Classes Cancelled For Registration

Registration for the Spring '69 semester will take place early this year. Students are requested to pick up the necessary materials on October 28 and 29 in the Wayne Hall Lounge and are scheduled to meet with advisors Wednesday, October 30 in the assigned rooms at the assigned times. Classes will be cancelled for this purpose.

Program advisors were selected by the department chairmen or coordinator and will meet with majors by year. Fifteen general advisors have been selected to aid the liberal arts students.

Due to the shortage of instructors in the Early Childhood Program and the newness of the program, Dr. Gabriel Vitalone has decided to have a special room in which an instructor, knowledgeable of the curriculum will be available for consultation from 8:30 to 4:30, Wednesday thru Friday.

Early registration will provide the administration extra time needed for a flexible schedule. Forms will be provided for students to indicate courses they are interested in taking Spring semester not on schedule. If enough people request a subject, a section will be opened when possible. It should also alleviate the problem of overcrowded sections in one area and sparsely

(Continued on Page 2)

Evaluations Begin For Accreditation

The college is preparing its reports for accreditation evaluations by the Middle States Association of Colleges and Universities and by the National Council for Accreditation of Teacher Education. Walt Miller, Mr. Tiffany, and Dean Scully are working on sections concerning student services, student life and student participation in the college. These evaluations are designed to provide an opportunity for US to study our programs and to make our own SELF-evaluations. Students should play a major role in evaluating the education and services offered by Paterson State. We are preparing some questionnaires, but it would be helpful also if individual students or student groups were to submit written statements. Evaluations of any phase of college life from the student point of view, such as student government, instruction and activities, are appropriate.

Middle States is much more interested in students' general evaluation of their participation in college life and governance. For example, what does the college's view on student responsibility seem to be, based on actual practice? What should it be? What would you do, if you were in charge of the college, to make it

(Continued on Page 5)

Recital To Play Robino Original

Two chamber music groups, the woodwind quintet and clarinet quartet, will be heard for the first time this year in a pocket recital on Wednesday Oct. 30 at 12:00 in the Wayne Hall conference Room. The Woodwind Quintet, directed by Prof. Richard Foley consists of the following: Flute — Grace Burden, Oboe — Kathy Murphy, Clarinet — Joseph Nazzeretta, Bassoon — Ira Levinger and French horn — Jane Scott. The Clarinet Quartet, members are Lee Moody, Earl Nordstrom, Richard Robina and Jack Covell. The group rehearses under the direction of Prof. John Schultz. They will perform a contemporary French work by Max Dubois as well as an original composition by Richard Robino, a Junior High music major.

Eight Elected To Who's Who

Who's Who Among Students in American Universities and Colleges announced its eight new members: Sue Smith, Agnes Walilko, Rose Daniels, Linda Carson, Lee Moody, Harold Merschtina, Matthew Klemchak and Allan Dempsey.

Each year approximately 1,000 colleges are represented by nominations. Only juniors and seniors who have two years presence on campus before date of selection are eligible. Nominees are judged on participation in a variety of activities or exceptional service in one or two areas, grade point average for sophomores of at least 2.45 and for juniors of at least 2.57. Activities used for consideration were past activities exclusively.

The SGA Executive Committee, members of Who's Who on campus, junior and senior class advisors, junior and senior class presidents and Miss Este were members of the electing body.

Upon membership the students receive formal recognition, a placement service and the privilege of purchasing the Annual Directory of Distinguished Students.

Convention Tea Is Organized

Once again plans have been completed for Paterson State College activities at the NJEA Convention, November 7-9 in Atlantic City. As usual, college headquarters will be at the Hotel Dennis, with both faculty and student crews on hand to set up and run the booth. Names of the crew are as follows:

Student crew: Kit Kennedy,

Task Force Examines State Certification

The New Jersey Education Association announced recently that it is naming a "Task Force on Teacher Standards" to examine teacher education and establish certification procedures based on demonstrated competence.

"A teaching certificate should mean that the candidate has unquestionably established his ability to teach — through both pre-service preparation and a period of internship," said Dr. Alfred Skogsberg of Bloomfield, chairman of the NJEA Committee on Teacher Education and Professional Standards (TEPS). "Today, it means only that the candidate has passed a certain number of college courses."

NJEA's TEPS Committee, in recommending the proposal, will

(Continued on Page 2)

Dr. Olsen Conducts First Convocation

The first informal all-college convocation in the history of Paterson State College was held October 23 on the front lawn of Wayne Hall. The immediate purpose of this assembly was to introduce to the students the first permanent administrative body since the retirement of our last president, Marion E. Shea, in 1966. Upon introduction, President Olsen noted the large body of freshmen presently

'New' Buildings To Be Dedicated

Seven recently complete building on the campus of Paterson State College will be dedicated Wednesday, October 30, at 2 p.m. All 1:30 and 2:30 classes are cancelled to enable student body to attend.

Public officials from all levels of national, state and local government; educators, and civic leaders, as well as faculty, students and alumni are expected to participate in the dedication ceremony. Dr. Olsen said the public was also invited to attend and to see the developing campus first-hand.

The buildings to be dedicated include the Sarsh Byrd Askew Library; Pioneer Hall and Heritage Hall, two girls' dormitories; the

(Continued on Page 3)

on campus, and proceeded to introduce the "freshmen" administrative body: Mr. R. Tozier, Dean of the College; Mr. F. Zanfino, Vice President of Administration and Finance; Mr. S. Balassi, Associate Dean; Mr. R. Smiley, Executive Assistant to the College President; and Mr. F. Jones, Director of Community Relations.

