MISS TRAINOR ANNOUNCES THAT HOST OF NEW BOOKS ARE AVAILABLE

while Children's Book week, November 16-22, 1952.

The exhibit case in Hunziker Hall was set up by library staff members and consisted of dolls and caricatures of people in children library. dran's literature.

Children's books which had been bought in the Fall were saved and placed on display for the Falr. The new collection con-sists of about 200 children's books containing fiction and non-fiction subjects.

A few of the news books and A lew of the news boons and their classifications are as follows: FICTURE BOOKS; One Moraing in Maine, by Robert McCloskey; The Stable That Stayed, by Josephine Balfour Payne—both New York Herald Tribune Honor Books of 1952; and All Falling Down, by Gene Zion, a runner-up for the 1952 Caldecott award, STORIES: Little Houses Far Away, by Pamela Bianco, on the list of Child Life Best Ten Books of 1951; Looking-For-Some-Books of 1951; Looking-For-Some-thing, by Ann Nolan Clark, a NY. Herald Tribune Frize Book of 1952; and Charlotte's Web, by El-wyn Brooks White, which is on the current best-seller list. ANI-MAL STORIES: A Pony For Linds, by Clarence William An-derson, and The Round Meadow, by Lohn Clark both of which see by John Oldrin, both of which are on the Child Life Best Ten Book List of 1951; Busby and Co., by Herbert Coggins, and Jareb, by Miriam Powell, two N. Y. Herald Tribune Honor Books of 1952; Mr. T. W. Anthony Woo, by Marie Hall Ets, a runner-up for the 1952 Caldecott award; Big Mutt, by John Reese, which is on the current best seller list. HOLIDAYS: The Look-Inside Easter Egg, by

BIG JUNIOR PROM IS FRIDAY NIGHT

By JANICE DE KORTE

The lights are low; the music, sweet; and the dance floor is ready at the "Moresque" in West Orange, New Jersey. So don your semi-formal attire and come to the annual "Junior Prom" this Friday, This day is very import-ant to all students at Paterson State, for it is the traditional date for our Junior Prom.

Your favorite musical selection will be provided for you by Hai Hyer and his orchestra-between the hours of 9 o'clock P.M. and 2 o'clock A.M.—at which time a private dance floor will be available for you. Dancing will be interrupted at 12 o'clock at which time a light supper will be served.

Carol Piaja, general chairman of the dance, has announced that reservations for tables at the dance may be obtained from Mary Kennedy. Carol has also named the following committee chairmen: Location, Lillian Serence; Bids, Lois Reitsma; Invitations, Jean Sacammano; Publicity. Janice De Korte

MASQUE AND MASQUERS PLAN FOR XMAS SHOW

Are you interested in acting,

Are you interested in acting, play-reading, directing, costuming, or makeup technique? Then, this is for you!

A one-act Christmas play will be presented by the college dramatics club, the Masque and Masquers. Elaine Miller, president, urges all students interested to the out. Casting time is set. to try out. Casting time is set for next week in the Little Theatre. No previous experience in acting is necessary. Everyone is State whom you would like to see welcome! Rehearsals will begin appear on this program, please after the Thanksgiving holidays. contact The Beacon.

Interested In TV? Notify The Beacon Now

Attention Staters! A new TV program called "Junior Pro Conference" has been started.

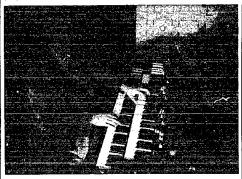

Mrs. Ruth Geri Hagy, nation ally renowned newspaperwoman director of the Philadelphia Bul-letin Forum, and senior staff ad-visor to the National Student Association, is the creator and mod-erator of this program,

To dispel many of the miscon-ceptions the public has about college students, Mrs. Hagy has cre-ated a program which will pre-sent a cross section of some of the top student leaders, athleti-cally, intellectually, and extra-curricular, and a cross section of the concerns of college students and some various aspects of college life.

This program may be viewed on Sundays, 11:30 a.m., Channel 6. Future subjects will include such toples as intercollegiate athletics and the United Nations.

If there is someone at Paterson

STATE JUNIOR EDWARD FRITZ SIGNS RECORDING CONTRACT

P.S.T.C. Junior, Ed Fritz, at the Organ

of Fifth Avenue, New York City, for a period of three months. The contract, which has been guaran-teed for renewal every three months, will consist of Edward's doing specialized recordings of his own arrangements on the Ham-mond Organ, The recordings will range from concert music to pop-ular. The specialized tapes may

ular. The specialized tapes may mean a new trend in organ music.

The A-V Tape Libraries and Company is the only recording company which produces pre-recorded tapes in the United States. There are five of such studios in New York City. Numerous branches of the studio are found throughout Europe.

