Van Teyens Anticipates New Position

"After two years as an SGA representative, I am anticipating my official capacities as a member of the Executive Committee of the SGA," said Herman Van Teyens after being voted into the vacant treasurer's seat in the Student Government last Tuesday, Oct. 2.

The new treasurer is presently the staff photographer for the BEACON, and is majoring in elementary education. In the past Mr. Van Teyens has served on the SGA as representative, and also on the Social Committee of that organization. Last year, Mr. Van Teyens was sent as a delegate to the 1962 Eastern States Conference.

The treasurer position was left vacant when the treasurer elect Joseph Criscenzo did not return to college this fall. As the new treasurer, Mr. Van Teyens will be responsible for all SGA funds, warrant books, club and organization budgeting, and other monetary tasks.

Mr. Van Teyens also added that "I will do my very best to assist the students and the SGA in all matters pertaining to my new position."

BEACON Staff Invites Students To Attend Meeting

BEACON staff members and qualified students desiring staff positions will meet on next Thursday, Oct. 11 at 1:30 p.m. The meeting, to be held in the newspaper office on the second floor of the College Center, will outline future plans and assignments for the newspaper reporters and editors.

Also at this time, plans for attending up-coming news conferences in the state will be made. A discussion on policy changes and editorial positions will follow, the agenda ending with announcement of a credit point system for earning June BEACON awards and certificates.

Ferrante-Teicher To Be Featured At PSC Oct. 16

Ferrante and Teicher, renowned recording team of *Exodus*, *Theme from The Apartment*, and *Tonight* will appear at Paterson State College's Memorial Gymnasium on Tuesday, October 16, at 1:30 p.m.

"The Many Moods of Ferrante and Teicher," the Paterson State program, features a variety of show tunes, popular music, and "pop" classics.

Accompanying Ferrante and Teicher will be their two Steinway D pianos which are nine feet in

HERMAN VAN TEYENS, BEACON photographer, is pictured after recently being elected SGA treasurer by members of the general council at the SGA meeting, Tuesday, October 2.

SGA Representatives Elect Van Teyens '62-63 Treasurer

Herman Van Teyens, a junior general elementary major and BEACON photographer, was elected to the post of SGA treasurer last Tuesday afternoon at the first Student Government Association meeting of the new semester.

The vote was taken by secret ballot after nominations were heard from the floor. Maria Giordano, Bob Kalish and Mark Stone were named as possibilities along with Mr. Van Teyens. Informal nomination speeches were presented by students familiar with the candidates qualifications.

Also listed on the agenda was an explanation of attendance requirements for all SGA representatives and Executive members. President of the SGA, Len Lakson made it clear that anyone unexcusably absent from two meetings would lose his position as delegate to the SGA.

Representatives were informed at this time that alternates must be selected to occupy their places during such times as junior or senior practicum, class trips, etc. The name of the alternate chosen by the representative must be sub-

mitted to the SGA before Tuesday, October 9. The alternates name and class position may be left in the SGA mailbox located in the College Center.

The Science Lecture Hall, W-101, was selected as the new site for future SGA meetings. President Lakson explained that the new location would provide an improved atmosphere as compared to the present meeting hall, the Little Theatre.

President Lakson also reported (See S.G.A., Page 3)

Grammar Clinic Offered For Fourth Year

The grammar clinic, under the instruction of Mr. Don Edwards, professor of English, will again be underway for its fourth consecutive year, Tuesday, Oct. 9.

The clinic primarily deals with explanations and purposeful drill on grammar, usage and mechanics, and does not supersede lessons taught in regular English classes.

Since students are expected to use the skills gained in clinic in their ordinary classes, there is little opportunity for composition writing. Minimal work is required outside of the clinic since there is no grade requirement or credit assigned.

Clinics are scheduled for Tuesday, 9:30 in W-7; Thursday at 9:30 in H-106, and 12:30 in T-6B and Friday, 2:30 in W-101. The same lesson is given in each clinic throughout the week so that students may choose times most convenient to them.