"We are an old school, 113 years old, yet we are just beginning," were President James Karge Olsen's opening remarks describing where he thinks we are. As a newly developing multi-purpose college, we are facing new problems and a different crises which require the assistance of the entire college community. In the process of becoming a multi-purpose college, our objectives are to strengthen the teacher-education program as

Bond Issue Campaign Needs Student Help

By CLARE PUCCIO

The \$990 million dollar Bond Issue will come before New Jersey voters on November 5. It will appear in three sections: "New Jersey Transportation Bond Issue," "New Jersey Public Buildings Construction Bond Issue," and "The Housing Assistance Bond Issue." This is the biggest single bonding program and nearly double the total of all bond issues approved in New Jersey history.

Question 1 asks for authorization to issue \$337.5 million in bonds for expansion of facilities for higher education and vocational education, including a new state college in Bergen County, improvements at state institutions and prisons, and creation of a public broadcasting system that includes educational television.

The second and largest of the three bond referendums listed on the ballot totals \$640 million for transportation. Of this \$440 million is for highway construction and \$200 million is for mass transit improvement.

The third question, added to the ballot almost as an afterthought, because it was missing from the legislature's state-aid program, asks for \$12.5 million to stimulate several times

(Continued on Page 5)

MENC Holds First Meeting

The MENC Club will hold its first meeting on Tuesday, October 29 at 3:30 in the choral room. Student membership in MENC (Music Educators National Conference) affords students an opportunity for professional orientation and development in school. Students pay national and state dues for which they receive the MUSIC EDUCATORS JOURNAL, a professional periodical of high quality, as well as TEMPO, the New Jersey State magazine which offers news of local interest. Membership also entitles students to attend and participate in national and state conferences and activities. According to Professor Fortunato,

Task Force

(Continued from Page 1)

"The Task Force is expected to hold hearings and take testimony from all segments of the teaching profession and from any interested representatives of state government and the general public," said Dr. Skogsberg. By next spring, it expects to issue an initial report.

"While New Jersey's current certification standards have insured adequately prepared teachers in the past, we must make changes now that will meet present and future needs — especially to insure a full supply of teachers prepared for success in our inner-city classrooms," Dr. Skogsberg said.

Certification still relies primarily on the counting of college courses or credits rather than determining able performance. This approach has not kept teacher education and certification in step with changes in classroom need.

"The NJEA Task Force will evaluate procedures being used in New Jersey and other states as well as the most progressive thinking from across the nation to sift out standards that will best meet New Jersey's present and future needs in certification. It will also examine teacher preparation and recommend any needed overhauling of content."

The Task Force will work closely with the National Education Association, and any interested federal or state agencies. Members of the NJEA staff will be assigned to assist the Task Force in its studies, investigations, and deliberations.

Dr. Olsen Conducts

(Continued from Page 1)

well as focus new attention on the arts and sciences.

We face accreditation visits in the spring which we must face successfully. Self-evaluations determining our strengths and deficiencies must begin now, as we "look to tomorrow, and not worry about yesterdays."

"The Bond Issue is a must." The last bond issue provided for the first phase of our new science complex to be completed in twelve months. Plans for the dorms (500-1000 capacity) and a new college union, self-liquidating projects, are underway and do not depend on passage of the Bond Issue. We are still 50th out of 50 states. "I hope we do not add any more states." New Jersey sends more students out of state than any other state in the union, as well as educating the least number of students, and contributing the least amount of qualified personnel to work in public institutions. He pledged his support to the Bond Issue, and asked each student to be an active campaigner.

His second purpose for the assembly was to introduce some personal ideas though he commented that "the fact that I believe them doesn't make them right. No college community today should be the reflection of any one individual." He suggested a complete revamping of the present structure of liberal arts education and said, "We should avoid rote learning and the mere accumulation of credit hours of fragmented irrelevance." He described the present liberal

studies or general education programs as crazy-quilt collections of supermarket wares or smorgasbord fare of unrelated and introductory courses that is the opposite of "general" or "liberal".

As a specific step, he suggested a four-semester sequence entitled "Man and His Environment" to meet the requirement for liberal studies. This two-year course, using "relatively unconventional devices with a wide employment of faculty resources," would focus on "the biological, psychological and sociological nature of man; the institutions tools and culture — political, economic, religious and aesthetic — of man, and finally the issues and goals of man, comprehending ecological and philosophic problems."

The idea of student teaching being included in every major since it provides first hand experience in the undergraduate fields was another innovation he suggested. "I believe in the undergraduate and C student" he stated, "programs should not be constructed with only the superior students in mind."

More curricula for men especially in business and economics are planned for the future as well as a full program of intercollegiate varsity athletics. "We've been receiving support from Trenton but things cannot happen over night," he reminded. "We cannot tear down and build again," he said, "we have something now. Let's have action. Let's happen!"

FREE ADMISSION

BRING I.D.

First Come First Serve

by JOHN C. ALFIERI
Circulation Manager

Due to present circumstances, the State Beacon Circulation Department is making a new policy.

ALL PAPERS ARE ON A FIRST COME, FIRST SERVE BASIS.

All faculty and dorm students must pick up their copy of the Beacon at the newsstands around campus. The papers will not be delivered to the faculty mailboxes or to the dorms.

The locations for securing your paper are the following:

1. Hunziker Hall in the corridor outside the Little Theater and in the corridor outside the mailroom.
2. Raubinger Hall by the main desk.
3. Wing outside the Math Office.
4. Wayne Hall on tables.
5. Library by turnstiles.
6. Snack Bar by the table near the Octagonal Room.
7. Auditorium at the entrance to the Music Department.