Edward Fritz, a junior in the the age of nine. This piano back-General Elementary curriculum, has signed a contract with the A V Tape Libraries and Company instructor of the visitivity Ed per-instructor of the visitivity Ed perinstructor of the vicinity. Ed nerformed on the piano continuously for the assembly programs of Grammar School No. II in Clif-ton. The magic of the keyboards and Edward were synonimous throughout the rest of his school life. College is no exception, for many remember Ed's fine per-formance in last year's All College Review.

It was the graduation gift of an organ and some enchanting interpretations on it, that inspired Edward to turn his attentions from the piano to the instrument which has brought him to the threshold of success. He has al-ready started on the unusual tape dents at Paterson State. Dues ous branches of the studio are inreshold of success, he has attround throughout Europe.

"Tomorrow's the Day!"

By BARBARA LOESCH

It was November 27; Tommy in honor of the traditional Bigdeal sipped a glass of warm milk and hopped into bed early milk and hopped into bed early in preparation for the big game tomorrow. Tomorrow is the day he'll show all of those guys home from college that he is top man on the football team. He'll make at least two touchdowns, not to say anything of the snappy passes he will toss. He'll be great- After the game, there'll be a big bonfire

CSPA ANNOUNCES 29TH ANNUAL CONTEST DATES

The Columbia Scholastic Press Association announces the 29th Annual C. S. P. A. Contest for school newspapers and magazines. Certificates are given to publications receiving Medalistic, First, Second, and Third Place. Special awards are given in specific fields, such as literary and typographical achievements. December 10, 1952 is the deadline for the newspapers.

The association, founded in 1925, is an organization of school publications sponsored by Colum bia University. It conducts an annual contest for newspapers and magazines on all educational levels up to and including teachers' colleges and junior colleges, the results of which are nounced in March.

Newspapers and magazines entered in the contest are read and rated by a Board of Judges composed of about thirty men and women of long experience in the student publication field, guided and aided by an itemized score sheet covering all phases of their production.

Publications entered in the annual contest are classified according to type and size of school, kind of publication, and method of production.

The association dedicates itself to the task of maintaining the amateur standing of the student publication; of opposing the ef-forts of those who would make it an object of exploitation and an instrument of propaganda; of preserving it as an educational project and institution.

STATE SQUARE SET **MEETS EACH THURSDAY**

"Do-sa-do and away we go" to the weekly square dance at Paterson State. Each Thursday Paterson State. Each Thursday trip to Philadelphia and Valley over 40 gents and ladies meet to enjoy an evening of folk and square dancing. Mr. Califano, in addition to being club advisor, also serves as "caller," injecting also serves as "caller," injecting and Cathy Feo, it was printed zeet and humor into the weekly without their knowledge and was

dents at Paterson State. Dues of 10 cents for each attendance are collected for the purpose of buying new records and replac-ing worn-out ones. The meetings get underway at 7:30 in the Little Theatre. (Continued From Page 3)

LET'S CUT THE TURKEY

Tomorrow is the day that many of us have been waiting for with irenzied anticipation of complete pleasure. We car sum ourselves royally with turkey, vegetables, fruits, and sweets, it is a day when we can go to a rootball game in the morning and watch our dear old alma mater get shellacked. it is a day of joy and merriment for all.

Mother can rise early and after getting breakfast ready starr diagently to prepare the main meal of turkey and the works. Later on she can sit back and be thankful for what she has to love in this world.

Father has a day off from toil and can lounge around in "his" cnair reading or watching the game on TV. After the big meal he can rest for the remainder of the day before he starts back to the job of earning a living in the morning.

The children have a vacation from school and romp and play tirelessly throughout the day. They devour all that is put in tront of them and much more besides.

It is delightful for all of them and the day will long remain fondly in their memories of the past.

It is on a day like this that we should remember to pay tribute to Him, each in our own way.

COME ONE, COME ALL

This Saturday night marks a special date on the calendar of many Staters. The game against Newark College of Engineering at School 5, Paterson (near Hinchliffe Stadium) will open the 1952-53 basketball season. The team will be all ready to go out on the court and play their best, hoping to leave with a victory for Paterson State which will set the season off to a fine start.

But many long weeks of hard practice aren't enough for the State Cagers to win this game and others in the future. They need the backing of the entire student body while they are engaged in these games, Our cheerleaders are all prepared to lead us in cheering our team on to victory. They've spent many an afternoon and evening in the past few weeks preparing for the 1952-53 season. The rest of the job is up to us, the student body of Paterson State. Let's all be on the bleachers Saturday night, yelling as loud as we can for our team. It's the least we can do.

