PATERSON STATE COLLEGE

March 4, 1966

Choir Boys Present Traditional Songs

On tour for their twenty-first time in the United States and North America, the famed Vienna Choir Boys will appear in Concert here at Paterson State on Monday, March 14. The twenty-two boys, who range in age from eight to fourteen, represent over four centuries of a musical tradition which has been enjoyed by people all over the world. Although a precise program for the Concert has not been issued it has been said that the program presented will be the traditional form which the seminary usually presents for its appearances outside of the Austrian capital.

The unique presentation will be divided into three parts each of which represents a different phase of classical music. The first portion of the concert will be devoted to religious selections including sacred songs in Latin, some of which were written in the sixteenth and seventeenth centuries and include the stem from the Choir's original function as singers in the Hapsburg Court Chapel for religious occasions. These works will be followed by a complete change in mood as these versatile entertainers change from their traditional sailor suits into high-

heeled shoes, dresses and wigs to perform in a rollicking operetta which never fails to delight their audience. The finale of the concert offers a selection of some of the most famous Viennese waltzes and Austrian folk songs which have been entertaining people for centuries with their natural beauty and classic simplicity. Many of the tunes the choir will sing are by composers who were affiliated with the choir during the early years of its growth.

The fame which precedes every performance that the Choir gives reflects the sincerity of the members of the seminary, the hard work which has made them one of the world's greatest musical groups and the good will generated with each tour they complete.

Vienna Choir Boys act as good will ambassadors from Austria as they perform in Concert for Paterson State students.

**ATTENTION
SOPHOMORE BOYS**
Sophomore boys interested in obtaining information about the new Army National Guard Officer Candidate Program should see Mr. John Huber, College Center. Deadline for applications is March 31, 1966.

Population Growth To Be Discussed

On Tuesday, March 8, the Department of Social Sciences here at Paterson State, will sponsor the Eighth Annual Social Studies Institute. The topic discussed at this Year's Institute will be "Population Explosion — Myth or Reality". This year's guest speaker will be Dr. Robert C. Cook who is the Director of the Population Reference Bureau Inc. in Washington, D. C. Dr. Cook, who will speak on "Population Crisis — Truth and Consequences", has lectured on Population and genetics at many medical schools and in 1956, he was awarded the Albert and Mary Lasker Foundation award in Planned Parenthood.

The afternoon program will include a panel of Paterson State Faculty from the Social Studies department who will present papers on the impact of the explosion on developing countries. The panel will include Dr. Willis, Dr. Stecchini, Dr. Vouras and Dr. Weil. The After-dinner program will consist of the address by Dr. Cook followed by a question and answer period.

The institute is designed for high school teachers of history and social studies and each year deals with a different topic. High school teachers from the northern New Jersey areas, as well as our own student teachers and Social Studies Majors, are invited. The program begins at 3:00 p.m. with registration in the Wayne Hall Faculty dining room and extends through dinner until 9:00 p.m.

For information contact Mrs. Vogel in the Social Studies department here at the College.

Speakers Discuss Viet Nam Policies

On February 26, 1966, the International Relations Club of Paterson State College presented its first all day conference entitled "Viet Nam in Perspective". The program presented, consisted in a discussion of the Viet-Nam crisis from various aspects.

Guest speakers at the conference were Miss Monika Flidr, a refugee from communism who spoke to the audience about the conditions she experienced, while living under communism. Mr. Crawford, professor at New York University, presented his views on Viet-Nam policy as opposed to that employed by the United States. The basis for his argument was that he felt it was morally unjust and politically disastrous. A third speaker from the State Department was unable to attend the conference as scheduled and was replaced by Dr. Alliston, who presented an excellent look at the Viet - Nam problem as he saw it. The speaker from the State Department is expected to address the student body at some time in the future.

The speakers initiated some serious thinking on the part of Paterson State students as well as the visitors who were present in the audience. The program, which was originally scheduled from 3:00 p.m. until 8:00 p.m., was extended by the students themselves, in reply to the question and answer session following the address by Mr. Crawford.

The International Relations Club hopes to present another conference next year on a problem which is of vital interest concerning our foreign policy. The club was very pleased to see the great number of students present at our first conference and hopes this enthusiasm will be generated to later meetings and conferences.

