Elaborate Christmas Program Planned This Year

MADRIGAL SINGERS' CONCERT ON THE SIXTEENTH

MASQUE AND MASQUERS, NORMAL SONGSTERS
AND MEN'S CHORUS COMBINE

The Madrigal Singers, an Alumni organization of Paterson Normal School singers, which has won high praise for the fine quality of its concerts, will present a Christmas program on Thursday evening, December 16, at the Normal School. Under the able direction of Mrs. Money Penny, they will present the Christmas songs of the different nations.

Among these songs will be "The Wassail Song," "Parapan," "Christ of the Snow," "Now the Holy Child is Here," "Deck the Halls," "Wich Boughs of Holly," "Adestes Fideles," "Bring a Torch Jeanette," and "Isabella."

The return of the Madrigal Singers to State is an event eagerly awaited by everyone.

The Christmas Assembly, to be held on Friday, December 18, will feature a traditional Christmas Play "The Nativity," in the presentation of which the Masque and Masquers, the Normal Songsters and the Men's Chorus will combine abilities to make this the most elaborate student entertainment presented this year.

The direction and casting of the play has been handled by George Pucci and Helen Johnson. The members of the cast to date are as follows:

Mary, Dorothy Baker; First King, Eugene Mammheimer; Second King, Robert Cosbey; Third King, Robert Albinston; First Shepherd, John Sciuro; Second Shepherd, Segrud Andersen; Third Shepherd, Edward Phillips; First Woman, Gladys Haines; Second Woman, Annabelle Seal; An Angel, Albertina Bohma.

Other members of the Masque and Masquers will take charge of the scenery and stage management so that all will have a hand directly or indirectly in this production. The Normal Songsters will act as a chorus for the play. The following members of the club will take part:

Soprano—Vincenza De Chiara, Ester Van Duzer, Clara Maupin, Irene Jones, Marion Winters, Isabella Demopoulos, Dorothea Van Beyer, Florence Hundermark, Nettie McCann, Alice Armstrong.

Second Soprano—Ruth Farrell, Regina Dennehy, Ruth Steck, Collette Siess.

Alto—Dorothy Dockray, Sylvia Frisch, Rena Jane Walborten, Florence Williams, H. Ruth Kaufman, Catherine Rello, Pauline Brandt, Jean Ackerly.

After the Christmas Assembly program all clubs will meet for their annual Christmas meetings. A varied and entertaining program has been planned by most of the clubs for this occasion.

The final event of the day will be the big school get-together from 4 until 5:30 o'clock.

P and Q Club Enters New Fields

A group of senior men students, John Perrisin, Dominick Romeo, John Sciuro, Henry Seibel, Harold Barker, Isadore Bornstein, Joseph Moitane, Robert Monacelli and Emil Cavallini, have been accepted as a unit into the P. & Q. Club.

These members of the club, assisted by Miss Jackson, will have separate group meetings and will participate in a joint meeting of the club as a whole once a month.

Committees have been named by the club to formulate a schedule of future activities. These activities will include a study of professional ethics and etiquette as it applies to men teachers today.

Student Union Night Draws Crowd

On Friday evening, November 20, the first Student Union Night was held. It was attended by about 300 people, students, teachers and guests. The affair was enjoyed greatly by those who attended despite the lack of proper facilities.

Debating Club Formed at State

M. MURRAY, ELECTED PRESIDENT

Beginning on October 21 an interested group of students formed a Debating Club, secured the permission of the student council to function, decided upon a regular meeting time and drew up a constitution. To complete its organization the following officers were elected: M. Murray, president; Miss Walters, secretary; A. Pedata, treasurer; J. J. Venusti, publicity manager, and Mr. Karp, faculty advisor.

The aims and purposes of the club are to develop the speaking ability of its members and to further the interests of debating by participating in intramural and intercollegiate debates. Meetings will be held on the first and third Wednesdays of each month. The student council readily consented to the formation of this organization, requesting only that its constitution be submitted for approval.

Very shortly a debate will be held in the assembly to let the student body become acquainted with the work of the club.

The formation of this club should represent an extension of the field of extra-curricular activities. Considering the many schools that have debating teams, it surely will open the way for a widened field of intercollegiate activity.