Tea Organized

(Continued from Page 1)

Matthew Klemchak, Clarence Reinstra, Kathy Van Brunt.

Administrative Staff: Mr. Frank Jones, Mrs. Virginia Randall, Mr. Irwin Rosentover.

Booth numbers are 18-19-20. The booth serves as an information center on graduate and undergraduate programs, and as a place to register and visit.

The annual Convention Tea will be in the same location as last year — The Borton Hall at the Dennis, from four to six on Friday afternoon, November 8. Plan to join us there. Faculty and students are the guests of the Alumni Association.

Summer Program

by SUSANNE STAPLES

Charles Landy, a Sophomore here at Paterson State and a member of the Head Start program at the campus school, had a remarkable experience this summer. He had the good fortune to visit Czechoslovakia from June 11 to August 8, during which time the Soviet occupation was started.

As an American, Charles was treated with great hospitality by people who were extremely friendly and eager to speak English even though Charles can speak Slovak fluently. He was also aware of the subtle fear present in the capitol until the leaders of the two countries held their first conference. Also noted was the general feeling that any foreign intervention would be bad for the Czechs, who wanted to be neutral and not have any revolutionary or counter-revolutionary forces present.

The people kept remarkably calm, on the whole, during this time. They stressed the idea of political evolution not revolution, although they object very much to the hand-picked, hard-core Communists in the party.

Charles has compiled a fascinating 62 page illustrated documentary of his experiences. In connection with this, he is also giving a special lecture. If anyone is interested in hearing a lecture, they can contact Mr. Landy through the Information Center.

Decentralization, Is It Effective?

CPS — Last year when the Ford Foundation tried to defuse volatile dispute over ghetto education by getting the city school board to establish three demonstration units run by parents, Superintendent Bernard E. Donovan was hesitant

“Everybody wants control,” he said then, “but to use it effectively is another thing.”

The plan was implemented; the parents were given control. Now in the middle of a city-wide teachers’ strike comes the question of whether that control is being used effectively. The issue constitutes a major challenge to the principle of school decentralization and has important implications for all big cities.

One of those three demonstration districts was in the Ocean Hill-Brownsville area, which is predominantly black and Puerto Rican. The 19 parents on the local governing board there last spring dismissed 10 white teachers on charges of sabotaging the decentralization plan of doing unsatisfactory work.

The American Federation of Teachers (AFT) local affiliate stepped in, charging denial of due process. The central Board of Education ordered the local board to reinstate the fired teachers after a trial examiner cleared them. But it refused, precipitating state intervention. The local board was suspended, but the union still is not satisfied.

The stalemate continues because the parents, teachers, and central administrators are pitted against each other in a three-way power play.

The AFT’s position is a compromising one because the union backs the general idea of decentralization, and because it came to power six years ago by stressing its civil-rights and anti-bureaucracy achievements.

Its local has insisted that its members must retain their job security as authority is transferred — a demand that in effect weakens community control.

The National Education Association, which lost the 1961 fight to bargain for New York teachers to the AFT affiliate is “studying the situation.” Its president, Mrs. Elizabeth D. Koontz, this week endorsed decentralization but decried the “mad scramble for power and influence” in New York.

Mrs. Koontz, who is black, said within each school the principal and a faculty committee should screen and select new teachers, with the advice of the community.

Her statement urges a “return to the individual schools and to the separate publics they serve, (of) their rightful share of authority and responsibility for operating schools.”

The second faction, the black community, is equally adamant about its rights to run the system. “This community will control its schools and who teaches in them,” insists the Reverend C. Herbert Oliver, chairman of the Ocean Hill-Brownsville governing board.

The central school board has had to impose its power in a

situation supposed to have been purely local, thus rekindling the fires of controversy that erupted when decentralization was first proposed.

The problem of overcentralization was first pinpointed in 1961 by James B. Conant, former president of Harvard University. He wrote in “Slums and Suburbs” of “the necessity to match neighborhood needs and school services.” Decisions made in a central office “are remote from many diverse neighborhoods which constitute the city and may not make sense in a particular school. In any event this procedure tends to isolate the community from what goes on in the school,” he said.

Since Dr. Conant coupled that observation with the warning that “social dynamite” was piling up in slum schools, the situation has become noticeably acute. Many middle-class whites, dissatisfied with the education their children are getting but unable to exert influence for change, have utilized private schools or have fled to the suburbs.

The gap in the quality of education available to middle-class children and the poor has caused even greater turmoil. Efforts to close that gap, understandably cause more tension and dissatisfaction. Those who feel that dismantling an unresponsive bureaucracy can only make the situation worse are defending the status quo from shaky ground.

‘New’ Building

(Continued from Page 1)

Marion E. Shea Center for Performing Arts; Raubinger Hall, a classroom building; the Campus school, and the addition to Memorial Gymnasium.

The hour-long program will include brief talks by representatives of the student body, faculty and alumni. The College Choir and organist Julia Anderson will perform selections.

Tours of the campus will follow for those interested.

“We are extremely proud of the new facilities that have marked the growth of Paterson State within the past decade,” Dr. Olsen said. “Much of this expansion could not have been accomplished without the aid of the state bond issues of 1953, 1959, and 1964, and we are anticipating that, with the voters’ approval of the current public buildings bond issue, we can continue to move forward toward meeting the needs of the young people of North Jersey.”