Students To Hear Town Councilman

On February 24, 1966, Attorney Walter Hoffman, Councilman of Wayne, discussed before the regular meeting of the Conservation Club the problems facing the community in light of the population increase from 10,000 to 43,000 and how these problems might be met in the further projection of the population in the next ten years. All facets of Conservation were analyzed: water, soil, pollution, agriculture, and recreation. A charter has been granted to the Club making it an affiliate with the University of Pennsylvania, University of Delaware, Glassboro State University, and Rutgers - the State University in a regional group designed to study the problems of Conservation in the Eastern part of the United States.

The Club also discussed the current legislation relating to pollution, national parks, the recreation, and assigned committees to analyze all facets of the legislation.

PSC To Participate In Speech Festival

Dr. James McCarthy of the Paterson State Speech Department has announced that eight students have been chosen to represent the PSC Speech Department in the Second Annual Pace College Metropolitan Public Speaking Festival, scheduled for April 2.

This is the first year that PSC has participated in such a contest. Dr. McCarthy feels that our students are now ready for such competition. He feels that we have a strong chance of winning in some areas. However, he stated that more than winning the contest, the importance of this competition would be to familiarize our college with such activities. Also, it is hoped that our contestants will return from the Festival with inspiration to strengthen the speech atmosphere here at PSC.

Richard Chahora and Lois Capuzzi are entered in the Original Oratory division. Their presentations will be 6-8 minutes each and will deal with one of five serious topics.

Paterson will be represented in the Public Address Reading by Carole Luiken and Thomas Dowd. Two to three minutes will be spent in introduction to a 4 or 5 minute reading of a well-known speech made by a United States speaker.

The Extemporaneous Speaking division will hear from Sue Johnson and Joetta Beebe. Twenty minutes will be allowed to prepare a 6-8 to minute talk on one of three topics.

There will be no note cards allowed during the After Dinner Speaking (Humorous) competition. Theresa Faber and Ginger Lannon will be responsible for a 6-8 minute speech for this phase.

Mr. R. Sand Speaks On Newspaper Use

Kappa Delta Pi, the Social Science Society, and the International Relations Club will present Mr. R. Sand from the Speakers' Bureau, New York Times on Thursday, March 10 at 8:00 p.m.

The program, which will take place in the Faculty Dining Room in Wayne Hall, will include a demonstration and lecture on use of the New York Times and related materials in the classroom in Wayne Hall, will include formation for all grade levels; teaching materials will be displayed and distributed. Mr. Sand's demonstration should prove both interesting and useful to all future teachers.

Editorial

Evidences of academic growth are present everywhere on Campus. Cars shuffle to make room for new library facilities, pump houses abdicate to needed classrooms and the interests of perspective students in professional careers other than teacher training, are now being satisfied.

The Administration has recognized the need for expansion and has met this need for establishing a nursing program and a liberal arts curriculum. Incoming freshmen interested in a nursing career can now apply for a four year program in nursing which would afford them with both a degree as a Registered Nurse and a Bachelor of Science degree. The program is designed so that the nursing students will complete two years in a general college curriculum and the remaining two years in specialized work as well as hospital observation which will be completed at Barnert Hospital in Paterson.

Students wishing to apply for a liberal arts program will now be accepted here at the College. The program is expected to allow students to take courses in the arts and sciences and later to specialize or major in a particular field of study. Students in this curriculum will graduate with a Bachelor of Arts degree.

Paterson State has been a college for the training of teachers but the idea of initiating new curriculums began when the words "teacher's college" were dropped from the name of the College on July 1, 1958.

The growth is expected to be a slow process and it is for this reason why only a small number of the incoming freshmen will be admitted into the new curriculums. As facilities are extended and the number of applications requesting admission increases, the proportion of students studying in the three areas will balance out, leaving Paterson State with the title of Liberal Arts College.

FOR CAMPERS ONLY

No. 401

Solve the puzzle by filling in the clues, 1-16 down. Numbers after each clue indicate the letters per word. Skip a space between words. Letters spotted throughout the puzzle are there to help you determine where to position your answer. The puzzle answers will appear in the bordered horizontal lines.

The Puzzle

Today you're looking for the name of a popular radio show plus the name of the actor who starred and the name of one of the principal characters.