Any one interested in starting a cheering section for any of the games or taking part in a cheering section, contact Lena Caporusso, new captain of the cheerleaders. Remember, SUPPORT YOUR TEAM!

"WHY?"

Would you throw eigarette butts on your living room rug? Then why do you throw them on the campus? Would you encourage the children you teach to litter up the school area as you do to the new college campus?

If the answer to these questions is yes, then you should

see your psychiatrist right away.

Seriously, though, it is bitting to see the same students who crusaded for a new college campus and for money for a student center carelessly toss butts and refuse around the campus. It is a shame to see these well-meaning students

campus. It is a sname to see these well-meaning students doing anything to hurt their college.

Now is the time for you to throw down the paper with the remark. "This doesn't refer to me, I don't throw anything around." The answer is you should do more than not doing these things, you should say to anyone doing them, "What kind of a student are you, shouldn't you throw that paper or cigarette in a container?" If you do this you would really be helping your school and yourself. helping your school and yourself.

Let our true college spirit manifest itself, let's be real Paterson Staters.

Introducing... By JEAN HELEN GRIEDER

PAT KRZEMANSKI, the darkhaired beauty sitting at the cash register in the cafeteria, has more at her fingertips then petty cash.

PAT KRZEJIANSKI

This time last year she had her hands on a whole Buick Riviera fl convertible.

How did she do it? Simply by

having more looks in her finger-tips—and elsewhere—than 1,250 other contestants in the America other contestants in the America On Wheels Roller Skating Con-test. Pat has been skating for about three years, but probably her dark hair and eyes, creamy complexion, and navy blue skat-ing outfit caught the judges' eyes more than her roller skates. Pat was representing the Paterson Recreation Center in the thill-ing finals when she won the title "Miss America On Wheels." Miss America On Wheels,

Pat has more on her wrist than many girls, too. Last February she won a gold wrist watch in the Journal American Roller Skating semi-finals for the New York-New

Jersey area.

Fat isn't telling her beauty secrets, but it could be that exceed the secrets as something to do with her good looks. Besides roller skating twice a week, Pat spends her spare time horseback riding, ice skating, and square dancing.

POEM OF A STATER **USED IN ANTHOLOGY**

There has been an official an nouncement that the judges of nouncement that the judges of the National Poetry Association have accepted the poem, "From Flame to Fire," which was writ-ten by Philip Gifford, a sopho-more. It will be in 'uded in the Annual Anthology of College Poetry, which is a compilation of the finest poetry by the college men and women of America. Annually there are thousands of po-ems submitted for the judges to select from.

To have a poem selected for the Anthology is quite a distinguish-ing honor and the Beacon offers g honor and the Beacon once congratulations to Philip. We to present "From are proud to present Flame to Fire."

FROM FLAME TO FIRE

What a beautiful woman God made you With your smiling voice And your love, There is love poetry surging

through your eyes And your arms.

What is beauty were it not you? For even to the droplets of dreams on your lips You are beautiful.

POET'S CORNER

NATURE PAINTS THE SCENE By Joseph L. Romanchak

What is more breath-taking than Nature's seasonal panorama of colors which ends Autumn's last moments? Few people real-ize what color, form, and sym-metry is placed in Nature by God. Nature's beauty is around us con-

stantly.

Looking over the ivy-covered balcony which is adjacent to the Manor House of Paterson State Teachers Colege, I saw an exam-ple of Nature's workings. Here spread before me on my left were trees whose leaves were painted with a myriad of colors.

One of the trees which caught my attention was colored a brilliant yellow. As the sun made its appearance from behind a cloud in the soft blue sky and casts its rays upon this tree, it glowed into a crimson yellow. Next to this tree stood a pine tree which was a deep green. In contrast to this pine were the rich golden leaves In contrast to this of a maple. To make this maple outstanding, Nature had painted dabs of scarlet on its

The ground was covered with toasted brown leaves and as one would walk over them, one could feel the crispness of them. The aid was filled with a fragrance of refreshing and invigorating scented forestry.

Looking beyond this array of rich colors were mountains that appeared to be of huge masses of puffed Autumn foliage. The peace and calmness of this scene was disturbed only by the rustling of the leaves as a brisk wind swept and filtered through the trees. The trees began to sway with the wind as if Nature was conducting

Thanksgiving."

PIONEERS $POT\ POURRI$

By BARBARA LOESCH

Friday is the night-the night for all of us to be having a great time! That is if we don't all succumb to that ever delightful habit of overeating, meanwhile. We hope our gowns will still en-circle our venus-like proportions and that our buckles will at least fit the last notch of our belts, proceeding Turkey Day, 'cause we heard that just EVERYBODY from State is going to be at the Moresque on Friday night! And we don't want to miss out on the Junior Prom. From what we hear, there are several tables already reserved for the gala ball! The Juniors have been working diligently to break all records for a successful prom. Didn't you notice the letters in Hunziker Hall that Janice De Korte and Joyce Windt so artistically draped? There's still a chance to pass Lois Reitsma five dollars in exchange for a bld. She's the gal walking around with the blue shee hox under her arm!

