PATERSON STATE COLLEGE
WAYNE, NEW JERSEY

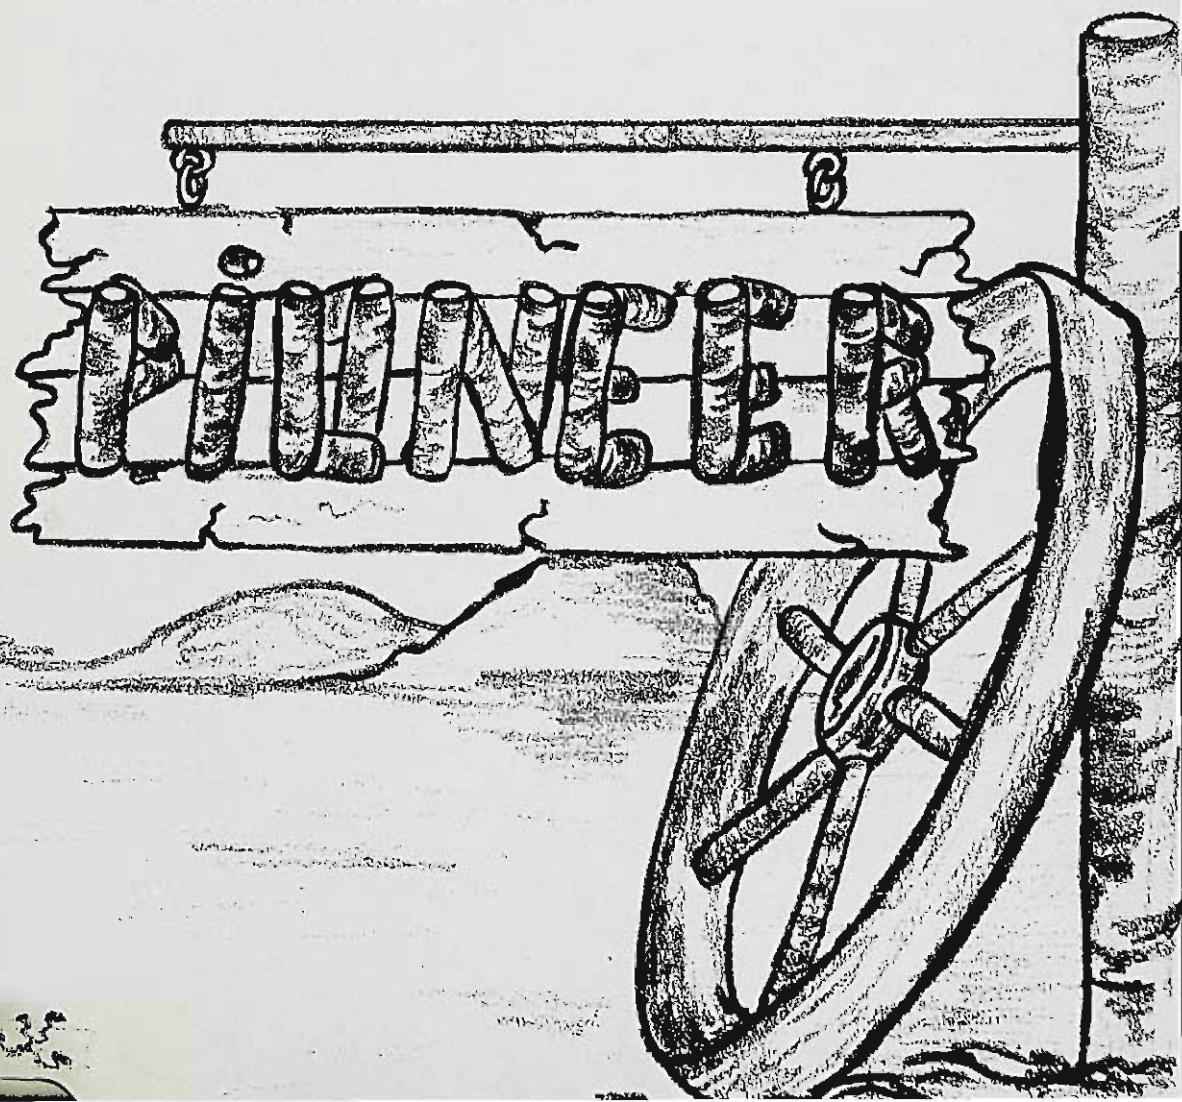

The Senior Class of

1954

New Jersey State Teachers College

at Paterson

Presents the . . .

Hunziker Hall

We, the Class of 1954, desiring to remember our friends among the students and faculty, and the inspiring activities in which we have participated, have set forth the following pages to remind us of our days at Paterson State.

Our college life is soon to come to a close and we are about to embark upon a new way of life. Let us