When the Debating Club has become more securely established it plans to engage in debates with outside Junior Colleges, Teachers' Colleges and Normal Schools.

Seal Funds Used For Worthy Cause

The work financed by Christmas Seal funds is varied, but it is all directed towards the discovery of unknown cases of tuberculosis, securing treatment for them and educating the public in basic facts of the disease so they will know how to protect themselves from it.

Christmas Seals make possible such things as clinics, preventorium, rehabilitation, education, medical and social research, tuberculin testing and other activities that help discover cases in time for cure.

Specifically, Christmas Seals in Passaic County help maintain four heart clinics, three in connection with the Paterson hospitals and one at Passaic General. 1,868 people were served last year, 60% of them under sixteen years of age.

A social service committee at Valley View works under the direction of a trained leader. A rehabilitation program tries to fit the patient for a congenial, lucrative job upon dismissal from the sanatorium. Physical recovery is much more rapid with a mind at ease. Friendly visiting forms a link between the home and the patient, with news exchanged and errands performed.

A child health service offers free physical examinations to children whose school participates in this program. Arrangements are made to have physical defects, such as

Editorial

"And so as Tiny Tim observed—God bless us every one." We can think of no more concise and fitting observation characteristic of the Christmas Spirit than Tiny Tim's remark. Material needs supplied by organizations such as your local Community Chest Committee, fraternal organizations, tuberculosis societies and churches assume often the importance of God's blessing in the lives of those people benefited. You will feel better about the Christmas Season if you contribute your share to these worthy causes. Try it.

Hear Ye!

The Paterson Crier, published every Monday, is the only means of bringing to the attention of the students, administrative bulletins, club notices and announcements of other meetings and dates important to every student. In order to know what is happening and when it is happening, a careful reading of the "Crier" is necessary because the information released therein can be obtained from no other source.

Items which are to appear must be deposited in the mail-box provided for that purpose no later than the Friday morning preceding the Monday of publication. The mail-box is located on the second floor by the front stairway. There will also be copies of the "Crier" available at the location in case you have not received a copy through the regular distribution channels.

All notices published in the "Crier" must be concerned with school affairs. Remember that the purpose of the "Crier" is to announce future activities and not to chronicle past events.

The Forum

THE QUESTION — What feature of your field trip impressed you most?

EDWARD PHILLIPS:

"Well, I liked the Hall of Science because I could push all the buttons and watch the different things work."

MARY MARTIN:

"I enjoyed the whole trip immensely but I was sorry we didn't stop at Princeton which looked awfully interesting."

GEORGE PUCCI:

"The Planetarium impressed me most because of the apparent exactness in reproducing the stars and the various constellations."

MARJORIE McMICHAEL:

"The comparison between the Passaic and Delaware Rivers as explained by Mr. Williams impressed me most."

HELENA KELL:

"The lecture at the Planetarium and the stars. It was the most beautiful thing I have ever seen."

MAY MCBRIDE:

"The uniforms of the British Redcoats at Washington's Headquarters at Morristown greatly impressed me."

Book Notes

"Drums Along the Mohawk" (Walter D. Edmonds). A novel about early settlers in the Mohawk River Valley in New York State during the Revolutionary War and their trials, militia gatherings and British invasions. Gil Martin and his wife are the main characters.

"An American Doctor's Odyssey" (Victor Heiser). An American doctor's account of the wiping out of disease, and of health education from adventures in forty-five countries. The narrative is built up from diaries and personal records, and includes the doctor's work as medical officer for immigration service as director of health in the Philippines, and in research.

"The Brothers Ashkenazi" (Israel Joshua Singer). The story of two brothers, Simcha Meyer, small, ugly, brilliant and ambitious, and his twin, Jacob Bunim, large, handsome, a lover of life, and without ambition. The successes and failures of these two Jews of Poland give a good picture of Orthodox Jewry, and the trials that confront it. Extremely well done.

"Mrs. Meigs and Mr. Cunningham" (Elizabeth Frances Corbett). Mrs. Meigs, returning from "A Nice Long Evening," and no longer threatened with blindness, enjoys life in her lake cottage. Mr. Cunningham, a widower, appears, plays bridge with her, takes her to luncheon, seeks her advice on family

Be a Pal

"It is much more difficult to do good than it is to do bad." The best moral, social and physical aspects of any situation are decidedly the most difficult to attain. It is easy to be a cynic, but most difficult to be a sincere optimist. To see "good in everything" is a quality very few people acquire. We can be sarcastic, but are too jealous to forward compliments to the other fellow. One of the greatest insults to our fellow man is to tell him that his thoughts are worthless.

