PATERSON STATE COLLEGE

May 13, 1968

Beacon Announces New Editor And Board Of Control

In accordance with the BEACON constitution, the Board of Control has recently elected Ronald Hoffman to serve as the Editor-in-Chief for the 1968-69 school year. Ron has spent the last two years as Sports Editor with the BEACON.

Mr. Hoffman a sophomore junior high major, from Livingston, commented, "I feel that the paper has been improving and with the help of Joann Greco, this year's editor, and a strong nucleus of experienced staff members, we hope to continue the improvement. We will try to foster better communications between the student body and the Administration, the faculty, and S. G. A., something that was lacking this past year.

We can only accomplish this with the help of Paterson State students. If anyone is interested in any area of journalism, we have a place for you.

"Next year should prove to be one of State's best. We, as well as the S. G. A. and class officers can only do so much. The rest is up to you."

Returning next year as News Editor will be Angela Scalzitti, recently elected recording secretary for the New Jersey Intercollegiate Press Association. Joyce Koplin, sophomore speech arts major, will also return as Feature Editor. A new addition to next year's editors will be Bob Moore, who has served one year as Assistant Sports Editor. Bob will take over as Sports Editor. Others rounding out the staff will be: Business Manager — Helaine Springer, Staff Cartoonist — Karol Benson, and Chief Photographer — Gwen Parker, past editor Joann Greco, will be returning as advisory editor.

An open invitation is extended to any student interested in working on his school paper, to come to the Beacon office, Student Center, Room 207, to inquire about the work available for those wishing to volunteer their services.

Ron Hoffman

VISTA to Outline Volunteer Work

Paterson State students will have an opportunity May 19 and 20 to volunteer for service on Indian reservations, among migrant farmworkers, in urban slums, and in rural pockets of poverty ranging from Appalachian hollows to Alaskan villages.

Representatives from Volunteers In Service To America (VISTA) will be in Wayne Hall Lounge to outline the program and its role in the war on poverty. Leading the contingent will be Mr. Sheldon Butts. Mr. Butts graduated from East Stroudsburg State College in Pennsylvania where he majored in education. Prior to joining VISTA, Mr. Butts was a Peace Corps Volunteer in Liberia working on adult literacy, teaching and counseling.

VISTA Volunteers serve for one year, receiving living expenses and medical care. In addition to an allowance for food, housing, travel, and clothing, they receive \$600 at the end of their service. Mr. Butts reports that over 2,100 VISTA Volunteers are currently in training or on assignment to poverty areas throughout the United States. About 75 percent of them are between the ages of 18 and 24.

"Students now serving as Volunteers are involved in a list of activities as long as the prob-

(Continued on page 3)

Why IBM Registration

Why I. B. M. registration? Many students have been very concerned and somewhat bothered by the new process of registration. In answer to this query, the Beacon has found fit to explore the problem.

As most of us realize, the college is presently in a state of expansion and we are expected to have an enrollment of 2,700 in the near future. Because of the enlarging number, frustrating lines and endless conflicts of the past, I. B. M. is being introduced for next semester. While this new method will not allow students to choose specific time slots or professors, it does present other advantages.

1. All classes will be equally distributed, there will be few if any overcrowded classes. This will provide a better learning atmosphere for the student, as the class will be smaller and provide more individual assistance.

2. The new method will help the professor in that their work will be more evenly distributed.

3. With the new system, conflicts will be seen earlier and new sections of courses can be opened. The students will have a better chance to get the election that they desire.

4. The computer is also unprejudiced and will provide all students with adequate time to eat lunch. The new registration process will be able to take care of the individual needs and alleviate the confusion involved in past years.

While the process is new, Paterson is not the first College to attempt I. B. M. Registration. Last year Glassboro initiated the program and has been able to claim much success. The I. B. M. program eliminated Pre-Registration meetings and provides more of an opportunity for the few exceptions which must be made.

Since it is a new program, D. Samuel Cooper is willing and receptive to constructive criticism and ideas from the student body.

PSC Holds Annual Guest Day Sunday

Paterson State College will hold its annual Guest Day on Sunday, May 15, from 1:30 to 4:00 p.m. The purpose of the program, which will be given by the various College departments, is to acquaint present students and prospective members of the College with the variety of educational data offered.