reminisce for awhile, glimpsing back upon the pioneer trail of education and once more relieve the many memories which we hope always to hold dear.

Administration Building

Green ivy . . . red bricks . . .
the sweet odor of flowers . . .
gentle repose . . . the musty smell
of books . . . conferences . . . research
. . . reticence . . .

North Hall

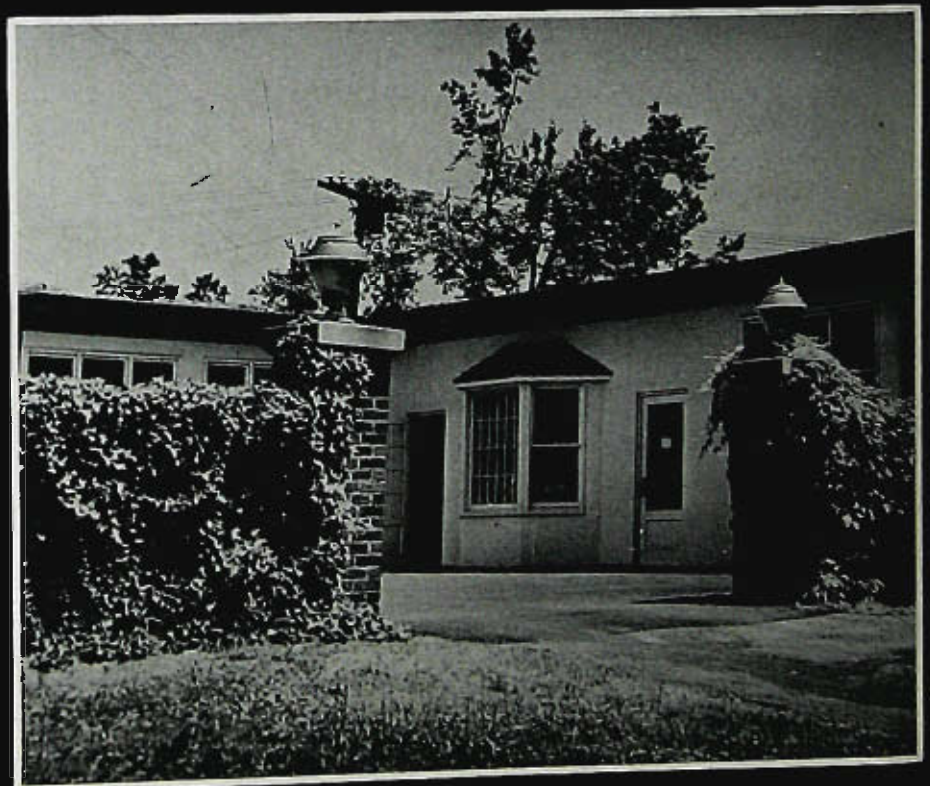

The long lunch line . . . an un-
dying search for a seat / . . lunch-
time chatter . . . appetising food
. . . gallons of coffee.

