April 20, 1971

Rock group McKendree Spring and the Buddy Miles Band will perform in Shea Auditorium on Sunday, April 25 for two performances at 8:00 p.m. and 11:00 p.m.

Spring, Miles To Perform This Sunday at WPC

A two part rock concert sponsored by the SGA Assembly Committee will be held Sunday, April 25 at 8 and 11 p.m. in the Shea Center for Performing Arts featuring Buddy Miles and McKendree Spring.

The Buddy Miles Band includes Andre Lewis, clarinet and organ; Marlo Henderson, guitar; Lee Allen, trumpet; Phil Wood, flugelhorn; Mark Williams, tenor saxophone; Bob Hogins, trombone and electric piano; Charlie Karp, lead guitar, and Dave Hull, bass.

Miles' most recent recording is "Them Changes," made last spring. Since then, the group has been playing in Los Angeles, New York, New Orleans, and Boston.

Formerly with Mike Bloomfield's Electric Flag, Miles has also played with Jimi Hendrix and Wilson Pickett.

The McKendree Spring group includes Fran McKendree, lead singer; Marty Slutsky, lead guitar; Larry Tucker, bass; and Mike Dreyfuss, violin.

The group plays a blend of rock, folk, country and classical music and have recorded "Second Thoughts" with Decca Records. They have performed in Carnegie Hall, New York's Fillmore East, and a number of colleges.

Advanced reserved seats are \$3.00 for the public and \$2.00 for William Paterson students and can

be purchased at the Student Activities Office in the College Center. Tickets purchased at the door will be 50 cents higher in each category.

Camp Hope Asks

For Old Bikes

An appeal has gone out from Camp Hope, Passaic County's children's camp, for old or broken bicycles which can be used for the camp's new cycling program.

Several students at William Paterson College are spreading word of appeal among area residents who might be interested in donating an unused bike to the camp, which will begin its 33rd season in June.

The camp handles about 800 children during the summer. The campers, who are from 6 to 12 years old, sleep in cabins and engage in such activities as swimming, arts and crafts, nature study, boating, fishing, and athletics. They generally remain at the camp from 14 to 16 days.

Those interested in donating a bicycle, or other items such as scraps of leather and other material, crayons, paint sets and old tires may call 728-8166 between 10 a.m. and 4 p.m. and 478-3474 after 8:30 p.m.

Primary Elections Climax First Week of Campaigns

Preliminary campaigns for Student Government Association and class officers will climax this week with a primary election on Thursday, April 22. The primary election is required according to

Eason Selected Head Coach For Football Team

Arthur Eason has been appointed head coach of the William Paterson College football team for the 1971 season.

Mr. Eason, former backfield coach and assistant for Paterson Eastside High School, will be heading a squad that finished 9-2 in its first season last year and was ranked fourth nationally among club football teams. Among last year's victims were Army's B team and St. John's, a national power in club football.

Eason joined the College staff for the 1970-71 year as assistant director of financial aid. He coached at Eastside from 1965-69.

He played high school football at Eastside where he was voted Most Valuable Player and became an All-Conference back in his senior year. He ran track and played football at Montclair State and was a member of Coach Jerry Edwards' undefeated 1960 squad.

The new William Paterson coach has been serving as coach of the National Youth Games track team and a member of the Passaic County Coaches Association and the Passaic County Officials Association. In non-athletic activities, he is a member of the Board of Directors of the Paterson Task Force and Neighborhood House in Paterson.

The appointment was made by the WPC Student Government Association on the recommendation of the Football Club.

the SGA Constitution when more than two candidates are seeking the same office.

The race for SGA President is emerging as the most interesting with seven declared candidates seeking that position. The candidates for SGA President who must face the voters in Thursday's primary are Lorenzo Butler, Al Harris, Chuck Murphy, Angelo Putnignano, Chuck Sedar, Bob Sniffin, and Lou Valenti.

Edward Mosley, a junior Psychology major, is the only candidate for SGA Vice President; and Laura Strother and Patricia Mulqueen are the only declared candidates for co-treasurers.

All full time day students are eligible to vote in the primary elections which will be held in the

Octagonal Room in the College Center. The polls will be open from 8:00 a.m. to 4:45 p.m.

