8 Staters Named To College Who's-Who

By DOROTHEA SURMAN

There was a great need for some medium through which the names of deserving students throughout the country could be brought before the social and business worlds. The idea of creating a national institution was conceived over twenty years ago and thus Who's Who in American Colleges and Universities was born. The idea behind the project has been the establishment of a reference volume of authoritative information on the great body of American undergraduates believing that extracurricular activities are the best index to a student's ability and not scholarship alone.

The nation wide honor came to five Paterson State Seniors, Floebe Ann Birch, C.E., Joseph Boydell, G.E., John Cecchino, G.E., Joyce Ellinger, G.E., Kenneth Werner, G.E. and three Juniors Victor Casella, G.E., Joseph Garrera, G.E., and Mary Kennedy, K.P.

Floebe Ann Birch, 351 Grove Street, Ordel, is an active member of the Masque and Masquers, and has been in the Mixed Chorus, and Representative of Section A in the S.G.A. in her Junior year.

Joseph Boydell, 328 Hamilton Avenue, Paterson, has been in the Masque and Masquers, Pro-Kons, Square Dance Club, Treasurer of his Junior Class on the Student Faculty Relations Committee, and is President of the Senior Class.

John Cecchino, 31 MacArthur Avenue, Paterson was President of his Freshmen class, was in the Debating Club and the Pro-Kons. He is a member of the Student Council.

Joyce Ellinger, 120 Merselis (Continued On Page 3)

CURTIS DRIVE ON FOR SUB MONEY

State is holding its third annual Curtis Magazine Drive. This year, the profits will go towards buying furniture for the Student Union Building. The plans are for outdoor furniture, for those beautiful spring days, when it's just too nice to stay indoors.

There will be three prizes, amounting to fifteen dollars each. Names will be drawn on Friday, October 31st, Wednesday, November 5, and — November — On each of these dates, until a winner is found. To be eligible for a prize, you must sell at least ten dollars worth of subscriptions. Remember, renewals of magazine subscriptions are as good as new ones.

There will be a grand final prize of twenty five dollars for the one person who has sold the most. Joe Grecco, a freshman, won the first prize of ten dollars. He has already sold sixty-nine dollars worth of subscriptions. Have you sold that many? Class representatives should be sure to get their lists in on time. Let's all get out and back this drive. After all, it's for our own good.

CATHY FEOL AND ANNETTE DENARO

This picture was taken on the Soph field trip and depicts the girls reaction to field trips.

Office Reports Fire Drill Rules

In case of a fire drill at any time during the school year, students are asked to do the following:

If in Hunziker Hall, proceed through the nearest outside exit to about 100 feet away from the building.

If in the Library, leave through the student entrance to a distance of 100 feet from the building.

If in Rooms 3 or 5 in the Administration Building, leave through left or right student entrance to about 100 feet from the building.

Beacon Tours Science Department Finds Many Causes For Interest

By SHIRLEY PRESTON

The main features in our science department here at Paterson State revolve around the department's purposes: to open the eyes of the students to the workings of the world about us, to teach us the right method of solving problems, to show us how to apply our gained knowledge to everyday life. Because of the fulfillment of these aims, the science department is undoubtedly one of the best.

Luckily for all concerned, the instructors of the department are weary of the dreariness of empty day-after-day things. They don't believe in saying, "I'll tell you a fact, then you learn it and tell it to me." Although we who are enrolled in the science department use books for initial learning, most of our knowledge is gained through interesting and enjoyable experiments. By way of these experiments, we learn the scientific method of attacking a problems of everyday life should we soon come to realize that all problems of everyday life should be so settled and not by whim, fancy, or prejudice.

Through active everyday observations, we learn the operations of both natural and mechanical things about us—things which most people take for granted. Thus an appreciation for life is

FOUR FACULTY MEMBERS RECEIVE PROMOTIONS

Dr. Wightman announced recently that four faculty members have been raised in rank. Mr. Vivian has been promoted from assistant professors to associate professors. Mr. Raymond Miller has been promoted from instructor to assistant professor.

Associate professor Howard L. Haas, chairman of Student Life, is a resident of Packanack Lake. He received the B.S. degree from Trenton State Teachers College, the M.Ed. degree from Rutgers University, and has also attended New York University. Mr. Haas taught courses at Metuchen High School and at Rutherford High School. In 1943 he joined the faculty of Paterson State. Mr. Haas has been a president of the faculty Paterson State Teachers College Association and an Associate editor of the Business Educational Observer. He is the State Chairman of Law Visual Aid Commission.

Associate professor Juliette A. Trainor, head librarian at Paterson State is a resident of Rutherford. Miss Trainor received the B.A. degree from New York University and the Diplomee from the Sorbonne (Univ. of Paris). She has also attended Trenton State Teachers College. Miss Trainor began her career at Paterson State as assistant librarian. She has been an advisor for the Beacon, and the Flashlight. Since 1950 she has been Chairman of the founders and first American editor of International Student.