A quiet spot . . . exuberating
air . . . the ringing carillons . . .
lilting laughter . . . friendly hellos
. . . as we walk on campus once again.

Student Union and Bookstore

Conversation . . . bouncy music
. . . circles of smoke . . . the rhyth-
mic tap of a ping pong ball . . .
contemplation . . . escape.

**Round
House**

To each his own . . . a symbol . . . something to plan for.

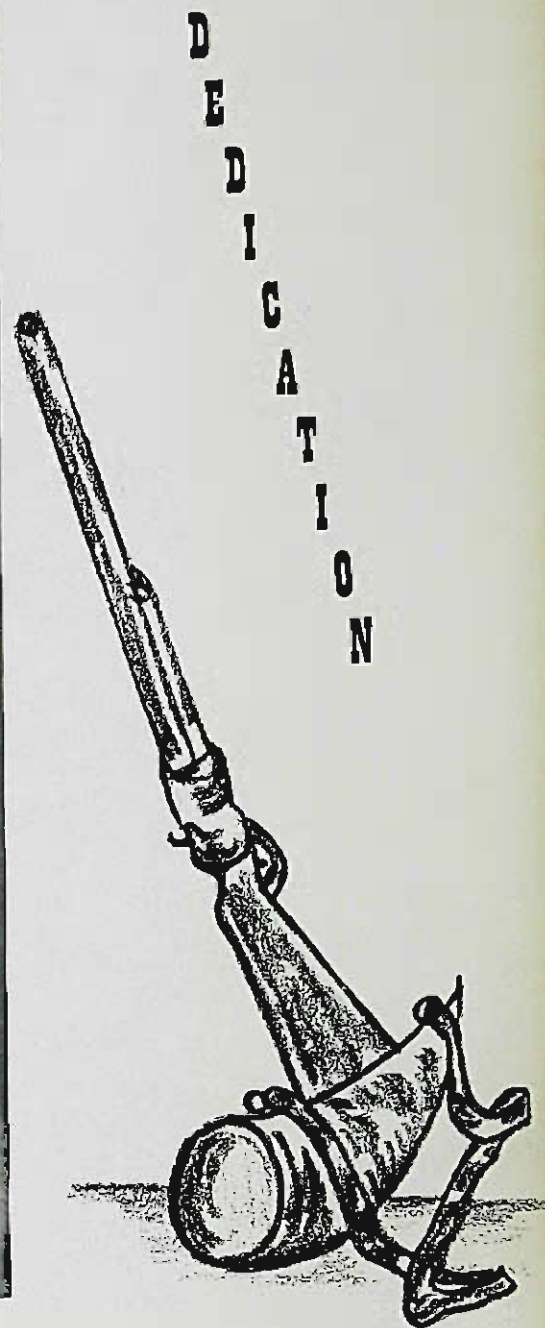

RALPH W. MILLER

To Dr. Miller whose cordiality and educational ideality has fortified us throughout our college life.

No one of the class of 1954 has not been cognizant of your proficiency and sincere willingness to advise us in our many perplexities which somehow seemed to reach a solution after concerned encouragement from one who never ceased to help.

Although many of us were unable to be a part of your classes, your solidity and sincerity beamed forth to reach us all as we walked on campus — such an image shall never grow dim.

