NJCPA Hosts Award Dinner

The State BEACON was presented with four journalism awards at the annual New Jersey Collegiate Press Association Banquet of May 4th at Caldwell College for Women.

Al Paganelli, this past year's Editor-In-Chief, received a third place in the editorial category. Brian Bailey, Sports Editor, was awarded a second place in this category. Lynn Vanderhoff was also honored, as she was presented with a second place feature award for her story on the Recruiters. Completing the list of honors, Gary Atta placed third in photography.

Other categories judged by the NJCPA were news, lay-out, prose, poetry and layout awards for literary magazines. NJCPA judged all departments on the basis of copies of the various publications sent to the organization earlier in the year.

State Loans

"The number of students receiving assistance under the State Guaranteed Loan Program has reached an all time high, more than tripling in the past two years," said Chancellor Ralph A. Dungan today.

"One out of every six New Jersey residents attending college in or out of state is now receiving some assistance under the loan program," Dungan said. Over 32,000 loans were made in the first half of this fiscal year, a 55% increase over the same period last year.

This increase, coupled with the 20,169 loans made during the same period last year, has more than tripled the number of loans made since the program's inception in 1960.

"New Jersey's Guaranteed Student Loan Program is one of the strongest in the country and its success is due in very large measure to the banks, savings and loan associations, and credit unions who have been cooperating in the student loan program," Dungan said. "Currently, more than 1200 institutions and their branches in every county in the state are participating," Chancellor Dungan said.

Since its inception in 1960, the State Loan Program has guaranteed more than 76,000 loans totaling nearly \$74,000,000. Under the program, students may borrow up to \$1,500 a year, but the total loans may not exceed \$7,500 for both graduate and undergraduate study.

The amount of the average loan increased slightly to \$1,042.40. More than 92 percent

PSC students rehearse for PSC production of "Poor Richard." The play opened Thursday night and will run through Saturday. The production is directed by Dr. Rinaldi of the Speech Department. Tickets can be obtained at the door.

Students and Faculty Form Committee of One

A new student-faculty organization at Paterson College denounced today what it termed the "white racist reaction" of many students at the school following the seizure of a classroom building on campus by a group of black students last week.

The organization entitled "The Committee-of-One" was established this week to provide an articulate voice for students and professors who are empathetic to the demands for changes in curriculum and admissions policies made by the Black Students Union at the time of their sit-in in Raubinger Hall May 8. Members of Committee-of-One expressed a range of opinion concerning the strategy of the Black Students Union. However, they all supported the need "to make a distinction between methods and issue" so that "substantive solutions" could be found to the problems of racism on campus and development of a program which would best serve the increasing numbers of Black students in the college community. Moreover, they condemned the imminent "threat of violence" from many of the white students who milled around in front of Raubinger Hall during the take-over.

The Committee's members added that new channels of communication urgently need to be opened because so many students and faculty members seemed to lack awareness of any of the issues involved in the crisis.

An executive committee for the new group has been formed. Members are: Dr. Fort Manno,

assistant professor of English; Dr. Theodore C. Miller, associate professor of English; Mrs. Joan Tetens, Elementary Education instructor; Miss Linda Barbarula, a junior; Miss Patricia Hoyt, sophomore; Peter Massardo, senior, and Miss Lois Muccio, a senior.

Committee-of-One members will meet May 20 at 4:30 p.m. in Room 101 of Raubinger Hall

Columbia Offers Teacher Program

Teachers College, Columbia University, in cooperation with the New York City public school system will inaugurate a 15-month Urban Teachers Corps Program this June leading to the masters degree.

Applicants must have or expect to receive a bachelors degree by June and be accepted at Teachers College where they will be students in the Department of Curriculum and Teaching. They must also be willing to serve at least two years after receiving the degree in the school district where they are trained.

The training program includes course work totaling 34 credits, service as an assistant teacher and intern teacher in a public school and six weeks in a community agency. Each student will receive grants for teaching and the community agency work.

Applicants are being sought. Interested persons may obtain further information and applications by writing to Mr. Bongo at 308C Main Hall, Teachers College, Columbia University, New York, N.Y. 10027.

when they hope to confer with members of the Black Students Union. All students and faculty subscribing to the principles of the Committee-of-One are invited to attend.

