

SGA Snubs Faculty Senate

As the result of the students' inability to vote on the Faculty Senate sub-committees, a resolution was passed at the recent General Council Meeting of the Student Government Association. It was decided that students would not co-operate with or participate on the Senate Faculty sub-committees. Their primary reason for the resolution was due to the fact that students would be merely representatives, and would not share equal status with the faculty in the sense that they would not have the power to vote.

Any decisions arrived at by the sub-committees, then, would

ultimately be the opinions of only the faculty, despite the fact that the students at Paterson State would be represented on the committee. Since the students could not vote, their opinions would not be expressed in the decisions of the committee.

Walter Miller, Student Government President hopes to establish an independent Student Senate which will consist of sub-committees working on the same problems as the Faculty Senate sub-committees. In this way, the students feel that their own opinions can be voiced and heard.

WALTER MILLER

There has been much controversy recently over the subject of student representation on the sub-committees of the Faculty Senate of Paterson State. This Senate is divided into a number of standing committees investigating the following areas: Educational Policy and Planning, Final Exams, Evaluation and Improvement of Instruction, Procedures for Non-Violence, Admissions and Academic Standards, Student Life and Welfare, and Community Relations.

It is the responsibility of each sub-committee to compile reports of all existing policies and

procedures in their area of concern, and also to review present policies and procedures to determine what changes may be needed. They are then to make recommendations to the Senate concerning needed changes in campus policy. Special charges and matters for study were given to specific committees.

The sub-committees were formed with the intent that student representatives would be permitted to sit in on the discussions and offer their opinions to the faculty. However, these students would not have the ability to vote on any of the issues the faculty were voting on.

SGA Sponsors

Miss PSC Contest

By SUZANNE STAPLES

Paterson State College's SGA will sponsor the second annual Miss Paterson State Scholarship Pageant on April 27, 1969 at 8:00 P.M. The winner will represent Paterson State in the Miss New Jersey Scholarship Pageant at Cherry Hill in July.

Applications MUST be in by April 3 and may be obtained in the Octagonal Room and Miss Yusaitis' office. They are to be returned to the same place when completed.

All Fraternities and Sororities are urged to sponsor a girl, who has a chance to win as much as \$300.00 in scholarships for connection with this, in order to give the winners sufficient scholarships prizes, the committee is requesting financial support in the form of Advertising and Boosters. Rates are as follows ¼ page, \$5.00; ½ page, \$10.00; full page, \$20.00; one name \$1; Mr. and Mrs., \$1.50; two lines, \$3.00. Donations will appear in the add booklet and souvenir program.

PATERSON STATE COLLEGE

March 21, 1969

Evers Moves To Stop Campus School Closure

A proposed State Assembly bill preventing the closing of demonstration schools in the state colleges would "make it virtually impossible for Paterson State College to enroll a projected 1000 to 1200 additional students by 1970-71," Paterson State President James Karge Olsen said today.

Dr. Olsen said parents of high

school youngsters should be alerted to the implications of the bill, scheduled for introduction Monday. The College Board of Trustees approved in January the closing of the PSC Campus School at the end of the academic year in order to make room for a substantial enrollment increase.

He said: "We regret the inconvenience suffered by the

children and their parents in our Campus School as a result of its discontinuance. However, these children do have schools available to attend, but the increased number of college students we hope to enroll may not have an alternative."

The PSC President said the closing of the school and use of

(Continued on Page 6)

Annual Contest Open To Writers

Student writers on campus will be able to compete for top honors and cash as the English Department's annual M. Emily Greenaway Memorial Contest opens again this week.

Dr. John McRae, department chairman, announced that a \$25 government savings bond will be awarded to the best poem submitted by a PSC student. Another \$25 bond will be presented to the student who submits the outstanding prose entry, such as a short story or essay.

Deadline for entries this year is April 14. Winners will receive their awards at the annual Alumni Dinner April 26.

Entries, which should be submitted to the English Department office in Raubinger 25, should be on standard letter-size paper. Each entry should be identified by a title, but should not indicate the student's name. The student's name and the title of his work should be sealed in an envelope accompanying the entry.

Vote Monday For Campus Queen

By S. J. STAPLES

On Friday, February 28, the student body elected the five finalists for Campus Queen who are:

Miss Deborah Jeanne Cinquino, a five-foot, 100 pound blue-eyed blonde, will graduate in 1970. She is a G.E. major who plays piano, sews and designs all of her clothes and enjoys most outdoor sports and dancing. She also has the honor of being president of her sorority, Omega Theta Iota.

Miss Rosemary Thomas Walter, is a five-foot three inches, 100 pound hazel-eyed brunette, a Sophomore Elementary Education major. Having no specific hobbies, Miss Walter does however have many varied interests ranging from working for an accounting firm, to writing short stories and poetry, playing the guitar and flute and being particularly involved with underprivileged children. She is also secretary of Omega Theta Iota Sorority and delegate to the

Inter-Fraternity Sorority Council. Miss Walter is attending Paterson State on a 4-5 year scholarship and a \$200 grant from the New Jersey Professional Women's Association.

Miss Jean Ellen Bodine, a five-foot, 108 pound blue-eyed blonde is a Sophomore K-P major. She is manager of the Men's Swim Team, and Co-Captain of the Women's Swim Team. Other activities include General Chorus Secretary, being an SGA

representative, and Miss Pioneer Hall of 1969.

Miss Mary Rita Dempsey, a Sophomore, is five feet, 3½ inches, tips the scale at 115 pounds and is a blue-eyed brunette. She is a member of Phi Theta Rho Sorority and spends her spare time reading and writing.

Joan Serafin is a member of the class of 1970 and is a General Elementary major. She is five feet

four, weighs 120 pounds, and has brown eyes and brown hair. In her Sophomore year she was Secretary of the Inter-Fraternity Sorority Council, an SGA representative, a member of the Hazing Committee and a member of the Education Committee for Campus Queen. This year Miss Serafin is Secretary of her Class and Recording Secretary of Theta Sigma Kappa Sorority.

Final elections for Queen will be held on Monday, March 24th, in Wayne Hall.

