FEBRUARY, 1957

Carnival Shaky, Cancellation Indicated

In spite of the expressed desire on the part of Paterson State students for more all-college activities such as attended elsewhere, the spring carnival has been progressing so slowly that it may be abandoned altogether.

Since they conflicted with previously scheduled events, the dates were moved up to April 26 and 27 and because of unreliable weather at his time the affair is to be held within the gym and possibly the Little Theater and the Cafeteria. Such a change in plans naturally necessitated accelerated planning but as it stands, the committee reports that not enough support has come across to make the carnival possible.

The S. G. A. has offered to serve as a service group wherever needed but these people are also active in the various booths which number approximately nineteen, and

committees. Out of 880 students, no more than fifty have done any actual work toward making the carnival a success.

At the last committee meeting suggestions were made to combine several areas of work for ease of organization. However, no plans can proceed unless it is definite that we can hold the carnival—no boosters can be obtained, and no outside support from merchants and various organizations can be petitioned. The next meeting of the carnival committee shall call for ALL interested students to attend and therein shall be determined whether or not plans should be forgotten.

It may be well that should the carnival fall through, we shall not be able to hold any other large scale activities and in such an event, it will be the students who are to blame and not the school policy, administration, or faculty.

Zeta Alpha Host Chapter

P.S.T.C.'s chapter Zeta Alpha of the Kappa Delta Pi, a national honor society in education, will be the host chapter at the Regional Conference for the Mid-Atlantic States which will be held February 16 at Atlantic City. This is a biennial conference whose main purpose is to bring together all the chapters in the Middle Atlantic Region for a day of discussion and pleasure.

Since P.S.T.C. is host chapter, all our members will be going. There will be a bus chartered to take Paterson's members to and from the conference.

The major duties of our students will be welcoming and registering the members. Barbara E. Smith is acting as general chairman of the Program Committee. The program for the day will consist of, first, a general informal discussion group, followed by a luncheon, then in the afternoon, the group

(Continued on Page 3)

Coronation Ball to Reveal Campus Queen

As the first social event of the spring semester of 1957, the Sophomore class is presenting the "Coronation Ball", in honor of the Campus Sweetheart of Paterson State. From 8:00 to 12:00 p.m. Saturday, February 16, in Memorial Gymnasium will be the scene of the royal occasion.

Her Royal Highness will be elected by our college students during February 12, 13, 14, at an hour to be announced shortly. Six finalists for the crown include Maureen McGlynn, Marilyn Gerber, Irene Rose, Barbara Costa, Ellen Sullivan, and Marlene Miklus. (See page three for photos and further information.) The winner will be announced at the semi-formal dance and will take on such duties as reigning over the Spring Carnival and representing Paterson at various social functions.

General chairman for the evening is Carol Fiend, assisted by the following: decorations, Irene Rose; publicity, Beverly Paterson; refreshments, Pat Geiger; reception, Phyllis Booby; coronation, Jerry Defalco; entertainment, Hazel Gibson; and equipment, Henry Laufenberg.

FROSH ELECT CLASS OFFICERS

Executive officers of the Freshman Class were elected on Friday, January 18 in the Little Theater. Following the nomination of candidates, the frosh elected the following: Jim Smilor, president; Pat Wahl, vice-president; Antoinette Lanteri, secretary; and Silvia Salir, treasurer.

Jim Smilor has been elected the president of the Class of 1960. When in high school, Jim was active in sports which included basketball and track, a representative to the student council, and a member of the drama club and yearbook staff. Upon graduation from high school, he worked for the Western Electric Company for four years and then served in the Signal Corps of the United States Army for two years. Enrolled as a General Elementary student, Jim has already become active in college activities, as he serves as an S. G. A. representative and a STIRC delegate.

Glen Ridge High School is the alma mater of the newly elected vice-president, Pat Wahl. During her four years there Pat was a cheerleader, and she was captain of the squad in her senior year. She was also president of the Red Cross, Social Editor of the yearbook, and active on the athletic field. Here at PSTC Pat is a cheerleader.

Antoinette Lanteri, "Toni", is the secretary of the freshman class. At Passaic Senior High she was secretary of the junior class, and held the same office in the Student Council for one term. She was a member of the Red Cross, F. T. A., Twirling Squad, and business staff of the yearbook "The Echo". She is a member of the chorus and an alternate to the S. G. A. this year.

