PATERSON STATE COLLEGE

April 23, 1965

Publicity forms for the Beacon are now available in the Beacon Office. All organizations are requested to make use of them.

## Fullbright Awarded To S.S. Professor

Miss Lois Weiser, Assistant Professor of Social Science at Paterson State College, has been awarded a Fulbright-Hay grant for the six weeks institute for teachers of world or Europe history to be offered in France this summer.

The program includes four weeks of study at the "Institute d'Etudes Politiques" in Paris, plus two weeks of travel to historic and cultural places of interest throughout France. Miss Weiser a graduate of Newark Rutgers and Rutgers University in New Brunswick, is one of twenty scholars who received grants for the summer institute. She is a member of Phi Beta Kappa and Pi Sigma Alpha, the national political science honor fraternity. Before coming to Paterson State in 1964, Miss Weiser had teaching experience in Woodbridge and West Orange. She is currently co-authoring a geography textbook for the Follett Publishing Co.

## Professor Discusses Problems Of Greece

"Recent developments and prospects in the Livestock of Greece," is the title of the paper delivered by Dr. Paul P. Vouras, associate professor of geography at Paterson State College, at the annual convention of the Association of American Geographers in Columbus, Ohio.

According to Dr. Vouras the improvement of Greece's livestock industry began in earnest after 1950. Both farmers and the shepherds are gradually recognizing that the expansion and improvement of livestock, especially stall-fed animals, will provide Greece with more food and subsequently increase their meager income. It would also bring about a more balanced production from the land than has existed in the past. However, any further increase in the number of improved animals will depend upon the continued willingness of the farmers to devote arable land to fodder crops, the increase in milk consumption, and effective government technical and improving through improved stock, better care, and more nutritious fodder. It

is necessary that the livestock industry continue to grow and develop since it is already an essential feature of the evolution of agriculture in Greece. Dr. Vouras was appointed to the Paterson State College faculty in 1965. His degrees are from Central Connecticut College, Clark University, and the Ph.D. from Ohio State University. He recently published a book entitled "The Changing Economy of Northern Greece Since War II." He has also published several articles dealing with the geography and economy of Greece.

## Professor Discusses South Vietnam Policy

At a recent International Relations Club meeting, Dr. Istvan Szent-Miklosy made the following points on American policy in South Vietnam and the disputes arising from it.

Some 282 campuses witnessed peace assemblies and demonstrations in protest of President Johnson's policy of bombing North Vietnam, and come in protest of his whole policy in South East Asia. Interestingly enough, says Szent-Miklosy, almost none of the sponsors came from the approximately 500 American specialists on international relations. Though foreign affairs are too serious a problem to be left totally at the mercy of specialists calls for serious questioning of the origins and motivations of these manifestations.

Talking seriously, one should question the present policy with a feeling of responsibility only if variable alternatives of action can be offered to the President. However, no one has been able to offer convincing alternatives to alter President Johnson's policies in the three types of war being waged in Vietnam: the guerrilla war in South Vietnam (countered by marines and, if necessary by further troop buildup), the war with North Vietnam (countered by sustained pressure through bombings), and the propaganda war of the Communists disguised as nationalism (countered by recently stepped up counter propaganda efforts). The receptivity of the Johnson Administration form

new and convincing ideas is manifest in the use of a "suggestion box" in South Vietnam. The harsh reality is, that we "know of no military man who can guarantee the elimination of guerrilla attacks." Most discomforting is another harsh reality, that the situation in South Vietnam and what should not be done are interperated and assessed differently by the best American political, military thinkers, and our main allies in Europe. While most of our allies act in good faith, De Gaulle probably wants to undermine our relative power position everywhere in the world in the belief that he, France, can fill it. The choice we face is not between good or bad alternatives of action, but only between evils. Out of some five suggested alternatives only three are left; because withdrawal, or limited activity in South Vietnam have proved unworkable. Therefore, only sustained pressure on North Vietnam through bombing, or ground war with them, or a war with Communist China remain.