Throw away that attitude of disgust and contempt. Give the other fellow some credit, and let him think that his ideals, his plans, are just as good as the next person's. Don't look upon your fellow student as an ingrate. Try to improve your own intelligence by acknowledging the other person's qualities.

TABLE TENNIS

The remarkable interest displayed in intra-mural table tennis has prompted the Athletic Department to sponsor a tournament to decide class and school champions. Matches with other colleges have been sought and it is practically certain that a schedule of inter-collegiate table tennis matches will be arranged. In the last tournament held the Sophomore Team, Mannheim, Cole and Fuhrer, proved to be the best team.

SWIMMING

Emil De Snoo has been appointed manager of the swimming team

which is now being organized. If you are interested in participating in this sport get in touch with him as soon as possible so that the team may get under way.

MEN'S 1000 POINT CONTEST

A keen rivalry has already been manifested in the men's 1,000 point contest now being conducted in conjunction with the physical education program at the "Y." Feltman's Beef Trust, as his team of behemoths should be known, captured the football championship. MacKown's Tigers were runners-up and Kirkwood's Clowns proved a silly third. A schedule of events for this contest follows:

- Dec. 1. Football—Every man must play a full game.
- Dec. 8. 100-yard dash against time—Score 3 places.
- Dec. 15. Push-ups—Total number of push-ups for team wins—Score 3 places.
- Dec. 22. Water Polo—Score same as football. A game will consist of two 5-minute halves.
- Jan. 5. Basketball—Each man must play two 8-minute halves.
- Jan. 12. Running high jump.
- Jan. 19. Baseball—Three games of 18 minutes in length.
- Jan. 26. Swimming shuttle relay—Each man swims one length of pool.
- Feb. 2. Pull-ups—Standing broad jump.
- Feb. 9. Volley ball—Same as football.

Groups are as follows:
Feltman (L), Guvre, Daniel, Lander, Pedata, Schenker, Albinson, Monheimer, LaSala, Stein, Ringer, Wester, Andreson.
Kirkwood (L), Mandeville, Houston, Lobosco, Phillips, Schneider, Cosbey, Gilbert, Lipsy, Vanderels, De Santos, Pontier, Choate.
MacKown (L), Barbarito, Buys, Keller, Mintz, Pucci, Venusti, De Snoo, Fuhrer, Javarone, Thieme, Sherman, Todd.

Hooray! Hip-Hooray! Here's loads of luck to our new squad of cheer leaders Regina Dennehey, Kim Stechert, Mildred Probert and Ella Kiss. You'll see them in action at the basketball games now!

Club Notes

Within the last few weeks the art room has been buzzing with the activity of the Art Club. Scenery can be seen hanging on the walls in preparation for a puppet show to be given at the Hasbrouck Heights Grammar School in the near future. Those who comprise the puppet group are: Pauline Brandt, Ella Kiss, Ruth Farrell, Collette Siess, Esther Van Duzer and Florence Williams, manager.

Club members interested in activity other than puppet work are busy making bracelets and Christmas cards. The articles made by the various members will probably be for sale Parent's Night.

The committee in charge of the recent dinner given by the P and Q Club is to be congratulated upon making this an outstanding social event of this semester. Jean Acklerly, in charge of entertainment, succeeded in providing many novel and amusing games which were played before dinner. A delicious dinner of chicken patties and mushrooms was served in an attractively decorated room.

The refreshment committee consisted of Carolyn Ferrazano and Rose Sandell. Those in charge of decorations were Josephine Gambino, Theresa Baseggio and Mary Annichiarico.

The Normal Songsters, under the leadership of Mrs. Moneypenny, plan a joint concert with the Men's Chorus, to be held on the evening of January 12, 1937.

We may also look forward to the Christmas Concert which the Songsters will present some time in December.

Trials for membership in the Songsters will be held upon request. It is hoped that many voices will be added to the club because of this announcement.

The Psychology Club has again planned a novel program for their November meeting. An experiment in advertising will be conducted for the many new members of the club.

