MENC Hosts Music Show

Miss Connie Califano, pianist, will give a recital at Paterson State, Tuesday, March 26 at 3:30 pm in Shea Auditorium. This concert is being sponsored by the local chapter of the Music Educators National Conference.

A graduate of Pembroke College of Brown University, Miss Califano has received such honors in music as the Hope Chatterton Music Award in 1965, and the Marion Hassenfield Premium prize in music in 1967. She has performed as guest soloist for the Brown Symphony Orchestra on several occasions, and won a national scholarship from the North Carolina School of the Arts for piano study at Siena, Italy. Currently, Miss Califano is studying for the Masters Degree in piano performance at Yale University.

Her repertoire for this coming Tuesday will include portions from Scarliott's "Sonata in E Major," L. von Beethoven's "Sonata in Eb Major," Schubert's "Sonata in A Major," and Chopin's "Scherzo in C minor."

The student body and public are invited to attend. There is no admission charge.

Miss Diane Helms, last years Campus Queen, congratulates Miss Nina Spadaccini, Campus Queen 1968-1969

Miss Spadaccini Is Crowned PSC's Campus Queen at Ball

The theme of the Coronation Ball, "A Night in Camelot," was implemented by this year's decorating committee headed by Francine Vars. Banners, Shields, and colorful streamers set the scene of a castle. The throne itself was white with a red floral background.

NINA SPADACCINI, escorted by Ed Broberger, was crowned Campus Queen for the 1968-1969 school year by retiring queen Diane Helms. Nina was presented with a bouquet of red roses and a gold charm inscribed as a memento.

Born in Argentina, Nina spent her childhood in Europe. There she acquired her linguistic background which has proven useful in her work as a language lab assistant on campus.

First runner-up was ANGELA SEMERARO of Wayne, who was escorted by Mike Capo. In between cheering at Varsity basketball games, Angela has found time to enjoy horseback riding.

YVONNE ANN ALLEN, escorted by Lt. David Oresto Hopkins, was second runner-up. Yvonne, who sings for the Acapella Choir, recently played the female lead in our all-college musical, THE BOYFRIEND.

Third runner-up was LINDA TUIT, who was escorted by Tony Benevento. Linda, a Special Education Major, has recently been elected a delegate to the Inter-Fraternity-Sorority Council.

IRENE STRACHOV, fourth runner-up, formerly worked as a professional model and a fashion co-ordinator. She, too, has a linguistic background and speaks three languages—Russian, English, and Spanish. Irene was escorted by Vince Benfatti.

Office Issues Acceptances

Decision letters were mailed this week to 3,300 applicants for the 1968 Freshman class. In this total are 1,292 offers of admission and 351 who are on the waiting list.

These students have been selected from over 3,600 applicants. Approximately eighty per cent of the accepted students rank in the highest third of their high school class. Applicants have until April 1, 1968 to indicate their acceptance of an offer by paying the required \$35 acceptance deposit.

Trustee Presents His Point Of View

Mr. William Caldwell, President of the Paterson State College Board of Trustees, will address the college on Thursday, March 28, at 3:30 in R101, as the second one a series of dialogues between the college and its new Board of Trustees sponsored by the Paterson State Federation of College Teachers. The subject of the series is "The Evolving State Colleges: A Trustee's Point of View."

Mr. Caldwell is Associate Editor of the Bergen Record. Since 1930 he has been writing a daily column, "Simon Stylites" which has won awards from several press associations. In addition to "Simon Stylites," Mr. Caldwell writes most of the important editorials for the Record.

Mr. Caldwell has been in newspaper work since his teens. At age 17 he edited the Hasbrouck Heights Newsletter and worked for the Associated Press in New York before joining the Record as a sportswriter. He was

Faculties Oppose Admission Policy

The Association of New Jersey State College Faculties recently made public a report opposing recent changes in admission policies at the six state colleges.

The Association — made up of professors at the six state colleges — is "deeply concerned about the far-reaching implications of the proposed policy on the future of the state colleges and upon the youth of the state," says the report.

Adoption of the policy, the report charges, "is not, apparently, supported by reputable research."

"Particularly objectionable" is a requirement that 14 of the 16 high school credits required for admission be in "college preparatory subjects" says the report.