Silvia Salir is a graduate of Clifton High School where she was treasurer of her homeroom for four years (good experience for her new job — treasurer of the freshman class). She was a member of the following organizations: G. A. A., Girls' Glee Club, Mixed Chorus, Archery Club, Volley ball Club, Speedball Club, F. T. A. (librarian), and a reporter for the school paper, "Highway." She has chosen the Square Dance Club, Mixed Chorus, and S. G. A. as activities for this year.

Dance Group Coming to Paterson

By invitation of the Modern Dance Club, Bill Hooks and Company, an ensemble of capable dancers, will perform for Paterson State at 10:30 a. m., February 15, in Memorial Gymnasium. One of the works tentatively scheduled is "Blue Suite," a suite of several dances based on themes of the poor Southern whites in the 1930's.

Mr. Hooks, a graduate of the University of North Carolina and holder of a Phi Beta Kappa Key, has studied with many top dancers of today, including Mr. Charles Weidman, and has choreographed the New Jersey Opera Guild's productions of "Bloomer Girl" and "Finian's Rainbow." Several New York concerts and seasons of work in Florida also stand behind the dancer.

Other members of the company include Meggie Newman, Claire Williams, Flo Peters, Marvin Gordon, and Gloria Chavlis.

NJCPA Confab

Newark State Teachers College was host to the New Jersey Collegiate Press Association at their meeting held on January 12. Bill Canfield, an artist with the Newark News, was the guest speaker.

Workshops for lay-out, news, features, and yearbooks were held, in each a reporter from a daily newspaper offered advice and opinions.

A business meeting followed the workshop sessions in which Barbara Putscher, president, announced a contest which is to be sponsored by the NJCPA. Details will be announced at a later date.

Refreshments were served by members of the "Reflector" staff of Newark State.

Sally Macpherson, managing editor of the Beacon, and Beverly Patterson, news editor, attended the meeting.

The next meeting will be held at Georgian Court in Lakewood on March 16.

3 Profs Gain in Academic Rank

Dr. Marion E. Shea has announced the promotion in academic rank of three faculty members. Dr. Herbert Lee Ellis has been promoted from associate professor to professor of social science, Miss M. Emily Greenaway from assistant professor to associate professor of English, and Dr. Frank X. Suttman from assistant professor II to assistant professor of science.

Dr. Ellis became an instructor here in 1947 and has been chairman of the social department since 1949. He is a graduate of Duke University and received his M. A. and Ph. D. degrees from Columbia University. Prior to his coming to P. S. T. C., Dr. Ellis taught for ten years in Ruthersburg High School, his alma mater. Here at school he is the faculty advisor to Kappa Delta Pi and the S. G. A.

Miss Greenaway joined the faculty in 1946 and was promoted to assistant professor in 1953. Her B. S. in commercial education and M. S. in English were awarded by New York State College for Teachers in Albany. She has done additional graduate work at Middlebury, Columbia, and N. Y. U. Miss Greenaway is the author of three books, the latest of which is "All Wool But The Buttons." Miss Greenaway is the Beacon advisor.

Dr. Suttman was appointed to our faculty in 1955, having previously taught in high schools in Middle Township of Cape May Court House, Plainfield, and West Orange. Having received

(Continued on Page 4)

High School Training Program Approved

With the opening of the 1957 fall semester, Paterson State will offer training for high school teachers in English and Social Studies. Students may either major or minor in the above subjects while speech shall also be offered as a minor.

In addition the New Jersey Board of Education has approved the use of veterans' housing units as classrooms to meet an enrollment which is expected to rise to over 1000 full time students. Present enrollment is 880 and the campus was originally intended to accommodate 750.

Each of the six units to be erected on campus, will contain 3 classrooms; however, only 2 of these buildings are expected to be ready for September.

7 ATTEND CONFERENCE

Saturday, January 5th, the National Student's Association sponsored a conference in Jersey City on the problems of increased enrollment in higher education. Seven representatives from P.S.T.C. were among the 65 who attended the conference and heard discussions of the problems by leaders in education from our State. Attending for Paterson were: Charlie Koch, Dianne Morris, Paul Greff, Dick Kulp, Morris Van Den Henden, Mr. Miller, and Mr. Siegel.