Miss Alteneder, faculty advisor, will be hostess at a Christmas Party given for club members. Those attending will be presented gifts with a personality aspect.

New members of the Psychology Club are as follows:

Ruth Barton, Eleanor Brown, Ruth Cummings, Martin Deubner, Vincenza Di Chiara, Jean Dickerson, Frances Duffey, Ruth Kaufman, Ruth Simon, Dorothea Van Beyren, Jean Acklerly, Sylvia Briefstein, Charlotte Bruining, Marjorie Bowe, Hazel Smith, Margaret Micklus, Anna Fedora, Olga Shuffat, Christine DeFiore, Vivian Mendelsohn, Rena Wolkottan, Alice McGuirk, Ann Feeney, Samuel Strickland, Robert Monacelli, Eugene Manheimer, Ann Kaidash, Frances Culmone.

Class Notes

The month of November has been chock full of interesting days for our student body. What with the various holidays that have been observed, and the trips that have been taken, our students have had to keep alert and on their toes to get the most of what has been going on.

The seniors, especially, have been kept moving rapidly. They have taken a great many trips which are sure to prove beneficial in their practice work. These included a visit to Valley View and one to observe an eighth grade music lesson in Ridgewood.

November 18 was designated as the students' field trip day. The seniors, under the very capable supervision of Miss Tiffany, journeyed to New York. Places of interest which they visited include the New York Stock Exchange, where they witnessed the various transactions carried on; Furnace Tavern, the headquarters of Washington; Wanamaker's Department Store, and an up-to-date Pullman. Their evening was spent delightfully. Part of the group went to see "Idiot's Delight," and the remainder of the group witnessed "Forbidden Melody."

The Sophomore Class took a most educational excursion to Morristown and Trenton. The group motored over the same trail that Washington used when he marched to Trenton and crossed the Delaware River. The Sophomore Class was very fortunate to have such able supervisors as Doctor Shannon, Mr. Williams and Mr. Karp. It is certain that the students learned a great deal which they have stored away for future use.

The Freshman Class, under the guidance of Mr. Baker, Doctor Percival, Mr. Bedford, Miss Abrams and Miss Stockman, visited the Hayden Planetarium and Radio City Exhibit Hall. At the Planetarium the group became acquainted with one of the greatest scientific marvels of our time. The exhibits at Radio City proved beneficial and interesting to them.

Field Trip Day was the last day of this school term that our entire student body was together, for our second group of seniors have left us to enter into the realms of practice-teaching.

We wish good luck to those seniors who have left us to practice at this time. May they all succeed in fulfilling their mission. To those who have returned to us from practice, we extend our heartiest greetings.

Let us hear from the incoming seniors. What are you going to do? Are you giving a dance, party, or a tea? We want to know. This goes for the other classes, too.

Council News

We shall report in this space the major activities of your student council in order that you may be kept informed of what goes on in the council each month.

There follows a brief resume of events and business since the last issue of the "Beacon."

The standing committees of the organization, the Social Committee, the Health Committee, the Athletic Committee, the Service Committee, are reporting progress along their lines of activity. The Social Committee, for example, under the able leadership of Mr. Gerald Fitzpatrick, and with the cooperation of Dean Jackson and Dr. Morrison, has planned the social calendar of this institution.

It will be of great interest to a large number of our student body to know that the S. G. A. has accepted the petition of a new club namely, "The Debating Society of Paterson State," which will soon be fully organized.

There were very few absentees at our last meetings when our secretary, Miss McGuirk, called the roll. This, I think, denotes that all the representatives to the S. G. A. are interested in the welfare of the school.

The Service Committee, authorized by the S. G. A., will try to have a radio installed in both the men's and the women's smoking rooms.

Elaborate Christmas Program Planned This Year

MADRIGAL SINGERS' CONCERT ON THE SIXTEENTH

MASQUE AND MASQUERS, NORMAL SONGSTERS
AND MEN'S CHORUS COMBINE

The Madrigal Singers, an Alumni organization of Paterson Normal School singers, which has won high praise for the fine quality of its concerts, will present a Christmas program on Thursday evening, December 16, at the Normal School. Under the able direction of Mrs. Money Penny, they will present the Christmas songs of the different nations.