"This requirement will essentially restrict and thus make the high school curriculum unnecessarily rigid in terms of curriculum options and course available to students," says the report.

"The standard is artificially

PSC To Sponsor Speech Festival

Over four hundred high school students from various parts of New Jersey are expected at Paterson State's campus on Saturday, March 23. They will be participating in the High School Speech Festival sponsored by the speech department at the college.

The program will begin at 9 am and run until 5:30 pm, when the awards will be presented to the

EDITORIAL

Measure Up

The recent rash of "Letters To The Editor" which is received weekly by the BEACON reflects the desire of the Paterson State student to speak his mind on what he considers to be pressing issues. The BEACON goes on record to encourage this means of communication. This is why we have this section of the paper; this is the voice of the students.

However in the past several weeks the BEACON has received some letters which borderline good taste. These letters originally were printed in the hope that readers would come to their own conclusions regarding the content and style of the authors.

But an increasingly large number have misused the privilege of expressing an opinion in an intelligent fashion. Some have actually crossed the boundary separating a difference of opinion from out and out libel and slander. This will stop as of now.

Again the BEACON reiterates its encouragement to all readers to agree or disagree with any phase of our endeavors to produce a newspaper which both students and faculty can be proud of. The BEACON treats all disagreements with respect as there is no right or wrong involved when it comes to a matter of opinion. But I am personally fed up with the attitude of some students who flagrantly and abusively attack those who do not share the same opinion.

Effective immediately I will treat all "Letters To The Editor" as exactly that: letters to the editor which have the best interest of this college at heart. I will not tolerate the printing of any letter from any member of the student body or faculty which is little more than a conglomeration of personal vendettas and street-corner language.

Letters must be signed but names will be withheld on request. All letters should be limited to the length needed to get the message across. Letters which babble on after the point has been made will be edited to conserve space.

I expect to hear cries that the BEACON, in following the above policy concerning letters, is censoring public opinion. But many of the grippers who scream the loudest for their rights of free speech are usually the last to accept the responsibilities that accompany these same liberties.

AL PAGANELLI

LETTERS TO THE EDITOR

Contributions to this column are the opinions of the readers and, as such are unsolicited. All letters are required to be of a standard that will reflect the best interest of the college. Anonymous letters will not be printed but names will be withheld on request. The Beacon reserves the right to edit all letters.

Yea Beacon!

DEAR EDITOR:

This letter won't be in criticism of one of your editorials nor will it be in criticism of your fine, loyal, but scanty staff. This letter will be in criticism of the students of Paterson State for their failure to come out and support the STATE BEACON.

Although only enrolled at Paterson State for one semester (last) and now in attendance at another school, I found myself involved with the BEACON (writing sports stories). Upon returning to the Hilltop a short time ago, I was surprised—no, I was appalled—to see that the students have not rallied to the BEACON's cry for help.

Overlooking the financial problems the BEACON is run by people who, believe it or not, DO NOT get paid in any material way except for a byline. These people work hard to satisfy all of the whims not only of the students, clubs, and organizations, but also the faculty and administration as well. O.K. This isn't too much to ask, but how in all of God's world can a handful of people cater to everybody's "BIG STORIES"?

One does not have to be an English major, a literary giant, or work for another local publication (to prove this, I hold my own stories up for execution). Just the urge to help someone is enough, whether it be yourself or another you're doing this for. I ask you, how would you feel if this Friday there wasn't a paper in the Snack Bar, Wayne Hall, Hunziker Hall,

or the library because there wasn't a BEACON staff to put out the students' "heartbeat"?

GENE MADDEN

Coronation Ball

DEAR EDITOR:

This year CAMPUS QUEEN elections were put under the direction of the Elections Committee. Because of this change election times were set to run from 9:00 am to 3:30 pm. This ruling was in direct accord with the SGA constitution. Due to an error, the Beacon published the wrong times in their March 8 edition. Sorry for any inconveniences.

TOM DI CERBO
Elections Chairman

EDITOR'S NOTE:

The confusion cited by Mr. Di Cerbo resulted from the failure of the Coronation Ball Committee and Elections Committee to get together to arrive at a single time.

AP

Light Up!