Wightman Addresses Students; Talks On Campus Improvement

Dwight Eisenhower Wins Straw Vote

General Dwight D. Eisenhower and his running mate Richard M. Nixon won the Straw Vote election held November 30 in the Cafeteria, with 201 votes over Governor Adlai E. Stevenson and John J. Sparkman with 151 votes. General Douglas MacArthur and Henry Krejowski received one vote each. The Garden State Parkway and State Institutions referendums were passed by large majorities.

The election was held through the combined efforts of the Prokons and Human Relations Clubs. Those members who participated in this project were Eleanor Frendergast, Earnie Maas, Virnolly, Louise Goddin, Louisa Helghia Cavaluzo, Peggy Ann Commer, Jane Kearns, Elaine Vislowsky, and Judith Wamaar. The percentage of participation is as follows: Staff—70%, Seniors 66%, Juniors 72%, Sophomores 63% and Freshmen 42%.

CASCELLA ANNOUNCES SGA CHAIEMEN

Chairman of the various committees of the S.G.A. have been approved by the executive committee.

Martin Walsh is now in charge of the Men's Athletic Association, and Janice De Korte, a junior, is chairman of the Women's Athletic Association.

Publicity committee chairman is Grace Monaco, a junior. The publicity committee takes care of any publicity connected with the S.G.A.

Edward Fritz, a junior, will act as assembly committee chairman for the coming year. This committee is compiling a tentative list of assembly programs for the year.

Social committee chairman is Mary Kennedy, a junior. The committee will plan social activities at the college and will be in charge of Schaefer Play Day.

Ralph DeFino, a junior is Omission chairman of the eEligibility Committee. The duty of this committee is to keep a list of students and their activities so that none will exceed the point limit. This system enables everyone at State to have some type of responsibility or to help run some club or organization.

Students' X-Rays

All students were requested to have an x-ray taken on Thursday, October 30, 1952. These x-rays were given between 9 A.M. and 3 P.M. in the faculty parking lot. The students went to the health office behind the Little Theatre first in order to get their health cards before reporting outside the health office to the mobile unit truck. Any student who didn't have an x-ray taken on this day is required to have one taken by his own physician. Last year's record for having the x-rays taken was 100%.

JOAN O'BRIEN

As we approach our first anniversary here on our new campus, comments on the past year's accomplishments can be heard echoing about the college.

Dr. Wightman, President of Paterson State Teachers College, at a meeting of all the classes on October 16th, discussed the forthcoming cafeteria, gymnasium, and auditorium. Our Pres. mentioned the proposed site for each and stated that everything within reason was being done to have these buildings erected as soon as possible.

Mr. Haas, Chairman of Student Life, recently expressed his satisfaction over the fine cooperation of students and faculty to make Paterson State Teachers College outstanding. He stated that a recent example of students cooperation was the successful Sophomore Hop. He drew his comments to a summation by pointing out what a fine job the students have been doing to keep the grounds neat and clean and at the same time strengthening the spirit of cooperation. He climaxed his comments by saying that Paterson was truly "a school to be proud of."

Another achievement of the students during the past year was the publication of a new brochure titled Paterson State Teachers College. The purpose of the booklet is to familiarize interested new students with the campus, curriculum, and activities at State.

Bertha Tyrrel Scholarship Offered to Staters

The Bertha Tyrrel Roberts Scholarship Loan Fund was established six years ago by a group of students at Paterson State in memory of their adviser the late Bertha Tyrrel Roberts. The loan is available to girls who have completed two years of study at P.S.T.C. Personal character and scholarship are the qualities on which selection is based. The scholarship money is for those who need financial aid. This money will be used for fees, tuition, and/or books. The amount of aid given is determined by the situation and the need, and is decided upon by the scholarship committee.

Any Junior or Senior girl needing financial aid should contact Miss Tiffany for applications. The recipients of the scholarship are known only to the scholarship committee which is composed of two faculty members and four alumni.

Each year there are held one or more money-raising affairs to increase the fund. This year a cake sale was held Monday, November 3, in the Cafeteria during the lunch hours. Gisele Hirschl was chairman of this affair.

OUR COLLEGE ON DISPLAY

Many of us, I am inclined to believe, fail to notice the significance of Visiting Day. To many, it is just a waste of time. Some say, "Who cares what our college looks like?" "We're the ones who use it." "I know what it looks like." "Why should I bring anyone to see it?" "Everyone has seen schools before." And yet, we know that these people are just as proud of our college and its beautiful new campus as you and I.

Visiting Day is one of the few days of the year when we aren't involved with classes and school work. It is the only time when we have the opportunity to show-off our surroundings to "outsiders," as they are thought of by many of us. Actually, we don't want our parents to feel like "outsiders." We want them to be a part of our college—one of our big, happy family.

Their arrival on Visiting Day gives them a chance, not only to see our campus, but also to view some phase of our courses of study. Exhibits in the various show-cases and classrooms have displays of work completed during the school year and special projects.