Among these songs will be "The Wassail Song," "Patapan," "Christ of the Snow," "Now the Holy Child Is Born," "Deck the Halls with Boughs of Holly," "Adeste Fideles," "Bring a Torch Jeanette," and "Isabella."

The return of the Madrigal Singers to State is an event eagerly awaited by everyone.

The Christmas Assembly, to be held on Friday, December 18, will feature a traditional Christmas Play "The Nativity," in the presentation of which the Masque and Masquers, the Normal Songsters and the Men's Chorus will combine abilities to make this the most elaborate student entertainment presented this year.

The direction and casting of the play has been handled by George Pucci and Helen Johnson. The members of the cast to date are as follows:

Mary, Dorothy Baker; First King, Eugene Mannheimer; Second King, Robert Cosbey; Third King, Robert Albinson; First Shepherd, John Sciro; Second Shepherd, Sigrid Andressen; Third Shepherd, Edward Phillips; First Woman, Gladys Haines; Second Woman, Annabelle Seal; An Angel, Albertha Bokma.

Other members of the Masque and Masquers will take charge of the scenery and stage management so that all will have a hand directly or indirectly in this production. The Normal Songsters will act as a chorus for the play. The following members of the club will take part:

Soprano—Vincenza De Chiara, Ester Van Duzer, Clara Maupin, Irene Jones, Marion Winters, Isabella Demopoulos, Dorothea Van Beyer, Florence Hundermark, Nettie McCann, Alice Armstrong.

Second Soprano—Ruth Farrell, Regina Deanehy, Ruth Steck, Collette Siess.

After the Christmas Assembly program all clubs will meet for their annual Christmas meetings. A varied and entertaining program has been planned by most of the clubs for this occasion.

The final event of the day will be the big school get-together from 4 until 5:30 o'clock.

P and Q Club Enters New Fields

A group of senior men students, John Perrien, Dominick Romeo, John Sciro, Henry Seibel, Harold Barker, Isadore Bornstein, Joseph Moltane, Robert Monacelli and Emil Cavallini, have been accepted as a unit into the P. & Q. Club.

These members of the club, assisted by Miss Jackson, will have separate group meetings and will participate in a joint meeting of the club as a whole once a month.

Committees have been named by the club to formulate a schedule of future activities. These activities will include a study of professional ethics and etiquette as it applies to men teachers today.

Student Union Night Draws Crowd

On Friday evening, November 20, the first Student Union Night was held. It was attended by about 300 people, students, teachers and guests. The affair was enjoyed greatly by those who attended despite the lack of proper facilities.

Debating Club Formed at State

M. MURRAY, ELECTED PRESIDENT

Beginning on October 21 an interested group of students formed a Debating Club, secured the permission of the student council to function, decided upon a regular meeting time and drew up a constitution. To complete its organization the following officers were elected: M. Murray, president; Miss Walters, secretary; A. Pedata, treasurer; J. J. Venusti, publicity manager, and Mr. Karp, faculty advisor.

The aims and purposes of the club are to develop the speaking ability of its members and to further the interests of debating by participating in intramural and intercollegiate debates. Meetings will be held on the first and third Wednesdays of each month. The student council readily consented to the formation of this organization, requesting only that its constitution be submitted for approval.

Very shortly a debate will be held in the assembly to let the student body become acquainted with the work of the club.

The formation of this club should represent an extension of the field of extra-curricular activities. Considering the many schools that have debating teams, it surely will open the way for a widened field of intercollegiate activity.

When the Debating Club has become more securely established it plans to engage in debates with outside Junior Colleges, Teachers' Colleges and Normal Schools.

Seal Funds Used For Worthy Cause

The work financed by Christmas Seal funds is varied, but it is all directed towards the discovery of unknown cases of tuberculosis, securing treatment for them and educating the public in basic facts of the disease so they will know how to protect themselves from it.

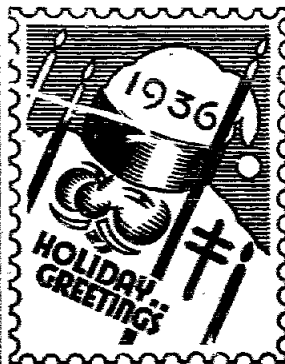

Christmas Seals make possible such things as clinics, preventorium, rehabilitation, education, medical and social research, tuberculin testing and other activities that help discover cases in time for cure.