A D V I S O R

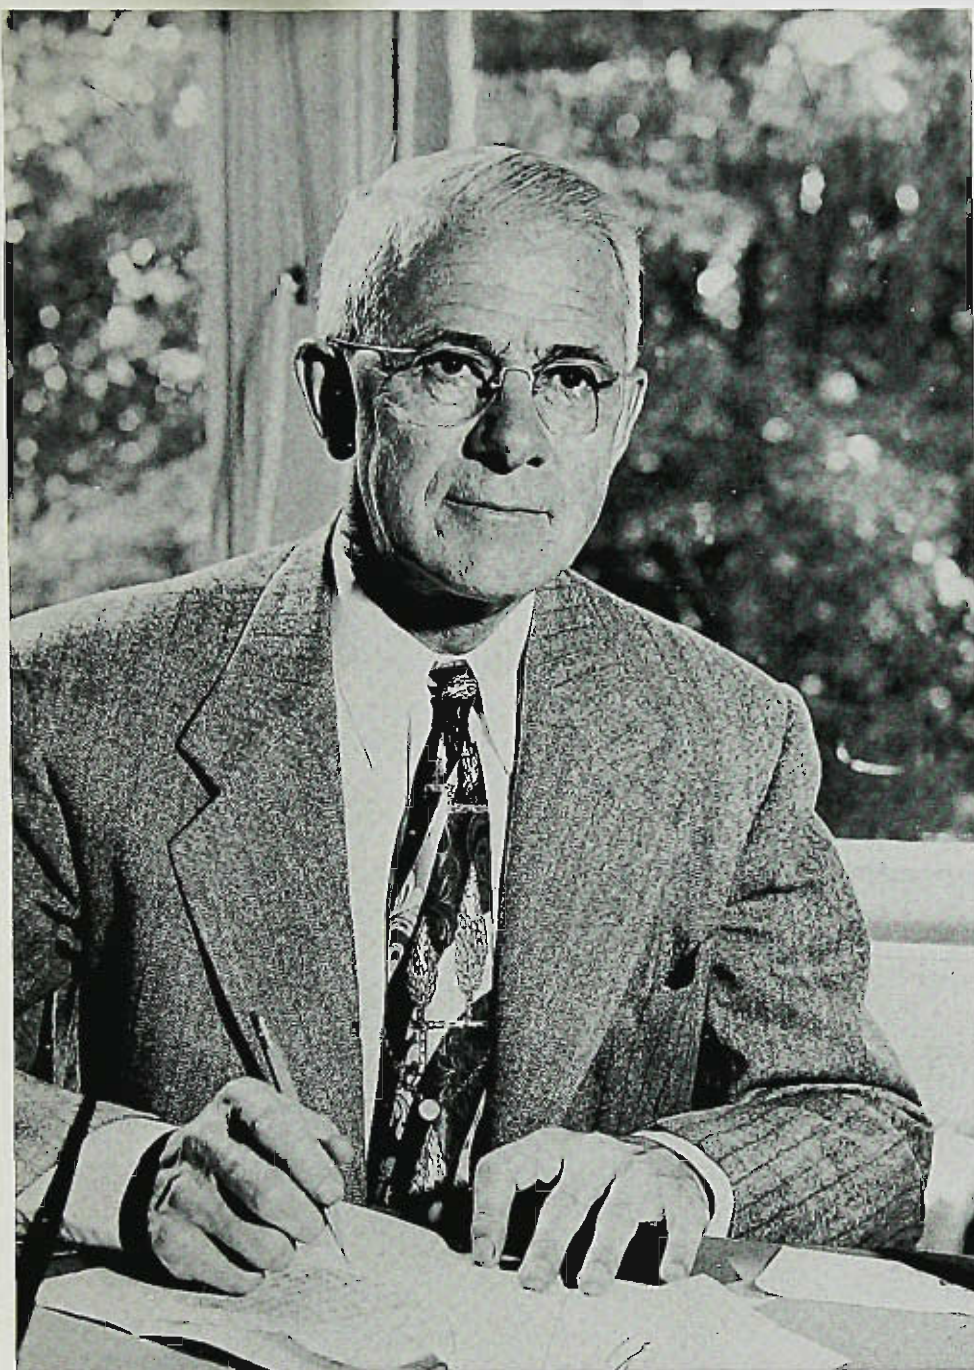

STANFORD HENDRICKSON

"Ours has been a class of adjustments. By the time we had become accustomed to being in college we moved to a new campus. Here there were still more and greater adjustments. But we were happy to make them and recognize that the normal condition of life is change; that college provides us with the ability to make the most out of changing times.