Our lack of a gymnasium as well as that of an auditorium large enough to hold the entire student body, and the need for kitchen facilities in our cafeteria are all a part of the observations made on Visiting Day. People who voted for the Bond Issue, for which we worked so earnestly, want to know where the money is to be used. Now they may see with their own eyes and pass the word along to others.

So you see, there is a point to Visiting Day. It is not just something to pass the time away. Why don't you come to the next one with your parents and friends? Be proud and happy to show off your college to others. Let's make them a part of our family, too!

WAKE-UP TO REALITY

In a college environment there are many things which are offered to us. Two of the more important of these are scholarship and character development. It occurs to me that we as students place too little emphasis on the latter.

It is commendable to earn good marks in the courses which we take but, we should not let this screen from us the values of socializing and recreation. There are a great number of activities offered to the students at Paterson State and yet it seems that the same people compose the majority of club rosters. There are dance clubs, athletic clubs and teams, and other organizations such as S.G.A. It would prove profitable to us to engage in some of these activities in our spare time.

All of these organizations and committees are valuable to us, especially since we have chosen teaching as a profession. We will undoubtedly be engaged in group work for a large section of our life span and the experiences we can derive from participation in college functions will prove useful.

One of the essential parts of the teaching profession is the personal contact we must encounter in all our relations with students, parents, and other teachers. We must know how to work with others successfully to accomplish singular goals. As teachers and educated people we will be by necessity leaders in life. Can we be adequately prepared to face the world of life if we are not able to socialize now and work well with others?

Besides the enjoyment we derive from such extra-curricular activities, there is a learning process going on simultaneously even though we may not be conscious of it. It is a challenge which we must meet with vigorous response.

I say to everyone awaken and make use of the facilities offered.

PIONEERS POT POURRI

By BARBARA LOESCH

The Sophs have broken the ice and started the social season off with a grand time for all at their annual Frosh Welcome Dance. The red, white, and blue streamers and the artistic eagle and stars are still glittering in our orbs from what really looked more like a political convention than a dance not such a little while ago. Everything concerned was great, but we're still trying to figure out whether Carl Salamensky has got Dennis Cummins beat as a comedian or vice versa. Remember Dennis and his jokes last year, upper-classmen?

A look in our datebook also reminds us to start saving our pennies now in preparation for the Junior Prom. The Moresque in West Orange has definitely been set as the stage for the production to be held. The performance will take place on November 28, 1952 and the performers will be appropriately garbed in semi-formal attire. The Frosh and Junior classes both hope to have record-breaking attendances at their respective functions.

It took as though the long-lost Juniors have returned! It sure was lonely without them! From what we hear, they must have had a tremendous time learning. There's nothing like receiving a bunch of posies from a secret admirer or making a two base hit in kick ball with high heels on to boost one's morale! Playing "Red Rover" and "Old Mother Witch" and reading all about Dick and Jane and their adventures has it all over studying a college text. Seriously, ask any Junior about practicum. They'll tell you!

Some students in the Bloomfield Practicum have gone one step farther than Dr. Wightman in his cake eating stint with a spoon—finger! It was good cake, too!

We're sorry we forgot to mention Nina Stoltzing and her gorgeous engagement ring in our last issue, but it's impossible to hear and see all. Please drop us the Beacon a little line anytime you have some bit of happiness you'd like to share. Speaking of happiness, Helene Klein is now sporting a diamond on her third finger left hand and we hear that Bunny DiNicola and hubby are now proud parents. Anthony Siliti is also at the present time studying for the Jesuit Priesthood.

Juniors Announce Plans For Prom

COME ONE! COME ALL! The date for the Junior Prom has been set.

Date: Friday—November 28.
Location:—Moresque— West Orange

Time:—9:00 P.M. 'till 2:00 A.M.
Bids:—\$5.00

The Prom will be semi-formal and bids will go on sale the first week of November.

Charmen of the various committees for the Prom are as follows:

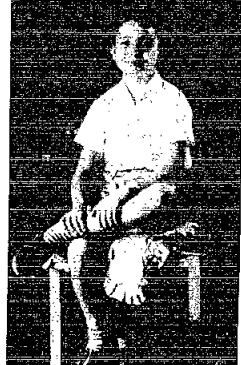

General chairman: Carol Playa
Publicity: Janice De Korte
Bids: Lois Ratsma

Location: Lillian Seerense
Invitations: Jean Sacamano
A DATE BUREAU will be available in the Student Union Building for anyone interested. For further information, see Marda Whipple.

A private dining-room and dance floor is being reserved for P.S.T.C., so there will be room for ALL!

SEE YOU NOVEMBER 28!

GIACINTO WRITES TO STUDENTS; THANKS THEM FOR THEIR GIFTS

Giacinto Before and After

By JEAN GRIEDER

Last summer, Paterson State received three letters from Giacinto Occhionero, our "adopted" friend in Italy. The careful English constructions recite his thanks for our gifts and friendship, but between the lines is a story of tragedy and heartbreak.

The story began late in 1943, when a young soldier died in a military hospital in Brindisi,

Italy. His grieving wife was left no resources with which to provide for their two small children. And so, when other children merely read of such things in their storybooks, Giacinto learned that in real life people can be poverty stricken and hungry with starvation nipping at their heels.