Nominations For "Who's Who" Closes Oct. 10

The deadline for "Who's Who in American Universities and Colleges" has been set for next Wednesday, Oct. 10. The requirements include that the student be a junior or a senior in the upper half of his class academically. All nomi-

nees must have been on campus for two years, have participated in extra curricular offerings, and have exhibited satisfactory relations with faculty and students.

Anyone can enter the name of a junior or senior who he believes qualifies. A junior or senior, who believes he is eligible, can enter his own name. The ballot box is located at the entrance of the Snack Bar.

The number of students selected (See Nominations, Page 2)

Pauline Flynn Representative In NEA Confab

Pauline T. Flynn, of Paterson State College, represented New Jersey in the sixth annual Student NEA Leadership Conference as vice-president of the Student New Jersey Education Association, held June 22 through July 5 at Fort Collins, Denver, Colorado.

Pauline, acting as the official delegate of the conference, attended all council meetings of State Presidents, worked with Communications and Public Relations Committee, and served as the editor of EL TORO, the daily conference newspaper.

The 1962 Leadership Conference, organized around the theme, BLUEPRINTS FOR ACTION, stressed standards of excellence to be imitated. The general sessions offered information to the participants and pointed the way toward the accomplishments of the conference goals. Some of the conference goals were: the further development of leadership skills, the promotion of a professional attitude, the encouragement of co-operation and coordination within the student program, and the projection of the image of the professional educator.

Soccer Team Downs Fordham

Booting in two goals, Carmen DeSopo led the Paterson State soccer squad to a 2-0 one-sided victory over Fordham University Saturday at Wightman Field in the team's first game of the season. DeSopo's goals came in the first quarter on a penalty kick, and in the last quarter on a twenty-five foot drive.

The strong defensive play of full-backs Don Erskine, team captain, and Gerry Genese created an impenetrable barrier for Fordham. Goalie Garry Witte was credited with twelve saves, while Jim Hefferman, Rich Witte and Rick Izzo also sparked the defensive effort.

The strong bench at the disposal of Coach James Houston proved to be a major factor in the team's triumph. Showing tremendous potential were Frank McCarthy, Mark Evangelista and Joe Klingler.

Frosh I. D.'s

Freshmen I. D. cards will be issued beginning Monday, Oct. 8 and continuing until Tuesday, Oct. 9 in the College Center. Students who wish to vote for freshmen representatives to the SGA must secure their I. D. card before voting on Tuesday, Oct. 9.

Naval Rep. On Campus October 9

A representative of the U. S. Naval Reserve Training Center at Clifton, N. J., will be on campus Tuesday, Oct. 9 to explain to interested male students the Naval Reserve Officer Candidate Program (ROC). The ROC program provides the young college man the opportunity to combine his education with outstanding professional Naval training.

The representatives will be in the Octagonal Room of the Student Activities Building from 9:00 a.m. to 4 p.m. to outline requirements and to explain the two year plan.

The requirements for the ROC program are: the student must be a citizen of the United States; he must be at least 17 years old, and will not have reached his 27½ year upon graduation from college and the completion of his second summer ROC training period. The candidate must be physically qualified—20/20 vision, with a waiver limit up to 20/40 correctable to 20/20. Candidates must be mentally and orally qualified or Naval Reservist in good standing toward a baccalaureate degree. Once selected for ROC, civilian applicants must join the Naval Reserve.

After meeting the requirements for the ROC program, the candidates are then sent for two full-time summer training courses at the Naval Officer Candidate School, Newport, Rhode Island. Each course is eight weeks, during which time the candidate is given a thorough professional background in naval history, naval leadership, naval customs and traditions. Such nautical skills as seamanship, navigation, gunnery, communications and damage control become second nature by the time of commissioning.

Attention Juniors

All junior SGA representatives and junior class members are urged to attend an important class meeting to be held Tuesday, Oct. 9 at 1:30 in Memorial Gymnasium. Heading the agenda will be a discussion of the Junior Prom.