The Clues

1. Joan Leslie as an All-American Girl (4)
2. Father Wore Spats (3, 6)
3. Epithet from a Mummy (5)
4. Howard Keel Biblical Role (3, 9)
5. Where Bogie would sit on Judgment Day (3, 4, 4)
6. Donald's darling (5, 4)

7. If the King of England played Carbine Williams (5, 6)
8. What Tom Mix does in the last reel (5, 3)
9. Clark Gable in the middle of Lilli and Carroll (3, 3, 3, 2)
10. Describing that diner on the corner (3, 6, 5)
11. Judy (5)
12. She played Miss Subways (4, 5)
13. Dope peddler in Man With the Golden Arm (6)
14. Oscar winner, winner, winner (7)
15. He played pitcher Paul Dean (6)
16. He played pitcher Grover Cleveland Alexander (6)

Answers Pg. 4

ATTENTION

AUCTION LOVERS

Wednesday, March 23, 1966, the SGA will sponsor an all-day auction. The proceeds of this activity will be earmarked for the Student Union Building of the College Development Fund. This is an event which was quite popular a few years ago and something which promises to be interesting again.

We would like anyone who has anything of value at home to bring it in. Any item that can be carried in and out will be accepted. The collection will be in the Octagon Room beginning Monday, Feb. 28, 1966.

Let's make this day an all out success. We will have faculty as well as student auctioneers. Some seniors will actually auction themselves off for the Senior Prom.

ACE and SEA Hold Music-PE Workshop

On February 10, 1966, the A.C.E. and the S.E.A. held a music and physical education workshop which was conducted by Miss Yvonne Jane, a music helping - teacher from Bergen County and Mr. Sal Albatino, State Consultant on Physical Education. All who attended felt that it was very successful. While Miss Jane supplied the rhythmic background of piano music, Mr. Albatino introduced the class to a myriad amount of ideas in physical education in the elementary school in a group participation setting.

Besides having an enjoyable time doing these activities, much was learned by those in attendance who felt that these new ideas would help them in their forty hours, Junior Practicum, and Senior Teaching.

DEAN'S LIST ANNOUNCED

Dean Kenneth B. White, dean of Paterson State College, has announced those students who have made Dean's List for the fall semester of 1965. Forty-six freshmen, fifty - seven sophomores, seventy - six juniors and one hundred fifty - six seniors were named. This is a total of 335 out of a student body of over 2400. The honor rating goes to those students achieving a B (3.0) or above average, with no grade below B.

DID YOU KNOW

The first issue of the Beacon was published on November 2, 1936. Its founder and first editor - in - chief was Dr. James Houston, then a student. Our illustrious chairman of the Education Department was elected to the office of the Student Government Association Presidency in 1939.

The official Paterson State Seal was designed by Harold Mandeville of the Class of 1940. It was first displayed by the Beacon in 1939.

That the Beacon exchanges newspapers with colleges all over the United States? They are available in the office for reading.

Letters To The Editor

Contributions to this column are the opinions of the readers and not of the college. All letters are required to be of a standard that will reflect the best interests of the college. Anonymous letters will not be printed but names will be withheld on request. The Beacon reserves the right to edit all letters.

Dear Sir:

One day in the early 1940's just prior to the United States entry into World War II, I had the great pleasure and thrill of my young life to meet my boy-hood idol, the late and great Lou Gehrig the "Iron Man of the N.Y. Yankees," and equally great man, the late Grantland Rice dean of American Sports writers. This is a thrill I cherished and many times think back to that day and remember how proud I was and told everyone of my experience.

Many years later a friend gave me a book, "The Tumult that same Grantland Rice. Known as a fine writer he also had mastered the art of poetry and the poem he wrote upon which I have based my philosophy of life was on the jacket as well as being used in astory.

He writes and I am quoting a part of that poem, "when the great Scorer comes to mark against your name, It is not whether you won or lost, but how you played the game."

Well last June as many of you know I left Paterson State College to accept a teaching and coaching position at Queens College in Flushing, New York. I left with many fine memories and tributes from the students, faculty, newspapers, etc. I felt the standing tribute given me at the Sports banquet and the senior faculty dinner could never be topped again in my life. Well, I was wrong. Last Saturday Queens College traveled to Paterson State to play a ball game. This was a new experience for me, using the visiting team locker room, sitting on the visiting team bench, etc. . .