Today's views were expressed by the Committee-of-One in a policy statement which has been distributed to students on campus. The statement was also sent to the administration and board of trustees of Paterson State College.

A complete text of the policy statement is as follows:

"Although as individuals we have a range of opinion concerning the specific details of the Black Student Union's demands, we generally subscribe to the following:

1. We express to the college community our understanding of and empathy for the demands of the Black Students Union.

2. We express our appreciation of the courage exhibited by the B.S.U. in expressing their demands in an open manner against great opposition.

3. We reject totally the "white racist" reaction, specifically the threat of violence, expressed by many white students massed before Raubinger Hall on May 8, 1969.

4. We encourage all students, faculty and administration who are attempting to face our difficulties on campus with reason and restraint.

5. We urge everyone when discussing the recent events, to make the distinction between methods and issues so that substantive solutions to the original problems can be found."

State Strips Trustee Power

"The Senate's approval of a S-511 is dangerous and detrimental to the best interests of higher education," said Chancellor Ralph A. Dungan today. "The Senate action moves strongly in the direction of making trustee appointments political plums and is an affront to the present Board of Higher Education and members of the college boards of trustees," he said.

S-511, which passed the Senate on March 17 with only two dissenting votes (Senators Woodcock and Schiaffo) strips the Board of Higher Education of the power which it now enjoys to appoint trustees at New Jersey's state colleges. Under S-511, the Governor would appoint trustees with the advice and consent of the senate. The bill was referred to

(Continued on Page 3)

Committee Forms To Study Issues

An ad hoc committee formed to deal with the issues raised by the Paterson State College Black Students Union has begun work, William A. Caldwell, chairman of the PSC Board of Trustees, announced today.

The committee includes board members Dr. Alan Holden, who is serving as chairman; Dr. Stephen J. Wright, and Rabbi Martin Freedman. Also on the committee are PSC President James Karge Olsen, Vice President Zanfino and Dr. Sylvester Balassi, chairman of the Faculty Senate.

The committee has been charged with the responsibility of developing the College's response to proposals and demands made by the Black Students Union and reporting to the Board at its next public meeting May 26.

Dr. Holden is a physical chemist with Bell Laboratories in Murray Hill. He is the author of numerous books and articles and has spent the last 10 years working on the improvement of the teaching of chemistry and physics in high school and college.

Dr. Wright is former president of Fisk University and currently is spiritual leader of Barnert Memorial Temple in Paterson.

Zanfino has jurisdiction over the College's administration and financial affairs. He has been with the College since 1948 and formerly was part owner.

Dr. Balassi, who has taught at Paterson State for 10 years is professor of education. Previously, he taught at William and Mary and Fairleigh Dickinson University.

LETTERS TO THE EDITOR

Usage

Dear Editor:

The May 9th issue contained a letter regarding "the harsh feelings" of all Juniors presently engaged in Junior Practicum. As a transfer evening division student, I fully sympathize with the valid complaints of these students. However, the letter would have carried more "punch" and received a more favorable response were it written more coherently in order to give the reader a clearer understanding of its purpose. Unless suggestions are presented in readable form, who will get the message?

The closing lines stated that "the quality of us is partially lacking also, from the program."

May I suggest a course for him in Basic English in order to fill up his "partial lacking"?

Frances Moldew '70

Art Exhibit

Dear Editor:

It seems that Mr. Weiner and I have been discriminating against "children" in the Wayne Hall lounge — Mr. Tanger, who the hell are you to accuse us of discrimination? Look mister, we did not say everyone in the Wayne Hall lounge is a child. Read the article again. Why don't you do PSC students a favor and tell everyone what did happen at the Senior Art Show, if you really know. Since you seem to know all the facts, let's hear them. Instead of clearing up the "mystery" of

the damaged art objects in the Wayne Hall lounge you deem it necessary to demand an apology. Whether your friends have long hair or not is not the issues. Don't imply something that wasn't in our letter.

