## CONGRATULATIONS GRADS

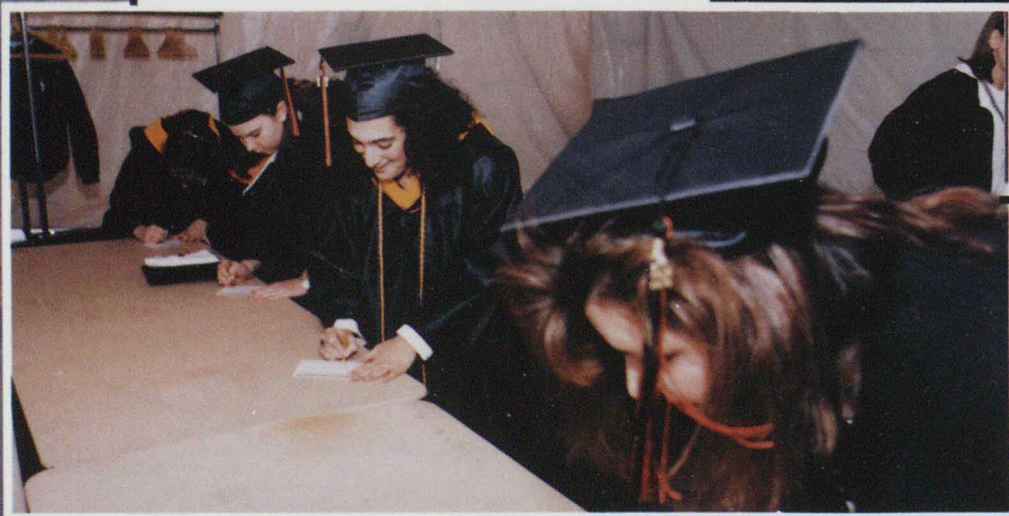

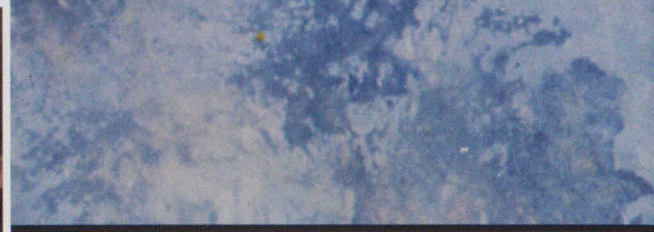

The background of the page is a textured, marbled paper in shades of orange and brown. Silhouettes of people are placed around the text: two people walking in the top left, a person in a dynamic pose in the top right, and a group of four people sitting at a table in the bottom. The text is written in a black, cursive script.

