## A NEW BEGINNING

---

Over the past few years, William Paterson University has gone through a lot of changes. From the newly renovated John Victor Machuga Student Center to the upcoming construction on the Science building, WPU is starting the transformation towards even bigger and better things than it has already achieved.

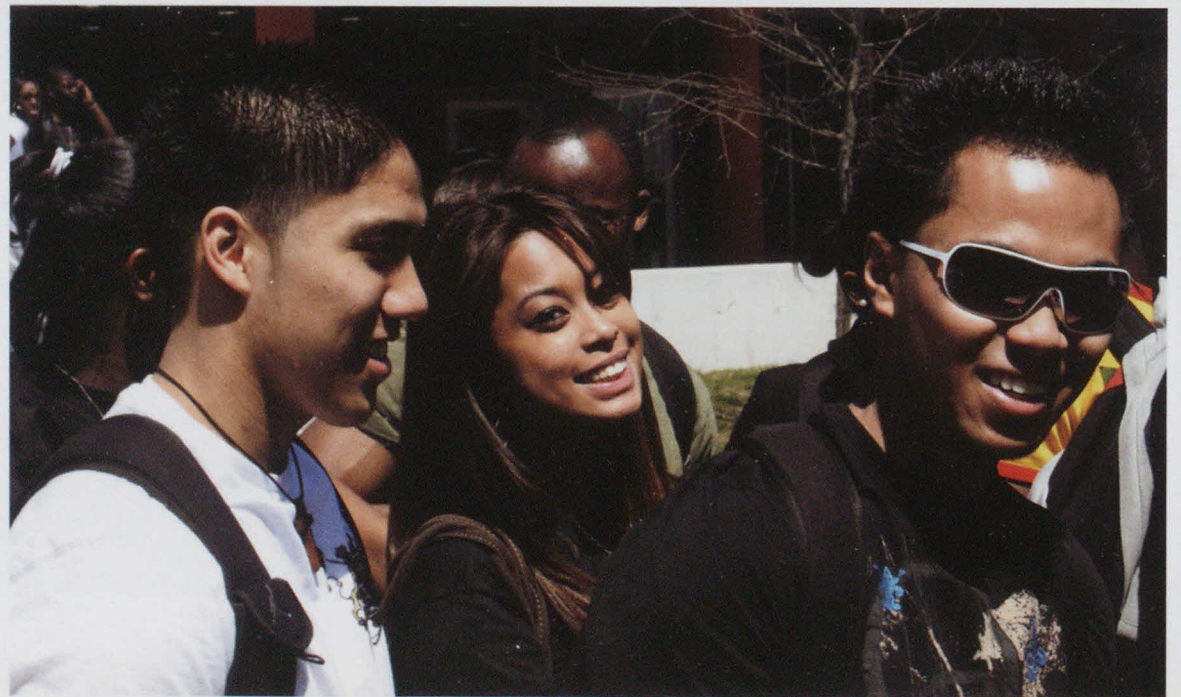

The John Victor Machuga Student Center, also known as the University Commons, has been the center of campus life during this past year. Numerous activities and events were held by many different clubs and organizations. The construction on the student center allowed for the main campus to rejuvenate itself and have a new beginning for student life.

The University as well as the graduating seniors are starting this new beginning towards even greater success. It is the hopes and dreams of few that create hopes and dreams for so many more and allow for new beginnings to flourish. Take advantage of every new beginning and you never know what will lie ahead.