Even yet, this story does not have a happy ending. Today Giacinto

(Continued on Page 3)

LETTER TO THE EDITOR

The following letter was received from the national honor society in education, Kappa Delta Pi:

Dear Paterson Stater:
"This is an informal note about our college chapter of Kappa Delta Pi. We of the Zeta Alpha Chapter would like you to know more about our organization."

Kappa Delta Pi is a national honor society in education. It was established to "promote a closer bond among Students of Education." Qualification for membership are high general scholarship, a continuing interest in education and evidence of leadership qualities. Each year, students from the junior and senior classes are invited to join the society.

At Paterson State Teachers College, Kappa Delta Pi is a young group, Zeta Alpha Chapter was established in 1945. ZA, like the average youngster, is very active. Regular monthly meetings have included speakers from varied fields, informal discussions of current issues, illustrations of new teaching methods, book reviews and get-togethers with other chapters of K.D.P. Last year, it was our pleasure to show our beautiful new campus to fellow Kadepians from Jersey City, Montclair and Newark Teachers Colleges. At that time, we also held a panel on what qualities to look for in a presidential candidate.

Of course, no youngster likes "all work and no play." And ZA members can play as hard as they work. Theater parties have included attendance at such plays as "Mr. Roberts" and "Call Me Madam." At our last Christmas Party, we enjoyed finding out from people born in Estonia, Italy and Germany, how Christmas is celebrated in these countries. This year, as in previous years, we are sponsoring a square dance at the campus. Proceeds are for our scholarship fund. (Zeta Alpha has established one four-year tuition scholarship.) We'll have a lively time, and hope you'll join in the fun.

Because we are such a young organization, many of our present members are alumni. We believe

that it is important for a teacher college to have an active on-campus group in the chapter. If you receive an invitation, we hope you will accept it eagerly. By the way, if you want further details, see Mr. Ellis our advisor.

We look forward to "getting to know" more Paterson Staters soon."

Sincerely
Ada Skuratofsky
Class of 48

This letter fully explains the aims and activities of the organization and qualifications for membership.

"QUIZZIN' LIZZ"

By BETTE BUGGI

QUESTION: What do you think about the conditions in the cafeteria? Asked of:

Lillian Boyajian, "What we need is cooperation to improve the conditions in the cafeteria."

Harry Dolan, "They should have hot meals during the winter."

Irving Watchman, "Our cafeteria would show a marked improvement if they started serving food."

Ronald Selders, "You'll never get fat on the food they serve in our cafeteria."

Ellen Wertz, "This is as good as can be expected with the conditions they're working under."

Bob Matthews, "I've got no complaints!"

Margaret Ryan, "With what they have they are doing the best they can under the circumstances. (It is crowded and there aren't many facilities)."

Doris Moran, "After Fair Lawn High School it's like the Waldorf!"

Peggy McGuinness, "I think the cafeteria should be larger so that it can accommodate more students."

Tina Muscarella, "I think the system is wonderful, since they don't have all the facilities that they need."

Audrey Judlow, "With the limited facilities that the cafeteria has, I feel they are doing a marvelous job."

Dan Forster, "They should have some hot food and more signs around telling the students to keep the tables clean."

Introducing...

By MYRA CASEY

The Sophomore Class has elected one of their most likeable and pleasant-mannered members as president of their class.

Tom Desmond has a wide range of interests and experiences in discussion and leading groups which help qualify him for his new position.

Tom was born in Summit, New Jersey. He attended Saint Mary's High School in Perth Amboy where he was student manager of the football team.

Here at State he represented his section of the Freshman Class last year. This year he is a member of the Wightman Debating Society and the Executive Committee of the S.G.A.

In his spare time, Tom and his wife can be found fishing in salt water, reading, or hunting for rocks.

Tom plans to teach in the upper elementary grades and to continue his work with the reading acceleration program in which he is interested.

ALUMNI NOTE

Mrs. Mary L. Zanfino, formerly Mary Lobosco, has written an article entitled, "Creative Writing" which appears in the October issue of THE INSTRUCTOR, a monthly magazine for teachers.

Mrs. Zanfino, who resides at 47 Doremus Street, Paterson, received her B.S. degree from Paterson State Teachers College in 1949 and is now a sixth grade teacher in Dentarest School, Bloomfield.

The article "Creative Writing" deals with a problem nearly every teacher has to face at some time—what to do when a pupil is asked to write a composition but replies with "I don't know what to write about."

Most teachers recognize the fact that few people are able to write willingly and fluently. In most cases children as well as adults need encouragement and direction led the author to compare the skeleton of a strong healthy body to the skeleton of a good creative story. The framework of a skeletal plot includes: main character, main character trait, scene or setting, the problem, and what happens.

Envelopes labeled with these points, containing slips of paper on which suggestions were written were then given to different groups of children who selected a slip from each envelope. Their stories were based on these selections.