According to Miss Ruth Strother, SGA Elections

Civil Rights Priest To Lecture Tonight

Father James Groppi, militant civil rights priest, will lecture tonight (April 20) at 8:00 p.m. in the Marion E. Shea Center for Performing Arts. The program is being sponsored by the SGA Cultural Affairs Committee, and admission for WPC students is 50 cents.

Father Groppi, a graduate of St. Lawrence and St. Francis Seminaries in Wisconsin, has long been an outspoken proponent and participant in demonstrations for fair housing, welfare increases and equality for both black and white poor people.

He participated in the 1963 Civil Rights March on Washington, the Selma-Montgomery March in 1965, and the Poor People's Campaign in 1968.

In 1965, he became an advisor to the Milwaukee NAACP Youth Council. During this same year he became vice-chairman of the

Milwaukee United School Integration Committee and was twice arrested in connection with school issues.

With the Milwaukee Youth Council, he led a protest against

FATHER JAMES GROPPI

BOUND PERIODICAL

SGA and Class Candidate

Junior Class President

VINCE MAZZOLA

Members of the Sophomore Class: I am a candidate for Junior Class President, and I believe that I am a qualified candidate for the job. I have been involved in the following activities during the past year: SGA Representative, Sophomore Class; **State Beacon** staff; Vice President, Veterans' Association; Faculty Evaluation; Psychology Department Reorganization Committee; Carl Salamensky Fund; and Psychology Club Member.

In the past, the Sophomore Class has lacked the leadership and organization. I will make our Junior year a working year, establishing unity and communication within the class, and insuring that the elected officers truly represent the Junior Class.

I also hope to complete the following objectives: establish an activity period; posted hours for class officers; mandatory Faculty-Advisors' Workshop; abolition of the current Withdrawn-Passing (WP) and Withdrawn-Failing (WF) grades to a Withdrawn grade. (Presently, the WF adversely affects the students' cumulative average.); seek credits for activity work; create a better communication between Junior Class officers and SGA; establish a Suggestion and Complaint System; and create a more active social life for the Junior Class.

My primary concern is to drag the Sophomore Class from its knees and create a Junior Class that is representative of its members and will excell as a leadership organization on campus.

Vice President

RUSSELL MUTER

Members of the Sophomore Class: As a candidate for Vice President of the Class of 1973, I feel that my background and interest in class activities is evidence of my desire to serve you. During the past year, I have been involved in the following class and college activities: SGA Representative, Sophomore Class; Freshman Welcoming Dance; Coronation Ball Planning Committee; and Campus Queen Election Publicity.

This year, the leadership has been lacking the ability to serve the class. The President did not initiate and did not carry through the scheduled events of the Sophomore Class. The Freshman Welcoming Dance normally held at the beginning of the fall semester was not held until October 16, because of a lack of

BILL MURPHY

Members of the Sophomore Class: There are many standards for judging the worthiness of a candidate. We can judge him by his personal appeal, his good looks, his charm, his good humor, or we can judge him by his conscientiousness, the work he has done thus far and his willingness to seek new opportunities to serve.

It would seem that to vote for a person because his personality traits are appealing would not necessarily result in picking the person who is most competent for office; rather using past service as a standard of evaluation affords us a more reliable alternative.

I am a candidate for Junior Class President and feel that my past services to the college community are evidence of my worthiness as a candidate.

I have served as: SGA Representative, Sophomore Class; Chairman, Constitution Committee; Chairman, Club Football Ticket Committee; Co-Treasurer, Club Football; Review Committee, Elementary Education and Early Childhood Department; Presidential Task Force on Equal Representation; Chairman, Ticket Committee, Cultural Affairs Committee; Coronation Ball Committee; Freshman Welcome Dance; Carnival Committee; Pioneer Yearbook staff; Elections Committee; SGA Scholarship Fund Committee; and Newman House.

It is on the basis of these activities that I see further opportunities for service and seek your support of my candidacy.

initiative on the part of the President. The incompleteness of the Coronation Ball was also due to his inability to lead committees. There were no programs and the seating arrangements were changed. The well-kept secret of the winner of the Campus Queen was disclosed to certain people in advance of the proper moment.

A more recent example of our President's inability is "I don't have to talk about that in public!" pertaining to a Sophomore Class Executive Board meeting that was never held, but at which decisions were made concerning the Sophomore Class Picnic.