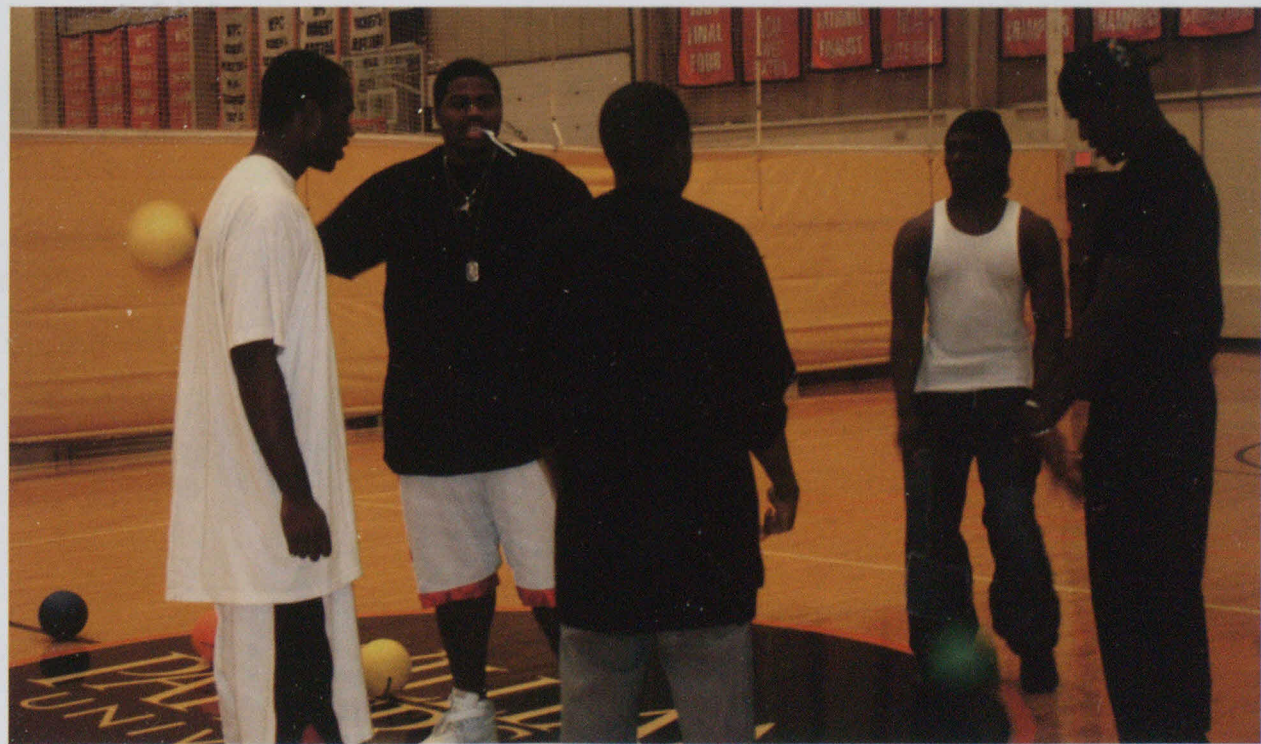

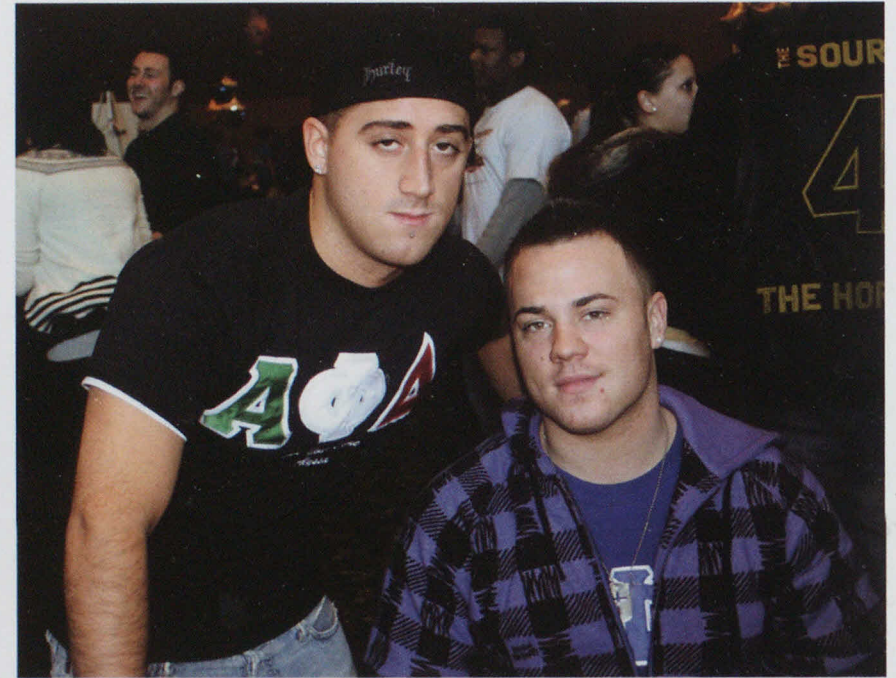

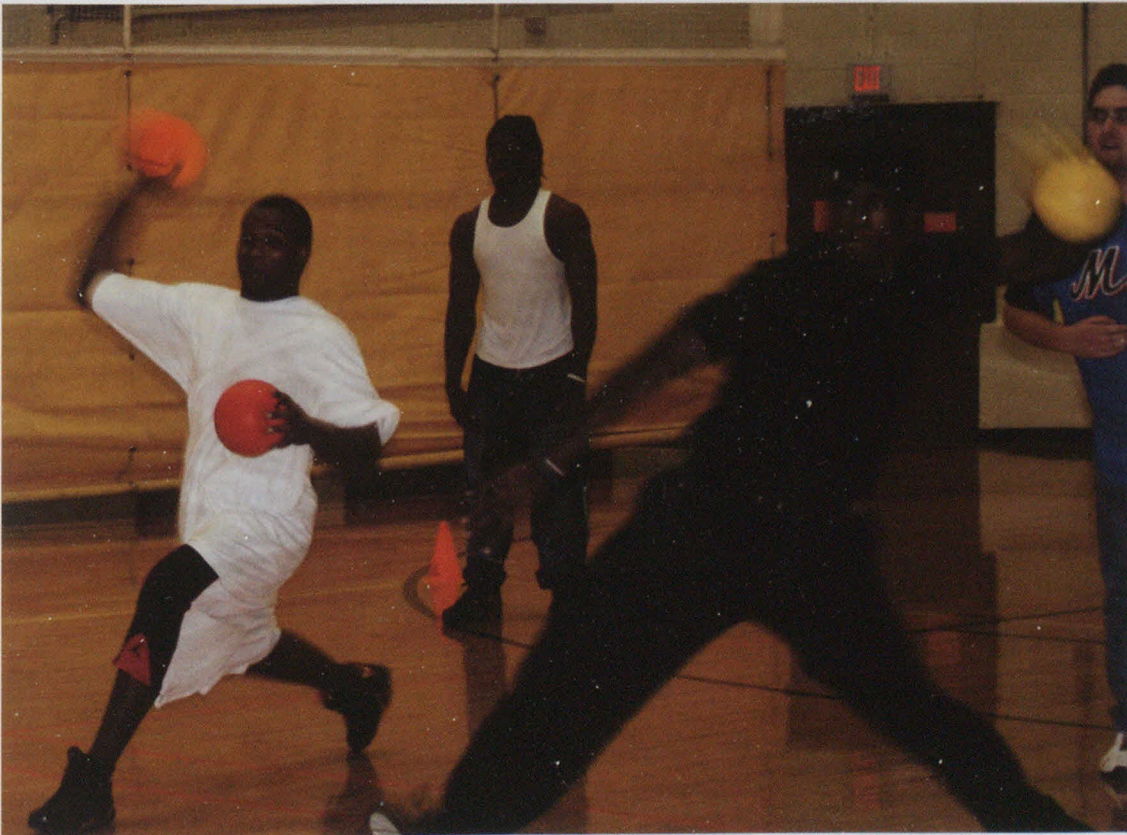

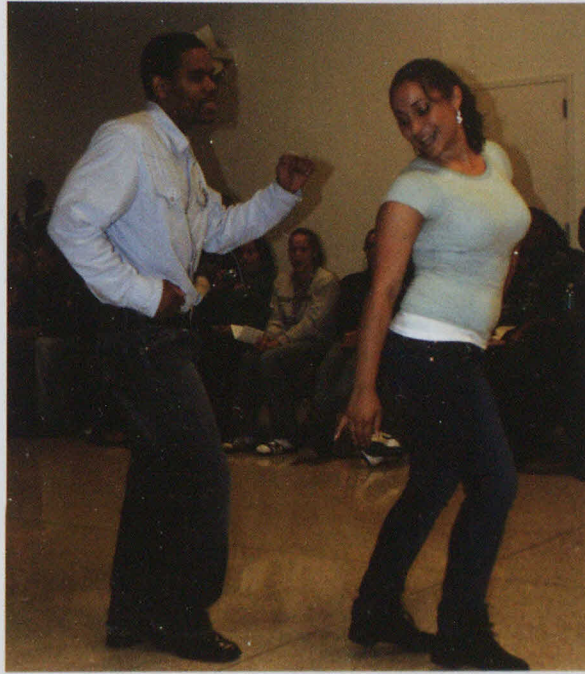

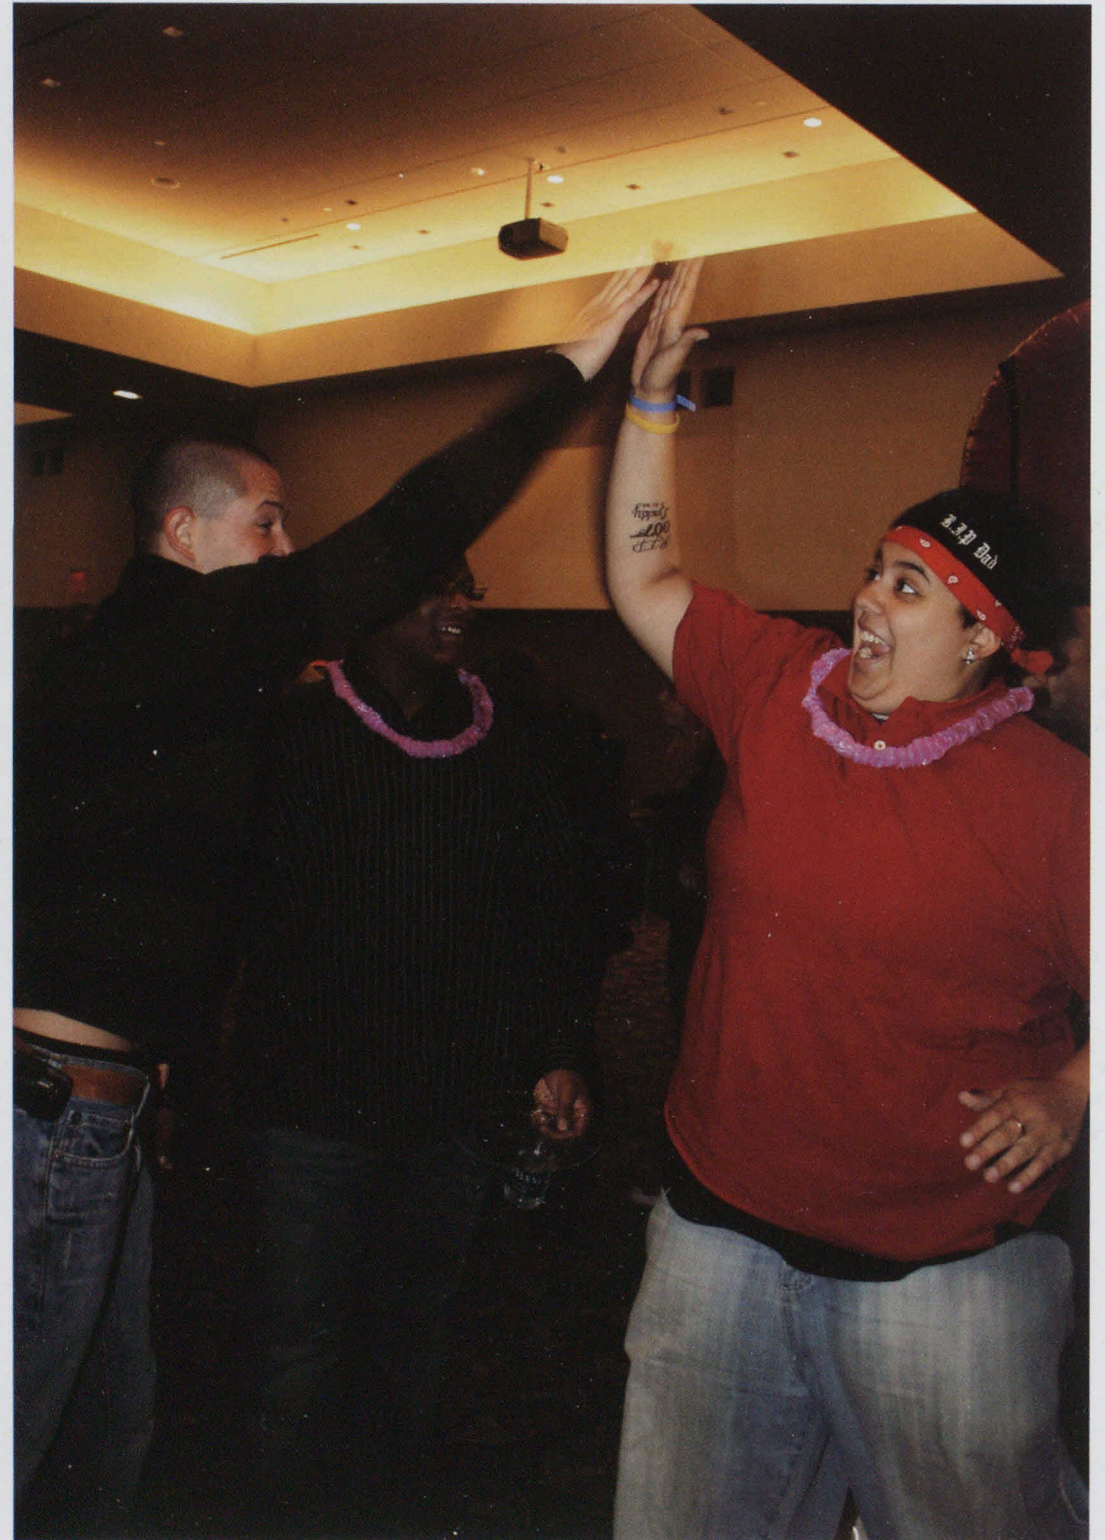

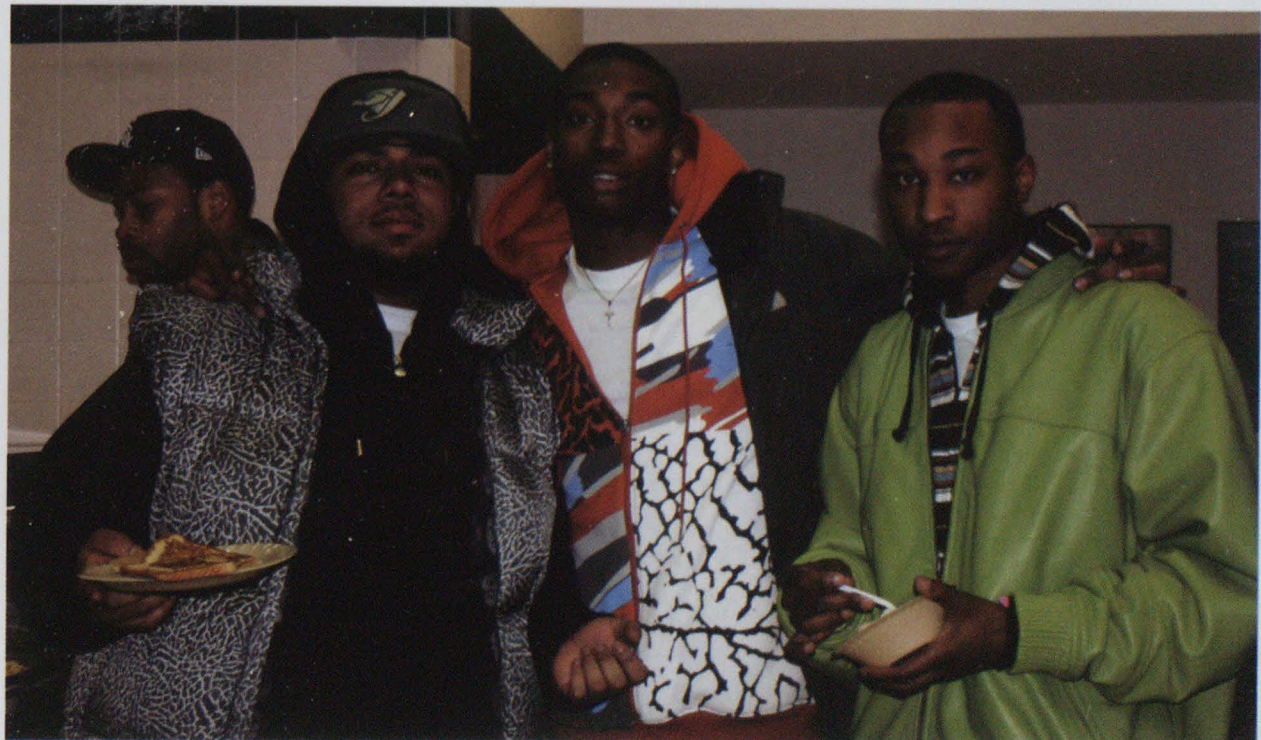

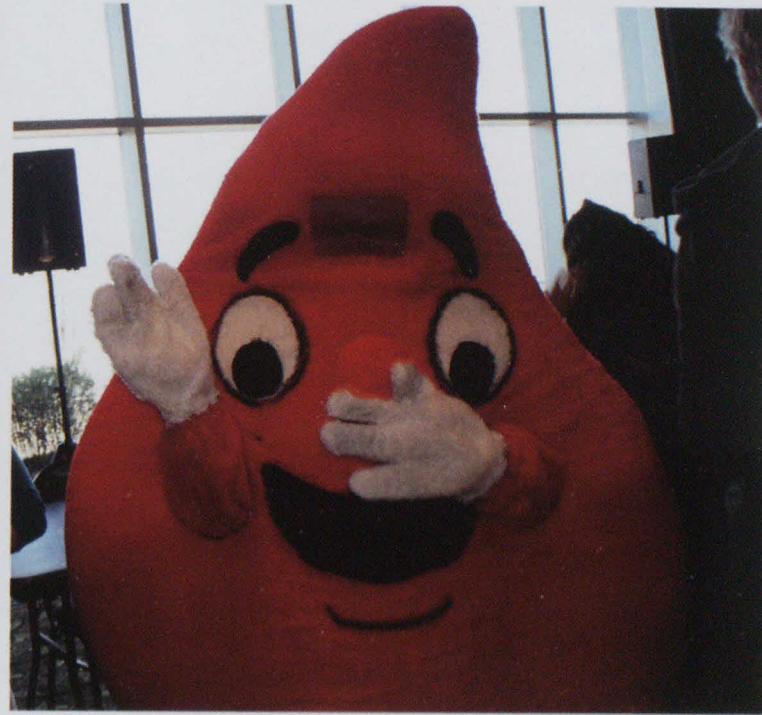

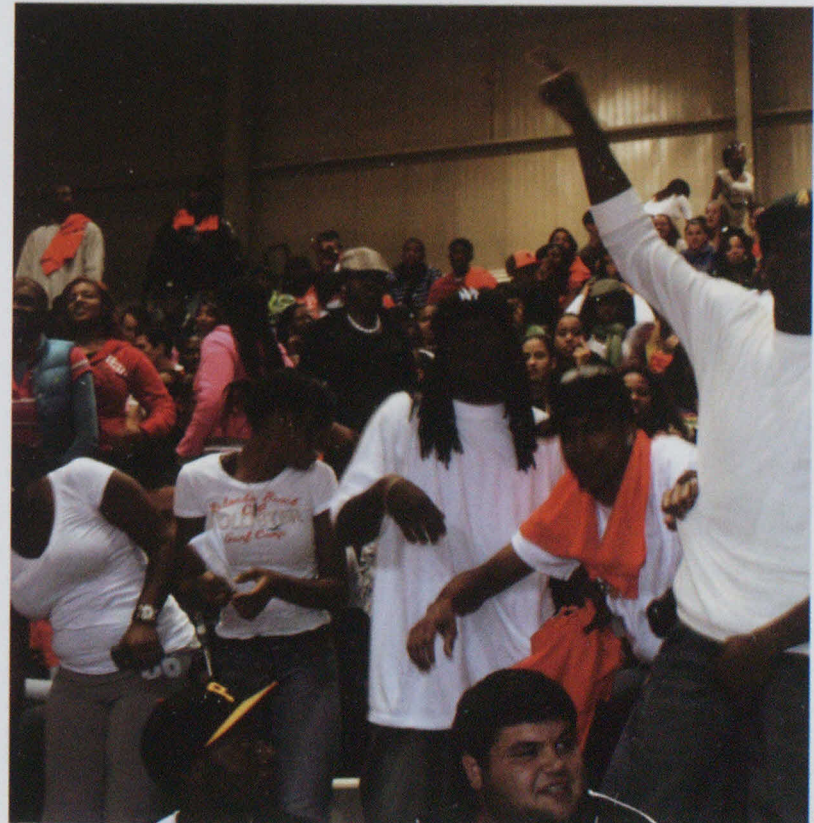

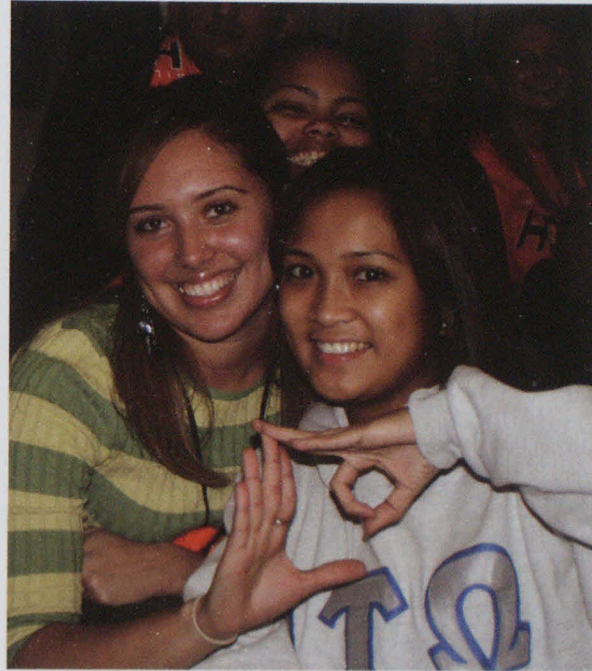

---

Dear Graduates:

Congratulations! You are now officially part of William Paterson University's long history of excellence.

A Yearbook is so much more than a collection of portraits and snapshots of University life. A Yearbook is about preserving memories- the friendships and relationships you formed here, the special events that you organized or attended, the teammates with whom you shared competition and camaraderie and the faculty and staff who mentored you. Those memories, though fresh in your minds now, will inevitably fade over time as your academic, professional and family lives develop and mature.

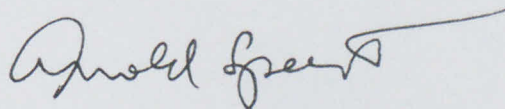

I hope this Yearbook helps to cement and connect all the feelings and memories associated with these images to your time at William Paterson University. I am confident that what you learned in our classrooms, our residence halls, on our athletic fields, and in all the other places where you have shared the college experience with your peers and our understanding faculty and staff, will serve you well in the future.

As you move forward through the years and share your personal recollections of your time here, your stories combine to provide a sense of William Paterson University for the world beyond the campus. Your graduation links you with the many generations of students who have achieved success at this great institution .

I wish you the best in everything ahead. At the same time, I encourage you to stay connected to William Paterson University so that just as you are now a part of our history, you will become a part of our future.