Further points made by Dr. Szent-Miklosy deal with the aims we are pursuing. South East Asia is not a secondary, but a primary, vital national interest of the United States. He maintained and analyzed, that the real issue is regrettably, not "peace" or "negotiation," but rather "security," i.e. containment of Communist expansionism, through the use of military force if other means can not suffice. However, the lack of other adequate means might entail repeated wars with the North as an alternative to withdrawal and surrender. Nevertheless the main effort in the future lies in economic and social nation-building and, therefore, in foreign aid on our part. Both the military and economic help serves the purpose of reaffirming our commitments on the spot. It has to be understood that we are not in the midst, but only at the very beginning of a very long drawn out historical period of "containment," and not of "solutions" or victory. Americans ultimately have to learn to live with such unprecedented situations, even if they are cases of "over-extension" as many assert.

(Continued On Page 2)

THE BITTER END SINGERS will be appearing at Paterson State on Monday evening, April 30. The Singers will offer their unique renditions which combine the style of folk music, Dixieland, and rock in Memorial Gymnasium beginning at 8 p.m.

## Double Bill Scheduled For Spring Program; Package Deal Offered

A special double-bill spring program, featuring The Bitter End Singers and William Warfield, will be presented (shortly) at Paterson State. Special prices are offered to students, faculty, and guests attending both performances. Students will pay \$1.50 for the two programs instead of paying \$1.00 for each ticket; guest prices are \$2.50 for both programs instead of \$2.00 each. Faculty prices are also \$1.50 for both.

On Monday evening, April 26, at 8 p.m., The Bitter End Singers will introduce a "new dimension of entertainment." The unique "sound" of this group of six young performers includes a combination of folk standards, Dixieland tunes, and "hard-hitting rock songs." The group opened at The Bitter End Cafe in New York City last August and has appeared at the White House at the invitation of President Johnson. Among their television credits are an appearance on "N.B.C. Follies" and a future appearance on "Hullabaloo." The group is booked for Basin Street East for this coming year.

Appearing with the Singers is comedian Fred Smoot, who has also appeared with the Serendipity Singers. Soon to appear at Seton Hall University with Trini Lopez, his style has been described as encompassing "the talent of Harold Lloyd, the character of Jonathan Winters, and the pantomime of Sid Caesar."

The Bitter End Singers appeared at West Point on January 24 of this year, thus beginning their first college tour. Reviewers of the group commented that "this was more than just a singing group, it was entertainment." The variety of the program they presented, ranged from soft ballad to lively folk, from rattle, rousing to rock. In summary, "the sound is now, the voices good, the spirit lively, the girls attractive — the show great!" William Warfield, a light

classical singer, will present a program at Paterson State on Friday, April 30, at 8:15 p.m. Mr. Warfield, probably best known for his portrayal as Porgy in Gershwin's Porgy and Bess, has been commended by the U.S. State Department as a good-will ambassador for this country for his many cultural trips abroad.

Acclaimed "One of the greatest artists of this or any other generation," Mr. Warfield received his B.A. and M.A. from Eastman School of Music. He has become a world favorite for his rendition of "Ol' Man River" in the film Show Boat. His other credits include DeLawd in

## Seniors Win Scholarships

Two Paterson State seniors majoring in speech correction have recently won grants for advanced study in speech pathology. Gilda Walsh, of Riverdale, has won a student recruitment scholarship for two terms of study at Teachers College, Columbia University.

Roger Milstein of Dumont has been awarded a one-year grant from the Vocal Rehabilitation Agency of the federal government to study Colorado State University.

## South Vietnam

(Continued From Page 1)

Foreign policy is not being decided by conservative, liberal or progressive political persuasions, but rather by intelligence reports from the actual crisis situations, and through the rules of international relations. If other means prove to be inadequate, the use of force still shall prevail. Although liberalism would seem to mean shying away from the use of force, liberal Presidents have used naked force whenever the actual situation dictated its use.

The ultimate outcome of the Vietnam crisis will not be decided in South East Asia, but in the future of the Sino-Soviet rift. As of today, President Johnson's actions have resulted in a greatly increased rift.

Whatever we profess as our aim in South East Asia, negotiation, settlement, neutralization, freedom, independence, welfare, self-determination, or stalemate, etc., the naked reality is the need to have in addition to other means a strong military ring around Communist China in the foreseeable future. Thus if we want to pull out of South Vietnam later, we still have to find a form to stay in South East Asia. There is simply no way out of this as long as, in geographical terms, Communist China will not give up her philosophy of expansion.