Amnesty Day

In order to reclaim long overdue books, magazines and pamphlets, Miss Juliette Trainor has announced that the library shall hold a day of amnesty, Monday, February 4. At this time students may return all materials without being charged any fines and no questions shall be asked.

Everyone is asked to cooperate with the library and take advantage of this opportunity.

Attending for Paterson were: Charles Koch, Dianne Morris, Paul Greff, Dick Kulp, Morris Van Den Henden, Mr. Miller, and Mr. Siegel.

Where Do You Stand?

As children, many of us were told of the virtues of a great man, our sixteenth President, Abraham Lincoln. Perhaps the mere mention of his name became a symbol of honesty and perfection to us.

Too few of us realize or else we fail to acknowledge the ideal to which Mr. Lincoln dedicated his life. You may ask, "How can a man dedicate his life to the task of fulfilling one desire?" Was this a selfish ideal to be obtained? It was not. The complete abolition of slavery was his intent. Unfortunately he did not live to see fulfillment of this desire, and if we, as true Americans, do not do something about it, we, too, will not live to see it.

Our world is in a fearful condition. The United States is a respected nation, and others look to it for guidance. How can we give it to them when there is friction within our own country?

There seem to be some members of our society who reject an individual because the pigment in his skin is darker than that of the majority of our population. Do these people know the basis of this darker pigmentation? Do they seek to find out? We all know the answers. These people are too ignorant of our Creator's work to realize that this was necessary for the survival of their race!

Why should the color of one's skin be the determining factor for the execution of his rights? Are we not all equal in creation? Each of us has a heart, some are lacking compassion. Each of us has eyes with which to see, although some of us tend to blur the things which we see. Each of us has a mouth, but some speak evil, a purpose for which it was never intended.

How many of us choose to be heartless, blind, and speechless when it comes to the acceptance of a fellow human being, simply because his skin is a darker color?

Millions have died to keep our country free from outside aggression. How many of us even try to free our country of these inside aggressors who are a dangerous threat to our society? How many of us are guilty ourselves?

In order to achieve peace throughout the world we must first establish it within our country. Each of us can do his part in helping this to become a reality.

Have you considered dedicating one small part of your life to make this dream, this hope and desire reach its fulfillment? It takes so little, but with every one of us working, it can be done with ease.

Do you fear outside pressures? Well, be yourself, and do what you know is right!

One man stood up for his rights, and although there were some who hated him for it, they were in the minority. He received support and he knew within his heart that he was doing right.

As through life you go, you will meet with conflict; however, if you will always follow the example of Mr. Lincoln, and do what you believe is right, you will have nothing to fear.

Why not start with the fight against segregation? Here is your opportunity—TAKE IT! —S. E. M.—

Spring Semester Calendar

M & M Casting

during the early part of this month. All students are invited to audition and time and place will be posted in Munziker Hall. Masques' production of "The Curious Savage," a comedy in sponsored by Masque and Mos-three acts to be presented at evening performances only, on March 15 and 16, will begin.

Voice of Our S.G.A.

by Charlie Koch

Now that we have reached the half way mark in this school year, let's have a look at the record.

My basic objective as president of your S. G. A. has been to create "a United Spirit that would make us proud to belong; that would unite this student body as one group acting in unison in a way that would stimulate participation in the activities that make college life what it should be."

Space does not permit a complete review of all the proposals that were made in this regard last May, but briefly, the major accomplishments that have been made this year for which your S. G. A. has been directly or indirectly responsible for have been: a return of Paterson to an active role in the State Teachers College Inter-Relations Committee; active, early planning for this year's student leadership conference at Stokes; formation of sports conference among the State Teachers' Colleges; the new Booster Club; Saturday night dances; Friday night film series; and our first carnival.

It is anticipated that such things as the Joint Student-Faculty Committee, used text book selling plan, and many other things will be accomplished soon. I assure you that no proposal that was made last May has been forgotten.

No one single person has been responsible for the accomplishments to date, for it has only been through the united efforts of many interested students and administrators that these things have been accomplished. The United Spirit depends on everyone — the United Spirit depends on YOU.

