

The William Paterson University of New Jersey

Mission Statement

The William Paterson University of New Jersey is a comprehensive public institution of higher learning with a mission that incorporates teaching, research and creative activity, and service. Maintaining a tradition of leadership in general education and multiculturalism, the University is committed to promoting student success, academic excellence, and community outreach with opportunities for lifelong learning. ■ It offers rigorous baccalaureate, graduate degree, and certification programs for both traditional and nontraditional students. ■ The University's distinguished teachers, scholars, and professionals actively challenge students to high levels of intellectual and professional accomplishment and personal growth in preparation for careers, advanced studies, and productive citizenship in an increasingly global economy and technological world. ■ The University values diversity and equity as essential to educational excellence, with an obligation by everyone in the University community to create and maintain a climate in which respect and tolerance are recognized as part of the institution's commitment to educational quality.

Approved by the William Paterson University Board of Trustees, February 21, 1998

The William Paterson University of New Jersey

Vision Statement

William Paterson University is committed to excellence in all its programs, functions, and services. Members of the University community strive to achieve the highest professional and ethical standards, and work together to realize the institution's vision. ■ The University is dedicated to maintaining a student-centered environment that promotes the academic and professional success of students. Through high quality educational programs and opportunities provided by distinguished faculty and staff, students will become lifelong learners and seek knowledge, competencies, and skills that will make them responsible and productive citizens committed to improving their communities. Effective academic and extracurricular programming, including innovative course scheduling, and support services will be provided to meet the needs of all students. ■ As the cornerstone of the University, academic excellence is advanced through rigorous educational programs that challenge students to high levels of achievement. Excellence is maintained through program reviews and continuous planning and assessment of curricular and student development initiatives. The research and scholarly endeavors of faculty will be supported, and the Library's role as the center of the University's learning environment will be strengthened. ■ The University will maintain state-of-the-art technology with respect to both the infrastructure and its application in teaching, learning, research/scholarship, and administrative functions. To help prepare students in an increasingly interdependent "global village" and world economy, international education will be promoted through appropriate curricular initiatives throughout the campus. ■ In the University's outreach efforts, programs and opportunities will be offered to help address the educational, economic, social, and cultural needs of the state and surrounding region, and also continue to contribute to the economic and social development of the City of Paterson. Mutually beneficial relationships will be pursued with schools, private and public agencies, and other institutions of higher education. ■ Recognizing that diversity and multiculturalism are essential to academic excellence, the University affirms its commitment to multiculturalism and diversity among faculty, students, staff, administrators, and programs. A climate of civility, tolerance, and respect for others will be maintained, and appropriate measures will be taken to effectively deal with any form of discrimination.

WILLIAM PATERSON UNIVERSITY HISTORY

William Paterson University, one of nine New Jersey state colleges and universities, is named for the Revolutionary War patriot and early New Jersey statesman, William Paterson. It is a comprehensive public university offering courses at the undergraduate and graduate levels. The University's five colleges offer 43 baccalaureate and 21 master's degree programs, as well as teacher certification programs at the undergraduate and graduate levels.

Founded in 1855 as a teacher-training institution in the City of Paterson, the University relocated to its present location, now 370 acres, in Wayne Township in 1951. The campus was the former family estate of Garrett A. Hobart, 24th Vice President of the United States under William McKinley.

On June 27, 1997, William Paterson was granted university status. This change in status and the Future Search Conference in 1997 were departure points for developing a new mission statement, which was approved by the Board of Trustees on February 21, 1998. In 2001, the University's accreditation was reaffirmed by the Middle States Commission on Higher Education. In September 2002, the University opened a new 150,000-square-foot academic building at 1600 Valley Road in Wayne, increasing its academic and academic support facilities by 25 percent. In December 2002, the late Russ Berrie, founder, chairman, and chief executive officer of Russ Berrie and Company, Inc., pledged to invest up to \$5 million over five years to establish the Russ Berrie Institute for Professional Sales at the University. At its February 2004 meeting, the Board of Trustees unanimously accepted the Student Success Plan that is guiding the University through the next decade. In December 2004, Clark Terry, the renowned jazz trumpeter and educator, announced the establishment of the Clark Terry Archive at the University. In 2006, the University successfully submitted its Periodic Program Review to the Middle States Commission on Higher Education. This year William Paterson University begins preparations for Middle States Self Study and 2010/11 cite visit.