All of the campus buildings, with the exception of Haledon Hall, will be open to the public with a continuous program of activities and exhibits.

Exhibits of arts, crafts, sculpture and ceramics will be shown in the Wing Building. Language presentations and field projects in both Math and Science will be given in the Wing and on the grounds behind the Wing. Hunziker Hall will house the exhibits in visual materials of all kinds including demonstrations of the teaching of spelling and English as well as a program in play-reading.

The Physical Education department has not been neglected. The Gymnasium will hold folk and square dancing exhibits as well as a presentation in tumbling, apparatus and fencing.

Guests are asked to enter the campus by gates 3 and 4 and to register at the information tables which will be set up on the paths from the parking lots. Refreshments will be served in the college dining hall (Wayne Hall) from 2 to 4 p.m., and for your convenience, the Book Store will be open during the program.

Faculty Wives Offer Student Scholarship

Officers of the Paterson State College Faculty Wives' Association have announced the recipient of the first scholarship presented by the Association. He is Eugene Ridgeway of Totowa Borough.

Mr. Ridgeway is a junior majoring in elementary education. He attended the evening division of PSC and transferred to the full-time program in September 1965. His father died in 1959 and his mother in 1960. He has worked at Kearfott, and is a reserve member of Coast Guard. At the present time he is on the college work-study program serving in the science laboratory.

The Faculty Wives' Association has had a number of social events this year to raise money for their first scholarship. The officers are Mrs. Donald Dudos, president; Mrs. Nicholas D'Amrosia, vice president; Mrs. Foster Arthur, secretary; Mrs. James Gallo, treasurer; and Mrs. Otis Brown representative on the Scholarship Award Committee.

The Administration hopes that as many students as possible will attend Guest Day and take advantage of the interesting programs that the faculty and student body have prepared.

Prof's To Sponsor Vietnam Dialogue

The Paterson Area Community Forum will present a public dialogue on Vietnam, Wednesday May 18 at 7:30 p.m. School No. 26 in Paterson will be host to the program.

Eight PSC professors are listed as sponsors of the program. They are: Professor William A. Baumgartner, Dr. Sanford Clarke, Professor John Fulton, Dr. James Houston, Professor Theodore C. Miller, Dr. Livio Stecchini, Donald Tanasoca, and Professor Jonas Zweig.

Subtitled, *What Are the Issues? What are the Alternatives?* the dialogue will present speakers who support and oppose the Administration's policies in Vietnam. Defending the present U.S. position will be Frank Sieverts, Special Assistant to Under Secretary for Political Affairs, and Jeffrey St. John, radio and T.V. news commentator, and congressional candidate for the Conservative Party in New York.

Rev. Daniel V. Kilfoyle, S.J., St. Peter's College, and Sanford Gottlieb, Washington representative, National Committee for a Sane Nuclear Policy, will be opposing the stand our Administration has taken in Vietnam. Dr. Leo Troy, an author, lecturer and Professor of Economics at Rutgers University is to be the moderator.

After the panel discussion, questions from the audience will be received. The public is invited. Contribution is 50 cents.

ATTENTION

All State Scholarship and N. D. E. A. recipients are notified that beginning with the academic year 1968 - 69 State Scholarship and recipients will no longer be granted automatic deferred payments for tuition, fees, or dormitory costs. All recipients will be expected to pay their charges before registration in September.

Editorial

TEN COMMANDMENTS TO KILL AN ORGANIZATION

1. Always have something else to do when a meeting is called.
2. If you attend a meeting, be sure to find fault with the officers and fellow members.
3. Decline to hold office, as it is easier to criticize than to be criticized.
4. Get sore if you are not put on a committee.
5. Get sore if you are put on a committee.
6. If the chairman asks for opinions, by all means keep silent, but later tell others what should have been done.
7. When a few people roll up their sleeves to help things along, always preach that a clique is running the organization.
8. Stick to telling what you've done in the past for an organization. Never look to the future.
9. Delay paying your dues as long as possible.
10. Never bother about getting new members.