A WORD OF ADVICE

- If you choose to work, you will succeed;
- If you don't, you will fail.
- If you neglect your work, you will dislike it;
- If you do it well, you will enjoy it
- If you join little cliques, you will be self-satisfied;
- If you make friends widely, you will be interesting.
- If you gossip, you will be slandered;
- If you mind your own business, you will be liked.
- If you act like a boor, you will be despised;
- If you act like a human being, you will be respected.
- If you spurn wisdom, wise people will spurn you;
- If you seek wisdom, they will seek you.
- If you adopt a pose of boredom, you will be a bore;
- If you show futility, you will be alive.

If you spend your free time playing bridge, you will be a good bridge player; If you spend it in reading, discussing and thinking of things that matter, you will be an Educated Person. Sidney Smith, President, University of Toronto, Canada.

CAN WE MEET THE CHALLENGE?

"The future presents a challenge to Paterson State College," is the opinion of Dr. Marion Shea, president of the college. The increased enrollment in the public schools is creating an ever increasing need for trained teachers. New Jersey's expanding needs for college trained teachers has been aggravated by the increasing reluctance of teacher colleges of neighboring states to accept out-of-state students.

A vast expansion program for teachers colleges is the immediate aim for New Jersey's educational program. Conscious of the critical need for teachers, the State Legislature, in 1952 re-located the college at Madison for 730 students; but already the new college is bursting at the seams. The enrollment at Paterson State Teachers College will probably triple in the next ten years. A sustained growth of twenty per cent will see a student body of 1,250 in 1958-59, of 1,518 in 1959-60 and an enrollment of over 2,000 by 1961. Such growth presents special problems.

Gov. Robert Meyner has been urging an immediate program for expansion and has asked the teachers' colleges to prepare plans for expansion to meet the needs of the State school problem of the next decade. Dr. Shea has asked a special committee of faculty and staff members to submit recommendations to her which will incorporate both long range plans which will be effective with an enrollment of 2,000 and immediate enough to help with the many problems which will be presented at the beginning of the 1957-1958 term.

The challenge to our college will be to provide more and better teachers, to provide training facilities for the increasing number of High School graduates who will seek training in the teaching profession and to attract more young people into the teaching profession. An increased teacher-training program is the speediest answer to the current teacher shortage in the schools of the nation, and the states with the best teachers colleges will have the solution to the problem.

National Teacher Exams

The 1957 National Teacher Examinations will be held on Saturday, February 9th, in Hunziker Hall, from 9 A. M. until about 4:30 P. M. All candidates which include 135 seniors and 23 graduate students are requested to be at the college no later than 8:30 A. M.

The examinations, prepared by the Educational Testing Service and administered by Dean Kenneth B. White, are prepared to measure the capabilities expected of teachers.

A student taking the examination may take the common Examination and one or two Optional Examinations. The common exam is designed to measure knowledge and ability whereas the Optional Exam provides opportunity for candidates to demonstrate their capabilities in selected areas in which they intend to teach. Choices for the Optional Examinations include: Education in the Elementary School; Early Childhood Education; Biology and General Science; English Language and Literature; Industrial Arts Education; Mathematics; Chemistry; Physics and General Science; Social Studies; Physical Education; Business Education and Music Education.

Poor Child

- College Prof: Such rawness in a pupil is a shame.
- Lack of preparation in high school is to blame.
- High School Teacher: Good Heavens what crudity; the boy's a fool!
- The fault, of course, is in the grammar school.
- Grammar School Teacher: From such stupidity may I be spared;
- They send them up to me so unprepared.
- Primary School Teacher: Kindergarten blockhead! And they call that preparation!
- Worse than none at all.
- Kindergarten Teacher: Such a lack of training never did I see;
- What kind of woman must the mother be!
- The Mother: Poor helpless child. He's not to blame.
- His father's folks are just the same.

QUESTION BOX

QUESTION: What question would you like to ask in the Question Box?