Larry Weine '71

Punish

Dear Editor,

I feel that the demonstration staged by the BSU Tuesday was an honest act of civil disobedience. I do feel that the involved students can be punished but mercy should be showed. They, even in a protest situation, showed non-violence to property and person and had no Personal

do your contact lenses lead a clean life?

Contact lenses can be heaven . . . or hell. They may be a wonder of modern science but just the slightest bit of dirt under the lens can make them unbearable. In order to keep your contact lenses as comfortable and convenient as they were designed to be, you have to take care of them.

Until now you needed two or more separate solutions to properly prepare and maintain your contacts. You would think that caring for contacts should be as convenient as wearing them. It can be with Lensine.

Lensine is the one lens solution for complete contact lens care. Just a drop or two, before you insert your lens, coats and lubricates it allowing the lens to float more freely in the eye's fluids. That's

because Lensine is an "isotonic" solution, which means that it blends with the natural fluids of the eye.

Cleaning your contacts with Lensine retards the buildup of foreign deposits on the lenses. And soaking your contacts in Lensine between wearing periods assures you of proper lens hygiene. You get a free soaking case on the bottom of every bottle of Lensine.

It has been demonstrated that improper storage between wearings may result in the growth of bacteria on the lenses. This is a sure cause of eye irritation and in some cases can endanger your vision. Bacteria cannot grow in Lensine which is sterile, self-sanitizing, and antiseptic.

Let your contacts be the convenience they were meant to be. Get some Lensine, from the Murine Company, Inc.

news BRIEFS

Phi Rho Epsilon held its annual election of officers last week. Executive Board members and other officers vital to the fraternity's function were elected for the ensuing year. The new E-board is led by President Albie D'Amico and his Vice-president, Doug Stephenson. The other members of the top panel are Ron Nagle, Treasure; Walt Aldridge, Recording Secretary; and Doug Aldridge, Corresponding Secretary. Other elected officials are as follows: Irwin Shapiro, Chaplain; Lex Greenwood, Sergeant-at-arms; Bob De Vincentis, Parliamentarian; Andy Macey, Sports Coordinator; Russ Clark, Social Coordinator; Noel Glaser, Historian; and John D'Amore, Pledge Master. Congratulations to these twelve and good luck in the coming year of important change at P.S.C.

Trustee Power

(Continued from Page 1)

the Assembly Education Committee. "The Higher Education Act of 1966 contains the clear mandate of the Legislature that all public institutions of higher education shall accomplish their educational goals free of partisanship," Dungan said. "The presently constituted boards of trustees have attracted extremely able persons. We cannot be sure that the high degree of pride of independence would continue if the new method of appointment were instituted," he continued.

"In addition, to deny the Board of Higher Education the right to appoint the members of the college boards of trustees alters the fundamental relationships between those groups," said the Chancellor, "It leaves the Board of Higher Education responsible for the development and management of a system of higher education, including special direct responsibilities for the state colleges, without the authority to designate the key people who must make the system work," said Dungan.

"There is no doubt that the Legislature has important

State Loans

(Continued from Page 1)

of the borrowers are undergraduate students.

The loans, to help pay college costs, are at the rate of seven percent simple interest a year. The Federal Government pays the interest while the student is in college, provided the borrower's adjusted family income is under \$15,000 at the time the loan is made. Application for a loan should be made to a participating lending institution two months prior to the date when funds will be needed.

responsibilities with respect to the oversight of higher education," the Chancellor said, "but it oversteps the bounds of prudence and propriety when it brings politics into education or attempts to usurp decisions which are properly the responsibility of the educational community itself."

BY ROSELLA LENT

Good Evening. Last week I urged all evening students to attend the Evening Division Student Council Meetings. I don't believe it had much effect. The main reason for that lack of effect is a large percentage of the people I talked to had no idea that such a "thing" even existed. As a matter of fact most of them have never heard of the BEACON. The reason I attribute this lack of knowledge to is (and it's not even their fault) the BEACON comes out around noon on Friday the evening division doesn't have classes on Friday and even if there is any papers left over from Friday afternoon the evening students never see them. So you may wonder why I write this column (I have already been asked that question) the evening students do see my column it is posted on billboard in Raubinger Hall. But I would like to see the evening students find out about the things at PSC that day students take for granted.