It was easy for the author to see her class enjoyed this "writing game" and soon one of the girls asked if they could "make some stories" for Halloween. This time the children made the following suggestions:

"Main character: Witch Hazel"
"Main Character trait: Kind (because witches were always considered mean)"

"Scene or setting: Lonely road (make it spooky)"
"Problem: Loses her black cat, named Catastrophe."

"What happens: Is well rewarded."

The author states that "This method of creating interest in writing has proved satisfactory in my class. It helped the spark of creativity which I believe every child has. These sparks, whether in writing, art, or music, must be kindled so that the child may grow and perhaps glow in their radiance."

Mr. Hoas Answers Student Suggestions

Several suggestions have been placed in my hands through the use of the suggestion box many of which concern lockers. If you have a locker which does not work properly, please notify the bookstore of this fact so that the proper adjustment may be made. We are sorry that we do not have a sufficient number of new lockers for all to enjoy. It is our hope that in the near future this condition will cease to exist.

Another suggestion was made regarding the bulletin board in Hunziker Hall. Inasmuch as we do have a student bulletin board it is felt that all personal notices be placed on the student bulletin board in the Student Center and all official administrative notices pertaining to students be posted on the bulletin board in Hunziker Hall. The reason for this decision is that there is not sufficient space in Hunziker Hall to post both student and administrative notices in a manner which would be satisfactory to all.

FACULTY PROMOTIONS

(Continued From Page 1)

ents Magazine, published in Paris, Miss Trainor also contributes to "Women Who Sees" column in the New York Sun. From 1949 to the present, Miss Trainor has been a judge of the Northern New Jersey Spelling Bee.

Associate professor V. Eugene Vivian, of the science department, is a resident of Rutherford. He received the B.A. degree from Montclair State Teachers College, the M.A. degree from Columbia University, College of Pharmacy, and is a Ph.D. candidate, at present, at New York University. Mr. Vivian has taught courses at Park Ridge High, Eastside High, Paterson and part time at New York University. He serves as the Director of field sciences at the New Jersey State School of Conservation; Director of Camping and Research, Herald Tribune Fresh Air Fund; and is a member of the Kappa Delta Pi National Educational Fraternity, Beta Pi Chapter, New York University.

W. Miller, of the social science department, is a resident of Little Falls. He received the B.A. degree from Wagner College, and the M.A. degree from Columbia University. Mr. Miller has been a fencing coach at Tat. Prep. School, a history instructor at Wagner College, and Ascension

"FRIENDS" COMMITTEE MEETS NOV. 14

New York, New York. A college student seminar on the United Nations will be held in New York from November 14th to the 16th. It was announced today by Sandy Kravitz, College Program Secretary of the American Friends Service Committee (Quakers).

The seminar will focus its attention on the problems and prospects for Disarmament. Among the sessions scheduled will be one with staff members of the Disarmament Commission, another with a scientist on "The Moral Challenge of Atomic Energy," attendance at sessions of the General Assembly, and meetings with various national delegations to the United Nations.

Registration for the seminar begins at 10:00 A.M. Friday the 14th. Those interested in attending should write or call the American Friends Service Committee, 144 East 20th St., GRamercy 3-2928.

Radio News To Notify Students Of No School

The following is an announcement of importance to all students:

To the Students:
During emergency situations a "no school announcement" will be broadcast on WPAT between the hours of 6:00 a.m. and 9:00 a.m. and between 6:00 p.m. and 9:00 p.m., at approximately 15 minute intervals.

Students and parents are requested not to call WPAT for school information. This will only tie up lines needed to handle the incoming calls from other schools. If any question arises in the minds of the students or parents, as to whether or not school will be open, they should tune in to WPAT, the Center of the Dial at 93.

Without the cooperation of each and every student, the entire service will be a wasted effort on the part of your school authorities and the WPAT staff. Clair S. Wightman, President

Day School. In 1946 he joined the faculty at Paterson State. During World War II, from 1942 to 1945 he served as United States Navy Lieutenant. Mr. Miller is a member of the National Fencing Coaches Association of America, and the Womens Intercollegiate Fencing Coach Association.

SGA Accepts Fall Budget

The Students Government Association of Paterson State Teachers College has approved the budget for the Fall Semester. The money for the budget comes from the Student Service Fund to which active members of the association contribute by paying a Student Service Fee at the time of registration. From this Student Service Fund the spending agencies of the college receive appropriations to carry on their activities.

The spending agencies of the College are: Masque and Masquers, the dramatic club which presents dramatic productions for the entertainment of the College; the Swords Club which sponsors the women's fencing activities; the Beacon which is the College newspaper; and the Women's Athletic Association which each year has a program of sports for women.

Besides the spending agencies, money is allotted to various committees to carry on different school activities. For instance the Men's Athletic Committee is given money to carry on a program of Men's intramurals.

