Student Union Nears Completion

Under the direction of a Steering Committee headed by Ray Vander Burgh and Bunny, students Rav vancer surgh and burny, students are busily working on the painting and furnishings of the Student Union Building.

The Steering Committee is composed of two representatives from each class working in conjunction with Mr. Haas, Chairman of Stuwith Mr. Hans, Charman of Sta-dent Life. Representatives are: seniors, Nancy Lawlor and Ross Marie Schmeltzer; juniors, Ray Vander Burgh and Bunny Burgi; sophomores, Pat Crossin and freshmer, Delorge Mondelle and James Cummins. They are working under the direction of the Student Co-op, an organization to oversee student funds.

The exterior of the building has been given the prime coat and the interior will be done after all minor repairs have been completed. At present the Committee is deciding on the color scheme.

. Students are urged to work on the building in their free time. It

This very essential part of our college covers the entire second floor of the Administration Building. Miss Trainor is in charge with the very capable help of Miss Rin-aldi, Miss Modemann, and Mrs. Burk.

Many new books have been ac-quired, and the college now has subscriptions to more than 150 magazines and newspapers. Several new courses of study have also been added.

Let's take a tour of the library right now! At the top of the main circular stairway is Miss Trainor's office. As we move to the right, we find a charming children's room with small miniature furniturs. We go on from there to the fiction room, where we see a lovely large window seat on one side. As we leave there, we turn left to the room where the main desk is to be found. A small room next tothis will contain all current magazines and newspapers. The reference room will be found next. From one end of this room, you can see a benutiful view of the New York skyline. As you turn left the rest of the library can be seen. We go up a few strairs and walk around a small bend to a hallway. On the left, we find several very small rooms which will contain all of the back issues of magazines. On hte right, we find a workroom, and at the end of the hallway are two rooms for general non-fiction

As you can see, our library will be very complete, with new furni-ture and fireplaces to make it as comfortable as possible.

Pinneers Set Four Records

Sparked by Vince Moretta's rec-ord-breaking 45 points which put that player over the 1,000 point mark for his college career to date. Paterson State beat Trenton State, 95-88, at School No. 5 court here Saturday night.

A Records Set

4 Records Set Four records were set in the process of ending the Fioneers' 3 game losing streak: Moretta pas-sed the 1,000 point total for his individual record, he was high for the night (a record 45), State post-ed the home-score mark of 95.

The story of the game was fur-nished by Moretta plus Jim Pate's nished by Moretta plus Jun Paters play under the boards. The 21-year-old Paterson 6-footer who is in his senior year, passed the 1,-000 point eirele late in the first quarter. It was his 12th point of the game and before the night was over, he had added 34 to bring his current total to 1,034.

current total to 1,034. As Moretta hit the "grand," he was congratulated by his team-mates and the opposition, as well as by Coach Bob Addison, while the audience of nearly 300 thrilled fans gave him an ear-spattering vation.

How He Did It

How He Bid It Vince scored 73 points in his freshman year at Paterson State, 313 in his soph campaign, and 411 last season. So far this year, he has blazed 237 points for an ever-age of 22.7. With 11 games remain-ing, he may top the 500-mark for this season. Red-hot Saturday, he clicked on sets and driving shots, also adding 11 fouls in 14 tries. Paterson started well in this game but Trenton came on to take a 47-44 helftime lead. With Mike Hauracka's help the locals tied it at 56 all and then the lead changed

S.G.A. To Adopt War Orphan Plan

On January 7 the Student Government Association voted to adopt a war orphan for one year through the Foster Parents' Plan

for war children. The plan was presented to the Student Government Association

Student Covernment Association in December. Class representatives discussed the matter with their classes and, on January 7, they re-ported to the S.G.A. that all classes apporved the plans. A committee has been set up which includes Phoshe Birch, Re-gina Gwozdecka, Marcia Whipple and Dolores Mendello. The cost of the plan is \$180 a year, or five cents a mouth per pupil The Foster Farents' Plan for War Children op erates in two dif-ferent manners. Yet the cheerleaders of our college had to be told by a group of students and their adviser to give a cheer for Trenton State and then came forth only with a piping "Trenton, Trenton, Trenton" at the end of a team yell and few, if any, of the spectators knew that the visitors had had even a "passing courtesy." Are the leaders of our college 'in the dark" as to courtesy to other teams?