Carmen DeSopo

"Right Foot"

"This first SGA meeting is primarily an attempt to start the year out on the right foot," stated Len Lakson, SGA president. Congratulations are in order to the Executive Committee and President Lakson after the success of last Thursday's Student Government Association meeting. The change over last year's sessions is definitely apparent in the attendance of twenty-nine of the thirty-one elected SGA representatives. Whether or not this change is a direct result of the Spring referendum, which decided upon a new system of class representation, or whether the success reflects the enthusiasm of the "62-63 regime," the impressive attendance is much to be admired.

The BEACON was pleased to learn that the Executive Committee heeded the message of the September 28 editorial. "Keeping the students informed" may very well act as a panacea to existing campus problems. In the future, all SGA news will appear in the BEACON prior to any SGA meeting. In the past, much needed information was "kept secret" or made impossible to obtain. This new policy will benefit both BEACON readers and the SGA itself.

Congratulations are also in order to the newly elected SGA treasurer and present BEACON photographer, Herman Van Teyens. The newspaper's editorial staff knows that Herman will be a desirable asset to the '62 Executive Council. Good luck Herman!

Frosh Rep?

Freshmen readers are urged to carefully review the page three story concerning class representatives. The importance of the October 9 election can not be stressed enough by members of the SGA and BEACON alike. Casting your vote for "the right" candidates may insure a healthy future for the college's student government.

In closing the BEACON staff offers one last congratulation to the Pioneer Soccer squad, and Coach Houston, after last Saturday's victory over Fordham University. Students who attended, over 200 Paterson fans, saw what we hope to be the beginning of an impressive season for the Pioneers. The combined efforts of the team members and their spirited supporters is a determining factor for a winning season.

Maltese Selects "Aladdin" Cast

Aladdin and His Wonderful Lamp, a child's fable by James Morris, will be presented as Paterson State's first play production of the year. Under the direction of Mr. Anthony Maltese of the speech department, the play will be performed on November 3, 15, 16, and 17 at 8:00 p.m., and at 2:00 p.m. on November 15 and 16 in the Little Theatre, Hunziker Hall.

The cast includes; Bob Sayegh—Robinson—Genie of the Ring; Sally Abromowitz—Genie of the Lamp; Marilyn Grossman—Kaliassa; and Pete LoRe—guard. Gail Neary,

Marilyn Mohl, Sandy Hass and Judy Lewellen are the Slaves of the Ring, while Ellen McCloy, Cathy Mulcahey, Marcia Iozia, Claudia Splick, Lillian Jarvis, Claire Bollinger, Allan Kamp and JoAnne Dill are the general understudies.

Rita Halperin is the assistant director, Gail Neary is the production manager and Cathy Mulcahey is the stage manager.

Zinn—Adora; Jimmie Robinson—Sultan; Leslie Omelianuk—Noona; John Juneiman—Magician; Carol Aladdin; Lynn Stein—mother; Ann

from Juilliard, they concertized for a short period before returning to Juilliard as faculty members, teaching theory and composition. In 1947 they resigned from teaching in order to devote full time to the concert medium.

Popular and critical success have greeted Ferrante and Teicher in virtually every medium of the entertainment world, from best-selling records, to concert appearances, to television guest appearances. They have made three dozen record albums, and sold over six million single discs and two and one-half million LP's. Their breakthrough into the recording field came with their recording of the **Theme from The Apartment**. They have become one of the best-known and successful musical attractions on the current scene.

State Offers Frosh 4 Year Scholarships

New Jersey State Scholarships are now being offered to all eligible present freshmen, who were graduated from high school within the past twelve months. Applicants for state awards must meet the following qualifications: (1) New Jersey residency for 12 months prior to making application. (2) Graduation from high school within a 12 month period of making application (time spent in the armed forces of the United States is exempt). (3) Financial need in obtaining a college education. (4) Satisfactory score on the qualifying examination. (5) High moral character, good citizenship, and dedication to American ideals.