(Adapted from the Hopewell (Virginia) Education Association Newsletter, Oct. 5, 1954).

Faculty & Students Attend '66 Lab

Leadership Laboratory for 1966 offered students and faculty two unique experiences. Sharpe Reservations in Fishkill, N. Y., provided the physical atmosphere for the conference, but the sensitivity and self awareness was brought back to Paterson State by all participants.

Once again, the Leadership Lab was co-ordinated by Dr. Ken Herrold and his seven associates from Columbia. The program is so designed as to give the participants experience in group training, skill sessions and group interaction. To this initial experience was added the faculty, who functioned both separately from and jointly with the students.

Perhaps the best way to express the students feelings is through their own words. You may find that many of the comments will suggest a feeling of confusion or befuddlement, but that is only due to the highly personalized experience which they have had.

Bob Moore - There are not too many times when I've been able to express my feelings, but since last weekend, I have been able to see and do many things that I have never had the capacity for. This year's Leadership Lab has been one of the most rewarding experiences of my lifetime. All that I can express now is my deep appreciation to members of the committee and the faculty members and fellow students who participated in this Lab for the time and effort they put into making Paterson State something to be proud of.

Tom Rogasis - The Leadership Lab was a wonderful experience. The knowledge and realization of self-discovery is an area which all should be able to participate in. The advantages of this leadership Lab benefit the participant in all respects. It was a worthwhile experience for all students. P.S. The program is excellent, the food is great, and the pillows superb.

Pat Sabatino - Words cannot express or describe my experience at Leadership Lab. All that I do know is that I am a better and happier person as a result of it. It is something that each student and faculty member will find difficult to relate to others because of the extreme personal effect it has had on us.

Claude W. Wassil - It's very hard to say what I feel about Leadership Lab. In college they try so hard to bring about an awareness of self and a sensitivity towards others but they just aren't getting there. In 3 days on Leadership Lab we accomplished more in this direction than any student could if he went to school for the rest of his life. Awareness of self and sensitivity towards others cannot be taught, it must be felt and come from within. On leadership Lab I feel like I can say that had I not had this opportunity my college years, no all my years of schooling would have been a near total waste.

(Continued on page 4)

Letters To The Editor

Contributions to this column are the opinions of the readers and reflect the best interests of the college. Anonymous letters will not be printed but names will be withheld on request. The Beacon reserves the right to edit all letters.

To the students of PSC (especially the juniors):

On Friday, April 29, 1966, a letter to the editor of the BEACON signed by eight "Angry Juniors" appeared. This letter criticized the "entertainment" at the junior prom. Last Friday, also in the controversial BEACON, a letter, signed "Joey D." appeared. This letter criticized the critics of the "entertainment" at the prom. With only one issue of the BEACON left, the two opposing sides have joined forces to resolve the issue and prove that the real issue is to prevent trouble for reappearing in the future.

Resolved:

1. That one of the acts at the Junior Prom was cheap in price as well as in quality of entertainment.
2. That if there was a meeting to vote on this combination act, the majority of the Junior Class was not informed.
3. That the eight angry juniors did indeed help with the prom in helping to secure a place in which to have it.
4. That "cheap" and "smutty" are not ideal words in describing lack of talent.
5. That Joey is sorry for saying that people have virgin ears if he didn't look into them himself.
6. That the eight angry juniors are being on the entertainment committee for next year's prom.
7. That when other people write letters to the editor, they should show enough faith by signing their names on the issues

could be resolved in a similar fashion to this combined effort.

The Committee of nine for good wholesome, talent entertainment:
Carol Jeanne Mans, Carolyn Becker, Johanne Cottone, J. Diezawlec, Carol Chaffield, Riva Barnett, Jamie Ferste, Sr. Stovokin, and Lucille Klein.

Dear Editor:

I would like to express my appreciation at this point to you and the other members of the leadership Laboratory Planning Committee. I now realize after attending the laboratory the beautiful Sharpe Reservations the amount of work and dedication which faced the committee and the total success of the program because of their efforts.

At this point it is difficult to express how I fell as well as what I got out of the program. The only way I can put it into words would be to say I received a high degree of self-awareness through other people. The factors that is difficult to explain just what I learned I think is shared also by most of the others who experienced the laboratory. I hope that the student body can understand this when they approach one of us with questions about our experience.