Students Service Funds are also allotted to the class treasuries;

to the Senior Ball, to the Year Book and to the S.G.A. Fund. The class treasuries are assigned seventy-five cents per student, per semester from the Student Service Fund. To form the Senior Ball Fund, twenty-five cents per student of the Student Service Fund is allotted per semester. If a deficit results from the Senior Ball it is made up proportionately from the class treasuries. The Year Book Fund assesses every active member of the association two dollars and fifty cents per semester. This fund is used to issue a copy of the Year Book to every active member of the association. When chartered clubs of the College who are not spending agencies need money for a specific purpose they are able to get it from the S.G.A. Fund.

All funds are spent on the basis of warrants which must be approved by the advisor, Mrs. Ellis, and the Paterson State Teachers College Cooperative Association which issues the checks. No checks are issued without proof of the expenditure.

In order to better acquaint the students with the preparation of the budget of the Student Government the procedure will be explained. The executive committee, which consists of the officers of the association, the presidents of all the classes, the past president of the association and the faculty advisor or advisors, serves as a budget committee to prepare the budget for the distribution of the Student Service Funds for the various student activities. Each spring the spending agencies submit an estimate of expenditures for the following college year to the executive committee. The budget must be approved by the President of the College and by a majority vote of the College Council.

CURTIS DRIVE

(Continued From Page 1)

Avenue, Clifton, is associated with the Masque and Masquers, and is the vice-president of the Student Government Association.

Kenneth Werner, 15-06 Chandler Drive, Fair Lawn, has been on the Traditions Committee, Chairman of the Junior Prom and Senior Ball, Freshmen Class President, Vice-President of the Sophomore Class and was the President of his Junior Class. He is in the Phi Sigma Tau Fraternity and was awarded the Skull and Ponder scholarship in his Junior year. He also participated in the Intra-Murals.

Victor Casella, 87 Heier Parkway, Newark, is president of the S.G.A. and was in the Debating Club.

Joseph Garrera, Davis Road, Franklin, is president of the Junior Class.

Mary Kennedy, 141 Luddington Avenue, Clifton, was former President of the W.A.A.

Last year's Juniors, now Seniors, who had their names put in the Who's Who are:

Marjorie Broman, who was editor-in-chief of the Beacon and is now senior advisor. She is a member of the Masque and Masquers, the W.A.A., the Square Dance Club, the F.T.A. and is busy working on the Senior Literary staff of the yearbook.

Dorothy James was treasurer of the S.G.A. in her Junior year, and participated in the Geography Club, the A Cappella Choir, and was chairman of the All College Revue.

George Amore, has been a member of the Handball Team, Judo team, Science club, A Cappella Choir, Male Octette, Delta Omega Epsilon, Kappa Delta Phi, and was last year's president of the S.G.A.

PATERSON STATE TEACHERS COLLEGE Activities Calendar For Remainder of Fall Semester (From Nov. 7, 1952 to January 30, 1953)

Nov. 19 Wed.	Senior Critic Teachers Tea
Nov. 24 Mon. 11 a.m.	Assembly
Nov. 25-28	Thanksgiving Recess
Nov. 28 Fri.	Junior Prom
Nov. 29 Sat.	BB Home-Newark College of Engineering
Dec. 2 Tues.	BB Home-Newark State
Dec. 5 Fri.	BB Away-J. C. State
Dec. 8 Mon. 11 a.m.	Faculty Association Meeting
Dec. 9 Tues.	BB Home-Bloomfield College
Dec. 12 Fri. 11 a.m.	Assembly
Dec. 15 Mon. 11 a.m.	BB Away-Panzer
Dec. 16 Tues.	Tree Lighting Ceremony
Dec. 17 Wed.	BB Away-Montclair State
Dec. 20 Sat.	Madrigals Christmas Concert
Dec. 21 Sun.	BB Away-Rutgers
Dec. 22 Mon. 11 a.m.	Christmas vacation begins
Dec. 23 Tues.	Back to school!
Dec. 24 Wed.	BB Away-Trenton State
Dec. 25 Thurs.	Faculty Association Meeting
Dec. 26 Fri.	BB Home-Montclair State
Dec. 27 Sat.	Assembly
Dec. 28 Sun.	BB Home-Fairleigh Dickinson
Dec. 29 Mon.	BB Home-Trenton State
Dec. 30 Tues.	BB Away-Newark College of Engineering
Dec. 31 Wed.	BB Away-Glassboro State
Jan. 1 Thurs.	Final Exams

I am so happy for your kind and sincere words. The beautiful and clear description of your school's situation and of how it is organized has given me the desire to see it and therefore I will be so grateful if you Dick and Jane and their advisor will send me photos of it. We also have always a clear sky and it is rather hot. In the morning the agriculturists and laborers have to go into the country because this is the season for threshing out the grain. Sometimes my sister Teresina and I and other friends go for long walks to visit the big agricultural centers where they have the new machines for the harvest. In my next letter I will send you more news about my country; now I thank you for the kind thought you have had towards me and my dear ones. I have been happy to receive this month, June, of \$15 from you and also the parcel with so many good things: five cans sausage, one can lard, one can beef and two cakes of soap. I also want to tell you that my little sister Teresina and I have both been promoted and so hope to be our poor dear mother's comfort. Hoping to have news from you, I send you much love and am ever your affectionate son, Yours Affectionately, Giacinto.