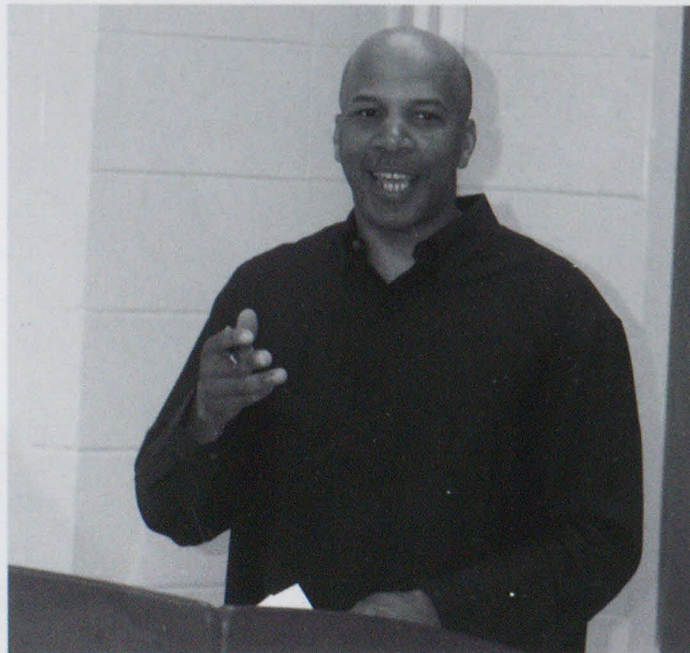

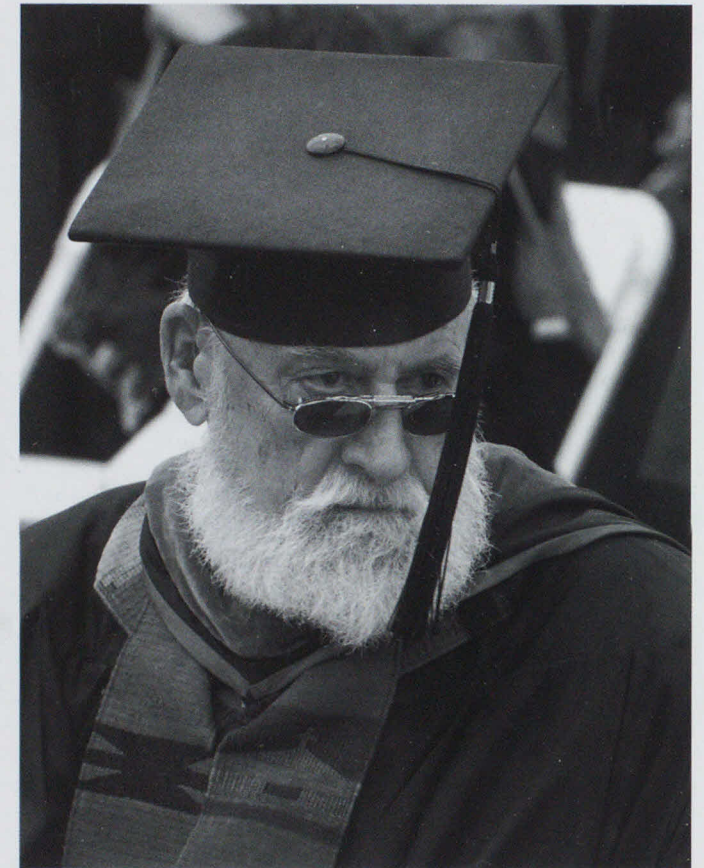

Best wishes for health, happiness and success.