ROSEMARY WALTERS

The Man Who Loved Kennedy

"Yes, sir, I did" — a clear cut admission of guilt by Sirhan Bishara Sirhan to the question of "Did you shoot Senator Robert F. Kennedy?" The object of such a self-condemning statement — to escape the death penalty. The method — attempting to justify an assassination.

As the months drag on in a murder trial which is testing the endurance of even the most patient layman, Sirhan's trio of defense attorneys are battling to establish crucial points of "fact". Number one, that the Arab did not act with premeditated malice. Number two, that defense witnesses have testified, that Sirhan's personality has changed drastically since he suffered a head injury in 1966. And number three, Sirhan's Arab background emphasizes a hypersensitive awareness of his own masculinity. Points of fact — maybe. Relevant evidence — ?

Sirhan Sirhan testified that the first time he saw Robert Kennedy, the former looked upon the late Senator from New York as "a saint". Yet, three weeks earlier Sirhan entered in his personal diary that Kennedy "must die before June 5." The defense pleads that Sirhan should not be held responsible for his swift metamorphosis of moods. If the man behind the trigger is no longer to be held accountable for taking the life of another, who would the defense have America place the blame on — the victim for not outracing the bullet?

It is not the purpose of this editorial to examine the assassins motives or intent. However, one can not overlook the attempt by the defense to confuse the issue by referring to Sirhan's ancestry and previous "love of the Senator" as justifiable reasons for the Arab's actions.

The guilty plea might spare Sirhan the gas chamber, but what scares me is his own outbursts following the shooting when he screamed: "I can explain! Let me explain!" The real shocker is that he thought he really could.

AL PAGANELLI

From The Editor's Desk

I would like to extend my personal compliments and congratulations to Dr. Anthony Maltese and his Pioneer Players for their outstanding performance of ONCE UPON A MATTRESS. The acting and musical score are the finest I've witnessed in four years at Paterson State. Any student that missed last week's performance can still see this musical comedy tonight, March 21 and tomorrow March 22 at 8:30 in Shea Auditorium.

Many students complained about the many candidates who ran unopposed in last years SGA elections. Hopefully this enthusiasm to see student government continue to move forward will manifest itself by campus-wide support of the debates between the candidates on Tuesday, March 25 in Shea Auditorium.

Look for a surprise in next week's edition.

STATE BEACON

Published weekly during the fall and spring terms by the Student Government Association of Paterson State College, 300 Pompton Road, Wayne, N.J., the STATE BEACON, with editorial offices in the College Center campus, is supported through SGA appropriation and advertising. Content of the newspaper represents the judgment of the staff acting in accord with the STATE BEACON Constitution, and does not necessarily represent the judgment or beliefs of the S.G.A., Paterson State College, or the State of New Jersey.

Concern

DEAR EDITOR,
It is PATHETIC that Dud Professors are supported by an educational institution which is primarily concerned with teacher education. And more alarming is the fact that the injustices to students in their classes have been brought to the attention of the administration and to no avail. To what degree of incompetence must a professor go before the administration will actively support the plea of the students for an education.

However, this apathy does not rest on the shoulders of the administration alone. We as students should not be willing to settle for anything less than stimulating and practical instruction. The threat of grades constantly impedes any objective or organized student criticism. Students are being forced to sacrifice their education and at their own expense. The students have a responsibility to explore and relate to their instructors; however, their minds are being warped in these stagnant classes.

It does not take SEVEN WEEKS for the majority of a class to breed a whim which activates students to the point of taking the

matter into their own hands as a last resort.

If students are satisfied to sit and let their education be strangled by red tape, then God help us.

CONCERNED STUDENTS.

Prejudice

DEAR EDITOR,
To the Prejudiced White Paterson State Students:

The Black Students of Paterson State College, are here for the same reason you are — an education. We're not here to be called those stupid names you heard your parents say around the house. We know that the only reason you say these names is because you think like "mommy" and "daddy". Whenever you see one of us, just close your big blue eyes. But soon you'll be closing your eyes so much, it'll be a waste of time to open them. So you may call us anything your little white heart desires, as long as you say it to yourself.

EDWARD MOSLEY
PS The plural of Negro is not "niggers", but Negroes.

Thanks

DEAR EDITOR,
I would like to compliment the seniors for their excellent response to our on-campus

interviews. The comments of visiting superintendents of schools and principals indicate that they have been most impressed with the quality of your preparation and the manner in which you handled their questions.

A few students, however, failed to appear for their appointments. These students should be aware of the policy in our Placement Office. If a student cannot make the date for which he has been scheduled, he must call us at least one day in advance. If a student misses an interview without first calling to cancel his appointment, he must either supply a valid reason for so doing or forfeit the use of our facilities for on-campus interviews.

We will appreciate your co-operation in this matter, as we in turn endeavor to give you the best service possible. If you have any questions concerning placement, completion of applications, or general information about various districts, feel free to come to the Placement Office.

CARL SALAMENSKY,
Acting Director
Office of Student Teaching and Placement

Two people (female) who wish to spend their Easter week in the lap of luxury. Please contact Essence Office editor or art editor.

On Wednesday, March 26, at 7:30 p.m. in R109, Mrs. Jennis Moore, wife of the Rt. Rev. Paul Moore, Suffragan Bishop of Washington, D. C., will address the Inter-Varsity Christian Fellowship. Mrs. Moore is the author of the recently published THE PEOPLE ON SECOND STREET, a book about her eight years with her husband in a Jersey City ghetto parish. Her work there was featured this fall in LIFE article, which described her book as "one American's view of poverty."

All are welcome to attend.

On Monday, March 24th at 10:30 A.M. at the Student-Faculty Lounge in Wayne Hall, there will be the first in a series of lectures sponsored by the House Committee. The speaker will be Mr. Tiffany and the topic "God is Someone You Do; Comments on the Epistemology of God". It will be about a 20 minute talk and discussion on

ways of knowing whether or not God exists. All students and faculty concerned about fundamental religious beliefs are invited. This should be of special interest to Philosophy majors and instructors, and members of the Inter-Varsity Christian Fellowship, Jewish Fellowship, and Newman Apostolate.