The total value of the seven buildings is estimated at seven million dollars, and brought the total building value of the campus to more than \$12.5 million.

Seniors Going Out On Teaching

Weekly Beacons will be mailed out to all seniors leaving their name and address with John Alfieri Circulation Manager.

Save your seat at your first sit-in.

The trouble with a sit-in is what you sit on. And that you have to sit on it so long.

Since our thing is keeping you alert mentally, we've had no remedy for other parts of the body that may fall asleep. Until we invented The Sit-On.

What distinguishes The Sit-On from an ordinary pillow is a pocket for your NoDoz®.

Which means that now you can sit it out until the wee hours. Alert from top to bottom.

I want to save my seat. Here's my \$2.00. Send me The Sit-On. Send check or money order to: NoDoz Pillow, 360 Lexington Avenue, New York, New York 10017.

Name _____

Address _____

City _____ State _____ Zip _____

This offer expires March 31, 1969. Allow 2 to 3 weeks for delivery.

EDITORIAL

Don't Cloud The Issue

On October 15, the SGA General Council voted to send to the student body a referendum on the subject of military recruiters on campus. The students will choose on October 28 and 29 from one of three choices:

1. I want military recruiters on campus in public areas.
2. I want military recruiters on campus in closed areas, such as the Placement Office.
3. I do not want military recruiters on campus.

It is obvious, to any observer, that a "George Wallace" situation exists here. It is possible for a majority of students to want recruiters on campus, yet split their votes between the first and second choices to permit a minority to vote in choice number three. So much for foresight.

The issue at stake here, is not Vietnam, Lyndon Baines Johnson or Lewis Hershey and his draft system. The issue is whether to permit the United States Government on campus to offer college students (on their own initiative) an opportunity to enlist in the Armed Forces. Career opportunities in engineering, medicine, electronics, and officer training school are among those fields open to interested students. Those who wish to pursue a career in the military should be given the same opportunity to apply as are those interested in the Peace Corps or in the school systems as prospective teachers. A completely voluntary decision to obtain information on the career of his own choosing should not be denied to any student based on the feelings others may have regarding that choice.

However it would seem to be beneficial to both the "employer" and the prospective "employee" to discuss career opportunities in a private setting. This atmosphere minimizes distractions and is better suited for discussion. Students interested in career opportunities available through on-campus contacts have only to read the BEACON or consult the bulletin board in Morrison Hall. These students will make it their business to be at the proper place at the given time for further information.

Therefore choice NUMBER TWO (recruiters on campus in closed areas) is probably the best of the lot in terms of fairness to all parties concerned. If, however military recruiters are to be placed in closed areas, it would serve as a matter of continuity to have ALL career interviews and opportunities (including the Peace Corps) originate from the Placement Office. No one single career should be given preference over another in terms of a public or private lectern. Uniformity in dealing with all businesses, school systems and governmental agencies insures fair and equal treatment.

LETTERS TO THE EDITOR Did You Know

Contributions to this column are the opinions of the readers and, as such, are unsolicited. All letters are required to be of a standard that will reflect the best interest of the college. Anonymous letters will not be printed but names will be withheld on request. The Beacon reserves the right to edit all letters.

Homecoming

DEAR EDITOR:

On behalf of the Paterson State College Alumni Association Executive Council, I should like to express our warm thanks and appreciation to the cheerleaders and the Kilties who added so much enjoyment to the first Homecoming on Saturday, October 12.

When we were asked to participate in the Homecoming, we had only about four weeks to get our notices printed and mailed. Sixty alumni registered at the event on Saturday, October 12, so we felt that considering the circumstances, the response from our members were pretty good. Of course we were disappointed not to have an enthusiastic student participation, but perhaps it will be possible another time for the Student Government to set up some good student committees to work it up. The Alumni Association would like to try it again. We had a good time!

Sincerely yours,
VIRGINIA R. RANDALL
Executive Secretary,
PSC Alumni Ass'n.

Monkey On Back

Dear Editor,

The monkey on the SGA's back is the Alumni Association. They take money out of activity fees and the students don't see anything constructive done to aid the campus. They put out a booklet and have a tea at the convention, whereas on most campuses they run homecoming, scholarships, and aid in raising funds for the campus. That is, on most campuses except PSC. It took the students on campus to start the ball last year to organize a homecoming. We had to go to the Alumni Association; they did help. But next year's homecoming should be started now, not a month before. As we have seen, we can't wait for the state to build anything on our campus, so the Alumni should have fund-raising affairs to aid the campus. After all, this is their alma mater. If this letter hurts the feelings of the Alumni, it was meant to. Maybe now they'll do something constructive.

WALTER MILLER
President of SGA

Choice Of Advisors

Dear Editor,

This is the second time I have reminded you of choice of advisors. It is over a month since you were informed. So please proceed at the pace you desire. After Tuesday, October 29, no warrant will be processed until the advisor is approved by the President.

WALT MILLER
SGA President

New System

The student government is set up as a representative system. The problem on this campus is that both the representatives and the students don't work together. It is the responsibility of both to keep in contact to know what is happening in our S.G.A. To help the students who don't know who is their representative and who the representative represents, they are listed below. Use the system we have.

Brick and Rose, Jolly Good Show

by STEVE TANASOCA

The Pioneer Players' first performance of the year proved to be a professionally executed production. The play, *THE BRICK AND THE ROSE* was performed October 17, 18, and 19 in the Shea Stadium for the Performing Arts.

