The PIONEER '47

ROBERT E. WILLIAMS

DEDICATION

IN LOVING RESPECT, IN PROFOUND ADMIRATION, AND IN GRATITUDE FOR HIS FRIENDSHIP AND WISE COUNSEL, WE, THE CLASS OF 1947 DEDICATE THIS YEARBOOK TO MR. ROBERT E. WILLIAMS, LATE PROFESSOR OF HISTORY AND ADVISER OF THE STUDENT GOVERNMENT ASSOCIATION OF OUR COLLEGE.

FACULTY

CLAIR S. WIGHTMAN

Dear Seniors:

Ten years ago college graduates went out into a world that seemed to say, "We have no use for you." The graduating class of 1947 is going out into a world that is not willing to wait for you to graduate. Many boys and girls in our country are out of school because there are not enough teachers for the classrooms. You are assured of being employed this year, but if your work with boys and girls is to become only a job, give it up.

The schools of our country are the front lines in the defense of our democracy. There will be times when you as a teacher may feel that you are not doing much to promote democracy and insure peace, but doubts about personal contributions never provide a justification for failure to dedicate to service. Good education is an investment in good citizenship, and good citizenship is an essential of democracy. If you lose faith in this ideal, you forfeit the privileges of citizenship in a democracy.

Although you may momentarily waver, I shall not lose faith in you. I am confident that you will be a credit to our profession. We welcome you into the largest professional group within our country.

CLAIR S. WIGHTMAN,
President.

The musical score is written in G major (one sharp) and 4/4 time. It consists of a vocal melody line and a piano accompaniment. The piano part features a steady eighth-note bass line and chords in the right hand. The lyrics are written below the vocal line, with some words like 'Tward' and 'er-er' appearing to be misspellings or stylized spellings of 'toward' and 'ever'.

FACULTY ADVISER

Dear Seniors:

We have had fun and trouble, successes and hardships, as we met the increasingly complex problems of college life.

We have had to be patient, when we would have preferred action; tolerant, although we were irked; understanding, because others did not understand themselves.

We are learning to admit error honestly, and, by so doing, our minds and imaginations are opened for constructive thought and action.

This thinking, feeling, and functioning together has developed into a vital cooperation. We know now that greater good for all means greater selflessness.

In your chosen career all of the painfully acquired qualities you possess will be tested.

Out of my deep affection for and interest in you has come a fervent desire for each one of you to have the heart and mind to incorporate positive qualities in your daily living. Our new world will become as strong and vital as you and your teaching are alive. You are challenged to do better than has ever been done before.

Cordially yours,

MARGUERITE BRISTOL TIFFANY

Students Feast At College Dinner

Tuesday, November 21, was the eventful day, and as twelve o'clock approached, the basement halls were already crowded with hungry, anxious students waiting to dig-down-deep into some of Carrie and Emma's delicious plates.

The cafeteria had a slight face lifting for the occasion, for the tables were arranged attractively with the faculty situated at one end, and the students' tables extended down the length of the "caf". The tables trimmed with paper turkeys, colored napkins, and outlines of the famed Mayflower gave a festive Thanksgiving atmosphere.

Meal Set to Music

Then it happened! The clock struck one, and a happy throng of students streamed into the "caf" eager to obtain a long-awaited seat. Luckily, however, there was ample room for all, and everyone relaxed comfortably and waited. Once seated, the students burst into songs, cheers, jive, sayings, and what-not, giving a splendid rendition of what Mrs. Moneypenny would consider as the perfect example of harmony(?). At this point, there was no distinction between classes. The entire student body appeared as one hungry, howling family.

Sophs 'Scurry' To 'Big City'

Despite the inclement weather, the intrepid Sophomore Class scurried into New York City late Monday afternoon, January 22, to spend an exciting and enjoyable evening.

They drifted by groups and pairs into the Gripsholm Restaurant where they pitched manfully into seeming mountains of Smorgasbord, plus roast duckling and consomme, and polished off the feast with Swedish apple cake and coffee.

They more or less staggered down to Radio City and were ushered into Studio 8-H, the largest in the world, to hear the "Voice of Firestone" concert and the superb singing of Gladys Swarthout with whom they sang one verse of the evening's hymn.

Then they were taken on a tour of N.B.C. by the merest wisp of a guidette whose cool poise contrasted to their wide-eyed wonder and strongly questioning air. Some of the bolder ones were even televised.