Sincerely,

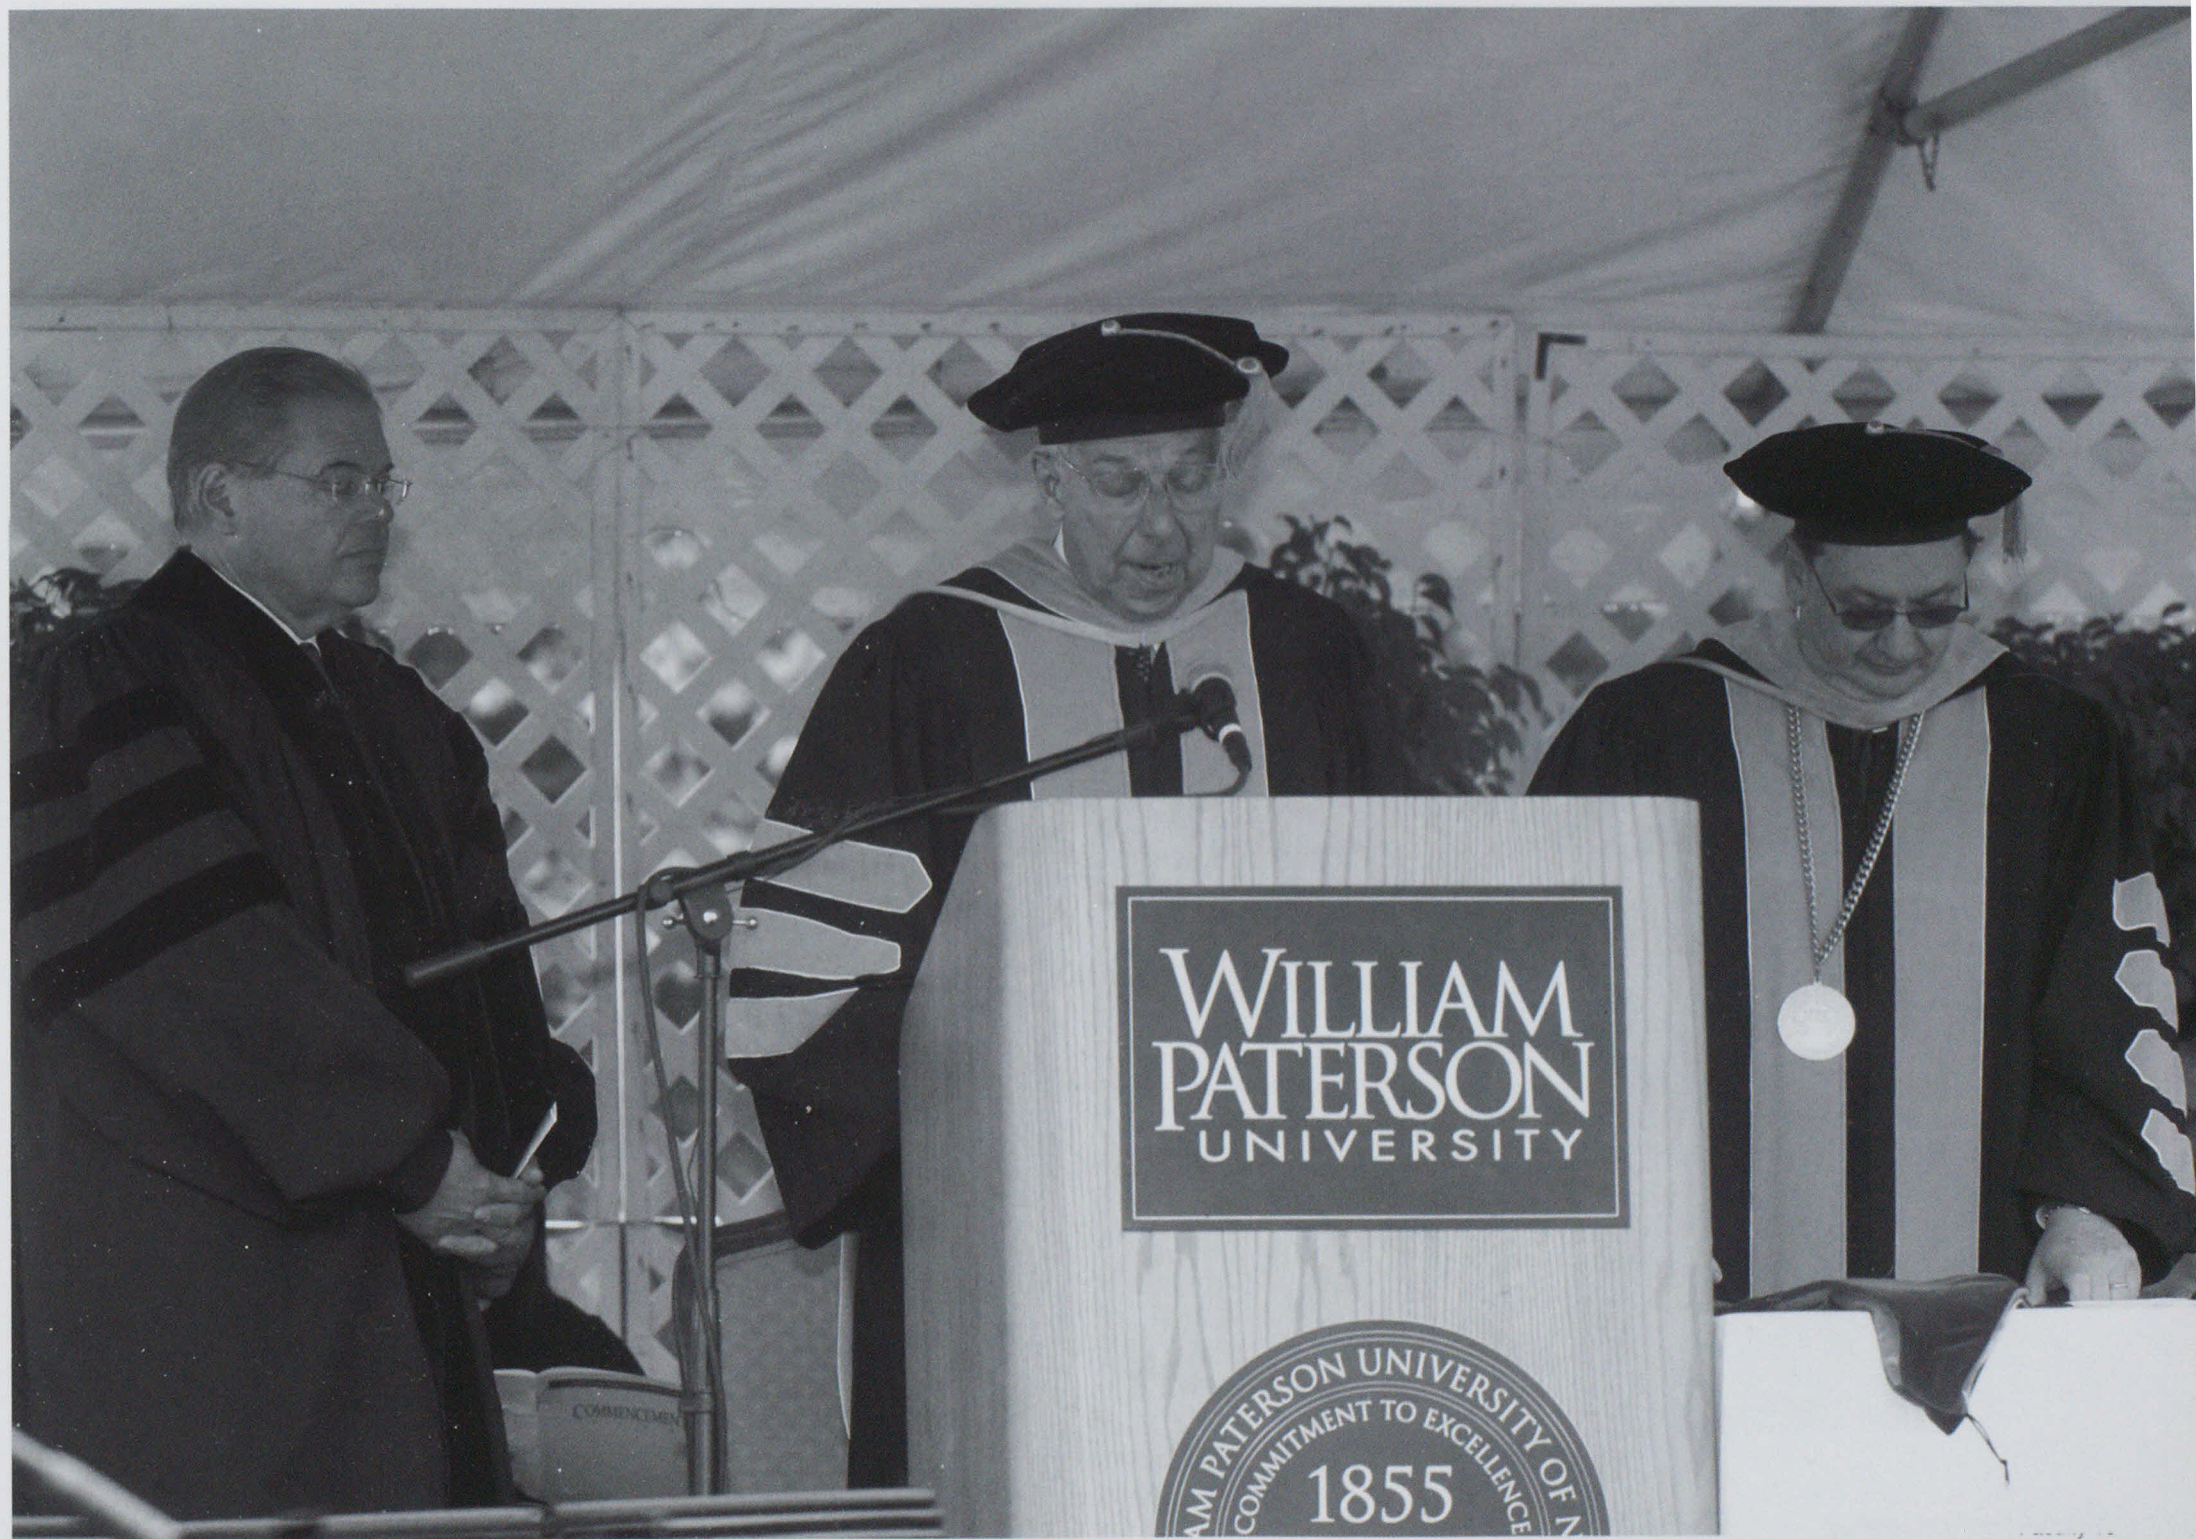

A handwritten signature in black ink, appearing to read "Arnold Speert", with a long, sweeping horizontal line extending from the end of the name.