The Seniors are gone and there are plenty of seats to be had in the North Hall, if you can find a table clean enough to sit at! We had beter check on our Emily Post's but pronto! The custodians and the cafe employees do their best to keep the surroundings appetizing, but how about the students? Let's pitch in and get rid of our rubbish after lunching!

Echoes of "pah-pah" and "jingle bells" inform us that the A Capella Choir and Madrigals are busy with their respective Christmas programs. As usual, Mr. Weidner is warming up to his traditional Christmas spirit. Between his minor spills and his semi-strip teases, watching him conduct is sheer fascination!

We're still wondering if Andy Gbur has patented his "unobtru-sive" way of leaving class—that is the hand and knee method which is far more popular with the younger set. He claims his system never fails. Is it worth a

Joan Reardon and Maria Zoppo are both happy little housewives at the present and are no longer around the realms of State. Marilyn Boss is engaged and has also left school. Still in school, however, and very much engaged, are Shirley Tice and Dorothy Stefance.

The NCE quintet is in for a definite defeat on November 29, when our cagers take them over at School No. 5! That's the pre-miere basketball game for State and the boys are raring to go. How about us going down to Paterson and showing the team that we all want to heat NCE???

See you around the campus.

which supplemented this scene. A city is usually thought of as dusty, noisy, and smoke filled. It is hard to think of it in terms of a pleasant view, but here sur-rounded by Nature's display of beauty, this same city is suddenly transformed into a beauteous element which adds to the picture.

As I stood there, amazed by what I had seen before me, I thought of Nature as being the artist who had painted this ma-jestic sight!

(Editor's note — This paper was submitted by Miss Trainor in her English Composition class by Joe Romanchak.)

What Makes Our Physical Department Tick?

By BOB HODDE

This is the second article in a series on the departments of Paterson State.

In a few years Paterson State's campus will probably boast of a new and beautiful gymnasium. At present our Physical Education Department is limited to a single tennis court, a large lawn and a room in which it is almost impossible to carry on an extensive physical education program. With the obstacle of not having

a gym or showers, our instruc-tors are doing a first-class job in creating student interest. "The aims of the Women's

MR. MARVIN BLAUSTEIN

Physical Education Program, commented Miss Lee, the women's physical education director. "are to give the girls experience in a variety of sports which will help them to develop a degree of physical fitness. This will in turn contribute to their health as individuals, and develop near-muscu-lar skills which they can use in activities in their leisure time as members of their communities. It is also our aim through activity, to develop social-democratic experiences which will enable them to function better as members of any social group and as worthwhile citizens of a democracy.

"We are conscious of the educational values as well as the physical fitness part of the program. The program is geared to the practical applications of the maerial for each individual girl as a future teacher, mother, and mem ber of her community. We feel that it is important that a girl knows and understands recreational activities and their place in her home life as a parent, and in her community life as a possible member of a P.T.A. group or as a volunteer worker or as a teacher Her interest and knowledge will enable her to act as a positive force in acquiring adequate faci-lities, program and leadership in her school and community to combat anti-social programs lead-ing to possible delinquency.

Miss Lee

"In order to carry out the aims and objectives of the girls' physical education program, the girls are given individual sports, team sports, posture and physical fit ness exercises.

"Adjustments have had to be made in order to adapt the pro-gram to the limited available fa-

cilities.
"In early fall the Freshmen and Sophomores participate in archery and when the weather becomes colder they have a program of lead-up games to basket ball. During the winter months the freshmen have a program of Individual exercises and body me chanics for physical fitness. to correct postural defects, Soph omores participate in a program of folk and square dancing at this time. When the spring arrives the Freshmen and Sophamores engage in tennis, archery, softball, badminton, and volleyball.

"In all programs in physical education, mimeographed mate-rial covering the subject is given

(Continued On Page 4)

MISS MILDRED LEE

Tomorrow's the Day!"

(Continued From Page 1)

actually have the trimmings, too. It's so long since we've had such delicacies. I almost forget what it is like. Let's rise early to go and say our grace to God for His extra blessings on such a significant day. On our way home from can't linger though, we don't want to keep the food walting: It'll be such a real feast to be thankful for, won't it? Maybe we could take an after-dinner walk to appreciate the rest of the mag-nificent gifts He has given us. We will have a Thanksgiving Day to remember always!