DEAR EDITOR:

Miss Louise Herrmann makes an important point in a recent letter published in your issue of March 8, 1968. The point is made that because of the crowded parking conditions on campus in the evening, freshmen have been asked not to move their cars into lots 3 and 4 after 3:30 p.m. The freshmen who have evening activities then find that they must walk through unlighted paths to their automobiles.

The Traffic Department

reports that the parking lots at gates 3 and 4 are still crowded at 3:30 p.m.; however, by 4:30 p.m. they is room in these lots. We are, therefore, clarifying the regulation and wish to announce that the freshmen may move their cars at 4:30 p.m.

If the lots at gates 3 and 4 are crowded; at 4:30 p.m., it will be possible to transfer automobiles from the Veritans lot to the well-lighted lot behind the boiler house. The path from the boiler house to the upper campus is also well lighted. We appreciate the interest which Miss Herrmann has taken regarding this question.

This blind man can hear and understand a 60-minute speech in 30 minutes.

If you've ever played a 33 1/3 rpm record on 78 rpm, you know what happens. The voice speed is more than doubled but the result is a high-pitched, squeaky babble. Bell Telephone Laboratories has eliminated the high pitch, the squeak and the babble. They have developed an electronic device (the harmonic compressor) which permits the recording of the human voice at twice its normal speed without any distortion whatsoever.

This process is actually a hearing equivalent for speed-reading. And that means everyone, but most especially the blind, will one day have a meaningful substitute for speed-reading. The uses for compressed speech, as it is called, are numerous.

In the not too distant future, textbooks, news articles, even novels and other fictional material will be recorded with the Bell Telephone process, and "speed-heard" with perfect understanding by the trained listener. For these reasons and many others, the American Foundation for the Blind in cooperation with Bell Telephone Laboratories is now studying the possible use of compressed speech in its tape and disc recording programs for the blind.

"Speed Hearing"—a look at communications of the future from the Nationwide Bell System.

INTER-VARSITY DISCUSSES THE WAR IN VIETNAM

The ever-controversial topic of the war in Vietnam will be the subject of a talk and discussion sponsored by the Inter-Varsity Christian Fellowship Group, which will be held on Tuesday, March 26 at 3:30 in H109. The guest speaker will be Rev. Smith, minister of the Preakness Reformed Church. All are invited to attend the meeting and to express their views.

Anyone interested in the following positions for the 1969 PIONEER—please leave your name in the PIONEER office within the next week: CO-EDITOR-IN-CHIEF, LITERARY CO-EDITOR, PHOTOGRAPHY EDITOR, ART EDITOR, ART CO-EDITOR, BUSINESS CO-EDITOR.

The Faculty Wives Association of Paterson State College will hold a card party of Friday, March 22, 1968, at 8 p.m. in the Faculty Dining Room of the Food Service Building. All proceeds will be added to the Marion E. Shea Scholarship Fund. Mrs. Donald Duclos and Mrs. Richard Desmond are co-chairladies of the event.

There will be a General Meeting of the Women's Recreation Association on Tuesday, March 26, at 3:30 in Gym B. It is important for ALL W.R.A. members to attend. Topics of discussion will be the election of officers and the student's role in the W.R.A.

The SOCIAL SCIENCE SOCIETY has planned a Spring semester field trip to New England. During a four-day period the club plans to visit Mystic Seaport, Bedford Whaling Museum Plymouth Plantation, and Sturbridge Village. The trip is tentatively scheduled for May 1, 2, 3, and 4, and the entire cost is \$20.00.

The trip is not only open to Social Science majors, but to anyone else who is interested. If you would like to go please contact: Dr. Job, Charlene Steltman or Mark Stigliano and give them a \$1.00 deposit.

Faculties Oppose

(Continued from Page 1)

high and will prevent many capable students from entering college."

The report also charges that the policy "tends to cater to the intellectually elite" and "will seriously reduce the number of students admitted to college from lower socio-economic groups."

"It is regressive in that it means movement against the trend to broaden educational opportunity."

The policy change may deny admission to capable students previously enrolled in vocational high schools or programs, the report says. It may also deny admission to students with special talents and aptitudes, who fail to take a prescribed program, and who discover late in their high school careers that they have the ability and desire to go to college.