Arnold Speert

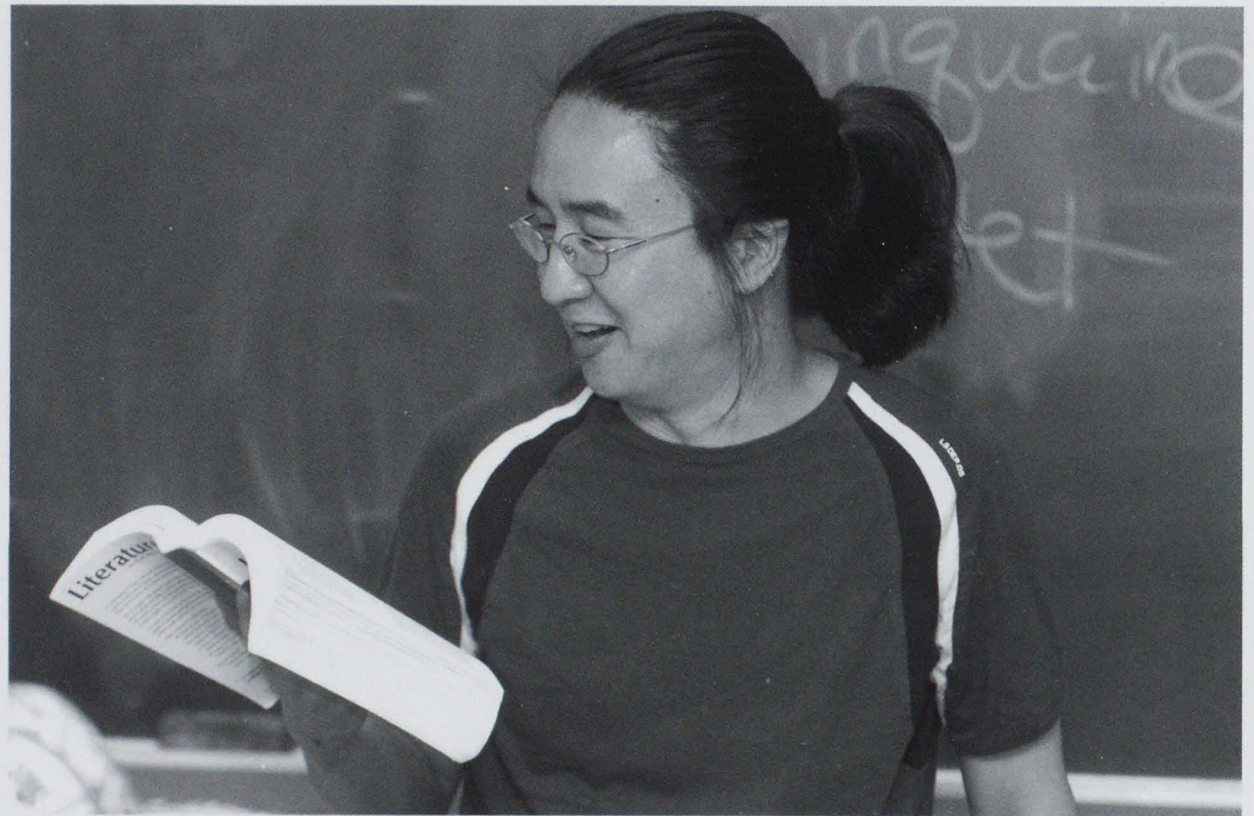

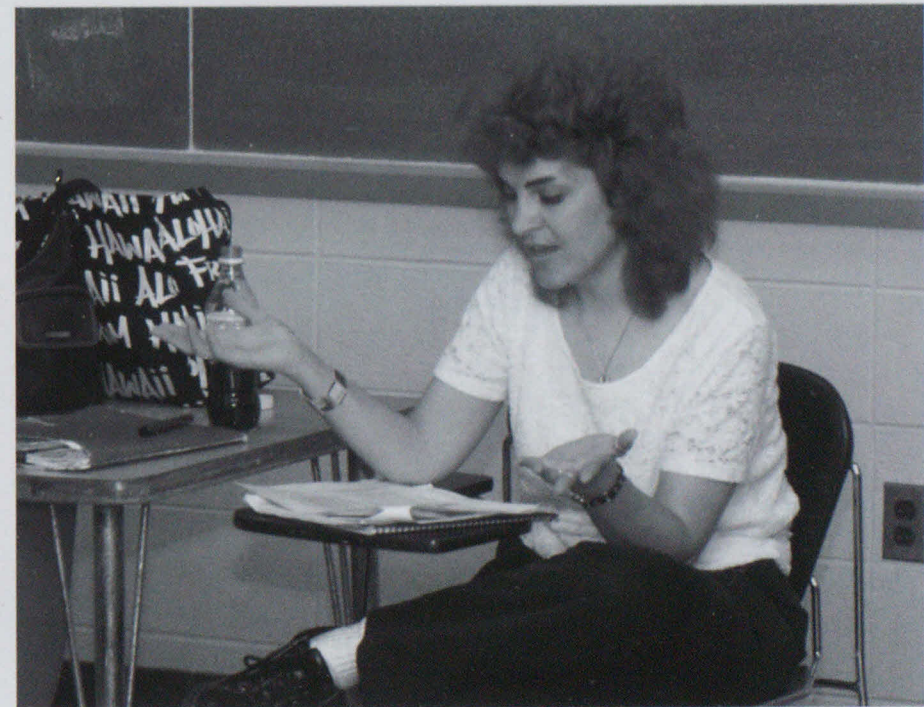

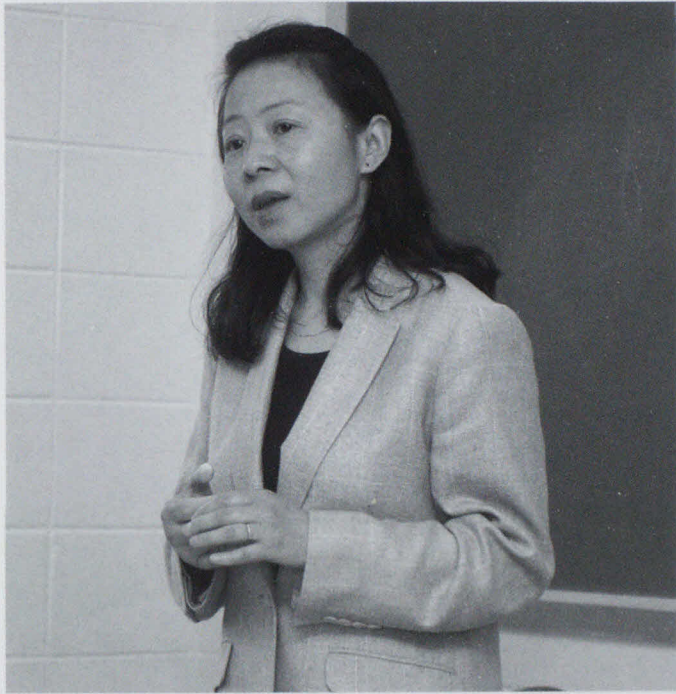

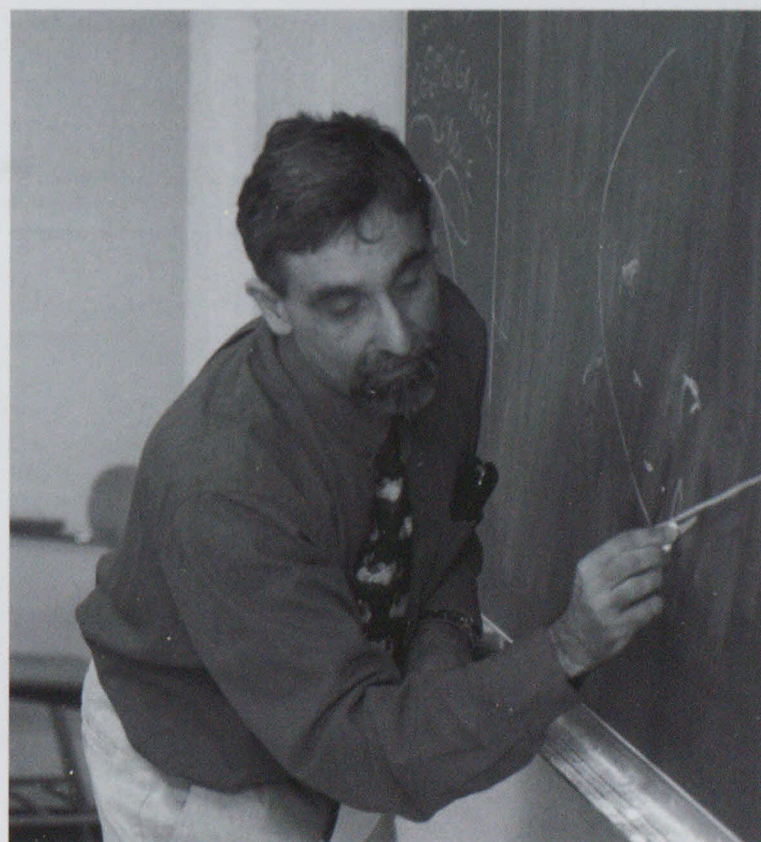

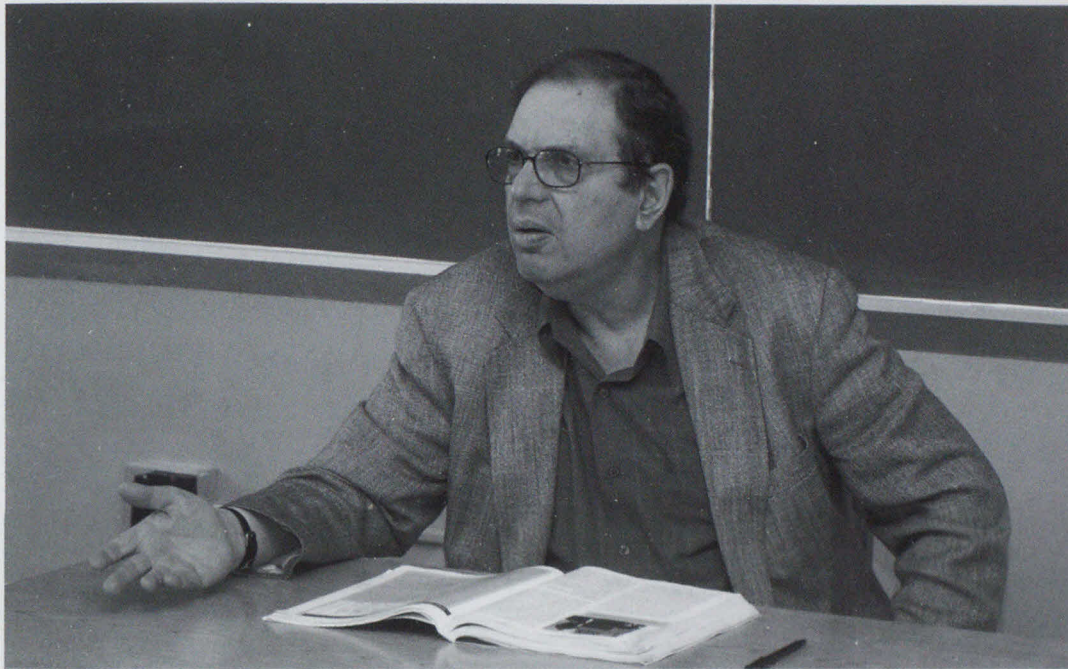

## EVENTS & ACTIVITIES

---

Groups and organizations have numerous events and activities throughout the year. From pageants and contests to special guests and lecturers, there is always something going on around campus. It is these events and activities that they choose to pursue that create a buzz and often leave lasting impressions on the student population.