Specifically, Christmas Seals in Passaic County help maintain four heart clinics, three in connection with the Paterson hospitals and one at Passaic General. 1,868 people were saved last year, 60% of them under sixteen years of age.

A social service committee at Valley View works under the direction of a trained leader. A rehabilitation program tries to fit the patient for a congenial, lucrative job upon dismissal from the sanatorium. Physical recovery is much more rapid with a mind at ease. Friendly visiting forms a link between the home and the patient, with news exchanged and errands performed.

A child health service offers free physical examinations to children whose school participates in this program. Arrangements are made to have physical defects, such as

Editorial

"And so as Tiny Tim observed—God bless us every one." We can think of no more concise and fitting observation characteristic of the Christmas Spirit than Tiny Tim's remark. Material needs supplied by organizations such as your local Community Chest Committees, fraternal organizations, tuberculosis societies and churches assume often the importance of God's blessing in the lives of those people benefited. You will feel better about the Christmas Season if you contribute your share to these worthy causes. Try it.

Hear Ye!

The Paterson Crier, published every Monday, is the only means of bringing to the attention of the students, administrative bulletins, club notices and announcements of other meetings and dates important to every student. In order to know what is happening and when it is happening, a careful reading of the "Crier" is necessary because the information released therein can be obtained from no other source.

Items which are to appear must be deposited in the mail-box provided for that purpose no later than the Friday morning preceding the Monday of publication. The mail-box is located on the second door by the front stairway. There will also be copies of the "Crier" available at the location in case you have not received a copy through the regular distribution channels.

All notices published in the "Crier" must be concerned with school affairs. Remember that the purpose of the "Crier" is to announce future activities and not to chronicle past events.

A Short Story

A girl told her lover to go away and not come back until he had a thousand dollars; then she would marry him. He came back a week later with thirty dollars. She blushed and said: "Well, I guess that's near enough."

THE QUESTION — What feature of your field trip impressed you most?

EDWARD PHILLIPS:

"Well, I liked the Hall of Science because I could push all the buttons and watch the different things work."

MARY MARTIN:

"I enjoyed the whole trip immensely but I was sorry we didn't stop at Princeton which looked awfully interesting."

GEORGE PUCCI:

"The Planetarium impressed me most because of the apparent exactness in reproducing the stars and the various constellations."

MARJORIE McMICHAEL:

"The comparison between the Passaic and Delaware Rivers as explained by Mr. Williams impressed me most."

HELENA KELL:

"The lecture at the Planetarium and the stars. It was the most beautiful thing I have ever seen."

MAY McBRIDE:

"The uniforms of the British Redcoats at Washington's Headquarters at Morristown greatly impressed me."

Book Notes

"Drums Along the Mohawk" (Walter D. Edmonds). A novel about early settlers in the Mohawk River Valley in New York State during the Revolutionary War and their trials, militia gatherings and British invasions. Gil Martin and his wife are the main characters.

"An American Doctor's Odyssey" (Victor Heiser). An American doctor's account of the wiping out of disease, and of health education from adventures in forty-five countries. The narrative is built up from diaries and personal records, and includes the doctor's work as medical officer for immigration service as director of health in the Philippines, and in research.

"The Brothers Ashkenazi" (Israel Joshua Singer). The story of two brothers, Simcha Meyer, small, ugly, brilliant and ambitious, and his twin, Jacob Bunim, large, handsome, a lover of life, and without ambition. The successes and failures of these two Jews of Poland give a good picture of Orthodox Jewry, and the trials that confront it. Extremely well done.

"Mrs. Meigs and Mr. Cunningham" (Elizabeth Frances Corbett). Mrs. Meigs, returning from "A Nice Long Evening" and no longer threatened with blindness, enjoys life in her lake cottage. Mr. Cunningham, a widower, appears, plays bridge with her, takes her to luncheon, seeks her advice on family

Be a Pal

"It is much more difficult to do good than it is to do bad." The best moral, social and physical aspects of any situation are decidedly the most difficult to attain. It is easy to be a cynic, but most difficult to be a sincere optimist. To see "good in everything" is a quality very few people acquire. We can be sarcastic, but are too jealous to forward compliments to the other fellow. One of the greatest insults to our fellow man is to tell him that his thoughts are worthless.