Meeting old friends and renewing friendships was wonderful, but the climax of the night came when coach Myer substituted for Steve Clancy with only seconds remaining in the game, and Steve walked directly to me and extended his hand in a warm friendly handshake. After the game, I congratulated the P.S.C. team and Steve asked me if I was proud of him tonight. I answered "yes" I was and the next thing I said brought to mind that old poem because this could have been written for Steve Clancy, the man of Paterson State College. He said "Coach, I wanted you to be proud of me tonight, everything I did out there and every point I scored was for you." I swallowed hard, thanked him sincerely and said to myself, P.S.C. is losing a man through graduation, and I only hope and pray that those who know Steve, the Administration, and Faculty, students, etc., will be as proud of him as I am, his former coach but always a friend.

Sincerely yours,

Kenneth J. Wolf

Assistant Professor of Health and Physical Education

Queens College, Flushing, N.Y.

Dear Editor:

We of Paterson State should be quite proud of the recently elected Campus Queen Miss Diane Lourake. We can be sure that she will do her absolute best to represent our college to the fullest.

The purpose of this letter, however, is not to praise Diane Lourake's many abilities and a fine character, but to bring to the attention of this campus the lack of respect given the Campus Queen, specifically by this newspaper. When the queen was elected, great publicity was given urging students to vote. The election results were announced. Only a tiny picture, not even one taken at the Coronation Ball, was printed in the Beacon, the newspaper of Paterson State for the Paterson State campus.

A week ago, to be specific, on Tuesday evening, February 2, the two dormitories Heritage Hall and Pioneer Hall (which contrary to some belief actually do house residents on this campus) combined efforts to produce a gala affair to honor the Campus Queen. No publicity coverage was given this affair even though the Beacon was notified. For those of you readers who are unaware of the festivities which took place that evening, allow me to inform you. The cafeteria was regally decorated by Mr. Murphy, Mr. Rice, and their staff. A buffet dinner was provided. Selected guests were invited including Diane's parents and brothers who cancelled all other engagements to participate in the surprise dinner. In all honesty, the affair went beautifully. The queen was presented with a dozen red roses from the Pioneer Hall and a gold charm from Heritage Hall, which incidentally sponsored Diane in the original contest. A white orchid was also given to the Queen's mother.

The students of the two dormitories are to be commended for this grand affair which brought a little attention to the fact that PSC has a lovely campus queen. The girl elected should not be forgotten in three weeks time following her election. The title of Miss PSC should not be shoved into a corner and anything that the bearer of that title does to be considered old news.

It is this writer's belief that the Beacon failed to cover one of the most heart warming and certainly unique affairs that has happened on this campus. Let us hope that in the future the Beacon will extend its campus coverage to include many more of the activities of this college.

Sincerely,
Judith Amati
President
Heritage Hall

Editor's Note: In answer to your criticism of the Beacon for showing lack of respect for the Campus Queen, I would first of all like to mention that the picture shown was the only one available to the paper. This is (Continued on page 3)

Mr. Edwards Sets
New Clinic Hours

Mr. Don Edwards of the English department has announced the schedule for the free grammar clinic to begin on Tuesday, March 1.

Clinic time will be devoted to improving the learner's skills in sentence structure, usage, grammar, punctuation, spelling, and the like. There are no outside assignments but students are urged to review on their own. For students who are required to attend, two tests will be given. The weight of these tests will be determined by individual teachers.

Evening students or persons on the college staff are also welcome to attend at no additional cost.

Students may come to one or all of the following sessions as the same lesson will be repeated for the entire week.

Tuesday, 12:30, Campus School - C2

Wednesday, 11:30, H 110

Thursday, 10:30, Wing 16

Thursday, 1:30, H 208

If a student finds he has classes during these scheduled hours, he should see Mr. Edwards in Hunziker 203 to make suitable arrangements.

Kappa To Seek
New Members

Zeta Alpha Chapter of Kappa Delta Pi is currently inviting sophomores, juniors, and seniors who meet the minimum grade point average requirement for eligibility to submit evidence in support of their applications for membership in this national honor society in education.