Which SPIRIT do you hold in your heart? What are your ideas of Thanksgiving?

NAVAL AVIATION CADET QUOTA INCREASED

Young men with at least two years of college are needed to be trained as pilots to replace the ageing World War II pilots of the U. S. Navy, and as a result, the quota for enlisting Naval Avia-tion Cadets in the New York area has been raised from 17 to 29 per month, it was announced today by Commander W. R. Eddins, Naval Cadet Procurement Officer at Floyd Bennett Field Naval Air Station. Because of the need for these young men, students that do not have the required two years of college will be deferred for as much as three months if they will at that time obtain the

required two years or a degree. In addition to the educational requirements, the applicant must have reached his 18th birthday but not his 27th; be an American citizen; be unmarried and agree to stay single during his eighteen months of training at the Navy's Annapolis of the Air at Pensa-cola, Florida. The applicant must pass physical, mental and apti-tude tests. Upon completing his 18 months of flight training he will be commissioned Ensign in the U. S. Navy or Second Lieutenant in the Marine Corps.

Interested young men with the listed qualifications can obtain additional information by contacting the NavCad Procurement Officer, 346 Broadway, New York City, REctor 2:5000, or the NavCad Procurement Officer at Floyd Bernett Field Naval Air Station, Floyd NAvarre 8-2400.

\$500 PRIZE OFFERED IN NATIONAL CONTEST

A chance to win \$500.00 in prize money is offered to undergradu-ate students throughout the country by the Association of Petrol eum Re-Refiners, Washington, D C. Contestants are invited to sub mit papers on the subject; Advantages of RE-Refined Oil," Verne T. Worthington, president of the association, anounced last

Purpose of the contest, according to Worthington, is to further research on the re-cycling of a vital natural resource in the inter ests of oil conservation. He explained the bibliography on the subject is somewhat limited and another of the purposes of the contest is to stimulate original research on the subject of the re-cycling of once used lubrication

Students desiring to enter the contest may secure a list of com-panies engaging in re-refining of oil and a summary of available data by writing to: The Associa-tion of Fetroleum Re-Refiners, 1917 Eye Street, N.W., Washing-ton, D.C. Manuscripts must be no shorter than 1000 words and no longer than 2000 words in length and must be submitted to the As-sociation's Contest Committee postmarked no later than December 31, 1952.

First prize will be \$250.00, second prize, \$100.00, with three other prizes of \$50.00 each. Good drilling.

STUDENTS TO HEAR COLLEGE CHORUSTERS

During the Christmas season at the college, the students will have the opportunity to hear the Madrigal Singers and the A Can pella Choir perform their annual Christmas concerts.

On Tuesday, December 16, the Madrigals, which is composed of students and Alumni members, will present its fifteenth annual Christmas Carol Concert in the Little Theatre in Hunziker Hall.
Admission will be by ticket only
because of the space limitations
of the auditorium. The Madrigats will render approximately a dozen selections, including: "Deck the Halls," "Prelude_ Thought to vill reno. elections, increase "Prelude" "The mans," "Prende Thought to Christmas," "The Tweive Days of Christmas," "Carol of the Russian Children" and "Winter Wonderland.

The A Cappella Choir will pre sent a concert prior to the tree lighting ceremony on December 15th. Included in the selections are: Fred Waring's arrangement of "Twas the Night Before Christmas," "Birthday of a King" and "O Holy Night." The choir is composed of students who meet Friday mornings in the Music Reoms

Both the Madrigals and the A Cappella Choir are under the di-rection of Professor Earl Weidner.

FIELD TRIPS

(Continued From Page 1)

ice and benefit to the students faculty, and the administration. We are wholeheartedly in favor of field trips and are especially proud of the fine caliber of trips which have been offered this year. We would like to acknowledge the work which must go into the preparation of these trips. The trips which we have undertaken this year have been well worthwhile as was indicated by the re-actions of the students.

Because the Beacon is your pa-

per we feel justifled in using this space to issue our statement of apology and to try to condone our actions: In expressing our complete approval of field trips we are voicing the sentiments of the student body and issuing a vote of confidence to Dr. Miller and his committee on field trips.

Staff Attends News Press Conference; East Orange College Serves As Host

An organizational meeting of the New Jersey Collegiate Press Association was recently held at Upsala College in East Orange. The purpose of this association is to further intercolleg.ate relationships among college publications and to promote higher standards of journalism. At the meeting of November first, the proposed constitution was ratified and sug-gestions were made for future projects such as the exchang-

"College seniors, make your move early!" This advice was given to your editor by Majon warren A. Leitner, USMC, Ma-rine Corps Procurement Officer in

New York City.
While reviewing the military prospect facing college seniors, Major Leitner indicated that their rejuctance to make a decision as

to choice of service often resulted in being too late to apply. "For example," Major Leltner con inued, "most seniors are not aware of the time factor to be aware of the time factor to be considered in entering any officer training program. Actually, from six to 20 weeks are required for final approval, depending upon the branch of service chosen, For instance, college seniors who will graduate in February, are engine for the Marine Corps' March Offi-cer Candidate Course. Although we physically examine and enroll seniors in one day for this class, a period of four to six weeks is required for final approval. The same thing applies to our July class. Other branches of the Armed Forces vary according to their individual regulations."