Throw away that attitude of disgust and contempt. Give the other fellow some credit, and let him think that his ideals, his plans, are just as good as the next person's. Don't look upon your fellow student as an ingrate. Try to improve your own intelligence by acknowledging the other person's qualities.

Although the ribbed court squad of State Normal dropped a decisive verdict to Manhattan, "State" showed promise. Their form was good but they had not acquired their court technique of attack and lacked the scoring punch.

The State dribblers next take on the powerful and experienced Montclair Teachers' College quintet at the Paterson "Y" court December 8. Although we cannot predict a victory over Montclair veteran aggregation, we see in this contest a stiff and interesting battle. We hope that you will attend as we are sure that you will enjoy the contest. The schedule for the season is as follows:

TABLE TENNIS

The remarkable interest displayed in intra-mural table tennis has prompted the Athletic Department to sponsor a tournament to decide class and school champions. Matches with other colleges have been sought and it is practically certain that a schedule of inter-collegiate table tennis matches will be arranged. In the last tournament held the Sophomore Team, Mannheim, Cole and Fuhrer, proved to be the best team.

SWIMMING

Emil De Snoo has been appointed manager of the swimming team

which is now being organized. If you are interested in participating in this sport get in touch with him as soon as possible so that the team may get under way.

MEN'S 1000 POINT CONTEST

A keen rivalry has already been manifested in the men's 1,000 point contest now being conducted in conjunction with the physical education program at the "Y." Feltman's Beef Trust, as his team of behemoths should be known, captured the football championship. MacKown's Tigers were runners-up and Kirkwood's Clowns proved a silly third. A schedule of events for this contest follows:

- Dec. 1. Football—Every man must play a full game.
- Dec. 8. 100-yard dash against time—Score 3 places.
- Dec. 15. Push-ups—Total number of push-ups for team wins—Score 3 places.
- Dec. 22. Water Polo—Score same as football. A game will consist of two 5-minute halves.
- Jan. 5. Basketball—Each man must play two 3-minute halves.
- Jan. 12. Running high jump.
- Jan. 19. Baseball—Three games of 18 minutes in length.
- Jan. 26. Swimming shuttle relay—Each man swims one length of pool.
- Feb. 2. Pull-ups—Standing broad jump.
- Feb. 9. Volley ball—Same as football.

Groups are as follows:

Feltman (L.), Guyre, Daniel, Lander, Pedata, Schenker, Albinson, Monheimer, LaSala, Stein, Ringer, Wester, Anderson.
Kirkwood (L.), Mandeville, Houston, Lobosco, Phillips, Schneider, Cosbey, Gilbert, Lipsy, Vanderels, De Santes, Pontier, Choate.
MacKown (L.), Barbarito, Buys, Keller, Mintz, Pucci, Venusti, De Snoo, Fuhrer, Ravarone, Thieme, Sherman, Todd.

In Women's Sports

Hooray! Hip-Hooray! Here's loads of luck to our new squad of cheer leaders Regina Dennehey, Kim Stechert, Mildred Probert and Ella Kiss. You'll see them in action at the basketball games now!

Eddie Danheuser, coach of the Sophomore team, known as the "Comets," Bruce MacBride, assistant to the coach, and Irving Perkins, assistant to the assistant coach, are having their hands full. The squad isn't completely organized yet. Maybe a few more assistants will be the proper solution, huh?

Club Notes

Within the last few weeks the art room has been buzzing with the activity of the Art Club. Scenery can be seen hanging on the walls in preparation for a puppet show to be given at the Hasbrouck Heights Grammar School in the near future. Those who comprise the puppet group are: Pauline Brandt, Ella Kiss, Ruth Farrell, Collette Siess, Esther Van Duzer and Florence Williams, manager.

Club members interested in activity other than puppet work are busy making bracelets and Christmas cards. The articles made by the various members will probably be for sale Parent's Night.

The committee in charge of the recent dinner given by the P and Q Club is to be congratulated upon making this an outstanding social event of this semester. Jean Ackery, in charge of entertainment, succeeded in providing many novel and amusing games which were played before dinner. A delicious dinner of chicken patties and mushrooms was served in an attractively decorated room.