Thank You,  
William  
Paterson,  
for all the  
Memories

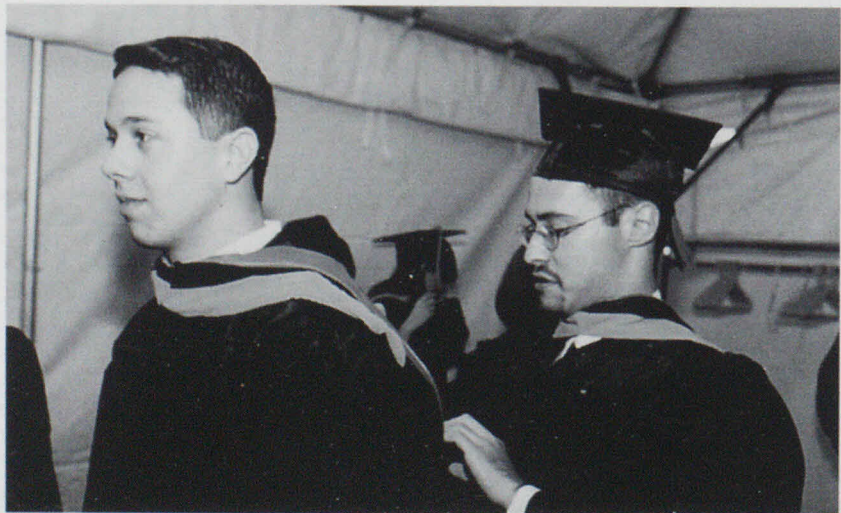

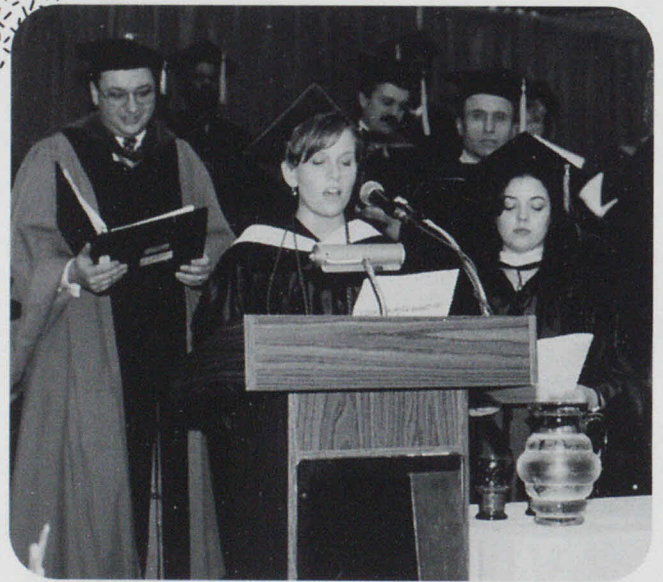

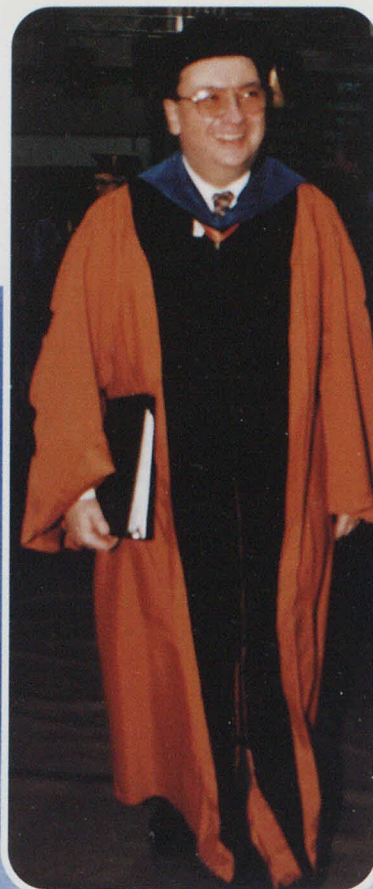

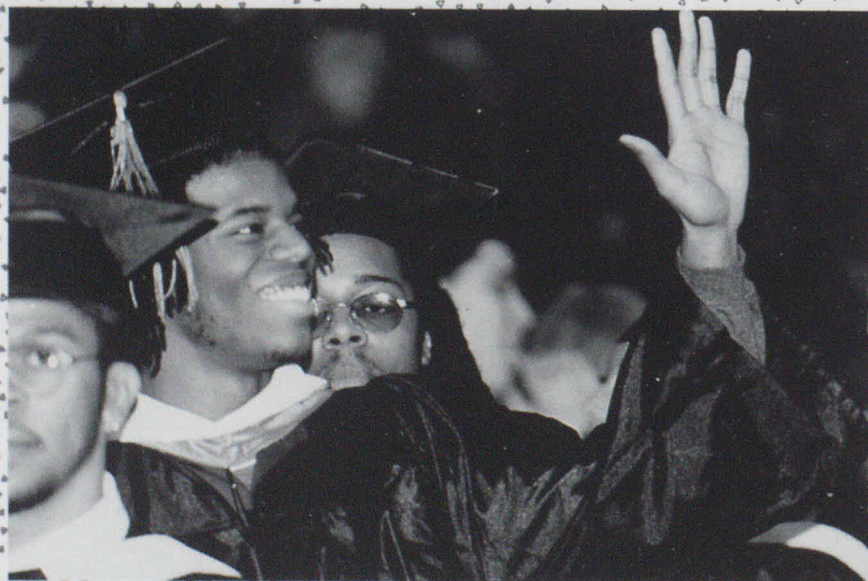

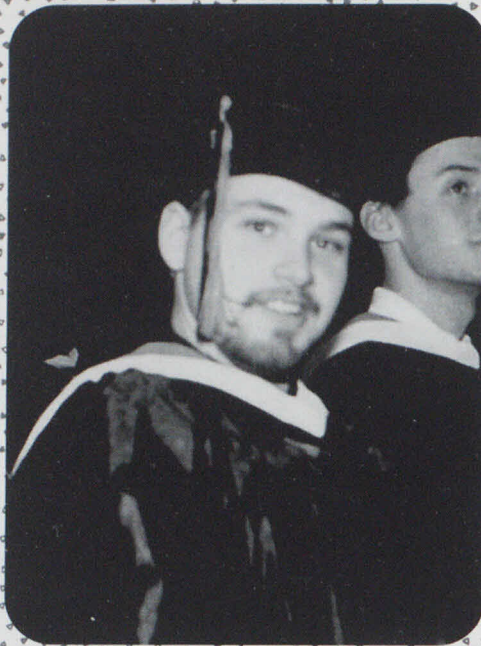

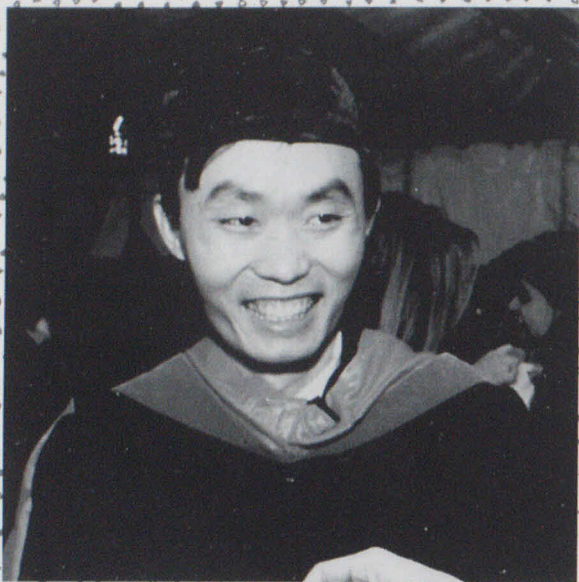

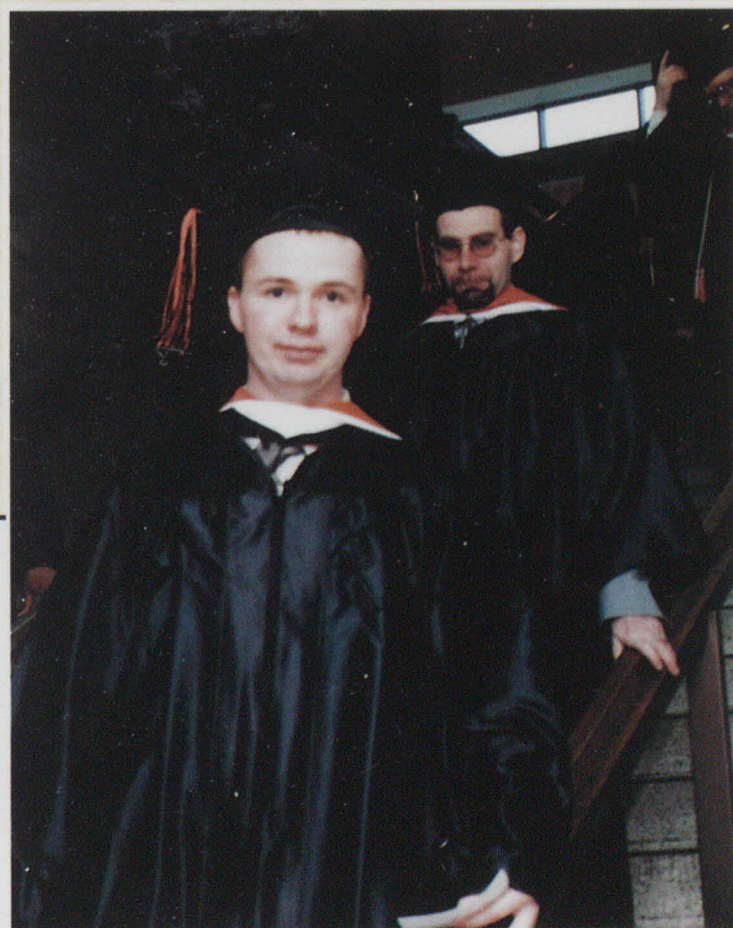

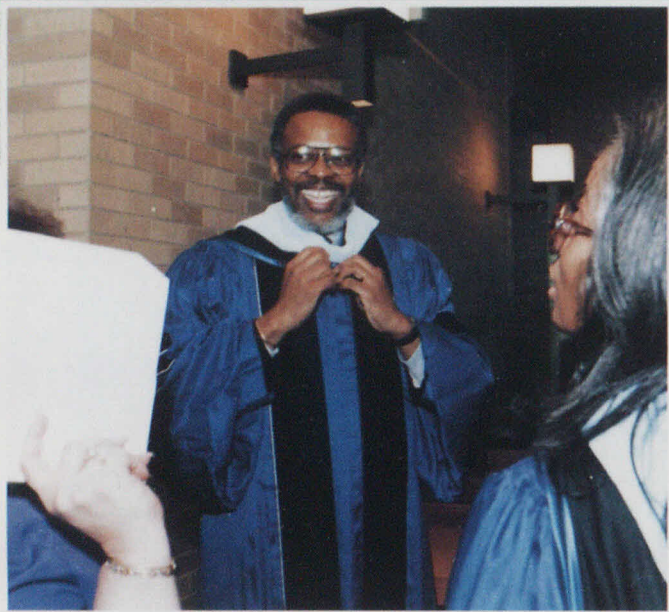