The report refutes widely published claims that the 1966 legislature intended the six state colleges to be "liberal arts" colleges. The actual wording of the legislation, the booklet reports, says the state colleges must provide "higher education in the liberal arts and sciences and various professional areas including the science of education and the art of teaching."

To end "confusion" about this point, the report recommends, the state colleges should be described as "multi-purpose" rather than "liberal arts" schools.

Prepared by the Association's Admissions Policies Committee and approved by its executive committee, the report contains 28 pages reviewing research studies, done over the past 30 years, on the effect high school courses have on later success in college. Most of the studies show little or no such relationship.

Director To Speak In Shea Auditorium

C.K. Alexander will speak on "American Theatre—Part Transitive" on Thursday, March 28, at 2:30 in Shea Auditorium. He contends that, contrary to most beliefs on this subject, there were many good plays written before Eugene O'Neil began publishing.

Mr. Alexander is the Artistic Director of the recently formed repertory company THE COMPANY OF TWELVE dedicated to demonstrating the pertinence of the American dramatic tradition to the current theatrical scene. He directed the group's first two productions: George Henry Boker's "Francesca da Rimini" and William Dean Howell's "The Campbells of Boston".

Composing THE COMPANY OF TWELVE are:

Coe Norton, trained at Carnegie Tech, was last seen on Broadway in "The Andersonville Trial".

David Piel trained for the theatre at N.Y.U. and the American Academy. His credits include several summer tours, a film, television commercials, and a number of industrial movies.

Edith Renaud, whose most recent New York stage appearance was at Carnegie Recital Hall in "Spoon River Anthology".

Fay Sappington, who made her professional debut on the West Coast, and whose Broadway credits include "The Yearling", "J.B.", and "Glad Tidings". Her television credits include most major network shows, most recently "The Nurses".

Deborah Steinberg has performed in the American Shakespeare Festival, New York Shakespeare Festival, and the McCarter Theatre at Princeton.

She has also performed in films and on television.

Janis Young, a winner of the Apell Award at Carnegie Tech, studied in London on a Fulbright scholarship.

Arthur Berwick appeared with the New York Shakespeare Festival in numerous productions and is famous for performances in the National Repertory Theatre.

Mel Boudrot has been active in theatre, films, and television.

Jeff David, who is a graduate of Carnegie Tech, and has New York credits that include "Phedre" and "The Butter and Egg Man".

Shirley Guy made her Off-Broadway debut in "Richard III" with Geroge C. Scott. She recently appeared at Cafe La Mama in her own play, "The Cycle".

Elizabeth Lawrence has been featured in Broadway and regional theatres. She is currently playing the chief menace on CBS-TV's "The Edge of Night".

Dino Narizzano made his Broadway debut in John Osborne's "Look Back In Anger". His film credits include "The Power and the Glory" with Lawrence Olivier. He recently directed the mixed media theatre piece "The Yanks Are Coming".

PSC To Sponsor

(Continued from Page 1)

winning schools. The events the students will be competing in include group discussion, debate, extemporaneous speaking, public speaking, poetry reading, oratorical interpretation, and dramatic as well as humorous interpretation.

In order to be eligible to compete, each high school participating in the festival is required to send two qualifying adults to act as judges.

The question to be considered in the group discussion is: What approaches to combating crime would best serve the people of the United States? The topic for debate is the national high school question: Resolved that Congress should establish uniform regulations to control criminal investigation procedures.

For the extemporaneous speaking, the topics discussed will be based on articles in TIME, NEWSWEEK, and similar periodicals. In the public speaking event, students will come prepared to deliver a five-minute speech on any appropriate topic prepared in advance.

WRA Sports Winningest Paterson State Team

The PSC Women's Varsity and JV basketball teams closed out their season with a dual win over Newark State Tuesday night. This brings the varsity record to a 12-1 season and the J.V. an 8-2 season. The only varsity loss was to a strong Glassboro team, while the J.V. losses were to Glassboro and Trenton.