## Librarian Leaves; Moves To California

Mrs. Mary Turner, Periodicals Librarian on the Paterson State College staff, left her position on April 15.

Mrs. Turner came to P.S.C. in September, 1960 and has helped in matters relating to periodicals and research. She and her husband are moving to California where both her son and daughter are attending college.

Mrs. Turner's resignation marks the first resignation from the library staff in over twenty-five years, and in a sense, as Mrs. Turner says, "It is really not a resignation, but a semi-retirement."

## Yearbook Opens Cover Competition

A twenty-five dollar award for the cover design of the 1966 "Pioneer" is being offered by the yearbook staff. All day and evening students are eligible and must submit their entries on Wednesday, May 12 by 3 p.m. to the yearbook office.

All entries must meet the following standards:

1. Theme: "Curiosity Leads to Enlightenment"
2. Originality
3. Appropriateness to theme
4. Design Quality
5. Limited to any two colors
6. You may use any type of material for the cover that you feel is necessary for the design
7. Size: 9" x 12", read vertically

8. Pioneer, 1966 must appear on the cover  
9. Must be matted on a 17" x 22" mat  
All entries must be submitted to the yearbook office on Wednesday, May 12, 1966, by 3 p.m. Any questions will be answered in the yearbook office. The winner will be announced in the Beacon.

In Passaic and Bergen Counties where student teachers are sent from Paterson State College, Montclair State College, Jersey City State College, Newark State College, and Fairleigh Dickinson University. After thinking for ten min-

## Letters To The Editor

Contributions to this column are the opinions of the readers and, as such, are unsolicited. All letters are required to be of a standard that will reflect the best interests of the college. Anonymous letters will not be printed but names will be withheld on request. The Beacon reserves the right to edit all letters.

Dear Editor,

Exactly what is our responsibility concerning political activities and teaching in New Jersey communities?

Recent publications in local newspapers seem to indicate that teachers should stick to reading, writing and arithmetic and forget their responsibilities as citizens of New Jersey and of the U.S.A. The particular problem was stated that teachers should not be permitted to state their political opinions as individuals or as a group.

This individual feels that as professional people, it is our responsibility to be informed about local, national and world issues. We should take a responsible position where possible and inform others as to various positions which may be taken. Means with which to deal with issues in a responsible manner according to our abilities should also be developed. N.E.A. and N.J.E.A. periodicals have recently come out in support of such political activities.

Critical thinking as a skill is required of our growing citizenry. It seems to me that if we are not able to develop this as professional people, that constructive critical thinking acquired incidentally by our students would not be sufficient to continue the alert political attitude required by our culture.

Sincerely,  
Judy Zachariasen  
Class of 1965

Dear Editor,

A cold fact: 209 votes were cast in the Freshmen Primary last week out of a class consisting of well over 600 students. The same students who complain of "a handicapping spirit," "and no social life" are the abstainers. Instead of making their choice of the students who will be molding their future in the years to come, they have adopted the lazy attitude which seems to be the only P.S.C. heritage. While the newspapers are full of voting rights struggles across the nation, these students don't think that "it's worth it" to vote.

I ask you, "What is worth it?" I don't see the attraction of sitting in the snack bar staring across a table versus an opportunity to exercise a basic right a scant hundred yards away.

I remain anonymous only because I am still a candidate and can't use this publication to express my views. But I wonder if I am a worthy candidate if only 1 out of every 10 freshmen had the desire to vote for me.  
Name Withheld Upon Request

Sophomore class primary election  
Junior class primary election

W.R.A. Activities—Softball  
SGA Exec. Committee

Friday, April 16  
Good Friday—No Classes

"I feel that the SGA officers have done a fine job during this past year, but I also feel that there is still a lack of communication between the student body and the Student Government Association. Through more thorough Freshman orientation each year, the student body may become more aware of its school's operation. If elected to this office, I will do my best to fulfill the obligation of Freshman orientation as well as the rest of the duties that will be required of me as Vice-President of SGA," said Russ Nugent, candidate for SGA Vice-President.

Russ has a double major in secondary English and general elementary education. Having been an SGA representative, Russ is familiar with the organization of SGA. Russ is currently treasurer of Paterson State's A Capella Choir.

Arleen Hamlett

Sophomore Arleen Hamlett, majoring in elementary education, is a candidate for SGA President.