The evening Student Council is sponsoring a contest to find a suitable emblem for the Evening division. The contest is open to all currently enrolled evening students. Place all "emblem" entries together with your name, address and telephone number in the council mailbox, located in the mailroom of Raubinger Hall. All entries are welcome please show your talent and your interest in the evening student council.

A \$1.00 student activity fee per semester will be assessed all part-time graduate and undergraduate students beginning with the Fall 1969 semester. Money received from this fee will go into an account administered by the Evening Student Council.

Evaluate!

BY BILL GAZDAG

Socrates once said that the only way to understand yourself and the world about you is to "Know Thyself". So in answer to this old Greek I prepared a few questions for you to ask yourself. Some questions read once and then forget them, others try to remember once in a while . . . maybe a little thought will bring you to the true beautiful you.

- 1) Do you ever feel like telling a teacher to "Go to Hell" just for the fun of it? Why or why not?
- 2) For WHITES - Do you look a BLACK person in the face when you pass by or do you sort of look away? Why or why not?
- 3) For BLACKS - Do you feel that people are always making fun of you because of your color? Why or why not?
- 4) Would you really like to see a dirty movie once in a while? Why or why not?
- 5) Do you while listening to music on the radio hate it when the news comes on? Why or why not?
- 6) Are you ever tempted in your mind to try drugs or experiment with sex? Why or why not?
- 7) Do you really like "Modern Art"? Why or why not?
- 8) Did you ever stop and think what death is really like and does it scare you? Why or why not?
- 9) Do you wish you were younger? Why or why not?
- 10) Do you really believe in GOD? Why or why not?
- 11) For MEN - Do you ever feel like raping one of your classmates during a math test? Why or why not?
- 12) For GIRLS - Would you really like to get raped during a math test? Why or why not?
- 13) Do you ever wish for the whole school to burn down to the ground? Why or why not?
- 14) Do you ever feel like your teacher treats you as his own little slave? Why or why not?
- 15) Do you want a better figure? Why or why not?
- 16) Do you ever laugh at jokes you really don't understand? Why or why not?
- 17) Do you wish you were someone else? Why or why not?
- 18) Did you really want John Alfieri to win SGA election? Why or why not?
- 19) Do you think that the actions of the BSU in the week of May 4th were stupid and wrong? Why or why not?
- 20) Do you honestly think that Tiny Tim is for real? Why or why not?
- 21) Do you think that on a 1 to 10 scale with 10 as the best that you as a person rate under a 5? Why or why not?
- 22) Do you really know what you want to do with your life? Why or why not?
- 23) Do you LIKE both your Mother and your Father? Why or why not?
- 24) Did you like grade school? Why or why not?
- 25) Would you rather be a rich person than one who is famous but poor? Why or why not?

So answer the questions the best you can and try to be truthful to yourself. People are insane in this world but I think that is what keeps me around anyway.

Next week there will be a full page article on , PROTEST, so please don't say that the STATE BEACON is passing over the issues.

"I know the way home with my eyes closed."

Then you know the way too well. Because driving an old familiar route can make you drowsy, even when you're rested. When that happens, pull over, take a break and take two NoDoz® Action Aids.* They'll help you drive home with your eyes open. NoDoz Action Aids. No car should be without them.

Golfers Earn State Honors

Valentine 3rd In NJSCAC

The New Jersey State Conference Golf championship, hosted by Paterson State College at the North Jersey Country Club, Monday, was won by Bill Ewe of Glassboro State.

Paterson State College's Bob Valentine had to settle for third. He was tied for second with Trenton State's Len Travaglinio after regulation play but the PSC co-captain lost a sudden death playoff.

Pat Kalucki, the other Pioneer co-captain, finished a disappointing fourth. He had been favored to win.

Paterson State's Clarence Reinstra was tied for the lead after nine holes with a 38 but faltered on the rugged back nine.