The climax was seeing the Chesterfield Show with Ted Heale and his orchestra, Jo Stafford, Perry Como, and Martin Rock, master of ceremonies.

r. and Mrs. Wightman, Miss rson, Dr. Alteneder, and Miss ny, their adviser, accompanied the group.

Freshmen Plan Annual Frolic

Promising all the thrills and chills of Hallowe'en is the masquerade now being planned by the Freshman class. It is to be held Friday evening, October 29, at 8:00 P. M. in the College auditorium.

Various committees under the direction of the Social committee, have been appointed to carry on the duties necessary to make the affair as great a success as the class anticipates. These committees are presided over by: Charles Ress, entertainment; Lottie Rutyna, refreshment; June Stevens decoration; Lila Shier, publicity; Isabel Cusano, reception; and Basil Battaglia, clean-up.

The program of the evening will consist of a stage presentation, games, and dancing. Prizes will be awarded for the most beautiful most original, most gruesome, and most comical costumes.

Since the object of the evening is fun plus spooks, all are asked to come prepared to get their full. Costume and mask are also requested. These will add to the general atmosphere of Hallowe'en and also to the fun because they will certainly move all into the S-P-I-R-I-T of the night.

Admittance will be free for members of the college upon presentation of remittance card. If a student wishes to bring a guest, he may obtain an admittance slip from Miss Jackson for the sum of twenty-five cents tax included, before October

School Takes Boat Ride To Rye Beach

Playland at Rye Beach, New York will be the scene on May 31 of this year's gala Shaffer Play Day. A high spot of the trip will be the boat ride to and from the park. Dorothea Van Duzer, chairman of the Social committee has tentatively arranged for her committee to provide the transportation expenses to and from Rye.

At Playland, State will have a special picnic grove reserved, and swimming and amusement tickets will be available at a discount.

Watch the Bulletin Board about directions for getting to the boat, and time schedule.

Winter Carnival To Feature Snow King And Queen

Because so many other social functions are planned for today, the closing day of school, such as the Masque and Masquers' play, the Glee Club's annual Christmas program and the Junior Prom in this evening, any farewell Christmas party that might have otherwise been organized has been cancelled.

Examination Schedule

Junior Class Shows Movies For Grades

Among the many activities of the Junior class is added the showing of movies on Friday afternoons from 3:20 to 4:30 for the children in School No. 24. The admission is ten cents. About five Walt Disney cartoons were shown already. Angelo Bertone runs the motion picture machine for these movies, and Sonia Folender has charge of renting and returning all films. The proceeds from the after-school movies go toward the year book of next year's Seniors.

Simon Takes Frosh Gavel

Three Eastsiders were voted into office when the Freshman class elected its officers. Donald Simon, president, served on the Student Council at Eastside and played basketball. Very active during his senior year he worked on the MIRROR, the Social committee and was Prom chairman. At State he, along with the other freshman men is interested in forming a basketball team.

Adele Hines, also an Eastsider was a member of the Student Council, president of the Latin club and interested in the bowling and music clubs. For her part in the school's war effort, she served on the War Bond Drive committee. Continuing along a musical line, Adele has joined the Glee club at State.

The third Eastsider is Alice Mulener, freshman treasurer. She entered State last December with an accelerated grade. As technically a freshman she already started her activities as a member of the Yeamance, secretary, officer not from Paterson, halls from Paramus, graduation from Ridge. In the kindergarten, she matriculated in the clubs. Her interests in the clubs are Psychology, Sports club.

Senior Observe Charter Day

Senior students in the Kindergarten-primary and General-Elementary divisions observed the Second Annual Rural School Charter Day on October 4, by visiting rural schools in Passaic and Morris Counties.

The following are the students who visited the various districts: Echo Lake: Elizabeth Suenram, Rita Mischler, Grace Jelalian, Lois Markvart; Newfoundland: Florence Bezdek, Jean Ahlers, Estelle Bishop, and Ruth Jandard; Pompton Plains and Pearquannock: Edythe Pachman, Dorothy Katz, Rose Levitt, and Emma Post; West Milford: A. Bertone, Sonia Follender, Nicoletta Linares, Beatrice Buranelli, and Rocco Montesano; Oak Ridge: Estelle Gelfand and Evelyn Walton.