Arleen proposes a program that will "include further investigation of a Student Union building, a college Leader's conference, a college officers register as well as increased communication through the above mentioned aims."

Many of the policies of last year shall be continued, such as the mixers and cultural activities. I hope to have a progressive year activated by experience and interest by all of the working parties."

Arleen was a participant of Paterson's first leadership lab held last May. She was a finalist in the Miss PSC contest and is a member of the Speaker's Bureau and the Student Education Association.

Ellen McCloy, a junior social science major, is one of the five candidates for the office of Vice-President. Ellen's past experience includes being president of Pioneer Hall in 1964 and currently president of Heritage Hall. Ellen has served as a member of the SGA social committee Kappa Delta Pi, and has recently been named to the Experiment in International Living. Through the Experiment, Ellen will tour France. She has been associated with the fencing team and the Leadership Laboratory in 1964.

If Ellen is elected as Vice-President, she will "work to help strengthen the SGA as a body." She realizes the importance of organization in the freshman class. Through a strong freshman body, she feels that she can build a strong student body.

Ellen McCloy

Rumting for SGA Corresponding Secretary is freshman Marge Cahill, a speech-correction major. During her few short months on campus Marge has been an active participant in many clubs and activities.

She is secretary of the Public Relations Committee, and has acted in a secretarial capacity on projects for the Executive Department of the SGA. Marge is also a member of the Evening Series Committee, and the fencing team. This May, Marge will have the opportunity to attend the Leadership Laboratory held at Sharpe's Reservation.

In addition to her other qualifications, this candidate has also had experience in both typing and dictation.

Freshman junior high major Alexs Lagowe is a candidate for the office of SGA corresponding secretary.

Alexis is an SGA representative and a member of the House Committee and Hospitality club. As secretary, Alexis hopes to help increase attendance at SGA meetings by more and better publicity. "There seems to be good attendance by the members of the other classes, but the freshmen don't come to the meetings. I don't know why it is the freshman class. The same few people are the ones who come all the time." She feels that in the position of corresponding secretary she would be able to help alleviate this problem.

John Villano

John Villano, a sophomore junior high major, is a candidate for the office of SGA President. John has been active at Paterson State as a member of the Freshman Initiation Committee and the SGA Social Committee. John feels that "as a member of the freshman initiation committee, I realize the importance of building school spirit in the incoming freshman class. During my term as a member of the SGA social committee, I have seen the college mixer program started. I would like to improve it and add to it."

As a PSC fencer, I understand the need for better equipment and an increase in student support of all teams. If elected, I would attempt to use the power of the SGA toward attaining these and any other reasonable goals suggested by the student body."

John Junieman

The office of Recording Secretary is being sought by Linda Hartwick. This freshman math major has had secretarial practice both in and out of school.

She has done various typing assignments for the Student year and can type and take stenography as well. During the summer time will be spent in using both these acquired skills. In addition, Linda is a member of the Math Club.

Ralph Rathyn, a candidate for SGA Vice-President, is a junior social science major.

Ralph has participated in many campus activities in his three years at Paterson. He helped with the 1963 Carnival; was a member of the J.V. basketball squad; and is chairman of the SGA publicity committee this year. Ralph is responsible for the first student directory due to be published in the fall of 1965.

If Ralph is elected he will "increase the number and quality of the Evening Series, increase the cultural and social functions at PSC, revive Carnival and reactivate the Men's Athletic Association."

Ralph Rathyn

"I see a need for more rapid orientation of incoming freshmen into the affairs of the SGA," is why John Junieman, junior biology major, is seeking the position of Vice-President of the SGA.

John is presently an SGA representative for the junior class. He has been named to the Who's Who Among Students in American Colleges and Universities; he sings with the A Capella Choir and is a member of Pioneer Players.

John feels that the "method in which representatives are chosen and the functions they perform are inadequate for an institution of this size." If elected John will try to rectify this situation.

Another freshman vying for the position of SGA Recording Secretary is Connie Nicholson, art major living in the dorm. She is a member of the Art Club and has participated in many of the dorm's functions.

These include art editor of the dorm newspaper and member of the Heritage Hall Historian Committee. In addition to these Connie will spend a weekend with the Leadership Laboratory in May.