Physically, the structure of this production was unique and highly effective. Speaking from stationary nests in a set of staggered black boxes surrounding the protagonist in a semi circle and attired in black, the ten actors alternately rendered very fine type-reflections of the many stock characters in the play. These included the newsboy, drunk, priest, and prostitute.

Leaving a great deal to the viewer's imagination, the

simplistic set set the task of successfully communicating mood upon the actor's words and expression alone.

The story line, treating of contemporary urban youth's problems and conflicts was well-conveyed. Symbolically, as defined within the play, both the brick and the rose embodied the physical and spiritual strife accompanying life in the low-rent recesses of today's asphalt jungles. The searching and blind groping at each and every faint glimmer of hope and escape paint a picture of pathos and cruelty, impersonality, loneliness, and disappointment.

Outstanding renditions were given by James Lavin as Tommy in the lead and Victoria Franke, the "voice" and narrator. The remainder of the ten actors each portrayed a minimum of five or

six characters. Francis J. Perrelly was convincing as the priest, Sandy Donahue and Marjorie Bandine kept well in character as Alice, and Marvin Berman was very convincing as Gimp. Also reliably proficient were Nora Donoghue, Harry Gernant, George Clapper, and Michael Stanton.

Dennis Wyka composed the play's original music and arranged and conducted the seven piece ensemble accompanying in the pit during the performances. The other members of this septet were Carol Held, Brian Horning, Roland Ferri, Sal LaRocca, and Joe Nazzaretta. This score, as does all of Mr. Wyka's compositions which I have heard performed was very melodic, captivating, and unique in texture and tonal qualities.

All the student members involved in the production of *THE BRICK AND THE ROSE* were evidently highly competent — especially the nervous and conscientious stage manageress, Terry Zannetti.

Brick and Rose cast seen before performance.

Bond Issue

(Continued from Page 1)

as much money in private investment for housing assistance.

All this cannot and will not be done at the same time, principally because all the bonds will not be issued at the same time. They are to be issued when needed and when bond market conditions are most favorable.

Improvements are planned at Rutgers, Newark College of Engineering, and state medical college in Newark, and all six state colleges. Paterson State hopes to receive \$7,505.00 from the Bond Issue. The 1972 enrollment objective for Paterson will be 5,500, an increase of 2,400 over last years full time enrollment of 3,200.

Major facilities to be financed at Paterson State by the bond issue are a science-laboratory-classroom-office building, with two larger audio-type lecture halls for multiple use. As at the other state colleges, there is also a need for a maintenance and storage facility and for the creation of parking facilities, walks and roadways for the additional students. Under the Educational Facilities Authorities, funds will be provided to construct a student union and to build a dining-hall and dormitories housing 1,000 students.

The students and faculty of Paterson State are doing their part to get the Bond Issues approved

Mr. Frank Jones, who is Paterson's newly appointed Public Relations liason, has already addressed various neighborhood clubs and organizations concerning the passage of the Bond Issues. His next two speaking engagements will occur on October 29 and 31 at the Paramus Kiwanis Club and the Blairstown Rotary respectively.

Our students, under the direction of Sue Smith and others, have also been helping by handing out "Bonds Yes" stickers, flyers, and pamphlets in their neighborhood parking lots, supermarkets, and shopping centers. More help is needed, though, for a stepped-up program must now be put into action from now until election day. All interested students are urged to pick up flyers and pamphlets for distribution at Mr. Jones' office in Morrison Hall.

are your contact lenses more work than they're worth?

If you're tired of using two or more separate solutions to take care of your contact lenses, we have the solution. It's Lensine the all-purpose lens solution for complete contact lens care—preparing, cleaning, and soaking. ■ Just a drop or two of Lensine before you insert your contacts coats and lubricates the lens surface making it smoother and non-irritating. Cleaning your contacts with Lensine retards the buildup of foreign deposits on the lenses. ■ Lensine is sterile, self-sanitizing, and antiseptic making it ideal for storage of your lenses between wearing periods. And you get a removable storage case on the bottom of every bottle, a

Lensine exclusive for proper lens hygiene. ■ It has been demonstrated

Bacteria cannot grow in Lensine. ■ Caring for contact lenses can be as convenient as wearing them with Lensine, from the Murine Company, Inc.

that improper storage between wearings may result in the growth of bacteria on the lenses. This is a sure cause of eye irritation and could seriously endanger vision.

Hoopgirls Getting Ready For Season

The Women's Varsity and JV basketball teams are preparing for another season. Practices and try-outs, which are compulsory, start Monday, November 4th.

New Members Wanted

All interested women are welcomed and should report to the gym promptly at 4:20 p.m. on that day.

The Varsity team suffered heavily from graduation, losing six June graduates, three of whom were starters. In spite of this there is potential and enthusiasm to improve upon last year's season.

This will be pretty tough since the varsity was 13-1 and the JV 8-2 and gained Metropolitan Invitational Tournament placement.

The team is hopeful that new talent on campus will try out for the teams.

To Hold Clinic

Again this year, the Bergen County Sports Council has requested the womens' basketball team to give a clinic, which will be held December 6.

After the regular season, PSC will be host for the Metropolitan Invitational Tournament in which the top six college female teams in the New York, New Jersey and Connecticut area will be competing.

If there are any questions see either manager Cheryl Sisto or Pat Klarer or Miss Laubach in the gym.

The schedule:

Date	Teams	Place	Time
Tues., Nov. 26	CCNY V Scrimmage	H	7:30
Thurs., Dec. 5	St. Peters JV Scrimmage	H	7:00

STATE, Away, 3 p.m.