*Currently, students are not able to major in Elementary, Early Childhood, Secondary Education or Special Education; they pursue teacher certification with a major in a subject area. In Fall 2008, 211 full-time first-time first-year students indicated an interest in pursuing Elementary, Early Childhood, Secondary, or Special Education teacher certification.

**Discontinued as a major.

Due to changes in testing instruments and cut-off scores, the number of students requiring remediation has fluctuated considerably from year to year; therefore, caution should be used in comparing the numbers in these tables across years.

**Fall 2005-2008 figures exclude students who initially required basic skills course(s) but subsequently tested out prior to the first day of classes; prior years included such students. Comparison of 2005-08 figures to earlier years should not be made. Those who are exempt from taking the tests because of their SAT scores are included in the no requirement category.*

*For years prior to 2008, see Tables 2.9 and 2.10 for College of Education figures. Please note, Fall 2008 does not include 211 new first-time and 203 transfer students who indicated an interest in education as a major.

¹ Discontinued majors. Students currently enrolled in these majors began their studies prior to the major's discontinuation.

² Throughout Chapter 2, the "other" category includes visiting, exchange, and non-degree students.

³ All undeclared students are placed in this category and none are included in the college totals below.

⁴ Does not include 359 physical education first majors, nor does it include 65 music certification students that are counted as part of the Music BM program.

For this table and Table 2.13, college totals are unduplicated within college. Students with more than one major in a single college are counted only once in that college. However, students with majors in two colleges are counted in the totals of both colleges.

¹ *Prior to Fall 2008 these majors were discontinued. Starting this semester undergraduates are able to major in education. In addition they must have a liberal arts or science major to apply for certification to the state.*

* *There are 917 undergraduate students pursuing certification (this includes 359 physical education students. An additional 65 music certification students are currently counted as part of the Music BM program).*

The total number of majors in this table exceeds the headcount of undergraduates because 518 students have two majors and are included under both.

¹ See Table 2.10 for College of Education figures, including physical education and music education students.

² In addition, 359 students are pursuing physical education certification through the kinesiology department and 65 are pursuing music education certification through the music department.

³ Includes visiting, exchange, and non-degree students.

SCH stands for student credit hours. The student credit hours for a course are calculated by multiplying the number of credits a student earns for the course by the number of students in the course. Therefore, a 3-credit course with an enrollment of 25 students would generate 75 SCH's. Due to differences in timing, the figures in this table are slightly different from those presented in Table 2.16.

*In Fall 2007, BRI courses were supervised by the English department and are included in that department's counts.

¹Discontinued major.

²Throughout this table and Table 2.15, Geography data are listed as part of Environmental Science for years prior to 2005.

³Throughout this table and Table 2.15, Physics data are listed as part of Chemistry for years prior to 2008.

⁴This category includes enrollment, SCH, and section counts for Biopsychology, Exchange, First Year Seminar, Humanities Honors, and Social Sciences Honors. In Fall 2008, SCH counts are as follows: Exchange: 18; First-Year Seminar: 1,878; Humanities Honors: 75; Social Sciences Honors: 87; and 3 SCH with no identifiable department.

¹Based on students who graduated in August, 2005 and January and May, 2006. The 2007 alumni are currently being surveyed.

²Response rates are based on surveys that were deliverable, not on the number of students who graduated.

³These categories are not mutually exclusive. For example, a student may be both employed and pursuing further study. Therefore, percentages may add up to more than 100.