- Beverly Bauer, freshman: Why doesn't anybody like the Tonettes?
- John Sepede, senior: What will you remember about P.S.T.C. when you graduate?
- Mary Hearn, sophomore: Do you think that slacks, Bermuda shirts and khakis are the proper attire for school?
- Arlene McCoy, sophomore: How can better relationships between the administration and student body be obtained?
- Richard Nemerson, junior: What do you think of the girls at P.S.T.C.?
- Helen Wienke, sophomore: How can school spirit be stimulated?
- Rose Maria Heimann, Joe Rabe, seniors: Who will you remember most when you leave P.S.T.C.?
- Marie Cerini, freshman: Why did you choose the teaching profession?
- Ted Kozak, sophomore: What would you like to have as an elective at P.S.T.C.?
- Bobbie Aliecca, freshman: Why isn't there a greater attendance at basketball games?
- Frank Falcatto, junior: What is your opinion of hazing?
- Carl Koszykowski, sophomore: Do you think Freshman Orientation is beneficial to the students?
- Linda Chanes, freshman: Would you like to teach in a foreign country, if so, where?
- Bobbie Costa, sophomore: What type of date do you prefer?
- Ronnie Sherman, senior: To all seniors: Are you happy to leave school in June?
- Ray Kreski, junior: What would you do with people that eat in the library?
- Joe Fortunato, freshman: What has influenced the great mass of male attendance at P.S.T.C.?
- Margaret Weibrecht, sophomore: What do you think about the conditions in the cafeteria?
- Bill Stanton, sophomore: What changes would you make if you were president of P.S.T.C. for a day?

Who Shall Be Queen?

Need any help in deciding for whom to vote? Here is some information concerning the candidates. First of all we have Irene Rose, a graduate of Garfield High School and a girl with many hobbies. Always interested in art, Irene worked on said staff of her high school yearbook, belonged to Paterson's art club, is chairman of decorations for the Coronation Ball, and spent the past summer as Arts and Crafts director for four of Garfield's Elementary Schools.

Irene Rose
Height — 5' 7"
Weight — 128 lbs.
Hair - Sandy Blde. — Eyes - Blue

While in high school, Irene worked as a nurse's aid in Saint Mary's Hospital, and she later attended Powers and Barbison Schools of Modeling in New York City, spent some time in this profession, and was chosen Miss Garfield, V. F. W. for 1956. Designing and building modern furniture, collecting antique china and old and rare books, designing some of her own clothes, landscaping and gardening also help crowd her spare hours.

Here's Marilyn Gerber, "Miss Great Lakes of 1953." She was fourteen at the time and won over 500 candidates in a contest held at the Great Lakes Naval Training Center. Marilyn resides in East Rutherford,

Marilyn Gerber

and was a high school cheerleader there for three years. Such activities probably enabled her to be heard over her two elder brothers.

Moreover, four years in the Glee Club and membership in the Tri-Hi-Y, Keyettes, Teen Age Club, and Cadet Teachers' Club kept Marilyn busy.

This K. P. sophomore was chosen as the best dancer of her senior class, and here at State has become a member of the Modern Dance Club and Swords Club.

This gal, famous on campus for her knee socks, is Ellen Sullivan, an active K. P. junior who lives in Fort Lee.

Belonging to the Glee Club,

Yearbook and newspaper staffs, varsity basketball team and Student Government Executive Board, Ellen still found time for the Athletic Association and presidency of the Camera Club (the BEACON could use her!) while in Holy Angels Academy. It seems Ellen's tastes are fairly consistent for her at State. She is an alternate S. G. A. representative, member of the Program and Activity Committee,

Ellen Sullivan

F. T. A., and Chorus. Athletics in the W. A. A. take up a great deal of time, but last year she also served as the W. A. A. Program Chairman.

Barbara Costa of Hackensack is this candidate for the throne. As with all the finalists, Barbara has not been spending her time watching life go by without participating. In Hackensack High, she was a cabinet representative for two years, home-room secretary for three years, secretary of the Student Council as a senior, and member of the National Honor Society and Little Stage Club. When not rehearsing with the Mixed Chorus or Girls' Chorus, Barbara was seen as a mad-onette. Summers were spent as a playground director.

Barbara Costa
Height — 5' 2"
Weight — 115 lbs.
Hair - Brown — Eyes - Brown

True to form, Bobbie has, here at college, become secretary of the sophomore class, and co-secretary of the carnival.

Our fifth candidate is Maureen McGlynn, ex "Queen

Maureen McGlynn
Height — 5' 3"
Weight — 110 lbs.
Hair - Brown — Eyes - Brown

of Echo Lake" (Pennsylvania, 1955), "Miss Arnold Constable, 1956," and "Queen of Lakeside Lodge, New Hampshire". Maureen has served as a model for Arnold Constable, a wholesale dress house, and free lance fashion shows.