I would like to say thank you again to the members of the committee and to the faculty involved for choosing me to attend and for working hard for a successful program.

John Sabatino

We know the German word for electroluminescence

We can get very technical.

At Berlitz, we can give you a highly concentrated course dealing with technical words and phrases required for your masters or doctorate degree.

Whatever your field is—chemistry, electronics, medicine, anything—we speak your language. In every language.

Of course, if it's German you want, you'll still learn things like, "Auf Wiedersehen."

But we won't let you say it until you've learned ELEKTROLUMINESCENZ.

Players Tame Stage Problems

The Pioneer Production of Shakespeare's *The Taming of the Shrew* will end the performing season for the Pioneer Players of P.S.C. The production, scheduled for May 19-21, is being directed by faculty member Dr. Robert Leppert and student Barbara Abbate. The formal production has involved the talents and willingness of not only the faculty of the Speech Department, but of the students as well. Behind every one of the many cast members are several students working to "get this show on the road" to success!

Leslie Omaliniek, senior art major, who has been working under Professor Jane Barry, has designed over twenty original costumes for the extensive production. The costumes of felt, have been made to satisfy the character, the character's complement and the set. From the samples seen at a rehearsal, Leslie has achieved the high goal.

On The Go

by Laura Jeanne Leger

A Flea Market has come to New York again with art items, half price bargains, some junk, and the best hot dog stands in the city. It is located on 8th Avenue and 25th Street and is open every Sunday from 1 to 7.

At the market you can buy everything from bedroom slippers to pill boxes to good prints and paintings. Some articles are over priced but a good shopper can haggle at the stands. If you don't care to buy, bring your camera. There is a wealth of subject matter to photograph.

Some people prefer to just look around and enjoy it. You might too.

Lunch is suggested at the Sabrette Ho; Dog Stand on 6th Ave. and there is plenty of free parking in the area.

The long, hard hours on and back stage will be rewarded on opening night, Thursday, May 19, at 8:30 as the curtains open on Petruchio's attempt to tame Katherine, and the Pioneer Players again tame those dubious, arm - chair critics.

The formal setting, which according to designer Professor Barry Bengsten has hints of selective realism, is chiefly composed of neutral toned platform and stairs. The backdrop is made of Italian Renaissance arches. The gals of the Players and Stagecraft Class many times have shown the guys how to hammer that nail and make it stay! The cooperation behind the scenes has enabled the set crew to be ahead of schedule.

Lighting for the show will feature specific illumination. The intricate lighting system will enable certain acting areas to be lit at various times to enhance particular scenes. Colored gels will be used appropriately to highlight the costume color - scheme and warm the stage.

Tickets for *The Taming of the Shrew* are available in the Center for the Performing Arts.

For Your Information

VISTA to Outline

(Continued from page 1)

lems which poverty creates," he said. They are conducting literacy programs, organizing clean-up campaigns, developing recreation programs, tutoring drop-outs, setting up libraries, organizing community meetings, and surveying health needs. They have renovated one - room school houses, started night classes for adults, and extended legal services on bail bond projects.

VISTA Volunteers go where their help has been requested. Along with work in cities and rural areas, Volunteers are also assigned to institutions for the mentally handicapped. They may request; service in a specific geographical area in the United States or its Territories and indicate the type of assignment they prefer. Upon acceptance, candidates enter a six week training program to prepare them for their assignments.

No entrance examinations or interviews are necessary to join VISTA. Persons over 18 are eligible; there are no education or experience requirements. Those who wish to join must submit two applications which may be obtained from the VISTA information center in Wayne Hall Lounge Wednesday and Thursday May 18 and 19 along with further information.

PIONEER PLAYERS PRODUCE FINAL PLAY

The Pioneer Players Final Production of the year will be Shakespeare's *The Taming of the Shrew*. It will be presented on May 19, 20, and 21, 1966. Tickets may be obtained at the box office — 12:30 p.m. — 4:00 p.m.

On Tuesday, May 17, the Inter - Varsity Christian Fellowship will sponsor a film entitled "God the Atom" in GI at 3:30 p.m.