SPORT SLANTS

By JIM ALEXANDER

Usually, to find a character of great physical prowess who possesses a high degree of mental ability we consult a story book or other fictional work. It is a far simpler matter here at Paterson State in the person of one of our faculty members we have someone strongly comparable to this character.

Mr. Marvin Blaustein, who received his Bachelor of Science and his Master of Science at City College of New York and is presently a candidate for his Doctorate at New York University, is currently teaching psychology and education at the college. He has taught in the New York City School system, Y.M.C.A. schools, and also at C.C.N.Y. Among his academic endeavors has been research work in commercial biological plants in New York City.

This would seem like quite a full life for any youthful man but not for the energetic man in question.

In our own college he is instructor of the male gym classes and has been introducing an extensive program which includes wrestling, tumbling, other gymnastics, and competitive team sports. Mr. Blaustein is adviser to the Judo Club which has put on exhibitions of this sport at various sites. He is well qualified to teach and coach this sport as he personally has earned the black belt of the instructor. This belt is the 1st degree award in Judo excellence and achievement.

Back in his college days Mr. Blaustein was captain of the swimming team along with being president of the Biological Society.

During the war Mr. Blaustein served in the Seventh Ranger Battalion in the Pacific as master sergeant in the medical company.

We can only foresee continuing success for someone with such unending vitality and drive. From a Pioneer viewpoint we can wish success to him and the judo club and hope that their presence will be more strongly felt in the future than it is even at the present. Good luck Coach Blaustein.

LEAVE IT TO THE GIRLS

By ELAINE VISLOTSKY

Pins are flying again as Paterson State's "keglerettes" begin the bowling season. Plans have been made to use the new alleys at the Wayne Country Club Bowlodrome between the hours of 8:30 to 4:30 at special prices of 35c per game, shoes included. Because the Bowlodrome is only a short distance from the campus, Carol Racich, bowling manager, hopes our girls may be able to bowl more often and perhaps develop team competition between our "keglerettes" and women's teams from other colleges. At the present time this club is looking into the possibilities of having the school bus drive the girls who are interested to the Wayne Bowling Alleys.

Mermaids to Begin Practice

Elsie Seybt, manager of the swimming club, has announced this group will have the use of the Paterson YMCA every Wednesday. Swimming instruction will be held from 8:30 to 9:00. The cost is only 35c per meeting so why not get "in the swimming club!"

Play Hostess to Newark State

A volleyball playday was held with Newark State on October 21. Both colleges had two teams representing them. Paterson State's Team A won over Newark with a final score of 44-32. This victory was due to a large lead in the first half, our score being 31 to Newark's 10. The Newark club outscored our WAA in the second half 22 to 13 but was unable to overcome our margin of safety. Referee for Team A was Doris Pepper, Jean Spiotta was Captain and Marlene Terry Co-Captain.

Newark's Team B was able to beat P.S.T.C. with a final score of 37-31. Although our WAA led in the first half 17 to 15 the Newarkers fought hard, outscoring us 22-14 the second half to bring home a victory. Referee for this team was Doris E. Smith with Doris N. Smith as Captain, and Betty Jane Edwards Co-Captain.

Doris Elaine Smith, volleyball manager, and the girls in this sport played hostess to the visitors on our home outdoor court. Refreshments were served after the game.

SCHEDULE OF PLAYDAYS (Dates not definite)

At Home	
Montclair State	Volleyball
Fairleigh Dickinson	Volleyball
Caldwell College	Volleyball
Trenton State	Softball
N. J. College for Women	Softball (Nov. 8)
Glassboro S.T.C.	Basketball (Weekend)
Away	
Trenton S.T.C.	Sports Day
Jersey City S.T.C.	Basketball
Montclair S.T.C.	Basketball
Newark S.T.C.	Basketball
Fairleigh Dickinson	Basketball

Note: We are glad to see that the above schedule has a few "At Home" games this year. This is a big improvement over last year when only one volleyball game was held on our campus the entire year.

Bowling Squad Ready To Start Toppling Pins

Friday afternoon of each week has found the aspirants for the Paterson State men's varsity bowling team in practice sessions. From the scores which the men registered in these practices, the bowling team has been selected.

Alen Litke, senior, and Frank McNamara, junior, are the only returning lettermen on this year's team. The remainder of the team consists of Lou Trentacosta, sophomore, Ray McGillick, freshman, Fred Singer, senior, Joe Phillips, sophomore, Walt Ross, senior, and Sal Alaimo, sophomore. The eight men were picked on the basis of the scores which they registered in the practice sessions.

In the near future, the players will elect their captain for the coming year. Al Litke served as team captain last year as well as bowling as anchor man, the fifth bowler.

Mr. Marvin Blaustein is the faculty member in charge of the varsity sport of bowling and he has expressed high hopes for a successful season for the keggers. "If the practice session scores are any indication of the way the team will bowl this year, they will finish higher in the league than they did last year."