Just to keep busy, high school activities for this "Stator" included the Class Cabinet, Student Government, National Honor Society, F. T. A., and Spanish Club.

This year Maureen is working as the secretary-treasurer of our Hospitality Club, on the social committee of the S. G. A., a member of the Riding Club, Citizens' Club, and the Senior Soft Commies. She was also general chairman of the Christmas Dance and refreshment chairman of the Hazing Hop.

Marlene Miklus
Height — 5' 7"
Weight — 130 lbs.
Hair - Med-Brn. — Eyes - Gry.-Grn.

Last but not naturally not least, is Marlene Miklus of Clifton. Since her alma mater, Benedictine Academy in Paterson, an all girl school, "Mickie" acted as a cheerleader for Don Bosco (all boys). Thus, when not travelling around, she found time to be council representative, mission representative, and president of the Academy's missions during her senior year. Oh yes—the art club included "Mickie" in its lists also.

At Paterson this gal has taken to the Riding Club and is a representative to her class council.

Good luck to all of the girls from BEACON!

CHRIS CRICKET

By Lois Perry

Anyone interested in problems relating to horsepower can be referred to any member of Junior section G, whose instructor had them all running up and down stairs in order to conduct an experiment intended to determine horsepower exertion . . . if you missed attending the Christmas dance and didn't get to see the coach jittersbug with Miss Allen, you let a rare treat slip by . . . Delaine Burch is home from Texas. . . Congrats to Bill Stanton, whose wife gave birth to a 7 1/2 lb. girl, Kathleen, on Jan. 7th. . . Congrats also to both Walt Rude and Tom Gilbert on each of their engagements which were announced during the holidays . . . In the event that any coat happened to inadvertently drop a peak on the floor shortly after the holiday vacation, and was dismayed at not having it retrieved by a certain sophomore, I might venture to exclaim that same gant, namely Ted

Kozak, was incapable of bending beyond a 20 degree angle due to over-exuberant dancing while ushering in the new year . . . Ask Maureen McGlynn, Jerry DeFalco or Bill James about the hazards involved in decorating a Christmas tree . . . John Moschella must still be wondering how his car wound up at the other end of the parking lot. I have a clue for him. It seems his car was blocking Claire Nuzzelli's auto, so with Claire maneuvering from within and Frank Falsetto pushing from the rear the vehicle was reloaded . . . There existed no dry conversation at the recent splash party given by a student group, nor "wet blanket" companions either, surprisingly enough . . . Apology to Eve and Joan—due to an unknown student's thoughtless news tip it seems that a misleading item appeared in the last CHRIS CRICKET. As a result, no anonymous news sources will be quoted in this column.

55 New Frosh

Well, its spring semester time at Paterson State Teachers College! And as usual, it is also time to welcome the February freshmen who are joining our already expanding enrollment.

There are about fifty-five new freshmen arriving, with approximately twelve of these being transfers from various other colleges.

Registration day for these students was held on Tuesday afternoon, January 29th, in the administration building.

These students have the advantage of being the first February freshman to use our newly revised curriculum. As of yet, it has not been definitely established just how many of them are separated into the various divisions of the curriculum, but it is assured that they are evenly divided.

HOST CHAPTER

(Continued from Page 1)

will be divided into four different discussion groups each having a leader and a recorder. In the evening, the annual dinner will be held and Mrs. Agnes E. Meyer, the education writer for the Washington Post, will be guest speaker. Her topic will be "Education For A New Morality."

Our chapter will hold its annual auction on the 18, 19 and 20th days of February, between 11:30 A. M. to 1:30 P. M. Miss Lorraine Macchia is chairman of the auction, and articles for the auction were collected at the January 21 meeting. The purpose of the auction is to raise money for a scholarship fund. This scholarship is awarded every four years to anyone entering the teaching profession, who has the necessary qualifications.

All Sorts of Sports

By SMITTY

Congratulations to Lou Cirangle on going over the 1,000 point mark.

The shades provided by the S. G. A. are quite a help to the ping pong players. In the past the sun hampered the players to such an extent that they could hardly see the ball.

However, the ping pong tournament sponsored by the M. A. A. is a little slow in getting under way. (This is the understatement of the year.) The pairings were made about two months ago, but the competition hasn't gotten past the first round. At its present pace the finals will be held in the spring of 1965.