Officer Course The Marine Corps' Officer Can-

didate Course, for seniors and graduates, consists of a ten-week training course following gradua-tion from college. Upon successful completion of this course these men are commissioned as second lieutenants in the Marine Corps Reserve and retained on active duty for two years. The first five months of this two year period is spent as a lieutenant in

training,
"While we realize the normal rejuctance of college seniors to embrace military obligations after 16 years of academic work to obtain a baccalaurente degree," Ma jor Leitner said, "we must also realize the requirements of narealize the requirements of na-tional security as expressed by Congressional enactment of the Universal Military Service and Training Act of 1951. In brief, UMTSA says that every physic-ally qualified American over 18½, years of age will be required to serve eight years of obligated mi-litary service. It further stipu-lates that two years of this pe-siod must be seen to nactive duty. riod must be spent on active duty.
At this point, it seems to me that there is no question as to whether college men may or may not serve. Qualified men, who make decisions well in advance of the expiration of their deferments, may be accepted for an officer program in the service of their

Summation

"With the foregoing in mind, I urge seniors to make it their bu-siness to become familiar with the advantages offered in the commissioned rank by all serv-ices. Those who are interested in Marine Corps Officer Candidate Course, either in March or July, Course, either in March of July, are invited to write or visit my office at 346 Broadway in New York City for full particulars. At the risk of being repetitious, again I say: 'College seniors, make your move early!'

The office has recently complied the exhibits and new concent of the mid-semester speedal achievement report which lists the students at P.S.T.C. enjoyed the dents who have been reported by celebration of Children's Book their instructors as doing out standing work. standing work.

ing of methods of make up, business angles, ways to create inter-est, and the setting up of an advertising exchange among the col-leges in the association. Colleges represented at the convention were as follows: Bloomfield Col-lege, Jersey City Junior College, Monmouth Junior College, New Jersey College for Women, New-ark College of Engineering, Rutgers University, Seton Hall, Col-iege of St. Peter, College of St. Elizabeth, Upsala College, and Paterson State Teachers College. Representing the "Beacon" of Paterson State were James Alexander, editor in chief; Elaine Vislot-sky, asst. editor; Bob Hodde, busi-

ness manager; and Eleanor Pren-dergast, news reporter. This organization, which has been newly instituted, plans to meet four times during the acadenie year: the first Saturday of the months of October, Decem-ber, March, and May. The next meeting will be held at Rutgers University in New Brunswick on December 1st at which time panel discussions on business, literary, and technical problems will be

Each new book has been placed

Each new book has been placed in a new transparent plastic cover and is now in circutation. Also on display during the week were volumes of children's stories in the Exhibit Case in the Library. The exhibit consisted of three volumes of "Little Folks" dating back to 1871-1873. There

Vork City for full particulars. At the risk of being repetitious, again I say: College seniors, make your move early! Strict weer also dolls of that period. The exhibit was loaned to the Library by Mrs. Theophiel Marten. The Library staff invited superintendents and teachers from all Passaic and Beigen County schools to visit the college to see the exhibits and new collection of the mid-senester speedal achievement report which lists the students at P.S.T.C. enjoyed the

SPORT SLANTS = By JIM ALEXANDER

In just a few days the basketball season will get under-In just a few days the basketball season will get underway and the Ploneer cagers will be digging in for a rigid 22-game schedule against very formidable opposition. Considering the losses in personnel which have taken place, everyone should be happy, if the Staters match their 14 and 7 record of last year. Of the squads which downed Paterson last year, only Fairleigh Dickinson is still as strong. Montclair and Panzer have both had losses due to graduation and should be about on the same par as the Ploneers. This year and again next year, the Black Knipths of Exileiro Dickinson under the next year, the Black Knights of Fairleigh Dickinson under the tutelage of Dick Holub, the team which ran roughshod over Paterson and most of their other unfornunate opponents have the same devastating team of Schol, Labarowski, and Remoff, Inc. Among the other opponents, Trenton and Bloomfield ap-pear much improved over last year and could really battle the boys in orange and black.

For the fifth year in a row there is a different coach at the helm of the basketeers on opening day. The coaches for the past five opening contests were Schmitt, Addison, Schnitzer, Addison, and now Dan Jankelunas.