Kalucki No. 2 In NAAIA's

WAYNE — Bloomfield College took the National Association of Intercollegiate Athletics Golf championships Thursday, scoring

IPE Leads League Beta Takes Three

Phi Rho remained undefeated after five games as it outclassed Delta 16-2. Delta was never in the game as their hopes for the championship were diminished. Lex Greenwood and Frank Metro supplied five and four hits respectively for winning pitcher Noel Glasser. Pat Hurley was one of the very few bright spots in the Delta attack with three hits.

Skull kept its hopes for the championship alive by knocking off Theta 10-8. Skull remains one game behind Phi Rho and both meet on May 22nd.

Beta was the surprise of the week as it won three games to move into a tie with Skull. Upsetting Sigma (11-7) was the highlight of Beta's week which also included victories over Theta and the Zoo by 17-8 and 8-4 respectively.

Volleyball Opens

With only two weeks left in the semester, Intramural Volleyball finally opened what will be a very short season.

Skull, which seems to be the team to beat, defeated a surprisingly strong Delta team. Skull handily won the first game 15-1, but getting a little overconfident, they lost the second one 15-9. The last game was a see-saw contest which had

a 342 point total here over the Knoll Country Club course.

The winners won the tournament by one stroke over Monmouth College. Trenton State was third with 346, while Paterson State, who placed seventh in the tourney, totaled 363.

In the individual matches, Jack Skochil, of Trenton State, scored the low gross of the day with a 79 over the tough Knoll layout. Ironically, Skochil is from Bloomfield.

Following Skochil was Pat Kalucki, of Paterson State, who won on a match of cards over Vince Mastasi, of Bloomfield. Both players fired 81s.

Kalucki Wins Pioneers Lose

WAYNE — Despite 3-0 wins by both Pat Kalucki and Clarence Reinstra, Paterson State College's golf team ended its dual meet season by losing to East Stroudsburg State College, 11-7, Wednesday.

Kalucki fired the low score for the day, a two under par 70.

Scoreboard Fund Started

Thanks to the establishment of the Wightman Fund, the new athletic field at Paterson State College will have an athletic scoreboard.

The scoreboard, slated for use during the fall season, is being paid for out of money raised by this fund, which is in honor of Dr. Clair S. Wightman, President of Paterson State College from 1937-54. The fund was approved by the executive council of the Paterson State College Alumni Association at its recent spring meeting.

The fund was initiated by one of this year's recipients of the distinguished alumnus award, Dr. Eugene T. Ferraro of Glen Rock. Dr. Ferraro is Vice President of Kearfott and Director of Singer-General Precision.

The executive board voted to contribute \$1000 to the fund immediately. Friends of Dr. Wightman and of Paterson State College who wish to contribute may send their contributions to: The Wightman Fund, Paterson State College Alumni Association, 300 Pompton Road, Wayne, N.J. 07470.

AND THEY'RE COMING BACK

THE LETTERMEN — All five Paterson State College golfers pictures here shot their way to varsity letters during the 1969 golf campaign. And they'll all be back next year since three are sophomores and two juniors. From left, Clarence Reinstra, co-capt. Pat Kalucki, co-capt. Bob Valentine, Jim Esposito and Mike Pagana. Two lettermen not pictures are Tom Lyons and Rich Armona. Valentine and Esposito, next years co-captains, are juniors, the other five are sophs.

JV Looks Good But . . .

Varsity Girls Drop Final Tilts

Inconsistency, errors and bad innings. These are what plagued the Women's Varsity Softball team in its last three regular season games and the result was losses to Douglass, Montclair State and Lehman — and a final mark of 3-5.

JVs Win Three

Meanwhile the jayvees kept rolling along. These girls, who will be filling into the varsity ranks next year, registered easy victories over Douglass, 10-6 and Lehman, 18-5 and outlasted Bergen Community College, 14-13. Their only loss was a tough one to Montclair.

The varsity gals seemed to let one error pave the way for another and big innings for the opposition resulted. Lack of experience came to bear in those final three games and this seemed to be the only major difference between PSC and its opponents. The pitching was solid, however. The hurling was taken care of by Linda Rosser and Diane Casulli.