Dr. Vouras and Mr. Stewart are, without a doubt, the most faithful supporters of the basketball team. They rarely miss a game and attend both home and away contests. If students and faculty members followed in their footsteps we would have capacity crowds at all games.

I would also like to point out that the compliment given Dr. Vouras isn't in any way, intended to help my geography mark.

I have seen some nervous coaches in my time but Mr. Wolf takes the cake. As soon as the game begins he starts pacing up and down the sidelines, hopping up and down on every basket and call of the officials, shouting encouragement to the players, and as a result using up more energy than the players. His fingernails have been gone for some time and he is now chewing on his fingers.

However it is good to see the coach take such an interest in the team. He is really 100% in back of the team.

The Seton Hall game marked the last appearance of Jack Drury for Paterson State. Jack, who had been elected captain of this year's squad, played his freshman year at Newark State and as a result of a transfer ruling had his eligibility run out at the end of this semester.

Although the bowling team is having a comparatively poor season, that was a tremendous individual effort recently by Tom Kraft. Tom rolled a 705, three game series which is a record for the Eastern Intercollegiate Bowling League. In accomplishing this feat he rolled successive games of 266, 243, and 202!

Dick Zawodniak, the basketball manager really does an outstanding job. Although he rarely gets much credit I think the players would be lost without him. He does numerous little jobs which they take for granted. But I notice when the players need something they always yell for "Zee."

A few of the J. V. players have been dropped from the squad due to disciplinary action taken by Mr. Wolf. The coach wants it made clear he doesn't want anyone on his team who doesn't have the proper attitude and hustle. He also stated that those who are dropped or quit in one sport need not try out for any others.

Fencers Inactive

Since competing in a Christmas tournament at Jersey City State in mid-December the fencing squad hasn't been very active. However, the team will begin a series of dual matches on January 31 and ending March 19. This will be followed by a triangular meet at Temple and the season will be climaxed by the championship matches in April. The latter will take place in Rochester. The complete tournament schedule, however, is still incomplete.

As for the Christmas tournament, Paterson was the only school to place all five of its entrants into the preliminaries. However, not much can be said for their efforts after this, as only two girls reached the semi-finals and one the finals. "Tish" Ruane was eliminated in the semis while Joan Ulrickson reached the finals before being defeated.

All of the dual matches will

consist of varsity and junior varsity competition. But something new has been added to the fencing team. A freshman team has been formed. This was due to the large freshman class. This freshman squad will have four matches, facing Jersey City and Fairleigh Dickinson twice.

Mr. Miller also hopes to get them some informal competition against high school teams. The varsity squad consists of Joan Ulrickson, captain, Loretta Cravero Sabio, Pat, "Tish" Ruane, Betty Ross, and Carol Skowski. However, a few girls may move up from the junior varsity.

The schedule is as follows:
 January 31 home, Jersey City State.
 February 12 away, Fairleigh Dickinson.
 February 19 away, N. Y. U.
 February 26 away, Brooklyn College.
 March 5 home, Fairleigh Dickinson.
 March 19 away, Jersey City State.

Cirangle Hits 1,000 Points

Pictured at the right is Lou Cirangle who has just scored his 1,000th point. Coach Kenneth Wolf is presenting Cirangle the ball with which he accomplished this feat.

At 11:48 of the Bloomfield game Lou Cirangle hit on a beautiful hook shot and became only the fourth player in Paterson State history to go over the 1,000 point mark. In doing so, Lou joins a select group which includes Bob "Big Bo" Mathews, Vince Moretta and Jack Drury.

Cirangle's achievement is even more remarkable due to the fact he is only a junior. He got off to a tremendous start as a freshman by canning 494 markers and then followed this up last year with 373 points. This season Lou has racked up 233 points for the first twelve games which gives him a grand total of 1087. His average for these forty-nine games is an excellent 22 points per game.

Cirangle has always played the pivot and has a deadly jump and hook shot from in close. Occasionally he will flip in a set but a great majority of his points will come out of the pivot where he is just as efficient from either side.

He is a graduate of Central High in Paterson and also attended St. Mary's High. Lou is quite well known in this area for his performances with many top semi-pro teams. In addition to this Cirangle has also played ball while in the service. After his discharge he decided to attend Paterson State and as a result hasn't disappointed many Paterson fans.