In this mad world of supersonic guided missiles, H-bombs, atomic submarines, jet planes, television, streamlined trains and streamlined curricula the basic nature of the child remains constant. He thrives and grows on in the interest, hope, help, understanding, enthusiasm and love of his teachers. Give from yourself these qualities to your children and you will receive in return the real reward of the true teacher, and success will be yours as long as you live.

With best wishes to all members of the class of 1954."

P R E S I D E N T

CLAIR S. WIGHTMAN, PRESIDENT

You are now preparing to leave the Paterson State Teachers College and you should feel that you can and will play an important role in the improving of mankind. Your experiences at college should broaden your horizon and you should feel deeply for people of all races, creeds, and religions. We assume that you came to college believing in your country and in its form of government. We trust that your experiences here have intensified your love for your country and also your faith in it.

Your experiences as a teacher will be stimulating and challenging, and will be both gratifying and depressing. The teacher, like the engineer, undertakes problems of great construction. We must remember that educating people means making changes in people, and such activity involves great risks. We want you to believe that the hope for creating a better world rests to a large extent upon the work of good teachers. This, then, should be the main tenet of your faith. It should at all times help us to retain confidence in ourselves and in the work we do. If you can remain steadfast in this respect, you will serve your country well.

KENNETH B. WHITE, Ed. D.
Dean of Instruction

Never shall we forget Dr. White, his high ethical code and the professional ideals which he helped to instill.

HOWARD L. HAAS, M. Ed.
Chairman Student Life

Mr. Haas shall remain in our memories as a friend and a solver of our endless problems.

Remember ?????

We said hello to Paterson State in 1950, frightened Frosh facing a new experience! Fears faded at the Junior-Freshman Welcome picnic with cake, hot dogs, a cozy campfire, and new friends. The tide of State and its friendly spirit engulfed us as we eagerly participated in all that was college.

Many field trips, "rich and meaningful", became part of us—the search for "minerals" in Franklin, a visit to the United Nations, New York City, and Washington, D. C.

Dreamily we danced to the atmosphere of celestial harmony and soft lights at the Sophomore Hop, Junior Prom, Senior Ball, the Sweetheart Dance—we saw the Class of 1954 gain three campus queens. Leisure time activities fully filled our four years—sports, music, and dramatics.

Schaeffer Play Day, mingled with swimming and frolic each year, meant sad farewells for the summer.

The All-College Review and the Senior Show were always enjoyed as we watched unknown talents shine from year to year. Enjoyment, song, and fun were on the agenda at the Student Faculty Dinner—faculty and seniors dined.

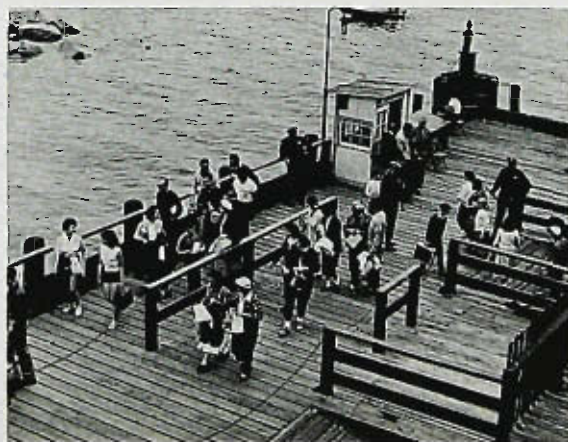

Remember the fun as together we cleaned up the campus and planted trees on Arbor Day? And how we sang Christmas carols and held the impressive Tree Lighting Ceremonies each year?