State Scholarships are valued at \$400 annually or the cost of tuition at the college the student attends, whichever is less. Each scholarship is renewable and may be held for a four year period of undergraduate study.

The deadline date for completing the preliminary application is December 10, 1962. Interested students should see Mr. John Huber, assistant director of student personnel, to obtain more information and an application blank. Mr. Huber's office is located on the second floor of the College Center.

The World Spectrum

The American Heritage Writ Large

by James Edward Miller

We Americans are a curious lot. Whenever the idea of creating and enforcing world law through the existing structure of the United Nations is proposed, we draw back in stunned horror and utter that well known cry — "We must not

Attempt To Control Mars!

give up our nation's sovereignty." Thereupon, any attempt to reason about the practical creation of a world organization to control arms and aggression is classified in many American minds as being disturbingly unpatriotic and suspiciously subversive. We forget that when our forefathers wrote the Declaration of Independence they declared ultimate and supreme authority to rest with the people. Thus, the national government, in the American tradition, contains no sovereignty in and of itself. We, the sovereign people, invest the national government with the authority to manage certain vital functions. When our government can no longer adequately function to prevent aggression it becomes quite

obvious that the people, in the interest of their own national survival, must turn over the powers of maintaining peace and security to an empowered United Nations. clusion is not the tenet of a utopian rhapsodist, but is the unescapable political prescription of our time. Let us now, for the first time, soberly examine the bold steps that are indispensable in establishing a just and secure peace through the U.N. as developed by C. Maxwell Stanley in his book—**Waging Peace**.

From today's standpoint, the existing U.N. Charter is powerless to enforce the respect and command of member nations. Clearly, a re-organized U.N. is requisite. The authority of the U.N., this author believes, must be expanded in two areas only — the area of armaments and the area of aggression. The U.N. must prohibit the right of nations to utilize war as a means of settling disputes. The U.N. must fashion laws that are binding on all governments in regard to the absolute outlawing of armaments and conventional armed (See World Spectrum, Page 4)

Nominations . . .

from colleges and universities depends upon the quota given by the Organization of "Who's Who in American Universities and Colleges" and is based on the student enrollment. This organization was founded in 1934 and counts in its membership representatives of over 700 colleges and over 10,000 students.

Last year there were twenty-five students elected for this honor at Paterson State. The nine senior class members are: Barbara J. Bosland, Carolyn R. Catenaro, Kenneth W. Dow, Gerald M. Genese, Camille L. Hannan, David J. Homcy, Roseann M. Levy, Helen Ladika Litchult, and Gail C. Neary.

Results will be released in November after the present members of the S.G.A. Executive Council and the class presidents have decided upon their selections.

In addition to the honor received by being named to "Who's Who" members will receive certificates. They are also given the opportunity to obtain a catalogue listing their name along with names of all other students selected this year from all over the United States.

PSC Building Plans Include Library, Gym

by Carole Perna

Students who are having a difficult time finding a seat in the library, take heart! Mr. Frank Zanzino, Business Manager at Paterson State has informed the BEACON of future events which include a solution to this problem. A new addition to the library is scheduled to be built with seats for all.

Next on the agenda is a much-awaited gymnasium. Rumor has it that this building will be for male students only. When asked about this, Mr. Zanzino denied the rumor. Contrary to this belief, the gymnasium will house co-ed facilities including a 1,000 spectator sports seating capacity.

In the near future Paterson State will be able to boast of its new Lincoln Center, that is, its own music auditorium and combination speech building. Offices and classrooms for both departments will be erected, plus drama and speech studios.

Can you imagine our professors on television? It's possible. Closed circuit television will be incorporated in classes which meet often during the school week. This will enable professors to monitor more than one class at a time.

