Editorial

That Paterson State Image

On Monday morning, the members of the Junior class will be entering public schools throughout New Jersey. They will be doing so in fulfillment of their Junior Practicum requirement. Although they will not be at State, they will still reflect Paterson State in everything they do.

First, to the cooperating teacher you will be an example of the type of person being trained by our state col-leges, particularly Paterson State. In this group you can also include the administration. To these people you must be a responsible young adult, who is willing to learn and give of himself. These are the people who may some-day be your employer. You might as well make a good impression right from the beginning!

To the student, you are a teacher, a college student, and a human being. I mentioned teacher first, because that is your most important role - one which you must never forget. Next, you are a representative of Paterson State. However you act, dress, or speak, will be considered the manner of PSC. If you go out and show pride in your school and in your future profession, the proper feeling will be transmitted. Finally, they do realize that you are human, so don't worry about amall things. It is the big overwhelming mistakes that matter.

Your fellow worrier J.K.G.

GOOD LUCK JUNIORS!

Vienna Choir Boys **Boast Historic Past**

Direct from the Austrian capital, the world - famous Vienna Choir Boys will be heard in concert here at Paterson State on March 14. The Choir, made up of 22 boys between the ages of eight and fourteen, has won fame around the world. S. Hurok, the noted Impresario, has brought them to North America on twenty - one tours previous to the forthcoming one.

One of the outstanding musical attractions of one of the world's most musical cities, the boys of the historic Seminary boys of the historic seminary School have been a prominent feature in Vienna since 1498, when the Hapsburg Emperor Maximilian established the group for the Austrian Court's private religious services. Each year fewer than 109 boys, only ten percent of the number of ap plicants, is admitted to the institution. Before admission to one of the choirs, students receive two years of training. Each boy is given an academic education in addition to his musical one, and, when his voice changes, is aided by the institu-tion in furthering his education for the career of his choice.

Visitors to Vienna can hear the Choir in its own city not on in the baroque Hofmusikkapelle and in St. Stephen's Cathedral but often, in performances requiring children, at the Vienna State Opera. A recent Walt Dis-ney hit movie "Almost Angels" dealt with a typical member of the Choir, and the boys have appeared often on major televi-sion programs and even in a gala New Years Eve production of "Die Fledermaus" at the Metropolitan Opera.

Jersey City won 67-66, Hunter 65-61, and Nyack 76-64. Against Queens tomorrow the rejuvenated Pioneers will be looking to gain that frustrating third win, and the way Paterson has been playing as of late, victory seems almost inevitable.

The basketball game tomorrow night will be highlight ed by Steve Clancy Night with an expected full capa-city crowd. The **Big Number 53**, who has been Paterson's most outstanding player of the past four years, will be playing the final game of his career. This year Clancy is once again leading the Pioneers scoring with 482 points, 45 percent, and a 22 point per game average. Against Queens Steve will be looking to increase the schools all time scoring record, which he surpassed three weeks. Steve has been playing some of the best basketball of this season, scoring at a 30 pt. per game clip. For the dedication and ability that Steve has displayed in basket-ball at Paterson State, he a most deserving player to have a night set aside honoring him for a job well done. *****

a national championship as students from all over the nation simultaneously gathered at 15 International Houses of Pan-cakes, There were prizes for local and regional winners and the plum of all, a 10 day trp to the South Seas for the national champions.

There were many methods of strategy. Some students pre-ferred using butter and syrup, others a glass of water or coke to keep them going. But the girls devised the most ingenious method, accompanying menu with pickles. the

Some of the saters voiced var-ious and sundrie remarks, "Til take a scotch and water" and "Till eat a platter for every Corvette that goes by," the con-texturit testants, remembering the 4 hours previous to the contest when most limited their diet to stretch stomachs, concentrated on eating pancakes. having a free meal and a lot of fun, but there was parental apnun, but there was parental ap-proval, ico. According to on e young man most parents believ-ed the contest was "creative", by his definition, "a healthy ac-tivity as contrasted with student demonstrations."

Besides the rooters, others on campus also helped to promote interest in the contest. John Juneiman and his committee came up with what seems to have been the most practical ideas, a collection which raised \$6.37 for Alka Seltzer. (Many of todays readers were contribut-ers to this fund and the contestants were grateful for the supply of Alka Seltzer.) Though the contestants may

have set a record for their school by having no one drop out, one male competitor, who understandably preferred to re-main anenymous, did make a hasty exit, but he was back at the table for the final whistle,

Women Fencers Are Undefeated

Once again the women's fencing team of Paterson State has proven their superior ability by

smashing both Jersey City State College and Montclair State College. The competition took place on Thursday, Feb. 17, at FSC.

Jersey City didn't stand a chance and succumbed to Pat-erson's slashing skill. PSC's girl dropped only three bouts achieving a score of 13-3. Mont-clair fared little better as Paterson easily overran them with expert maneuvers and cutting defenses. The final score was 11-5.