Once more the PSC Brass ensemble scales the Hunziker Parapets to present a program of traditional Tower Music. The group, under the direction of Dr. Dorothy Heier, consists of the following students: Gene Signoretti, Steve Calantropio, Nick Colavito, Tony Pappalardo, Roland Ferri — trumpets; Noel Young, Jane Scott — French Horns; Phil Michado, Thomas Hunger — Trombones; Brian Miller — Tuba. Third in the Spring series of Rocket Recitals, this program will take place on Tuesday, March 25 at 12:15 on the Hunziker Parapets. Selections will include Tower Music Sonatas by Johann Pezel and a suite from "Le Tresor D'Orpheus" by Francisque.

Coronation Ball Bids are still available in the Octagonal Room. Table reservations must be made when bids are obtained. The theme of this year's Ball is a Polyonesian one, complete with flowers and tiki gods.

Dress for men is preferably black tie, but a dark suit or dinner jacket is acceptable. Woman may wear formal or semi-formal dress.

LEADERSHIP LAB

Alumni: If you want to go the Spring Lab, leave your name with Dr. Hailpern BEFORE April 1.

He will speak at a meeting sponsored by the National Council of Teachers of Mathematics, the East Tennessee Mathematics Education

(Continued on Page 3)

One Year Fellowship Offered By U.S. Senate

Senator Harrison A. Williams, Jr. (D) is again offering a one-year United States Senate Fellowship for a New Jersey resident, male or female, presently enrolled as a graduating senior or a graduate student from an accredited college or university.

The one-year fellowship provides \$6,000 annual salary to the "fellow" who will be required to reside in the Washington, D.C. area while working full time in the office of Senator Williams. A five-man panel will select five finalists on the basis of (1) scholastic standing and achievement, (2) creative and original thinking evidenced in completed research and/or writing projects, and (3) political activity and extracurricular activities. The five finalists will then be personally interviewed and the "fellow" determined.

The fellowship is designed to provide a unique experience for the student selected, with the opportunity for him to make a meaningful contribution of ideas

and solutions to some of the important problems facing Congress today. The fellowship has been created as a means to provide new insight and new perspective for the sometimes lethargic and traditional approaches to public problems.

Any student in good standing with his college or university is eligible to apply, regardless of his major area of study, as long as some interest in government is evident in course work or extra-curricular activities.

One student will be selected with two alternates to fill any vacancy that might occur. Applications can be obtained in the Student Placement Office or the Student Affairs Office of New Jersey Colleges and Universities. They must be postmarked no later than midnight, April 20, 1969. The finalists will be interviewed in the last week in May and the announcement of the "fellow" will be made shortly thereafter. All applicants will be notified of the results.

LAST CHANCE
To order 1969 Pioneer yearbook Anyone wishing to purchase a 1969 Pioneer must come to the Yearbook Office by March 28, 1969. All sales will definitely end on that date and no books will be available for purchase in September.

Columbus Is Faring Well

By BILL GAZDAG

From the hallways and the byways of a dirty crowded city, from the slummy tenement rooms, to the big airy ballrooms and bedrooms of an upper class society; this is the setting for a story as real as today and just as bitter sweet.

Stanley Jeffer's production of "Goodbye Columbus" is one of the most realistic films of our time in spite of its sometimes poor photography. The plot is simple to state, yet almost impossible to comprehend unless you have experienced the poignant phenomena called, "Growing Up."

The story is about one boy (22) named Neil and one girl (21) named Brenda. Neil is from the slums, he works in a library and has a great love for life, for people and for Brenda. (In that order). Brenda is a rich college girl (Columbia University) who loves luxuries, high society and Neil (in that order). They meet, have a summer affair, and then fall in love. The conflict comes from Brenda's love for the splendor of society, while Neil hates it, loathes it. Brenda's parents find out about the "affair" and Brenda and Neil are faced with reality. Neil knows he never could be happy in Brenda's world and Brenda hates his ... so Neil leaves her.

"Goodbye Columbus" has in its cast Richard Benjamin as Neil and Ali MacGraw as Brenda. The music is by the Association. This film is rated "R" but doesn't carry the bad taste that most "R" films hold.

It is, in my opinion, a great movie, and a movie faithful to the book, "Goodbye Columbus," by Philip Roth which won the National Book Award. Out of a five star rating I give it all five stars. See it if you can and if you can't, at least read the book.

A young working girl wishes to share her nearby apartment with a Paterson State girl. Contact Dr. Kenworthy for details.

Students rehearse for dance program.

Student Talent Evident In Show

THE MANY FACES OF DANCE, the multi-media dance concert which will be held on March 30 is emphasizing choreography by PSC students. Kathy Farr and Wes Jacobus are a roller skating pair who have recently competed in the New Jersey Invationals, and they will be participating in the show.

Tom Offt and Terry Norwicki will be performing in "Slipping and Sliding" and will be taking their dance to MSC along with Kathy and Wes.

Other PSC students involved in

the concert include Jimon Taghavi, who is organizing a Greek Dance which will only include men. Alan Noble and Ron Flannery, who have participated in both THE BOYFRIEND and ONCE UPON A MATTRESS will be dancing in a number to the music of the Turtles and the Doors against a background of color action slides by Jim Twomey.

The African culture will be well represented as Liz Smith has trained a group in African dance.

Tickets to the show are free for PSC students and \$1 for guests.

Coalition Formed By State College Students

By JO-ELLEN RAMELLA

On February 21 at a meeting of the New Jersey Board of Higher Education, student representatives from six state Colleges expressed their dissatisfaction of a proposed state dormitory increase which would raise living fees approximately \$200.

After the meeting several students from the state colleges agreed to join together in an effort of co-operation to reach a realistic solution.

The students held their first meeting on Saturday, March 1, 1969, at Montclair State College where they voted to adopt the group name of STATE COLLEGE COALITION — committee for Finding An Alternative To the Proposed Dorm Fee Increase.

It is the attitude of this Student Coalition that the New Jersey Legislature and Board of High Education must take a larger responsibility in funding the expansion of educational facilities. It is apparent that the State Board of Higher Education is not sufficiently informed as to the true situation prevailing at the State Colleges.

The representatives of N. J. College Dorm Students, believe the proposed rent increase to be unjust for the following reasons:

1. There is a definite need for greater amortization by the State of New Jersey. The State must assume a greater responsibility in the future.