SALES TO CONTINUE

As a result of their Friday sales for the past four weeks, the Junior Class has accumulated \$14.90. The cake sales will continue until each member has contributed cake, pie or its equivalent in pastry. Proceeds will be given the Senior Class toward their yearbook, PIONEER.

Junior Prom Colorful Success

Pre-war festivities returned to "State" on February 21, when the Juniors sponsored the first formal Prom held since the beginning of hostilities. Formal gowns, dim lights, soft music furnished by the La Sala Brothers Orchestra, and tables arranged in horseshoe fashion set the scene of the big event. The theme of the Prom was "Snow" and the college auditorium was appropriately decorated with blue and white balloons, streamers, trees, and snow fairies. Entertainment was provided by three Staters. Eunice gave her rendition of the "Personality", Karl Di Gangi played three popular numbers of "Begin Prom."

Seniors Begin Task Of Raising Money

The senior class of '47, all nineteen of them, started their last year at State with the important job of practice teaching. Busy though they may be, the industrious seniors are, as usual, searching for ways and means to make money for their yearbook. So far, their plans include the sale of Christmas cards and writing paper, now on display in the show case on the second floor in the cafeteria. Still in the process of developing is a plan to secure Broadway professionals to put on a show here at school to obtain further profits.

The entire class "pitched" willingly to set the pace bigger and better formal P.S.T.C.

Enrollment Soars, Setting New All-Time Record

Paterson State's enrollment jumped to a total of 700 full-time students last week when the spring semester began. Approximately 100 of the new registrants in day college are veterans of World War II taking advantage of their privileges under the G. I. Bill of Rights. This increases the total veteran enrollment in the full-time division to 320 while the part-time division's enrollment has been enlarged by 145 students.

SENIORS PRACTICE TEACH

Where are YOU going; what grade do you have; who's your supervisor? These were the questions being asked by all seniors last week. It was the thoughts of their fall practice teaching period which caused the questioning and comment. The practice period began yesterday and will extend through December 15.

New Features In '47 Yearbook

The yearbook for the graduating class of 1947 will feature many innovations. Among them is the inclusion of cartoons, drawn by Grace Jelalian, caricaturing the secret ambitions of each graduate.

A feature never before included in a State yearbook is a song written by Ruth Jandard. Included in this yearbook are the words and music of a college song.

Not only are the ambitions of the senior brought to light, but also pictures taken during their recent childhood.

In addition, the famous sayings of our faculty members are to be recorded for posterity. The yearbook will include a history of each club plus a club picture, and formal and informal snapshots of all classes.

The committee expects to receive the yearbook by June 1, and distribution, among all full-time college students, will take place shortly thereafter.

Follender To Head Next Senior Class

Members of the Junior Class recently held elections to determine who would be the class officers during their Senior year. Results of the election were as follows: Sonia Follender, president; Al Bertone, vice-president; Emma Post, secretary; and Grace Jelalian, treasurer.

Next year the main object of the class will be to raise money for their senior year book. This will be slightly difficult, since seven of the class members have left with temporary teaching certificates. However, we hope that with the cooperation of the student body, it can be done.

Sophs Retain 2 VicePresidents

At a recent meeting the Sophomore Class decided to retain two vice-presidents, Francis Hackett and Bernard Bokma. Formerly Francis was vice-president, but because the class thought he was a junior they elected Bernard to take his place. When they found out that Francis was still a sophomore, they decided that they could use the services of two officers.

The class has made plans for a picnic to be held on April 19. Of course, if "the rains come" it will be postponed until the following Thursday, April 26. The picnic will be held on Bernard Bokma's farm in Allendale.

Seven Juniors Get Teaching Certificates

On May 17, the Junior class lost seven of its members. Seven Juniors were presented with temporary certificates and will be permitted to teach next September. They are to take an accelerated course and therefore make up their senior subjects in the summer school and in the evening next year. The lucky seven are Mrs. Anne O'Connor, Mrs. Marjorie Cummings, Audrey Furst, Marianne Richardson, Selma Vander Roll, Bernard Bokma, and Joseph Ford.

Sonia Follender, president; Emma Bertone, vice-president; Grace Jelalian, secretary; and Grace Post, treasurer, join their classmates in forwarding for cooperation forward for cooperation in the rest of the student body in their urgent cause.

UNDERCLASSMEN

History of Junior Class

That first semester way back in '44 was a long time ago, but through the nebula of forgetfulness comes a few outstanding memories.