PIONEERS COP 9 OUT OF 12

With the basketball season a little over half completed, Paterson State is making it's bid to have one of the most successful seasons at State. They have copped 9 of their 12 contests and with ten games still remaining have already surpassed last year's win total of 7.

Although the picture is very bright at the present, things looked a little bleak at certain stages of the campaign. For after running off to four consecutive victories the Pioneers suddenly did an about-face and promptly dropped the next three to Panzer, Montclair and Seton Hall of Paterson. But it was here that Paterson came roaring back and easily took the next five games. The victims included Bloomfield, Trenton, Jersey City, Glassboro and a revenge victory over Seton Hall.

This turn of events can well be attributed to a vastly improved defense. Although the offense has been good it is really the defense which has excelled. In the nine winning contests Paterson has limited the opposition to an average of only 26 points per game. The team has also been playing more as a unit. The individual

play which marked the losing games has vanished and every one is now playing together.

Another reason for Paterson's success is that of a well-rounded offense. This is pointed out in the fact that four starters are averaging in double-figures. Lou Cirangle's 20 is tops, then come Bob Mathews and Harry Dalon with 14 and Jack Drury 13 per game. Ray Cosgrove, although not a tremendous scorer, is again doing an excellent job off the boards.

Drury has had his eligibility run out and will be replaced by John Kastisin in the starting lineup. Jack certainly went out in a blaze of glory, canning 26 against Seton Hall.

Speaking of the Seton Hall game, it was by far the sweetest win of the season. It reversed an earlier defeat, a game in which the Paterson players believed they should have won. As a result they were really "up" for the second game and thumped the Setonians 104-77 in their best performance of the year.

Higher Salaries for N.J.

Raising the level of teachers' salaries in New Jersey will be the main objective of legislative activity by the New Jersey Education Association this year.

The NJEA proposal, which it is asking the State legislature to approve, calls for amending the present State law to provide minimum schedules of \$3600 to \$5400 for teachers with less than four years' preparation; \$3800 to \$5600 for teachers with a bachelor's degree or equivalent; and \$4000 to \$6200 for teachers with a master's degree or equivalent.

A special feature of the teachers' 1957 Legislative Program is a request directed to the various candidates for State offices regarding the forthcoming State election campaign. In view of the impending educational needs caused by increasing school enrollments, NJEA is asking the candidates not to commit themselves against a revision and broadening of the State's tax structure. It specifically asks that party platforms take a realistic approach to the State's revenue problems and avoid the use of No-New-Tax pledges.

Little Interest in Intramurals

A good many of the males are interested in an intramural program but only a few are willing to put the time and energy into making it a success. In the past Paterson was hampered by the lack of a gymnasium and the proper facilities for such an activity. However, this year it was expected a full-scale program of this kind could get underway.

It surely seemed this program would get into operation as both Mr. Wolf and a great many boys showed interest in it. But when the coach called for a meeting of all those who wanted to participate, only a handful showed up.

According to Mr. Wolf, "Everyone keeps asking about an intramural program but no one will give up any time to participate in it."

Although Mr. Wolf is quite disappointed with the showing to date, he is still willing to go through with it.

LEAVE IT TO THE GIRLS

by Mary Tatar

The W.A.A. has planned a schedule of basketball play days for the spring semester, the first one being a home game with Jersey City on February 4. Fairleigh Dickinson, Montclair, Newark, Shelton and Jersey City are some of the colleges that we will play.

Nineteen girls will be going down to Glassboro State Teachers College on March 16 for some fun at their Winter Play Day.

Although our girls' basketball team hasn't made a practice of playing industrial teams, we have accepted a play day with the girls from the Newark branch of the Bell Telephone Company to be held here, at State, on February 25 at 7:30 p. m.

Just a reminder—all sports activities are still meeting, which include bowling at the Wayne Country Club on Mondays at 3:30 p. m.; swimming at the Paterson Y.M.C.A. on Wednesday evenings between 8-9 p. m.; modern dance in the gym on Mondays and Wednesdays at 8:30 p. m.

Everyone is welcomed to enjoy these sports and to come to our monthly meetings. Our next meeting will be held Wednesday, February 6, at 3:30 p. m. in the gym.

Hope to see you there!