If I am elected, class activities will be run complete, on schedule, and with the consent of the class, as I have helped to make whatever success there has been this year in our activities.

SGA

Treasurer

PATRICIA MULQUEEN LAURA STROTHER

Members of the Student Body:

In accordance with the affirmative vote on April 7 concerning co-treasurers, there are two candidates who are willing to fulfill the obligations of that office and to work together.

Separately, they have seen the SGA from the finance committee, executive board, and general council. Together, they will be able to pool their past experiences and help the SGA treasury to function effectively for the student body.

We are those candidates and we are willing to take the responsibilities of co-treasurers if you are willing to give us your support.

Treasurer

KEN CHAMBERLAIN

Members of the Sophomore Class:

Being concerned in the welfare of my class as a present Representative, I wish to further my interest by actively participating as Junior Class Treasurer. My qualifications are my knowledge of general finances, willingness to work with the class as an entire body, and the time that I have to devote to the office.

I won't relate to you a lot of built up statements that probably don't mean much to you. I care enough to want to be Treasurer and hope that you care for your class and cast your vote for me.

CHUCK MURPHY

Members of the Student Body:

I am a candidate for SGA President. I seek an office which would have been radically changed under the recently written Constitution.

We have seen proof that this office is too large, too responsible for one man. I believe that there are far too many powers and responsibilities placed on the President, some of which ought to be removed; and which I propose to reassign.

A period of great initiative is before us, both as students and as a political force within the local and statewide community. It is the duty of the President to exercise these initiatives, and this is the task for which he must be free.

We have many needs, some more immediate than others. In considering these needs, I make the following proposals: establish student-owned and operated Food Services Facilities; formation of a statewide SGA; board of overseers for SGA spending agencies; and appointment of a Task Force to work for economic autonomy for the SGA.

I propose, in short, that student power become an effective reality, that through strong political action we demand from this state resources sufficient to make this a first rate University. I propose that we make student power the moving force in college and statewide politics - Elect Chuck Murphy SGA President.

ANGELO PUTIGNANO

Members of the Student Body:

The following is the platform that Angelo Putignano delineates in his quest for SGA President: Education - relevant education, not vocational training; serving community needs, not business interests; Student power, not tokenism - grade option; students choice of better grade; pass and fail; co-operative bookstore and cafeteria; Womens' Liberation - free day care centers on campus; free birth control pills and abortion counseling; womens' study program; and Black and Third World - support black studies and third world studies.

If the above positions seem unplausible, it is because the SGA presently has token power. I will contend with the administration to bring more student control in shaping their education. This institution was conceived to serve the needs of the campus community. When students are not informed in which direction the college is being oriented, they are not being served. There are many students who are not cognizant of "closed hearings" that have bearings upon their lives. I believe present administration policies should be reviewed by a board of equally represented. I will devote my efforts to make our college into a meaningful educational community, rather than a "bureaucratic orientated factory."

If you want change - If you are tired of being given the IBM card treatment, vote for Angelo for SGA President.

Wayne

Present Their Platforms

Student Body President

CHUCK SEDAR

Members of the Student Body:
I am a candidate for SGA President; and I offer the following activities as proof of my services to the students and the college community: President, Class of 1972, (1969-70); President, WPC Athletic Association; Ride Chairman, Carnival Committee; President's Task Force on Racial Relations; Member, Faculty Senate; Constitution Revision Committee; Freshman Orientation; Pioneer Yearbook staff; House Committee; **State Beacon** staff; Chairman, Coronation Ball; and Ring Committee.

During the past two years, and especially this year, the SGA and all students in general have made great strides toward gaining a voice in college policies. The student body has also gained the right to determine their academic lives. I would strive to further these gains and create new goals.

The equal representation and new curriculum are examples of these points. I feel that it is imperative that the SGA President for the next year understand that these gains must be properly implemented. The faculty and administration now realize that the student voice is responsible. We must work hard to keep this confidence.

The implementation of these policies also allows the student body to go to the SGA for aid whenever there is a need of any type. The SGA must be more responsive to the students at large. I will carry the "new look" of the SGA a few steps further. As SGA President, I would be more responsive to students. My office would be open to anyone at all times.