We were freshmen, and for three days of traditional initiation, the sophomores didn't let us forget it! Everything was in fun, especially at the initiation assembly where our class talent was first brought into the limelight. Remember petite Dorothy Gagg giving a monologue to the thorough enjoyment of everyone? Class officers were elected and Leonard Rothstein headed the class as president. When Leonard was called to service Emily Mix took over the class leadership.

Our Frosh Frolic was a happy success as our first experience in giving a dance at Paterson.

In the second semester Helen Potash produced and directed a wonderful freshman assembly program in which the entire class participated. As a class outing, we went to see "Harvey", and had a delicious Smorgasbord dinner.

And so we ended our first year at State but returned in the fall of '45 ready for another busy year. We elected Helen Potash our class president and the first business of this year was initiation, but this year we were on the administering side. Because the veterans were coming back it was decided to keep the initiation in a light vein. There was little hazing but lots of fun in the assembly program, when the freshman class officers and a few others were forced to entertain the rest of the student body.

Of course the big program of the year was the Sophomore Hop and we went all out on it. The gym was literally transformed into a spring garden and dancing was to the wonderful music of Paul McCoy and his orchestra. Everyone had a superb time and memories of that night will stay with us for a long time.

We topped off our Sophomore year with another gay theatre party to see "On the Town."

The college was a lot different when we came back for our junior year. The student body had more than doubled and we, along with other classes looked forward to a successful year.

Bill Smith was our class president and many of the other juniors held important offices in college activities.

The juniors started the social calendar by presenting a square dance called the "Autumn Capers." "Chick" Mahone provided the music and when it was over we knew everyone had had a good time.

Six weeks had gone by in our junior year when the General Elementary and Kindergarten Primary departments started their practicum. It was the first taste of our chosen profession and we had six such weeks of fun and work during the year.

The memories of the Capers had hardly faded when we made plans for our Junior Prom. Paul Ritz was our general chairman and everyone helped to make our Prom a success. December 20 turned out to be a snowy day, but that night, at the Four Towers, a large crowd of Staters and their friends had a wonderful time and started their Christmas holiday off with a bang!

At the beginning of the second semester six juniors decided to teach on emergency certificates next year. They were Ann Paulison, Micky Cusano, Muriel Smith, Paul Ritz, Michael Mathews and Bill Smith. It will mean a busier year for those of us who are here next year, but we are looking forward to it with enthusiasm for the fun it will bring and with regret for the sadness it will give us—for it will be our last year at State.

History of Sophomore Class

Remember, remember, remember when . . .

We first came to Paterson State? We had no sooner stepped inside the building than we found ourselves being initiated. One evening and two days of restrictions, rules, and fun. And didn't the fellows snag the consequences at that assembly? But the Sophs decided we were not eligible to become full-fledged Staters so easily. Every day we wore small colored disks with the college seal. Our probation period was terminated with a parade around Paterson, an imaginary bonfire on a windy, snow covered hill, and hot refreshments back at the college.

Before long we became an organized class under the direction of Dr. Baker, our adviser, and the leadership of Herbert Stehling, our president. Our first class activity was the Freshman Frolic. Black cats, pumpkins, skeletons, and costumed Staters fulfilled traditions in the best Hallowe'en fashion. Using dancing as the main ingredient, we added a jigger of a pie-eating contest, a pinch of palmistry by Klara Sanders, a dash of lucky numbers, and one whole birthday dance. Then we mixed well, popped it before an appreciative, fun-loving crowd, and turned over a very successful evening.

The last class project for the year was the "Freshman Review." And what a review it was! Singing, dancing, tumbling, pantomining, instrumentalists, and an endless number of jokes—all cleverly woven around a riotous plot by Murray Saul and Marvin Chotin. Everyone agreed that it was one of the best variety shows P.S.T.C. had ever seen.

A new school year brought us right back where we started from—initiation! But this time we were on the other end of the line. A week of suffering was planned for the incoming freshmen; but because cooperation was limited, it was cut down to a two day siege.

This year the field trip was revived; the Sophomore Class visited the State Penitentiary and the Clinton and Annandale Reformatories. After this we all resolved to cut down our criminal life to cutting one class per week!