2. It has been stated that the increases will be applicable only to Dorm students when in reality it benefits the entire campus community.

3. There is no guarantee that the proposed increase will result in additional improvements to our present Dorms.

4. Negligence in the past on the part of the state to finance needed facilities, places the state in a greater position of responsibility today.

5. Due to increased costs it is not feasible to assume that the Dorms will be filled. Students will not be able to pay the increase, since some if not most, attend State Colleges because they are generally less expensive.

The S.C.C. therefore proposed that:

1. The Board of Higher Education establishes immediate means of communications between the students, faculty, and administration of all six state colleges through the Office of the residents of the affected schools.

2. Solutions for the existing needs and problems of the dorms must be guaranteed before consideration is given to the construction of new facilities.

If further information is desired, or if anyone is interested in working with the S.C.C. please contact Jo-Ellen Ramella or Kathy Van Brunt, c/o Box 74 Heritage Hall, Paterson State College, Wayne, New Jersey.

IS THIS YOU

I am opposed to the Viet Nam War (and any such war that is not based upon defense of our country). Please send me application to the Ministry of your church, as well as information as to its beliefs and membership throughout the world.

It is my understanding if I am accepted to the ministry of your church, I can not conscientiously participate in any military involvement not directly concerned with the defense of our country or its possessions. I further understand that training will not interfere with my normal work or academic schedule, — and I can choose my own location of service to God and humanity.

SGA And Class Candidates

Student Government President

John C. Alfieri

My name is John C. Alfieri, and I am a candidate for the office of President of the Student Government Association.

There are many items of importance to be attended to in the near future of Paterson State College. I have stated what I feel are the most important items below, and as SGA President I would do my best to obtain these vital measures.

First and most important, constitutional revision is necessary. A constitution revision committee has already been organized, and I would see to it that the SGA constitution is revised by the time my term expired.

Also important is student involvement in the SGA. In order to keep the students informed about SGA matters, I would make use of our college newspaper, the State Beacon, and the radio station, WPSC. Through these two media I would publicize the minutes of the SGA Executive Council and General Council meetings and my other important SGA matters.

The establishment of a Student Senate is essential to the students of PSC. It will be designed to work in conjunction with the Faculty Senate on matters of immediate concern to the students, and to the college. Their recommendations on such matters as curriculum changes, teacher evaluation, and exam schedules

will be voted upon and sent to the administration as our requests and not the faculty's.

Every representative will be appointed to a committee of the Senate.

Continued increasing steps toward fiscal autonomy would be carried on.

A more extensive intramural program, supported by SGA funds, is also a necessity, and I would try to establish this.

I would also be open for suggestions from anyone on how to make the SGA more effective.

JOHN C. ALFIERI

Patrick Hurley

At this time, more than 50% of our student body is caught up in the dilemma of choosing one of two candidates to hold the office of SGA president during the coming year. I believe that my following statement will help these students decide:

A: FACULTY VERSUS STUDENTS

1. If students want to get involved in what are now "faculty affairs" they must also let the faculty state their feelings on "student affairs."

2. Communication between faculty and the student body through a faculty page in the BEACON.

3. Communication between faculty Senate which files decisions with the trustees on all college policy and functions by placing their minutes in the BEACON.

B: S.G.A. Working with and through Students

1. Student Senate:

a. Representation — one representative per every 50 or less students in each DEPARTMENT. This will dissolve class distinction and put emphasis on Department meetings.

b. Purpose — to create a strong, single persuasive body of students to challenge the Faculty Senate.

C: Campus Involvement

Using the Student Senate as a tool to persuade the State of New Jersey to:

1. Enlarge parking facilities.

2. Construct more dorms for both men and women.

3. Build a new Student Union to include: large eating facilities, study rooms, recreation areas with pool tables, ping pong, etc., and to house the offices of various student groups.

4. Build new class rooms to lessen cramped conditions.

5. Improve the now failing intramurals for men.

6. Hire more faculty.

7. Build a new sports arena to include football stadium, track, tennis courts, basketball courts.

I firmly believe that through the birth of a Student Senate through better representatives, through better communications between the Students and Faculty

and through various sound and intelligent campus improvements we can make PSC a college of action, moving toward begin the No. 1 State College. We can do it.

PATRICK D. HURLEY

Lynn Mayer

Platform for the office of president of the S.G.A.

Do to limited space I will have to offer only a portion of my platform.

The S.G.A. has existed too long as an organization with token power, concerning itself with the running of trivial student activities. The S.G.A. should be a strong, respectable organization, devised solely for the interest of students, instituting reforms in the college for the benefit of the community. It should provide intellectual freedom for students. I will concern myself here with specific reforms needed in the student government.

The first and foremost issue is to provide a new constitution, stating in its preamble the purpose of the student government. (I will deal with the purpose elsewhere.) The constitution should also include the expansion of the executive committee into a steering committee of advisors. This executive committee should include representatives from the most powerful groups on campus — whether or not they are chartered by the S.G.A. These representatives will be in addition to the heads of the student

government and of each class. Specifically, the executive committee should include representatives from the Intra-Fraternity and Sorority

Council, the Black Students Union, and the S.D.S. This will lead to more total student involvement and will stimulate controversy which will lead to reform.

New committees should be formed which are more in step with the issues at hand, many in correlation with (but not part of) those committees on the faculty senate. For instance: a committee to research and write recommendations to the administration; a strong finance committee to take a closer look at the appropriation of student funds; a committee to deal with making direct recommendations to the state; and a committee providing means for the evaluation of teachers and courses.

The constitution should provide strict attendance requirements for S.G.A. representatives in order to insure their interest and involvement. In the interest of intellectual freedom the student government should work toward the deletion of required course, elimination of grades, unlimited cuts, and a direct voice in curriculum.

These are just a few of the reforms I would like to see instituted. I will be circulating material expanding upon these ideas and outlining others.

LYNN MAYER

SGA Executive Council

Recording Secretary

Janice Auth

My name is Janice Auth and I am running for the office of Recording Secretary of S.G.A. I've been involved with S.G.A. since I started school. Although I am not presently a representative, I have openly participated in the General Council meetings of the SGA. I'm on the Beacon staff and can take notes efficiently. I am unhappy to admit to the fact that there are few people who actually know what's happening. It's difficult to form a platform when running for office of Recording Secretary but when elected, I will do the best possible job since Paterson's S.G.A. and the student body deserve the best.