In addition to scholarship, the constitution of the national organization requires that candidates must "exhibit worthy educational ideas, express the intention to continue in the field of education, manifest desirable personal qualities, and give evidence of leadership attributes."

The minimum grade point averages are as follows:

For seniors: 3.00
For juniors: 3.25
For sophomores: 3.40

Any student who believes that he is academically eligible in accordance with the standards given, who has not received an invitation from Zeta Alpha Chapter, is urgently requested to notify Dr. Herbert Lee Ellis, Counselor of the Chapter, on or before Wednesday, March 9, 1966.

Do you have an open period during the day?
You will find it convenient to visit
The "TRIPLE A" BARBER SHOP

On The Go

Chinese dining can be an inexpensive treat when you eat at the Wha Kee on 16 Doyer Street on 16 Doyer Street in China Town. Here you can eat fabulous food at reasonable prices. This writer suggests ordering a large bowl of vegetable soup. This dish contains a large variety of Chinese vegetables and generous portions of meat. For less than two dollars it can easily nourish two. If you choose other dishes be sure not to over order as the servings are over generous. Here's another tip, too. On entering the restaurant which by the way is not elegant, go to the back room rather than staying in the front. That's where all the Chinese go.

After dinner you might walk around China Town and visit the many shops. One of the most fascinating is not a novelty shop, but rather a Chinese grocery where Chinese vegetables and specially prepared meats are sold. You might also want to sample some pastry at the local Chinese bakery, but don't be surprised if some of it looks and tastes like it came from the shop near your home. The Chinese community likes American food. Lastly, try solving one of the Chinese puzzles. They cost \$1.50, but will give you and your date hours of fun.

Students To Elect
PSC "Ugly Man"

On March 24, 25, 26 and 29, the Citizenship Club will sponsor the Ugly Man Contest, the complement of the Campus Queen competition.

The contest is open to male undergraduates willing to aid the club in raising money for a charitable organization.

On those 4 days, students will vote in the Snack Bar for their favorite candidate at 5 cents per vote with the number of votes limited only by the students financial situation.

Interested men are asked to submit their name, year, major, list of school activities, and a copy of their schedule. Entries should be placed in the manila envelope on the bulletin board in the Snack Bar lobby, labeled "Ugly Man Contest." Entries must be submitted by March 14th.

JUNIORS

Bids for the Junior Prom may be obtained from Dr. Annaccone, Math Office, Room 24, Science Wing.

ColorGuard

Tryouts

Tuesday, March 8

4:30 in the Gym

The Chilean visitors in the first row from left to right are Jaime Muchnik, Maria Bravo, Carmen Maria Montes, Martin Israel, and the leader for the group Jaime Undurraga. In the second row seated from left to right are Braulio Gonzales, Flor Maria Matamala, Carmen Maria Montes, Sergio Mery and Maureen Goth.

Lounge Exhibits
Museum Prints

An exhibition of seventy one prints from the Brooklyn Museum's Fourteenth National Print and Drawing Show, is being given in the Wing Lounge of Paterson State College between February 27 and March 20.

Mrs. Una E. Johnson, Curator of Prints and Drawings at the Museum, has selected this collection. The exhibit includes works by unknown as well as celebrated artists in the art field. The selections presented to the student body came from all parts of the United States.

The traveling exhibit includes the purchase prize awards by Robert Broner, Judith Hahn, Boris Margo and numerous other artists. They are a presentation of the variety of media that artists are using today and are representative of the print work being done all over the United States.

Mrs. Johnson states in the text panel which accompanies the exhibition, that these prints "demonstrate the continuing vitality and exuberance of the print in twentieth-century art."

Speaker Questions
Quality of Speakers

by Cynthia Rutkowski

On Friday and Saturday, February 25 and 26, a Student New Jersey All-College Conference was held at Trenton State College. The theme of the Conference was "Today's Professional Imperatives: Teachers Rights and Responsibilities." The principal speakers at the conference included Dr. Frederick L. Hipp, Executive Secretary of the N.J.

E.A.; and Mrs. Elizabeth McGonigle N.J.E.A. President. Other speakers included Dr. Alfred H. Skogsgberg, Chairman, N.J.E.A. Teacher Education and Professional Standards Committee; and Richard L. Morgan associate legal counsel, N.E.A. National Commission on Professional Rights and Responsibilities.