One cheer that has been noticeably absent is a cheer for the coach. He is as much a part of the team as are those boys out on the floor. Doesn't he deserve a little public applause?

A few years ago this paper was asking for school spirit. We have the spirit now-how about good cheerleading with the cheerleading Squad acting as the leaders of the cheering sections instead of a separate group of performers! Ita.

Plans Being Made For Senior Week

The Seniors of '52 are planning to bring their collegs careers to a climax they will remember for many years to come. A committee, with Ethel Herman as chairman, is now making tentative plans for a number of activities especially for the seniors during Senior Week. These are to be held during the period between the last examina-tion and graduation day. The fol-lowing are some of the activities lowing are some of the activities, planned: a picnic and hayride, a dance, community singing, a tea for parents, faculty, and seniors, dance, community singing, a tea for parents, faculty, and seniors, the annual boat ride and perhaps

a New York show. In addition to the above, there is the President's and Faculty's reception held for the seniors and their parents in June, and in May and the class will traditionally present a Senior Class Show, their inform-al farewell to the rest of the col-

Other members of the Senior Week Committee are: Rosemarie Rigoglioso, Kenneth Emont, An-toinette Gaglione, Rose Marie Sch-melzer, John Flanderan, Harriet Sayre, Gloria Bevelacqua, Margusayre, Giora neveradous, harga-erite Rodriguez, and George Fin-kel. The committee is now invest-igating the possibilities of the a-forementioned activities.

If you hear grunts and gro coming from a classroom in Hun zicker Hall at the end of th ricke school day, don't be frightened, it's only the Judo team practising the art of self-defense under the able direction of Mr. Marvin Blaustein. The aim of the Jude team, whos membership includes: George Ameer, Frank Kent, Fred Rapp, George Unger and Vernon Walker, is to learn the art of self-defense through the use of Judo.

Dear Editor. A decisive step toward a tighter unification of students and faculty of Paterson State Teachers and Includy was awakened before the Xmas vacation in the form of a tree lighting ceremony; however, to the uninvited seniors, it served only as a disappointment, and a further painful reminder that we were to-tally forgotten by the college dur-

ing our practice teaching period! Another program (the open house ceremony and the playing of the carillonic bolls) acknowledged this distainful thing that we had already accepted as fact. Seniors, except those few who were fortunate enough to read about the pro-gram through its medicers cover-age in the local rewspaper, were age in the local rewspaper, were unaware that such an activity was being held. Seniors, who had spent being needs seen to start the funds growing for the carillonic bells, were not informed that a program which would enable more than 600 visitors to hear the bells was being conducted by the college.

The greatest disappointment came when seniors discovered that the Student Government Association had planned to omit seniors from the steering committee for the Student Union building. It was not until one junior suggested that seniors be included, that the S.G.A. changed its decision, and elected two representatives.

The representatives willingly ac cepted the positions, and planned to start working immediately. The next surprise came, when the rep-resentatives discovered that they were not notified about the first meeting until the day after the committee met.

Being isolated from the college during one's senior year is pun-ishment enough; being forgotten and ignored is unforgivable. Signed:

Cafeteria In **Deplorable Shape**

Let's face it! Our cafeteria has been in a deplorable condition since our arrival at the campus. There seemed to be very little cooperation from the student body to keep it clean, A number of students, who have received letters of thanks, offered their services to help improve this situation

These people have taken it pon themeselves to see that all stu-dents attempt to keep the cafeteria clean throughout each day. Since they have accepted this position, there has been a marked, but not complete, improvement in the situation

If each and every student would take it upon himself as a personal responsibility, to see that not only our cafeteria, but our entire campus was kept dan, there would be no need for committees to check up on them. A small amount of thought by each person to cooperate and look out, not only for himself, but for his neighbor, would make our campus as fine as possible.