If she is elected Connie hopes to reinstall the policy by which minutes of the meetings will be distributed to the students. Connie feels that if the students are better informed they will tend

(Continued On Page 4)

### Student Government Candidates

<b>President</b>	<b>Corresponding Secretary</b>
John Villano	Marge Cahill
Arleen Hamlett	Alexis Lagowe
<b>Vice President</b>	<b>Recording Secretary</b>
Bill Joosten	Linda Hartwick
Russ Nugent	Connie Nicholson
Ellen McCloy (petition)	<b>Treasurer</b>
Ralph Rathyn (petition)	Judith Boggio
John Junieman (petition)	Frank Barton

Russ Nugent

Bill Joosten, a member of the class of '68 and a candidate for the office of SGA Vice-President, is a math major and very active in sports. Bill has been elected to Who's Who Among Students in American Universities and Colleges in 1964. Vice-President of the Student Co-Operative Association of Paterson State College, Bill has taken part in many campus activities.

If elected, Bill plans "to break the barrier between student participation and on campus activities, such as: dances, athletic events and elections." He also hopes to "continue the good relations that have developed between the students and the administration since the crisis of last year."

Sophomore social science major, Frank Barton is a candidate for SGA treasurer. "Of all my experiences at State, the one I have found most valuable has been the chance of gaining insight and understanding of the financial problems encountered on a growing Paterson State College Campus."

As a member of the Finance Committee, I was able to experience the needs of students, first hand. If elected as treasurer for the next year, I will try, to the best of my ability, to keep the needs of all students in mind. For we students are the glory or decay of this college."

Frank attended Paterson's first Leadership Laboratory last May, and was a delegate to the Eastern States Conference last month.

Bill Joosten

Sophomore K.P. major Judy Boggio is also a candidate for the office of treasurer of the SGA. "If I am elected, I would be an asset to this college because I have been treasurer of my class for the past six years—from elementary school, through high school, and presently in my sophomore class. Since I am in this position, I have come to realize the problems that arise throughout the year. With all of my experience, I feel that I can cope with these problems successfully."

Judy is a member of the Student Education Association, and the Association of Childhood Education International. She attended this year's Eastern States Conference and will also participate in the Leadership Laboratory for 1965.

## Students To Meet PSC Foster Child

Paterson State's Foster Child Committee will have the opportunity to meet the college's foster child Rose Fragua in New York this summer.

Miss Fragua, an American Indian who is a high school junior in Albuquerque, New Mexico has been selected to be Albuquerque's representative at the National Y-Teen conference in Washington, D.C. in March. Miss Fragua was discussion leader for a human relations conference at her school. She maintains a B average, but constantly strives to improve her marks.

Gail Hannigan serves as chairman of an eight member Foster Child Committee of Paterson State College.

## Double Bill

(Continued From Page 1)

Green Pastures, and concert appearances at the International Music Festival, the Berlin Symphony and the New York Philharmonic.

The Natural History Club is sponsoring a Spring Steak Roast May 15 at 6 p.m. in the picnic grove (rain date: May 16). Everyone is welcome. Tickets will be \$2.00 per person. Prior to the steak roast there will be activities such as softball, archery, and badminton.

## PSC Picks Bowl Team

Paterson State College has chosen their three member team for the Fourth Annual Science Bowl to be held April 27, 1985, at 6:30 p.m. in the Little Theater on the P.S.C. campus.

The Science Bowl is sponsored each year by the New Jersey Science Teacher's Association. All six state colleges are invited to participate. Each school will have a team, to represent it, which will be asked questions in the fields of biology, earth science, chemistry, and physics.

This year P.S.C. will be represented by Ruth King who is a senior biology major, Vincent Frick, who is also a senior biology major, and Dolores Palkevich, a junior physical science major. Sonja Horoschak, a senior biology major, and Ronald Stephens, a junior physical science major, will act as alternates for the P.S.C. team. Dr. Donald Levine, assistant professor of the science department, will be the team's advisor.

Judges for the Science Bowl will be: biology, Dr. J. Rosengrin of Paterson State College and Mr. Ziccardi of Trenton State College; physics, Mr. Struzk of Newark State College and Dr. Charea of Jersey City State College; chemistry, Mr. Lurie of Jersey City State College and Mr. DeWolf of Trenton State College; and earth science, Mr. Meyerson of Newark State College and Dr. Kellond of Montclair State College.