JANICE AUTH

Sandi Mercer

Sandi Mercer, a freshman, is seeking the position of Student Government Association

Recording Secretary. Some of her activities include, Student Government Association Representative, Freshman Class Publicity Chairman, House Committee member, Leadership Lab Alumni, has served on various committees for her class, and is pledging for Theta Gamma Chi Sorority. Sandi believes that the responsibilities of the Recording Secretary does not stop at merely recording and submitting minutes of Council meetings. She believes that the recording secretary is also responsible for attending other meetings, including Class Meetings, Faculty Senate Meetings, and attending the campus speak outs. In this way she feels she knows her subject matter better and can pay closer attention to her notes.

SANDI MERCER

Treasurer

Ruth Strother

As Treasurer of the Sophomore Class, Treasurer of the Tennis

Club, and acting Treasurer of the STATE BEACON, I feel that I have had extensive experience in the handling of Student monies and financial matters.

In addition as STATE BEACON manager, a member of the Student Co-Operative and Constitution Revision Committees, I feel that I am aware of PSC students needs and interests as well as the mechanical aspects of how to fulfill them. As a member of the varsity swimming team and varsity tennis team I have experienced some and participated in the needs of the PSC student first hand.

I have often attended SGA Executive Committee meetings as a representative of the Sophomore Class. I am aware of the many problems which the SGA is

Only those candidates who accepted the BEACON'S offer to submit platforms appear on these two pages.

confronted with, the methods of solution and how final decisions are arrived at. As Treasurer of the SGA I would not only be in charge of the financial activities of the SGA but as a Member of the Executive Committee it would be my duty to take part in this analysis of campus problems.

As Treasurer of the SGA I will strive for better relations and communication among SGA Spending agencies. I would also continue to make the Finance Committee a valuable arm to the Executive Committee. Requests for additional funds or related matters are presented to the SGA Finance Committee, investigated and then the Finance Committee makes recommendations to the Executive Committee who has the final say. I feel that my many experiences as an active member in campus activities and my willingness to work hard for the good of the campus qualifies me to run for the office of SGA Treasurer.

RUTH STROTHER

Corresponding Secretary

Janet Campbell

Janet Campbell is a freshman majoring in special education. She is seeking the office of Corresponding Secretary of the SGA. Presently she is an SGA representative. She is a member of the Ski Club, Newman Apostolate, and an alumna of Leadership Lab. In addition she has worked on various class committees.

If elected, Janet promises to be more than just a letter writer. She will work for better relations among all student groups at the college. She will fight for a broader curriculum. She also feels that a more effective method of electing representatives to the SGA should be initiated. As it now stands representatives are elected without any platform at all.

JANET CAMPBELL

Present Their Platforms

Senior Class President . . . And Veep

Robert Lannui

The office of President, to many people, implies a position of glory; to me, this office means much work and much responsibility. In my term of office I have been able to observe and understand the workings of student government and also see what goes on in the class itself. What most surprised me was and is the lack of support and apathy shown by the Junior Class. I really feel that without the help of the greatest class officers around and the few real workers in the class, we would be in deep trouble. The class has been carried on the shoulders of a few, and these few deserve the thanks of the class as a whole; they already know how I feel.

When you go out to vote, remember the people who have worked for you, and elect the ones who are qualified. I, myself, have been in student government since freshman year and have a working understanding of it. As class President I feel that the class is a success and can continue to be a success; and with more class support, we can be better still. So vote for good, knowledgeable, class leadership and keep people whom you know are workers in office.

ROBERT LANNUIER

Howard Straub Weldon Sams

Howard Straub and Weldon Sams are hoping to set a precedent at Paterson State by being the first students to combine on a "ticket" for the offices of Senior Class President and Vice President respectively. Through similar views they believe that it is necessary to have unity among the class executives in order to unite the Senior Class.

Howie is well known on campus for his colorful campaigns including his famous write in campaign last year when he polled 1/3 of the student body vote in less than eight hours. He is also the Ski Club President and has been an S.G.A. Representative.

Weldon, or Butch as most of us know him, is an active student with interesting and creative ideas. He played a major role in forming the new Chemistry Major Curriculum and is an asset to many school committees and programs.

Howard Straub and Weldon Sams realize that there is a need for campus activity, progressive leadership, and school purpose. They propose their platform as follows:

1. To have open discussions on all class policies where everyone will be heard.
2. To hold a Saturday night Senior Prom with top

entertainment at a club or restaurant chosen by the class.

3. To provide social activities (cultural and entertaining) geared toward the students' interests.

4. To take an active interest in all school functions (carnival, etc.)

5. To produce a successful yearbook that is financed properly and adequately.

6. To hold a Senior Class Mixer that will draw student interests by having a popular band, and perhaps a recording artist.

7. To work toward more student participation in school affairs.

Of course we know these methods of creating student interest will have to be financed. Howie and Butch foresee that their programs do not need so much money as we imagine. For example, profits from social activities and dances can go toward the prom and yearbook (if extra funds are needed). Many other fund raising activities can be utilized, not only to carry out our personal class programs, but to help in the affairs of our college community and charity programs.

This is Howard Straub and Weldon Sams offer. If we believe in this progressive program, and have faith in their ideas, we all can bring this platform to life on election day.

HOWARD STRAUB
WELDON SAMS

Linda Maffei

As Chairman of the Sophomore Hazing Committee and Chairman of the Sophomore Class Elections committee for Campus Queen, I found that my class was the most apathetic class on this campus. I had relatively little or no support on my committees. This non-support from our class gave me the initiative to run for Junior Class Vice-President. As Vice-President of the Junior Class one outstanding facet of this class was still apparent: its lack of support. This total apathy has put a heavy load on the five officers. We had to devote a lot of time to the class so that its functions, such as the Junior Class Mixer and our future Junior Prom, could be a success. Can you realize the amount of work in putting together a mixer and prom? The amount of work would take the support of the whole class to accomplish. The officers of the Junior Class had the responsibility of doing all this work themselves.