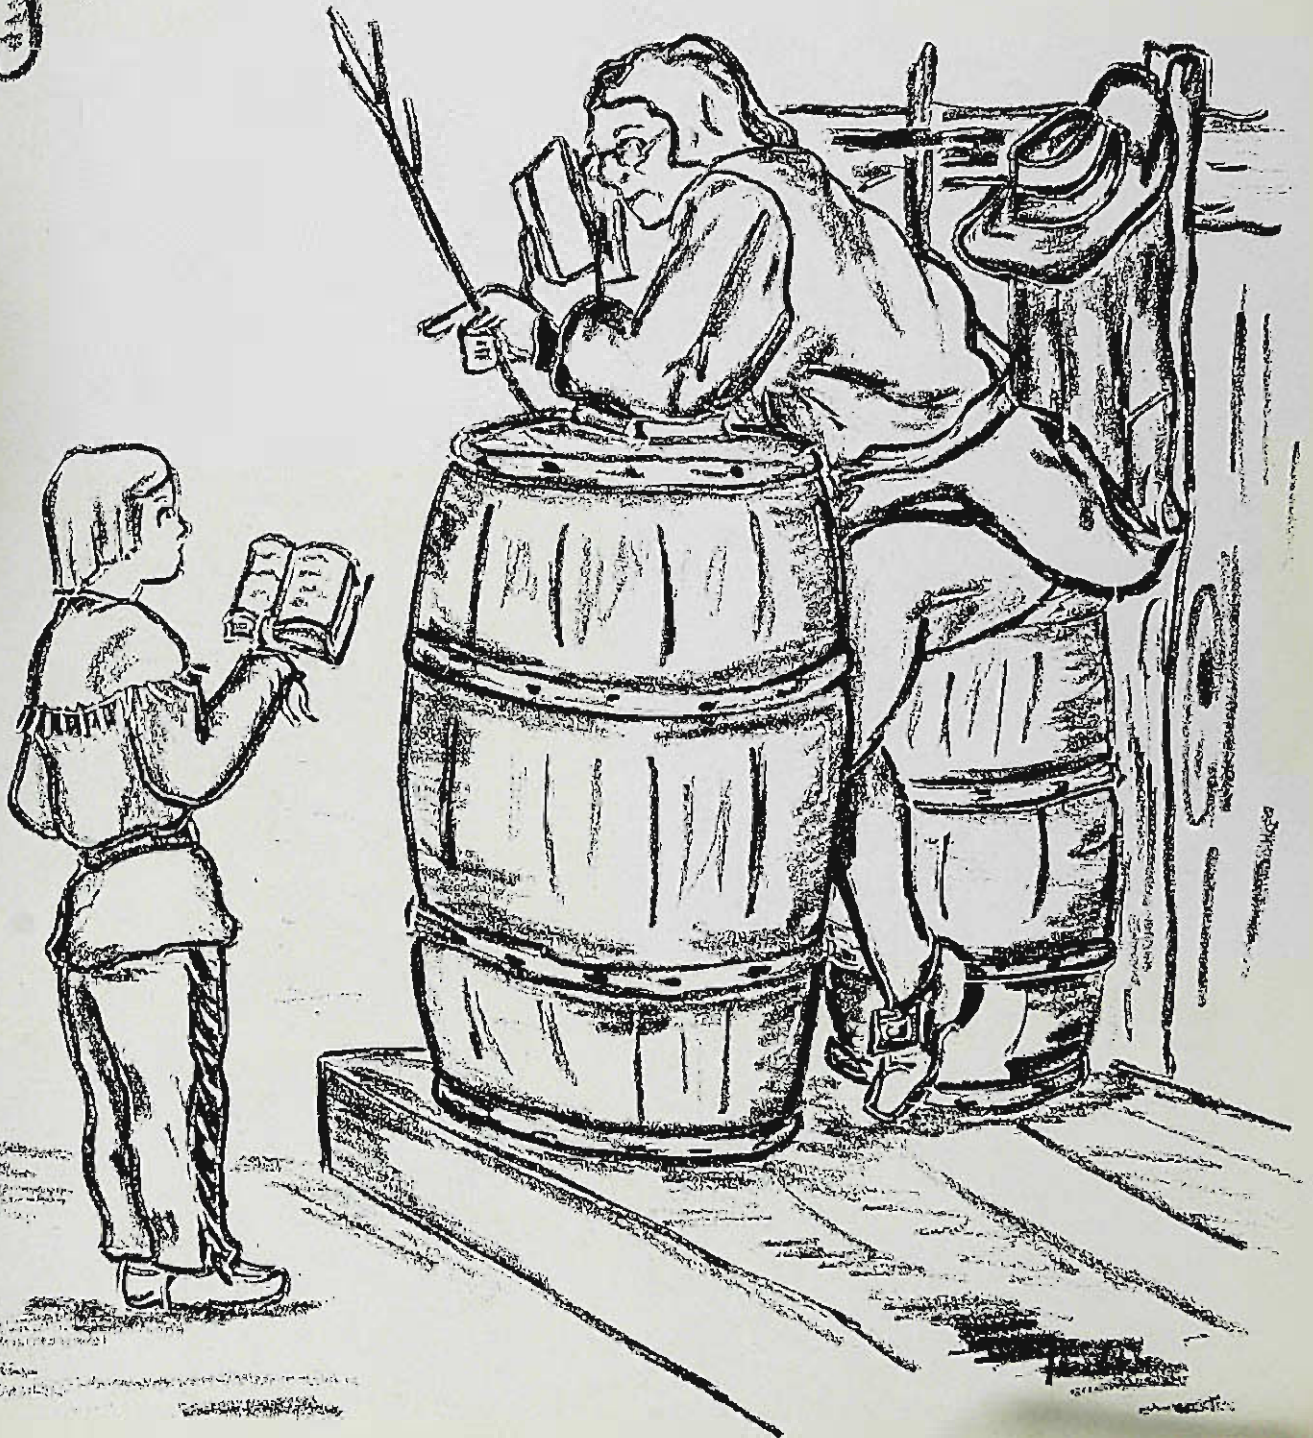

Remember how proud we were when the delegation of Staters went to Trenton to boost the Teachers College Bond Issue? We had a start towards that hoped for dream school. We were proud of our college already newly situated on a campus and dreamed of still more adequate facilities.

Excitement reigned when we approached Junior Practicum, Student Teaching, and finally the quest for a teaching position. Our ambitions were becoming a reality.

We realize now as we look back, that we've come a long way in our learnings. We have had our share of work and our share of fun. We will continue to work, to grow, and to strive for success. Remember Paterson State, for it was there that we started on the trail of education. It was just a short wagon ride on the road of experience, in a lifetime that will overflow with experiences before the trail is ended.

S

Varsity Club

Varsity

Varsity basketball story for 1954 Pioneer

Paterson State's varsity basketball squad had a comparatively poor won and lost record during the 1953-54 court campaign but the season was highlighted by a few important victories over Newark, Rutgers and Trenton.

Highlighting the individual performances was Senior Captain Bob Matthews's successful quest for 1,000 points for his career at State. He was the second player in Pioneer history to reach the charmed circle, the first being Vince Moretta.