BEAT TRENTON STATE!

Dilly, Puzzo Named Basketball Co-Capts.

Senior basketball veterans Tom Dilly and Sal "Torre" Puzzo have been elected to captain the 1968-69 Paterson State College basketball team.

40 Come Out!

Head basketball coach Ken Meyer made the announcement this week as he welcomed 40 basketball hopefuls to the Pioneers' opening practice session.

Both Dilly and Puzzo have been a great asset to the total athletic program at Paterson State College.

Dilly is a graduate of Irvington High and has been a varsity performer on the Pioneer soccer, basketball and baseball teams.

This past spring he compiled a 5-1 pitching record on the Paterson State diamond squad and currently is the goalie of the varsity soccer team.

Last year he led the basketball team in rebounding for the second consecutive season and averaged 18.2 points per game.

A Most Valuable Player

He was the recipient of the P.S.C. basketball team's Most Valuable Player Award the past two years and is noted for his aggressive style of play.

Dilly is also a very fine foul shooter and last year had one of the nations finest foul shooting percentages, hitting from the foul line 80% of the time.

Fellow co-captain Sal Puzzo is a member of both the varsity baseball and basketball teams.

He did his high school playing at Passaic's Pope Pius H.S. for coaches Ray Mastobertes and Joe Olivola.

Diamond Star Too

This past year the baseball team voted the quick and speedy athletic as their Most Valuable Player for his fine play at shortstop.

Last season Puzzo, who is an excellent defense player, averaged 13.9 points per game and placed on the 3rd team of the New Jersey All-State Colleges division team and received Honorable Mention on the New Jersey State College Athletic Conference Team.

The Paterson State College basketball team will open the season on the road November 30th playing Newark Rutgers at 6:45 P.M.

Their home opener will be three days later, Tuesday, December 3rd at 8:15 P.M. when they entertain Western New England at the Memorial Gym.

This blind man can hear and understand a 60-minute speech in 30 minutes.

If you've ever played a 33 1/3 rpm record on 78 rpm, you know what happens. The voice speed is more than doubled but the result is a high-pitched, squeaky babble. Bell Telephone Laboratories has eliminated the high pitch, the squeak and the babble. They have developed an electronic device (the harmonic compressor) which permits the recording of the human voice at twice its normal speed without any distortion whatsoever.

This process is actually a hearing equivalent for speed-reading. And that means everyone, but most especially the blind, will one day have a meaningful substitute for speed-reading. The uses for compressed speech, as it is called, are numerous.

In the not too distant future, textbooks, news articles, even novels and other fictional material will be recorded with the Bell Telephone process, and "speed-heard" with perfect understanding by the trained listener. For these reasons and many others, the American Foundation for the Blind in cooperation with Bell Telephone Laboratories is now studying the possible use of compressed speech in its tape and disc recording programs for the blind.

Left-overs Lead WRA Volleyball

This Tuesday two members of the WRA's Intramural Volleyball League will be going to Newark State College to compete in a "Playday." The Left-overs and Phi Cappa Rho will be making the trip.

These two squads are involved in a running battle for first place in the League where the Left-overs have won 10 games and lost just one while Phi Kappa Rho has won nine and dropped three.

Right behind, struggling to make it a three team race, are the Mid-points who sport an 8-4 record.

Phi Omega Psi has managed to win two contests while the Happiness team isn't very happy with the fact that they have but one win.

On Tuesday, Paterson State College will be hostess to Douglass College and Jersey City State College.

The teams and members:

Left-overs: Capt. Janey Doolittle, Bev Christofferson, Janice Tamaraglio, Marilyn Smith, Maria McCoy, Margeritte Esmer, and Terry Malinchak.

Phi Kappa Rho: Capt. Marie Koch, Pat Grecco, Candy Wilde, Lorrain Umansky, Nancy LaCorte, Peggy Nelson, Holly Peters, and Roberta Kattan.

Mid-points: Linda Jenners, Linda Weite, Pat McCoy, Elaine Kazeniowski, Sue Roe, JoAnn Szerloc.

Phi Omega Psi: Capt. Pat Grenier, Cathy Sogorka, Carol Bisti, Bonnie VanRiper, Kathy VanBrunt, Roe Giordano, Pat Coughlin, Pat Barnaba, Roe Boccellato, and Sandy Panagakas.

Happiness: Capt. Kathy Vessy, Bonnie Graham, Carol Wilson, Lynn Reeney, Dolly Tysh, Ginny Vanderheyden, Diane Jackson, Cathy Ryan, and Barbara Sioiak.

Moore, Bruno: Vital To PSC's CC-Squad

A sophomore and a senior are making important contributions to the so-far-all-winning Paterson State cross-country squad.

Sophomore John Bruno of Cliffside Park and senior Bob Moore from Belleville are currently helping to lead the Pioneer harriers to the finest won-lost record in the school's history.

Consistent Finishers

Both men have been consistently running in the fifth and sixth place positions and are the key backup runners for head coach Dick McDonald's winning harrier combination.

The present team sports a 13-0 record and since McDonald has been at the helm the Pioneers are 23-5.

Bruno formerly ran for Bucky Kempton at Cliffside Park, while Moore did his road running for Ron Kulik at Belleville High School.

Both boys are majoring in history while on the Wayne campus.

Give Vital Performance

According to McDonald, "We vitally need the fine performances that these two runners give us. They make the varsity team complete."

Bruno and Moore are both known to be tough, determined competitors and in several meets their backup strength brought victory to the Paterson State College cross-country team.