## Ruthie from *The Real World*

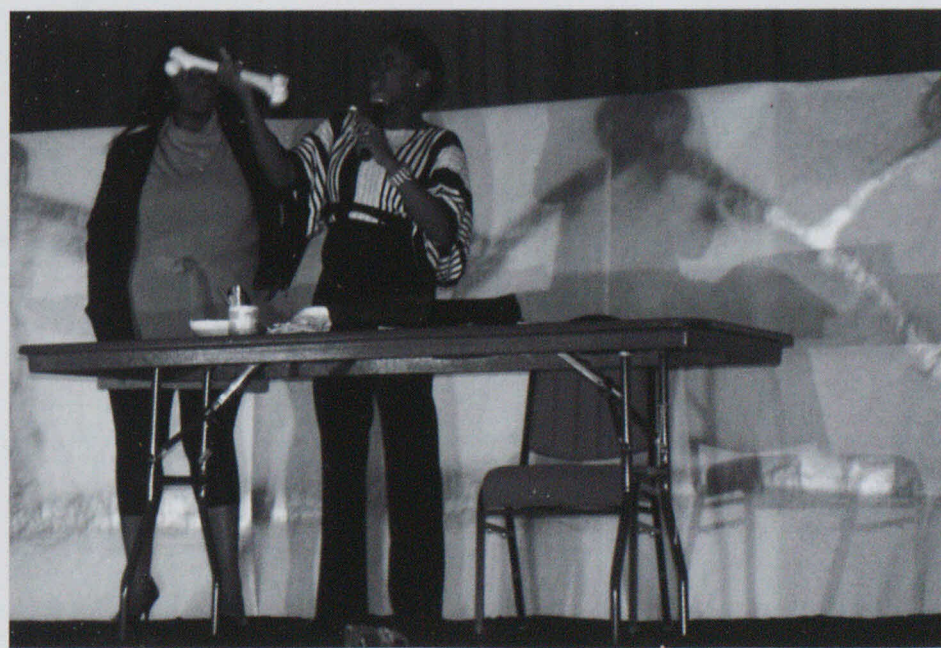

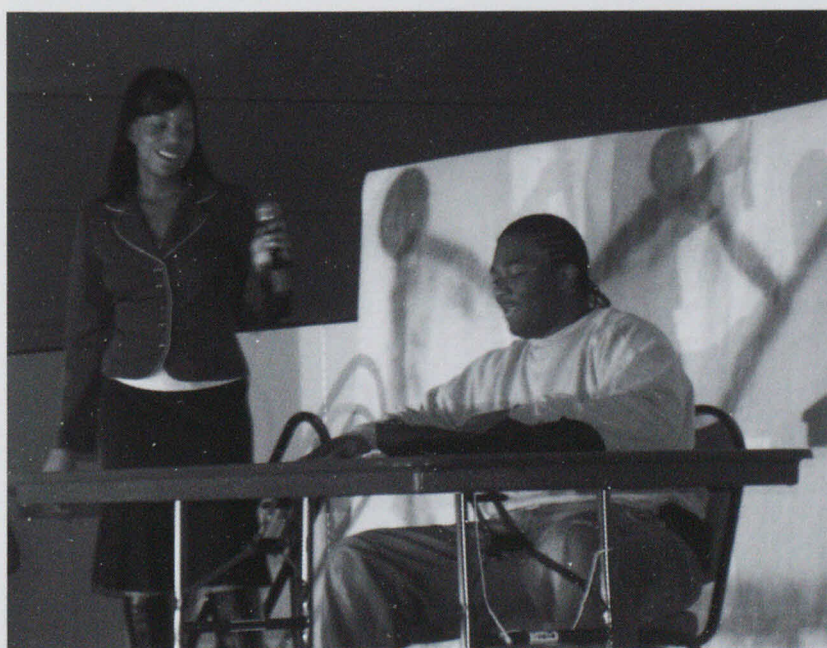

# SABLE

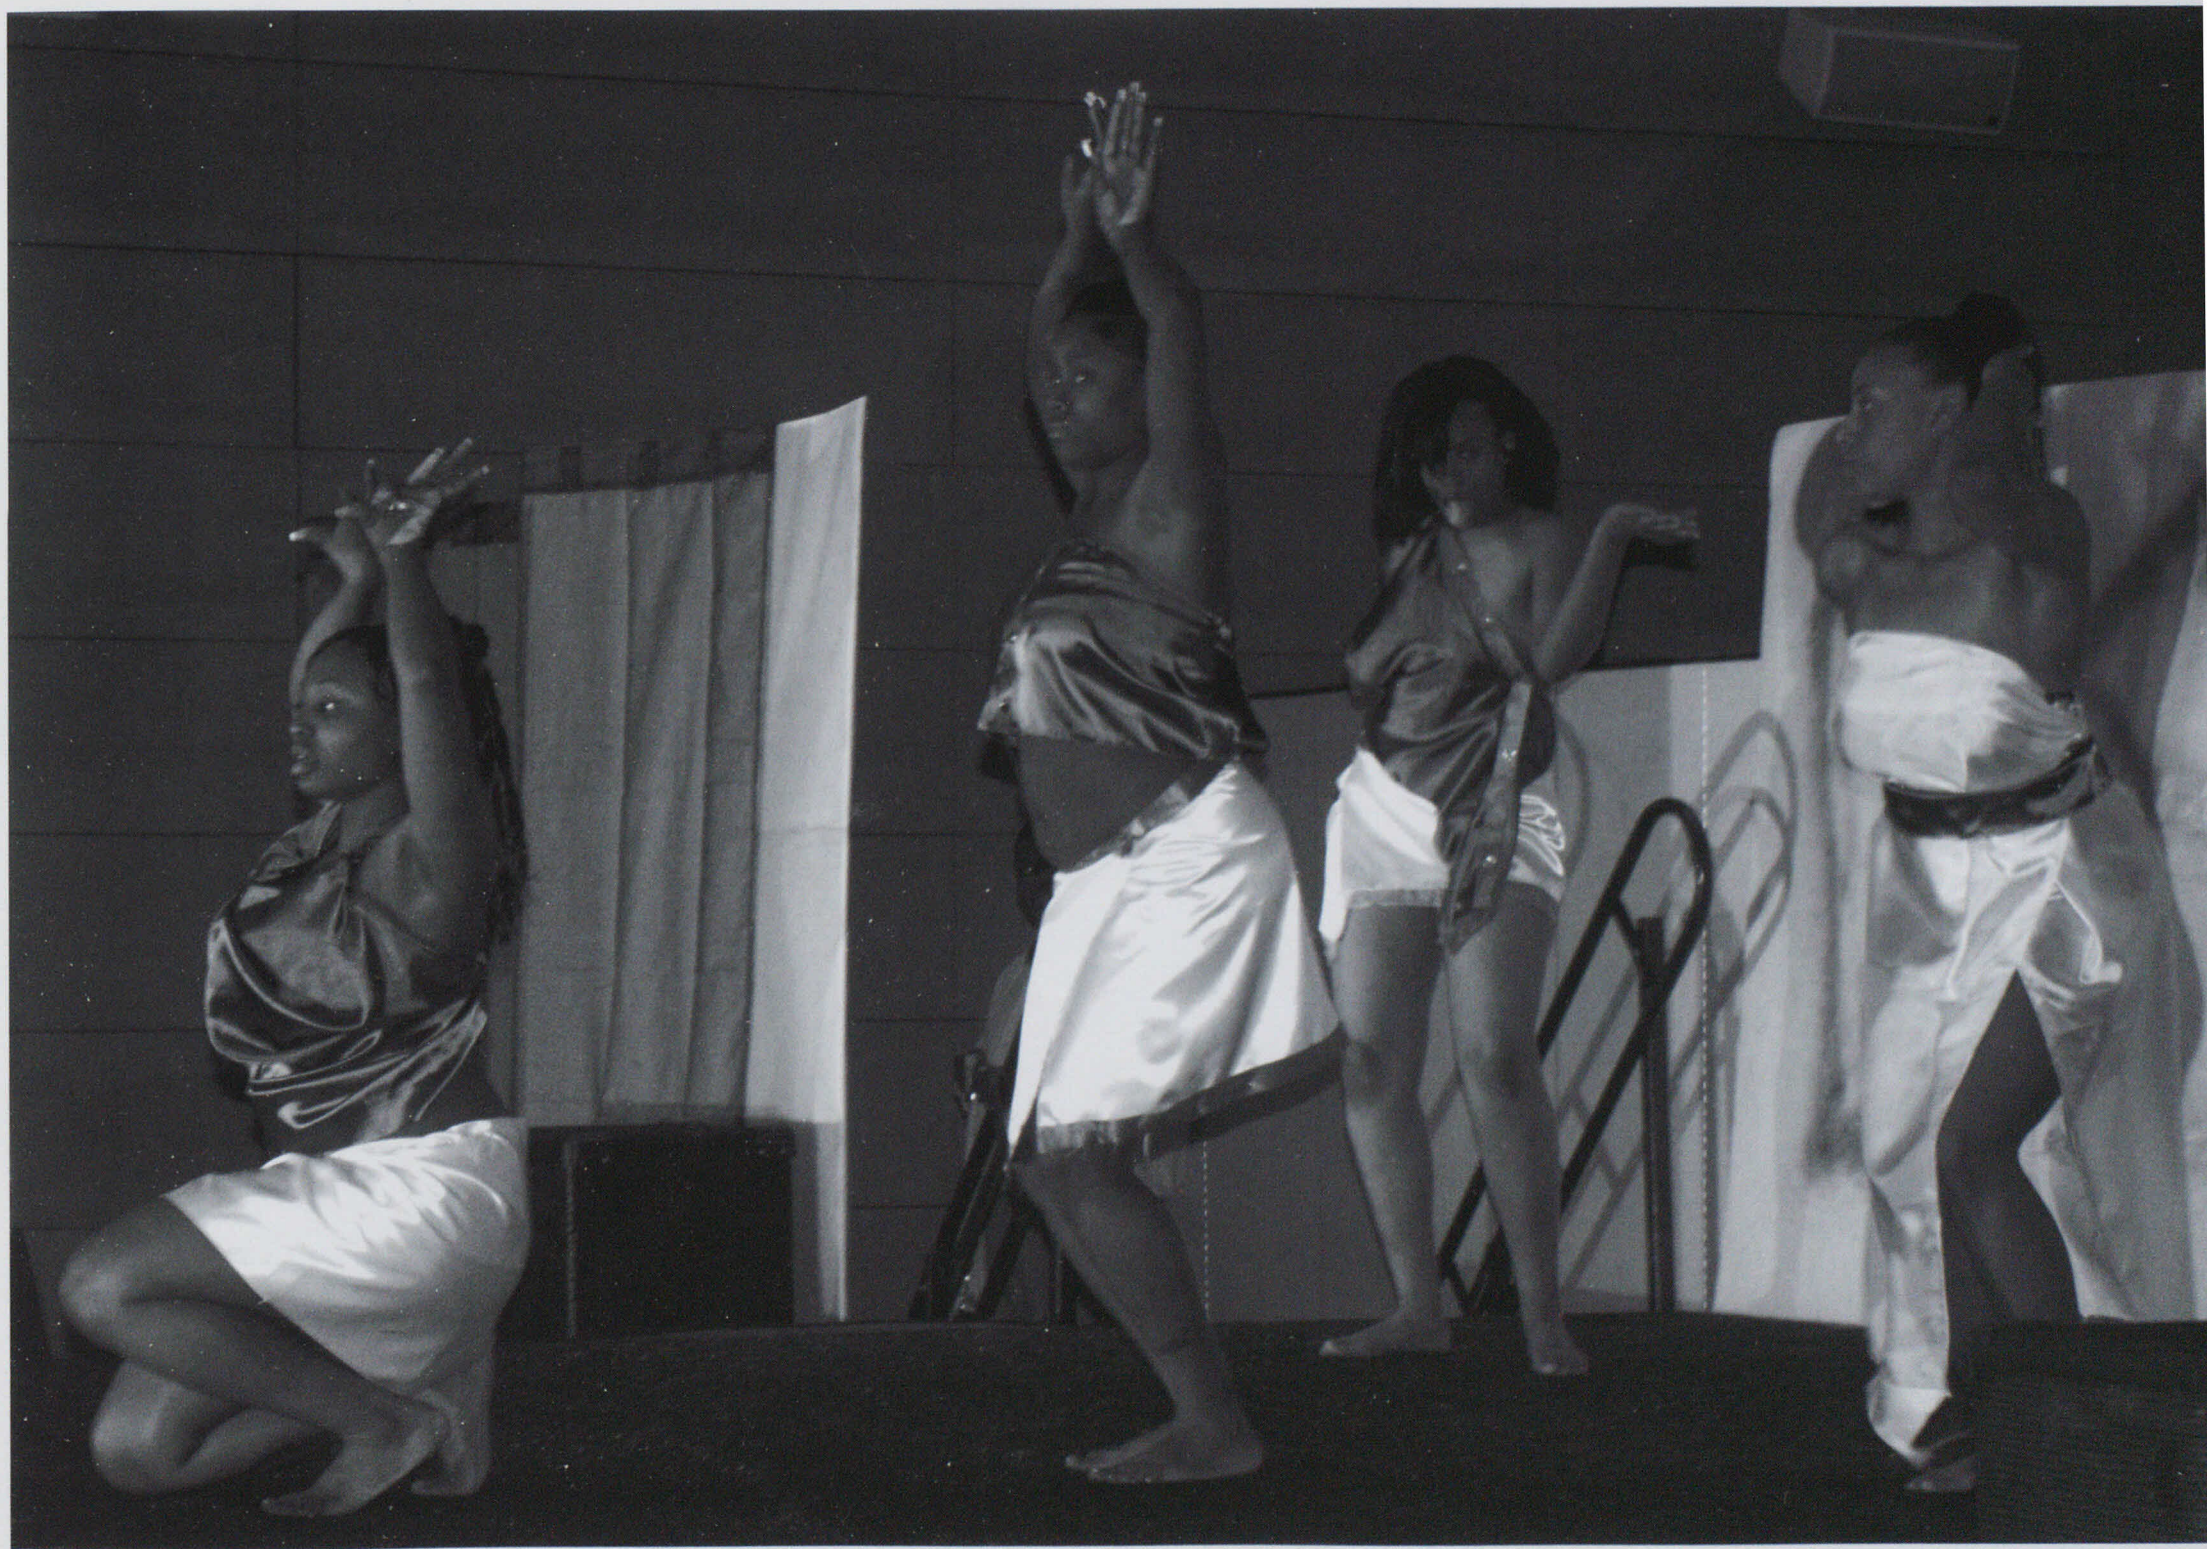

## Pageant

## CLUBS & ORGANIZATIONS

---

From day one, everyone who chooses to give advice to incoming students tells them to get involved; join a club, and for good reason. Clubs and Organizations allow for students to show off their skills in various areas and capacities and allow for everyone to find something to do other than study.

William Paterson University has over fifty different Clubs and Organizations plus allows for the creation of anything they do not have. There truly is something for everyone. Clubs and Organizations allow there participants to do something they love, participate, and maybe even create a new beginning for the club or the individual themselves.

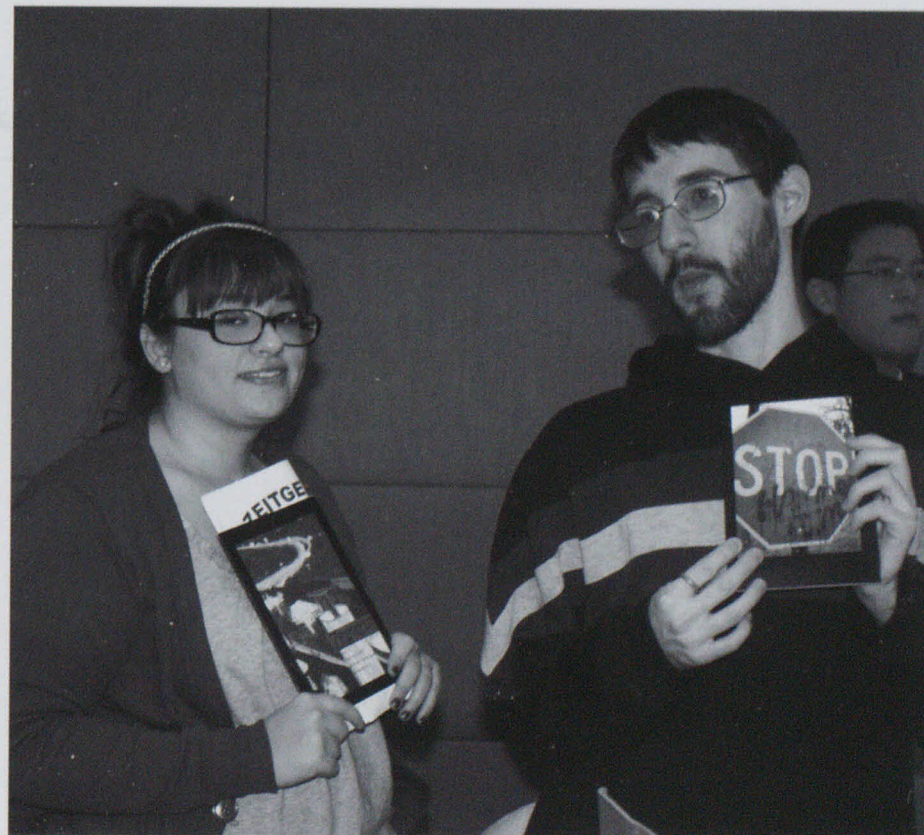

---

## GREEK LIFE

---

Greek life at William Paterson University is one of the smallest populations on the campus, yet they do not show it. In almost every club and organization on campus, Greek members are involved. Members of Greek organizations are always taking on new leadership roles and striving for success.

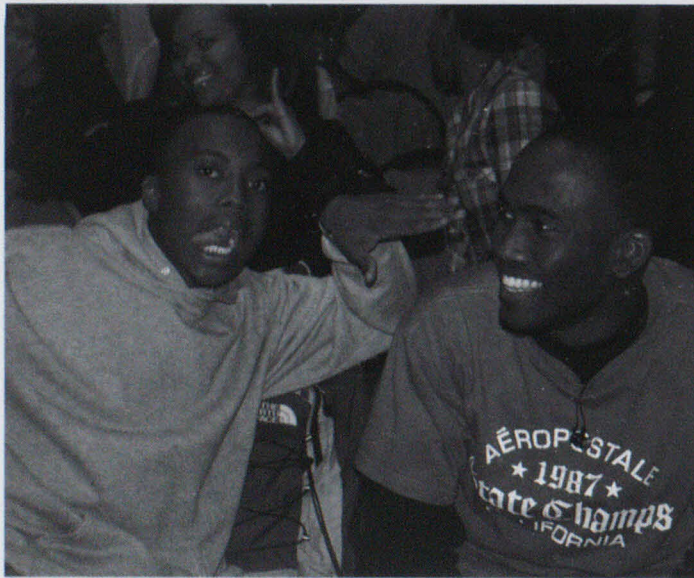

Greek life is an essential part of the University campus life. Events and activities as well as fundraisers and philanthropies are just a few things that the Greek members bring to the campus. With each new member to each organization, Greek life gets a new beginning and a chance to expand more than they have before.

## SPORTS

---

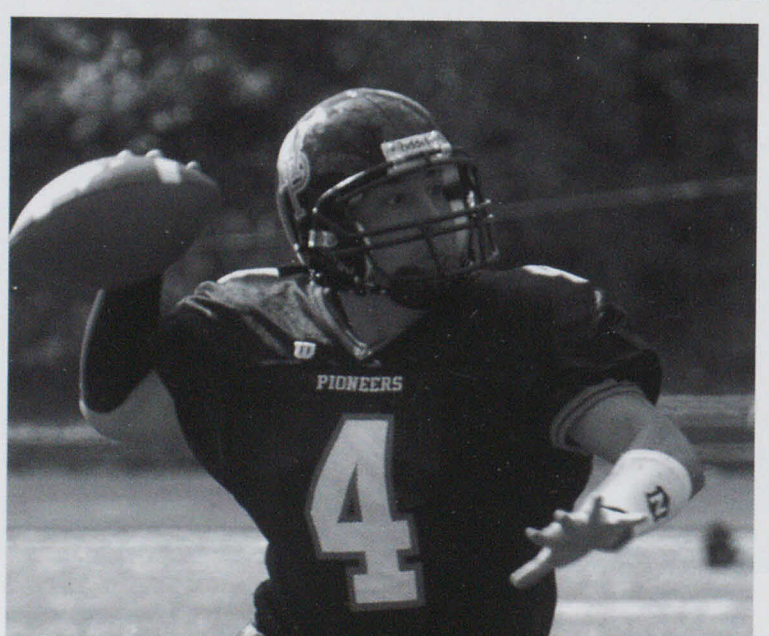

Sports teams allow for school spirit to flourish. Our William Paterson University teams go above and beyond what is expected of them to rejuvenate our Pioneer Pride. These teams allow for incoming students as well as continuing students to create a new sense of Pioneer Pride and a new beginning for each sport season.