Murray Saul, this year's president, and various committees led the way in planning for two movie and dance nights to be held at the college. "Charlie's Aunt" was the first, and "Topper Takes a Trip" was the second movie featured.

This year's highlight was the Soph Hop, on Valentine's Day. Lace and hearts and flowers bedecked the school gym; red and white were the predominant colors. In addition to dancing to the music of Frank Viv's orchestra, everyone enjoyed the specially planned entertainment during intermission, and the refreshments served later. Pictures were taken and assembled into a loose leaf album. The album was presented to the college on behalf of the class of '49.

We are at the midpoint of our college life; two years have already flown past. We look forward to two more years of activity and progress.

History of Freshman Class

Among the musty books of history are many recorded events that have inflamed great nations to great deeds and helped guide the future of mankind. The following, I guarantee, will not have the same effect, but we hope it will in later years set a warm glow in your hearts. These are a few of the highlights of our class in review.

Remember, that September 9th, 1946, that balmy day when we arrived at our future "home" with light hearts? We were all here promptly at 8:30 A.M., just as the postcard said. We all lined up in the Assembly Hall and proceeded to register.

That night, at some undisclosed hour, the faculty called it quits and said registration would continue during the next day until completion.

The next day dawned, and about the campus opposite the school, were seen a cluster of pup tents and Air-Corps sleeping bags (for officers only) of the few hundred that wanted an early start.

And an early start they got. Before the chickens in the hills of Paterson had a chance to crow, forty more frosh were admitted. At the end of this second hectic day, an "oldster" around the college was heard to exclaim, "By golly, that sure is a mess of frosh! What will become of them?"

What became of us is by now ancient history, for we were the largest freshman class to enter the portals of Paterson State—a class that is still full of potential greatness.

As soon as the first few days of hustle and bustle were over, we settled down. With the able assistance of Miss Jackson and Miss Lee, and a short but hectic campaign, we elected our class officers who were as follows: President, Gene Rycharshi; Vice-President, Mildred Sisco; Secretary, Ethel Spierer, and Treasurer, Frank Tranis. Besh wishes for their successful administration of our affairs was the by-word of their classmates.

After successfully settling our class business, the sophs decided that it was time we knew our place. Initiation day was set and all the frosh were to be the victims. It seemed, however, that the frosh were too numerous to handle, so the sophs, after two days of "fun" called it off. Better luck to the next soph class—oops, that's us!

Then came the most glamorous, exciting, and entertaining evening in the whole college calendar: the Freshman Frolic.

The wonderful decorations, the fine band, the costumes of the celebrants and also the skits put on by our very talented Art Tatz and Manny Stuchin and Company were enjoyed.

Before the frosh had a chance to recuperate from the Frolic, the time for Field Trips was upon us. With luncheon, cameras and other necessary paraphernalia, the frosh took off for the Metropolitan Museum of Art and to the Cloisters. We should correct that statement by saying that the Metropolitan and the Cloisters nearly took off when the frosh arrived aboard. The guards are still wondering if all the mummies are still with their pappies (a la Lil Abner) and not at P.S.T.C.

The frosh were not only good at raising a rumpus, but excelled in helping the needy too. With the aid of Miss Lee, Mildred Sisco soon organized a drive for Christmas boxes for the hospital. Result—immediate oversubscription!

A loss and gain was recorded for us when able Mildred Sisco announced her intention of leaving P.S.T.C. Quickly the class sprang into the breach and elected charming and equally able Catherine Becker as Vice-President.

Thus we approached the second semester with a gala affair to welcome our numerous compatriots, who were taking their places in our rank. Welcome, brothers and sisters, welcome!

ACTIVITIES

Who's Who Among Students In American Universities and Colleges

Who's Who Among Students in American Universities and Colleges is a national honor society serving the business world, to which Paterson State Teachers College has nominated students for the past ten years and in which more than seventy (70) of her graduates hold membership. Its purpose is to serve: as an incentive for students to get the most out of their college careers; as a means of compensation to students in recognition of what they have already done; as a standard of measurement for students; and as a recommendation to the business world.

Nomination and election to the society is based on a combination of four qualities which indicate that the student is outstanding and an asset to his college: scholarship, character, leadership in extra-curricular activities, and potentialities of future leadership and usefulness to business and society.

The national society publishes in its annual edition of "Who's Who Among Students in American Universities and Colleges" biographical sketches of students elected to the society which is consulted by many outstanding American business companies.
