JOHN CRESCENZO

Dear friends,

The editorship of a college yearbook is a peculiar animal. It's something I would not have wanted to do twice, but it's an experience I would not have wanted to miss. I feel the Pioneer Yearbook is slowly coming back to its deserved position on campus after the unfortunate circumstances surrounding the books of the mid- 1970's.

I only attended William Paterson College two years, however I wish I could have been here all four. The people I met and things I experienced were nothing less than great. The dorms are an absolute madhouse and I wouldn't change one thing about them. To Joe, Bob, and Gregg, you guys are great and I'm really going to miss you. Don't forget to come down to Florida and visit me sometime. To Marie, who helped me immeasurably, you're fantastic. And to Jerry, who had half of this book and all of next years, GOOD LUCK KIDDO!

Shake it easy ya'll,
John

JERRY DIAZ

Being editor of a yearbook is a difficult task, it becomes even more difficult when you are also a photographer and layout artist. Being all of the above proved to be a very educational and social experience. I was very disappointed that the yearbook had such a small staff, I sincerely hope that in the future the interest in the yearbook grows, since the only way to have a successful book is achieved through participation. I can't understand the reason for the apathy because the yearbook should be a major part of the college community. I hope that the Class of 1980 enjoys *Pioneer '80* to the fullest.

Unlike my colleague John, I will be returning to once again take on this "peculiar animal" and my experience with this book should help in producing another yearbook. I'd like to close by thanking my fellow Editor John Crescenzo for doing a super job, Joe Kool for his outrages work juggling the books, and special thanks to Joan Tanner for all her help and counseling during trying times. Finally John and I would both like to thank the Class of 1980 for their patience and understanding.

Catch you on the rebound,
Jerry D.

JOE KULOVITZ

By being the Business Manager Joe Kulovitz played a major role in the making of this yearbook. Keeping the books and engineering the budget was no easy task. Joe was the "captain" who kept the yearbook floating in the sea of black ink, rather than letting it sink into the "Red" sea.