This kind of "support", if continued through to the Senior Class will mean failure for everything we try to do. Our Junior Prom is now in jeopardy from lack of support. Therefore it would seem plausible for the

Senior Prom to be in the same situation, if no one in the Junior Class cares enough now.

The Senior Class needs officers that will be dedicated enough to give their time to the class, whenever it is needed. Only experienced officers, who know the problems that exist within the class now, can run this class with proficiency.

I'm striving for better relations within the class itself. Through this, we can be sure of the support we need. I also want improved social functions for all classes on this campus. Our school does not have enough good functions that the students can attend. Why should Paterson State students rely on other college campuses for their entertainment? Another idea is for sororities and fraternities to have more involvement in class functions. Their support can be a vital factor to the success of the class.

I hope that the Junior Class has enough concern for the success of their Senior Class to elect officers that they know will work for the class at all times, who want the office to work, not for the title it will bring them. The progress that the class makes will depend on the initiative and competency of its officers.

LINDA MAFFEI

Junior Class President

Joseph Krystyniak

First I would like to thank the Beacon for this opportunity to express my views on the issues affecting our campus.

In the space available I can only discuss what I consider to be the main problem at P.S.C. That is, the attitude of the administration, which continues to treat students at P.S.C. as "product". In most cases, "products" to satisfy the demand for teachers in the state of New Jersey. It is essential if P.S.C. is to advance as an institution of learning that this attitude be changed.

The vehicle for change is not my election or that of any other individual. Change can only be achieved if students are willing to confront the administration and bring to their attention the shortcomings of our institution. I hope that as President of the Junior Class and a member of the Executive Committee of the S.G.A. that I can serve as a unifying force for the student opinion on our campus.

Finally, I would like to discuss with any student any school related problem. I can be found in the lounge, in Wayne Hall, during most of the school day.

JOSEPH KRYSTYNIAK

Bob Ross

Qualifications:

Recording Secretary, Delta Omega Epsilon Fraternity

Co-Chairman Sophomore Social Committee

Chairman, Hazing Evaluation Committee

Chairman, Campus Queen Committee

Member Freshman Hazing Committee

Writer, The BEACON

The position of Junior Class President is basically two-fold. His responsibility is to coordinate all functions of the Junior Class and to serve as the Junior Class representative to the Executive Board of the SGA. My first act as President would be to meet with the newly elected President of the Sophomore Class and coordinate the All-College Picnic, which the Juniors are responsible for during the first week of school with the Freshman Hazing project run by the Sophs. The next major concern of the Junior class is the Junior Prom. I will attempt to secure permission to attend this years prom as a sophomore and use this experience to have an improved function next year.

I will attempt to hold at least two mixers, the proceeds of which

will be used to subsidize the Junior Prom.

In my opinion the SGA will have a much more important role in the coming year. As a member of the Executive Board of the organization I would truly represent the feelings of my class. On all important issues I would call a class meeting in order to secure the opinions of all interested Juniors.

As a member of the SGA Executive Board I would strive for better understanding and cooperation between Greek-letter and independent students.

In conclusion, a last major objective is a vastly improved sports program, including facilities, varsity sports, and intramurels.

Delta Omega Epsilon Fraternity

The Class of 1972 is, in all accounts, the most progressive and liberal to enter Paterson State College to date. This progressive sense must be advanced in the new Constitution and in all issues arising throughout the future. This Constitution should contain a well organized student representative body.

Reorganizations of committees and their duties to the students must also be contained in such a constitution. A Student Appeals Committee is also a long overdue necessity on campus.

Creation of greater interest in student college activities by planning programs of interest to the STUDENTS and for THEIR benefit.

The Class of 1972 has the responsibility of looking toward the future and paving the road to a better educational system at Paterson State College.

Campus School

(Continued from Page 1)

the building for college students would enable Paterson State to increase its enrollment by 500 to 700 as early as September.

"The current state appropriation for support of the school does not fully support it, and the resulting drain on the budget has impinged on the education of nearly 8,000 present and prospective Paterson State students," Dr. Olsen said. "Moreover the proposed bill is contrary to the Higher Education Act of 1966 which gave state college boards of trustees power to make this type of decision."

The Campus School has an enrollment of about 200 children from pre-kindergarten through sixth grade. Its purpose is to enable students in education to observe classroom techniques and to provide a "laboratory" for educational experimentation.

Dr. Olsen said that the program currently in operation at the

school could more validly take place in the public school systems themselves.

"Our first priority must be to accommodate the rising number of New Jersey citizens seeking higher education, including disadvantaged young people and transfers from the new community colleges," Dr. Olsen said.

Prolonged Life Offered School

The era of the campus school may not be over quite yet, since a bill was introduced in the Assembly Monday which may keep the school open until July 1, 1970. Assemblyman John F. Evers of Passaic, who introduced the bill, emphasized that this is not a concession, but a move to provide more time to study the issue.

Evers is chairman of a five-member committee set up last month to investigate the closing of the schools at Paterson,

Montclair and Jersey City campuses. This committee held an all-day public hearing in Trenton on March 6 to hear the opinions of those groups who advocate keeping the schools open. As a result of this hearing, Evers said his committee felt it needed more time to study the situation because college officials from Paterson State and Jersey City State did not accept his invitation to testify on the reasons for abolishing the campus schools.

Ralph Dungan, chancellor of Higher Education stated that the demonstration schools which are used for experimental education programs and demonstration of teaching techniques are needed to accommodate undergraduates. President James Olsen of PSC said he could accommodate 1,400 college students in the campus school designed for 200 youngsters.

There is a possibility of holding another hearing in the hope the officials from all state colleges will attend to present their views.

Register Now For Summer Sessions

Students wishing to attend Summer Sessions must now reserve their space by filling out and returning the registration forms available in the lobby of Raubinger Hall. With the new registration procedure students may choose class time and instructor. The registration forms must be returned before May 1 to the Raubinger lobby. Applicants will then be mailed their approved schedules which they must copy and send back with tuition money. Tuition depends on the number of credits taken, \$20 per credit for undergraduates plus a \$2.00 registration fee. Tuition must be sent in before June 15 or the reserved space is forfeited and the student will have to register in person with most of the classes already filled.