Dr. Skogsgberg made some very interesting and thoughtful remarks about the teaching "profession." He was especially concerned about the quality of teachers which, he said, must be improved. He further commented that we must weed out the incompetent; one way being to provide a second screening during the second or third year in college. Too many standard licenses are being given out too frequently. He suggested that the following be required or used so that our profession can advance another step forward:

1. Committal life - time teaching
 2. Continuous self - study after degree
 3. Know how in organizing team teaching
 4. Ethical and professional relations with colleagues and laity.
 5. No reliance on Dept. of Labor to argue for teaching rights.
- It was stated that our profession must become professional.
- Miss Ruth Noden, President of the Student Education Association and Miss C. Rutkowski, Historian, attended the conference.

Letters to the Editor

(Continued from page 2)

because of the small size of the working Beacon staff. We have only one photographer who had made previous plans that could not be changed. Secondly is your criticism concerning lack of publicity of a "gala affair" for the queen. The Beacon was notified but again due to the size of the staff it is required that we receive requests for coverage of coming events at least two weeks in advance not the day before.

The Beacon is ready, willing, but not always able to meet all the needs of the college. Anyone interested is now, as always, welcome to come to our office and contribute any skill in journalism which he may have or, if inexperienced, we will gladly teach a new member to handle the job he would like.

Pioneer Cagers Upset Queens College, 85-76

by Al Paganelli

Paterson State paced by Queens College 85-76 as big Steve Clancy netted 37 points in his last basketball game for the Big Orange. Clancy was not alone in his heroics and was aided by John Richardson and Jim Burke, both of whom helped sustain a late Pioneer comeback to clinch State's third triumph in the last twenty-two games.

The Knights and Pioneers battled evenly throughout the first half with Queens leading by a single point (35-34) at the buzzer.

Things looked dark for PSC when the visitors outscored the Pioneers 12-2 to open the second half and take a 47-36 lead. Tom DeStefano, ace Pioneer ball handler, fouled out at 13:18 and Richardson then proceeded to draw his fourth personal.

Jim Burke entered the game and hit on a 15 foot jump-shot and suddenly the PSC juggernaut began to move. Richardson, 12 for 14 on the night, began to pour in 20 foot jumpers with amazing accuracy. Queens could not stop the combined scoring thrust of Burke, Richardson, and Clancy who was hitting on a variety of layups, rebound shots, and short jumpers. Following a fantastic scoring binge on which Hank Saxon, Stan Yarosz, and Tony Ranu piled up numerous assists with excellent passes, PSC began to turn the game into a rout and the buzzer mercifully ended the contest with our boys on top of a well-earned victory.

Steve left the game at 1:52 of the second half to a standing ovation from the capacity crowd with 37 points and 10 rebounds. He ended the season with a total of 538 points, increasing his own school scoring record to 1,822. What a way to go!

Fencers Uphold Unbeaten Record

by Bob Moore

If the Three Musketeers, Douglas Fairbanks, The Count of Monte Cristo and Zorro himself were alive today, they would have a tough time duplicating the feats of the PSC swordsmen. The Fabulous Fencers ran their undefeated streak to 13 as they clobbered the teams of St. Peter's and Cooper Union by tremendous margins. In the meeting with St. Peter's, the sabre team (who else?) taught a few lessons in swordplay as Captain Lon Lawson, John Cilio, Tim Szabo, Norman Tracy, Steve Wansky, and Stan Kerber compiled a 6-3 record. The foil team was really feeling its Cheerios as Chef Pilgrim, Jim Lawther, and Jack Zellner won all nine of their foil bouts. The epee team also went off on a wild tangent as Scott Dyller, Ed Harrison, Tom Di Cerbo and Bob Moore bested seven out of nine of their opponents. The Pioneers took the measure of St. Peter's first ten fencers as they ran up a healthy lead. At the end of the contest, Paterson had defeated their adversaries by a score of 22-5.

WRA Tops Two More

The Women's Varsity Basketball team of the WRA defeated Rider College and Caldwell College for Women by scores of 31-28 and 40-34 respectively to bring their record to 5-0.