The refreshment committee consisted of Carolyn Ferrazano and Rose Sandell. Those in charge of decorations were Josephine Gambino, Theresa Baseggio and Mary Annichiarico.

The National Songsters, under the leadership of Mrs. Moneyppenny plan a joint concert with the Men's Chorus, to be held on the evening of January 12, 1937.

We may also look forward to the Christmas Concert which the Songsters will present some time in December.

Trials for membership in the Songsters will be held upon request. It is hoped that many voices will be added to the club because of this announcement.

The Psychology Club has again planned a novel program for their November meeting. An experiment in advertising will be conducted for the many new members of the club.

Miss Alteneider, faculty advisor, will be hostess at a Christmas Party given for club members. Those attending will be presented gifts with a personality aspect.

New members of the Psychology Club are as follows:

Ruth Barton, Eleanor Brown, Ruth Cummings, Martin Deubner, Vincenza Di Chiara, Jean Dickerson, Frances Duffey, Ruth Kaufman, Ruth Simon, Dorothea Van Beyren, Jean Ackery, Sylvia Briefstein, Charlotte Bruining, Marjorie Bowe, Hazel Smith, Margaret Micklas, Anna Fedora, Olga Shufiat, Christine DeFior, Vivian Mendelsohn, Rena Weikotten, Alice McGuirk, Ann Feeney, Samuel Strickland, Robert Monacelli, Eugene Manheimer, Ann Kaidash, Frances Culmone.

Class Notes

The month of November has been chock full of interesting days for our student body. What with the various holidays that have been observed, and the trips that have been taken, our students have had to keep alert and on their toes to get the most of what has been going on.

The seniors, especially, have been kept moving rapidly. They have taken a great many trips which are sure to prove beneficial in their practice work. These included a visit to Valley View and one to observe an eighth grade music lesson in Ridgewood.

November 18 was designated as the students' field trip day. The seniors, under the very capable supervision of Miss Tiffany, journeyed to New York. Places of interest which they visited include the New York Stock Exchange, where they witnessed the various transactions carried on; Furnace Tavern, the headquarters of Washington; Wana-maker's Department Store, and an up-to-date Pullman. Their evening was spent delightfully. Part of the group went to see "Idiot's Delight," and the remainder of the group witnessed "Forbidden Melody."

The Sophomore Class took a most educational excursion to Morristown and Trenton. The group motored over the same trail that Washington used when he marched to Trenton and crossed the Delaware River. The Sophomore Class was very fortunate to have such able supervisors as Doctor Shannon, Mr. Williams and Mr. Karp. It is certain that the students learned a great deal which they have stored away for future use.

The Freshman Class, under the guidance of Mr. Baker, Doctor Percival, Mr. Bedford, Miss Abrams and Miss Stockman, visited the Hayden Planetarium and Radio City Exhibit Hall. At the Planetarium the group became acquainted with one of the greatest scientific marvels of our time. The exhibits at Radio City proved beneficial and interesting to them.

Field Trip Day was the last day of this school term that our entire student body was together, for our second group of seniors have left us to enter into the realms of practice-teaching.

We wish good luck to those seniors who have left us to practice at this time. May they all succeed in fulfilling their mission. To those who have returned to us from practice, we extend our heartiest greetings.

Let us hear from the incoming seniors. What are you going to do? Are you giving a dance, party, or a tea? We want to know. This goes for the other classes, too.

Council News

We shall report in this space the major activities of your student council in order that you may be kept informed of what goes on in the council each month.

Here follows a brief resume of events and business since the last issue of the "Beacon."

The standing committees of the organization, the Social Committee, the Health Committee, the Athletic Committee, the Service Committee, are reporting progress along their lines of activity. The Social Committee, for example, under the able leadership of Mr. Gerald Fitzpatrick, and with the cooperation of Dean Jackson and Dr. Morrison, has planned the social calendar of this institution.

It will be of great interest to a large number our student body to know that the S. G. A. has accepted the petition of a new club namely, "The Debating Society of Paterson State," which will soon be fully organized.

There were very few absentees at our last meetings when our secretary, Miss McGuirk, called the roll. This, I think, denotes that all the representatives to the S. G. A. are interested in the welfare of the school.

The Service Committee, authorized by the S. G. A., will try to have a radio installed in both the men's and the women's smoking rooms.