The PSC defense was strong, employing a combination of zones and man-to-man. This year the offense improved greatly with the varsity shooting percentage varying from a high of 66 percent to a low of 21 per cent. The overall average was 36 percent. From the foul line, the team averaged 46 percent with a high of 62 percent. The JV averaged 35 percent from the floor with a high of 50 percent and 41 percent from the foul line with a high of 60 percent. High scorers for the varsity were Carol Alm and Kathy McCue and for the JV, Elso Harden and Pat Klarer. Others chipping in with good shooting were Cheryl Sisto, Julie Masone, Ruth McCory, Linda Rosser, Kathy Alm, Marie Lopa, Marguerite Citro, Carol Titus, Mary Ann Pieshala, Pixie Sampson, Linda Jenners, and Diane Casulli.

SENIORS MISSED

The six graduating seniors will be missed! They have led the way and have formed the nucleus for a continually developing team the past couple of years. Carol Alm is an exceptionally fine low post and inside player with good moves and a good bank shot. Many points have been scored on her rebounds.

Ruth McCory has had one of the hardest jobs as a rover. She is quick on defense, has guarded many outstanding opponents man-to-man and has a deadly outside shot. Louise Springer hauls down many important rebounds on defense, keeps the opponents out and leads the fast break with bullet passes. Carol Titus is a good playmaker with a lot of game sense. She has a good outside endline shot as well as the ability to help bolster the defense. Marie Lopa is accurate on foul shots and can feint and drive inside.

PROMISING JUNIORS

With the ability the Juniors possess they should continue the fine play and leadership next year. Cheryl Sisto, who captained the varsity this year, has a good outside jump shot. Julie Masone, a hard-working rover can handle the ball well and drive and shoot from anywhere on the court.

On defense and one of the best all-round players, is Marguerite Citro. With quick reflexes, excellent rebounding ability and good offensive know-how, she is a sure bet to be a key factor next year. Junior-Carol Erickson has played very sound defensive ball and is a real mainstay under the boards.

Although kept out of action by ankle injuries this season for much of the time, Mary Cusack, Mary Ann Pieshala and Gloria Gaffney have good potential for important outside shots. Diane Casulli has the strength to be a very strong set shooter, as well as being valuable on picks and screens.

Cheryl Tortoriello lacks game experience but is a good ball handler and is quick on defense. With more experience and concentration on shooting, she should be an asset to the team.

FINE SOPHS

The Sophomores have a fine group of players. Kathy Alm quite capably captained the J.V. team. She has the ability to drive as well as shoot from the outside.

Linda Rosser was invaluable as a defensive player, drawing many assignments to guard outstanding

opponents, as well as chipping in points when needed in both varsity and JV games. Carol May played exceptionally fine defense all year, pulling down rebounds, intercepting passes and generally disturbing the opponents' offense.

Pixie Sampson performed 100 percent of the time, on defense with quick hands and on offense by picking up needed points. She is a good player with game sense. Kathy McCue is a terrific scoring threat. A transfer from Marymount, Kathy has played CYO ball in New Jersey. She has the moves, the endurance, and the ability to sink a shot on or off balance from anywhere on the court. Linda Jenners is a much improved and capable rover. She can make a basket without looking and threatens her opponent all the way.

KLARER TOPS

Undoubtedly one of the best women basketball players to grace the PSC campus is freshman Pat Klarer. This gal can move the ball, execute jump and hook shots and outjump her tallest opponent. She is capable of scoring 35 points a game. Her tall frosh counterpart also capable of scoring 35 points, is Elsa Harden who has a beautiful, accurate set shot.

Zellner Takes Third In North Atlantic

By JOE SCOTT

ROCHESTER N.Y. — Jack Zellner finished third in the North Atlantic fencing championships foil competition as he posted a 12-4 record at Rochester Institute of Technology.

The only PSC man to make the finals, Zellner posted a 9-2 record in the preliminaries. He won three and lost two in the finals which put him in a tie for second place. He was placed in the third slot, however, on touches.

The Paterson captain had the same 3-2 record as Syracuse University's representative on the foil A strip but the opposition was touched fewer times than Zellner and thus allotted the number two spot.