The game with Rider was the closest of all the games to date. The PSC girls broke to an early 2-0 lead, but Rider's skill stuck with our girls throughout the game. With less than two minutes left in the game, the score was tied 28-28. Carol Alm then put in her last two of 12 points and Alice Burricelli added a foul shot to clinch the lead.

The Caldwell College team and the Paterson girls were equally matched. Paterson took the lead at 6-0, but after the first quarter the score was tied at 11-11. In the second quarter, the Rider girls put on a drive which put the WRA down by 8 points, but at the half, they had brought the score to within one point 21-20. An early spree in the 3rd quarter put the Paterson team ahead to stay there for the remainder of the game. With the score tied at 32-32 in the 4th quarter, Paterson scored 8 points to Caldwell's 2 to ice the victory. Caldwell gave our girls some trying moments, but nevertheless, we came out on top with the help of some excellent cheers from our varsity cheering squad. PSC plays Montclair away on Thursday March 3. Check the news next week for results.

The PCS Cheerleaders will defend their title on March 12 at Newark State College in the Metropolitan Intercollegiate Cheerleading Competition.

ALL CONFERENCE 1964-65

A Tribute to "Mr. Basketball" As He Ends A Brilliant Record Breaking Cage Career

The illustrious basketball career of Steve Clancy was concluded at the PSC camp last Saturday evening when the Pioneers tangled with Queens College. A capacity crowd honored him at that game, proclaimed by the college as "Steve Clancy Night." As if would have it, Ken Wolf, the former cage mentor at Paterson, and now assistant coach at Queens was on hand to see one of his inner ball players don the colors of the Orange in the Black for the last time. Steve felt that the victory over Queens was the biggest of his basketball career at the hilltop campus. He passed the school's all-time scoring record by hitting the 1,822 point mark in his varsity career.

Steve is the son of Mr. and Mrs. William Clancy, of Bloomfield. He is majoring in the junior high school curriculum of teaching education and following graduation this June he plans to teach in the Parsippany School system. Steve also contemplates the possibility of playing professional baseball and in the future he would like to coach high school athletics.

At Bloomfield High in 1961-62, the 6'4" 230 lb. redhead began playing varsity basketball, and was given "honorable mention" on the All-Exsex Basketball Team in his junior and senior years, while compiling a total of 650 career points. Steve also excelled in other sports and won eight varsity letters in four years. Besides basketball, he played football and baseball, and was named to the All-Exsex and All-State baseball teams.

In his freshman year at Paterson State, Steve made his basketball ability known by collecting 19 points a game, and shooting over 50 percent. As a

newcomer he was immediately named to the New Jersey College Conference second all-star team. In his sophomore year, he increased his scoring average to 21 points per game, while being named to the All Conference first team.

Records began to fall in Steve's junior year, and in the season against Glassboro State he became the sixth basketball player in Paterson State's history to score over 1,000 points. Coach Wolf presented him with the game ball, and the Glassboro fans followed with a standing ovation. At the end of the N.J.S.C.C. season in 1965 it was announced that Steve had topped Pete Capitano's conference record of 273 points in one season while maintaining a 27.3 scoring average to set another league mark. Overall for the year the redhead accumulated 509 points, tallying 25.4 per game, and raising his career totals to 1,283. Culmination a fantastic season, he was then named to the All Conference first team for the second straight year, and the N.J. College Division all-star team for the first time.

At the beginning of the 1965-66 basketball season, Steve was

elected captain by his teammates. Although he was aware of it, the big number was now nearing the school's time scoring record of 1,100 points set in 1958-59. Midway through the season at Montclair State, Steve became the highest scorer in the history of Paterson State, and once again led another game ball to a mounting collection. Against Queens last week he scored individual scoring high of 37 points in an exciting victory. Steve has also scored 31 against Jersey City, 32 against Montclair State, with 31 against Hunter and Nyack colleges. With 22 games accounted for this season, he has been scoring over 24 points per game with a field goal percentage of 45 per cent. During the year, far, he has corralled 538 points, augmenting his career total to a fabulous 1,822. In the last weeks he has been displaying his finest basketball talents, the season, scoring over 30 game. From the penalty line Steve converts about 70 per cent of all of his free throws. He also one of the Pioneers top bounders, grabbing about 10 rebounds a game.