The movie will show the hydrogen bomb and many other atomic devices. Featured are photographs of equipment used in atomic research and demonstrations of the energies in a particle of matter. The question of the relationship of science and religion is also raised. All are welcome.

WANTED

One piano in good condition. Please contact Jaunita Napora, President of Pioneer Hall.

Your sounds of Campus to keep forever just 35 pennies. (Two for 70 cents)

Those students wishing to work on the 1966 - 67 BEACON may volunteer their services by reporting to the BEACON office, Student Center, room 237.

The PSC Art Majors have prepared an Art exhibit for the students on the campus. It is currently on display in the lounge in Wayne Hall.

As you wander through the exhibition, ponder the time and effort that has gone into its creation. It is realized that the sense of touch is one of the senses involved in evaluating and appreciating a work but please consider the results of what thousands of hands can do a thin layer of paint, a fine ink line, a light matte finish or a very breakable Terra Cotta sculpture that asks for nothing, but to be looked at and enjoyed.

We hope you will derive a few moments of pleasure when you come to see our exhibition at the Food Service Building.

Culture Calendar Offer Publicity

Do you want free publicity for your 1966 - 67 lecture, drama, musical, or miscellaneous program? The Culture Calendar will accept offerings. Deadline June 1, 1966.

"I DIDN'T EVEN SEE IT"

Sports Staff Gets New Assistants

The Beacon is happy to welcome two new Assistant Sports Editors to the staff. They are Freshmen Al Paganelli and Brian Bailey. The first half of this duo, A Paganelli, is no newcomer to the sports world as he was a track and cross-country star at Belleville High School where he accumulated five varsity Letters. This year he was a member of the PSC Cross-Country and JV Basketball teams. Al is a Science major. Brian Bailey, the other half of the combination, is also no newcomer. Although he isn't currently a member of any team at Paterson State, he is adept at almost any sport. Brian's extensive knowledge of the sports world will mean good coverage of news on the campus. Brian is a GE major. Both of these people will be trying to make this year's sports staff the best ever.

Faculty and Students

(Continued from page 2)

I just hope other people are not cut out from this opportunity. Everyone on the face of this earth needs to go to Leadership Lab.

It is the hope of the committee that a gathering can be arranged for all those who have attended a Leadership Lab. It is most important that the spirit of the Lab is not lost. Leadership Lab can become one of the most significant experiences at Paterson State, but it must be more than an isolated weekend in May.

Remember May 14!

PSC Initiates Annual Oral Interp. Contest

The Speakers Bureau and the English Club will sponsor the First Annual Oral Interpretation contest on Tuesday, May 17, at 3:30 in G. 1. The contest will be open to all PSC students. Competitors will prepare a presentation of three to five minutes in length. The reading may be prose and/or poetry.

The contest is being initiated to promote the Speakers Bureau's activities, the inter-relationship of Speech and English, and the appreciation of the oral interpretation of literature.

Applications are available in the College Center, the Speech Department Theater Calhoun, and the bulletin board outside the offices of the English Department. When the entry blanks are filled out, they should be returned to Mrs. Barbara Sandberg in the Speech Department no later than Monday, May 16, at 3:30.

Prizes of twenty-five, ten, and five dollars will be awarded respectively to first, second and third place winners.

Change Gives Baker Boys 10-3 Record

The amazing Paterson State Cross Country team, which had its best season ever this past year, was credited with wins over Queens College, Stony Brook College and Hunter College at a quadrangular meet held at Van Courtland Park on October 23, 1965. Originally the Pioneers were given one win for the entire meet, but this was recently changed to up their season's log from 8-3 to 10-3.

Joe Dziezawiec and Bill Hagman, co-captains of Coach Terry Baker's roadrunners, were aided in this clutch display of team depth by sophomore Ron Schopperth and a pair of freshmen from Belleville, Al Paganelli and Bob Moore. Tom Vitolo, Mark Pilipiski and Tom Dowd also recorded their best times in New York that day.