Last on this list of up-and-coming events is the construction of a school for primary grades through grade 6. This building will include a library and an all-purpose gymnasium. It will also include a child study clinic, in which testing and observation will be carried on with one-way screens. Other clinical op-

SGA . . .

(Continued from Page 1)

that the Executive Committee has included in its policies, provisions which include the posting of the SGA agenda prior to the actual meeting in the BEACON. Mr. Lakson explained that such reporting will familiarize students and especially SGA representatives with the program of SGA affairs.

An SGA suggestion box will be available to students who wish to seek explanations to college policies, or who have ideas that they wish explored by the Student Government Association. A committee has already been appointed by the president to consider any suggestions. To date, the committee is considering the Bookstore problem (see BEACON editorial, Bookstore of Bedlam?, Sept. 21), parking decals for all Paterson State students, and the 3:30-4:30 p.m. traffic situation.

Last on the agenda, was the approval of the budget for the Citizenship Club. Last year the club failed to submit its budget due to the change in its advisor, and the absent of its president on campus because of Senior Teaching. After the proposed budget was presented, \$200 was awarded to the club to be used for such functions as the orphans picnic, Thanksgiving food drive, and the Ugly man contest, all sponsored by the club.

The second SGA meeting is scheduled to be held on November 6 in the Science Lecture Hall.

Juniors Prep For Practicum

by GAIL TURNER

Juniors have mixed emotions as practicum approaches. These three weeks will give all confident G-E & K.P. juniors the opportunity they have been waiting for — the chance to apply some of those many facts which have been filed away for future reference.

The Practicum program has been in operation for over five years. Students may be interested to know that their rating in these Practicum assignments is a determining factor in placement for Senior Student Teaching. An unsatisfactory rating may mean a student must complete extra work before being accepted for Senior Teaching. The significant advantage for juniors is the opportunity to acquire experience in facing groups of children gradually, before being required to complete the state requirement of 150 hours of Senior teaching.

Juniors are invited as guests to the cooperating schools. It is expected that they will attend all school functions, PTA, receptions, Parents' Night, etc. A relationship of fairness and consistency should be maintained by students with the children. It is not how well the children like you but how well you like the children that counts.

Competition for placement increases steadily each year. This year Paterson is sending 1,056 students into the schools, more than any other college in the state. Every one of these 1,056 will be representing PSC — a future depends on the impression they make.

The Highwaymen To Appear At Montclair State

The HIGHWAYMEN, popular recording artists, will be appearing at Montclair State College on Friday, October 12. The performance is scheduled for 8 p.m. at the MSC Gym.

The MSC Student Government Association wishes to extend an invitation to all Paterson students and friends. The price is \$2.00 per person. To reserve tickets call PI 6-9500, ext. 239A between 1-4 p.m. on Oct. 10, 11, or 12.

Twenty-six Freshmen Qualify For SGA

Twenty-six freshmen have met the qualifications necessary for election as S.G.A. representatives. The qualifications included submitting a petition with a minimum of 62 signatures and attending the first S.G.A. meeting of the year. The first requirement should result in the petitioner's getting acquainted with some of his fellow classmates; the second qualification should result in learning the duties expected of him for the successful operation of Student Government at Paterson State.

Voting for 13 of the 26 candidates will take place on Wednesday, October 10, from 9 a.m. to 3 p.m. in the Memorial Gym. The chairman of the Elections Committee, Dennis Kaminsky, changed the date from October 8 to October 9 so that all freshmen could vote.

