SGA Sponsors Second Leadership Workshop

In an effort to improve the quality of student leadership, the Student Government Association of Paterson State College has set up a second annual College Leadership Laboratory, to be held at Sharpe Reservation, Fishkill, New York on May 6-9. The conference is under the direction of Burt Brown and Dr. Ken Herrold of Columbia University and a staff of assistants.

The purpose of the conference is to develop understanding of the personal, social and organizational factors that

determine effective leadership and membership; to develop behavioral skills and sensitivity to cope with basic situations and problems in human relations; and to increase the knowledge and application of the social and behavioral science in tion.

The following is a list of those this year's workshop: Juniors: Marie Carida, Joyce Caywood, Peter Ganley, Richard Gillen, ra Olsen, Lanny Reinhardt, Jo Anne Roe, Molly Snyder, Ann Michael Broome,

JOHN VILLANO BILL JOOSTEN Villano, Joosten **Plan SGA Future**

The final results of the recent campus elections are now available. The new slate of officerrs for the Student Government Association for 1965-66 are: President, John Villano; Vice-President, Bill Joosten; Treasurer, Judy Boggio; Recording Secretary, Linda Hartwick; Corresponding Secretarry, Marge Cahill.

Sophomore junior high major from Fair Lawn, John Villano gave this comment to the BEACON: "I'd like to express a sincere thank you to all my supporters. From the tremendous amount of enthusi-

asm shown during the campaign, I know that I was correct in saying that the apathy on campus is greatly exaggerated. I only hope that this enthusiasm will carry through the entire year."

The new SGA Vice-President, Bill Joosten, is a junior math major from Haledon. His comment for the paper was: "To all my dear fellow students: Thanks to all of you who supported me in the SGA elections. I would sincerely like to extend my most hearty thanks to the girls in the dormitory who worked so hard to help me win the election.

As president Pro-Tem of the freshman class, I will try to instill the needed spirit (as I promised) to make our campus enthusiastic once more. I believe that if the incoming freshmen become spirited, in four years we will have a spirited student body."

More than 980 students voted in this year's election. The breakdown of the voting for each class is as follows: Seniors - 104; Juniors - 271; Sophomores-269; and Freshmen-285.

Tenor Performs **Prof's Song Cycle**

"Songs of the Night," a song cycle made up of the lyric poems of Dr. Richard Nickson, associate professor of English at the college, with music by Benjamin Lees was presented on Thursday, April 22 in Town Hall of New York City by tenor Byong Chun Kim. The last New York performance of this song cycle was given in Town Hall in 1962 by soprano Alpha Brawner.

Published by Boosey and Hawkes, "Songs of the Night" was written for a high dramatic soprano voice. Mr. Kim, however, was not the first tenor to present these songs in recital. elementary and early childhood The cycle has been performed ada as well as in Europe. Editorial

The results of the campus elections have finally been made known (see page 1). Each class is to be congratulated on the candidates they presented. Pre-election tension was high-no candidate sensing an easy victory-and those victorious and those defeated are to be congratulated also for creating spirit and enthusiasm by a hardworking determination to win.

Students were wearing saucer-shaped campaign buttons; banners adorned the snack bar; posters decorated the corridors and even the natural billboards of the campus grounds-what would an election be without all the "hoopla"?

But just when school spirit seemed at a high point, the comments of four teenagers visiting the campus recently shattered a beautiful illusion. "All these posters are kind of silly for college kids," they told us. "It's like what you would see in a grammar school or high school."

You might say, "But who are 13 year olds to judge?" and you may sound right. But a second look at some of the absurd slogans and ridiculous pictures point out that maybe 13 year olds ARE better judges than we.

Letter to The Editor

Contributions to this column are the opinions of the readers and, as such, are unsolicited. All letters are required to be of a standard that will reflect the best interests of the college. Anonymous letters will not be printed but names will be withheld on request. The Beacon reserves the right to edit all letters.

Dear Editor,

With our campus beginning to return to its normal state, I find it necessary to make several comments. The campus elections are finished—the winners have been congratulated, the losers consoled. Most of the students and staff at Paterson State College have shown approval for the spirit of the candidates. However, the candidates represent only a small minority of students; what about the others? Consider these facts:

1. The primary elections retion.

2. The elections committee, headed by John Arendas, set up rules which were strictly enforced, yet stimulated an un precedented spirit.

3. More than one-half of our college students supported and campaigned for one or more candidates.

4. For the first time there were more than enough volunteers for work at the polls. Even with a run-off required two days later, these students worked vigorously.

5. Over 900 Paterson State students exercised their right to vote; a higher percentage than in most general elections in our nearby cities.

6. There were more than 250 students who waited in the snackbar from 3 p.m. to almost 5 for the results. Their spirit never lagged.

7. When the results were finally announced, the familiar cries of "favoritism" were absent from the scene. Everyone acted as we expect our future teachers and leaders to act. The results were accepted without incidence.

With these seven statements taken into consideration, I ask, "Why do we write letters to the BEACON - criticising our students? Why do we cry about a lack of school spirit? When Paterson State College students are offered something they like, they back it!

When I announced my intentions of running for office, I was greeted with the usual promises of support. Not expecting an ounce of help from a PS student, you can imagine how surprised I was when I saw people carrying out their promises. Not only did these people help me during the campaign, but they waited with me until the results were announced. Many of these people were late for work that night, and they knew it; but to them, there was something more to wait for. The spirit reached a point where I felt I had to win for them. Well I

ceived the support of more stu- have successfully mixed tradidents than in any previous elec- tions dating back to the nineteenth century with the spirit that only a teenager could provide, and the results are fantastic. No-one can take this away from us. Don't let the campus return to normal.

To all these voted, either for or against me, I say, "Thank you - you have proven what I have believed all along."

Joe Dziezawiec

Class of '66 P.S. Lay off the letters criticising our school and students - this means everyone.

Dear Editor,

We, the contestants representing Paterson State in the Fourth Annual Science Bowl sponsored by the New Jersey Science Teachers Association Student Section, wish to express our sincere gratitude for the support given to us by the students and faculty of the college. The attendance for this year's competition was larger than for any of the previous contests. For this we say, "Thank you." Special credit should be given to Dr. Donald Levine, Mr. Nicholas D'Ambrosio, and Miss Madeline Vivona (department secretary) as well as to the other members of the PSC science department faculty who contributed to the efficient operation of the entire activity. The work done by Greg Rottengen, Vice-President of the PSC Natural History Club, Barbara Lukashefski and the other members of that club was also greatly appreciated.