¹ T=full-time tenured, TT=full-time tenure track, NTT=full-time non-tenure track, and PT=part time. Tenure percents are based on full-time faculty.

² Figures for adjuncts exclude those with exclusively administrative or supervisory assignments (e.g., non-teaching assignments in the Office of Field Experiences).

³ Department counts include adjuncts that may teach in more than one department, therefore, the column may not add to the University Total, which is an unduplicated headcount of teaching adjuncts.

The above summary represents a partial presentation of the University's audited financial statements, prepared in accordance with the reporting guidelines established by the Governmental Accounting Standards Board, which the University adopted for its fiscal year ending June 30, 2002. These Standards require significant changes in various account classifications. Data presented above should not be compared to previous years as the results may be misleading. The following are the most significant changes to the financial statements: 1) Revenue and expenses are now classified as either operating or nonoperating; 2) Revenues from student tuition and fees and auxiliary enterprises are now presented net of scholarships applied to student accounts; other payments made directly to students are presented as student aid; 3) Capital assets are now depreciated.

*The University's fiscal year runs from July 1st to June 30th.

The above summary represents a partial presentation of the University's audited financial statements, prepared in accordance with new reporting guidelines established by the Governmental Accounting Standards Board, which the University adopted for its fiscal year ending June 30, 2002. These Standards require significant changes in various account classifications. Data presented above should not be compared to previous years as the results may be misleading. The following are the most significant changes to the financial statements: 1) Revenue and expenses are now classified as either operating or nonoperating; 2) Revenues from student tuition and fees and auxiliary enterprises are now presented net of scholarships applied to student accounts; other payments made directly to students are presented as student aid; 3) Capital assets are now depreciated.

*The University's fiscal year runs from July 1st to June 30th.

Full-time undergraduate students are charged a flat rate per semester, including fees. Full-time is defined as 12 or more credits. In-state undergraduates with fewer than 12 credits are charged \$337 per credit (including fees), and out-of-state undergraduates are charged \$551 per credit (including fees) for the 2008-09 academic year. Graduate students are charged tuition and fees on a per credit basis.

Undergraduate and graduate housing capacity for the 2008-09 academic year is 2,620.

¹Graduate only.

²The difference among the 8-meal plans is in the amount of money put towards Pioneer Express.

³This plan no longer offered.

N refers to the number of students receiving each type of aid. Some students receive more than one type of aid; thus, totals reflect number of awards and not the number of students.

For 2007-2008, there was a 4.6% decrease in the number of funded students and a 8.8% increase in the total funds awarded over the previous year. A total of 6,068 students (unduplicated), or 68.7% of all undergraduate students, received some form of financial aid.

SLS is Supplemental Loan for Students (these are loans for economically independent students).

GSS is Garden State Scholar; GD is Garden State Distinguished Scholar; US is Urban Scholar; and PTB is a free public tuition benefit program for students attending a state college who are children of firefighters or police officers slain in the line of duty; OSRP is Outstanding Scholars Recruitment Program.

WP-TAG grants are offered by the University to TAG recipients to offset tuition increases above the FY96 Appropriations Act maximum from which the neediest TAG students must be held harmless.

ACADEMIC INDEX COMPUTATION

The Academic Index (AI) is used as one of the criteria for admission. It is calculated by using the following formula:

Academic Index = SAT (Verbal+Math)/10 + Converted HS Rank (listed below). If the best SAT scores are 450 & 500 and the high school percentile rank is 68th, the Academic Index is 203: $450 + 500 = 950/10 = 95 + 108$ (the converted rank) = 203.

<u>Class Rank/Percentile</u>	<u>Converted Rank</u>	<u>Class Rank/Percentile</u>	<u>Converted Rank</u>
1	50	44-47	98
2	54	48-52	100
3	58	53-56	102
4	60	57-60	104
5	62	61-64	106
6	64	65-68	108
7	66	69-72	110
8	68	73-75	112
9	70	76-78	114