There is a maximum of nine credits allowed for the six-week session beginning June 26 and ending August 8. A student may only take four credits for each of the three week short sessions (June 26 to July 18, July 21 to August 8). Night students are also allowed a maximum of four credits. A student may not be enrolled in both day and evening divisions. Registration forms must be approved by the student's advisor. Those who were not assigned an advisor or who have an undeclared major (freshmen and sophomore liberal arts) may see the following advisors at these times.

Wash, wet, soak, hunt, squint, wash, soak, wet, cry a little.

Contact lenses were designed to be a convenience. And they are up to a point. They're convenient enough to wear, once you get used to them, but, until recently, you had to use two or more different lens solutions to properly prepare and maintain contacts. You needed two or three different bottles, lens cases, and you went through more than enough daily rituals to make even the most steadfast individuals consider dropping out.

But now caring for your contacts can be as convenient as wearing them. Now there's Lensine, from the makers of Murine. Lensine is the one lens solution designed for complete contact lens care... preparing, cleansing, and soaking.

Just a drop or two of Lensine before you insert your lens prepares it for your eye. Lensine makes your contacts, which are made of modern plastics, compatible with your eye. How? Lensine is an "isotonic" solution. That means it's made to blend with the eye's natural fluids. So a simple drop or two coats the lens, forming a sort of comfort zone around it.

Cleaning your contacts with Lensine fights bacteria and foreign deposits that build up during the course of the day. And for overnight soaking, Lensine provides a handy contact canister on

the bottom of every bottle. Soaking your contacts in Lensine between wearing periods assures you of proper lens hygiene.

Improper storage between wearings permits the growth of bacteria on your lenses. This is a sure cause of eye irritation and, in some cases, it can endanger your vision. Bacteria cannot grow in Lensine. Lensine is sterile, self-sanitizing, and antiseptic.

Let your contacts be the convenience they were designed to be. The name of the game is Lensine. Lensine, made by the Murine Company, Inc.

Are you cut out for contact sports?

WRA Hoopsters End Regular Season Play

By JOAN KATZ

Both the varsity and JV ended a successful season by downing Newark State 56-22 and 55-20 respectively. From the outset of both games, there was little doubt about the outcomes. Both teams, with everyone seeing action, completely out-played, out-shot and out rebounded the Newark State teams. Characteristic of the season, the varsity scoring was well distributed. Cathy McCue was high with 17 points., followed by Senior co-captains Cheryl Sisto - 14 and Marguerite Citro - 12. Pat Klarer chipped in 8 and thrilled the crowd with fancy ball handling and play-making. As usual, senior Carol Erickson and junior Carol May played strong, dependable defense, completely dominating Newark's from court and backboard. The PSC gals had a high of 77% from the floor in one quarter and an overall of 50%. From the free throw line, they shot a high of 78% in one quarter with an overall 63%. Quick defensive moves by Pat Klarer and Cathy McCue forced Newark to take desperate shots all night. Smart ball handling and timing in the hilltoppers front court permitted beautiful inside moves by Cheryl Sisto, Marguerite Citro, Cathy McCue and Pat Klarer. When the defense tightened up some, they popped in from outside..

With everyone seeing action in the JV game, including all the Freshmen, the story was the same. At the end of the first quarter, the Pioneers led 21-0. Linda Rosser was high scorer with 12, followed by Kathy Alm - 10, Mary Ann Pieshala - 9, Diane Casulli - 8 and Elsa Harden - 7. The "psyched" defense, Cathy Chapman, Pixie Sampson and BJ Richardson out-rebounded their opponents 49-23. Quick work by rovers Linda Rosser, Gloria

Gaffney, Lorraine Schiever, Elaine Korzeniowski, Linda Jenners and Sandy Strother forced Newark's JV team to take desperation and off-balanced shots, also. (sic)

In addition to the several seniors who played their last regular season's game before the tournament, Cheryl Sisto, Marguerite Citro, Carol Erickson, Gloria Gaffney, Diane Casulli, Mary Ann Pieshala and Kathy Crote, the team is indebted to the

fine leadership of varsity co-captains Cheryl and Marguerite, the JV co-captains Kathy Alm and Pixie Sampson and to the dedicated and competent scorers and timers, Dale Klsner, Lorraine Soakalowski, Marge Malone and Pat Trottere and to the team's writer Joan Katz. All the seniors will be missed. True to form of the past couple of years, the rest of the team should be able to continue in fine fashion.

RICHARD

LEARN

Baseball

Mentor

Pioneer Nine Preparing

WAYNE There's a new coach at Paterson State College but virtually the same baseball team that won 12 of 20 games last year is back. The feeling at the hill-top campus is optimistic; everyone from the grounds keepers to first-year coach Dick Learn are sure the Pioneers will improve on the 1968 record.

The grounds keepers are optimistic for other reasons. They won't have to build a mound, rake the infield, draw foul lines, etc., this baseball season. That's because Wightman Field has been torn up for the construction of new outdoor athletic facilities and the Pioneers will be playing its 21-game schedule entirely on the road.

Following scrimmages Monday and Wednesday against East Stroudsburg, Pa., State and Drew University, respectively, the schedule kicks off at Newark Rutgers on Saturday, March 29, at 10:30 in the morning.

Learn inherits a team that lists five returning pitchers, a veteran catcher, two starting outfielders and an infield that returns intact. In fact, right field is the only slot Learn knows he has to fill. However, he has six candidates for the outfield and doesn't expect any serious problems.

The pitching will need to be deep since four doubleheaders are listed on the schedule. Senior Tom Dilly, a 6-foot-2, 190-pound righthander, should be the ace of the staff. Dilly, who became the eighth Paterson State basketball player to reach the cherished 1,000 point career mark this winter, posted a 5-1 mark last year allowing only 52 hits in 67 innings while striking out 44 batters.

Southpaw Bert Butts, a 5-11 sophomore, was 1-4 last season but he had some tough luck and should improve on that record. Butts' ability to fire the ball can be seen in the strikeout column. He fanned 46 batters in 43 and 1/3 innings.

Art Kinnaugh, a right-handed junior, posted a 3-0 mark in 11 1/3 innings of relief last year, but Learn is hoping he can get by without taking the hard-hitting second baseman off his natural position. Kinnaugh batted a hefty .365 last season and had two doubles and five triples among his 23 hits.