Summary:

1 Mal Stern (Q)	29:35
2 Ray Gutoski (SB)	29:45
3 Al Paganelli (PS)	29:50
4 Joe Dziezawiec (PS)	30:12
5 Jerry Pane (Q)	30:37
6 Bill Hagman (PS)	30:48
7 Dave Riccobone (SB)	31:11
8 Bill Kunkel (SB)	31:24
9 Ron Schopperth (PS)	31:57
10 George Brook (Q)	32:09
11 Dave Cooke (Q)	32:10
12 Al Koslowsky (Q)	32:11
13 Len Hecker (Q)	33:00
14 Bob Moore (PS)	33:18
16 Tom Vitolo (PS)	33:58
18 Mark Pilipiski (PS)	34:10
20 Tom Dowd (PS)	35:00

Joosten Sparks Pioneer Victory

The PSC baseball team finally accomplished everyone knew they could do. That is, they won a few games. During the past week the Pioneers wound up the long end of three ball games while only dropping one. The game that snapped their losing streak away with Hunter. This contest marked the first time that Pioneers began hitting the ball well. Bill Mastro started the game and pitched well for seven innings, giving up 4 runs and 4 hits. Parker Kennion relieved in the 8th and worked his way out of a bases loaded situation.

The hero of the game for Paterson was Co-captain Bill Joosten who went 5 for 5 including a 400 foot homerun in the 4th inning. The game was won in the 10th by a walk to Gene Pumphrey and singles by Jim Gash and Ken Madeska.

The Jersey City game was marked by good defense and timely base hits. Bill Joosten went the distance, giving up 4 hits. PSC forged ahead of Jersey City to lead 5-2 after 2 frames. But in the fifth, JCS rebounded to tie the game on Frank Markov's bases loaded triple. In the bottom of the fifth, Paterson broke the tie and went on to win. The highlight of the game was Tom Gash's 450 foot homer with two men on.

The next day, however, the Pioneers found themselves on the short end of the stick as they were walloped by Glassboro. Jim Gash started in place of Web Gould who had been injured. Jim was hit hard for the first three innings and was relieved by his brother, Tom. Tom did a good job over 4 innings. Bill Mastro worked the 8th.

Although the game was worked in the loser's column, the Pioneers were very impressive.

The second Jersey City game was an extremely well played game. Bill Mastro did a fine job, only yielding 1 run for his 8 inning start. Although PSC jumped ahead in the 3rd inning, Jersey City tied the score

in the bottom of the ninth. Gould was Mastro's replacement and he got the Goths in the top of the tenth, PSC with a walk by Jim Gash, a triple by George Ottavio. Gould moved down the side order in the bottom of the 10th to win it.

This week the Pioneers finish their schedule by playing the round out games. Judging from the way they've been playing, some of them will go into the win column.

Profs. Take Golf Match

On Thursday, May 5 the Paterson State College Golf Team lost a conference match to strong Glassboro State. The Profs took advantage of playing on their home course, the Pitman Country Club. Glassboro by topping the Pioneers 5-1. The lone Paterson score came from Sophomore Chris Carrigan.

On Monday May 16 the golf team will travel to Monmouth, New Jersey for the last competition of the season, The National Intercollegiate Association Tournament.

PSC students participating in this event will be: Larry C. Stein, Joe Musciotti, Tom E. Siss, Bruce Gillman, and Chris Carrigan.

Chess Club meets Thursday, May 19, 7:11. All students invited.

Who is your ideal date? Thousands use Central Control and its high-speed computer for a live, flesh-and-blood answer to this question.

Your ideal date - such a person exists, of course. But how to get acquainted? Our Central Control computer processes 10,000 names an hour. How long would it take you to meet and form an opinion of that many people? You will be matched with five ideally suited persons of the opposite sex, right in your own locale (or in any area of the U.S. you specify). Simply send \$3.00 to Central Control for your questionnaire. Each of the five will be as perfectly matched with you in interests, outlook and background as computer science makes possible. Central Control is nationwide, but its programs are completely localized. Hundreds of thousands of vigorous and alert subscribers, all sharing the desire to meet their ideal dates, have found computer dating to be exciting and highly acceptable.

All five of your ideal dates will be delightful. So hurry and send your \$3.00 for your questionnaire.