The student body had been invited to attend the Science Bowl. Refreshments will be served after the proceeding.

Tickets for the double-bill spring program of The Bitter End Singers and William Warfield will be on sale in Hunziker Hall for those students attending Paterson State night school. Those students interested in buying tickets should go to the table in Hunziker Hall outside the music classrooms between 4:30 and 8:30 p.m.

## Choirs Perform At World's Fair

A Capella Choir and the Chansonettes have been invited to sing at the World's Fair on Friday, April 30, 1985, at 2:00 p.m. and 4:00 p.m.

The group has been invited to sing two performances of one hour each. They will perform in the Port of New York Authority Building at the World's Fair. A Capella is under the direction of Mrs. Elizabeth W. Stine, assistant professor of music, and the Chansonettes are under the direction of Dr. J. Clees McKray, chairman of the music department.

On Friday, April 23, 1985, the Yearbook Photographer will be on campus to photograph all those people who have missed their appointments. He will be here ONLY between 1:45 and 3:00 p.m. If students have not had their picture taken on that day, there is a possibility it will not be in the yearbook.

VICTORIOUS PSC FENCERS, back row, Carol Mitteldorf, Cindy Jones and Andrea Jakubewicz; front, undefeated individual champion Arleen Melnick, pause after winning the 37th Intercollegiate Women's Fencing Championship held in Rochester, New York.

## Women Fencers Cop Intercollegiate Title

(Reprinted from the Paterson News, April 12, 1985) Rochester, N.Y. Paterson State, which over the past few years seemingly has taken ownership of the event, walked off with the 37th Annual Intercollegiate Women's Fencing Association Championships, here Saturday afternoon. The Pioneers, going undefeated during the 11 team matches, picked up their seventh crown in the past eight years.

Arleen Melnick successfully defended the individual championship by winning all two-day marathons. Miss Melnick was touched only 26 times, which is an incredible performance.

Placing behind Paterson State in the team event, was New York University. The Violets went into the tourney as the seventh seed, but lost only to the Pioneers. Fairleigh Dickinson University of Teaneck, placed third with a 10-2 record. NYU's Carol Abby finished second in the individual competition. She posted a 46-1 mark, losing only to the champion, Miss Melnick. Last year, Miss Abby, only a sophomore, also placed second. Pat Ford, of Teaneck's FDU, placed third was a 43-4 mark.

Paterson State placed two more fencers in the top 10 of the individual standings. Cindy Jones with a 39-3 record finished fourth. She finished ahead of Montclair State's Carol Chesney who had an identical record, because of having fewer touches against her. Carol Mitteldorf of PSC finished eighth, with a 35-12 mark.

This season proved to be the Pioneers' most successful, being the first year the team went undefeated in 22 outings. The accomplishment brought Coach Raymond Miller a well-earned "Coach of the Year" status.

Second-seeded Rochester Institute of Technology, the host squad, finished fourth with an 8-3 slate. They were followed in turn by: Rutgers 7-4, Montclair State 6-5, Hunter 5-6, Jersey City State and Brooklyn 3-8, Elmira and Fairleigh Dickinson of Rutherford 2-9, and Cornell 0-11.

The Fourth Annual Varsity Sports Banquet will be held at Wayne Hall, on Monday, May 3, at 7 p.m. All members of Sports Squads are cordially invited. Students should indicate their acceptance on the listing in the Men's Staff Office at once.

## Tennis Club Instituted

Last week saw the first meeting of the Paterson State College Tennis Club with 40 persons in attendance. Those members present approved the constitution.

The purpose of the Tennis Club is to promote an interest in the sport of tennis by developing a well rounded team activity program for the student body, the administration, the faculty, the employees and alumni of the college. This program will include such activities as: a tennis instructional program, professional exhibition, a bus trip to an amateur tennis tournament, and a faculty tennis recreational program.

Any person connected with the college is welcome to become a member of this newly formed organization by contacting Dr. Pizvat in Wing 139.

## Connie Nicholson

(Continued From Page 3)

to be less apathetic in their support of college activities. Distribution would follow the abandoned policy of placing the minutes in the newspaper racks for the students' convenience.