Should Improve

The team should improve next year. A solid infield should be built around third baseman Kathy Alm, shortstop Elaine Korzeniewski and second baseman Pat Klarer who will all be returning. Miss Korzeniewski and Miss Klarer wielded the most potent bats for the PSC gals this season.

Speed, hustle, strong bats and heads-up play were the ingredients for success for the jayvee gals this season. Karen Radcliffe and Judy Buch hurled especially well while Carol Nicolson and Janice VanOrden did well in relief.

The baserunning was centered upon speedy Patty McCoy.

Diane Pietrusak and Jean Kyle were consistent hitters and could also scamper around the basepaths.

The power — hitting this season

was provided by Kathy Sexton, Lorraine Scheiber, Karen Radcliffe and Carol May.

The nearly all freshman team also had good fielding by outfielders Mary Dupre and Pat Barnaba.

B.J. Richardson, backed by Kim Weinstein, has been a strong backstop.

Varsity Net Gals Keep Winning

"The girls have done a fantastic job for the first season." This was said by Virginia Overdorf, coach of the first year Paterson State College varsity tennis team which Monday won its fourth match in six outings, an easy 4-1 victory over Newark State College.

The 4-2 record is really impressive. Besides the old excuse that this is a first year team, the PSC girls can point to the fact that they did not have courts of their own to play on and had to travel all of the way to Ramsey to practice outdoors.

But the Pioneer tennis girls don't need any excuses to fall back upon because of their fine play.

Newark State was no match for the PSC court queens, Monday.

Kathy Heron got the match off to a fine start. The number one singles player for Paterson State

MSC Tips Pioneers In 10, 3-2

By BRIAN BAILEY

Having a seven game win streak snapped by losing a 9-8 ballgame is bad enough but losing at Montclair State College, 3-2 in 10 innings is even worse.

This is the summary of the sad events which befell Paterson State in its recent baseball activity.

After losses to Brooklyn College a week ago Thursday and to Montclair on Wednesday, the Pioneers are 9-6-1 overall and 4-4 in the New Jersey State College Conference.

Perhaps their most bitter loss of the year was Wednesday at the hands of arch-rival Montclair. The men of Dick Learn had beaten the Indians, 1-0 in 10 innings the last time for a really sweet win. This time it was Montclair's turn.

Fatal Blow

The Indians won it on relief pitcher Ken Inglis' 395 foot-plus home run in the bottom of the 10th.

Joe Gregory's single attached to a three base throwing error by Montclair starter Pete Jerauld had given Paterson State its first run.

PSC made it 2-0 in the second when Vin Sausa singled, stole second and third, and came home when MSC's rattled catcher, Frank Rossi, threw wildly on a pickoff attempt.

Bert Butts, who had gone the route in zipping MSC the last time, coasted for the first four innings against the Indians.

The ride ended with a jolt in the fifth when Montclair's Rich SanFillipo tagged the Pioneer lefty for a two run homer that tied the contest.

The game with Brooklyn College had ended suddenly, also. It ended, and so did the Pioneers win streak, when Brooklyn's Bernie Diamond stole home on the front end of a double steal.

Mad, Mad Game

The move had capped a madcap scramble which saw PSC rally for three runs in each of the eighth and ninth innings. It also saw the Pioneers Art Kinnaugh spark both of those rallies with an eighth inning two run homer and a ninth inning two run triple — and then become the losing pitcher. Kinnaugh made his first appearance of the year on the mound in the ninth and was the victim of the two Brooklyn runs which won the game.

had to go three matches, but she defeated Newark's Donna Deter, 6-0, 3-6, 6-3 to up her individual record to 5-1.

Ruth Strother put Paterson ahead for good when she won her third singles match by downing Dottie Chiere, 6-4, 0-6, 6-1.

Paterson State went on to win both doubles matches with Sandy Strother and Joan Katz teaming to top Barb Bell and Carol DeMaria, 8-6, 6-2 while Barb Weir and JoAnn Phillips joined efforts to rip Linda Smith and Joan Wagner, 6-1, 6-1.

Monday the Pioneer gals finish their season with a match at Ocean County Community College. Win or lose, the team has had quite a first year!