The bowling team is managed by Jim Alexander, a business education sophomore.

Player Profiles

By JIM ALEXANDER

Roger Clarke—

This bespectacled junior should be a big help to the team with his calm disposition and level headedness. A fine set shot and hustling drive-in layups are foremost in the repertoire of this seasoned veteran.

Bob Matthews—

Big, blonde Bo-Bo looks as though he may be the highest point producer in the coming campaign with his deadly jump shot which he executes with the right hand. His speed enables him to drive under the basket for shots and pass plays. We cannot overlook his rebounding which should prove to be a very valuable asset to the team.

Jerry Del Corso—

Little Jerry is a real hustler and sends opponents into utter confusion with his unorthodox maneuvers. "Deuce" is potent with sets from the outside and is no slouch on a cut into the basket.

Bob Matthews—

This import from Paterson Vocational High seems to be a well-needed shot in the arm. His scoring conveyance is an accurate one hand push shot which seems to have eyes as it creases the boards. He is slight of build but plays a rugged game the byword of which is speed.

Bill Kline—

Another carryover from the '51-'52 squad is the speedy playmaker Bill Kline. Bill is used to work the ball up and snag rebounds off the boards. He is good at rebounding because of his spring-like legs which really carry him up into the air. Bill's best point producer is a one hander and in addition he possesses a nice set shot.

Lenny Freilich—

Lenny is the only senior on the team and he played varsity last year also. Hustle is his motto and it shows up in his aggressive play. He is primarily an outside man and his favorite weapon is the long set shot.

Don Porter—

Don should be a "big" help to the team. His 6 ft. 3 in. frame is a welcome sight under the backboards. He is agile for his

STATE FENCERS BEGIN SEASON: LOOK FOR SUPPORT BY MALES

"The main problem facing the fencing team this year is the limited quantity of men available for the sport this year," commented Coach Raymond W. Miller. The coach was referring to

Cooper Union, and Pace College.

Returning to the team this year are Ray Vanden Berghie, John Griffith, Joe Boydell, Joe Phillips, Vince Antinuk, Joe Romanchek and Pat Canonico. Among the new men trying out for the squad are Vince Meyers, Don Wales, John Horsburgh, and Bruce Howell.

As usual there are a host of aspirants to the girls' fencing team. From last year's team there are such performers as Grace Monaco, Elaine Miller, Lucy Stamilla, Lorraine Murad, and Lois Blanchard. Returning also is Joyce Esslinger, a senior, who fenced as a freshman but was not out during her next two years.

Mr. Miller made a point of the fact that there are three fencing groups in the school, namely the male fencing team, the swords club for women, and the Paterson Blade and Mask Alumni Club.

"Just Call It Fate"

Coach Miller of the fencing team related this oddity to the sports department in a recent interview. He called to mind the fact that while Al Maksimowski was in school and active on the fencing team it seemed that none of the papers ever spelled his name right. The BEACON sometimes erred on the spelling as did the Paterson newspapers. Apparently everyone had trouble spelling Maksimowski and could never get it down properly (this reporter is included on the list of those who couldn't spell it).

The point of the story is that in a recent magazine listing the name Maksimowski was spelled absolutely correct but instead of putting the first name of Al they listed him as Bill. It seems that you just can't beat the law of averages.

RAY VANDEN BERGHIE

the total of eleven men on the squad at the present time.

Captaining the male fencers this year is senior, Ray Vanden Berghie, who has compiled a notable record in the sport at Paterson State.

To-date the fencing squad has competed in two tournaments with opponents in the Men's No-vice Sabre and Prep fencers. Plans for a regular college schedule are under the direction of John Griffith who is the team manager this year in addition to competing on the team. When this schedule is completed it will include such colleges as Drew, Newark College of Engineering, St. Peters, Yeshiva, Fordham,

TWO VARSITY STANDOUTS

BILL KLINE

ROGER CLARKE

size and can dunk in the points with either hand.

Harry Dolan—

During the last campaign Harry played only in the final four games but he has come along to make a strong bid for the varsity team. It may be that he will be the set shot man for the team to take the place of the great outside man, Dink Van Orden. Harry is but a sophomore and should become better as he gains the all important element, experience.

Fred Gusclora—

Gus is returning to the varsity after an absence from the Paterson scene. He is a towering giant and looks good on the all important factor of rebounding. His presence gives the Pioneer basketballers some imposing height.

Joe Donnelly—

Sporting his traditional crew-

cut, Joe is playing with the same zeal and vigor he displayed last year on the Jankelunas mentored J.V. team. He relies on drive and aggressiveness combined with an unorthodox set shot to tally his points.

Jim Meisterlich—

Like Joe, he is representing the sophomore class and similarly has risen from the junior varsity ranks. Jimmy is a classy ball-handler and can score effectively.

Chuck Hunziker—

Chuck is poetry in motion when he is swishing a long set or driving through for a lay-up. Sterling defensive play and flawless ball-handling mark the play of this sophomore who operates out of the guard position. His availability is in question as it is not ascertained that he will play this year.