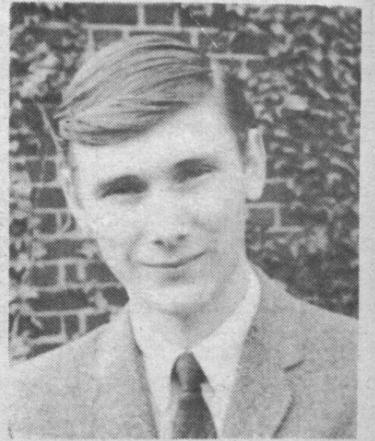

One of Zellner's wins came against Greg Bornace of NCE, last year's NAIA foil champ.

Paterson State sent a six-man team to Rochester composed of the black and orange's two best men in each weapon division. Fencing on the B strip in foil was Tom Di Cerbo. Tom Mayer on the A strip and Ed Heater on the B strip composed the sabre squad as Bob Moore, A, and Pete Wasek, B, fenced epee.

Zellner was the only Pioneer to post a winning record. Respectable showings were made by DiCerbo and Heater at 5-6 each. Heater's 5-6 was commendable considering his freshman status.

Newark College of Engineering took the overall team championship with 44 wins and 12 losses. Paterson State placed tenth out of 12 teams.

Other schools competing were Drew University, Syracuse University, University of Buffalo, Montclair State College, Rochester Institute of Technology, Cornell University,

JACK ZELLNER
Pioneer Ace

Saint Peter's College, Pace College, Johns Hopkins University, and Seton Hall University.

The swashbucklers underwent a grueling test of endurance as well as skill as the competition dragged from 9:30 a.m. to 6:15 p.m. without a break.

PSC's foil team placed third in overall competition, two bouts behind Saint Peter's and one bout behind Pace. The sabre team championship was shared by Drew and Montclair as Pace carried the epee division.

GOLF ANNOUNCEMENT

A golf meeting for the 1968 Pioneer Golf Team has been scheduled for Thursday at 3:30, by Coach William Myers. All candidates are requested to report in the outer lobby of the main gymnasium at this time.

Pioneer 9 Face 21-Game Sched.

By JOHN C. ALFIERI

The Paterson State baseball team, coached by Dr. James Lepanto, will commence its 1968 season in two weeks, March 30.

The team will play a 21 game schedule in thirty-five days. The schedule will include ten conference games and one double-header. The twin bill will be with Trenton State College on April 20.

The PSC sluggers finished with a 10-6-1 record last year, and Coach Lepanto, looking forward to this season, said, "The caliber of baseball is much better in this area. Our chances of repeating a 10-6 record are very good."

Lepanto said that the team itself has more depth than any other club he has seen.

In addition to the players returning from last year, there are quite a few freshmen. They are mostly pitchers and were starters for their high school teams.

Bert Butts, a pitcher-outfielder,

from Dumont High School batted an even .400 last year and was chosen for the All Bergen County High School Team. Eddy Popow, another pitcher, led Morris Nolls to the Iron Area Championship. He had an 8-2 record last year. Another freshman, Gene Niedzwicki, an outfielder, from Franklin high school will add power to the team.

Coach Lepanto had some comments about the returning players also. Jim Gash, centerfield, is best defensively. Art Kinnaugh, who was All League Second Baseman in his freshman year, batted .430 last year. Sal "Torre" Puzzo is the fastest in the league. Vin Carrusso led the team in RBI's last season with 14. Paul Bruno looks sharp behind the plate and is fully recovered from an injury suffered last year. Tom Dilly, who finished last season with a 2-2 record, will, along with the new freshman pitchers, carry the load all season.

"I chose N.J. Bell because it seemed like a good place to work and get ahead. I was right."

Lewis Speed

Business Representative, New Jersey Bell Telephone Company

Lewis Speed joined New Jersey Bell in 1965. He started as a coin box collector. The job wasn't easy, but he's the kind of guy who works hard. He knows it pays off. That's probably why he's completed three years of college and is still taking courses to finish up.

You may have read about Lewis Speed. He won the Bell System's Vail Medal for risking his life trying to save someone else. He's that kind of guy, too.

Lewis Speed was promoted after eighteen months. Now he's a Business Representative in the Newark area. In his new job he deals with the public, helping them with telephone service matters. He also visits local schools and teaches children how to use the telephone.

Lewis Speed enjoys his work.

We need more men like Lewis Speed at New Jersey Bell. Everyone does.

New Jersey Bell
An Equal Opportunity Employer