BOB SNIFFIN

Members of the Student Body:
The person who emerges from the student vote as the next SGA President will bear a heavy responsibility due to the many changes this campus is in the process of undergoing; and he will have to be as extremely qualified as he is concerned. The following activities have given me a great deal of experience concerning some of these up and coming changes: Student Representative, Geography Department; Promotion and Tenure Committee; Behavioral Science Curriculum Committee; SGA Representative, Junior Class; Promotion Committee, Education Department; Ricky Hummel Blood Drive; Salamensky Fund; President, Veterans' Association; and Faculty Evaluation.

I would attempt to bring about the following changes: establish a bi-monthly newsletter to disseminate information regarding what is happening on campus; regular office hours for key SGA personnel; bring back the activity period; activity fee for evening students equal to that of full time students; faculty members should be financially penalized for not showing up for their advisement hours; optional final exams for seniors; eliminate withdrawn passing and withdrawn failing grades; establish a tutorial program for students; a completely revised practicum program for education majors; and intense co-ordination between the SGA and the class officers.

I can not guarantee that I will be able to institute each and every one of the preceding proposals to its fullest potential; but everyone who knows me is assured that I will never stop trying to get them established!

SGA

Vice President

EDWARD MOSLEY

Members of the Student Body:
I am a candidate for the office of Vice President of the Student Government Association. I believe that I am a qualified candidate for the job, and I offer as proof of my total involvement in the college community the following activities: Chairman, SGA Cultural Affairs Committee; SGA Assembly Committee; SGA House Committee; Special Events Editor, Pioneer Yearbook '72; Treasurer, Psychology Club; Representative, Governor Cahill's Student Liason Committee; SGA Finance Committee; College Promotion Committee; E.O.P. Advisory Board; Carnival Publicity Committee; and Scribe, Psi Kappa Nu Fraternity.

As SGA Vice President, I would strive toward the following objectives: to orient the incoming freshman class to the changes from high school to college; to assist the SGA President in every way possible; to serve on committees that are important to the SGA; to initiate a program to increase the library hours for all students; to initiate a program for information services to all students; to help incoming freshmen with elections for class officers; to initiate a program to have the SGA President impeached if he is either lackadaisical or incompetent; and to help make the SGA a unified body of students working for the students.

Only those candidates who accepted the **Beacon's** offer to submit platforms appear on these pages.

Sophomore Class

President

BILL WASHINGTON

Members of the Freshman Class:
What can you say about an 18 year old boy who promised to pave the road to the Freshman lot? That was honest and sincere? That he loved "Thunderpussy" and the Freshman Class and reliable representatives and Bruce James? What can you say? You can say that he: supported and helped collect money for the Carl Salamensky Fund; sponsored two dances; sponsored a concert; sponsored a picnic; worked on the orientation committee for the incoming freshmen; supported the Twirlers; and helped on the

Vice President

MIKE BRYAN

Members of the Freshman Class:
Mike Bryan is a candidate for the office of Vice President of the Sophomore Class. He has the support of both Presidential candidates. He has kept all the promises he made to the class of '74 last year! This year, he promises not to make any promises. What more can you ask? What more can we say?

Cultural Affairs Committee.

Bill Washington: He's done a lot. He'll do more!

Senior Class Vice President

WES RUHRIG

Members of the Junior Class:
I am a candidate for Senior Class Vice President, and I believe that I am a qualified candidate for the job. I have been involved in the following activities: Audio-Visual Study Group; Ricky Hummel Blood Drive; Carl Salamensky Fund; Committee Co-ordinator, Veterans' Association; and Youth Work at Paterson Boys' Club.

If elected, I hope to promote the following objectives for the Senior Class: to try and bring a more personal touch to graduation proceedings; to change the Senior Ball with its high school overtones to a less formal Senior Dinner-Dance; to work

with the SGA and the Registrar in working out a useful activity period type of program (scheduling class and club activities during the time when most people are on campus and when the most people have open periods); to attract greater attention to our campus by the use of the area news media. We need coverage on our useful and sane activities — we seem to draw enough on the unruly ones; to inform the Senior Class of events which concern them by use of the **Beacon**. I propose that the Senior Class officers submit on a weekly or monthly basis articles to that effect; and in general, try to promote greater school and class activity.