Coach Jankelunas really has his hands full trying to coach the varsity and junior varsity teams at once. It is really a two-man job and Danny deserves a lot of credit for the job

Bill Guthrie of Panzer who starred against the Pioneers last season has recently been released by the N.Y. Knicks after an extensive tryout period. This goes to show that the circles our team plays in has considerable class as evidenced by the fact that one of the players could stick as long as Bill did with a team of the Knicks' calibre. In the State game at Panzer, Guthrie made his 100th point. It happened the same night as his teammate, John Marra, notched his 1000th career point.

It says here that in the near future we can expect more sport offerings here at the college in the form of soccer, badminton, and possibly even baseball. These are strictly crystal ball guesses but they may be more real than anyone dares imagine. We now have a new athletic field and may well put it to good use.

Undoubtedly the most used athletic equipment in the school are the ping-pong paddles and balls. It seems that there is hardly ever a time when there are not a few Staters on the tables. The sport seems to take hold of the participants and run through their bodies, developing a craze for more and more playing. Needless to say, that if the sport were put State could hold our own as we have some better than average players who would do proud to the college.

LEAVE IT TO THE GIRLS

By ELAINE VISLOTSKY

BASKETBALL PRACTICE BEGINS

With the temperature beginning to drop we again find basketball taking the spotlight in W.A.A. winter sports activities. Because of our lack of a gymnasium the girls are trying to track down a gym in Paterson. Lucy Drake, basketball manager, has announced practices will be held on Monday and

Viola Breda and Judy Burke demonstrate their skill with

Wednesday from 4:15 to 6:30. It is hoped the rental fee will be charged toward the athletic fee that is paid at the beginning of each semester.

The car pool that was started last year to provide trans-portation to all those wishing to part cipate will be continued again this year. Those girls with room in their cars are asked to meet those without fransportation, at the Lit-Theatre before leaving for Paterson

Archery Bows Out

Pity the poor turkey when these W.A.A. gals go hunting with their bows and arrows. The junior girls shown in the picture are Viola Breda and Judy Burke who are about to

Viola Breda and Judy Burks demonstrate their skill with bow and arrow.

is, "Whose arrows are in the gold?" Because the weather has turned rather cold, archery will be discontinued until the spring. Then it is hoped this group of aspiring "Robin Hood-ettes" will be larger than ever.

PHYSICAL DEPT.

each member of the class for future reference. Where possible, community resources in the activity are included in this material.

'Grades in all coursesbased on improvement in skills as well as knowledge of course con-

The instructor of men's athletics, Mr. Blaustein, had this to say on the Men's Physical Education Program. "Our program has two aims. The first is to build physical fitness so that the man will be able to handle and stand the strain of teaching or to enable their minds to participate to the activities of the child. And second, since they are going to become teachers, they must have a knowledge of certain physical skills and activities so they can teach the child.

teach the child.
"The men's physical education is provided for those people who are not actively engaged in Varsity sports. We do not want spectators; he is something we do not want. We want everyone to learn the basic skills in basketball, volleyball, and badminton for mental and physical well-being."

Mr. Blaustein proposes a pro gram of judo, volleyball, intermu gram of june, wheyban, intermer rals, and in the spring soccer, cal-esthenics, shooting baskets, wrest ling, and other sports that they would not ordinarily participate in. "The sports allow him to learn his skills and to improve himself

"We realize the difficulties of not having dressing facilities and room, but should not give up, but do the best with what we have."

OUTDOOR GROUP PLANS MORE TRIPS

The Outdoor Education Science Club, under the sponsorship of Mr. Eugene Vivian, held its an-nual Armistice Day hike on Tuesday. November 11.

Their scheduled trip to one of he State Parks was postponed

Outdoor Science Club. Left to right, first row: Ray Vanden Berghe, Prof. E. Vivian, Charlie Warhoftig; second row: Frank Raso, Pauline Schneider, Samuel Vigorito; third row: Vernon Walker, Bob Hodde.

because it was closed to hikers on account of the threat of forest fires. Instead, they decided to ex-plore Breakneck Mountains, Cold Springs, N. Y. After they climbed the mountains, which have an attitude of about 1300 feet, they descended and ate lunch in an old abandoned dalry farm. Some of the hikers even cooked their own

In addition to joining the New York-New Jersey Trail Conference, the club is planning many other activities among which will be another hike to Bear Mountain on November 30, and a Wintain ter Carnival during the month of December.