The candidates include: Barbara Bukowski, Saddle Brook High School, Girls' State Delegate, Treasurer of Senior Class, Vice-President of Leaders Club; Diane Butcher, St. Mary's High School, Class Treasurer, President of Literary Club, School Publicity Club; Mary Ellen Cassidy, Lyndhurst High School, F.T.A. President, Secretary and Vice-President of F.N.A., Secretary of Leaders Club, Class Rep. in Freshman and Sophomore years; Jo Ann DeGrazia, Mary Help of Christians, Cheerleading Capt., 4 years; Carol Dinolfo, Clifton Senior High School, Student Council in Sophomore and Senior Years, Junior Class Rep.; Regina Farrell, St. Joseph's High School, Vice-President of H.S. class, President and Vice-President and Treasurer of Girl Scouts; Jill Gardner, Leonia High School, Class Rep. for five years to Leonia Student Council, Student Council Secretary—one year; Karen Goldberg, Weequahic High School, Student Government Rep., Secretary of History Class; Ronnye Gross, Hillside High School, Secretary of Junior Class, Student Council; Donna Hilton, Tenafly High School no formal experience; Chris Hunter, Fair Lawn High School, Student Board of Education member, Student Council delegate, Vice-President and Pres-

Yearbook Pick-up Deadline Set

Any student who has not yet received his 1962 PIONEER may pick it up in the Yearbook office, located on the second floor of the College Center on Thursday, Oct. 11 and 18 at 1:30 p.m. After Oct. 18, yearbooks will no longer be available. Students must present their I.D. cards before receiving a book.

MISS CAROLYNN CARR, Assistant Professor of Education is shown holding a carved figure which she brought home with her from Africa.

Professor Carr Lectures In Africa

by Mike Burns

After her plane refueled in Khartoum airport in the Sudan, Miss Carolyn Carr, Assistant Professor, of the education department, boarded a plane for a four hour trip to Nairobi, Kenya. Travelling over rough terrain, lecturing at the Teacher Training College in Kijabi, and witnessing the progress of the African people, marked Professor Carr's trip to Kenya in East Africa this past summer.

Travel was difficult. After heavy rains, roads became impassable. "On one occasion," Professor Carr recalls, "the driver of our car and an African woman both using a pango (a sickle-like tool) had to chop down part of a tree which had fallen across the road during a storm." Because roads are only wide enough for one car passage, messengers are usually sent days in advance to warn of the arrival of a car.

In Kenya, Professor Carr lectured to one hundred African students who were preparing for the teaching profession. A prerequisite for taking the difficult entrance examination is completion of the eighth grade which allows admittance to the Teacher Training College. Those who fail the examination are not given a second chance or any other educational opportunities. At the Teacher Training College, English is the spoken language.

Training centers for women are being established to teach courses in such subjects as marriage, home-making, and motherhood. American and European doctors must train assistants so that someone can keep the hospitals in operation in times of "White evacuation" as occurred in the Congo in 1960.

The cry of independence rings out from every village. Uganda will celebrate Uhuru (Liberty) next Tuesday. Kenya is another country that expects to be independent before the end of this year. However, Africa still progresses despite many internal problems. Insects, disease, famine and drought plague the African people, yet they are learning to overcome each problem.

WHAT TO WEAR TILL THE DOCTOR COMES

Now that you have enrolled and paid your fees and bought your books and found your way around campus and learned to hate your roommate, it is time to turn to the most important aspect of college life. I refer, of course, to clothes.

What does Dame Fashion decree for the coming school year? (Incidentally, Dame Fashion is not, as many people believe, a fictitious character. She was a real Englishwoman who lived in Elizabethan times and, indeed, England is forever in her debt. During the invasion of the Spanish Armada, Dame Fashion—not yet a Dame but a mere, unlettered country lass named Moll Flanders—during the invasion, I say, of the Spanish Armada, this dauntless girl stood on the white cliffs of Dover and turned the tide of battle by rallying the drooping morale of the British fleet with this stirring poem of her own composition:

*Don't be gutless,
Men of Britain.
Swing your cutlass,
We ain't quittin'.*

*Smash the Spanish,
Sink their boats,
Make 'em vanish,
Like a horse makes oats.*

*For Good Queen Bess,
Dear sirs, you gotta
Make a mess
Of that Armada.*

*You won't fail!
Knock 'em flat!
Then we'll drink ale
And stuff like that.*

As a reward for these inspirational verses Queen Elizabeth dubbed her a Dame, made her Poet Laureate, and gave her the Western Hemisphere except Duluth. But this was not the extent of Dame Fashion's service to Queen and country. In 1589 she invented the laying hen, and she was awarded a lifetime pass to Chavez Ravine. But she was not to end her days in glory. In 1591, alas, she was arrested for overtime jousting and imprisoned for thirty years in a butt of malmsey. This later became known as Guy Fawkes Day.)