The current New Jersey State College Conference cross-country standings show both PSC and Trenton State to be undefeated with unblemished records.

When these two teams meet, Wednesday, the Paterson State harriers will be relying heavily on the ability of John Bruno and Bob Moore to grab those important back-up spots.

Swimmers Set 'Practice' Marks

By JACK YUKEN

Armed with five returning lettermen and an array of newly recruited talent, Coach Art Raidy's swimmers refuse to predict the outcome of this season. Instead, they let their pre-season performances speak for themselves.

Good Omen

With over a month remaining before their first meet, Raidy's Raiders have unofficially broken seven school records in practice.

Returning letterman and an outstanding swimmer in '67-'68, Jack Yuken broke his own school mark in the 500 yard freestyle by 27 seconds with a 6:23.5 clocking.

Freshman Pat O'Shea shaved 10 seconds off the 200 yard freestyle record with a time of 2:15.6.

In the 100 yard butterfly and the 50 yard freestyle, two veterans of the Kearny High swim team took honors. Tom Oram swam the butterfly in 1:10.5 and Jim Sabonjohn took the freestyle in 25.5.

Co-captain Mark Papendick

bettered his 100 yard freestyle record by 1.4 seconds with a 1:01 timing.

Freshman Tom Shull, despite illness, broke the standard in the 200 yard breaststroke with a 2:48 performance.

Lastly, the 400 yard freestyle relay team of Rich Livingston, Sabonjohn, Yuken and O'Shea tore 24 seconds off the record with a 4:09.6 going.

Besides these record-breakers, the team will be given added strength courtesy of Walt Leonard, Dennis Andrews, Charlie Erbs, Don Denneau, Pat Hurley, Herb Bell, Harold Mershtina (Co-captain), Jack Systma and Mike Graff.

Gals Dump Newark In Field Hockey

by KATHY CHAPMAN

The WRA Varsity Field Hockey team broke their scoring slump in fine style, Tuesday, scoring a 3-1 victory over Newark State College at the Squire's slow and rough home field.

The team, plagued all season by penalties and an inability to score came through with their best performance to date.

An aggressive offense controlled the ball and Kathy Alm led this offense scoring all three goals, assisted once by Linda Rosser and once by Kathy Grote.

The hours of practice could be seen paying off in a front line that looked strong in their passing and stickwork.

As usual, the defense continued their steady play. The backs used their powerful drives to keep the ball away from Newark's attacking line and aided the offense in ball control.

After the first three games of the season the varsity shows a 3-0 win over FDU Madison, a scoreless tie with Drew and this victory over Newark for a 2-0-1 slate.

Bowling Starts Soon

On Tuesday, November 19th the Women's Recreation Association of Carson, Lee Moody, Harold Mershtina, Matthew Klemchak and Allan Dempsey.

All girls are welcome, and no previous bowling experience is necessary.

The price is only \$1 for two games and shoes. The meeting place exceptional service in one or two areas, grade point average for sophomores of at

Advisor is Mrs. Florence Flaster and chairman is Judy Sitara. All women interested please meet in Gym B at 3:30, November 19th.

MENC

OKLAHOMA OR BUST!

Harriers Meet Trenton For Loop Title

by AL PAGANELLI
(Captain,
PSC Cross Country Team)

Editors Note: For one of the few times in recent Paterson State College sports history, a Pioneer squad is involved in a really big clash. Our harriers will travel to Trenton, Wednesday to tangle with arch-nemesis Trenton State in a New Jersey State College Conference title meet. The winner is almost assured of the Conference title and a trip to Oklahoma to compete in the NAIA Championships. Here, Paganelli analyzes and compares the squads — and tells why he thinks that PSC will travel home victorious.

"They say that all good things

must end someday, one of them will fall . . ."

A paraphrase of an old song and this will be the case, Wednesday when our cross-country team meets Trenton State College at our state capitol.

At stake is the New Jersey State College cross-country championship. Both teams are undefeated: Paterson State is 13-0, Trenton is 14-0. Somebody has to lose.

Trenton State has dominated state college cross-country for the last three years. The Lions have the 1967 Conference champ in Dean Shonts and four harriers on their squad who made first team All-Conference last year.

This season they have shutout

every team that they have run against except two and have won 35 dual meets in a row stretching over a three year span. Trenton is also the defending state college champion and the NAIA District 31 champion. On paper the Lions cannot be beaten.

Well, there is no one who has more respect for Trenton than I. But our team wants to go to Oklahoma for the National Championships. We can get there the hard way by beating Trenton for the title and an automatic berth. Or we could get there the harder way by placing the least second in the conference and second in the NAIA's to qualify. Wednesday, we are going to try to do it the hard way.

Trenton can be beaten. We have the power in our top four men, if not the tremendous depth of the Trenton team. We won our seven meets at home — went to New York to destroy five city teams and knocked off an undefeated St. Peter's unit. We feel we have a real shot at Trenton. We feel we can win.

Tom Greenbowe is the best runner in the conference for my money. Chip Heath and Tom Delaney always finish near the top. John Bruno, Frank Emolo, and Bob Moore will wind up our scoring. Rich Koegel and John Pontes are A-1 back-up men. Heck, these guys are so fast that the only time they can be seen

clearly is when the grass is cut and they are standing still.

On Wednesday we'll be all alone in the Lion's den. Trenton has its titles and home course working to an advantage. We'll have pride — pride in our school and the prestige we can bring Paterson State by fielding a championship team. This 1968 PSC squad has never ceased to surprise all season. On Wednesday there might be one more surprise left in the bag.