## SENIORS

---

It is the one day every college student looks forward to, but at the same time dreads. After years of hard work, students can finally show the culmination of their achievements. It is also the day they realize it is now time to enter the 'real world.' Full time jobs, bills, responsibilities, loan payments.

Hopefully these will be the years you will be able to look back upon and remember many cherished memories. While pursuing your dreams, remember where you came from, remember what you learned and never forget what you want to achieve.

100

Celebrating  
100 Years  
of Service

You don't have to rely on your merits as a top athlete or academic scholar to get up to \$3,000/year towards your college education.

Now UPS offers students even greater opportunities for education and success. Through the UPS Earn & Learn Program, our employees receive all the benefits of a part-time job with UPS, along with outstanding education assistance to help pay for college expenses, textbooks, fees, and software. Plus up to an additional \$8,000 maximum in student loans through Concern. And, it gets even better. Working part-time at UPS means you'll have structured hours, steady paychecks and, due to rapid e-commerce growth, unprecedented opportunities for advancement.

Call today and find out how we're driving education home with the UPS Earn & Learn Program.

**To the Graduating Class of 2008:**

It is with great pleasure that we present to you this book of memories. We hope that you can look back upon your college years and remember all of the great times you had at William Paterson University. WPU has given you the tools for success; use them wisely. We wish you the best of luck in everything you choose to do.

**Pioneer Yearbook Staff**
