

M E M O R A N D U M

TO: Dr. Seymour C. Hyman, President

FROM: Tim Fanning, Assistant Vice President for Administration

DATE: December 11, 1978

SUBJECT: Hobart Manor Restoration

I have contacted Craig Pullan, Department of Environmental Protection, Historic Preservation, regarding the application submitted for funding of Hobart Manor restoration. Mr. Pullan informed me that recent regulations have been enacted, by the Federal Government, which prohibit the obligation of funds for restoration or renovation of state-owned or public facilities unless they are utilized for cultural purposes (library, museum, etc.).

Mr. Pullan advised me that we would be receiving a written response by January.