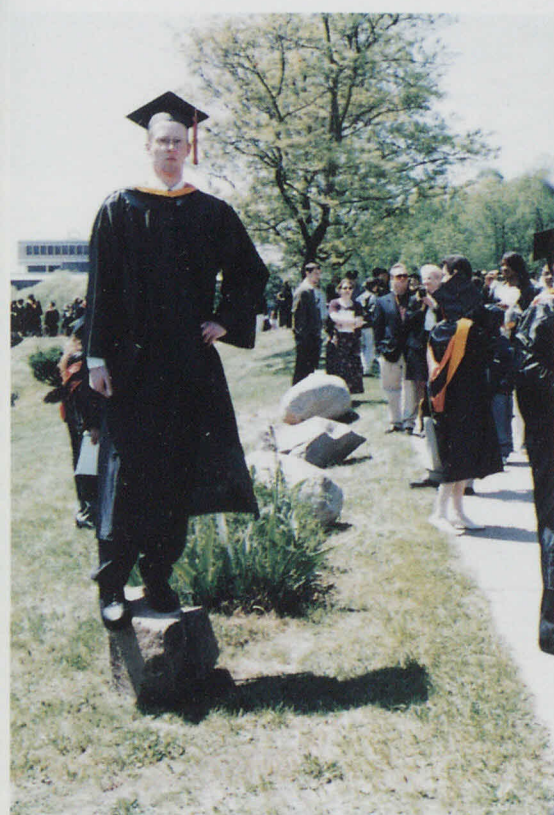

# The 1998 Pioneer Yearbook Staff

## New Conditions, Old Traditions

Finally, the book is complete! The 1998 Pioneer Yearbook staff worked extremely hard to finish this book. We are somewhat pleased with the way it turned out. Of course, we are our own worst critics.

Please find lasting memories within these 240 pages. Our purpose was to capture the essence of William Paterson University as well as the essence of

the students who make it happen

As per our theme, "New Conditions, Old Tradition", we thought it was perfect for this time in the history of William Paterson University. Yes, we have a new name, a new face, and even a new reputation to live up to, but some things still remain the same. William Paterson is a great school where great things can be achieved!
