual championship honors in sabre.

SWORDS CLUB TO COMPETE AT B. C.

Fans of the women's fencing team eagerly awaited the results of our girls in the Woman's Open Team Tournament which was held last night in the college gym. This competition was a qualifying round for the All Eastern Women's Team Championship which will later be held at New York. The two teams representing our college were Gloria Bevelacqua, Marge Cappello, Vera Pizzarelli, Catherine Kennedy, Grace Monaco, and Lorraine Murad.

Zeta Kappa Chi Presents Dinner

Zeta Kappa Chi recently held their thirteenth annual dinner at the Candlewick. Guest of honor was the Superintendent of Schools of Manila, Philippines. An accordion artist also entertained the girls. Mothers, Fathers, husbands, and sweethearts were invited as guests.

Dick Rhoda, recreational director in Teaneck was also a recent guest of the sorority. He led the girls in games and also taught them how to play various party games.

At a past Student Government Council meeting Zeta Kappa Chi sorority was granted a charter. This now means that the organization has one official representative, but non-voting, in attendance at the Student Government Council.

Now Hear This!

Hold on to your shoes, for if they are left unguarded, they seem to disappear. Two pairs of shoes have been AWOL from the men's locker room for quite some time! It would be appreciated by shoeless Al Dobson and Mike Har-racks, if the whereabouts of the shoes were reported. There is one question the owners would like to have answered: Who opened the door and let the shoes fly away?

LEAVE IT TO THE GIRLS

BASKETBALL PLAYDAY

Only one more basketball playday remains and that one is with Jersey City State Teachers College on Thursday, April 12 at 3:00. The windy month of March really kept the WAA girls stepping and traveling. At Trenton, on March 3rd, Paterson girls were represented in basketball, swimming, darts, bowling and table-tennis. Pictures were taken to help the girls not to forget all the fun had there. These, along with other pictures, can be found in the WAA Log Book. Down at N.C.E., four girls showed their swimming ability in ballet, racing and stunts. On March 12, upperclass and underclassmen girls played two games with Montclair State and are still talking about the game that was 2-0 at the end of the first quarter. Montclair and Paterson girls made plans to meet at Stokes State Forest in the late spring.

SPRING ACTIVITIES

WAA girls are beginning to think in terms of spring activities. On the WAA agenda are tennis, softball (which will start on April 17 at 1:20 in the schoolyard), and skating at the Paterson Recreation Center. Also continuing in the spring are swimming and bowling. Beulah Merritt, swimming chairman, is asking for more swimmers for her Tuesday swimming sessions down at the "Y".