Non-members are invited to participate in this organization's activities and all applications for membership are now being con-

tions and are readying for their first tussel with Newark College of Engineering. The lid-lifter is to be played at the local School 5 court on Saturday night, Novem-

Coach Dan Jankelunas has been

Cheerleaders Chosen; Caporusso Captain

Paterson State's cheering squad for the 1952-1953 basketball sea-son is now complete. Due to the resignation of Peggy Smith, head cheerleader, and Betty Knoll, co-head, Lena Caporusso, a junior business-education student, known to all as "Lee", has been named captain of the squad for her recapain of the squan for her re-maining two years at State, Lee's co-captains will be Val Van Am-mers, and Jerry Prelli, both ju-niors. Other cheerleaders returning from last year's squad are: Itegina Gwozdecka, junior, and Ann Malo, sophomore.

Three new additions have been made to the squad—Dolores Mendello, sophomore, and Jane Dardia and Barbara Dorl, freshmen Marlene De Rosa, junior, and Cathy Maiorise, freshman, will serve as substitutes for the squad.

On behalf of the squad, Captain Lee expressed her hope that everyone would come out and back the team at all the games.

STATE FENCERS ENTER VARIOUS COMPETITIONS

Even though the regular fencing campaign has not started as yet, Paterson State's fencing teams have entered numerous in-dividual competitions and in some of them placed well. The Millermen have entered such competi-tions as the Men's Prep of New Jersey at Verona and the meet at the New York Fencer's club. The male fencers who partici-

pated in these meets are Joe Phillips, Vince Meyers, Vince An-tonink, Pat Canonico, and John Griffith.

On the feminine side of the

On the feminine side of the picture we find that the girls have entered the N. J. Women's Prep Competition of A.F.L.A.

Jane Dardia of the Millerettes finished third in the Women's Prep meet and teammate Nancy reached the Sorensen finals Coach Ray W. Miller stated that at this match the girls claimed the trophy which the glris' team won last year in the Women's Open Outdoor Team Competition.

Captaining the girls this year is Lorraine Murad. Serving in the capacity of manager is Lucy

She was a good kindergarten teacher because she knew how to make the little things count.

putting the varsity and J.V. through training in the Paterson Armory. Appearing for the varsity will be Jerry Del Corso, Harry Dolan, Fred Gusciora, Bill Kline, Roger Clarke, Lenny G. Freilick, Bob Matthew, Joe Donnelly, Roger Clarke, Jim Meisterich, Chuck Hunziker, Dan Porter and Bob Matthews

and Bob Matthews.
Recently Coach Jankelunas
commented on the team as it shaped-up this year. He remarked, This year the squad will be lively and aggressive and will display a lot of speed and hustle,"

In addition to the varsity chores, Jankelunas has been mencooles, Janustinas has been men-toring the junior varsity squad consisting of Andy Gbur, Tom Alteri, Joe Grecco, Don McCor-mick, Al Merbeth, Don Staub, Earl Mege, Ron Seiders, and Dick Renazlier.

Player Profiles

By JIM ALEXANDER

This is the second in a series of articles characterizing the parti-cipants in the various sports of the college, We would like to com-plete the list of basketball players under Coach Dan Jankelunas

Andy Gbur-"Hooks" is entering his third year of basketball competition at State. He derives his nickname from his pet shot, the right hand-ed hock. Andy is a fighter and asks or gives no quarter on re-

Arnie Staub

This frosh basketeer is making a strong varsity bid with a pos-sible goal of first stringer. Arnie is fast and agile and knows his way around on the hardwood.

Al Merbeth-

A representative from the junior class, Al relies on a one-hander for the majority of his points. Al is powerfully assem-bled and can go high to snag re-bounds off either board.

Joe Greco-

This rugged import from Lodi High School would look very much at home in the fullback slot on a football team but his power-ful physique doesn't hinder him much in his basketball endeavors. Joe seems to favor a one-hand jump shot to tally he points.

Tom Alteri-

Tom represents the smaller men of the college in basketball. He shows plenty of heart and is aggressive. Tom should prove of some assistance to Coach Jankel-

Ronnie Seiders

Last year Ronnie was slated to play for State but a hand injury sidelined him for the season. He served in the capacity of team manager after his unitmely in-jury. This year he should help the squad with his aggressive play.

Earl Mege-Earl is a an extremely freshman who is making a strong bid to represent Paterson State on the court. He can move well and should do pretty fairly in the all-important scoring department. Don McCormick-

Another freshman casting his bot with basketball is rangy Don McCormick. He has the valuable height needed in basketball today and could develop into quite player.

Dick Renzalier-

Last but not least, except in height, is the scrappy freshman, Dick Renzalier. In this age of mammoth basketball players it takes a lot of guts for someone as short as Dick to get out there and take his chances with the "big" boys. It is spirit such as Dick's which has kept Paterson State up despite heavy odds.