But I digress. Let us get back to campus fashions. Certain to be the rage again this year is the cardigan (which, curiously enough, was named after Lord Cardigan, who commanded the English fleet against the Spanish Armada. The sweater is only one product of this remarkable Briton's imagination. He also invented the glottal stop, the gerund, and the eyelid, without which winking, as we know it today, would not be possible).

But I digress. The cardigan, I say, will be back, which is, I believe, cause for rejoicing. Why? Because the cardigan has nice big pockets in which to carry your Marlboro Cigarettes—and that, good friends, is ample reason for celebration as all of you will agree who have enjoyed Marlboro's fine, comfortable, mellow flavor and Marlboro's filter. So why don't you slip into your cardigan and hie yourself to your tobacconist for some good Marlboros? They come in soft pack or flip-top box. Cardigans come in pink for girls and blue for boys. © 1962 Max Shulman

* * *

Cardigans or pullovers—it's a matter of taste . . . And so is Marlboro a matter of taste—the best taste that can possibly be achieved by experienced growers and blenders—by science, diligence, and tender loving care. Try a pack.

forces. Furthermore, the world organization must maintain an adequate inspection service to enforce world law against the construction and possession of arms. The organization must perpetuate an international military force to insure the enforcement of the rule of law. The structure for guaranteeing the proper exercise of these powers need not be unduly complex; in fact, the present composition of the U.N. need only be modified and improved. Let us consider some of the major steps of alteration.

Membership in the United Nations must be made universal with no respect to a nation's political ideology or participation in international affairs. "Bad" as well as "good" states must be subject to the higher law and discipline of the U.N., just as "good" and "bad" men exist and are subject to the laws of their own societies. It is obvious, for the strengthened U.N. to successfully carry out its responsibilities of maintaining the peace, membership cannot be

Attention Seniors

"A senior class meeting has been scheduled for Tuesday, Oct. 9, at 1:30 in Memorial gymnasium," announced Paul Hoelscher, senior class president. Heading the agenda will be a discussion on the senior ball and commencement. All seniors are urged to attend.

based upon an "international righteousness contest." "Sinner" as well as "saint" must come under the regulation of world law. Such countries as Communist China would no longer remain "gangsters" living just beyond the international camp where law cannot reach them. It is also quite apparent that secession must be condemned because the withdrawal of one or more nations could seriously imperil the entire system of enforced world law.

Any attempt at the establishment of world law must be constructed upon a body capable of legislating laws concerning disarmament and the prevention of aggression. The General Assembly could, with a fairer system of representation for all nations than is now available, become such an organ of legislation. International delegates, elected or selected by the various nation-states, would comprise the legislative body. Regulating armaments and financing the U.N. through world taxes would fall within the domain of this international assembly. Needless to say, such an assembly would have the power to override any Security Council veto. Above all, the new assembly could readily check the proper administration of the executive. Thus, to the U.N. Secretariat must be entrusted the administration of the organization's added functions. However, the Executive must be civilian in nature. All agencies and U.N. military forces would be under the Secretariat's authority. In turn, however, the Executive would be responsible to the General Assembly.

Finally, a World Court is needed to adjudge and punish all national officials guilty of usurping world law as legislated by the General Assembly and administered by the Executive. The Court should even examine the constitutionality of laws. In a real sense, the World Court would become a World Supreme Court, and the initial structure of the rejuvenated U.N. world be completed.

the Spotlight

by Gary Witte

On behalf of the soccer team, I would like to thank all the students who gave their support by attending Saturday's soccer game against Fordham University. This was without doubt the largest pro-Paterson crowd ever to witness a Pioneer soccer game. We might have won the game without your support, but your presence was definitely a stimulus to the team as they shut out Fordham in the opening game of the season.