If a certain few do not seem to want to accept this responsibility, it is hoped that their fellow stu-dents will see that they fulfill this doty.

NO BASEBALL THIS SPRING

NO BASEBALL THIS SPRING For the second consecutive year, Faterson State will exclude base-ball from its sport program. The Men's Athlette Board met Friday, January 11, 1952, to discuss and decide whather the College should field a baseball team this coming spring After a period of presentation and discussion of the facts, the Board cames to the conclusion that the College should not field a team this spring for the following reasons: I. There are insufficient funds to adequately equip a baseball squad. The Board believes that it would mar the reputation of the College to field a team wearing different and tacky uniforms, and using inferior and inadequate equipment.

possible UMT program the number of male students to attend college over the next few years is uncortain. There may not be enough men around to conduct a season as it should be conducted. .5. Extra Money could be used for other purposes. Some of the bas-kotball expenses have been less than anticipated last spring. This bai-nete still would not be sufficient enough to field a baseball toarn. Form so, the Board feel's that any excess fnudk left in the Men's Ath-letic Association could be put to good use in the Student Union Build-ing. JEE.

Girls, soon the first semester will be over and you will only have the second semester left to make points for the W.A.A. awards which are given in May, better hurry and make some points. Copies of the point system are being made by the Business Education Department.

Bodwling has dropped off somewhat since we have moved to the new campus. It is harder to get to the bowling alleys now, but remember; you can bowl any place, your home town, Haledon or Siberia. Just bring in your score sheets and you will get credit toward W. A. A. points. Give the score sheets to Miss Lee or to me.

RGUND ROBIN

A round robin basketball tournament is being played on Mondays and Fridays. The girls have divided themselves in permanent teams and have elected captains. The tournament started the week of January 7.

Lillian Serence, point chairman of W.A.A., is making record cards of all the activities of the girls. Lillian has requested that all past and present members turn into her their names, addresses, and telephone numbers, high school record in athletics and W.A.A. activities.

Mary Kennedy is in charge of making a W.A.A. handbook. This book will contain a summary of all the clubs activities. Any suggestions you have regarding this book should be given to Mary.

QUINT VARSITY DROPS 3 GAMES

Paterson State

Paterson States' cage quintet. which now boasts a record of 6 wins and 4 losses, suffered three straight reversals before jumping back into the win column on Saturday night The Orange and Black sustained defeats at the hands of Panzer, Montelair and Fairleigh Panzer, Dickinson. Close Panzer Win

A fast and snappy Panzer bas-ketball five nipped State in a tight and tension packed thriller 77-76 at the school five court. A perfect foul shot immediately folowed by a twelve second freeze gave Pan-zer the above decision. Vince Morretta was high for State with 28 points, while John Marra netted 22 for the invaders.

Montelair's "Indians" scalped Monitclair's "Indians" scalped the State cage squad Tuesday ov-ening by the one-sided score of 83 to 64. Captain Ed Weber of the "Tribe" accounted for 28 of the points in a torrid shooting display.

Paterson fell behind in the second quarter and despite a great drive it was unable to overtake the high flying "Indians". The Pi-oneer scoring effort was aided by Vince Moretta with 23 and Dink Van Orden with 14.State's chances were gone when Moretta and Van Orden foulded out and some of the Orden foulded out and some of the other players were near banish-ment also. Buschke and Hanlon chipped in 15 each for Montelair to keep the Fioneers at a big de-ficit. The closest Paterson got to the "Indian" was an 11 point deficit after the big Montclair outburst.

State's J. V. team lost a thriller to the Indian J.V. by the score of 73 to 71 despite Sheber's 24 points.

Vince Moretta netted 18 points for one bright Paterson spot in the game. Paterson's two big men, Joe Isch and Mike Harracka played despite illness but could do little against their ponderous op-ponents. This was one of the Knights best games as they made

a large percentage of their shots. Peterson was able to stay even early in the game but the pace began to tell on the comparatively diminutive Pioneers and Fairleigh gradually widened the margin to about 35 at one point in the game. Coach Addison let everyone play to give the reserves some added playing experience. BO Matthews was the second highest scorer of the night for State with 10.