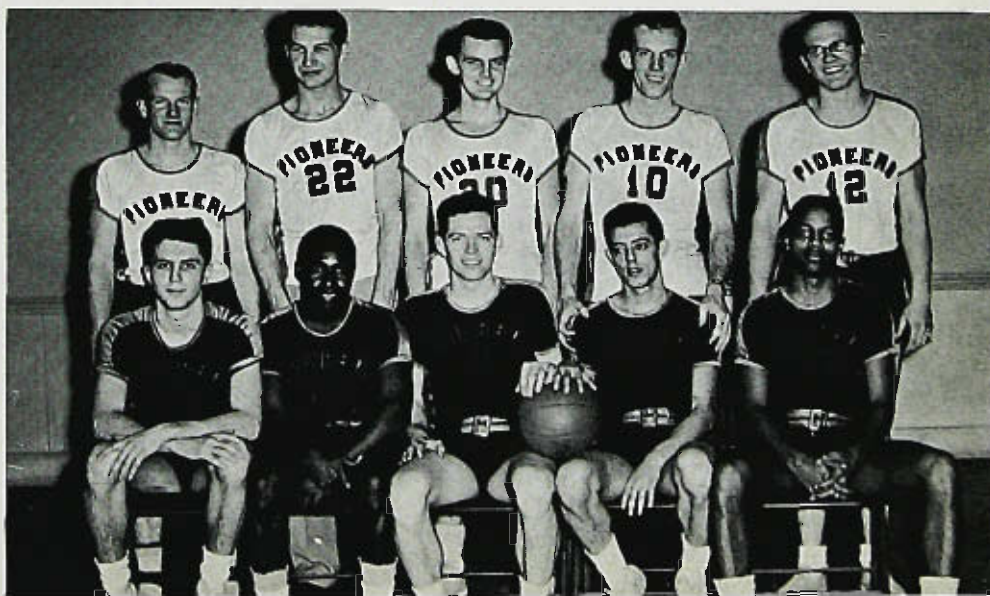

Jerry Del Corso was another senior who played at least partial varsity basketball during his four seasons at the college and made his mark in the memories of Pioneer fans with his irrepressible wit and amazing ball-handling and defensive moves. Another staunch veteran is senior Roger Clarke who could literally fake you out of your socks. Rog was always dependable on defense and could be counted on to score with a set or a driving under.

During the final stages of his senior year, Bill Kline was bit by the scoring bug and he became one of the primary reasons the Pioneers rattled off their three consecutive victories. Bill scored heavily with his precision one-hand jump shot and in addition stole many a pass from opponents to score easy unders.

Richberg, Adam
Meisterich, Jim

Junior Varsity

The Pioneer junior varsity also had a rough 53-54 campaign but the primary importance of this squad is to develop future varsity talent. Among the players who saw service on the reserve squad this year and will fill the varsity ranks next year are Jim Meisterich, Adam Richberg, Earl Mege, Doug Hartman, Joe Waldman, Ted Stephans, Al Reisbaum, Bill Clancy, John Lensi, Ron Seiders, and Frank Napier.

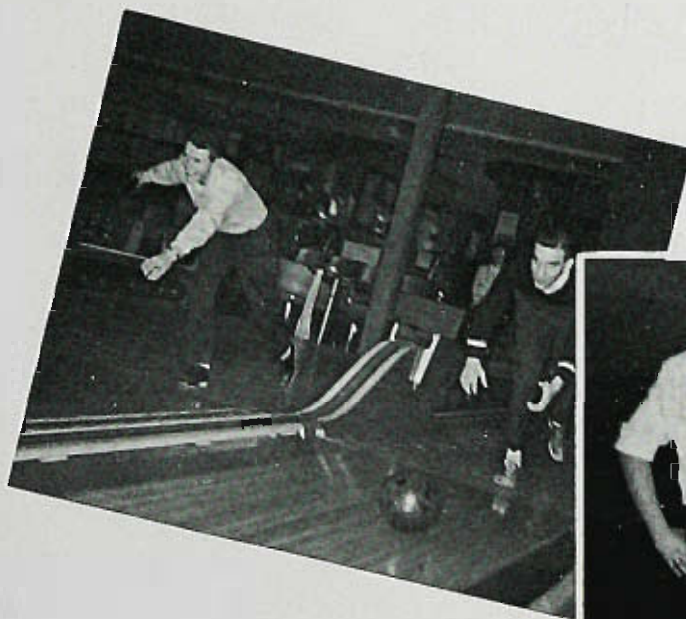

Cheerleaders