* * *

Editors Note: Mr. Paganelli neglected to mention that he will be running also on Wednesday. This is another reason for hope.

CC Squad 12-0 After Bronx Run

by JOHN C. ALFIERI

The Paterson State College cross country team won seven meets in less than one month.

Saturday, the squad traveled to Van Courtland Park, and in less than forty five minutes had defeated five more harrier teams to jump their undefeated record to 12-0. Through the rain, mud, wind, and crud the roadrunners overwhelmed their opponents, not allowing any of them to score less than 40 points (low score wins) and shutting out two of them.

Although the roadrunners were only supposed to run against Stonybrook State College, Hunter College, and Lehman College, coach Dick McDonald made new contracts with St. Francis and Brooklyn Polytechnical School on the starting line with the PSC harriers.

Fearful Queens?

Queens College was also present but would not let the race count even though they started on the line with the PSC harriers.

Just at the start of the race, the rain, which had let up briefly, began to pour down on the some 65 runners. All through the race, the muddy course took its toll as harriers slid, fell, or were forced to stop on treacherous turns and hills.

At the end of the grueling five miles, the Pioneers had not only defeated all six teams that started with them, but also caught and overtook another team that had started about three minutes ahead of the harriers for their seventh victory of the day. However, only five of the wins count for the record and the roadrunners are now 12-0.

Greenbowe Tops Pack

Tom Greenbowe of PSC, nabbed individual honors with a time of 29:06. Al Paganelli, Chip Heath, and Tom Delaney finished second, third, and fourth respectively. The harriers placed eight men in the top fifteen as they scored their convincing

(Continued on Page 7)

LOOKING FOR SUNSHINE IN TRENTON

HOPEFUL HARRIERS — Pictured here is a soggy yet happy bunch of Paterson State College cross-country runners. They are gathered under the umbrella held by captain Al Paganelli after having racked up five more victories in a muddy run against five New York City teams at Van Courtland Park in the Bronx, Saturday. Bottom row, left to right: John Pontes, Tom Greenbowe and Dave Swan. Top row, left to right: Bob Moore, Paganelli, Chip Heath, John Bruno, Tom Delaney and Rich Koegel.

Booters Kicked by USMMA; Rain Puts Off One Game

It's beginning to look as if the only thing that will save Paterson State College's soccer team from a loss this year will be the weather.

The Pioneer booters lost just one game during the week's action, that a 2-0 beating handed to them by U.S. Merchant Marine Academy in a game played at King's Point, New York, Wednesday.

The men of Will Myers had been slated to play Fairfield (Conn.) University, this past Saturday at PSC's Wightman Field but that day's rain turned the field into a soggy quagmire and the game was put off. It will be replayed on Saturday, November 16 at Wightman Field starting at

2:30 p.m. as the last game of the season for the Black and Orange.

The Pioneers played USMMA on even terms for the first period which ended scoreless.

Well into the second period it was still scoreless until Roman Lisewycz booted one home for the hosts off of an assist by Frank Frangos and the Merchant Marines had the 1-0 lead — all that they would need as it was to turn out.

This 1-0 count was all that Paterson State was down by at halftime.

The two squads came out in the second half and continued to play tough defense with neither being able to find their opponents nets in the third period.

So PSC was still down by that one frustrating goal going into the final period.

The Pioneers could not score. And the Merchant Marines finalized the verdict when Rich Miller sealed the coffin with his score, unassisted.

Tom Dilly was a standout in goal for Paterson State, stopping 20 USMMA shots on the nets.

The Pioneers, now more than halfway through their schedule, find themselves with a 1-7 record.

Paterson State travels to Glassboro, Saturday, to play the Profs of Glassboro State College and then go to Trenton, Wednesday to tangle with the Lions of Trenton State College.

PSC Battles To Defeat St. Peter's

Paterson State's cross country squad set a new record and increased their undefeated string to 13-0 as they defeated a powerful St. Peter's harrier team. Wednesday at Lincoln Park, Jersey City. For the Pioneers this victory marks the most wins by across country team in their eight year history.

However, the roadrunners had to battle hard for the victory, unlike the previous twelve. Until this meet, no squad had scored less than 40 points against the harriers. With an excellent showing St. Peter's scored 31 points in a losing effort.

PSC Suffers Injuries

But the Black and Orange had a tough day in other ways. Chip Heath injured his foot while running and John Bruno pulled a muscle in his back while taking a series of small hills.

St. Peter's took an early lead and held it for about two miles before the first one of their nine man squad was passed. With about one and a half miles to go, Tom Greenbowe, well out in front took a wrong turn and was forced to retrace his steps and lose precious time and ground. Al Paganelli and Tom Delaney of PSC steered Greenbowe in the right direction and they finished one, two, three, with Greenbowe doing a 26: for first place.

Saturday, the PSC roadrunners travel to Glassboro for an NJSC Conference match. The Profs are always tough on their home course and should give the Pioneer harriers a good race.

The summaries:

Paterson State 26 St. Peter's 31

1. Tom Greenbowe (PSC) .26:56
2. Al Paganelli (PSC) .27:16
3. Tom Delaney (PSC) .27:23
4. Mark Feckas (SP) .27:30
5. Dan McGuigan (SP) .27:44
6. Frank Hogan (SP) .27:52
7. Chuck Dale (SP) .28:07
8. Chip Heath (PSC) .28:08
9. John Quinn (SP) .28:45
10. Bob Dempsey (SP) .28:46