Expected to see heavy duty on the hill is 6-2, 185-pound freshman Ed Gilson, a flame-thrower from DePaul High School, Wayne; Bruce Bowden, a junior from Nutley; and Tom Miller, a sophomore southpaw from East Rutherford, will get the call for most of the relief work.

Paul Bruno, a good-hitting experienced catcher from Paterson, will return for his third year behind the plate. He will be backed up by Vince Caruso (.295), Frank Bland (.200), and a newcomer Russ Gleeson from Lyndhurst. Bruno batted over .300 as a freshman but slipped to .261 last year getting off to a slow start.

The returning infield lists Dennis Dework of Clifton (.231) at first base, Kinnaugh at second, Caruso at third, and Sal Puzzo (.338) at shortstop. Returnees John Spadaro (.150), Lew Gatto (.200) and newcomers Mike Pagana, Vince Sausa, Ray Baldino and Dick Furlong are expected to provide some keen competition for the veterans.

Junior Joe Gregory returns to left field and brings a .295 batting average with him. The center field berth should be filled by senior Jim Cash who hit very high in 1967 but leveled off at .250 last year. Candidates for right field who saw some action last year include Gene Niedzwiecki (.54), Bob Edge (.500) and Frank Bland (.200). Bladino, Sausa, Pagana, and Andy Peters are also looking to right field as a spot to break into the starting lineup.

Rams Oust Skull In Intramurals

By BILL REGAN

Skull and Poniard Fraternity finally lost in intramural play. It is the first loss by S&P this year.

It took, however, the combined efforts of Mr. Wasil, the head of the intramural program, coach Learn, the baseball coach, and a fine ball game by the Rams to defeat Skull.

Missing from the ranks of S&P were starters Frank Bland, John Spadaro, Dennis Dework, Vince Sausa and Bruce Bowden. These men are all baseball players and were prohibited from playing by coach Learn. Their presence would surely have changed the complexion of the game. The score, 47-44, shows that even without its best Skull was in the game until the end.

Skull was led by Mark Toscani and Doug Berrian in the scoring. Bob Hamway led the Rams to their berth in the finals with fine, all-around ball handling.

The game was marred by sloppy officiating and poor sportsmanship made visible by a protest made while the clock was running concerning the eligibility of a Skull player.

(Note: This was another typical intramural event at PSC. This reporter would sum it up as BUSH.)

WRA Gymnastics Team Wins First

BRIAN BAILEY

Another first in Paterson State College sports history occurred March 12 when the first year women's gymnastic team won its first gymnastic competition, registering a hard fought 32.25 to

31.1 victory over Newark State College.

Frosh Leads Way

And the brightest note of the win was the fact that it was paced by the double victory performance of a freshman performer.

Jeane Landells, a music major, was very instrumental in the win as she came out on top in both the free exercise and balance beam events. Miss Landells competed in the Eastern District Women's Gymnastic Association meet held at East Stroudsburg (Pa) College.

Against Newark, she bettered her mark of 2.7 in District meet with a total of 3.9. A large part of her success can be attributed to the fact that she performed the difficult bent hip ascent strate vault.

Good 'Balance'

Miss Landells led Paterson State's sweep of the balance beam

event with a score of 3.01. Pat Mathews and Linda Carson finished two-three, respectively, behind their teammate.

The other Pioneer winner was Mary Amari in the vaulting event. Miss Amari, a sophomore from Brooklyn, won with a tally of

7.15 while Miss Landells was third. Miss Amari performed a layout stoop and her 7.5 was out of a possible 9.

Finally, a Newark gal, Tina Bush, won the uneven parallel bars event but Miss Carson and Miss Landells placed two-three respectively for PSC.

Thus Miss Landells set a personal first - becoming the first Pioneer gal gymnast to participate in all four events.

Also participating for the first year gals of coach Linda Dye were Sue Geskes (vaulting and uneven parallel bars) and Shirley Marchion (uneven parallel bars).

With that first, sweet victory under their belts, the PSC gals were in action last night at Newark in a triangular event with Newark State and Douglass College.

The Summary:

Paterson State 32.25

Newark State 31.1

Free exercise - Won by Jeane Landells (PSC), Ardys Conkling (NS), Karen Szymanski (NS). 3.9.

Vaulting - Won by Mary Amari (PSC), Karen Szymanski (NS), Jeane Landells (PSC). 7.15.

Uneven parallel bars - Won by Tina Bush (NS), Linda Carson (PSC), Jeane Landells (PSC). 3.45.

Balance beam - Won by Jeane Landells (PSC), Pat Mathews (PSC), Linda Carson (PSC). 3.01.

Women Cagers Advance In Met Tourney

In the opening games of the Metropolitan Invitational Basketball Tournaments held at Paterson State College on Saturday, the PSC Women's

Varsity downed the New York team 41-38. The Pioneers jumped to a lead and held it until the fourth quarter. When they began to tire some and Miss Ehret from

New York City began to hit on some jumpers, the lead dwindled. With the game tied 38-38, Cathy McCue got a clutch basket after a free throw by Carol Erickson. Then PSC got the ball and froze it to run the clock out. Marguerite Citro was high scorer with 17 for the victors. A team effort by co-captains Cheryl Sisto and Marguerite Citro, Cathy McCue, Pat Klarer, Lorraine Scheiber, Carol Erickson, Carol May, and Pixie Sampson put PSC in contention for tournament honors.

The second game of the tournament saw St. John's defeat St. Elizabeth's 45-38. St. John's jumped off to a commanding lead, 30-13 at halftime. But St. E.'s caught fire and narrowly missed upsetting undefeated St. John's. The winners of both games meet Wednesday at 5 p.m. and the losers play at 7 p.m.

Coach Will Myers, beginning his fourth season as head golf coach will send the Pioneers into three triangular matches, four dual events, two tournaments, and as a member of the New Jersey State College Athletic Golf Conference.

This year the NJSCAC will hold its yearly tournament at the North Jersey Country Club on Monday, May 12 with Paterson State acting as host. Last year freshman Pat Kaluck (Paterson State) took runner-up honors at the Princeton course.