An interesting sidelight of this game was a bet Coach Houston placed with Jack, head chef at Kathy and Dans. Jack did not feel the soccer squad capable of defeating as large a college as Fordham, and as a result, promised that if Paterson won he would crawl on his hands and knees pushing a pencil with his nose from Kathy and Dans to the corner traffic light. With the outcome of the game, Jack was willing to start his pilgrimage, but the soccer team intervened because of the loyalty and interest he has shown to Paterson State.

It takes courage to play sports, especially a sport in which conditioning is a determining factor in the eventual outcome to the individuals, or the team's performance. Every day as I am just about to feel sorry for myself after the four laps I run at soccer practice, I always manage to catch a glance at the cross-country boys running, and running, and running. Cross-country is a sport in which there is little glory, but plenty of training which is tedious, and often completely exhausting. I hope we can give these men the encouragement they so richly deserve by turning out in force at their home meets this year.

If I wore a hat I would take it off to Tony DePauw. Tony is the manager of the men's fencing team, a position in which he is not reimbursed financially, but is held responsible for such things as making arrangements for securing and paying directors for home meets, taking care of money spent on away meets, and ordering new equipment for the team. Tony also assists the Coach E. Sully and captain Jack Albanese, in assisting new members of the fencing squad in the skills of the sport.

For the last two years, one member of Paterson State's soccer squad has been more than just a standout player. Carmen DeSopo has proved time and time again by his superior playing on the soccer field, that he is the nucleus of the team's offensive attack. Last year the coaches in our college conference elected Carmen to a position on the all-conference soccer team, a position we feel will again be occupied by him this year.

Soccer Team Anticipates Win

The Paterson State Soccer Team, fresh from their victory over Fordham, is looking forward to their first conference game when they encounter last year's conference champions, Jersey City State, 3:00 p.m. today.

This can be expected to be a hard fought and exciting

game, since Paterson was the only team Jersey City did not defeat last season. Last year's game ended in 1-1 tie.

Paterson State will also be especially keyed up for this game since the strength of this Pioneer team has many people believing this is the year they stand their greatest chance in capturing the conference championships.

The Paterson attack will be led by Carmen DeSopo, who scored the

only two goals in last Saturday's game against Fordham. The defense will consist of fullbacks, Don Erskine, Gerry Genese, and goalie Gary Witte, each of whom played a large part in holding last week's opponents scoreless.

Cross Country Opens Season

The cross country team opens its 1962 season Oct. 10 against Jersey City State College at Wightman Field in a 4 o'clock meet.

Returning to the club this fall are veterans Roy Marshal and Ron Simmons, who will serve as captains of the squad. Coach James Lepanto hopes that Richard Gore, a sophomore, will add depth to the comparatively inexperienced team. Rounding out the club are junior, Dave McLean, sophomores, Bill White and Ron Nahas, and freshmen, Tom Dowd, Den Austin, Joe Dzilzawiec, and Rich Gillen.

FDU Booters Win In Double Overtime, 6-4

In a double overtime session, Fairleigh Dickinson-Madison turned a 4-4 tie game into a 6-4 win over Paterson's Pioneers, Wednesday afternoon at Wightman Field. Despite the bulky 3-1 lead held by Paterson in the first half, FDU fought back in the closing minutes, leading the Pioneers 4-3.

With a minute of play left, Paterson's Carmen De Sopo booted in the tying goal sending the game into overtime. The first overtime ended scoreless. It wasn't until the second overtime period that a Pioneer penalty gave Fairleigh a free kick which was converted into a goal. Seconds later, they came back with another goal to ice the game at 6-4.

Scoring for Paterson were Carmen De Sopo, Damon Neroni and Don Saviano. The defeat evens Paterson's soccer at 1-1 for the season.
